The preparations for the dance were almost as much fun as the dance itself. Some of us who stay at home are going to start a rental store. Earrings, lipsticks, and other things. Everyone looked very nice in each other's evening dresses. Some of them fitted the borrower better than the loaner.

Last night we [illegible] dang jim and Mac [illegible] wife in front of Sanders [illegible] procession started [illegible] hall, and came down [illegible] bride wore a white [illegible] groom his working clothes [illegible] signal was sunk by Sue [illegible] "I Love You Truly" was [illegible] Talented Walt (Snuffy [illegible] howled it.) Dot Wilson [illegible] snow (torn up paper) [illegible] newlyweds spent their honeymoon [illegible] porch of Sanders until Sue [illegible] mony was performed by the [illegible] erend Red Merrill.

We hear that the bride's [illegible] success too. Two or three [illegible] their fearful way to Sanders [illegible] see if they could scare [illegible] to go up to dance with the [illegible] ber of boys. It's a lie. I've [illegible] seen no such ever [illegible] call for such an act. But [illegible] I had been there that night [illegible] have gone.

Three lonely Sanders [illegible] walking down the street [illegible] one lonely cadet walking [illegible] waved, he waved, they waved [illegible] he slowed down. What [illegible] of them got a date with [illegible] next hour, but the poor [illegible] brave as they thought [illegible] couldn't have seen him [illegible] had too many other dates. [illegible] who around here, anyway.

Our honorable seniors have [illegible] their exit from our dorm. [illegible] returned with their belongings [illegible] country home. Anyone wanting [illegible] their phone number (short [illegible] once) will get it by calling [illegible] we aren't home just ask [illegible] will be sure to give it to [illegible] sister, *Mrs.*, mind you, [illegible] week. My but they grow [illegible] down Julie's way. It's a [illegible] from.

Inez's sister was here also [illegible] we had better start another [illegible] the sisters of the inmates of Sanders Hall. My sis is coming [illegible] is going to bring a man and [illegible] husband.

We have noticed that at mail [illegible] there have been quite a few [illegible] letters addressed to Miss [illegible] come from right here in Burlington. [illegible] poor boy can't see enough [illegible] has to write her. We think [illegible] darn good idea. There are [illegible] just like Suzy that don't get [illegible] so if there are any other [illegible] letters or who like to write [illegible] sit down and send them to the [illegible] Sand Fleas and we'll see [illegible] given out to the right girls.

Well until we get our [illegible] yours unfaithfully, Sanders [illegible] No. 2 and one half, scratching [illegible] well for now. Bye.

Sixteen outstanding freshmen [illegible] University recently received [illegible] and Benjamin Ide Wheeler [illegible]

Final exams only one month off. Come on! Get on the ball now and pass with flying colors then.

Dean Campbell Believes Education Will Solve American Negro Problem

(Concluded from page 1)

...ables in the Waterman Din... Dean was also entertained ... of the faculty. Through ... I'm sure that Dean Camp... to obtain a cross section ... opinion on the Negro problem. ...ough not indicative of every ... be considered a criterion of ... Last spring Vermont ... a chance to express their ... post-war questions, when this ... participated in the nation-wide ... College Opinion Poll; though ... not claim to speak for all stu... America, their opinions may be ... as a fair cross-section, since ... came from 63 colleges well ... geographically throughout the ...

Among the questions on "Race Relations and the War" was the following: "To implement the Four Freedoms all over the world should Americans be taking steps to end Negro discrimination in the United States?" Nearly three-quarters (73.6 percent), of the students said Yes. discriminations against Negroes should be stopped.

It is true that we are only giving lip service to democracy in our present attitude toward the Negro in parts of our country. Jefferson once said: "Indeed I tremble for my country when I reflect that God is just." God is just, but He didn't make the world in a day, and neither can a problem, as deep rooted and imbued in the minds of Americans, be solved in years, not even in a generation.

Dean Campbell made three appearances before the University as a whole. He spoke at convocation in the Ira Allen Chapel at 8 p.m. on Tuesday evening. He spoke again in the Chapel on Wednesday at noon, and on Thursday evening, at 8 p.m., the Negro educator led a forum in Room 265 in the Waterman.

When Dean Campbell arose to address the Chapel gathering, the audience noticed a lean, spectacled man of medium height, who surprisingly enough looked as young as to be taken for one of the students. Slightly uneasy at first, Dean Campbell proved to be a capable speaker, who held his audience through the dynamic appeal of his topic. His quiet, well-modulated voice was never the medium of whipping the audience into a frenzy, although the intricacies of his topic well permitted doing so.

In the world in which we live there are only two proven methods of changing the cycle of a given pattern. They are education and the sword. Dean Campbell as a Minister of the Gospel, and as an American believes that the only solution for this problem of animosity against the Negro is education. This is a long and tedious process which will not be completed in his life time or ours. Already in Austin, Texas, there are weekly meetings of Negro and White students from the University of Texas and Dean Campbell's Tillston College. At first only a few students attended these meetings. Each group was suspicious of the other and segregated itself in a corner of the room. Today, after several years of consistent meetings there is no fear or suspicion. Both, White and Negro mingle freely with each other, and the little group, which now numbers 24, has started the long climb upward. The way, however, is long and hard, for the surface has just been scratched.

Dean Campbell, in the course of his work, has traveled the length of this country, and his experiences are many and varied. Once while passing through a mid western town, in which it was evident that a Negro had not made an appearance in twenty or so years, he was invited to spend the evening at one of the homes. There was a little fellow there, not more than five or six. At first he just stared at Dean Campbell as if he were a creature from another world. Finally, curiosity overcoming his timidity at seeing this strange creature, he walked over and rubbed his finger against the Dean's hand, and then against his own.

In the bus terminal at Rutland, Vermont, a little chap climbed upon Dean Campbell's knee. After sitting there a while the little fellow noticed that this man was of different color. His childish mind struggled to solve this problem, and finally he said, "I know, your face is dirty."

Incidents are occurring every day, and the Negro is not used so unmercifully wholly because he is black but because he is a minority, and somebody has to be the scapegoat.

Today, amid the turmoil of an angry world, suffering mankind of all ages, all creeds, all nationalities, arise with a prayer on silent lips in burning eyes... FREEDOM — HUMAN KINDNESS While the boiling caldron seeths and pops in Detroit and New York, while Negro troops ride "Jim Crow" cars in Georgia, while in Texas the Negro soldiers stand in the rain for the bus, and the White soldier stands in the terminal, dry, while White and Black, both in khaki stab each other, the D. S. C. is awarded to Negro mess-mate Dory Mates for conspicuous bravery at "Pearl Harbor", the Germans call our Negro soldiers the best they have met in the war; the War Department praise the Negro ammunition carriers and fighter pilots for excellence in the Tunisian campaign. They are all fighting for the same thing — FREEDOM — HUMAN KINDNESS Is that freedom, or hate and bigotry? Yes, they are burning in the night, for these are the times that try men's souls.

Furlough Rewards Exam-Weary Medics

Three-hour Exams Unite Them at Sugar House

The medical students have returned to classes again after a long and much needed furlough which followed the close of the second semester. Most of the men (and women) have been spending their time recuperating from the gruelling exam period which preceded this vacation. It was a haggard and worn group which trouped out of that venerable edifice which occupies (and has been occupying for a number of years) the upper corner of Pearl and North Prospect Streets. It was a haggard and worn group which trouped to 7.45 formation Monday morning thoroughly refreshed and eager to return to the pursuit of their chosen studies.

The mid-year exam period commenced on the second of August for all classes excepting the seniors who apparently are above such baser things as mere exams — it wasn't until the twelfth of August that the juniors finally gave up the ghost and took time off—from current stories, the juniors take so many exams that they don't know which exam is which until the results are returned—the sophomores completed the affair in much better time finishing two days ahead of their upperclass rivals—but the freshmen, apparently potentially the brightest class in the history of U. V. M. Medical School, came through with flying colors in but four days.

These exams which are three hours in length, are the most difficult portion of an already difficult schedule. They include oral, written, and practical exams covering every phase of the medic's work. Many a barrel of the midnight oil and many a gallon of the dark mocha has been consumed in the process of absorbing the knowledge necessary to cure the ill and pacify the hypochondriac and, incidentally, to please the medical faculty. The impression gathered from your reporter's informant was that those little incidents which the academic faculty is so presumptious as to term "exams" are, to use the common vernacular, simply kid stuff. so you who are preparing to be bearer of the coveted caduceus had better get on the time honored ball and not wait to be struck down by what is to come in the future.

Fein Points

(Concluded from page 4)

are counselors at a Girl Scout camp at Bear Mountain, N. Y.

We're really anxious to give you news of our service men, but none supplies it. Please, kids, write and tell me what's doing. Oh, how peaceful and quiet U. V. M. is now that the summer school is over; we'll miss some of the old and young faces and ideas in classes, and the noise in the house. So long for now.

Women In Shorts . . .

The W. A. A. program this summer has been pushed somewhat into the background by the crowded academic and social program. Yet a few faithfuls have been turning out for the meetings and enjoying themselves hugely at hard play the easiest way to relax tired minds. The proposed Group and Golf contests, with the usual adding-up of points to determine which side treats the proponents of the other sides to dinner are warming the ...ecipients' sick of interest. Those who come once like it and come again, but the tough job is to get them out the first time.

The Friday afternoon demolition of the dormitory SOFTBALL team by the Physics Instructors is becoming a weekly occurrence. The dorm girls need backers and possibly a few more players. The P.I.'s, Eisman, Fake, Perkins, and Thornton, are willing to challenge all comers. They could use a few outfielders themselves if there are any non-dorm girls interested. Complete teams are also welcome.

The club meets out behind the Weather Bureau Friday at 4 p.m., Betty Mansfield '46 is manager. W. A. A. credit for those attending.

Late communique from the softball diamond . . . The Green and Gold tournament, planned a few weeks ago, is still possible, provided some more staunch upholders of the Colors will appear on the scene Friday at 4 o'clock. The games are really quite amateurish, so don't worry about being conspicuous. All out!!

The TENNIS Club tournament is progressing as well as can be expected, what with all this rainy weather. There are still many preliminary matches to be played off, but we're looking for a little more cooperation on the part of the weather man. Barbara Morgan '47 is manager of the club, which meets at the women's courts Thursday at 4 p.m.

After a few weeks of trying to get in a little BASKETBALL practice in the courts behind the Old Mill, the basketeers, under Connie Garvin '45, have decided to discontinue the exhibitions. The Air Corps extra drill classes will have to carry on without the free floor show, we're afraid.

"We were there, but where were you?" The SWIMMING Club seems to have a bit of trouble getting together at North Beach, but in theory at least the club meets on Saturday at 3 p.m. in front of the bath house at North Beach. Ruth Millington '47 is the manager. Here, too, a Green and Gold meet is planned.

That's all the news on the women's sports front for now. Let's start these tournament trolling. Get in touch with the sports managers if you are at all interested in entering competition.

"Hot Pilots" Leave

(Concluded from page 3)

To Lieutenant Brossman, we leave numerous things, which, if we can clarify ourselves to him, would include one sparkling cigarette case, one application for Air-Crew service, one pair hands on hips, and a beguiling smile for use on anyone, preferably female, who is handy.

To Lieutenant Dixon, we leave nothing, for we realize too well that he must know when he is well rid of a bad thing.

To Lieutenant McClain we leave some muttered curses for the prevailing mail system, several praises for his ingenious system of selecting "volunteers" for choral singing, and something else which we won't mention since it would only be censored anyway.

To Lieutenant Giaimo we leave the mess hall the mess hall, and the mess hall.

To Lieutenant Dickens we leave our regrets that we have seen so little of him.

To the mail non-coms, we leave a few extra grumps should they run out of their own this time.

To Sergeant Richardson we leave the Army truck, a hearty hand-shake, and our best wishes.

To anyone who is interested, we leave our thanks for all Burlington has given us.

Signed in the presence of one dilapidated L. C. Smith typewriter:

Your CYNIC *Reporter,*
ACES TONGUE JOHNSTEAD.

President Millis Announces New Departmental Chairman at U. V. M.

The announcement of the appointments of the departmental chairmen at the University for the year 1943-44 was announced last week.

In the College of Arts and Sciences the department chairmen are as follows: The Chairman of the Chemistry Department is Professor R. C. Newton. Professor Newton received his B.A. from Wesleyan University in 1934, his M.A. from the same school in 1935, and his Ph.D. from Princeton in 1939. Chairman of the Classical Department is Professor L. M. Prindle. Professor Prindle received his A.B. from Vermont in 1915, his A.M. from Harvard in '16, and his Ph.D. from the same school in '23. Chairman of the Economics Department is Professor G. G. Grant. He received his A.B. from Syracuse in '95, Ph.B. from New York State Teachers College in '97, A.M. from Cornell in '02, and Ph.D. from Columbia in '05. Professor Grant will retire next year. Professor B. C. Douglass is the chairman of the Education Department. He received his Ph.B. from Vermont in '08, M.A. from Columbia in '20 and his Ph.D. from the same school in '24. Chairman of the English Department is Professor W. B. Pope. Professor Pope received his A.B. from Hamilton in '25, A.M. from Harvard in '26, and his Ph.D. in '32 from the same school. Chairman of the Geology Department is Professor E. C. Jacobs. He received his B.S. from the Mass. Institute of Technology in '96, and his M.A. from Columbia in '13. Chairman of the German Department is Professor F. D. Carpenter. He received his A.B. from Trinity in '10, his M.A. '15 at Yale, and his Ph.D. at the same school in '18. The Chairman of the Department of Mathematics is the Dean of the College of Arts and Sciences, Elijah Swift. Dean Swift received his A.B. from Harvard in 1903, his M.A. from the same institution one year later, and his Ph.D. from Gottingen in '07. Professor P. D. Evans is the Chairman of the History Department. Professor Evans received his A.B. in '13, A.M. in '14, and Ph.D. in '23 all from Cornell. The Chairman of the Music Department is Professor H. G. Bennett. Professor Bennett received his A.B. from Harvard in '17, and his A.M. from the same institution in '24. Chairman of the Philosophy Department is Professor A. R. Gifford. Professor Gifford received his A.B. from Wesleyan in '04, and his M.A. from Yale in '07. Chairman of the Physics Department is Professor N. L. Walbridge. He received his B.S. from Vermont in '24, his M.S. in '26 from the same institution and his Ph.D. from Chicago University in '42. The Chairman of the Political Science Department is Professor D. B. Carroll. He received his A.B. from Illinois in '15 and his Ph.D. from Wisconsin in '30. Professor J. H. Metcalf is the Chairman of the Psychology Department. Professor Metcalf received his A.B. in '10, M.A. in '11, and Ph.D. in '13 all from Yale. Chairman of the Department of Romance Languages is Professor A. B. Myrick. He received his A.B. in '00, A.M. '01, and Ph.D. '04, all from Harvard. Chairman of the Zoology Department is Professor H. F. Perkins. Professor Perkins received his A.B. from Vermont in '98, and his Ph.D. from Johns Hopkins in '02. In the Mathematical Department, Professor P. A. Fraleigh was named Vice-Chairman. Professor Fraleigh received his A.B. in '17, M.A. '18, and Ph.D. in '27, all from Cornell. In the Zoology Department Professor P. A. Moody was named Vice-Chairman. Professor Moody received his A.B. from Morningside in '24, and his Ph.D. from Michigan in '27.

The following were named Departmental Chairmen in the School of Engineering: [illegible]. Chairman of the Civil Engineering Department Prof. L. P. Morey was named. Chairman of the Electrical Engineering Department. Prof. J. A. Bullard was named Chairman of the Mathematical Department and Prof. P. G. Chapman was named Chairman of the Mechanical Engineering Department.

In the College of Agriculture the following were named Department Chairmen. Prof. P. R. Miller, Agronomy. Prof. W. H. Martin, Agricultural Education. Prof. H. B. Ellenberger, Animal and Dairy Husbandry. Prof. G. P. Burns, Botany. Professor Burns will retire next year. Prof. Eleanor M. King, Home Economics. Prof. C. H. Blasberg, Acting Chairman of Horticulture. No Chairman was named for Agricultural Economics. Prof. J. W. Marvin was named Vice-Chairman of the Botany Department.

Prof. A. F. Pike and Miss Eleanor S. Cummings were named Physical Education Chairman and Chairwoman, for men and women respectively.

The College of Medicine named the following as chairmen: Dr. C. A. Newhall, Anatomy. Dr. W. E. James, Bacteriology and Clinical Pathology. Dr. K. L. Amsden, Medicine. Dr. A. G. Markay, Surgery. Dr. H. A. Durfee, Obstetrics and Gynecology. Dr. F. G. Twitchell, Ophthalmology. Dr. E. H. Rattles, Pathology. Dr. Goodman, Pharmacology and Physiology. Dr. H. B. Pierce, Physiological Chemistry.

Book Reviews

Several new books have been added to the Book Store collection. Five new works of fiction and four non-fiction books are included.

The fiction:

"Experiment Perilous"
By MARGARET CARPENTER

is crammed with suspense and excitement, as well as an especially revolting murder.

"The Windmill Circle"
By JENNINGS RICE

deals with a small town where it was socially important to be the proud possessor of a windmill; not as ridiculous as it first sounds, since the windmills were heirlooms of a day when only the more important citizens had been able to afford windmills, and thus have a water supply.

"The Ship"
By C. S. FORESTER

is the story of a ship, the Artemis, and its crew, a battle with the Italian fleet is the main theme of the tale.

"The Shining Trail"
By IOLA FULLER

is a story about the Sauk Indians, and especially Black Hawk, a brave in that tribe.

"Trio"
By DOROTHY BAKER

is, of course, a "triangle" story, but in this book nobody wins!

The non fiction, all war books:

"Thirty Seconds Over Tokyo"
By CAPT. TED W. LAWSON

is an account of the bombing of Tokyo, written by one of the pilots who participated in the raid, and whose plane later crashed on the Chinese coast.

"Moscow Dateline, 1941-43"
By HENRY C. CASSIDY

is the record of the author's two years in Russia, and the effect of the war on the people who live in Moscow and Kuibyshev. Details of Winston Churchill's and Wendell Willkie's Russian trips are given.

"Mercy in Hell"
By ANDREW GRAY

tells the story of the American Field Service, and the work of the volunteer ambulance drivers in North Africa.

"Queens Die Proudly"
By W. J. WHITE

is the record of the 19th Bombardment group in the South Pacific; no group has so many honors and ribbons as this one has.

UNDERCLASSMEN The campus is in all its glory now and just perfect for taking pictures. Get your cameras out and get some shots to enter into the big *Ariel* photography contest to be held next fall. Make them informal, funny, serious, or just plain beautiful, but make them *Ariel* material.

Sergeant Sorenson Cuts Up Italy . . .

"If You Want Italy Come and Get It"

(Concluded from page 1)

Mussolini has been replaced by a brass hat general who like all of his tribe does not realize what is best for him.

Warning I represent the great power of a Democracy. We can fight without wings, but with ten potential hours of Physics, Mathematics, History, and English.

I HEREBY DEMAND that the Italian fleet be brought before me without delay.

I decree that Italy be divided into equal parts and be distributed to the good people present here.

I further decree that before the division takes place a grand march shall celebrate our [illegible] victory.

Another fanfare sounded and when the band came [illegible] Right in De Fuehrer's face all eyes were turned to the far end of the room—through the [illegible] was being borne another platter a huge white cake in the shape of the Italian boot and labeled with Italian cities. It was brought slowly up through the center aisle and placed on a table before the Sergeant. The band broke into a medley of service songs, and a Grand March followed to end in the formation of a V. After the group had joined in singing "Over There," the Sergeant gave the word, "If you want a piece of Italy, come and get it!" and with that the couples gathered around. Italy was cut into bits.

Punch was served by Ruth Millington and Georgia Kafalas. Garlands of green ferns hung in V's in alternating windows for decorations, and large bouquets of fresh garden flowers were placed on every other window sill. Ruth Jordan headed the Decorations Committee; Inez Matarese and Irene Ritnauer worked with her.

Music was furnished by the 10th Army Ground Force Band from Fort Ethan Allen under the direction of Chief Warrant Officer Gershenson.

The chaperons were Prof. and Mrs. Colburn of the Art Department, Prof. and Mrs. Carpenter of the German Department and Dean Mary J. Simpson.

Bitsa Bunk

It's dam lonesome at good old Dresser these days. It seems that several of the people there didn't like the company and so they "Took a powder." Our Summer School residents, their work being more or less finished, have gone home to roast or prepare lessons for next fall. Dot Thornam, commonly known as D. G. T. had suddenly gotten a queer idea. She wanted to go home so she upped and went. That is she packed and went. Only M. N. F., K. M. D. and R. S. E. left at the house and I understand they are lonesome. Do I get any offers? Maybe someone has a book they can read between the cramming for exams.

M. N. F. was told some time ago that if she did the work as it came there would be no all-night sessions with the book. But M. N. F. insists upon burning the candle at both ends. Maybe it's because it's so much fun to go bike riding with a certain Cadet?

Pan-American Evening Held

Wednesday, August 4, was a rainy day. But the rain did not hinder the gay evening had by all at the Fleming Museum that evening, there the thirty people that trudged their way through the rain to see movies, listen to a very interesting talk by Prof. Sarah Holbrook, and listen to South American music.

The movies furnished by the Museum were "Wooden Faces of Totonicapan," which told all about the masks that the South Americans make for celebrations, and "Argentina," which showed the audience the importance of cattle raising in Argentina and its shipping of beef. These proved most interesting and very entertaining.

Prof. Sarah Holbrook of the Educational Department, who has been to South America, gave an interesting talk on Guatemala and other countries to be south of us. It gave interesting points on the importance of these countries to us and what they have done to better their countries.

This was the third of such meetings, planned by Mr. Eldred, director of the Museum, in cooperation with the Pan American Society of Massachusetts, promoter of inter-American Affairs. The meeting started at 8.00 and lasted for an hour and three quarters.

The music also was furnished by the Museum and helped to put the audience in the spirit of the South Americans. The music and movies are available for any school or organization in the state of Vermont who wishes to carry on just such work.

Two-Piano Recital

(Concluded from page 1)

themselves to two-piano arrangements. Also, it was obvious at times that the two musicians could have injected a little more feeling into the pieces in favor of the sake of the resounding, but unnecessary fortissimos.

On the whole, however, the program was well balanced, and the compositions were performed with remarkable agility and technique. One cannot visualize how difficult it is to synchronize the playing of two pianos so finely as our two artists did.

Those who were not present missed an enjoyable recital, but those who were there appreciated the efforts of Arthur Whittemore and Jack Lowe in their exacting performance. We wish them continued luck in their Navy careers and hope that some day they will be able to return to the stage of the chapel to let us witness another fine two-piano recital.

Summer Calendar Goes on as Planned

Under the sponsorship of the committee on Student Union, the summer calendar of activities is progressing according to schedule and chairman Julie Fletcher says that everything is "running smoothly."

Already the summer term and summer session students at U. V. M. have had the week-end opportunities of the Campus Sing, the Date Bureau Dance, the Formal Dance, and the Block Dance.

Ahead on the calendar of events are the Bean Supper on August 21, and the Soldiers' Show on August 28. September 3 will bring forth the Student Tea, and September 4 promises to be a full evening, what with another Campus Sing and a dance. The night of September 11 holds the promise of fun in store for those who yearn for a real old-fashioned Hayride and Barn Dance, while the final adventure of summer fun will be a Picnic Breakfast on the morning of September 12.

Once again the committee wishes to point out that with the limited number of students on campus, full cooperation is requisite in making the planned activities successful.

CYNIC reporters and scrubs are asked to get all copy in by Monday noon preceding the day of issue so that the CYNIC can remain on its present schedule of issues.

Press Club Makes U. V. M. Students Famous Abroad

There are many unsung heroes all over the world, and U. V. M. has her share too. They are the unknown workers in the University Press Club. These anonymous students are responsible for those clever tid-bits which appear every so often in the home-town papers on what honors, or offices, or accomplishments Joe College and Betty Co-ed have been showered with.

Though the club is exceedingly small this summer, they are endeavoring to hold their own and accomplish the necessary work on hand. In the fall, it is hoped that the size of the club will increase in proportion with the increase in work which always occurs in the Fall Semester.

W. A. A. Notes

Green and Gold are ready to fight it out! The field of battle is the tennis courts in back of the Weather Bureau, and the implements of warfare are the tennis racquets furnished by the physical education department. Yes, the tennis club is staging the summer's big athletic event, the tennis tournament, which will determine whether the Green or Gold team boasts of more potential Alice Marbles.

The list of girls who are scheduled to play in the first round is as follows: Rhoda Baldwin vs. Van Galatis; Barbara Morgan vs. Georgia Kafalas; Virginia St. Germain vs. Delia Snell; Ela Ballas vs. Barbara McGeever; Laurel Hansen vs. Wendy Millington; Elinor Rowden vs. Marion Merrill; Rose Eisman vs. Helen Wolf; and Pussy Perkins vs. the winner on the Green team.

Although consistently wet courts have hampered the progress of the tournament, a wary eye scanning the horizon this morning tells us that this week promises fair weather. Matches may be played at any time during the week, as well as at the regular club meetings on Thursday afternoons. Girls will report the results of their first bouts on the Tournament Sheets posted in each dorm or directly to the dorm representative.

"Let's get going, kids," says Barbie Morgan, manager. "Remember, your team's honor is at stake."

University of Connecticut enrollment has jumped from slightly over 1,440 students to 1,700, setting a new record.

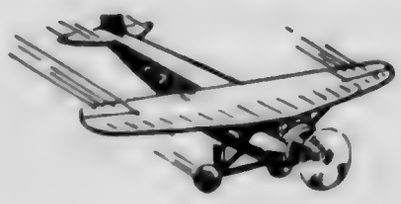
Fifty Early Birds Attend 9 A.M. Picnic

Even a Hot Liquid Called Coffee Served

It was a beautiful [illegible] goodly number of students [illegible] did manage to pull themselves [illegible] their slumber to come to the [illegible] breakfast table. It was a picnic [illegible] on the girls' hockey field [illegible] Weather Bureau last Sunday [illegible] another event in the activities of [illegible] Union scheduled for the [illegible] this summer quadrimester.

The early rising sun spread a golden haze over Mansfield's brow, and [illegible] Hump could be seen above [illegible] clouds on the horizon. It was [illegible] typical Vermont setting arrayed in the glories of nature. Students with their plates of food sat back against [illegible] court gates to enjoy themselves.



The campus group was allowed to [illegible] in between nine and ten o'clock to [illegible] up an orange, a piece of coffee cake and a doughnut, a cup of coffee and [illegible] of milk as they wished. About [illegible] men and women were there. Maybe nine o'clock was a little early for [illegible] a Sunday morning. Some were [illegible] awake as usual, but there were those who showed the effects of the night before; of course, the spirit of the latter is certainly to be admired.

There was a charge of fifteen cents to cover expenses. It is understood that a balance of fifty cents profit was made. Appreciation for the all-around success of the breakfast goes to the committee members: Ruth Jordan, chairman; Edie Colegrove, Connie Garvin, Dot Johnson, Margaret Batchelder, and Aglaia Banas. Perhaps there will be other picnics in the near future.

Students should learn to ask for responsibilities, and the campus leaders especially should learn that there are other people who will do independent work if they are given authority and a goal.

Old in Spirit Not Wanted at Lively Corn Roast Supper

Organic Chemist Hard At Work to Prepare Meal; Come and Get It

LISTEN TO THIS: How about a corn roast out on a hill by a tall maple with a group of a hundred young people all gather around a big bonfire and toast

That is the plan of the Activities Committee for tomorrow, Friday, at 6.30 p.m., for all those who are young in spirit and full of pep. The old and decrepit, as usual will look for security at Rand's and the other safe restaurants of Burlington, while youth will have a rendezvous at the cozy blazing bonfire behind the Weather Bureau and beyond the women's hockey field. The bonfire will be a burning symbol for the young students, cadets, and faculty because it will smoke out those who instead of legs should be walking on crutches.

The whole dinner will only cost 25 cents. Agnes Ballas and the Book Store will sell the tickets, your passports of youth.

Connie Garvin, chairman of Publicity, Phyllis Eisenberg, and Betsy Doolin have covered walls and bulletin boards with proclamations and verbal stimulants.

The chief dietitian will be this year's outstanding organic chemist, the nurse of the future, our one-day wonder in culinary art Barbara Powers. Margaret Batchelder Betty Mansfield, and Pat Illingworth will assist her and about them can be said that the CYNIC has not been able to ascertain whether they ever poisoned a man with their products.

This reporter was unable to ascertain what the eats will be but Barb and her two assistants promised on their honor that it will be the best in variety, quantity, and qualitly. Sooo "come and get it" and if it will be bad, we'll have fun feeding the cooks and all the other committee members.

Physics Instructors Need Disciples

The Physics Instructors will win the war—in one way or another. Not content in their attempts to make intelligent flyers out of the aircrew detachment, they are branching far afield.

Physickers read the papers. They read of crops getting ripe faster than they can be picked, with resulting food waste They read of the tremendous need for more food than ever before. Being scientifically trained, they reason that unless the ripe fruits and vegetables are picked, there will not be enough food to satisfy the need.

And U. V. M. Physickers being what they are, they realize that unless they—and a couple hundred people like them (if there are any such people)—get out and help the helpless farmers, someone might go hungry. They have visions of lean and hungry aircrew men coming into the labs, instead of the present sleek, contented detachment.

Beginning at the root of things, the physicists are turning farmers, turning farmers' hair grey. They have volunteered, or have been tricked into volunteering their services for the coming harvests. When the apples are ripe, the physicists will be right there, picking and polishing. When the corn is ready, hordes of husky huskers will be taking their pick.

Farmers send in calls for help to the local Farm Bureau office. This office is trying to find enough people to supply the need for help. They will arrange for transportation to and from the farms. Work can be done by almost everyone, from brawny brutes to beauteous babes. Jobs for an afternoon, or for a day or longer are possible. Wages are at prevailing rates.

In other words, if you want to help, let the Farm Bureau know the location of your strong back and weak mind. Their telephone number is 4485. Or if you want to go out with the Physics Instructors and win the war, get in touch with Daan Zwick at the Physics Department. Either way you will get blisters on your hands.

Miss Faye Crabbe Is Appointed Head Of Nursing School

Will Conduct Personal Interviews and Special Tests for Applicants

The Board of Trustees of the University of Vermont today ratified the appointment of Miss Faye Crabbe, R.N., B.S., M.A., as head of the University's new Collegiate School of Nursing. The school has been set up on a five-year basis leading to a B.S. degree, and will be instituted on September 30.

Miss Crabbe is a graduate of Grant Hospital in Columbus, Ohio, and was for a time instructor in science in the nursing school of that hospital. Later she held positions as Assistant Educational Director at the Philadelphia General Hospital, as Educational Director at the Hartford Hospital, Hartford, Conn., and was for some years Director of the School of Nursing at Newton Hospital, Newton Lower Falls, Mass.

At Vermont Miss Crabbe will be director of the School of Nursing in the Liberal Arts College. Applicants for the nursing curriculum will be referred to her for personal interviews and special tests to determine the aptitudes of candidates for the profession. She has already reviewed and approved a tentative curriculum for the nursing course, and as soon as she arrives on the campus will undertake the integration of the academic work with the clinical program to be provided by the affiliating hospitals.

Five-year Course

The five-year nursing course has been so arranged that the first two semesters of both the first and second years will be devoted to academic work in such subjects as anatomy, physiology, nursing physics and introduction to the nursing arts. During the summer quarters of the first two years students will take professional courses offered by the College of Medicine and the nursing school faculty. The third and fourth years will be spent in one of the affiliated hospitals, and the fifth year will offer opportunities for specialization in the student's chosen field, such as public health, nursing education, hospital administration, psychiatry or radiology.

Applicants for the nursing course must meet the usual requirements for admission to the University, and in addition must pass the aptitude tests for the nursing profession.

Moon Or No Moon— It's A Boatride

The long-awaited sail will set sail from the Burlington dock at 8 o'clock on Saturday evening, September 11, for a three-hour moonlight ride on Lake Champlain. The trip has been planned exclusively for the U. V. M. students and their guests and campus members of the class C. T. D. It has been arranged by the Summer Activities Committee as the concluding event of the summer social program.

The original blueprints scheduled a two-mile sail back over the first big week-end of summer activity, but because all available boats are now filled with hay and horses and wagons along with labor are scarce, this idea had to be abandoned. It is felt that a moonlight sail on the "J.C." would be indeed a suitable substitute.

Watch the campus bulletin boards for further notices concerning the sale of tickets. The charge for students and cadets will be 75 cents. All local alumni of the University are cordially invited to join the excursion. Tickets will be sold to alumni members for 75 cents through the Alumni Office of the Waterman Building.

Mass Meeting in Museum Wednesday

There will be a Student Union Mass Meeting on Wednesday, September 15, at 7:30 p.m. in the auditorium of the Fleming Museum.

The Executive Committee of the Women's Student Government Association which has functioned for Student Union Council during the Summer Term, asks that each girl bring to the meeting any question which has been in her mind about Student Union or any suggestions for the improvement of the activity program, etc., for another year.

Please bring your questions or suggestions written out on a slip of paper unsigned and be prepared to take part in the discussion.

The meeting will last no later than 8:45 p.m. Attendance is required of all women enrolled as students in the Summer Term and a cordial invitation is extended to the girls who are teaching on the campus.

Sanders Scores A Huge Success With Carnival

Dr. Patterson Makes Fortune; Dean Simpson Fund Gets the Profit

Saturday night August 28 Sanders Hall presented a CARNIVAL in the Student Lounge of the Waterman Building. Those who were [illegible] a good time and every booth did a good business except [illegible]. One booth was fascinating as well as entertaining. It consisted of a tub full of water, a plate floating on the water and the point of the game was to throw a penny and put it on the plate. Sounds easy, doesn't it? Well it wasn't. There was a handy, where you could hit Homer Smith on a backboard covered with [illegible] darts for a nickel. Homer wasn't given his just reward even though a lot of well-meaning people did their best. Over in a corner the "wheel of fortune" turned, with Jimmy Baum in command. Say, I hear that he was in that profession once . . . . but that's beside the point. The persons that the ribbons pinned on! What a job to put them on and have them stay. The stakes were high though so it was worth trying. Who has a lot of people won a lollipop! One of the select few who were lucky, was Doctor Patterson. I heard him say that he had only lost a nickel so far . . . and he had been playing quite a while too. Some people have all the luck.

The carnival was made complete by the seven dressed in red and sparkling jewels who told your fortune for a quarter and made you shiver at her dire prophecies. Being curious about her talent I crept into her tent from the side, sat quietly down on a damask cushion beneath a weird blue light and gazed in awe about me. Through the blue haze which filled the place, I could discern eerie shadows and dark tapestries.

She sat at a table peering at the hand of a client and with remarkable psychic intuition told him that he would have a very successful life!

Music was furnished by Monroe Allen's six and [illegible] combination and dancing went on intermittently.

There was a candy counter where cokes ice cream, Cut Nuckes and what have you were sold.

Chairman of the Carnival plans was Helen Wolfe, assisted by Inez Matarese, assistant chairman.

Barbara Morgan won the door [illegible] seller and with the help of the other [illegible] over the Carnival has promoted a su[illegible]

Crickets and R. O. C. T. Share Beds on Underhill Maneuvers

By PHIL SYLBERT

At two o'clock last Saturday afternoon, a group of two dozen freshmen and sophomores hopped aboard three trucks to begin their overnight trip to the military reservation at Underhill. After a bouncing, but uneventful hour of riding, the trucks rolled up at a short distance from camp. A short walk by the platoon brought them to the actual camping site, where they found that the sergeants had thoughtfully set up a mess tent, "refrigerator," washing [illegible] and a streamlined latrine (last, but definitely not least).

After a half-hour of feverish activity on the part of the men, the officers were privileged to see a line of fourteen expertly made tents.

Pickett and Thayer

Following a short explanation of camp routine, the group made its way to a nearby ridge for a weapons demonstration. Sergeant Pickett and Lieutenant Thayer demonstrated the advantage of the M-1 over the Springfield to start the proceedings. Then the efficiency of the Browning automatic rifle was shown, again by Sergeant Pickett. Following the firing of the small arms, Sergeant Dwyer demonstrated the .30 machine gun by mowing down a target some two hundred yards away. The various weapons were again put to use to show the men the effect of using tracer bullets. The afternoon's firing was concluded as the group was shown the rifle grenade, its range and its effect. It might be said that Sergeant Pickett cleaned the pieces as well as he fired them.

Surprisingly, a bubbling stream was found to be located a short distance away, and the men adjourned for a short dip. Sergeant Dwyer, who is a jack-of-all-trades in more ways than one, applied his talent to the pots and pans and soon came up with some "berling hot tea," frankforts, beans, and all the trimmings. Strangely enough, the boys needed no urging, and no one was surprised to find that the pots and pans were ready for cleaning in a very short while.

Cold Night

Tents were made ready for the cold night just in time, as the already familiar cry of "fall in" was heard. The platoon, dressed in fatigues, marched off into the dusk and soon arrived at a standard infiltration course. Lieutenant Erwin issued careful orders as to the position of the head and the "rear end" while crawling through the course. At the signal, four men at a time made their way through a double-aproned barbed wire fence, a second fence, some shell holes, and plenty of dirt. Meanwhile, Sergeant Dwyer's machine gun drummed away over the heads of the moving men. No casualties were suffered due either to the ammunition of the good sergeant, or to the fact

Picnic Breakfast Last Event of Summer Term

Another Picnic Breakfast has been scheduled as the last event on the Summer Activities Program. It will be held on Sunday morning, September 12, the morning after that night before, but at a convenient time for church-goers, early-risers, or late-sleepers. Breakfast will be served out behind the Weather Bureau from 9:30 to 10:30 a.m.

Rose Eisman will be in charge and on the Food Committee with her are Kay Doane, Dot Thornton, and Peggy Pabst (Dresser Cottage). Elizabeth White is to supervise a ticket sale for the preceding week. Tickets can be purchased at the Book Store for 15 cents during that time. Ruth McElington, Barbara McGeever, Suzanne Ford, and Dorothy Whaley, Chairman, have been appointed for the Publicity Committee.

This will be the last opportunity for an informal get-together of the campus population. It'll be the biggest and most enjoyable.

Food Served on Balcony At Community Supper

Saturday, August 21, at 6:00 p.m., a community supper was held in the women's dining room in the Waterman Building.

Several advertising cadets were among the group and the meeting were also well represented.

A supper of potato salad, frankfurters, rolls, milk and chocolate cake was served buffet style. The food was placed on a table on the balcony which opens into the dining room. Food seemed to be plentiful and delicious and everyone went away well satisfied.

This supper was given by the Student Activities Committee with the aid of the dining room cooks and waitresses.

Agnes Ballas was in charge of the [illegible] of tickets.

On Labor Day, Monday, September 6, all classes both those attended by civilians and those attended by members of the Army Air Forces Training Unit, will meet as usual.

E. SWIFT, *Secretary*

LOST—Phi Sigma Delta fraternity pin. Will co-ed who has it or any other finder please return it to Jake Katz, Phi Sigma Delta House.

Get a Beauty for Saturday's Dance

The good old custom was carried off again at the dance in the Student Lounge on Saturday, September 4 at 8:30 p.m.

The Date Bureau with its wonderful selection of beautiful girls will continue for all those who are stranded on our campus without the appropriate company. Last summer Barbara Anderson, '43, of Pleasant Terrace, reigned. Hail and state your desires. Girls of all heights (taller preferred), or brains, beauty and breadth also. And there will be no charge if the couple don't get married later on.

Punch will be refreshments served at intermission time under the supervision of Gloria Bankus and Georgia Natalie, chairmen.

Lucille Perry, chairman Betty Dole, and Mary Lou have undertaken to arrange the affair with a series of charming games and other entertainments.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 48 SEPTEMBER 2, 1943 NO. 58

Accelerated Confusion

A war needs trained men and it needs them quickly. Universities began to accelerate their programs with the definite idea in mind that even under abnormal conditions the high quality of student output had to be maintained. So the faculties went ahead, adjusted the curriculum to the demands of the hour and impressed upon the student body that education in time of war was not a cheap substitute of peace-time standards.

Later on other changes were made necessary. In addition to maintaining a streamlined but adequate civilian program, the colleges were asked to accommodate army and navy units. Again the universities tackled the job successfully.

Life under these new conditions has gone on for quite some time and everything seemed to run smoothly. The students began to believe that the schools could weather the storms of educational upheaval without great relaxation of yesterday's standards.

Last week the engineers learned that their summer school program had to be shortened by one week and that they also would be unable to take final exams. In addition members of the faculty told bewildered freshmen that their curriculum would be changed quite extensively this fall. They learned that they would drop chemistry, take up physics, and later pick up their freshman chemistry again.

It is hard to say whether all these changes will really affect our educational program to any great extent; but it definitely will increase the doubts of our students in the values of a war-time education unless the necessity, as well as the probable significance of the changes, is pointed out to them time and time again. The serious and far-reaching adjustments of the present and future should never be allowed to reach the students' ears through "authorized" rumors.

The mistaken notion that our present school program is a normal one and that a small change would not amount to very much, has too often been upheld during the past weeks. Today, we work under abnormal conditions and every new step, unless carefully considered and explained, will only bring the student nearer to the educational abyss from which he finally will see no escape. From that moment on we also shall breed the "lost generation" which will substitute escape and cynicism for the then "valueless" educational opportunities.

We only ask for more information, for being told when and why things happen and for the daily assurance that everything will be planned for the best.

Fein Points...

By PHYLLIS FEIN

There's more news than usual this time, due to exceptional cooperation from various people around. Please continue to send in items about U. V. M. students and alums who are doing interesting work or helping to win the war in various places.

Professor Carpenter called to our attention the name "Used Vitamins Convoy Service" on the local garbage trucks. Someone is evidently going high-class.

The former Sis Lynch—now the wife of Lieut. (j.g. Chuck Shortle—gave birth to a very healthy, but not so bouncing, baby boy in the Bishop DeGoesbriand Hospital last week. Chuck is in the Naval Air Corps, overseas at this moment.

The worthy editor is playing host to his brother for a few days. Joseph was at the Carnival with Jake Saturday night, and kept several people—including a soldier from Ethan Allen and a slightly carried-away cadet—amused with his stories.

The brothers White, Whizzer and Bob, walked arm in arm in Burlington this past week-end, representing peace at last between the Army and Navy; Whizzer is a sergeant stationed in North Carolina, and Bob is at Middlebury under the Naval program—they even bought breakfast for two little college gals on Sunday.

Dean Simpson and Mortar Board should be absolved from anything scandalous such as the *Ariel* reference to Staff and Scandal. Apologies to all, especially to Staff and Sandal (junior women's honorary society).

Heard from Hy Ginsburg last week; he was one of those brilliant students in the Classical curriculum. He's now in the Army, of course, at a S. T. A. R. unit in Texas, where he is waiting to be sent to a college or university under the A. S. T. P. language course to which he has been assigned. What was especially amusing is that he received his fifteen weeks of basic training in the "Branch Immaterial." What's that?

Seen in town last week-end were Bob Lockwood (in suntan, from Syracuse University Med School), Bob Doherty (in O. D., from the STAR unit at the University of New Hampshire) and Larry Zaetz (in navy—later, in white—he's a Seaman 2/c in Rhode Island)—all three gentlemen had women with them. This is certainly a competitive world!

Just noticed in the *Free Press* that Barbara Gallagher became Mrs. John Kennedy early this week. Barbie was an Alpha Chi, member of Mortar Board, and numerous other things on campus—she was a graduate in the class of '42.

Jack Williams (still of Julie Fletcher fame) received his commission in the Air Corps (administration) and is now stationed in Orlando, Florida. He expects (when he returns there from his present furlough) to have a real old reunion with the many U. V. M. men who are also stationed there.

Nancy Dockstader is working in the College Shop at Lord and Taylor in New York City. U. V. M. is well represented at Lake Placid: Harriet Bristol, "Cis" Murray, Jane McAuliffe, Nancy McNamara, Frances Witham and Glory Farmer. In local stationery stores we also find some of our women: Peggy Miller is at McAuliffe's and Betty Johnson is at Bruhn's.

Ruth Jordan told us yesterday about several girls who won't be returning here next month. Marge Anthony is going to the University of Michigan and Connie Pratt is going into nursing. Also, Gladys Hoyt reports to Hunter College as a WAVE next week.

Paul Corley's picture was in the *Free Press*; he's an Aviation Cadet, receiving flight training in Mississippi.

The freshman girls at Sanders deserve three cheers for the excellent job they did in planning last week's Carnival—they made about forty dollars for the Mary Jean Simpson Fund.

Incidentally, did you ever type a letter to your boy-friend during a blackout? Try it, it's really fun.

There's one more summer CYNIC after this one—please keep on sending in news, and this column will continue till next January (if Jake approves).

Gifts of $9,200,000 have been reported to the University of Chicago fiftieth anniversary fund, out of a final goal of $12,000,000 to be raised within the next ten years.

Eighty-four Year Old Alumnus Writes About "New" Old Mill

Co-Founder of Cynic and Versatile Athlete Is No Phi Bete "Because of Activities"

To the Editor of the CYNIC:

A notice of the death of George B. Lane, of Minneapolis, in the College *Alumnus* leads me to write.

He was mentioned as the founder of THE CYNIC, as we called it then. As I am now the only living graduate that is familiar with the particulars of the foundation of the periodical, it will interest you to know about them.

About sixty years ago, just as the renaissance of the University was brought about by the skillful management of the shrewd and brainy President of the University, Matthew H. Buckham, and this new life seemed to affect the whole body of the students, a college paper was suggested.

William P. Cantwell, Jr., one of the well-known families of lawyers of Malone, N. Y., and familiarly known as "Doc" suggested it. He, Lane, and I had a suite of rooms that were on the third floor of what is known as the Old College Building, but then new, taking the place of the antiquated previous building.

The Cynic

The idea of a college paper was brought up and discussed there, and finally resulted in the foundation of THE CYNIC. Cantwell was the original founder, and Lane and I were co-founders, if I may be allowed to make that fine distinction between "founders," an editorial board and managerial, composed of the three mentioned and others from the University. It was a success from the start. Doc's brilliant editorials attracted the attention of the editors of many small and large colleges. As to the choice of the name of CYNIC, you may say, "because it was intended that the periodical would be an independent and critical college periodical."

If it has continued to exist for sixty years, it must have been well edited since that time.

Baseball

At the same time baseball came to life. By the union of the Medical students with the Academic, that had not existed before, a team was formed. The Medical College had just removed from one end of the park in front of the college to the other end into more commodious quarters. It was at the zenith of its prosperity, with an excellent regular faculty, and some of the most noted professors from the large city schools were obtained to come up and give lectures on their respective subjects. The Medical students at that time far outnumbered the Academic. Large endowed Colleges of Medicine and Research have reduced the number of the students.

Well, a baseball team was organized. Uniforms, hats, etc., were secured, but no gloves or protection for the body. And as our hands had no protection, you can imagine their condition after nine innings, for we threw as swiftly as now. Only "under-hand" pitching was allowed, or the hand not to reach above the hip.

The union of the students of the two departments was brought about by the meeting of Academic and Medical students at "Mother Dow's" house, where we boarded, on Pearl Street. She, by the way, was the mother of son and grandson, whom the city of Burlington has honored with her highest office. I refer to the recent mayor of Burlington, and the "son" was Albert Dow, graduate of the U. V. M. He became City Engineer.

As the originator of this idea, I must claim to be the author. Votey (later Dean of the College), Downs (later Judge), and Fisher and I were the hearty supporters of the work. And Boynton, Ingalls brothers and other medical students did their share.

"Old Dump"

We practiced on an old, uneven field just back of the college. The "Old Dump" between the field and college building furnished everything in that time; the gymnasium was a shed, with a few bars and dumbbells, of no use.

We played our first game beyond the intramural grounds with Dartmouth. The score was very one-sided.

Votey was pitcher, I was first baseman and I don't remember what [illegible] others held.

After our graduation, [illegible] to run down, until one [illegible] believe was his name, built [illegible] nished some players that [illegible] league caliber. He has [illegible] as "the father" of baseball [illegible] sity. But I claim to be [illegible] owing to the bringing [illegible] union of the two departments.

Football was played [illegible] game—only kicking; no [illegible] with the hands, but kicking [illegible] it with the head and body. I [illegible] main game then was between [illegible] and Sophomores. Our game [illegible] same field, and the ground [illegible] rain and very muddy. I received a [illegible] wound in my foot, was carried [illegible] field, and the wound did not [illegible] after the holidays, being laid up [illegible] in my room.

"Our Game"

Our game should be baseball. We [illegible] not compete in football against the [illegible] colleges, as they have three and [illegible] reserve teams to draw from as substitutes. And when it comes to a game [illegible] college team, with its few substitutes [illegible] to compete with a constant [illegible] men, and becomes "dummies" for the colleges to use for practice.

And perhaps, to complete the [illegible] University at the time, I can add [illegible] tennis was just being introduced [illegible] private grounds at Burlington [illegible] Hutchinson's on Pearl Street was the [illegible] I believe. I played there. Prof. [illegible] Dewey and others were players [illegible].

Basketball and golf had not appeared. We had a very successful Field Day on the Fair Grounds.

And annually, about Commencement time, we had the Boat Ride, on quite a large steamer, *Vermont*, I believe was the name, and a hundred couples or so were taken from Burlington to Plattsburgh for dance, dinner, and a fine time on the lovely trip. Again, without conceit, to show how active I was in all sports and undertakings, I was chairman of the Boat Ride Committee, a coveted position.

Cane Rush

We had the Cane Rush between Sophomores and Freshmen. The Sophomores gathered on the old boardwalk back of the college, and the Freshmen, down on the field (used for baseball and football). What a thrill when an upperclassman cried out, "Freshmen, are you ready?" The Sophs came down at full tilt and nearly knocked the breath out of us. But we held more hands on the canes [illegible] held any, and we won. Clothes were [illegible] torn, but nobody was seriously hurt. We won; we were a rugged little class.

And we had a cider rush. The [illegible] men trying to rush a keg of cider [illegible] with ropes into the halls of the [illegible] lege, then (having) a very [illegible] steps. The Sophs tried to [illegible]. We won by strategy; [illegible] in an empty keg with the [illegible] a few of our men carried [illegible] other hall (secretly) while [illegible] well guarded. So we won [illegible]. But they had the football [illegible] in that game.

I wonder if you have those [illegible] these days?

I write this not to brag, but [illegible] a true picture of those [illegible] pleasure I had in taking a [illegible] the sports. I failed to get [illegible] Kappa because of my athletic [illegible].

There was no telephone, [illegible] radio, or airplane in use [illegible] "horse-and-buggy" age.

Best wishes for your [illegible] our sports generally. As I [illegible] 84th year, I thought I ought [illegible] even if out of season, as I [illegible] any time.

Very truly yours,
HENRY W. [illegible]
1308-1310 Pacific Street
Brooklyn, N. Y.

Converse Needs Bugler; Harry James Recordings Suggested Substitute

By RICHARD STEWART

...ing airs of "Converse Hall ... Parties Song" and "Remem... Harbor" the inmates of Con... jestingly referred to as the ... light-heartedly casting off ... and taking their place in the ... are the former tenants who, it ... were responsible for all mis... at P. H. (did that call come ... Brossman has seemingly worked ... with gentle reminders on the ... and his man-to-man talks ...

...ant Brossman looked mighty ... the graduation dance, mighty ... His drafting-of-enlisted-men-to ... unescorted-girls plan didn't go ... well with the boys, however. ... were a mite bashful or possi... ...ed against the system.

... the departure of the recently ...ated class of "hot pilots" Converse ... sorely in need of a bugler. The ... and forthright attempts of Mr. ... and various other volunteers have ... appreciated by most of the inmates, ... something must definitely be done to ... the situation.

It has been suggested that a phono... with an attached amplifier, featur... some of Harry James' choicest record... might be used. If this were the case the bulletin board might read thusly:

Tomorrow morning—"Crazy Rhythm" by Harry James.

Tuesday—"Tiger Rag" by Louis Armstrong.

Wednesday—"Trumpet Blues" by Harry James.

Coming next week—"Ziggy" Elman.

Brushing your teeth to the strains of "Bugle Call Rag" is not beyond the realm of possibility. Of course the lindy would be the correct method for falling out.

They had quite a little show down at the Airport last Sunday. A B-25 and a Flying Fortress were imported to persuade several score of unsuspecting seventeen-year-olds into enlisting in the air corps.

Lieutenant Brossman and Lieutenant Giamo were the lucky passengers in a trip made by the *Mitchell* in the vicinity of the field. After several trips around the Airport the two-motored bomber came in and the occupants alighted. Lieutenant Brossman was wearing his familiar smile, apparently indicating that nothing out of the ordinary had occurred en route.

The correspondent and a friend tried in vain to get off the ground in anything from the Fort to the most insignificant cub. It seemed rather strange to watch the prospective cadets joy riding along in the clouds, while we remained on the ground in uniform, still unmutilated to the sensations of flying.

One of the lieutenants in the crew of the B-25 was kind enough to give us a lecture on the intricacies, and I mean intricacies, of the ship. He showed us the bomb bay and the self-sealing gasoline tank which rests above it. This tank holds nine hundred some odd gallons and is used on long journeys, such as the Tokyo raid. In fact the army has christened this removable tank, the "Tokyo Tank."

The chow lines, notably the evening one, remain a sore spot in the day's proceedings. Since there is no one to really stop gypping in line, almost everybody does it, mostly because he doesn't want to be the "goat." If the evening line could start filing in at 4.30, then the boys who have free periods the last hour could go in and help break up the congestion at 5.00. Something like this should be done lest a series of fights should break out.

Sarge Sorensen is still pulling his little gag about the boys with blue beards. Sarge steps up to the fugitive from a Gillette and barks:

"Shave today, soldier?"

"Yes, sir."

"Next time get closer to the razor!"

Robinson Roomers Compliment Girls; Officers Popular

By [illegible]

A new group of aviation students have taken over [illegible] today, August 28.

[illegible] impossible appearance of the new aviation students is to the effect that U. V. M. is a swell place to be, recreationally as well as scholastically. Of course the new men are in quarantine at this writing but will be emancipated soon next Friday. The typical comment of said students might well be quoted as "What a glorious phantasmagoria of humanity personified! Yea verily, glitty, glitty, glitter!"

But to get back to a few accidental happenings at Robinson. We were awakened the first morning by gusty slurps. Upon opening our eyes a scene of gastronomical heroplation met our eyes. There before us sat aviation student Bob Meibert (Kansas

sas Charles Atlas. 120 pounds of hairy picking with agility and dexterity the "raisins" off the fly paper."

This is just an ordinary example of the "goings on" in our new home. We naturally run into many characters in this unit known as the army. You meet everything. Please, don't believe all the boys are like the aforesaid Bobby (Kansas) Meibert. Really we have an excellent group here on the average. Most of the Robinson boys are "A. E. R. C." (Army Enlisted Reserve Corps to you civilians). This means they are from colleges all over the nation. So, you see, U. V. M students, college is not exactly new to the majority of us.

If any of the girls reading this article have any male acquaintances in the army just ask them how they would like to be in school again. What they say should just about describe how we feel about being back nearer civilian life and going to such a fine school. We really think it is swell! If I were an elaborate writer with a many worded pictorial vocabulary I could improve upon that almost a hundred per cent, but as I am not you will have to be satisfied with just plain "swell." Believe me, there is a lot of honest feeling behind that word.

As I have said before we are in quarantine until next Friday, but what we have seen so far of Burlington, as a city, and the fine attitude of the people toward us we feel quite at home and are sure that our stay here will be a very pleasant one. Also, that it will probably be long-remembered by all of us. There is no doubt of this at all in my mind having met some of the male civilian students (those scarce animals around here), and several girls.

This is still further borne out by inquiries made among our fellow aviation students who have been stationed here a longer period of time.

We want it understood that we are not "green" in the ways of army life, having spent approximately thirteen weeks at Camp Walters, Texas, in the infantry. Thus, you can readily understand why we appreciate the air corps and our present surroundings so completely.

Our officers, although we have only had them over us approximately a week, seem to be quite capable of handling their men. Lieutenant Giamo, our present officer, is already making himself very popular among the fellows at Robinson. His manner of speaking to the men jokingly and making them feel at ease is bound to bring out all his men have to offer.

Until the next issue when we will have much more to say, it being our first open post, we thank you for this chance to express our opinions in your fine paper.

Smith College, in a move to conserve fuel for defense, has appointed "heat cops" to close windows in the morning and to watch temperatures throughout the day.

"From Keesler Field to Southwick" Or, From Mosquitoes to U. V. M. Co-eds

[illegible] Well, here we are [illegible] Keesler Field, Mississippi.

We arrived by [illegible] hundred strong on August 17, at 12 o'clock noon. The [illegible] were met by escort, and the station [illegible] us [illegible] at first. Long time, we can't forget [illegible] we were escorted, only one that had been in through the small windows on the side [illegible] at a signal found to be hard as black as the soul of spades.

As soon as we arrived at Keesler we found out that we would have to submit ourselves to conditions here that were new to us. Hot summers are never bad back home, but at our former station. But when we arrived here the first thing we had to do was to climb that easy little grade from the station to the college area. We were really tagged when the cafeteria was reached but it only served to whet our appetites which are really large.

I suppose some of you readers would like a description of Keesler Field. Well, I will give you a brief outline of it. It is near the coast where the land is swampy and the mosquitoes are friendly too friendly. It also gets slightly warm there in July. Around 120 degrees is not uncommon. As far as we are concerned Vermont is a heaven in heaven compared to Keesler Field.

On the last day of our stay at Keesler we were surprised pleasantly so to hear from our top sarge that we would be sent here for our college work. When we arrived, we were further pleased by the hospitality the people show to cadets.

We like the people and the conditions here very much and we certainly will try to uphold the liking and respect the people have for us.

Natty Notes

The effect of the modern age of swing is tremendous. It has now invaded the Air Corps in the form of a swinging bugler. Mr. Woods! Swinging taps, of all things!

We learned from our grade school health book that rest is essential to good health. (We understand 2nd Lieutenant McLaurin is in the market for health books to distribute among *his* boys.) You know, fellows, putting you to bed and getting you up aren't exactly a 2nd Lieutenant's duties. Playing "Katzenjammer Kids" after 9.30 isn't orthodox, either.

Question of the week: "Who broke the glass in the phone booth door?"

Authoritative sources have it that 2nd Lieut. (P. H.) Brossman is considering setting up a new command in Southwick Hall to study the tactics of the houseflies occupying the hall. He believes the secret to the future advancement of aviation lies in these little two-winged creatures. The flies are certainly an answer to the skeptic who doubts the supremacy of America in the world of mass production.

According to the latest communique from Souse Alley, many of our men attended a circus held there last Saturday. They say it was a beautiful display with pink elephants as the main attraction. Mr. Gordon, you will never make a pilot if you can't hit your objective better than you did that bed.

Our beds are all by the efficient cadet corps who know no problem with those beauty sleep to get those regular [illegible] rest.

The study halls are getting terrible. We can't [illegible] to them anymore.

Pfc. Capraro used to a new set of cadet [illegible]. They are beginning to look like the [illegible] trained on them in their days as cadets.

Pvt. Yankee called [illegible] who we brought with us from Keesler still breaks out in occasional [illegible]. The C. O. wants it clearly understood that there will be no [illegible] at Keesler. Mr. Watkins, Grant and Lee must be getting plenty of physical conditioning these days turning over in their graves.

By the way, all [illegible] interested in [illegible] are asked to report to [illegible]. Hall. Weekenders with six months [illegible] are very plentiful. First come, first served.

I must say one [illegible] that whoever is [illegible] at first has now turned into a horse. "Ay, men."

Redstone Gives Dope on Sorensen

Dow Gets All The Tough Breaks; Begins to Pray

By George M. Dreker, Jr.

It took a war to get my scribblings out of a school paper (I was drafted out of college) and now that same war has brought me to U. V. M. If you read this whole column I am sure you will agree with Sherman.

Perhaps the biggest cadet news of the week is the "de-armidexterity" of all student officers on flight training. A. B. C. Dexter, of Physics lab fame, was so anxious to see someone take Sergeant Finkbinders' stripes he almost got his nose caught on the safety pin as the former Sergeant removed said stripes. It has been rumored that Redstone's Dow and Arsenault were actually seen in the *middle* of the chow line. They must have been going through for the second time.

If you fellows in Southwick hear a loud swish and snap every morning you will know it is just the boys of Redstone being thrown out of a two-story hall into the icy Hagerman at a predicted reveille. Those early morning bath calls are making heavies out of us all.

Accelerated Confusion

A war needs trained men and it needs them quickly. Universities began to accelerate their programs with the definite idea in mind that even under abnormal conditions the high quality of student output had to be maintained. So the faculties went ahead, adjusted the curriculum to the demands of the hour and impressed upon the student body that education in wartime was not a cheap substitute of peace-time standards.

Later on other changes were made necessary. In addition to maintaining a streamlined but adequate civilian program, the colleges were asked to accommodate army and navy units. Again the universities tackled the job successfully.

Late in fall these new conditions has gone on for quite some time and everything seemed to run smoothly. The students began to believe that the schools could weather the storms of educational upheaval without great relaxation of yesterday's standards.

Last week the engineers learned that their summer school program had to be shortened by one week and that they also would be unable to take final exams. In addition members of the faculty told bewildered freshmen that their curriculum would be changed quite extensively this fall. They learned that they would drop chemistry, take up physics, and later pick up their freshman chemistry again.

It is hard to say whether all these changes will really affect our educational program to any great extent; but it definitely will increase the doubts of our students in the values of a war-time education unless the necessity, as well as the probable significance of the changes, is pointed out to them time and time again. The serious and far-reaching adjustments of the present and future should never be allowed to reach the students' ears through "authorized" rumors.

The mistaken notion that our present school program is a normal one and that a small change would not amount to very much, has too often been upheld during the past weeks. Today, we work under abnormal conditions and every new step, unless carefully considered and explained, will only bring the student nearer to the educational abyss from which he finally will see no escape. From that moment on we also shall breed the "lost generation" which will substitute escape and cynicism for the then "valueless" educational opportunities.

We only ask for more information, for being told when and why things happen, and for the daily assurance that everything will be planned for the best.

Fein Points...

By PHYLLIS FEIN

There's more news than usual this time, due to exceptional cooperation from various people around. Please continue to send in items about U. V. M. students and alums who are doing interesting work or helping to win the war in various places.

Professor Carpenter called to our attention the name "Used Vitamins Convoy Service" on the town garbage trucks. Sanitation is evidently going high-class.

The former Sis Lynch—now the wife of Lieut. j.g. Chuck Shortle—gave birth to a very healthy, but not so bouncing, baby boy in the Bishop DeGoesbriand Hospital last week. Chuck is in the Naval Air Corps, overseas at this moment.

The worthy editor is playing host to his brother for a few days. Joseph was at the Carnival with Jake Saturday night, and kept several people—including a soldier from Ethan Allen and a slightly carried-away cadet—amused with his stories.

The brothers White, Whizzer and Bob, walked arm in arm in Burlington this past week-end, representing peace at last between the Army and Navy; Whizzer is a sergeant stationed in North Carolina, and Bob is at Middlebury under the Naval program—they even bought breakfast for two little college gals on Sunday.

Dean Simpson and Mortar Board should be absolved from anything scandalous such as the *Ariel* reference to Staff and Scandal. Apologies to all, especially to Staff and Sandal (junior women's honorary society).

Heard from Hy Ginsburg last week; he was one of those brilliant students in the Classical curriculum. He's now in the Army, of course, at a S. T. A. R. unit in Texas, where he is waiting to be sent to a college or university under the A. S. T. P. language course to which he has been assigned. What was especially amusing is that he received his fifteen weeks of basic training in the "Branch Immaterial." What's that?

Seen in town last week-end were Bob Lockwood (in suntan, from Syracuse University Med School), Bob Doherty (in O. D., from the STAR unit at the University of New Hampshire) and Larry Zaetz (in navy—later, in white—he's a Seaman 2/c in Rhode Island)—all three gentlemen had women with them. This is certainly a competitive world!

Just noticed in the *Free Press* that Barbara Gallagher became Mrs. John Kennedy early this week. Barbie was an Alpha Chi, member of Mortar Board, and numerous other things on campus—she was a graduate in the class of '42.

Jack Williams (still of Julie Fletcher fame) received his commission in the Air Corps (administration) and is now stationed in Orlando, Florida. He expects (when he returns there from his present furlough) to have a real old reunion with the many U. V. M. men who are also stationed there.

Nancy Dockstader is working in the College Shop at Lord and Taylor in New York City. U. V. M. is well represented at Lake Placid; Harriet Bristol, "Cis" Murray, Jane McAuliffe, Nancy McNamara, Frances Witham and Glory Farmer. In local stationery stores we also find some of our women: Peggy Miller is at McAuliffe's and Betty Johnson is at Bruhn's.

Ruth Jordan told us yesterday about several girls who won't be returning here next month. Marge Anthony is going to the University of Michigan and Connie Pratt is going into nursing. Also, Gladys Hoyt reports to Hunter College as a WAVE next week.

Paul Corley's picture was in the *Free Press*; he's an Aviation Cadet, receiving flight training in Mississippi.

The freshman girls at Sanders deserve three cheers for the excellent job they did in planning last week's Carnival—they made about forty dollars for the Mary Jean Simpson Fund.

Incidentally, did you ever type a letter to your boy-friend during a blackout? Try it, it's really fun.

There's one more summer CYNIC after this one—please keep on sending in news, and this column will continue till next January (if Jake approves).

Gifts of $9,200,000 have been reported to the University of Chicago fiftieth anniversary fund, out of a final goal of $12,000,000 to be raised within the next ten years.

Eighty-four Year Old Alumnus Writes About "New" Old Mill

Co-Founder of Cynic and Versatile Athlete Is No Phi Bete "Because of Activities"

To the Editor of the CYNIC:

A notice of the death of George B. Lane, of Minneapolis, in the College *Alumnus* leads me to write.

He was mentioned as the founder of THE CYNIC, as we called it then. As I am now the only living graduate that is familiar with the particulars of the foundation of the periodical, it will interest you to know about them.

About sixty years ago, just as the renaissance of the University was brought about by the skillful management of the shrewd and brainy President of the University, Matthew H. Buckham, and this new life seemed to affect the whole body of the students, a college paper was suggested.

William P. Cantwell, Jr., one of the well-known families of lawyers of Malone, N. Y., and familiarly known as "Doc" suggested it. He, Lane, and I had a suite of rooms that were on the third floor of what is known as the Old College Building, but then new, taking the place of the antiquated previous building.

The Cynic

The idea of a college paper was brought up and discussed there, and finally resulted in the foundation of THE CYNIC. Cantwell was the original founder, and Lane and I were co-founders, if I may be allowed to make that fine distinction between "founders," an editorial board and managerial, composed of the three mentioned and others from the University. It was a success from the start. Doc's brilliant editorials attracted the attention of the editors of many small and large colleges. As to the choice of the name of CYNIC, you may say, "because it was intended that the periodical would be an independent and critical college periodical."

If it has continued to exist for sixty years, it must have been well edited since that time.

Baseball

At the same time baseball came to life. By the union of the Medical students with the Academic, that had not existed before, a team was formed. The Medical College had just removed from one end of the park in front of the college to the other end into more commodious quarters. It was at the zenith of its prosperity, with an excellent regular faculty, and some of the most noted professors from the large city schools were obtained to come up and give lectures on their respective subjects. The Medical students at that time far outnumbered the Academic. Large endowed Colleges of Medicine and Research have reduced the number of the students.

Well, a baseball team was organized. Uniforms, hats, etc., were secured, but no gloves or protection for the body. And as our hands had no protection, you can imagine their condition after nine innings, for we threw as swiftly as now. Only "under-hand" pitching was allowed, or the hand not to reach above the hip.

The union of the students of the two departments was brought about by the meeting of Academic and Medical students at "Mother Dow's" house, where we boarded, on Pearl Street. She, by the way, was the mother of son and grandson, whom the city of Burlington has honored with her highest office. I refer to the recent mayor of Burlington, and the "son" was Albert Dow, graduate of the U. V. M. He became City Engineer.

As the originator of this idea, I must claim to be the author. Votey (later Dean of the College), Downs (later Judge), and Fisher and I were the hearty supporters of the work. And Boynton, Ingalls brothers and other medical students did their share.

"Old Dump"

We practiced on an old, uneven field just back of the college. The "Old Dump" between the field and college building furnished everything in that time; the gymnasium was a shed, with a few bars and dumbbells, of no use.

We played our first game beyond the intramural grounds with Dartmouth. The score was very one-sided.

Votey was pitcher, I was first baseman and I don't remember what [illegible] others held.

After our graduation, [illegible] to run down, until one [illegible] believe was his name, built [illegible] nished some players that [illegible] league caliber. He has [illegible] as "the father" of baseball [illegible] sity. But I claim to be [illegible] owing to the bringing [illegible] union of the two departments.

Football was played—the [illegible] game—only kicking; no touching the ball with the hands, but kicking and [illegible] it with the head and body. However, the main game then was between [illegible] and Sophomores. Our game was on the same field, and the ground was [illegible] rain and very muddy. I received a [illegible] wound in my foot, was carried [illegible] field, and the wound did not [illegible] after the holidays, being laid up [illegible] in my room.

"Our Game"

Our game should be baseball. We [illegible] not compete in football against the large colleges, as they have three and [illegible] reserve teams to draw from, as substitutes. And when it comes to a game the small college team, with its few substitutes [illegible] to compete with a constant [illegible] men, and becomes "dummies" for the [illegible] colleges to use for practice.

And perhaps, to complete the [illegible] University at the time, I can add that tennis was just being introduced [illegible] private grounds at Burlington. The Hutchinson's on Pearl Street was the [illegible] I believe. I played there. Prof. [illegible] Dewey and others were players [illegible]

Basketball and golf had not appeared. We had a very successful Field Day at the Fair Grounds.

And annually, about Commencement time, we had the Boat Ride, on quite a large steamer, *Vermont*, I believe was the name, and a hundred couples or so were taken from Burlington to Plattsburgh—dance, dinner, and a fine time on the lovely trip. Again, without conceit, but to show how active I was in all sports and undertakings, I was chairman of the Boat Ride Committee, a coveted position.

Cane Rush

We had the Cane Rush between Sophomores and Freshmen. The Sophomores gathered on the old boardwalk back of the college, and the Freshmen down on the field (used for baseball and football). What a thrill when an upperclassman cried out, "Freshmen, are you ready?" The Sophs came down at full tilt and nearly knocked the breath out of us. If we held more hands on the canes it [illegible] held any, and we won. Clothes were [illegible] torn, but nobody was seriously hurt. We won; we were a rugged little class.

And we had a cider rush. The Freshmen trying to rush a keg of cider [illegible] with ropes into the halls of the College, then (having) a very [illegible] steps. The Sophs tried to keep us out. We won by strategy; apparently [illegible] in an empty keg with the [illegible] a few of our men carried the [illegible] other hall (secretly) which [illegible] well guarded. So we won [illegible] But they had the football [illegible] in that game.

I wonder if you have [illegible] these days?

I write this not to brag, but to give a true picture of those [illegible] pleasure I had in taking a [illegible] the sports. I failed to [illegible] Kappa because of my athletic [illegible]

There was no telephone, [illegible] radio, or airplane in use [illegible] "horse-and-buggy" age.

Best wishes for your [illegible] our sports generally. As I [illegible] 84th year, I thought I ought [illegible] even if out of season, as I [illegible] any time.

Very truly,
HENRY W. [illegible]

1308-1310 Pacific Street
Brooklyn, N. Y.

Converse Needs Bugler; Harry James Recordings Suggested Substitute

By RICHARD STEWART

[illegible] airs of "Converse Hall [illegible]" and "Remember Harbor" the inmates of Converse laughingly referred to as the [illegible] light heartedly casting off [illegible] and taking their place in the [illegible] are the former tenants who, it [illegible] were responsible for all mis- [illegible] at P. H. (did that call come [illegible]. Brossman has seemingly worked [illegible] with gentle reminders on the [illegible] and his man-to-man talks [illegible]

[illegible]ent Brossman looked mighty [illegible] the graduation dance, mighty [illegible]. His drafting-of-enlisted-men-to [illegible] unescorted-girls plan didn't go [illegible] well with the boys, however. [illegible] some were a mite bashful or possi- [illegible] revolted against the system.

[illegible] the departure of the recently graduated class of "hot pilots" Converse [illegible] was sorely in need of a bugler. The [illegible] and forthright attempts of Mr. [illegible] and various other volunteers have [illegible] appreciated by most of the inmates, [illegible] something must definitely be done to [illegible] the situation.

It has been suggested that a phono- [illegible] with an attached amplifier, featuring [illegible] of Harry James' choicest record- [illegible] might be used. If this were the case [illegible] bulletin board might read thusly:

[illegible]morrow morning—"Crazy Rhythm" by Harry James.

[illegible]esday—"Tiger Rag" by Louis Armstrong.

Wednesday—"Trumpet Blues" by Harry James.

[illegible]ming next week—"Ziggy" Elman.

Brushing your teeth to the strains of "Eagle Call Rag" is not beyond the realm of possibility. Of course the lindy would be the correct method for falling out.

They had quite a little show down at the Airport last Sunday. A B-25 and a Flying Fortress were imported to persuade several score of unsuspecting seventeen-year-olds into enlisting in the air corps.

Lieutenant Brossman and Lieutenant Gramo were the lucky passengers in a trip made by the *Mitchell* in the vicinity of the

field. After several trips around the Airport the two-motored bomber came in and the occupants alighted. Lieutenant Brossman was wearing his familiar smile, apparently indicating that nothing out of the ordinary had occurred en route.

The correspondent and a friend tried in vain to get off the ground in anything from the Fort to the most insignificant cub. It seemed rather strange to watch the prospective cadets joy riding along in the clouds, while we remained on the ground in uniform, still unmutuated to the sensations of flying.

One of the lieutenants in the crew of the B-25 was kind enough to give us a lecture on the intricacies, and I mean intricacies, of the ship. He showed us the bomb bay and the self-sealing gasoline tank which rests above it. This tank holds nine hundred some odd gallons and is used on long journeys, such as the Tokyo raid. In fact the army has christened this removable tank, the "Tokyo Tank."

The chow lines, notably the evening one, remain a sore spot in the day's proceedings. Since there is no one to really stop gypping in line, almost everybody does it, mostly because he doesn't want to be the "goat." If the evening line could start filing in at 4.30, then the boys who have free periods the last hour could go in and help break up the congestion at 5.00. Something like this should be done lest a series of fights should break out.

Sarge Sorensen is still pulling his little gag about the boys with blue beards. Sarge steps up to the fugitive from a Gillette and barks:

"Shave today, soldier?"

"Yes, sir."

"Next time get closer to the razor!"

Robinson Roomers Compliment Girls; Officers Popular

By [illegible] Reporter for Mess Hounds

A new group of [illegible] students have taken over Robinson. They arrived Tuesday, August 31.

The composite opinion of the new aviation students is to the effect that U. V. M. is a swell place to be recreationally as well as scholastically. Of course the men here are in quarantine at the moment but will be emancipated come next Friday. The typical comment of said students might well be quoted as: "What a gorgeous plantation of feminine pulchritude!" Yes, verily (ditto, ditto, ditto)!

But to get back to a few incidental happenings at Robinson. We were awakened the first morning by gusty slurps. Upon opening our eyes a scene of gastronomical heriplation met our eyes. There before us sat aviation student Bob Meilert (Kan-

sas Charles Atlas, 120 pounds of fury) picking with agility and dexterity the "raisins" off the fly paper!!

This is just an ordinary example of the "goings on" in our new home. We naturally run into many characters in this unit known as the army. You meet everything. Please, don't believe all the boys are like the aforesaid Bobby (Kansas) Meilert. Really we have an excellent group here on the average. Most of the Robinson boys are "A. E. R. C." (Army Enlisted Reserve Corps to you civilians). This means they are from colleges all over the nation. So, you see, U. V. M. students, college is not exactly new to the majority of us.

If any of the girls reading this article have any male acquaintances in the army just ask them how they would like to be in school again. What they say should just about describe how we feel about being back nearer civilian life and going to such a fine school. We really think it is swell! If I were an elaborate writer with a many worded pictorial vocabulary I could improve upon that almost a hundred per cent, but as I am not you will have to be satisfied with just plain "swell." Believe me, there is a lot of honest feeling behind that word.

As I have said before we are in quarantine until next Friday, but what we have seen so far of Burlington, as a city, and the fine attitude of the people toward us we feel quite at home and are sure that our stay here will be a very pleasant one. Also, that it will probably be long remembered by all of us. There is no doubt of this at all in my mind having met some of the male civilian students (those scarce animals around here), and several girls.

This is still further borne out by inquiries made among our fellow aviation students who have been stationed here a longer period of time.

We want it understood that we are not "green" in the ways of army life, having spent approximately thirteen weeks at Camp Walters, Texas, in the infantry. Thus you can readily understand why we appreciate the air corps and our present surroundings so completely.

Our officers, although we have only had them over us approximately a week, seem to be quite capable of handling their men. Lieutenant Giamo, our present officer, is already making himself very popular among the fellows at Robinson. His manner of speaking to the men jokingly and making them feel at ease is bound to bring out all his men have to offer.

Until the next issue when we will have much more to say, it being our first open post, we thank you for this chance to express our opinions in your fine paper.

Smith College, in a move to conserve fuel for defense, has appointed "heat cops" to close windows in the morning and to watch temperatures throughout the day.

"From Keesler Field to Southwick" Or, From Mosquitoes to U. V. M. Co-eds

While there we are issued [illegible] [illegible] from Keesler Field, Mississippi.

We arrived by [illegible] August 30 at 12 o'clock noon. The officer who was in charge at the station [illegible] reception we [illegible]. But then we can't blame him for we were greeted with rain that [illegible] through the small windows on the cots up and [illegible] a coat of dirt as black as the [illegible] of Sweden.

As soon as we arrived in Vermont, we found out that we would have to [illegible] ourselves to conditions here that were new to us. For instance we never had hills to climb at our former station. But when we arrived here the first thing we had to do was to climb that one little grade from the station to the College cafeteria. We were really fagged when the cafeteria was reached but it only served to whet our appetites which are really large.

I suppose some of you readers would like a description of Keesler Field. Well I will give you a brief outline of it. It is near the coast where the land is swampy and the mosquitoes are friendly—too friendly. It also gets slightly warm there in July. Around 125 degrees is not uncommon. As far as we are concerned Vermont is a haven in heaven compared to Keesler Field.

On the last day of our stay at Keesler we were surprised, pleasantly so to hear from our top sarge, that we would be sent here for our college work. When we arrived we were further pleased by the hospitality the people show to cadets.

We like the people and the conditions here very much and we certainly will try to uphold the liking and respect the people have for us.

Nutty Notes

The effect of the modern age of swing is tremendous. It has now invaded the Air Corps in the form of a swinging bugler. Mr. Woods: Swinging taps of all things!

We learned from our grade school health book that rest is essential to good health. (We understand 2nd Lieutenant McLainis is in the market for health books to distribute among *his* boys.) You know fellows, putting you to bed and getting you up aren't exactly a 2nd Lieutenant's duties. Playing "Katzenjammer Kids" after 9.30 isn't orthodox, either.

Question of the week: "Who broke the glass in the phone booth door?"

Authoritative sources have it that 2nd Lieut. (P. H.) Brossman is considering setting up a new command in Southwick Hall to study the tactics of the houseflies occupying the hall. He believes the secret to the future advancement of aviation lies in these little two-winged creatures. The flies are certainly an answer to the skeptic who doubts the supremacy of America in the world of mass production.

According to the latest communique from Sousa Alley many of our men attended a circus held there last Saturday. They say it was a beautiful display with pink elephants as the main attraction. Mr. Gordon you will never make a pilot if you can't but your objective better than you did that bad.

Our hats are off to the efficient cadet [illegible] whose [illegible] [illegible] their network [illegible] [illegible] [illegible] to get their regular orders [illegible].

The study halls are getting terrible. We can't even stay in them anymore. Please Captain, send us a new set of cadet officers. They are beginning to look like old cage birds being trampled on often in their hurry to escape.

The Yankee rebel feud, which we haven't seen anyone [illegible] out in awhile. Shucks. The C. O. wants it clearly understood that there will be no more [illegible] in the feud. Mr. Watkins, Grant and Lee must be getting on in physical conditioning these days turning over in their graves.

By the way all females interested in men should be prepared to submit a report to Southwick Hall. Weekly reports six months thereafter are very prominent. First come, first served.

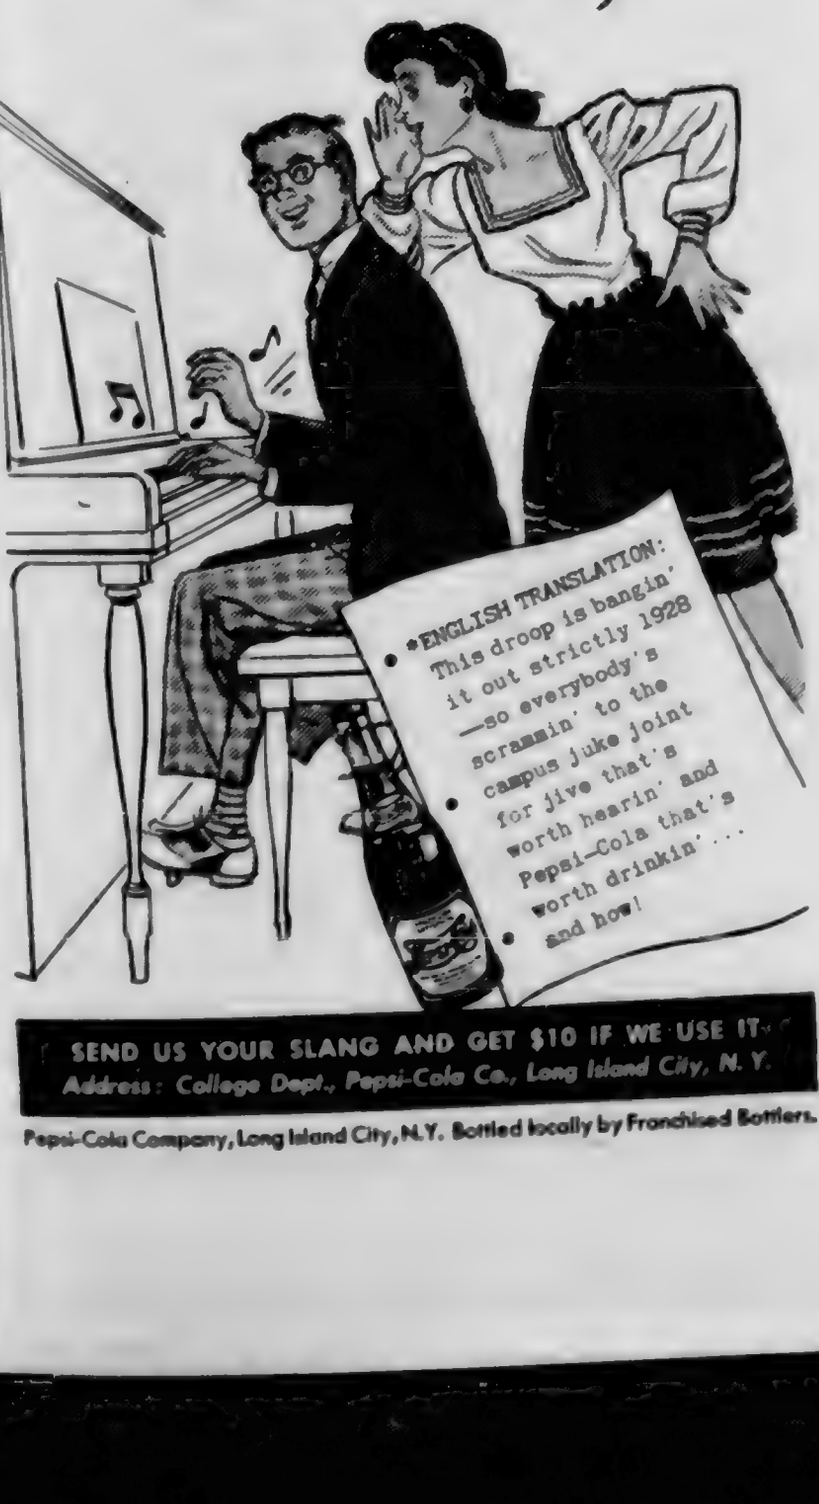
I must stop now however that whisper of discussion outside at last has now turned into a battle. "At ease!"

Redstone Gives Dope on Sorensen

Dow Gets All The Tough Breaks; Begins to Pray

By [illegible] M. Dickert, Jr.

It took a war to get my scribblings out of a school paper (I was drafted out of college) and now that same war has brought me to U. V. M. If you read this whole column I am sure you will agree with Sherman.



Perhaps the biggest cadet news of the week is the disembarking of all student officers in flight training. A. P. C. Director of Physics Lab fame was so anxious to see Sorensen take Sergeant Pocklington's stripes he almost got his nose caught on the safety pin as the former Sergeant removed said stripes. It has been rumored that Redstone's *brow* and Arsenault were actually seen in the *middle* of the chow line. They must have been going through it the second time.

If you happen to Southwick hear a loud swish and snap every morning you will know it is not the boys of Redstone being driven out at a rug warp but only the way the boys get a pre-dawn reveille. These early morning roll calls are making beavers

Hard Work on Carnival Still Leaves Saunders Time for Letter Writing

By Marion Merrill

Before I pull out the old duster broom and open them up to look at all the work that the coming tests and exams are going to call for I'm going to sit down and list a few of the happenings of importance that should go into the Year and Given this time. There are some things that might prevent you as they did me but I don't think that I had better put them here I do have my life quite a bit I'd better re-live that.

I'm never situated in a rather convenient to sit for hours. The usual first class mail for seven people from various parts of the country. Some coming back to the campus all and two or three females got together and wrote the letters that the other should have written the summer was well it's not go into that here. Let's see. I guess starts with work for Laurel. I never wrote Dear for Laurie. Then Dot came in and I wrote third both. Funny isn't it Lolly. That we haven't heard for the past two weeks. Oh well the odds were against us. And Dot just try and look another of my V-mail letters and I'll tell you.

Poison Oak for Two

Either McGowan has poison oak all over her legs and I don't know where else and the funniest thing of it all is that Dean Hall Cadet has it, too. Poor Bobbie went swimming to a place where poison ivy was and there was good swimming. The poison oak seemed to be very good, too. Sorry! But I can't understand why your friends Suzy and Dick didn't get it too or are they ruling the fact that they have?

Brooklyn Bomb Shell

This past week was a hard and somewhat dreary week for all of the Saunders inmates. Under the watchful eye and nagging shouts of "I'm doin all the woke around dis here place so get to woke you girls" from our Brooklyn Bomb Shell. We worked our heads off on the Carnival which wasn't bad for us since we don't need them or should I say use them, very much. If she had only stayed to see the outcome of the show I don't think she would have been so mad. I, and all the girls who were guilty of the crime, wish to here make our apologies to Miss Bosworth and Miss Simpson, for leaving the Carnival early. But the girls who worked the afternoon and evening and who left after the first hour I won't apologize for because I don't think that they were in the wrong what so ever. All in all we are very proud of our little show, everything went well, we have a nice little sum of money to turn over to the Mary Jean Simpson Fund, and everyone seemed to be having a pretty good time. Our congratulations to Jim, and Mim who ran the wheel and Barbie Morgan the Fortune Teller. They did our small job and the net proceeds outdid the rest of the shows. Dotty, dear, for you and Undine I shall say that I think the Hotter Booth was good, too.

Activities

The past week-end had many other great attractions some of which can be mentioned were are the activities of those who went home for the week-end. Laurel Hansen made her way to Montpelier where she took many presents for her mother. Wish her many more happy birthdays for me will you?

Jane went to New Jersey where she met P. (spell it wrong Paul in uniform letter he was sent somewhere else. Also what time there was left was spent with family and brother who was home on furlough.

And Lou Stevens went home but not for anything so nice as a pleasant week-end with the folks. Her grandfather's funeral was Sunday. Our deepest sympathy, Lou.

That week-end must have been too much for Laurel. She is now in bed and will probably remain there for some time. I do think that we might get up tomorrow, Lolly. Twenty-four hours sleep should be enough for anyone.

Guess St. Germain seems to be doing the same old thing these days. A different man each day to go up to and make eyes at. I wish I had what you have. What is it, perfume?

Say Mim, how does your air like that

R. O. T. C. Hike

(Concluded from page 1)

[illegible] the fellows did not look like a single [illegible] crawling. At any rate we all got some idea of the action that is necessary while moving under fire. As it grew [illegible] black and the order was appeared above us assembled to watch an exhibition of night firing with tracer ammunition. Following this, the return march to camp, a short bull session and then to bed.

Now it seems that some volunteers were present that night for at any rate, it was not long before most of the tents had collapsed down about the heads of the occupants. However tired soldiers are not to be denied and order was soon restored. The evil-doers were rewarded with guard duty, incidentally.

Cook Dwyer

Hardly had we closed our eyes when reveille rolled around. Mountain air is pretty cool at that hour of the morning, but Sergeant Dwyer's eggs, cereal, and doughnuts soon remedied that. We are not particularly choosy, but it might be said that the sergeant's coffee scared one for a while until he got used to it. He says that it was the chlorine in the water, but we say . . . . oh well, why argue.

At 9.30, the platoon moved out on a field problem which lasted for over two hours. Lieutenant Thayer acted as the enemy, and it was the job of platoon leader Sylbert to get to him in the safest and most efficient way. By the time he had taken the men to firing distance of the enemy, he was listed as a casualty, and Platoon Sergeant West took over. The terrain was quite deceptive, and we later found out that an enemy in Lieutenant Thayer's position could have done quite a bit of damage under the circumstances. The group was assembled and mistakes were pointed out and suggestions were made.

Morning Swim

The platoon took a well-earned swim and reported for lunch. This time it was fresh corn, potatoes, and ham. The principles of camouflage were demonstrated at this point, as Sergeant Dwyer did a very efficient job of camouflaging the ham with his "grape sauce."

Hardly had the food slipped down, when someone dropped a nickel in 1st Sergeant West, and out came the familiar "fall in." Orders were given as to striking tents, folding blankets, etc. A short mess gear and rifle inspection was held before packs were rolled. At about this time, Spiegel opened his mess kit to find a snake nestling comfortably in his meat can. Profound language and dire threats were heard. But the incident was soon forgotten. Within a half-hour, the platoon was again lined up to receive final orders. The grounds were combed for rubbish and the camp was generally tidied up before leaving.

At 3.30, songs could be heard from the men as they marched along the road. After moving for about a mile and a half, we were overtaken by the loaded trucks, which met us at the edge of the reservation. The order was "pile in," and we were again on our way, this time toward the University.

Jericho, Essex Junction, and Winooski whisked by, and in record time, the trucks steamed into the cage just as five bells were heard from the Chapel clock. The vehicles were unloaded, packs were stowed, and rifles were racked before Sergeant Dwyer could say "berl him in erl."

We can assure the military department that their efforts were not wasted, for the entire platoon had a whale of a good time and certainly gained important experience from the trip.

Singing Cadets Become Champions of Morgenthau With "Remember P. H."

(Concluded from page 3)

out of even us flight men. Some morning we will hide the whip (and the roster) and sleep on and on. I can dream about it anyway.

I must warn you new men about Sergeant Sorensen's personal inspections. You see when he goes down the ranks he immediately puts you on the defensive by bellowing, "Hey Slim, why didn't you shine those shoes this morning?" or "Where did you shave last?" This is the standard approach even if your shoes glare up in his eyes and you are too young to shave. The best way to get around this is to stoutly declare that you shined your shoes that very morning even if they look like they had just returned from marching through Sicily with the Seventh Army. He usually accepts your word of honor but if he has his doubts he looks you over until he finds a comb or a bit of paper sticking out of your pocket and then he gigs you anyway. The moral is, "You can't escape the far-seeing eye of justice."

At almost any hour of the day one can hear an intrepid band of students marching past the Waterman Building to the accompaniment of the off-time strains of "Remember Pearl Harbor." U. V. M. is starting to sound like a perpetual war bond drive.

These new fellows from Miami Beach bring back unpleasant memories with those jeep songs. We will never forget those sweltering parades and the long marches back over the [illegible] those B. T. C. tunes.

Someone ought to figure out [illegible] make the mess hall a case of "first served" instead of the "the fittest" race it is now. If classes could be staggered [illegible] dining hall opened a few minutes [illegible] some of the jam could be [illegible].

Big "G. I. party" at [illegible] but all the flight men will [illegible] school so we will miss [illegible] since we arrived. Please [illegible] for us, Sergeant.

Former Cadet Lieut. [illegible] one of those well-known [illegible] week. He started off by getting [illegible] chewed for marching out of [illegible] forget it all, he decided to [illegible] games. He was doing fine until [illegible] particularly strenuous delivers [illegible] incapacitated he had to return to [illegible] stone immediately. When he got [illegible] found that he was restricted to [illegible] end for, to quote the bulletin board, "[illegible] general effort." When last seen Mr. [illegible] was wandering around in a daze muttering something about seeing the [illegible].

Lieutenant Dixon seems to have set a new style for the wearing of overseas caps. Foremost exponents of the [illegible] seem to be men who are veterans of [illegible] board.

See you next issue with a third [illegible] account of the latest group of [illegible] first week in the air.

Roberts House

So many inmates of this institution left for a gala week-end elsewhere, that the house echoed only a few footsteps. Pat Illingworth, that little co-ed from Siena Heights, in Michigan, went to Bennington to visit her parents. Betty Mansfield trekked over to Dover, N. H., and "Pargie" Batchelder went home to Montpelier. Rhoda "Brain" Baldwin and Georgia "Krazy" Kafalas visited Hinesburg and haven't returned as yet . . . . guess they will, though. "Phidy" Lowe went to New York to see . . . . guess who? Why ask! Who could it be but "Dud" Davis? (A sailor, no less!) Oh yes, "Chris" Lawson, at the last minute, decided to go along for moral support . . . . well, support, anyway!

Carnival

(Concluded from page 1)

cess financially, and socially. But what we want to know is, why this shortage of GIRLS?

All profit from the various booths goes to the Mary Jean Simpson Fund, which was established at the University, last year, by the Mortar Board Society. The Mary Jean Simpson fund was established to aid some soldier, who was at one time a student on this campus, in completing his education after the war.

Beginning August 23 the Billings Library will be open Monday through Friday 7.45 a.m.-9 p.m. Saturday, 7.45 a.m.-6 p.m. Closed all day Sunday.

VOL. 61 BURLINGTON, VERMONT, THURSDAY, SEPTEMBER 16, 1943 NO. 89

U.V.M. Prepares For Greater Future

Arts and Science Program Meets Modern Standards

Students Given Freedom To Select Own Fields

As the war has affected the University in the person of different men, we are in a position to [illegible] observe and comment upon the changes in curriculum that have been brought about on this campus during the past few years.

As some upperclassmen know, the University did not have a Liberal Arts curriculum, nor did it offer a Bachelor of Arts degree prior to 1940. At that time, a change occurred in the curriculum which greatly affected the prestige and value of courses offered at Vermont.

A few years ago, the various colleges which are part of the University, offered a number of courses listed under such names as Classical, Literary-Scientific, Social Science, and General Science. In 1940 the faculty decided to present a Liberal Arts curriculum which would combine some of the above curricula and do away with others. Under the new system—new at Vermont the individual was able to do intensive work in some one chosen field, with curriculum balanced by a moderate amount of required subjects. This Liberal Arts innovation also provided a considerable amount of freedom in choosing electives. Following the satisfactory completion of work, the school authorities awarded the B.A. degree, a policy which is of course being practiced on the campus at present. A certain number of semester hours and a certain minimum grade necessary for graduation with degree were also specified at that time.

Miss Crabbe Heads Nursing School

Sets Up Aims of New Educational Program

The University of Vermont enriches its curriculum greatly this fall with the [illegible] of a School of Nursing, headed by Miss Faye Crabbe, R.N., B.S., M.A. The course is of five years duration and graduates will receive a B.S. degree in Nursing.

[illegible] CYNIC contained information about Miss Crabbe, but it did not say [illegible] eight graduate courses in summer [illegible] in the University of Nursing [illegible] in Colorado College of Education and in the Teachers' College of Columbia University. Miss Crabbe [illegible] Simmons College in Boston [illegible] coordinator of Nursing Education [illegible] in Boston University. In [illegible] schools of nursing, Miss Crabbe [illegible] Accrediting Committee of the National League of Nursing Education. Her qualifications to be head of [illegible] Nursing do not cease here, [illegible] also a member of the Curriculum Committee of the National League of Nursing Education and assisted in developing the present Curriculum for the School of Nursing.

The need for a School of Nursing in the University of Vermont arises from the findings of a survey of Nursing Education in Vermont in 1935 made by the National League of Nursing Education in cooperation with nursing agencies in the state. The survey indicated that Burlington was the logical place to de-

(Continued on page 5)

Post War Planning Conference Monday

The Post-war Planning Conference which is scheduled to be held at the University on Monday-Tuesday, September 20-21, is designed to afford a complete exchange of ideas between the representatives of the various state agencies.

The Conference opens with a luncheon in the South Dining Room at Waterman. Pres. John S. Millis will introduce briefly the delegates and initiate the Conference. At 2.30, Monday afternoon, the delegates will assemble in the East Lounge for the first discussion which will concern post-war planning for Vermont from the point of view of industry and labor. Lieut. Gov. Mortimer Proctor, chairman of the State Committee for Industrial Planning, will initiate the discussion from the point of view of industry and Mr. John C. Lawson, Secretary-Treasurer of the Vermont State Industrial Union Council will introduce the points of view of labor.

The post-war work of the agencies of the State Government will be the subject of the evening discussion. Mr. Philip Shutter, Executive Secretary of the State Planning Board and Mr. Edward Stues, Director of Vocational Rehabilitation will set forth their views on the subject.

Tuesday morning the topic will be the "Functions of Agriculture and Education in Public Health." Mr. Arthur Packard, President of the Farm Bureau will intro-

(Continued on page [illegible])

Graduation Will Be Short This Summer

Despite the war and a decreased student body, a record graduation ceremony will be held at the University Chapel at 3 p.m. on September 24.

Approximately thirty-five are expected to graduate, and fifty-one will have degrees bestowed upon them. At 7.40, an academic procession will form and go into the chapel at 8 o'clock. President Millis will speak at the ceremony and Reverend Hall and Professor Rowell will act as chaplain and [illegible] marshal respectively.

The procedure will naturally be of an abbreviated nature due to the small number of graduates. However a comparatively large variety of degrees are to be presented due to the fact that graduate students are among the chosen number. The following is a list of the degrees and the number expected to receive them:

Bachelor of Science	1
Bachelor of Arts	10
B.S. in Science and Education	1
Bachelor of Education	1
B.S. in Education	3
B.S. in Civil Engineering	4
B.S. in Electrical Engineering	[illegible]
B.S. in Mechanical Engineering	29
Master of Education	9
Master of Science	5
Master of Arts	1
Bachelor of Philosophy	1

The organ background for the cere-

(Continued on page [illegible])

College Committee Plans for Future

[illegible] Pres. John S. Millis announced the [illegible] of a Committee [illegible] the Committee on Evaluation and Planning. The object of this group of University members is to study the present program of the University, and to determine its responsibilities to the students and to the state and its opportunities for service, with reference particularly to the needs of the post-war period.

This committee in its first four or five meetings has set itself to the task of studying the basic fundamentals of our educational systems in order to have a solid foundation upon which to build definite plans for the future. They have discussed such topics and questions as: Should we follow the liberal arts colleges in the giving of liberal education with the means of making a living picked up on the way or should we stress the professional and vocational education to secure a means of livelihood in our complicated economic system? Or should we follow the England system? Or should we give higher education [illegible] only to a select few that they may be leaders with those possessing a limited education as followers? If none of these seems to be satisfactory alone how can they be integrated to produce the type of American citizen we must have for an

(Continued on page [illegible])

Six Instructors Added to Faculty

Two More Come Back With Army Discharge

Six former faculty members have returned to the University of Vermont from the armed services, and six new ones have been added to the list according to an announcement today (Thursday) by Pres. John S. Millis.

Those returning include A. M. K. Blume, formerly instructor in the German department, who has now been appointed instructor of mathematics under the army program, and Stewart I. Johnston, formerly instructor in Romance Languages, who will now divide his time between those subjects and teaching Civil Air Regulations to the army units.

Mr. Johnston came his induction last October. He [illegible] a member of Reconnaissance Troops at Camp Breckinridge, Ky. As a result of a hospital experience he has received a medical discharge on which he is to return to the University.

Mr. Blume was stationed at Camp Pickett, Va., first as a medical technician in the Medical Corps, and later as teacher of typewriting in the [illegible] school. Following his honorable discharge, he was for a time with the Curtis Engineering Co. in Meriden, Conn., and while there took a course in [illegible] designing at Yale University.

In the list of new faculty is Dr. Robert R. Schattan, formerly of Poland, who has been appointed assistant professor of mathematics. Doctor Schattan received the degree of A.M. from the University

Hard Work on Carnival Still Leaves Saunders Time for Letter Writing

By Marion Merrill

Before I pull out the old dusty books, and open them up to look at all the work that the coming tests and exams are going to call for I'm going to sit down and see if there is anything of importance that should go into the dear old Cynic this time. There are some things that might interest you as they did me but I don't think that I had better put them here. I do intend one little quote a bit. I'd better not run over.

The letter situation is rather humorous to say the least. The mail that does come to all but certain people from certain people One morning, tired of the same old stuff from all these inmates got together and wrote the letters that the other should have written, the outcome was, well—let's not go into that now. Let's see. Useless, yours truly, wrote Dick for Laurel, Laurel wrote Budd for Useless. Then Dot came in and wrote them both. Funny isn't it, Lolly, that we haven't heard for the past two weeks. Oh well, the odds were against us. And Dot, just try and hide another of my V-mail letters and I'll kill you.

Poison Oak for Two

Bobbie McGeever has poison oak all over her legs and I don't know where else and the funniest thing of it all is that Tom Hall, Cadet, has it, too. Poor Bobbie went swimming to a place where yours truly said there was good swimming. The poison oak seemed to be very good, too. Sorry! But I can't understand why your friends Suzy and Dick didn't get it, too, or are they hiding the fact that they have!

Brooklyn Bomb Shell

This past week was a hard and somewhat dreary week for all of the Sanders inmates. Under the watchful eye and nagging shouts of "I'm doin' all the woke around dis here place so get to woke you girls!" from our Brooklyn Bomb Shell. We worked our heads off on the Carnival which wasn't bad for us since we don't need them or should I say use them, very much. If she had only stayed to see the outcome of the show I don't think she would have been so mad. I, and all the girls who were guilty of the crime, wish to here make our apologies to Mrs. Bosworth and Miss Simpson, for leaving the Carnival early. But the girls who worked *all* afternoon and evening and who left after the first hour, I won't apologize for because I don't think that they were in the wrong what so ever. All in all we are very proud of our little show; everything went well, we have a nice little sum of money to turn over to the Mary Jean Simpson Fund, and everyone seemed to be having a pretty good time. Our congratulations to Jim and Mim who ran the wheel, and Barbie Morgan, the Fortune Teller. They did one swell job, and the net proceeds outdid the rest of the shows. Dotty, dear, for you and Useless I shall say that I think the Hitler Booth was good, too.

Activities

This past week-end had many other great attractions. Some of which can be mentioned here are the activities of those who went home for the week-end. Laurel Hansen made her way to Montpelier where she took many presents for her mother. Wish her many more happy birthdays for me, will you!

Irene went to New Jersey where she was in hopes of seeing Paul in uniform before he was sent somewhere else. Also what time there was left was spent with family and brother who was home on furlough.

And Lois Stevens went home but not for anything so nice as a pleasant week-end with the folks. Her grandfather's funeral was Sunday. Our deepest sympathy, Lois.

That week-end must have been too much for Laurel. She is now in bed and will probably remain there for some time. I do think that you might get up tomorrow, Lolly. Twenty-four hours' sleep should be enough for anyone.

Gerry St. Germain seems to be doing the same old thing these days. A different man each day to go up to and make eyes at. I wish I had what you have. What is it, perfume?

Say Mim, how does young all like that three married life? Well you can dream anyway, can't you? If Jim keeps up the Wheel racket you two will be very well off. And I must put in a word about Inez and her wonderful salesmanship at the Beer Bar. Inez was the assistant chairman at the Carnival and she did a swell job. It's very nice working with someone like you!

Two Wolfs

I heard two wolves talking and they wanted to know just what girls did at a Dorm of any interest. Dot Whaley in answer gave with a neat letter. I haven't time nor place to put it in here but wish I did. It was super. One story told what studious little girls we were and how we came back to the dorm every minute we had free and studied, or else we spent our evenings in the library, getting in very bite of knowledge we possibly could. Real Scholars! The second one was a scream more for the reality of it. However not all of that was true. We can't go out every night but if we could I think that this story would be the real MacCoy. Mainly the getting up at five minutes to nine for our nine o'clock class. Some of the girls are not guilty of this crime. But those who can wear this shoe now (I bow my head in shame) had better get to work and try to do better. Messy beds and rooms and tardy reports aren't the best things, are they?

Well, it is close to eating time and I have to get down town. The men have all gone by and I've been sitting in here. I don't know just what has happened to me. Heck, I can't go on with this any more, he is cute and he's heading down that way, wrong way for me but I've got time to waste. Let you know how things came out next issue. Bye, and when you read the funnies next Sunday just think of me.

Roberts House

So many inmates of this institution left for a gala week-end elsewhere, that the house echoed only a few footsteps. Pat Illingworth, that little co-ed from Siena Heights, in Michigan, went to Bennington to visit her parents. Betty Mansfield trekked over to Dover, N. H., and "Pargie" Batchelder went home to Montpelier. Rhoda "Brain" Baldwin and Georgia "Krazy" Kafalas visited Hinesburg and haven't returned as yet . . . . guess they will, though. "Phidy" Lowe went to New York to see . . . . guess who? Why ask! Who could it be but "Dud" Davis? (A sailor, no less!) Oh yes, "Chris" Lawson, at the last minute, decided to go along for moral support. . . . . well, support, anyway!

Carnival

(Concluded from page 1)

cess—financially, and socially. But what we want to know is, why this shortage of GIRLS?

All profit from the various booths goes to the Mary Jean Simpson Fund, which was established at the University, last year, by the Mortar Board Society. The Mary Jean Simpson fund was established to aid some soldier, who was at one time a student on this campus, in completing his education after the war.

R. O. T. C. Hike

(Concluded from page 3)

that the fellows did not stick up a single hair while crawling. At any rate, we all got some idea of the caution that is necessary while moving under fire. As it grew pitch black, and the milky way appeared above we assembled to watch an exhibition of night firing with tracer ammunition. Following this, the return march to camp, a short bull session, and then to bed.

Now it seems that some saboteurs were present that night, for at any rate, it was not long before most of the tents had rainbows dripping about the heads of the occupants. However, tired soldiers are not to be denied, and order was soon restored. The evil-doers were rewarded with guard duty, incidentally.

Cook Dwyer

Hardly had we closed our eyes, when seven a.m. rolled around. Mountain air is pretty cold at that hour of the morning, but Sergeant Dwyer's eggs, cereal, and doughnuts soon remedied that. We are not particularly choosy, but it might be said that the sergeant's coffee scared one for a while until he got used to it. He says that it was the chlorine in the water, but we say . . . . oh well, why argue.

At 9.30, the platoon moved out on a field problem which lasted for over two hours. Lieutenant Thayer acted as the enemy, and it was the job of platoon leader Sylbert to get to him in the safest and most efficient way. By the time he had taken the men to firing distance of the enemy, he was listed as a casualty, and Platoon Sergeant West took over. The terrain was quite deceptive, and we later found out that an enemy in Lieutenant Thayer's position could have done quite a bit of damage under the circumstances. The group was assembled and mistakes were pointed out and suggestions were made.

Morning Swim

The platoon took a well-earned swim and reported for lunch. This time it was fresh corn, potatoes, and ham. The principles of camouflage were demonstrated at this point, as Sergeant Dwyer did a very efficient job of camouflaging the ham with his "grape sauce."

Hardly had the food slipped down, when someone dropped a nickel in 1st Sergeant West, and out came the familiar "fall in." Orders were given as to striking tents, folding blankets, etc. A short mess gear and rifle inspection was held before packs were rolled. At about this time, Spiegel opened his mess kit to find a snake nestling comfortably in his meat can. Profound language and dire threats were heard. But the incident was soon forgotten. Within a half-hour, the platoon was again lined up to receive final orders. The grounds were combed for rubbish and the camp was generally tidied up before leaving.

At 3.30, songs could be heard from the men as they marched along the road. After moving for about a mile and a half, we were overtaken by the loaded trucks, which met us at the edge of the reservation. The order was "pile in," and we were again on our way, this time toward the University.

Jericho, Essex Junction, and Winooski whisked by, and in record time, the trucks steamed into the cage just as five bells were heard from the Chapel clock. The vehicles were unloaded, packs were stowed, and rifles were racked before Sergeant Dwyer could say "berl him in erl."

We can assure the military department that their efforts were not wasted, for the entire platoon had a whale of a good time and certainly gained important experience from the trip.

Singing Cadets Become Champions of Morgenthau With "Remember P. H."

(Concluded from page 3)

cast of even us flight men [illegible] we will hide the whip (and the rooster) and sleep on and on. I can dream about it anyway.

I must warn you new men about Sergeant Sorensen's personal inspections. You see when he goes down the ranks he immediately puts you on the defensive by bellowing, "Hey Slim, why didn't you shine those shoes this morning?" or "When did you shave last." This is the standard approach even if your shoes glare up in his eyes and you are too young to shave. The best way to get around this is to stoutly declare that you shined your shoes that very morning exen if they look like they had just returned from marching through Sicily with the Seventh Army. He usually accepts your word of honor but if he has his doubts he looks you over until he finds a comb or a bit of paper sticking out of your pocket and then he gigs you anyway. The moral is, "You can't escape the far-seeing eye of justice."

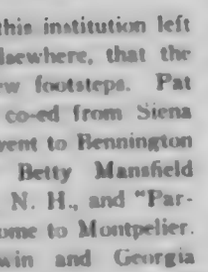
At almost any hour of the day one can hear an intrepid band of students marching past the Waterman Building to the accompaniment of the off-time strains of "Remember Pearl Harbor." U. V. M. is starting to sound like a perpetual war bond drive.

These new fellows from Miami Beach bring back unpleasant memories with those jeep songs. We will never forget those sweltering parades and the long marches back over the [illegible] those B. T. C. tunes.

Someone ought to figure out a way to make the mess hall a case of "first come first served" instead of the "survival of the fittest" race it is now. Perhaps if the classes could be staggered a little or the dining hall opened a few minutes earlier some of the jam could be eliminated.

Big "G. I. party" at Redstone tonight but all the flight men will be at ground school so we will miss out on that party since we arrived. Please don't wait up for us, Sergeant.

Former Cadet Lieut. Harry Dow had one of those well-known bad days last week. He started off by getting [illegible] chewed for marching out of section. To forget it all, he decided to book a few games. He was doing fine until after one particularly strenuous delivery he was so incapacitated he had to return to Redstone immediately. When he got there he found that he was restricted for the week-end for, to quote the bulletin board, "Poor general effort." When last seen Mr. Dow was wandering around in a daze muttering something about seeing the chaplain.



Lieutenant Dixon seems to have set a new style for the wearing of overseas caps. Foremost exponents of this style seem to be men who are veterans of group board.

See you next issue with a thrill-by-thrill account of the latest group of "hot pilots" first week in the air.

Beginning August 23 the Billings Library will be open Monday through Friday, 7.45 a.m.-9 p.m. Saturday, 7.45 a.m.-6 p.m. Closed all day Sunday.

U.V.M. Prepares For Greater Future

Arts and Science Program Meets Modern Standards

Students Given Freedom To Select Own Fields

Now that war has affected the Universities of Vermont in the person of different army units we are in a position to critically observe and comment upon the changes in curriculum that have been brought about on this campus during the last three years.

As some upperclassmen know, the University did not have a Liberal Arts curriculum nor did it offer a Bachelor of Arts degree prior to 1940. At that time, a shake-up occurred in the curriculum which has strongly affected the prestige and value of courses offered at Vermont.

A few years ago, the various colleges which are part of the University, offered a number of courses listed under such curricula as Classical, Literary-Scientific, Social Science, and General Science. In 1940, the faculty decided to present a Liberal Arts curriculum which would combine some of the above curricula and do away with others. Under the new system—new at Vermont the individual was able to do intensive work in some one chosen field, with curriculum balanced by a moderate amount of required subjects. This Liberal Arts innovation also provided a considerable amount of freedom in choosing electives. Following the satisfactory completion of work, the school authorities awarded the B.A. degree, a policy which is of course being practiced on the campus at present. A certain number of semester hours and a certain minimum grade necessary for graduation and degree were also specified at that time

Before A New Beginning

State Agricultural College Improves Curriculum

Civilian Students Are Core of University

By George Goodnough

The function of the State Agricultural College of the University of Vermont is threefold. It teaches, it investigates, it disseminates. These three functions are carried out by the college itself, the Agricultural Experiment Station and the Agricultural Extension Service. There is a definite cycle which operates among these three branches of the college. In the teaching division men and women are trained to make better farmers or home makers, to do experimental work in the agricultural field, extension work or to enter the agricultural industries. It is seen from this that the college proper is a source of supply of men for the operation of its branches. The experiment station receives problems from the farmers and works them out. The results of these experiments are passed on to the extension service which in turn disseminates the information to the farmers.

During the coming semester, and for the duration, the enrollment in the Agricultural College will be extremely small. This offers an excellent opportunity for the staff to work out changes in the curriculum which will permit students a wider choice of specialized courses as well as a better general education. The course is to be set up on a "2-2" basis. That is, the first two years will be devoted to general basic courses in the humanities and in the sciences with few courses of a specific agricultural nature. The last two years

Six Instructors Added to Faculty

Two More Come Back With Army Discharge

Two former faculty members have returned to the University of Vermont from the armed services and six new ones have been added to the list, according to an announcement today (Thursday) by Pres. John S. Millis.

Those returning include A. M. K. Blume, formerly instructor in the German department, who has now been appointed instructor of mathematics under the army program, and Stewart I. Johnston, formerly instructor in Romance Languages, who will now divide his time between those subjects and teaching Civil Air Regulations to the army units.

Mr. Johnston, since his induction last October, has been a member of Reconnaissance Troops at Camp Breckinridge, Ky. As a result of a hospital experience, he has received a medical discharge enabling him to return to the University.

Mr. Blume was stationed at Camp Pickett, Va., first as a medical technician in the Medical Corps, and later as teacher of typewriting in the camp school. Following his honorable discharge, he was for a time with the Cuno Engineering Co. in Meriden, Conn., and while there took a course in tool designing at Yale University.

In the list of new faculty is Dr. Robert R. Schutte, formerly of Poland, who has been appointed assistant professor of mathematics. Doctor Schutte received the degree of A.M. from the University

Miss Crabbe Heads Nursing School

Sets Up Aims of New Educational Program

The University of Vermont enriches its curriculum greatly this fall with the addition of a School of Nursing, headed by Miss Faye Crabbe, R.N., B.S., M.A. The course is of five years duration and graduates will receive a B.S. degree in Nursing.

A former CYNIC contained information about Miss Crabbe, but it did not say that she taught graduate courses in summer sessions in the University of Nursing Education in Colorado College of Education and in the Teachers' College of Columbia University. Miss Crabbe has taught at Simmons College in Boston and was coordinator of Nursing Education courses in Boston University. In surveying schools of nursing, Miss Crabbe assisted the Accrediting Committee of the National League of Nursing Education. Her excellent qualifications to be head of the School of Nursing do not cease here, for she was also a member of the Curriculum Committee of the National League of Nursing Education and assisted in developing the present Curriculum used for School of Nursing.

The [illegible] for a School of Nursing in the University of Vermont arises from the [illegible] a survey of Nursing Education in Vermont in 1935 made by the National League of Nursing Education in connection with nursing agencies in the state. The survey indicated that [illegible] was the logical place to de-

(Continued on page 5)

Post War Planning Conference Monday

The Post-war Planning Conference which is scheduled to be held at the University on Monday-Tuesday, September 20-21, is designed to afford a complete exchange of ideas between the representatives of the various state agencies.

The Conference opens with a luncheon in the South Dining Room at Waterman. Pres. John S. Millis will introduce briefly the delegates and initiate the Conference. At 2.30, Monday afternoon, the delegates will assemble in the East Lounge for the first discussion which will concern post-war planning for Vermont from the point of view of industry and labor. Lieut. Gov. Mortimer Proctor, chairman of the State Committee for Industrial Planning, will initiate the discussion from the point of view of industry and Mr. John C. Lawson, Secretary-Treasurer of the Vermont State Industrial Union Council will introduce the points of view of labor.

The post-war work of the agencies of the State Government will be the subject of the evening discussion. Mr. Philip Shutter, Executive Secretary of the State Planning Board and Mr. Edward Stiles, Director of Vocational Rehabilitation will set forth their views on the subject.

Tuesday morning the topic will be the "Functions of Agriculture and Education in Public Health." Mr. Arthur Packard, President of the Farm Bureau will intro-

(Continued on page 8)

Graduation Will Be Short This Summer

Despite the war and a decreasing enrollment, a regular graduation ceremony will be held at the University Chapel at 8 p.m. on September 24.

Approximately thirty-five are expected to graduate, and fifty-one will have degrees bestowed upon them. At 7:40, an academic procession will form and file into the Chapel at 8 o'clock. President Millis will speak at the ceremony, and Reverend Hall and Professor Rowell will act as chaplain and chief marshal respectively.

The procedure will naturally be of an abbreviated nature due to the small number of graduates. However a comparatively large variety of degrees are to be presented due to the fact that graduate students are among the chosen number. The following is a list of the degrees and the number expected to receive them:

Bachelor of Science	1
Bachelor of Arts	10
B.S. in Science and Education	1
Bachelor of Education	1
B.S. in Education	3
B.S. in Civil Engineering	4
B.S. in Electrical Engineering	5
B.S. in Mechanical Engineering	10
Master of Education	9
Master of Science	5
Master of Arts	1
Bachelor of Philosophy	1

The organ background for the cere-

(Continued on page 4)

College Committee Plans for Future

In July Pres. John S. Millis announced a new and all University Committee known as the University Committee on Evaluation and Planning. The object of this group of University members is to study the present program of the University and to determine its responsibilities to its clientele, and to the state, and its opportunities for service, with reference particularly to the needs of the post-war period.

This committee in its first four or five meetings has set itself to the task of studying the basic fundamentals of our educational systems in order to have a solid foundation upon which to build definite plans for the future. They have discussed such topics and questions as: Should we follow the liberal arts colleges in giving a liberal education with the means of making a living picked up on the side or should we stress the professional and vocational education to secure a means of livelihood in our complicated economic system? Or should we follow the English practice of giving higher education only to a select few that they may be leaders with those possessing a limited education as followers? If none of these seems to be satisfactory, show how can they be integrated to produce the type of American citizen we must have for an

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 61 SEPTEMBER 16, 1943 NO. 89

About U. V. M.

While we spent [illegible] weeks on this campus in quest of a few more [illegible] all over the world our armies began the final hot [illegible] uphill [illegible] while the thunder of our cannons has been approaching the final [illegible] of Europe, we took time out to improve the present and [illegible] for the [illegible] and the future.

Expansion

The enrollment at the University expanded from 1,300 to 1,900 students without straining the facilities of the institution to the breaking point. This was the most positive proof that the capacity of the college had never been reached in the past years and that the gradual expansion of the campus in the world to come will be a definite possibility. At the present moment, however, U. V. M. has attained its saturation point and it is hardly expected by any quarters that the enrollment will be increased in the war years to come.

Understanding

The students learned to pass back to Americans from all states and of all classes and so became exposed to the mighty opposites which make up the complex of nation's individual. When the war will be over and we shall again be among ourselves, we shall be certain that outside of the state, outside of New England there are people whom, in spite of different environment and opinions, we can respect and understand. This realization will prove a sturdy conduit in clearing a broader path for the messengers of good will and brotherhood.

Student Government

The students learned to plan and conduct their own activities, and student government gained further ground on the campus due to the conscientious collaboration of more and more students. This fall, when all the traditional societies will come to life again, Student Government will find it necessary to either absorb them or make them a pillar in the structure of student life planned by students alone. Then, Student Government will have realized the first part of its promising mission successfully.

Faculty

The faculty slowly began to realize that they must not exclude themselves from the life of the students; and a few professors mixed with the younger crowd to which they always should have belonged. We hope that this process will gain momentum and establish a more cordial relationship between the guide and the guided. There will be dances and community suppers in the fall and the faculty should make use of their privilege to drop in and so demonstrate their interest in the students outside of the classroom. Since many of the faculty members have in the past been isolated from student life the CYNIC will start a big faculty subscription campaign in the fall and we are confident that the faculty will make use of the offer.

Post-War Planning

The administration not only did an outstanding job in correlating the army needs with the civilian program but also went ahead in planning for the future. President Mills established a permanent committee to investigate the problems which the University will have to master in the post-war world. To show the keen interest of the University in the future of the State, the president also called representatives of the State to a meeting which will discuss the provisions Vermont has to make for a better future.

Directives

The revision of the Arts and Sciences as well as the Agricultural curriculum, the appointment of more prominent people to the faculty, the establishment of a new School of Nursing—all these improvements show that the University has finally overcome its period of dormancy and is moving ahead to the position which it should hold among the institutions of higher learning.

Spirit

The University's policy to have girls eat at the college dining room will finally make room for a tradition which will find all students eating together. The compulsory convocations will also help to instill the school spirit for which so many have clamored in the past.

The University of Vermont stands before a new beginning and when the sun will eventually rise as it must, it will find a campus marching triumphantly uphill.

Liberal and Vocational Education

By John T. Metcalf
Professor of Psychology

JOHN T. METCALF

A great deal is being said and written today about the kind of education we are to have after the war. There seems to be fairly general agreement that a number of changes will be made in our pre-war educational system, but there is wide disagreement as to what these changes will or should be. The present emergency, with its very unusual demands, has placed emphasis upon meeting certain immediate practical needs with the utmost possible speed. With the end of the war a quite different set of needs will have to be met, and it is to be hoped that they can be met without accelerating the tempo that long experience has shown to be best for the processes of education.

The issue, as I see it, is not liberal *versus* vocational education, for normally the two supplement each other. The educated man must be adequately trained as a workman, but it is also important that he should be fully and symmetrically developed as a human being. Vocational education meets the first of these requirements, liberal education the second, and both are necessary. The real question is how the two should be proportioned in the preparation of the individual for life. Those who see life as exclusively a struggle for a living argue that education should be wholly vocational, and it is with these that I would take issue. Except in war time, when life may indeed become a struggle for existence on a large scale, there is a great deal more to life than simply making a living.

"An Education"

In James M. Barrie's play, "Mary Rose," there is a scene, laid on an island in the Hebrides, in which an English naval lieutenant is talking with a young Scotchman from a near-by village. It develops that the Scot's father is a crofter, a small tenant farmer, and that father and son both attend the University of Aberdeen. The Englishman asks in surprise about the father's future plans, and on being told that he intends to return to the village and be a crofter again after taking his degree, he remarks that in that case he doesn't see what he is getting out of it. "He is getting the grandest thing in the world out of it," replies the Scot, "he is getting education."

Montgomery

It is clear that vocational education is a means to an end, whether that end be a better living for the individual or the more effective service of the group. Liberal education is an end in itself, to be pursued for its own sake and not for any ulterior purpose. In this sense liberal education is free and not constrained. Being itself free it sets free those who share in it. The really educated man can always free himself from the worries and preoccupations of his job, because he has a sense of proportion and knows how little as well as how much his job matters. A man whose eggs are all in one little vocational basket is bound to show a petty anxiety which does much to undermine whatever confidence others might place in him. The leader who inspires the greatest confidence is the one who can readily turn from the cares and responsibilities of his position to something broader and finer, as General Montgomery, at the close of a day of campaigning, reads the Bible or Shakespeare. This being at home in the realm of thought and imagination is as far as possible from what is commonly referred to as "escape." It is not an escape from the world, but rather a relating of the smaller world of one's own experience to the larger one of the experience of the race.

Imagination

This awareness of the greater world beyond the little one of our own personal, practical interests is perhaps the greatest boon which liberal education has to confer; and it is one of the greatest, perhaps the very greatest, condition of happiness. Vocational education alone is not capable of giving this to us, for it can never transcend the particular job with which it is concerned. To do his work really well a man must see his job imaginatively. He must see where it fits into the great scheme of things and he must have a sense of its significance which carries beyond immediate results. Only then does his job become something more than a routine to be undergone from necessity or habit. Only then does he realize the worthwhileness of his occupation. "We don't know where we're going, but we're on our way," may be a cheerful slogan to careless youth, but as a way of life it soon becomes deadly dull. It is indispenable for human happiness to know, in the broadest possible way, where we're going.

There are those who argue or imply that vocational education is more appropriate for a democracy than liberal education. Again I would emphasize that I believe that both forms of education are necessary, but I would add that I also believe that liberal education is more important for a democracy than for other political arrangements. Democracy calls for greater intellectual maturity on the part of its citizens than do other forms of government. Under a democracy each citizen is expected to help in the making of decisions. Like the truly mature mind, democracy looks on all sides of every question and gives every point of view a hearing. Any idea, if it has followers, is entitled to consideration. If the idea is good enough to [illegible] majority it is put [illegible] after having been [illegible] and criticized by those [illegible] ideas. Under a dictatorship [illegible] impossible. Like the [illegible] which can see only on[illegible] dictatorship has room [illegible] that of the ruling class [illegible] such a system of gover[illegible] for the vast majority [illegible] narrowly vocational. [illegible] Nazi Youth is a partic[illegible] ample of vocational [illegible] from liberal. In a demo[illegible] whatever his vocation, [illegible] to concern himself with [illegible] government. He may not [illegible] by saying that he has been [illegible] different field and that good [illegible] be left to those who specialize [illegible] He must, therefore, if he [illegible] obligations as a citizen [illegible] which will enable him [illegible] limits of his vocational specialty.

A few years ago I was talking with a successful business man who [illegible] that there had been great [illegible] recent years in all fields of [illegible] education. He was himself [illegible] terested in transportation [illegible] the horse-drawn vehicle [illegible] automobile, and the automobile [illegible] challenged by the airplane. [illegible] cators seem to agree with [illegible] man, for they talk about [illegible] education. Such a figure betrays a [illegible] lack of understanding of the true [illegible] of the educational process. It [illegible]

(*Continued on page* [illegible])

. . . in peace and war

This emblem is familiar throughout the nation as the symbol of a well-trained team, integrated for service in peace or war—The Bell Telephone System.

1. American Telephone & Telegraph Co. coordinates all Bell System activities.

2. Twenty-one Associated Companies provide telephone service in their own territories.

3. The Long Lines Department of A. T. & T. handles long distance and overseas calls.

4. Bell Telephone Laboratories carries on scientific research and development.

5. Western Electric Co. is the manufacturing, purchasing and distributing unit.

The benefits of the nation-wide service provided by these companies are never so clear as in time of war.

Lieut. Frank Turner New Officer Southwick Hall in First Assignment

... Now keep it! What's ... spirit ... manner that led him to ... football varsity player at New ... Lieut Frank Turner has ... of Southwick with a new ... slogan now is, "South... Best of All!" Results of ... meeting were demonstrated ... Squadron D, composed ... wick men, marched to vic... ...

Lieutenant Turner

... Turner arrived at U. V. M. ... his first assignment since he ... to replace Lieutenant Mc... wick's tactical officer. Lieu... has taken over other ... addition, Lieutenant Turner ... tactical officer, summary courts ... ordnance officer, and personnel ... Sounds like he has his hands full, ...

... an excellent background for the ... by the army. Before en... armed forces, he acquired a ... science degree in merchandis... N. Y. U. After about fifteen ... in the service, the army selected ... be a candidate for officer's train... He successfully completed the train... and was graduated on August 12 of ... year.

... lieutenant's first efforts are di... toward greater discipline around ... campus and in the halls. All of us ... that discipline distinguished an ... from a mob. Yet we often neglect ... things that count so much for victory.

He says he likes it here very much and ... to thank all of those who have ... his a pleasant one. He asks every ... student's cooperation in this drive toward ... discipline. What do you say fel...? Are we going to cooperate with ... Turner?

Still Southwick

The announcement that all of us would ... in Southwick for at least three or ... weeks, or maybe for the duration of ... stay here at Burlington, was greeted ... much elation on the part of the ... staying in Southwick.

Hear Ye! Hear Ye! Fellows, a new ... has been formed for members of ... only. Last week the headquar... of the "Eager Beaver's Lodge," in ... Shangri-La, decided to expand. Hence we ... have such a lodge in the 61st. From ... we hear, the membership has gone ... by leaps and bounds the past week and ... chances are, that it will total much ... than that in a short time. Of course, ... student officers had first chance be... they always get information before ... rest of us do. But don't give up hope, ... we still have a chance to catch up.

Two Cents a Year

... a reasonable rate of two cents a ... and other considerations, you too can ... an "Eager Beaver." Apply for mem... at once. Don't walk, but run to ... nearest reporter and get the low... on the situation. Opportunity knocks ... men. Don't miss the chance of a ... time. We reporters are well versed ... this subject and can answer any ... question on the matter.

It seems that Friday night was prank... night in the ballroom, wasn't it, ...? Oh, don't be so bitter, Had... you were not the only one who had ... half-sheeted. Are we right, Hopp, ... and the rest of the fellows who ... difficulty getting into bed? ... there is one prankster who learned a ... for he was suddenly dunked with ... water in the middle of a sound, sound ... He was well paid for his misdeeds.

G. I. Party

Thursday night, Southwick had its ... G. I. party. The brass-polishers ... greatly elated at first, when they ... the supply of polish gone. They ... sure they would not have to work ... night. But oh, how sadly they were ... for it seems that there were ... good souls in the ballroom who dug ... various types of brass polish, and ... generously donated it to the cause.

... that song, "Fifty Dollars a Day Once ... Month," they really do build up your ... for seven days a week. When we ... first came here, our best men could hardly run a mile, but now most of us can run three miles or more. This has been due to intensive training at the hands of the coaches in the College gym. They also have been giving us body building exercises and as a result, most of us are showing much improvement. Our hats are off to the coaches, fellows, they really deserve it.

At last, the fly situation is cleared up. These cold nights have blitzed the flies from the air. Of course, now some of the men have to sleep with overcoats thrown over themselves as one woolen blanket is not enough. However, the fellows are contented, because they can write their myriads of letters without disturbance. It's a wonder that some of these fellowmen of ours don't get writer's cramp. It gets so cold here at times that the fellows can't write in a straight line in the departure book when they sign in. It must be the cold, hey, men?

Sigma Nus Have Hazardous Moving And Busy Week-end

On the illustrious and long remembered (by us) day of September 10, Friday last, the former Robinson Hall students moved to the Sigma Nu House. Take our word it's a very tedious job to carry all your belongings, etc., the twelve or thirteen blocks from Robinson to Sigma Nu.

From three thirty until six there was a continuous stream of former "Robinson Roomers" making their way between their old and new homes. Many of the fellows were very ingenious in their methods of transportation. If you had been a bystander to these amazing methods you would have been held spellbound by the miraculous escapes made on bicycles, wheelbarrows, wagons, etc. There were many Friday afternoon drivers who probably were scared completely out of their wits by a peculiar object on two wheels with no driver in sight, he being covered with mattresses, uniforms, and what not, coming straight at them and only missing their autos by scant inches.

Nice, But . . . .

Despite all of this they arrived safely and began to get settled. The general opinion of the students, as to their new abode, was "It's nice but very antiquated."

After the first talk from our new tactical officer, Lieutenant Dixon, last Saturday, the boys realized they had a "square shooter." They are sure, so they say, that they intend to "keep on the ball" for Lieutenant Dixon as well as they did for Lieutenant Graimo. We will do our best, Lieutenant!

Ticonderoga

Many of the students were aboard the *Ticonderoga* last Saturday night when she set sail at eight o'clock. The night was just right, although it was pretty cold. To remedy this you could always beat a retreat inside where there was both dancing and plenty of heat. The fellows wished to thank the committee who so ably arranged this bit of entertainment which I'm sure was both scenic and quite an experience to some of the fellows from the west and midwest.

Now, here's a little gossip about both social events and peculiar happenings since the last issue.

The former Robinson boys went even more "all out" this open post than last, for by this time stories had drifted back to those who had stayed in the hall and they didn't intend to miss anything. If you lived in the Sigma Nu House you certainly would understand many of those things. If not just ask the fellows. They say they will gladly answer your inquiries.

Ask R. S. McIntyre about his "seven night" fellows you'll get a kick out of his story. Oh, well, Mac maybe the cleaner will charge your bill on the O. D.'s until you're paid. Student Frank, "I'll take her after I leave her." Berberich spent his usual hapless open post. I wonder how hapless? He's got a wonderful address book fellows. Our boy? Jack Dotson, and his close rival on etiquette and chivalry, Dotson spent their Sunday like

(Continued on page 5)

An Ode to Old "T. S."

... [illegible] ...

A crew of heavies at one Eager
Were recruited for the task
Of putting final ornament
To an already fixed flare.

A standout for the Summer cure that
Extra special spark
Would be a beacon for some lost
To follow in the dark.

But with every great development
A martyr pays stands
To be the goat, to bridge the meant
Sustaining all demands.

Thus was the case of old T. S.
A nobleman, indeed,
Who never smoked, and rarely drank.
Amity was his creed.

He was drafted voluntarily
To symbolize the flood
Of acts upon which the Beavers may
Extract a pint of blood.

To thee, T. S. I raise my glass
Your name from memorialty shall
never, never pass.

Rocky Sorenson Comes to College

Sarg and Mrs. Sorenson Happy Parents Sept. 3

By LeRoy Diehl

Sergeant and Mrs. Sorenson were blessed by an addition to the family on September 3. To the happy couple at 11:40 of that memorable day was born a baby boy. Mrs. Sorenson and child both are doing fine. The sergeant, of course, was particularly happy about the child being a boy. In fact so much so that he is going to pass out a cigar to every man in the 61st C. T. D.

The child is to be christened Rockwell. The name is just as old as it may sound because it is original. It was carefully chosen by the Sorensons from the maiden name of Mrs. Sorenson. "Rocky" Sorenson. It sounds great, Sarg.!

They have many plans for "Rocky." The sergeant believes as many have always believed, that an education along military lines is the best education to prepare youth for a vigorous life. Therefore he will probably receive his education in a military school.

To dispel all rumors to the contrary it might be added that "Rocky" does not cry in cadence and he does not walk his bed in a military manner (yet). See what I mean? Al-l-l-right.

Sergeant and Mrs. Sorenson have always been extremely well liked by the aviation students. This feeling was again demonstrated in particular by drill squadron D, which took up a collection for "Rocky's" welfare. All the members of the 61st C. T. D. join in wishing the Sorenson family continued happiness and blessings from above.

We are certain that truly a soldier has been born. It is our hope that "Rocky" will be a soldier who will fight only for a livelihood in a peaceful and loving world. Toward making this possible we will continue to lend every effort.

"Eager Beavers" Make Debut at Vt. As Hot Pilots Move to New Quarters

Summer Activities Were Huge Success

Barbara Anderson Helped by Many Other Students Manages Program

Victory Formal Will Remain Unforgettable Event of Summer Season Including Studies

(By Barbara Powers)

[illegible] What a grind! That's the way it seemed to me when we completed the summer session September 7th. Now that it's the last week in August and last fall week it has been quite quiet around here. Students, [illegible] have found time to work and play. We have enjoyed the benefits of a summer session and many fine friendships that will last [illegible] have passed smoothly, [illegible] the [illegible] and January. This term might have been uneventful but for the student activities which [illegible] were well on the way to completion by the end of week 1.

[illegible] took over the man-sized job of being Social Director. Maybe she didn't know what she was getting into, but she has done a marvelous job. Many thanks, Barb! "Pussy" Perkins and "Julie" Fletcher, as undergraduate Student Union gave advice and aid, since they are old hands at this work.

Freshman Mixer

The Freshman Mixer, June 26, was a great success, probably for the simple reason that the upperclass men had an insatiable curiosity about the freshman co-eds. W. A. A. the Women's Athletic Association, was started July 1, and many clubs began such as swimming, soft ball, and tennis. The reaction to organized sports was not as expected and there were a very small number of enlistees the rest were recruited. The good old co-operative spirit was lacking. Freshmen isolated.

The zest and vigor of true college spirit that wasn't there showed itself in other ways, too. Does anyone remember the week that a beautiful picture of "College Row" appeared on the front page of the Cynic? Well it was there for more than ornament — it was there for lack of anything else to fill the page! (Since then, the case has been remedied!)

G.S.O., U.S.O.

It was planned that there would be no active Y. W. C. A. group on campus, this summer, but there was work to be done and girls to do it. We wanted the freshman girls to become interested in these projects. G. S. O. work is very important, and the response to this has been fine. Ruth Jordan, the girl behind the counter in the bookstore, has managed the project. Besides managing it she has helped at the U. S. O. nearly every week-end, waiting on table, washing dishes, and giving her services in whatever capacity she was needed. We all feel as if she has done more than her share. Our ever-present question is, "How can Jordan do it all?" How does she find the time? "Curly Top," we're cheering for you! Yes! what about the other girls? Betty Paulsen has given many hours to the work . . . always there when you need her. Ruth Rappaport is seen most every Sunday afternoon, serving supper at the U. S. O. Rhoda Baldwin isn't so far behind! The other project, helping at the community center, is one of the things that isn't very glamorous, but is certainly appreciated. "Eva" Hallas, that little Greek girl with the smile, spent approximately two afternoons a week there . . . supervising and playing games with the children. Say, did you know that that was hard work? I played "hop scotch" down there all afternoon, and I was stiff and lame for a week! Try it sometime. Lois Stevens, Marion Nelson, Alice Tyndall, Mary Fifield, and Laurel Hansen have helped, too.

Vic Dance

Oh, yes! Don't forget about the Vic Dance on July the tenth. It is famous for its scarcity of girls, and then, later in the evening, for its scarcity of men! It ended all right, though, and the dependent social committee took heart. The Campus Song, July 24th, met with mediocre [illegible] but was received by those who attended.

The Date Bureau. Yes, that's what I said. That was the idea started by Professor Rowell to provide dates for the students who are [illegible] to become acquainted. It started off with the Date Bureau Party on [illegible] in the Green room.

The initial event could likewise not [illegible] the way for immediate success of a social [illegible] but one of those dull [illegible] that can make a cat and dog fight with you because it doesn't go off with a bang.

Date Bureau

I guess some people lost the spirit of the thing. Anyway about half the cadets who signed up for a date never appeared. Result: Too many girls. Professor Rowell was a wonderful master of ceremonies, nothing can spoil that fact! Something good comes out of everything, and so it was with the Date Bureau. It has been functioning unobtrusively ever since its fatal debut, and has been a convenient means of getting acquainted. Just ask the new Cadets. In several instances it has been very successful.

Victory Formal

The "one and only," long to be remembered event of the season, was the Victory Formal, August 7. To say that it was a success is not adequate, for it topped any other event. The band wonderful, the girls in evening dresses beautiful, the special feature at intermission . . . say, that was stupendous! Sergeant Sorenson issued a proclamation regarding the surrender of Italy. (What foresight on someone's part.) After the reading of the proclamation, the "Sarge" cut Italy into delicious pieces . . . cake, by the way.

The Victory Formal was the introduction to many successful events. Student enthusiasm was at high tide, and seems to have remained so for the remainder of the summer. The Block Dance followed the next week, August 14, and a full moon lent its romantic touch to the dancing couples. August 15, bright and early . . well, 9 a.m. anyway . . a picnic breakfast was served. They tell me that it was a perfect morning . . . blue sky, just enough clouds to relieve the monotony, Mt. Mansfield in the background, and the golden haze of early morning sun.

Whittemore and Lowe

To step back a week to August 6, experienced a rare treat. Arthur Whittemore and Jack Lowe presented a program of two-piano music. They played encore after encore. You see, Vermont not only likes "jive" but also appreciates the classics.

Dean Campbell

"Today, amid the turmoil of an angry world, suffering mankind of all ages, all creeds, all nationalities, arises with a prayer on silent lips, in burning eyes . . . Freedom . . . Human Kindness." Dean Campbell, a young negro educator, came to our campus to spend a fruitful week, August 15-21, preaching and practicing a doctrine for his people—Human Kindness, and practicing his philosophy by endearing himself to all those who met him. He was entertained by the Phi Sigma Delta fraternity, G. S. O., Sanders Hall, Allen House, and by various professors. Professor Hall, in his usual hospitable manner, entertained Dean Campbell much of the time.

Community Supper

A community supper was held the 21st of August, in the women's dining room, and the 28th of August the freshmen of Sanders Hall outdid themselves by giving a grand Carnival. "Bunny" Wolfe and Inez Materese were splendid co-chairmen and the evening was a success. Jimmy Baum contributed his share to the success by helping with the decorations and running his "wheel of fortune." "Bombshelter" has lent a helping hand to many a committee-weary girl!

In spite of ominous signs of rain, no rains came, and the corn roast, September 3 was held on the girls' hockey field. Corn there was in plenty, and the jollity of the evening will not be forgotten, soon. The corn roast was followed by a Vic Dance, Saturday, September 4th.

Boat Ride

Last Saturday there was another full moon and it was one glorious night for the boat ride . . . maybe a little chilly! It was a grand closing to the season. Breakfast was served outside, Sunday morning, in back of the Old Mill. It was a brisk fall morning and the hot coffee tasted good.

The summer season has come to a close. The students and faculty who have spent time and effort are to be thanked. We have had the generous support of Dean Simpson and the cooperation of the Air Corps. People, not on committees, have helped immensely, committees have been efficient.

Well, along with the close of the social season, comes those unpleasant things . . . EXAMS! Good luck, everyone!

Picnic Breakfast . . .

To The Staff

With this eight-page issue the Cynic ends its summer publication program. When we first started three months ago, the whole enterprise appeared so tremendous that many believed it would die early in the season. The excellent cooperation of the summer Cynic staff, however, made the last eight issues a worthy runner-up to U. V. M. newspaper tradition.

As editor of the Cynic I feel that it is my duty, and a pleasant one at that, to congratulate the "embryo" staff for its outstanding work. First of all, there is Ruth Jordan who has never been on the Cynic before this summer and who did an outstanding job as business manager. Rose Eisman was the other mainstay of the senior staff with her position as campus editor. Associate editor Julia Fletcher, feature editor Peggy Fake and advertising manager Dorris Bliss were of great help in keeping the Cynic on its feet. In the fall, all of them will return to different assignments on the Cynic board. They can be sure that while they were on top they proved themselves worthy of the trust the Cynic put into them.

In addition to Lyn Eimer, Phyl Fein, Lloyd Spiegel, and Phil Sylbert who have been news editors before this summer and who put their old newspaper experience to good advantage Kay Doane, Priscilla Perkins and George Goldsmith did excellent work as news editors. Kay as well as Priscilla will remain news editors this fall. Barbara Powers the outstanding news reporter on the Cynic also earned her position on the regular staff. Thanks also go to all the other temporary staff members for their help this summer.

The hard-working scrubs should not be forgotten for gathering the little tidbits which add spice to every college paper. Most of them will receive their promotion this fall as soon as the senior staff has reconvened.

With this issue our summer work will become a thing of the past and I am sure with the experiences of this semester fresh in mind, we all shall be ready in two weeks to resume our newspaper work for the year to come. JAKE KATZ.

W. A. A. Reports On Summer Season

Wendy Millington Lauded For Good Sportsmanship

Congratulations to the women of the Gold Team! The victory was only by a small margin, but nevertheless, honors do go to the Gold Team. It defeated the Green Team as a result of the summer of sports' activity in W. A. A., which functioned on a competitive basis.

Under the direction of Dorothy Thornton, Rose Eisman, and Priscilla Perkins, three sports' clubs have been maintained for the women of U. V. M., and to these three go thanks and appreciation from all active members of W. A. A. during the summer months.

Reports of the season's activities were made by the sports' managers at a recent meeting of the W. A. A. Summer Program directors, and it was from these reports that points for attendance could be credited each side, and the victors were determined.

Swimming Club under the management of Wendy Millington was least successful in its organization, but by no means due to any lack of perserverance on the part of the manager. Perhaps it was the consistently bad weather, and then, too, Saturday afternoon always found a good number off for the week-end, but attendance at the club meetings totaled only six for the Gold and five for the Green.

Tennis Club prospered above the others. Rainy weather was the only disturbing factor, and yet, there were five girls who attended over two-thirds of the club meetings. Delia Snell had perfect attendance; the other four were Barbie Morgan, manager, Wendy Millington, Elinor Rowden, and Virginia St. Germain. Eighteen members of the Gold Team and fourteen of the Green attended before the season closed. A tennis tournament was planned and scheduled, but again the weather was contrary—the tournament had to be given up.

A certain few were faithfully present for the Softball Club meetings every Friday afternoon. It was too bad that more girls weren't convinced of the fun to be had and aroused to get to the women's hockey field to play the game. The Physics Instructors would gladly have challenged any campus group. Betty Mansfield, manager, and Marion Merrill were the only two dormitory girls who could be credited with attendance for two-thirds of the meetings. Betty reported that seventeen Green teamers and eleven Gold were the total representation for the attendance record.

The W. A. A. Summer Program directors wish at this time to recognize Wendy Millington for her splendid participation in sport activity. It is felt that she above all others has best exemplified the ideals of the Women's Athletics Association in her fine sportsmanship, her rugged persistence, and her undying spirit.

The women of the summer term who have won membership in W. A. A. will look forward to a joint party with the active members of the winter term. The possibility of an all-day expedition to the apple orchards to help pick crops is not far remote, but more definite plans will be announced in the future.

Full Moon Gives Added Flavor to U. V. M. Boat Ride

Few Faculty Members Venture On Trip With Tremendous Overcoats

There was frost in the [illegible] didn't phaze the Vermonters [illegible] bundled up in suits and [illegible] coats and bandanas. And [illegible] had the spirit. Underneath the drabs the GI woolies [illegible] tremities. About 7.45 last Saturday evening the U. V. M. crowd [illegible] hill to the King Street dock. [illegible] steamboat *Ticonderoga* [illegible] group of some two hundred [illegible] five University associates.

It's true that the breeze was [illegible] front deck, but the heavens [illegible] have been more beautiful. A [illegible] played its part to perfection. [illegible] mations came and floated [illegible] scene after scene of sheer [illegible] course, there were a few [illegible] cially those on top deck—who [illegible] were wrapped up in objects nearer at [illegible] than the horizon.

Herberg Chick

The steamboat has capacity for a [illegible] of nine hundred so with less than [illegible] hundred aboard there was plenty of [illegible] even for a game of hide-and-seek if [illegible] desired to play. As it was those [illegible] wished to "trip the light fantastic" [illegible] comfortably accommodated on the [illegible] dance floor on lower deck. Jack [illegible] and his orchestra beat out the lively [illegible] that kept the steamer a rockin'. [illegible] jitterbugs were outdone by Chick and [illegible] small dark cadet, whose identity [illegible] known to this reporter, but who certainly knows how to swing it!

These are the times when men [illegible] scarce—or so the story goes in [illegible] towns, but not so in Burlington, or on the boatride. The fact is that the tables were turned. A good number of men had joined the party with the hopes of finding a bevy of co-eds, cute and lonely, but such [illegible] wasn't to be found. Those unfortunate ones occupied the lounge chairs in the halls and dreamt of better days—that without the impudence for cutting in on the fellow with a date, and those with the youthful vitality for raiding the [illegible] decks.

Faculty

There were a few of the faculty present—this occasion was open to the [illegible] sociates of U. V. M. as well as younger; in fact, cordial invitations were extended personally to faculty members all over the campus. To those few who responded with enthusiasm go honors for appreciation from the boatride committee and it thanks heaven for those few that the spirit of the U. V. M. faculty hasn't *completely* died out, even though [illegible] still glimmers—they say, "Where there's still life there's hope." We wonder.

This event was the last in a series of Saturday night activities sponsored by the Summer Activities Committee [illegible] bara Anderson, Chairman. It was something out of the ordinary [illegible] entertainment offered in the [illegible] lington, and from all reports [illegible] time for everyone.

Graduation Exercises

(Concluded from [illegible])

mony will be ably played by [illegible] Marston.

Before graduation, on [illegible] ber 19, Pres. and Mrs. [illegible] hold a reception at their [illegible] members of the graduating [illegible]

A dime out of every dollar we earn IS OUR QUOTA for VICTORY with U. S. WAR BONDS

Slade Reporter Eager to Put Hall In Headlines After Long Dormancy

By Carl Rochester

...that Slade Hall was neglected ... "Slade reporter" will try ... the proverbial ball and en... said Hall in headlines.

...cerned at Slade Hall being ...ng to the limelight. We have ... slow at winning the Saturday ... We are working on it.

...ay what is the reason? We, ... are frequently compli... the drill field. Why can't we ... parade. The extra "bonus hour" ... night more would be swell ... Burlington gals are sure nice, ... best becomes them" too?)

These cold mornings are "as ... a Lieutenant Brossman salute" ... you noticed that big smile on ...'s face? It seems that he ... proud Papa of a baby boy ... Sarge building Air Castles. Little ... Sorenson has already graduated ... West Point! Just ask Sarge if he ... Best of luck to "Little Sarge." ... and you, Sergeant Sorenson.

... Barron is the new Squadron Com... of Slade. We do miss amiable ... Goller, our previous student officer. ... to welcome our new leader.

Entertainment

On Monday night, September 13, Lieutenant Giamo met with a group of fellows at the Fleming Museum. The purpose ... to organize a group of entertainers. ... is a dance orchestra rehearsing at present and a group of actors are investigating the possibility of starting some dramatic activity. It is believed that there is enough talent here to start a good vaudeville and minstrel show, including a Dixieland swing band and quartet. Groups will soon be selected for various radio programs at the local USO every Sunday morning. More talent is needed and anyone that can sing, dance, or what-have-you see Lieutenant Giamo or call R. K. Beshore or C. A. Rochester at Slade Hall.

Physical training class was seriously interrupted last Monday by a very loud ripping sound. It seems that J. W. Dalton bending over a little at Art Peters' more strenuous calisthenics lost or shall we say parted with the better half of his gym shorts. No tellows that wasn't a P-38 in a crash-dive it was just Dalton's pants!"

Thick Skull

Professor Lorenz one of the Army program math teachers concerns "dust on the digits." Pay strict attention aviation students! The so-called author of this "dirt" column spent a nice moonlight Friday night studying because a few of Professor Lorenz's digits numerators and fractions bounced off a thick skull.

Congratulations to R. C. Rishe and M. H. Johnson, Slade's first men to take flight training. They started ground school Wednesday, September 15, and made their first trek to the Airport Saturday, September 18. Nice going and "happy forced landings," tellows!

There seems to always be quite a congregation of fellows in the University bookstore. What is the attraction, tellows? It is one of two things, either the "feminine pulchritude" that works there, or else it is the newspapers and the recent turn-of-events in Italy. We are inclined to believe it is the former rather than the latter! Just a word of warning, don't be caught talking to a civilian! A certain individual who recently pulled guard can verify this statement! Said guard doesn't like to be called before the Group board, do you blame him? The moral: When in the bookstore, always buy some thing before talking to the clerk!

Mail System

The newly assigned officer of this post, Lieutenant Turner, deserves a "bouquet" for his efforts in the mail set-up. The enlisted men have wanted mail delivery at the individual halls for some time. It should speed up efficiency considerably.

By the way, Lieutenant Turner must have given the boys of Squadron D quite a pep talk Saturday. They came out in the last lap of the parade and earned themselves an additional hour of open post. Ye patriotic Slade men, are we going to let those guys from Southwick beat us? Shades of Converse, we can't have that!

Well, we must "fall-out" until next issue. See you then, and, honest fellows, we promise a better column next time! Don't be discouraged, yet!

As Sarge would say, "DIS-missed!"

Hot Pilot Ross Needs No Teacher

(Concluded from page 3)

...ers to turn in the names of other cadets ...ghtly "off the ball." Many of the former ...tenants and sergeants were broken because they wouldn't have their buddies restricted for the next week-end. Consequently, the present crop of officers are more than ever plagued with the old "Eager Beavers" title. In most cases this is untrue, but certain of them could be less strict while continuing to do their duty.

The situation on the chow line has improved considerably since last edition. In this instance student officers have kept the ...s hounds pretty well in control and the aid of Lieutenant Giaimo has not been ...ed since his intervention. Opening ...e cafeteria at an early time in the evening would still be much appreciated, however.

Doolittles

The instructors at the airport are having trouble with a few of the latest batch of Doolittles. "Hot Pilot" Ross appears to be one of the offenders in view of some of his latest adventures. After Ross' first ...ent above terra firma, he seemed to ...e a bit of trouble getting out of the ...pit after landing. His instructor ...ly suggested that our hero unbuckle ...safety belt. Upon hearing this Ross ...ed the belt open and also pulled the ...p cord on his parachute for good measure. When he finally got out he was almost taken up again by the opened chute. Shortly before his second or third hour ...the air, Ross, the unpredictable, was ...ing his cub preparatory to taking off. ...was already on the runway when he ...appened to turn to ask his instructor ...mething. Upon looking behind Mr. ...s observed a certain emptiness, which ...ert that his teacher was somehow not ...esent. Thus "Hot Pilot" Ross almost ...ame the first member of the detach...ent to solo.

"Germans" Take Over Our Waterman Building

From the student lounge came the sound of voices raised in loud and joyful song. The passersby stopped and listened. How odd! They couldn't understand a single word. They couldn't, that is, unless they could understand German. For the voices belonged to members of the German 1 class who were practicing their newly acquired vocabularies with the singing of German folk songs.

As Irene Reitnauer played the piano, the fifteen members of the class joined Professor Carpenter in singing, "Tannenbaum," "Stille Nacht, Heilige Nacht," "Ich weifs nicht, was soll es bedeuten," "Ween die Soldaten," "Am Braunnen vor dem Tore," and others.

The music carried out into the street, and into the windows of the classrooms above, where students in a psychology lecture wondered if the Waterman Building had suddenly been taken over by Nazi stormtroopers.

Freshman Papers

From the archives of the library, the freshman English classes have been gathering all sorts of diverse material for use in their biggest project of the semester —research themes, which are standing in lieu of several weeks' regular themes.

Members of the pre-med. English class are doing their research papers on subjects of their own choice. Some of the papers for this class, which is taught by Professor Lindsay, include "The Profession of High School Teaching," "Radio Plays," "Basketball," "Cooperative Colleges," and "Plastics."

Six New Professors Join Vt. Faculty

(Continued from page 1)

...Pilots in 1934 and Texas Technological University in 1936 and his Ph.D. from Columbia in 1942. Before coming to America he was connected with the Warsaw University in Poland, being an...ociate professor of mathematics. At Columbia he taught mathematics in the College of Pharmacy.

He arrived in this country last July 31. Army in Lubbock on his birthday, ...ust 5. 1940, after eight months in Russia. He is married and has a child, ...ter of the eight Professors in Education in Poland and a member of the American Mathematical Society. He comes to the University highly recommended by Dr. Albert Hazen.

Earl F. Zoerheide, who will be instructor in chemistry under the new program, received his B.S. and M.E. from Wheaton College, Wheaton, Ill., and also studied at the University of Iowa and Chicago. He has taught mathematics, chemistry and physics at Wheaton and the University of Iowa and is a member of Sigma Phi Delta, Chi Sigma Theta and Alpha Delta, honorary societies.

Joel B. Dirlam, A.B., Yale, 1936, has been appointed instructor in the economics department. Mr. Dirlam was graduate assistant in the Graduate School at the University of Missouri in 1937-8. Since that time he has been instructor in the American Institute of Banking, New Haven, Conn.; junior analyst in money and banking in the U. S. Securities and Exchange Commission in Washington, D. C.; Assistant in Elementary Economics at Yale; associate business specialist in financial research for OPA in Washington; and accountant for the U. S. Securities and Exchange Commission in Philadelphia. He is a member of Phi Beta Kappa.

Miss Florence E. Reid, new supervisor of elementary student teaching and instructor in education, received her B.A. in Elementary Education at Iowa State Teachers College and her M.A. at Iowa State, and has also studied at the University of Wyoming and at Penn State College. Her teaching experience includes high schools in Iowa and at Iowa State Teachers College and the University of Wyoming. She is a member of Phi Lambda Theta honorary society.

Miss Elizabeth U. McCracken, recently appointed to the botany department, received her B.A. and M.A. at Wellesley College and her Ph.D. at the University of California at Berkeley. She is a member of Sigma Xi, Phi Beta Kappa, Phi Sigma and Gamma Delta Gamma. She has been laboratory assistant in botany at Wellesley, and a member of the teaching staffs at the University of California, Kansas State College in Manhattan, Kan., and at Ohio Wesleyan University.

Miss Joanne Euler, who takes the place of Miss Barbara Crowe in the women's physical education department, is a graduate of Bouvé-Boston School of Physical Education and of the physical education department of Simmons College.

Sigma Nu Gossip

(Concluded from page 3)

ing. What was it fellows, fond memories of those lovely days in the infantry, or ... ?? Then, there is another hopeless student in Bob "I haven't the time" Holtz claw. He was at his best, which I might add wasn't too good, last Saturday night. Oh, well Bob, you'll know about it in a few days don't you think. At a recent election Marjorie "hey, hey" Pinsely was elected "queen" of the Sigma Nu's. Reason: no competition. The "Rogue's Gallery" consists of only one person this week, a certain Dalton, newly elected "E. B." of Sigma Nu House. Too bad Eddie you might 'suck-seed' next time. Just a hint from the fellows you guys.

This about all until next issue. So will say "so long" and thanks again students of U. V. M. and citizens of Burlington for your friendliness towards us.

Freshman Week Will Be Initiated By President Millis Tuesday, Sept. 28

...Monday, September 27, will mark the beginning of Freshman Week when the Freshmen Orientation Committee, headed by Miss Mary Ann Sullivan, Director of Women Students, and Miss Mary Elizabeth Prentiss, Dean of Women, will welcome the new students to the campus. They will have charge of the activities of college life as they affect women students, and of the Freshman Program.

Opening Address

A morning assembly will be held in the Ira Allen Chapel at 10:00 a.m. when President of the University, Guy Bailey, will welcome the Freshmen to the University. Dean Prentiss will introduce the Freshman Committee members and the Student Council members. Miss Sullivan will explain the Freshman Program.

Campus Sing

Tuesday night will find all freshmen assembled in the Waterman dining room for an informal supper sponsored by the Student Goverment Freshman Orientation Committee, after which there will be a Campus Sing where it is hoped that the whole of Freshmandom will make a concerted effort to learn the college songs, etc. Members of honorary societies, representatives of Y. W. C. A. and W. A. A. will be present to add their throaty warbles to the peeping of the "little ones."

Wednesday morning in Room 27, Williams Science Hall, the intelligence of all incoming freshmen will be tested, under the direction of Professor Metcalf of the Psychology Department. Interviews with individual advisors are also on the calendar for the morning. Registration photographs and physical exam appointments will be continued for those who have not had them. Wednesday evening will be the President's Reception on the third floor lounge in Waterman.

The Upper Classmen

Thursday, September 30, upperclassmen will be enrolled. Freshmen will continue their conferences, with one at 10:00 with the Physical Education Department, and at 11:00 with the Military Department or with Women's Student Union officials, depending on whether the now befuddled freshman be man or woman. At 8:00 p.m. on that date there will be the Opening Convocation for all students in the Ira Allen Chapel in English Classical Style to be announced at the convocation of that day.

A dance is the big day's entertainment for the Freshmen and has been held in the Memorial Auditorium with Jack Teagle Vermont Collegians furnishing the music.

Freshman Mixer

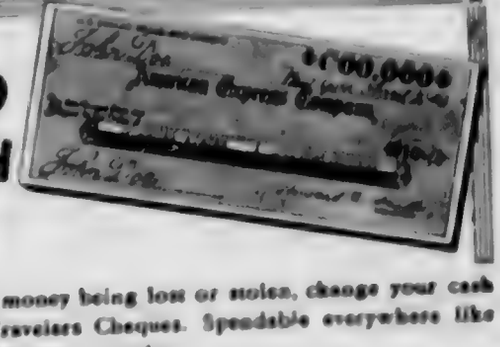
Saturday evening, October 2, there will be a mixer in the gymnasium to get the freshmen acquainted with the games, and other sports. Dean Prentiss will speak. Dance. The entertainment will be furnished by the Freshman Mixer committee of Y. W. C. A. and the Men's Student Council.

New School of Nursing Enriches Curriculum

(Concluded from page 1)

...relop such a program to serve prospective nurses throughout New England and to provide an opportunity for the graduate nurses of Vermont to carry advanced courses in nursing education that will prepare them to fill the great need for administrative supervisory head nurses and teachers in schools of nursing.

Miss Crabbe has established the following aims of the new School of Nursing:



"It is to select applicants with desirable aptitudes for nursing and create through an enriched program in the study of the humanities and the sciences underlying nursing those conditions which will be favorable for their growth. It is to prepare good practitioners on all levels for the many different fields of nursing service. The school hopes to give the individual nurse the opportunity to develop her leadership ability by producing a richer and more rounded and integrated personality. It hopes also to give her opportunity to learn through practice in nursing a wide variety of patients in order that she may meet the varied and unpredictable demands of society in the future and become a self-reliant, growing professional woman."

The admission requirements for the School of Nursing are the same as those in any other college leading to a degree.

Sanders Hall Writes Its Farewell Column About Freshman Girl Inmates

[illegible]

A Toast

[illegible]

Sand Fleas

[illegible]

Restrictions

Augie was restricted this week-end and Cuppy went on the boat ride so much alone. It is funny how all the boys get restricted just when something big is coming on. I don't mean you Augie, there are other people too.

Helen Wolf has made quite a hit with a recently named lady. She's made a hit with a certain Cadet named Johnny on account of his curves. The Navy Ships look and Sandwood hates but since Helen is studying to be a doctor of medicine I may add, she has taken to the road. Just watch, Johnny, when the war is over maybe you can take up medicine and Helen too.

Ty Dean Sorel we want to leave some cigarettes and a tin of lipstick. She misses with the cast of a queen who

Allen House Has Sparkling Report

Girls Leave Familiar Quarters Reluctantly

Here we are again with the scintillating sparkling news of Allen House and its ravishing inhabitants. (Hey, hey, have another coke.) This is the last issue of the CYNIC for this summer. However it is just a couple of weeks it will be back better than ever with a full staff of reporters. This is our chance to say goodbye because although most of us will be back in a week for the fall term we'll all be living in other places. Allen House will still be here but its "inmates" will be different. Dorothy Johnson is graduating at the end of this term—congratulations Dot we wish you Lots of luck. Betty Paulsen has gone back to Skidmore and will graduate in December after which she will be back to U. V. M. as she has acquired the position of assistant bacteriologist on the medical college. When Alice Eveleth completes this term she is fortunate enough to be able to beat till January at which time she will enter the U. V. M. medical school. Marian Nelson will probably not be back—Louis Pine is interning at hospitals throughout New England and Marian can't bear to be here without him.

Convertible Truck

A new craze has hit Allen House. You'd never know that bridge has been played for decades because Ruth Rappaport acts as if she had just discovered it. Any bridge experts cordially invited to come over, because most of us can't keep up with Ruth any more.

Some fellows pick up their dates on bicycles, in taxis, convertibles or even au pied, but one young farmer called for his date in a large truck. As they rolled away from the door she whiffed a fragrant odor, and turned around to find one horse and eight cows in the back. Her date was strictly a gentleman though—at least he didn't offer to take them in for dinner. Oh well, Helen, things are tough all over the world today—it's patriotic to pool your rides.

Last Friday night the girls of the House gave a birthday party for Dot Johnson, Betsy Doolin and Dorris Bliss. No ages given out—that is still a woman's secret.

Mrs. Johnson

There'll never be another house like ours was this summer. Those inevitable notes from Mrs. Johnson—sweep under the bed, pin cat, grow potatoes there—and the classic strains of "San Antonio Rose" always floating down from the saturn satellite on the third floor. Yes, at Cheer, from the night Hoots and Marion dragged mattresses down from the third floor at 2:00 o'clock in the balcony and were awakened by cars at 5:30. We want to collectively thank Mrs. Johnson for being so nice and tell her that it was

(Continued on page 7)

For the last time this summer the CYNIC reports on the activities of the various dorms and their inmates. This will probably terminate this type of reporting for a year until again only a few students will attend the school. Then, for another summer, we shall become a small and homogeneous college community where everybody knows everybody and where every student can laugh and cry about the loves and misfortunes of the other member of our happy community.

Fein Points...

By PHYLLIS FEIN

[illegible]

Heard from a very old friend (Yale) who's bunking with Al Bayer deep in the heart of Texas, where they're getting basic training. Al will return to U. V. M. next year to enter med. school.

It's indeed gratifying to hear from people who enjoy the column. The nicest was a card from Torrey Carpenter (in an A. S. T. unit at Fordham, as has already been mentioned) which was cram full of news about bunches of U. V. M. people. To wit: Al Weess is at N. Y. U. in the R. S. T. P. Armand Cognetta is in med school at N. Y. U. Dud Davis is a midshipman at Columbia. Jean Phillips has a defense job in New Jersey. Sam Otis is in an M. P. outht in Hartford. Bill Roeder is doing newspaper work in Aurora, Ill. Dick Flynn is in the Air Corps in Greeley, Col. Lieut. Whit Switzer is a quartermaster officer in Kansas. Dave Tuholski, an aviation cadet, is at Maxwell Field, Ala., waiting to be joined by Don Nutter and Lew Codding (from Norwich—C. T. D.). Lieut. Bob Ker is learning cooking at Devens; he'll make someone a good wife! Frank Eklund is "somewhere in England." Most of those boys left on the 19th of February—see how they've scattered!

Also a card from Hortense Leduc—"Dukie"—who got more than one person sick when she used "guinea pigs" for her pain threshold experiments last year. She's now at Wellesley College, where she has a graduate assistantship in Zoology. Best of luck! Fran Juliano's keeping Miss Christiansen company since Dukie's departure—Fran is spending her time in the medical college, taking the laboratory technology course.

Glad to hear that Art Darlington reached Maxwell Field safely and Miss Garvin impatiently sits and waits for mail—which comes spasmodically.

Got an announcement of the wedding of Jane Collins of New Haven to an Army Captain down south—don't know about the WACS, but perhaps she'll write and let someone in on it.

Lieutenant Thayer of the Military Department called our attention to two men in the class of '43: Frank Swift, Jr., commissioned a second lieutenant in Ordnance at Aberdeen; John Williams had the same good fortune, in Administration of the Air Corps.

Anna Berman is a WAC Auxiliary at Fort Oglethorpe, Ga.,—that was quite a surprise. Sydel Pearl is entering the next class in nursing at the Mount Sinai hospital in New York City.

Local hospitals are keeping busy with U. V. M. babies these days. Janet Dike Reed had a daughter the other day—the father is Gilman Reed, of the Naval Air Corps, former Delta Psi—bet the baby is a Theta and Mortar Board member just

(Continued on page 8)

Roberts House Prepares for Funeral And More Normal Students This Fall

Poor old Roberts House hasn't had too much publicity this summer, in spite of its major importance on campus . . . . at least, we think that it is of major importance? Of course we haven't had any weddings in our midst, such as Sanders Hall boasts of, nor have we had the overwhelming pleasure of being situated so that the charming "0-1-5-1" could serenade us, morning, noon, and night, as Allen House has had. But we, down in that secluded corner ("Yes, corner of Maple and South Willard. G'bye." And the receiver clicks), have not lived a dull and uneventful life.

Times like these produce many profound statements, but I think that Betty Mansfield made the most profound one, one time when we were gathered around the [illegible] well, I guess, just gathered around! The talk turned to picnics, and then to food and then to war, and then a heavy silence ensued, broken at last by Betty's pensive remark, "Isn't war awful . . . . you can't get any meat."

Georgia's Funeral

We have some kind of a chondriac in the House. Georgia's been threatening to hang herself, on the chandelier for a long time. She is planning to do it at six-thirty some morning, and she has stated whom she wants for pallbearers and has finally yielded to our frantic requests to be allowed to wear lipstick at the funeral. Now, we're all waiting for that fatal day, but "Geo" says that her plans are always spoiled by the fact that she sometimes oversleeps or when she does get up at six-thirty, she is so sleepy that the idea just *doesn't* appeal to her!

In spite of the ominous signs of coming fall, the lake still holds its charm for three ambitious girls, Pat, Betty, and me. (I always tag along to make sure I don't miss anything.) We went swimming about seven-thirty, at night, just as the sun was setting. Try it sometime, it's really fun. We came back through the cemetery, but had [illegible] to get out of it. I [illegible] locked the cemeteries at [illegible]

Rhode Hangs [illegible]

Several of us are go[illegible] where this fall. Rhoda [illegible] here. This will make [illegible] here! Speaks well [illegible] son and Mansfield [illegible] side at the Kappa Sigma [illegible] Moffett is going t[illegible] I hate to think of the [illegible] up, but we'll manage! [illegible] to Tri Delta house. "[illegible] are going to move in o[illegible] Sigs (Tsk! Tsk!) [illegible] going to take up residen[illegible] Jake said that his room [illegible] the house, so of course I [illegible] every fellow comes up to [illegible] *his* room is best. Nos[illegible] kids? I want to know!"

Say, did you ever notice [illegible] of Barb Anderson's? It [illegible] initials on it, "B.S.A." [illegible] tioned that it stood for [illegible] America," but it could [illegible] Appeal." Well, it's [illegible] about. . . .

Last week four of us [illegible] Betty Mansfield, and Pat [illegible] a fish fry (no ration stamps [illegible] (definitely!) roast out on the [illegible] was wonderful . . . in spite [illegible] the sandwiches, sand on the [illegible] flies in and on everything!

Every night . . . . just at [illegible] house rattles and shakes. At [illegible] reducing class . . . . otherwise [illegible] "Keeping fit for Defense" [illegible] true! The commanding [illegible] "To the rear . . . . Attention!" [illegible] know . . . . orders are orders!" [illegible] ambitious persons are cordially [illegible] join our little group . . . it [illegible] fit to keep fit."

This poor reporter will retire [illegible] is retired, by force.

The Last Look at Summer

ROTC Martyrs Are Treated to Films, Calisthenics, Hikes, and Drill

"Ho-hum," moans the weary freshman or sophomore R.O.T.C. martyr, as he drags his hulk out of bed at 6.45 a.m. It's time for the first R.O.T.C. class of the day, namely calisthenics. Now there are two kinds of R.O.T.C. students in an instance such as this one: those who mutter imprecations at the military department as they get dressed, and those who mutter imprecations at the military department as they roll over and go back to sleep. Leaving the latter to his fate, we follow the course of the former as he trudges up to the gym, dons his shorts, and "falls in." The company is then spread out over the gym floor in a disjointed sort of way, and calisthenics are begun by the bloodshot student in charge. This is the chap who is discussed in one way or another at the end of the period. However, even with all the complaining that goes on about exercises, the students must admit that they feel very good—when the leader says, "Halt."

For the sophomore, the next class comes later in the morning, either on Monday or Thursday. During the course of the summer, the [illegible] "booby trap," and the [illegible] bayonetry were taken up [illegible] and practice.

Following a breather [illegible] are afternoon classes [illegible] Sophomores have had [illegible] ples of the squad and [illegible] ing and message writing. [illegible] musketry comprise the [illegible] aspect of the semester's [illegible] the theory has been [illegible] periods of a practical nature [illegible] not being as advanced [illegible] elementary courses in [illegible] military courtesy, and [illegible] Once a week, we are [illegible] couple of sparkling affairs. These are also of two types: the announcer blasts [illegible] listener, and the other [illegible] heard. In either case [illegible] something to watch [illegible] isn't too particular [illegible] German tanks in which [illegible] took great glee in emptying

...ligent free society? Can the citizen ... the sort we need be produced through ...courses" in the arts and social graces in addition to the technical courses or must this type of education come through a teacher with forbearance, tolerance, understanding and breadth of living. Since we must earn our living by technical means we must have teachers of technical subjects, but how can these teachers from specialized graduate schools give also the needed liberal education to their students? In this development of an intelligent, well-rounded personality where does the responsibility of the home leave off and that of the school begin? Who is responsible for the moral development of our citizenry? Should everyone be sent to college? If not who should be admitted? Should there be a general terminal curriculum of less than four years?

These and many other questions are being discussed by this committee and although progress is definitely being made as President Millis expressed it, "We have not, to use a Vermont expression, 'sugared-off' yet."

New Ariel Records Past Year on the University Campus

Another year in the history of the University of Vermont has been recorded for posterity through the advent of the 1944 *Ariel*.

The *Ariel*, College year book of the University of Vermont is published annually by the Junior class, and is a complete history, both factual and pictorial of the doings of the past year on the Vermont campus.

This year's *Ariel* marks the last year of U. V. M. achievements under the peacetime schedule for the duration of the war, and bridges the gap between the carefree days of peace on the "Hill" and the trying conditions of the present, not only for the Vermont in the Armed Services, but also for the few remaining upperclassmen, who like to reminisce about the old days of fun and frolic on the campus, which are gone but not forgotten.

Although lacking a complete proof reading, which lead to several inexcusable misprints, the *Ariel* taken as a whole is quite well done, and from Francis Colburn's beautiful oil painting to the shots of campus life, Bob White and Paul Walgren have done a swell job.

The inspiring shot of the Old Mill Tower at dusk, the Chapel, the Kake Walk will linger on in the minds of those who have left the greens and walks of U. V. M. to walk the dusty roads of this troubled world. In years to come when they who were forced to leave so abruptly return to this place of their college days, they will bring with them all that the *Ariel* has given them to carry along the hard way, to be looked at when courage and faith is needed.

Classmates, Profs., good times, sorrows, Kake Walk, Sports, all of Vermont will go with those who have left, wherever they may wander.

This *Ariel* is the connecting link between the times we like to think of, and those that we know are ahead

Cherish It!
Who They Are!
Where they Go!
What They Do!

Dean Simpson Fund Still Increasing

The Mary Jean Simpson Fund has gone well over the $4,000 mark according to figures just received from the Accounting Office. This means that scholarships are assured for many of the boys returning to college after the war. It does not mean, however, that the fight is over. Contributions to this worthy cause are needed and welcomed.

A little information about the origin and purpose of this fund might not be amiss at this time. It is the outgrowth of a project of Mortar Board of 1943 to raise money to enable students who have been called into the armed services to return to college after the war. The Mortar Board girls worked all last year on the project, and on April 10, 1943, at the Honors Day program, Janet Hackwell disclosed the fact that they had raised almost $500 to start the ball rolling. The challenge was given to the undergraduate body to continue the good work, and the challenge was accepted with high spirit. In hardly any time at all, the first goal of $3,000 was reached. Honorary societies, departmental clubs, fraternities, sororities, individuals, all contributed. The Fund was named for Dean Simpson in token of her service to the University of Vermont and her inspiration to the women of Vermont.

Contributions this summer have of course not equalled those made earlier in the campaign, but they are still creditable. Mortar Board of 1944 will carry on the project, and it is hoped that every U. V. M. man now in the service will return when it is all over to get his degree. The scholarships made possible by the fund made possible by your contributions will make this possible.

Examination Schedule . . .

...examinations will be held ... William Scott Hall unless ... announced by the instructor.

A.S.T.P. Unit Has Arrived on Campus

Engineers and Pre-meds Start Classes at Once

Again the population of the U. V. M. campus has been increased, this time by the addition of the A. S. T. P. Pre-Medical and Engineering units. These groups are college students, with one or more years of college behind them, who have shown enough promise in their college work and aptitude tests to warrant sending them back to school for further training in their fields. They might be some of our very own boys who were drafted out of college and are now being sent to Universities and Colleges all over the country for their Army training. They will be taking much the same courses that were offered to our own pre-medical and engineering students and at several different rates corresponding to their aptitude test marks and the amount of previous training they have had.

The advent of these new units is taxing the facilities of the University to the utmost and cooperation on the part of the civilians and army only can keep the present set up on a working basis. There are few empty classrooms at any time of the day and our departments are working overtime to accommodate the demands of the army and those of the civilian students. The faculty of the Mathematics, Physics and Chemistry Departments have been increased to take care of the demand since almost all the A. S. T. P. men will be taking courses in these departments and at different rates. Many of the instructors who have been working in departments other than their own have been called back to their original departments to help comply with the increased demand.

At present the new units are housed in the Kappa Sigma and Sigma Phi Epsilon fraternity houses, but as soon as arrangements are completed, they will be moved to permanent quarters in the Nu Sigma Nu, Alpha Tau Omega and Sigma Alpha Epsilon houses, all fraternity houses which have been vacated by our own boys who are now scattered in Universities and Colleges over the country and fighting to come back to U. V. M. when the mess is all cleaned up.

When Will You Pay Up, Sergeant Sorenson?

The arrival of "Rocky" Sorenson on September 3 has put proud Papa Sorenson on the spot. He promised to give cookies to the Air Cadets if ever it the stork brought a boy and now the Sarge has to pay up. The only set back seems to be that there aren't that many cigars in Burlington or even in Boston, and the S.O.S. sent to "Rocky's" grandfather in Utah and to New York City still remains unanswered. Sarge, who is already passing cigars, is sending his bet to a Military Academy to also doing some calculating. Figure that dread cigars every Second class cadet can put a dent in the money bag.

Prof. John T. Metcalf Discusses Liberal and Vocational Education

(Concluded from page 1)

...could no more be stream-lined than mountain climbing could be.

American Tradition

I shall not undertake to formulate [illegible] the citizens of [illegible] that I think would be most valuable [illegible] I shall simply make [illegible] to some considerations which I think should be kept in mind [illegible] possible to any such attempt. First and foremost, education should be made [illegible] a continuation of the best American traditions. To quote, this education should make the entire [illegible] coordinated in its purposes. Then [illegible] could no more be stream-lined than mountain climbing could be.

The Spirit

The second consideration that I think [illegible] is [illegible] ...

Two More Frat Houses Taken By University

With the Alpha Tau Omega and Phi Sigma Delta Houses closed by the [illegible] of their remaining members, eight of the ten Greek-letter fraternities on the campus have turned over their houses to the University for more efficient use during the next years ahead.

Girls will be in the Phi Sig House during all homes of the night this fall not the first time in the fraternity's history and as far as [illegible] are concerned, the telephone propositions will prove to be [illegible].

The Alpha Tau Omega Fraternity will play host to the A.S.T.P. students who will be at the University for twelve week periods.

The Air Corps took over the Sigma Nu Lodge previously when the U. V. M. girls occupied the Delta Tau Sigma Phi and Kappa Sigma Fraternity houses. The Northeast Airline has immediately [illegible] wood cut and made plant homes in the Lambda Lota and Phi Delta Theta houses.

Only two houses belonging to Sigma Alpha Epsilon and Tau Epsilon Phi Fraternity, are at the moment not used for any purpose.

The University's policy with regard to fraternity houses has taken a great worry off the shoulders of their members and gives the brothers a definite assurance that after the war is over they will be welcomed back to their former scene of undergraduate days.

Y. W. C. A. Helps In Two Projects

Although there has been no formal [illegible] Y. W. C. A. activities this summer two of its projects have been carried on because of the need for them in the city.

At the Community Center two groups from college have been doing [illegible] and in their spare time doing [illegible] and [illegible] ... taking the children to parks and [illegible]. Miss Blondin said that in each class [illegible] the way the girls have done [illegible]. Those who have served on the project are Sylvia Palmer, Lois Tyson, Mary Frazer, Shirley Thomas, Jean Thomas, Martha Jamison, Alice Crandall and Lucinda Hastings.

The G. I. Jill girls under the direction of the social chairman, Barbara Fraser, Janet Lawson, and Doris Wood, have also carried out the Y. W. C. A. motto of service to their country by the [illegible] for [illegible] at the Burlington [illegible] at the Barracks on [illegible] evenings. [illegible] and [illegible] ... by serving [illegible] ...

ROTC Drill Class Fails to Improve

(Concluded from page 5)

Home Economics Department Acquires New Laboratories and Model Kitchens

(Continued from page 1)

with an increase in enrollment each year a waiting period necessary for the completion of the necessary courses. The number of courses in which courses may be chosen are being increased by 50 percent. The greatest increases occur in the following fields: agricultural engineering, horticulture, and poultry husbandry; courses providing preparation in these fields are open to the freshman and sophomore students. Courses will be the introduction of dormitory courses, improved clothing, consumer problems, institutional management and the management of nursery schools and day nurseries.

New Courses

During the past two years the home economics branch of the Agricultural College has expanded to include four options: general home economics, clothing and textiles, food and nutrition, and home economics education. To meet further needs of these options the following courses have been added this year: institutional marketing and purchasing for foods and nutrition majors, history of furniture, and clothing economics for buying and clothing majors.

In addition to these new courses one staff member has been acquired. Miss Celeste Bergeson of Douglas, N. D., who received her B. S. in Home Ec. from the University of Minnesota in 1942 and an M. S. from Penn State in 1943 will replace Miss Ruth Montgomery who resigned.

Two new labs have added to the facilities of the Home Economics Department in the fields of dietetics and nutrition and related arts. The dietetics and nutrition laboratories have one kitchen for sixteen students and a dining room for meal service. On the second floor of Morrill Hall there has been installed a related arts lab which will be used in teaching courses in applied design, textiles, costume design and other related courses.

Experiment Station

The experiment station of the University is now engaged in approximately forty research problems intended to increase food production. One of the most interesting and varied experiments was one in the simplification of farm labor by such methods as rearranging barns and cattle, planning and scheduling of work. In such an experiment conducted on a one man, twenty-two-cow farm, the man was saved two months' work and seven hundred miles traveling. Another problem undertaken by the experiment station was the mapping of weak points throughout the state so that it was possible to save hundreds of miles traveling and many man hours work. Other work is for the purpose of improving crops introducing new crops such as soy beans and improving pastures.

The University Extension Service is the direct contact branch of the College. The extension workers are located in each county of the state where the farmers and homemakers can reach them. They hold meetings, distribute literature, give radio broadcasts, and make individual contacts in bringing information to these people that help to solve their various problems. Seventeen thousand farm families and several thousand non-farm rural families are reached annually by their work. Eight thousand farm homemakers meet monthly for home economics training and over seven thousand boys and girls are enrolled in 4-H Clubs.

Extension Service

During the emergency extension workers serve as interpreters of the numerous government orders which are issued so often concerning price ceilings, priorities and so forth. The extension is also serving in the emergency as a labor exchange. During this past summer six to seven hundred boys and girls from cities were employed on Vermont farms through its efforts. Thus the extension service is a most important branch of the College in its material aid to the farmers in the state.

The budget for the extension service is two and a half times that of the actual resident teaching program and the experiment station budget is one and a half times that of the resident teaching program. During the past several years twenty-five percent of the agricultural graduates returned to farms, forty percent went into educational work such as extension service, research and government work, ten percent went into the agricultural industries and the remainder are spread about in various fields.

Vic Dance Followed Corn Roast Picnic

"Those who remained on campus over the Labor Day week-end enjoyed the entertaining social events planned by the Entertainment Committee. On Friday early evening about eighty students and ladies gathered out on the women's hockey field for a feast of roasted corn and hot dogs. Any hour higher a Vic dance was held in the student lounge.

About 7 o'clock that Friday evening the battle of pitchforks was well under way as huge bonfire was the center of activity. Long green willow sticks were poked from every angle bearing a toasting weenie and smothered in the hot coals numerous ears of yellow corn were cooking. Once everyone had his fill of these delicacies there was a battle of cake and a large square of chocolate cake to top-off with. Then came the climaxing moment. Sergeant Sorenson (Surely that all-round good guy, the smiling Romeo of the 61st CTD, needs no introduction) crashed the party with the news of Ricky's arrival. But what could be better for a grand finale than a celebration of the coming of a second Sorenson into the world!

As a result of contacts made at the corn roast certainly it was expected that the Cadets would have more successfully managed dates for the following evening. Perhaps the popular Vermont girls had been already tagged for Saturday night, or perhaps the Cadets are just bashful; some doubt the question there, but whatever the reason, there was an unfortunate ratio of twenty to one at the Vic dance. Every girl there became a "belle of the ball" in her own circle of admirers. Even after local Burlington girls were imported by the Cadets, the girls were still far outnumbered. It was four steps with one partner, then a cut in, four more steps, another tap on the shoulder, and so on into the night—or at least until the conductor could no longer be tolerated.

A paucity of girls at the college functions is too often the case. So next time let's try and prevent the girl shortage.

Campus Comment

★

(Editor's Note: *The* Cynic *is very sorry that it misspelled the name of Major Henry W. Eckley '84 in the last issue. We're take the pleasure to print some more information which we received from Major Eckley last week.*)

Dear Editor:

Major General Sullivan Pierce '85 left U. V. M. in his junior year to enter West Point. Graduated among honor men—first ten in his class—he became superintendent of the U. S. Army Depot at Springfield, Mass., during the first year's World War.

Darwin P. Kingsley '81 became president of N. Y. Life Insurance Co. in New York City—one of the largest in the world!

Waterman '82 became a very successful business man and lawyer, whose magnificent gift to U. V. M. you are now enjoying.

Frank M. Button '87 became the landscape artist who laid out and made Coral Gables, Florida. This made it famous all over the world.

And just before my time, Prof. John Dewey, one of the leading professors of philosophy of these times, graduated at U. V. M.

As for myself, I have been eminently successful scholastically in teaching and was at one time Commandant of one of the largest military schools on the Pacific Coast at San Mateo, Calif., and was on the Governor's staff (Calif.) and received my commission of Major.

Major Henry W. Eckley '84

New Curriculum Is More Concentrated

(Concluded from page 1)

The free choice of elective subjects which is now available to all students has been of special advantage when compared with the red tape involved under the old regime. In former years the student had to consult his adviser, fill out cut-outs forms, get the approvals of heads of departments and the dean. This, of course, is not the present day system.

In keeping with our perusal of the gradual metamorphosis being undergone by the University of Vermont we come next to the war time policies of the president and the faculty. Since the army has been on campus a so-called "concentrated curriculum" has been adopted. The system in general, has been patterned on policies of the University of Chicago. That is we now have four "quadrimesters" per annum in an attempt to present a good many students with an education and a degree before entering the army. In connection with the army itself, the concentrated courses now being offered are of equal value to Air Corps and A.S.T.P. units who come and go as every week goes by. Most students will readily admit that this summer's courses in particular, have taken on an added value, as far as the aspects of education and interest are concerned. Under our accelerated and concentrated curricula, excessory and useless material in the respective courses has been done away with. The result is obvious; the subjects are of a concise and interesting nature, and test the capacities and intelligence of the students, both civilian and military, more than ever before.

Although it will be difficult at first to work the A.S.T.P. into the accelerated schedule, necessary and adequate arrangements will immediately be made. The faculty has been doing a fine job in handling both civilian and army classes, in addition to doing administrative work in connection with the Air Corps. Unlike some other universities, this school is not hesitating about hiring new instructors. This policy is already under way, and more qualified men will continue to arrive until the educational facilities here cease to be overburdened.

It is understood that the faculty and officials of the University have a good deal to worry about now that new changes are necessary periodically. However, Vermont still plans to continue its policy of offering stimulating and valuable courses to both upperclassmen and incoming students. Opportunities for specialization, degrees, and research are as good as ever. To quote Dean Swift of the College of Arts and Sciences, "Our civilian students are still the core of the university, and we shall make every effort to see that they are provided for in the best possible manner."

In short, changes which have been wrought in the University curricula since 1940, and especially since the army came to this campus, have been highly gratifying to the students, and especially to those who have attended Vermont long enough to realize exactly what has been done, and what it means to the prestige and welfare of this institution.

Graduation In the Past

About U. V. M. Picnic Breakfast

"The day after the night before" or rather the "picnic after the boatride" put the finishing touches to the summer social calendar and probably put the finishing touches to several people in charge, namely, the Dresser Cottage Physics Instructors. There were a multitude of minute details that kept popping into view when plans for the picnic were being made to plague the committee and, to top it all off, it looked like rain (not an unusual occurrence in Burlington, Vt.). But the details were met and difficulties ironed out and the weather was "as well as could be expected" and the picnic went off with a bang on Sunday morning after the milk had thawed out.

Under the direction of Rose Eisman and with the invaluable assistance of Kay Doane, Peg Fake and Dorothy Thorton the picnic was conducted in top form. Over 70 breakfasts, consisting of oranges, raised doughnuts, cereal, coffee, milk, all you could eat for 15 cents were served to a cold and hungry group of cadets, students, medics and civilians who made mincemeat of the doughnuts and ran the coffeepot dry. The committee was well prepared, however, for all emergencies and no one was deprived of his second cup of coffee or that third doughnut.

Thanks goes to the many unsung heroes without whose assistance the picnic would not have been a success. Doody White, ticket seller at the bookstore; Ruth Jordan, ticket taker and R. F. C. Saul Boyarsky chauffeur extraordinary.

We could hold U. V. M. get-together almost anyplace—the latest one (not to be mentioned!) was held the Thursday night before Labor Day, with no less than eleven meeting quite coincidentally—including an editor, a columnist, several medics, a secretary, and others.

Post War Planning

(Continued from page 1)

duce the discussion for agriculture, Mr. Ralph Noble, State Supervisor of Education will initiate the discussion of the plans of his field.

Each delegate is limited to a three minute presentation of his points of view and the entire balance of the time is to be devoted to an informal general discussion in which all the representatives may contribute. The group is representative of all interests although it is not a delegate assembly. The delegates will state the benefits of their various experiences and a complete understanding of each other's problems and aims is expected to make the informal organization of the conference.

Sylvia Runnals Has Big Plans for W.A.A.

Enthusiastic Response By Under Classmen

The Women's Athletic Association, under the direction of Sylvia Runnals, has plans underway for a bang-up fall season. Club activities begin this week and will continue through October. Besides intermediate and advanced sections in tennis, hockey and riding, this year W. A. A. is offering volley ball and socker. Since the latter are group sports requiring large numbers for games, everyone with any interest in them is urged to attend.

President Runnals said that response from freshmen and sophomores has been enthusiastic and that she would like as many of the upper classmen to turn out for Clubs.

This year the sports are to be directed by managers who will also act as instructors.

Managers

Peggy Donnelly '46, assisted by Ginny Campbell '46 has charge of tennis. Nancy Faucett '44 with the help of Alice Rowe '45, will head hockey. Archery is to be led by Co-Managers Jean Davison '44 and Joyce Byington '45. Diantha Greer '44 will be responsible for the volley ball group, and Beryl Cheney '45 for soccer. The riding club is one of the most popular. Phyllis Taylor '44 will instruct the classes at Bessette's Stables.

Health Council, an important part of the W. A. A. is to be directed by Barbara Webb 44, this year. Representatives will soon be chosen for each dorm and sorority house.

New Instructor

The Physical Education Department proud to introduce its new teacher, Miss Jeanne Enler, of West Orange, N. J. Miss Enler was graduated from Bates and Tufts College with a Bachelor of Science in Education. For a number of years her summers have been taken up with camp work, for the last three years she's been at Camp Quinibeck in Ely, Vt.

To climax the fall season, Sylvia plans an intramural competition between the dorms. For the present however she asks that girls keep October 12 open for the party to be given by the All Sports Club. Further details will be divulged in the next issue of the CYNIC.

There will be a very important meeting of the W. A. A. Council Friday, October 8 at 12.05. Every member should attend.

War Aegis. To make women students more war conscious Michigan State College, at Lansing, is distributing ration books each with 30 coupons. There are seven A coupons, each good for one night away from college residence; eight D coupons, each authorizing a "delayed return;" three B coupons, each good for a Monday morning return, and 12 L coupons, each good for five minutes of tardiness.

Cynic Meeting

Meeting of all News Editors, Reporters, and old Scrubs, Editorial and Business Staff, Thursday, October 7 at 7.15 p.m. in the CYNIC Office, Old Mill. Attendance is compulsory.

All new Scrubs will meet Monday afternoon at 5 p.m. in the CYNIC Office. All freshmen are urged to come.

JUSTINE WHALEN,
Managing Editor.

Religious Program Outlined at Chapel

Rabbi George Ende, the new leader of the Hillel Society, Jewish students' society at the University, read the scriptures at Vesper Service on Sunday afternoon in the Ira Allen Chapel. Rev. R. A. Hall gave the invocation. This was the first vesper service of the opening fall term and was largely attended by students and faculty alike. Members of the student body spoke outlining the religious program for the year.

Penelope Easton '44, chairman of the Religious Life Committee of Student Government, spoke briefly on the religious life program on campus, explaining its aims and purposes to the new students and telling of the plans of the committee for this year, including the new chapel hour at noon every Tuesday with compulsory attendance on the second and fourth Tuesdays of the month. She then introduced the other two student speakers, Ruth Jordon '45, and Jacob Katz '44.

Ruth Jordan spoke of the Interfaith Council and in particular Y. W. C. A. The projects of Y. W. C. A. Open House and the Community Center were explained and Ruth said that the benefits of these undertakings is service and there is more need and opportunity for service now than ever before.

Jacob Katz explained the W. S. S. F. or World Student Service Fund, and the duty owed to the students in occupied and oppressed countries in Europe. These students need the support of other students all over the world that they may continue their education.

The service ended with the benediction by Rev. R. A. Hall.

Mass Meeting Will Be Held Tonight

The first Mass Meeting of the year for all University women will be held on Wednesday night the 6th., at 8.00 p.m. in the Ira Allen Chapel. The primary purpose of the meeting is to have all the women on campus together, so that new Student Government rules may be interpreted and explained to everyone at the time. These Mass Meetings are the women's way of taking part in their own democratic government. Student Union. Every year changing conditions make it necessary that present regulations be amended and that some new ones be added to the constitution of Student Union. Since it is so vital that the women of the University know exactly what their government is doing, attendance of all women students is compulsory. On Wednesday night the new house presidents of all the dormitories will be installed and campus-wide problems will be discussed.

187 Freshman Boys and Girls Enter University

Many Events Are Scheduled for Freshmen Entertainment During First Week of Semester

Freshman Week. The commencement of every college year marks the entrance of the freshman class of 1947, the 158th class to enter the hallowed halls of our college. This group of young people are no different from any other freshman class except in one way that is, some in comparison with the past. The ratio of 150 odd women and 40 men is a bit astounding. You boys you are overprotected and may be overawed by so many girls, but remember, we're glad to have you, and you are residents of this campus, U. V. M. students all in the family of Vermont University and characters of honor and courage.

The Class of '47 has survived the matriculation and come through with flying colors. It was a period of exciting but gruelling events which leaves you a bit breathless but happy. Due to wartime restrictions the freshman women were deprived of the opportunity of Freshman Camp at Camp Hochelaga which is cherished memory of all Vermont women. But, Coed Counselors and the girls tried to make up for it as the best as is possible.

Monday

Things started humming Monday evening September 27 with a meeting of all Freshmen women together with Dean Simpson and outstanding upperclass girls at the Fleming Museum. The meeting was called for the purpose of welcoming the girls and acquainting them with customs and habits of the Vermont campus. Student Union officers were introduced and Barbara Hall '44 together Council Secretary '44 Chief Justice Selma Runnals '44 Vice-president Patricia McCausland '44 gave short but very good talks and best wishes to the new freshmen. Miss Margaret Crosby, Assistant to the Dean announced her plans for the dining

(Continued on page 2)

I.R.C. Conference At U.V.M. This Fall

Outstanding Political Scientists Speakers

The International Relations Club of the University of Vermont will be host to the New England Conference of International Relations Clubs on November 5 and 6. Fifty-six clubs from the New England states, New Brunswick, Nova Scotia and Newfoundland have been invited to participate in this conference. The officers of the conference who were chosen last year at the Colby Junior College meeting are as follows:

Perkins Presiding

President, Priscilla Perkins, University of Vermont; Vice President, Victor Bell, Tufts College, Medford, Mass.; Corresponding Secretary, Justine Whalen, University of Vermont; Recording secretary, Lucille Sanzona, Pine Manor Junior College, Wellesley, Mass.; Treasurer, Jean Davison, University of Vermont; Faculty Advisor, Prof. Ross C. Beiler.

Addresses

The highlights of the gathering this year will be addresses by two experts in the field of political science. Prof. Robert J. Goldwin, professor of international relations and democratic theory at Louisiana State University, will speak on the topic, "The War, the Peace, and the Future." Dr. Alvin Gabriel, the field secretary of the Carnegie Endowment for International Peace and instructor in international relations at the University of Pennsylvania, will speak on "Problems of Peace and in the Far East."

"The Necessities of the Present Hour" will be the topic of Prof. Elmore P. Potter, head of the Political Science Department at Oberlin College and "The Need of Enlisting Girls in an International organization in the world." Each of these addresses will be open to the public.

Panel Discussions, Forum meetings will also be held, at which every student member of the conference is free to express his views on the various problems under consideration. The agenda for these three discussion groups are also of vital concern and demand immediate and thorough attention. Nature of the Post War World, Immediate Post-War Problems, and Post War International Policy.

Committee

The committee chairmen who expect to make this conference one of the big events of the year at U. V. M. are as follows:

Housing Committee, Edna Ramsdell.
Food Committee, Ruth Jordan.
Publicity Committee, Jean Davison.
Registration Committee, Frances Dow.
Hospitality Committee, Leslie Gardner.

ATTENTION ALL WOMEN STUDENTS— There will be a mass meeting on Wednesday, October 6, at 8.00 p.m., in the Ira Allen Chapel! Attendance is required of all women students!

Freshman Frolic Friday's Feature

Friday evening, October 1 at 6.30 about the traditional freshman scene will unfold. The freshmen & their dates will be met at the gate by their "big sisters."

Professor Dean was the Master of Ceremonies and announced a large play-ground game the "tape" contest to be continued at a later time, which Vermont had come to mean to him. He succeeded in getting the freshmen to get that old loyal feeling and cheer themselves hoarse.

Mary Lib Metcalf, Betty Farnsworth and Helene Lescoe led the freshmen in many of our Vermont songs. Sylvia Runnals, a member of the All sports Club, spoke on behalf of the sports offered at U. V. M. Priss Perkins, President of this year's Mortar Board Society greeted the freshmen, and incidentally announced the apple-picking project planned for the following day.

A feature of the evening was two freshmen speakers. One freshman girl said that she came to Vermont because the War Corps was here! A freshman man was also brave enough to speak.

The picnic of hot dogs, chocolate milk, and cider was planned and served by the Staff and Cardinal Society, and the Sophomore Art Society.

Soldiers

At the Freshman Mixer Saturday several old faces, to mothers of course were quite pleasantly obvious. Larry Kullock was here from the Marine unit at Dartmouth College where he will remain for another month or so before leaving for Parris Island. Steve Moore was here too in his bottoms from the Naval unit at Dartmouth. And a few boys fresh from Algonkian but more recently from the SAAP unit at the University of New Hampshire appeared in the same attire. Jimmie Cavanaugh and the Barrington twin Jack Williams, David Frank spent a furlough recently from the San Antonio Air Base where he is now stationed. Lieut. Robert Wolfe is also in town after visiting a unit in Pine Camp[illegible] in the South Pacific, coming from New Georgia and Guadalcanal where he received the purple heart for [illegible] wounds. Bob was a prominent participant in R.O.T.C. in 1942. Charles Jackson Long, on leave from the Federal Census Department, is completing his course in military government at Dartmouth and will soon be packing his kits to leave sometime over the weekend.

Thanks to those writers who keep the social columns about former students and alumni in U. V. M. really interesting and you may be seeing a surprise item or two pertaining to [illegible]

Community Concert Campaign Begins

[illegible]

Upperclassmen Return to Campus Thursday to Enroll for Coming Year

(Concluded from page 1)

[illegible] and expressed the hope of a warmer and more friendly atmosphere [illegible]. Following the business [illegible] the meeting, Helene Levesque '44 [illegible] singing of Vermont songs. The Freshmen [illegible] with considering the little [illegible] had to learn the songs, and the [illegible] spirit was easily seen in lilting [illegible] of Champlain and the fighting [illegible] Vermont Victorians.

Tuesday

[illegible] September 28, was registration day for Freshmen and all the meeting [illegible] and appointments, which organizational details were attended by the class as a body. At 9:00 a.m. in the Fleming Museum Auditorium, President Millis addressed the new students and expressed in a message of welcome his best wishes for a happy and enjoyable college year. Following the president's address, registration was held with the director of admissions supervising. At 10:15 the heads of the colleges supervised instruction and discussed courses. Then, a breathing spell ensued in the form of a campus tour led by Professor Marvin.

Tuesday evening the freshmen were guests of President and Mrs. Millis at a reception in the lounge on the third floor of the Waterman building. Members of Mortar Board and the deans received with the president and refreshments were served.

Wednesday

Events opened on Wednesday with the intelligence test which was held in the Williams Science Hall from 9:00 to 12:00 a.m. From there, with weary minds, the Frosh proceeded to meet with their advisers, paid bills, and posed for registration photographs.

Wednesday evening the Freshmen met with the upperclassmen on the front steps of the Waterman building to join in the first Campus Sing of the year. Apples were provided to refresh parched throats and everyone went home feeling well satisfied with the evening's proceedings. Professor Blume led the singing and the Air Corps provided the audience, from windows behind trees, etc.

Thursday

The program continued on Thursday with the enrollment of upperclassmen, who once again return to the campus for a year of enjoyment and hard work. The Waterman Building was humming with activity from 9:00 in the morning to 5:00 in the afternoon.

At 11:00 Freshmen met with the Military Department in the Science Hall to [illegible] for military science courses. The women attended the Women's Student Government conferences in the Fleming Museum at which Student Union officers with Barbara Hall '44, president, presiding, explained the rules of Student Union and [illegible] their problems which might arise. At 2:00 the English placement examination was held in Science Hall with Professor Pope proctoring.

At 8:00 in the evening, the Ira Allen Chapel was the scene of the opening convocation for all students who were addressed by President Millis on the subject of "Self Discipline." Our president made several references to the Service Flag which has a total of 400 blue stars and seven gold stars. The University of Vermont is proud of its service flag which is a constant reminder of those [illegible] and [illegible].

Friday

Classes began on Friday and the old routine [illegible] once more. Freshmen, meeting their college classes for the first time, experienced a new [illegible] as a member of the college students. The [illegible] Science Hall and Waterman [illegible] were a beehive with U. V. M. [illegible] as gathering in the Air Corps.

At noon all students gathered on Jack [illegible] for a picnic sponsored by the [illegible] with Mortar Board in charge. After eating all gathered around the bonfire and enjoyed a lively program of songs, cheers, and skating with Professor Blume serving as master of ceremonies.

Saturday

Saturday morning proved a fitting climax as all Freshmen were entertained at a dance in the Student Lounge under the [illegible] of the Lambda Sigma sorority. [illegible] with Margaret Lake '44 chairman. Ruth Jordon '44, in charge decorations, adorned the windows with autumn woodbine which greatly improved the appearance of the room. Refreshments were served under the able direction of Betty Farnsworth '44. Monroe [illegible] was in charge of affording music and dished out recordings of Harry James, Tommy Dorsey, *et al.* A Victor official [illegible] The Air Corps provided the stag line and evidently were most enthused with the dance and the coeds of '47.

Sunday

Sunday afternoon, students and faculty attended vesper service in the Ira Allen Chapel. A coffee hour, sponsored by the Sophomore Aides was held in the Lounge on third floor, Waterman, from 2:00 to 4:00. Faculty and students alike lent their presence to the occasion.

geant Sorenson Still Slade's adliner; Mainly "No Cigars"

By CARL ROCHESTER

... orders' Here comes your ... from good old Slade Hall' ... you guys from Brooklyn, ... we have solved the ... Brooklyn Bombshell" ... Miss "Bomb Shell" when ... U. V. M. So your re... (again) and discovered ... Helen Wolf of Sanders ... you know who she is, all ... can "Take It From

...een Again

... renson sure is a versatile fel... just can't keep that guy out of ... We have to hand him our ... this issue. The parade of ... was the best we have seen ... filled the vacancy caused ... drum major, Chapman, ... to his next base. Soren... his stuff," in traditional ... style. And we have to give ... as it was the best and most ... drum-beat we have had in any ... parades

... we must come to the con... that there is nothing Sorenson ... unless it is that he can not locate ... By the way, how is Rocky. ... We wonder if Sarge has to walk ... in a "military manner" and ... triangular bandages" in cadence!! ...ember Sarge, never "quit your post ...d properly relieved!

...Question of the week: What changes ...be made as a result of the northeast ... D assistant commander's, Major ... King's visit to the 61st?

At this writing, most of the fellows here ...e a questionable opinion of the newly ...ected student officers. Unfortunately ...are forced to agree. It seems that ...r stripes, especially those of the single ...nte bar variety, have a tendency to swell ...hat old heads! Here is our slant of that. ...e must have student officers and student ...scipline. But, and here is where the ...ce inches, too many of these new ap...intees don't know what discipline is and ...erefore don't use their authority cor...ctly. In the first place you can not ...ld out follows that are six-foot-two and ...ger all to be leaders. Also, just be...use he is a friend of "Johnny Eager" ...esn't make him capable. He will cover up for "Johnny" and vice-versa, consequently things are badly corrupted!

Honor System

The honor system came into being in all C. T. D's because student officers had been lax on all campuses. If they had all been "on the beam" and not afraid to dish out, or receive, discipline, *You* and *You* would not have heard of the honor system. The honor system is all right, but it was not necessary in the first place. We are initiating it because somewhere along the line, some one "goofed off," now we all have to bear the consequence!

To further bring out our point, we have close contact with one of the student lieutenants who, since he has acquired his coveted stripes, will not even chat with his buddies in the halls. Going around with his nose up in the air and his head in a cloud of glory, how can he see misdemeanors and make appropriate corrections? Where is his sense of fair play and comradeship? Another "stripe happy" boy was badly tripped up by Sarge on the drill field. Said individual will not show disciplinary partiality to his buddies anymore! It is no more than right, if a group deserves discipline, every person in said group should get it! Partiality has no place where discipline is concerned!

The Nice Ones

Now, on the other hand, we have our Student Corps Officers, "Ace" Thonis, H. O. Jackson, and Carl Barron. These fellows make more corrections than any of the other student officers. And yet, they are highly spoken of and respected as darn good leaders by all the fellows. Why do these new officers have to spoil the good example set for them? Probably it is as "Ace" told us in a chow line interview, and we quote, "Too many of these fellows use their authority for just the special privileges and that is not right. Yes, we realize there will have to be some changes made, that will all be ironed out in time." Thank you, "Ace," and as you would say, "It's hep to the jive!"

SIMILE: As eager as Charley, "Machine-gun" Trigg was to obtain and write down all the new "Freshies" names!!

Charley Trigg hails from somewhere "Deep in the Heart of Texas" and is Slade Hall's sound effects man. Whenever you hear either of the Air Corps songs, "Machine-gun" Trigg is the "motor singing," "steel prop starts to whine," or "give her the gun." "Give her the gun" is where "Machine-gun" Charley really "gets in the groove."

It seems the Major tore up about 20 improperly made beds at Slade the other day. When the fellows came in from chow, about 50 beds were torn up. Hmmmmmm, we wonder? As your columnist was one of the first back from the evening offering of "macaroni and cheese," he was named as the culprit. Determined not to let this "dastardly act"

(Continued on page 4)

Honor System for Cadets Inaugurated

"Differentiating between the breach of the Honor Code and the breach of Post Regulations will be the only conflict we will have under the honor system," stated Lieutenant Giamo at the Student Officer meeting of September 20. This was the first day of the newly accepted system of government that all C. T. D organizations are required to have. Lieutenant Dixon reported a violation on the first day. "This man deliberately lied," said Lieutenant Dixon, " and that is just the type of discrepancy that we are mostly concerned with."

To correctly understand this system which has been in effect at West Point for over 100 years, we must make two distinct classifications. Breach of honor is defined as "Any act of dishonesty which affects the lives of military personnel." It carries a punishment of admonishment, tours, "painful" restrictions, and if the case is serious enough, elimination can be the maximum verdict. A breach of regulations is militarily defined as "Failure to comply with any order, regulation, or instruction which govern the lives and activities of military personnel." These regulations are the general army regulations plus the regulations and requirements of the particular post at which the individuals may be stationed.

Being a bit more specific we will take the case of any aviation student. Suppose he is questioned as to shaves, haircuts, shoe shines, or, more seriously, the case of not giving the true answer when questioned as to why he was not where he was supposed to be at the appointed time. Being A.W.O.L., even for an hour, is seriously dealt with. Being absent is a breach of regulation, and a false statement, as to his absence, is a breach of honor. In either of the above mentioned events, the examining officer will take the student's word. But, if ever proven a liar, said student better start packing! He is a sure washout, and what is worse, he has violated his honor and will be branded so on his service record.

Randolph Field, Tex., has a good definition of the honor system. Their definition is as follows. "Any honor system or system of procedure based on the honesty and integrity of the individuals comprising the group, must have several definite factors as a promise from which the system is fashioned. The word 'Honor' is an intangible that is not definable in black and white, yet its presence is readily detected and its absence is immediately obvious. However, the requirements of such a system are more exact and can be stated thus, if the above fundamental factors exist or can be developed, the success of the system is assured."

Being honest is being square. Squareness and fair play is what we want in our future officers. Give the honor system a fair chance and no one will be sorry! If it was good enough for West Point, it sure is good enough for us!

Oil Shortage Seems to be a Minor Problem to Converse Air Cadet

By RICHARD STEWART

Now that the latest bunch of "hot-pilots" has cooled down somewhat, curious events don't seem to be stopping up so often. Every once in a while, however, an oddity comes within hearing range of even our correspondent, such as the case of Lt. Asher. Mr. Asher, the eminent "oil" man, had quite some trouble with the substance known as black gold last week.

While going through the routine cockpit procedure at the airport, Mr. Asher industriously unscrewed the cap to the oil tank on his cub to check the contents. Upon finding out that the supply on hand was sufficient, Mr. Asher became a bit careless about replacing the cap. The minutes rolled by, Asher's instructor took his place in the plane and the wheel chock were pulled away. Across the field taxied the cub and when his time came, Asher gave the plane full throttle and took off. When only a few feet off the ground, a certain black liquid suddenly started to spurt out from under the cowling and Mr. Asher's instructor asked Mr. Asher in a mild roar whether or not he had screwed on the oil cap. The instructor landed the plane safely and secured the troublesome object before again taking to the clouds.

Dark Days

Now you may think Mr. Asher had seen enough oil for the day, but this did not prove to be the case. A few hours after his weird plane ride we find our hero puttering around, he like, in the physics lab. It seems today the experiment concerns volume and pressure applied to a tube filled with oil. Mr. Asher, ever searching for new discoveries, sends the oil column higher and higher in the tube. Like all other good things, the oil comes to an end. In this case it is the end of the tube and Mr. Asher together with several fellow scientists, becomes emersed with oil. This was truly a dark day in Mr. Asher's life. Maybe he got up too "oily" that morning. ("Okay, boys, I'll quit after this issue.")

Mr. Curley (better known as "Rat Head") Nichols is having his troubles with a female of the species these days. It seems Nick was made the object of some barber's wrath and is a bit shy in the hair department. After showing one prospective chuck his depleted dome, she asked as to what happened to the other guy. The moral to this tale is: Keep your cap on in the presence of ladies.

Gremlins

One of the hottest of the H. P.'s, J. J. "Red" Fighe, became a little too warm the other day. While cruising along in his faithful Piper, he became aware of smoke in the near vicinity. Immediately he accounted for it with the theory that his instructor had lit up a Corona Corona. Then in a flash he remembered that smoking upstairs is taboo and that maybe he was the victim of a hot foot. When this also proved false both he and his mentor, who was by this time aware of the companion of combustion, looked around in great anxiety. Nothing was found, however, and, since the smoke quickly disappeared, it is believed one of the gremlins was burning his trash.

Well, it won't be too long now before the group at present taking flight will ship out. One of the many things we'll miss when we leave, we'll be little "Gorlie" the detachment dog. If vitality were gulliness, as it isn't, "Gorlie" would surely be a saint. Practically every day when the gym teachers send us out for the cross-country stroll the "Sixty-First's" mascot runs right along with us. She is a featured attraction on parade days, sharing the spotlight with Adjutant Jackson's walk. I surely wish we could take her with us when we go.

Lieutenant Turner's new mail system is working out very well so far. It is a great improvement over the old way, in regard to Converse, anyway. Let's hope he has as much success with his other ideas as he's had with this one.

Lieut. Brossman Southwick's New Tactical Officer

Lieutenant Brossman has been assigned to Southwick Hall as our tactical officer. He replaces Lieutenant Turner, who now has the job of taming Converse Hall's "hot pilots."

If we are to put faith in the old saying "A new broom sweeps clean," the word Southwick should be synonymous with cleanliness. For the six weeks of our stay at U. V. M. we have had three different tactical officers. At this rate we will soon have to call out the reserves from O. C. S. Lieutenant Brossman assumed the position of maestro of Southwick Hall on September 20. We might add that there have been few sour notes in the harmony of the Hall. "Let's Remember Pearl Harbor" seems to be the order of the day.

It sure feels good to get back and talk to both our readers. We don't know what we'll do when you two graduate. We won't have *any* friends then.

Every day we grow fonder of these Vermont harvests. My! What a fine crop of co-eds! It does these little hearts good to see these golden-topped, slender shapes ripple across the campus green. Oh! chic, chic, you torture me! Who said, "Silence is Golden"?

"Did you hear this one, fellows." Grimols is on the loose again. His latest is the one about the little boy who said, I've got two bottle caps. Can I join the Air Corps too?"

Dan Cupid sent forth a volley of love-finding arrows and two of them found aviation students in that certain mood. One of them united William Fletcher and Shirley Hibbard from Waukesha, Wis. The other happy couple is Gordon Anderson and Winnie Lindquist from Ludington, Mich. They want to thank all the students who have been thoughtful and considerate toward them. We wish the four of them the greatest of success and happiness.

Just to show you that we don't gripe all of the time, we want to praise the mail system. It isn't perfect, but it is a lot better. Now how about that chamber-maid proposition?

Any "busted" cadet officers desiring consolation are requested to report to Southwick. We have quite a collection already. We are interested mostly in "rare" species. Last week we were very fortunate to obtain a "Brownose" of the

Have a Coca-Cola = Howdy, Neighbor

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"

from Arizona to Australia

At home or abroad, when the American soldier says *Have a "Coke"* to a stranger, he's made a new buddy. From Minneapolis to Melbourne, Coca-Cola stands for *the pause that refreshes* —has become the mark of the good neighbor.

Major's Mystery As Yet Unsolved

(Concluded from page 3)

Major King

In our comparatively short six years of service, we follows from other branches of service, such as Infantry, Tank destroyers, Artillery etc; have had quite a few orientations. Major Darr M K speaking to us in the cage October 2, gave one of the best and most complete orientations we have ever heard or ever hope to hear. He kept his audience's complete attention. And follows we sure know what the "score" is, thanks to Major K.

Your "Snooper" was in one of the corridor halls that the Major visited. It was the end of the period and most of the fellows had moved out to assemble and start for their next classes. There were two students in the hall and one was "reading in a newspaper. "Well" the Major casually remarks, " Only 50 per cent reading newspapers in here!"

One of Slade's "hot pilots," R Rishel was forced down the other day and is kidding! The engine conked out and "Rish" pointed his nose toward the nearest field. It seems it was a cow pasture but according to "Rish," his buying instinct must not even thought it a good landing spot as there was no "evidence" to that effect around!

Rishel had a bad day that day. He was also called before the group board to explain to a class he doesn't have! Oh well! Such is life in the Army! Last reports were that after the forced landing pilot and co-pilot (?) were hoofing toward the airport. They say hitch-hiking after a forced landing in New Guinea isn't so good either!

Next week we are graduating a swell class from the 61st. We are going to miss a swell group of fellows and student officers when those boys depart. Take pity on us and pick some good capable and sensible boys to fill those vacated official posts!

Good-bye, now!

P.S. Dear old physics, deficiency I—here we come! And no more make up tests! We sorely need more time on physics!

VOL. 62 — BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 13, 1943 — NUMBER 2

bo Day Brings anless Supper d Dorm Cleaning

tudent Government to ponsor Evening Event fter Busy Afternoon

[illegible] are "brewing" for Saturday, [illegible] the form of a "Beanless [illegible]" under the direction of Stu- [illegible]ment. The Student Lounge [illegible] floor of Waterman is to be [illegible] this unique affair and the [illegible].

[illegible] are all wondering why the [illegible] Beanless Bean Supper." There [illegible] reason for this and this is [illegible]. In the first place, we have [illegible] at U. V. M. which started [illegible] ago in the form of a Bean [illegible]. That year we started off the [illegible] Fund Drive in this way and last [illegible] had another supper. I am sure [illegible] upperclassmen remember these [illegible] occasions. To all the new faces [illegible] we want this your first sup- [illegible] be one you will always remember [illegible] the first two.

Scarcity of Beans

Beans are scarce this year so we are [illegible] substituting sandwiches, cider, and dough- [illegible]. These should "hit the spot" and [illegible] the same old idea of us all being [illegible] rather everything should go along in [illegible] shape.

Saturday is to be known as Hobo Day [illegible] the most, gayest, craziest clothes (?) [illegible] put on in the morning and worn all [illegible]. It will be possible to wear them [illegible] meals and it is a must for the "Beanless [illegible] Supper." In former years every- [illegible] has at least put on slacks and an old [illegible] shirt, while many others have gone [illegible] out and really made themselves over [illegible] entirely different people.

We plan a program full of entertain- [illegible]ment speeches (short ones), songs, a [illegible]obo Review with prizes for the most [illegible] unique costumes, and everything anyone [illegible] could possibly want at a good old U. V. M. [illegible] get together.

Square Dances Too

After all this if you are still going [illegible] strong there will be a square dance with [illegible] and dances here and there. This will [illegible] start at 8:30 and the Air Corps is invited [illegible] to this part of the show.

Under the guidance of the U. V. M. [illegible] sphere the following committees are [illegible] planning to give you the best Bean [illegible] Supper ever minus the beans: Program, [illegible] Barbara Anderson '46; Refreshments, Ali- [illegible]son Carr '44; Square Dance, Margaret [illegible] Palmer '44; Decorations and Hobo Re- [illegible]view, Betty Farnsworth '45; Publicity, [illegible] Sylvia Runnals '44.

Let's all show our U. V. M. spirit by [illegible] coming to this as a unified student body [illegible] ready to back any move our faculty and [illegible] administration deem necessary to make.

Y.W.C.A. to Have Open Meeting Soon

On Friday, October 22, there will be an [illegible] meeting for all members of the Y. W. C. A. at the University. At this meeting plans for the coming year will be discussed and there will be talks on some of the projects such as Religious Life [illegible], the Girls' Service Organiza- [illegible]tion, and the World Student Relief Fund. This is especially for the benefit of the [illegible] who may not understand the [illegible] membership in the Y. W. C. A.

Esther Gustafson, President of Y. W. C. A. states that final definite plans for the meeting have not been made. However, it is believed that there will be a [illegible] from the Y. W. C. A. office in [illegible].

Joe Lechnyr to Direct Co-ed Band

Annual Dean's Tea Welcomed Freshmen

The traditional Dean's Tea was held last Sunday afternoon between 4.00 and 6.00 p.m. in the Waterman Building. The faculty and student lounges and one of the banquet halls on the third floor were pressed into service, in the absence of Southwick, the setting of previous Dean's Teas.

Miss Mary Jean Simpson, Miss Crowley, Mrs. Millis, Miss Crabbe, and Priscilla Perkins were in the receiving line to greet the new students and upperclass women. In the banquet hall the punch was poured by Mrs. Marvin, Mrs. Riggs and Mrs. Carrigan.

The three women's honor societies were there to assist Dean Simpson in her welcome to the freshman women. The Mortar Board and Staff and Sandal members ushered, while the Sophomore Aides served.

The Tea helped the new women students to become better acquainted with their Dean of Women and women of the faculty, as well as to mingle with their fellow classmates.

Well-known Bands Play at Waterman

Harry James and his orchestra played in the Student Lounge Saturday night. Yes, and by special request, Frank Sinatra and Bing Crosby competed for vocal honors of the evening. Not to be outdone, Monroe Allen and his orchestra were also on hand. By way of explanation, perhaps it would be wise to say that these famous people were present in music only—for the Student Lounge, on Saturday night, was the scene of the first vic dance of the year, sponsored by Student Government.

"It was a neat dance," came the report on Sunday morning. Although the formal at the U. S. O. offered a bit of competition, the fact that cookies and apples were served as refreshments proved a drawing card among the campus dance-fans. Likewise, the admission prices of 10 cents stag, 15 cents drag, were kind to Air Corps students and civilians alike.

One bit of criticism was picked up, however. "What was the matter with the stag line—did they have gum on their shoes?" wondered more than one girl who sat on the sidelines while the stags calmly regarded the couples on the floor. "Let's have a little more cooperation next time, fellows," comes a message from the officers of Student Government.

College Spirit to be Upheld By New Band Organization

All-Student Band Sponsored by Pep Committee; First Meeting on Thursday.

In spite of the obvious lack of men on campus, Vermont will not be without a band this year. Since an R. O. T. C. band is an impossibility the Pep Committee of Student Government has already started the organization of an all-student band in which both men and women may play, the only qualification being that they can play.

Mr. Joseph Lechnyr, for many years director of the R. O. T. C. Band here, and a favorite among the men not only as a fine musician and director but as a "good sport" and friend, will direct the new co-ed band. The Pep Committee is an organization of Student Government whose purpose is self-evident and whose functions are as important this year as in the past. A band will contribute much to maintain that intangible idea—Vermont spirit.

The committee, Frances Donahue '45, chairman; Alison Carr '44, Barbara Anderson '46, Betty Farnsworth '45 and Sylvia Runnals '44, ask the cooperation of all students in making this experiment a success.

The first meeting of the band will be held in the Physics Lecture Room (No. 11), Williams Science Hall, Thursday, October 14, at 7.30 p.m. All those who have signed up are requested to attend. If there is any reason why you cannot be there contact Frances Donahue, Tel. 2995.

(Continued on page 4)

Sororities Guided By Pan-Hellenic

Set Up Regulations For Campus Groups

An organization known as the Pan-Hellenic Association, and made up of representatives from each women's fraternity on the campus makes and enforces rushing rules and regulations. The Pan-Hellenic Association at the University of Vermont is a member of the National Pan-Hellenic Association which was organized in 1902. This association illustrates in a striking manner two important facts—that women of even rival interests can work together and in harmony to a purpose and that fraternity women are desirous of bettering fraternity conditions in all their phases and in every possible connection. The Pan Hellenic Creed illustrates most clearly the purpose and spirit of Pan-Hellenic.

"We, the fraternity undergraduate members, stand for scholarship, for the guardianship of good health, for wholehearted cooperation with our college ideals for student life, for the maintenance of strong social standards and the serving to the best of our ability our college community. Good college citizenship as a preparation for good citizenship in the larger world of alumnae days is the ideal that shall guide our chapter activities."

Offices Rotate

The offices of the Association rotate among the different fraternities in the order of their local founding. The representatives are chosen from the different chapters by the members of the group, the Junior member remaining on the council as the Senior member the following year and a new junior representative being chosen each spring to serve for the next year.

All the sororities on the University of Vermont campus are represented in the Pan-Hellenic Association. They are as follows: Alpha Chi Omega; Alpha Xi Delta; Delta Delta Delta; Delta Phi Epsilon; Kappa Alpha Theta; Pi Beta Phi; Sigma Gamma and Tau Lambda Mu.

All-Sports Club Plans W.A.A. Party for Everyone

Big plans are in the offing for the first W.A.A. party of the 1943-44 school year. The place is Taft School on Williams Street, the time, Tuesday, October 19 at 7.00 and everyone is invited.

This is your first chance to see how W.A.A. works and to meet the people who try to run it the way you like it best.

There will be entertainment and, of course, refreshments which everyone is bound to like. The main course for dinner is to be served as usual in the Waterman, but the last course, dessert, will be served at the party.

W. A. A. is looking forward to seeing you all there and talk it up so that every girl on campus will know about it. All Sports Club is in charge of running this party.

University Dorms To Be Cleaned by Hobos on Saturday

Eleven Squads Will Do Contract Job. Pay Will be Gift to W.S.S.F.

"Hobo Houseclean" has been adopted as a motto by the committees in charge of the work festival to be held on campus this week end.

Since the University now employs one woman part time where eight worked before, the cleaning and settling problem has become quite acute in most women's dormitories, according to the Dean's office. Therefore, the Cashier's Department willingly agreed to a contract of work for this Saturday afternoon which will take care of such tasks as washing windows, pressing and hanging curtains, as well as raking leaves and the like.

Price Already Settled

The contract made pays a flat rate per job, not per person working. Hence, if there are too many workers to do the task, they may alternate each other in hour spans with clear consciences.

Boys to Work

There will be eleven squads of the ambitious hobos, each with a squad leader who has received a list from the house director of the chores to be done. One of these will include undergraduate men on the U. V. M. campus proper who will start from the student lounge. Two others will be made up of independent women who will meet either at Allen House or Dresser Cottage, and the remaining squads will be different sorority groups from their houses.

The starting time is 2.15 on Saturday from the above mentioned points.

W.S.S.F. to Receive Gift

The money paid by the University for the afternoon will be given to the World Student Service Fund, which aids needy students throughout the world.

Students Assemble For Convocation

Self-Discipline Urged By President Millis

Last Thursday evening, September 30, found the faculty and students assembled for the first time at the Convocation in the Ira Allen Chapel. Five months has brought quite a change to the U. V. M. campus. The spirit, however, of Vermont and its traditions shall be carried on by our present student body. This was seen by the enthusiasm of the returning students and the new freshmen as well as that of our faculty.

The meeting was opened by a prayer led by Reverend Hall. This was followed by the singing of the Star Spangled Banner led by Professor Bennett of the Music Department.

President Millis then welcomed the old students back and spoke on the development of self-discipline. He stressed that one of the reasons for which we are fighting this war is for the recognition of the dignity of man. It is our obligation to build and preserve a University to serve whatever kind of world results from this war. But first, we must know what kind of education for which we are fighting. Our future education must be one of self discipline. Doctor Millis pointed out that "discipline of the mind gives a tool but it must then be used. Energy is needed to animate this tool and this comes from a discipline of character, of personality and of spirit."

The meeting was brought to an end with a prayer followed by the singing of "Champlain."

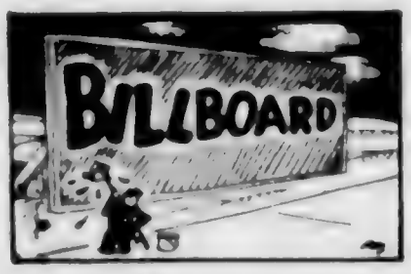
College Publishers Representative
420 MADISON AVE. NEW YORK, N. Y.
CHICAGO BOSTON LOS ANGELES SAN FRANCISCO

Founded in 1883. Published semi-weekly during the college year. Subscription $3.00 a year; single copy, five cents.

Assistance for mailing to points outside Burlington at special rate provided for in Section 466 P. L. and R. Act of March 3, 1879, authorized October 14, 1918. Publication Office, 107 College St., Burlington, Vt.

All editorial and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman Building. Brief notices must be handed in at the office not later than 10 a.m., Tuesday and Friday for the issue in which they are to appear. Office telephone 3261-266.



Most babies point from the nursery and coo. Lyn Lamey Vreeland returned to school from Lexington, Kentucky where the "business" in her statement. This serves to be Pi Phi's motto for weddings. News comes of the wedding of Nancy Goodwin to Lieut. Odom Reynolds of the Army Air Corps and of Jane Wray to Lieut. Dick Page also of the Army Air Corps. Pardon it's a Sig Phi month, too.

Mary Louise Pete) Hart spent the week end visiting the Pi Phi house and got to see Stubby and Dick's wedding. Pete is teaching school fifth grade, in Long Island. Caroline Beckmer is back at school after several years away, she was a member of the class of '44.

Gloria Ogley Frank and son, Lincoln, are out at Camp Gruber Oklahoma, where Beryl is stationed receiving basic training. Gloria was Mortar Board Pan-Hellenic president and married in her senior year here.

At my last Chapel service last week, in came Pvt. Ed Lane to surprise everyone. He even put on a talk and joined the choir. He is in the A-12P at Lehigh University. Lieut. Fred Webster quartermaster was at home for on his way to Richmond.

I'm a sucker for this time. Please write in and give news of former students and anyone or topics what people want, I say sure.

STUDENTS in the College of Arts and Sciences who expect to graduate at the end of the current term, that is in January, 1944, are asked to turn in their names in writing to the Dean as soon as possible.

THURSDAY, OCTOBER 14, two weeks from Enrollment Day, is the closing date for change of studies in the Arts College. Except in cases where students are deficient in preparation for a course and wish to change to a course on a lower level such as a change from French 3 to French 1, students will not be permitted to enter a course after the above date.

E. Swift
Dean.

There will be a meeting of Bluestockings on Thursday night, October 14th, in the Delta Psi House at 7:45 p.m.

LOST.—A X W Sorority pin in the vicinity of Women's Athletic Field. If found please notify Elaine Fuller, Elmwood, or phone 4212.

LOST.—A light-brown pigskin tobacco pouch with zipper. Will finder please return to Phil Seibert, 381 Main St., tel. 303.

ATTENTION STUDENTS! Any suggestions, complaints, or other advice will be gladly acknowledged by your gov't. Write them out, and place them in the Student Government question box which is now down in the bookstore. This has been a valuable source of information to your officers in the past, and we hope it will continue to be so this year.

Students Gather For Campus Sing

More than two hundred students gathered on the front steps of Waterman, Wednesday evening, September 29, to join in the first Campus Sing of the Fall Quadrimester. The Sing was directed by Professor Blume, who has returned from an Army leave of absence to teach math to the Air Corps. Apples, supplied by Y. W. C. A. and the Pep Committee, were tossed after the Sing.

Campus Sings were introduced to the Vermont Campus several years ago by Professor Ladd of the German Department. The idea of an informal evening of old time and college songs became popular immediately, and has since grown to take its place among Vermont traditions.

This year, under the direction of the Pep Committee of Student Government, many more Sings will be held.

Home-Ec. Club Drive Fri.

The Home Economics Club membership drive for sophomores, juniors and seniors, is scheduled for Friday, October 15, in the Front Hall of the Waterman Building. Requirement for membership is limited to girls with a 75 average or better.

When asked their opinion of the coeds at U. V. M. the boys in Room 21 expressed their considered opinion at great length as follows, WOW!

Aerial Opponent

Lou Ruggeri was really stung. His first aerial opponent was a bee which made a one point landing on Lou's relaxed arm as the poor fellow lay sleeping. The ensuing bee hunt was equal in organization and ferocity to the defense of London from Nazi an attack. Lou went so far as to borrow Jim Papanestor's flashlight to spot the attacker. The dawn light enabled Bob Sagan of the mighty arm to beat the offending creature to death, avenging Lou as was proper.

Mr. and Mrs. R. P. Quackenbush of Wyckoff and Miss Lillian Graf were week-end visitors of Fred Quackenbush. Fred had one other visitor, a permanent guest. The family brought along his saxophone, which the man plays very well.

Mrs. Richardson of Syracuse and her son played the piano individually and collectively for a gathering Sunday evening in the students lounge. The piano duet was a joy to hear; and the singing put forth by the assembled group was certainly enjoyed by all those present.

An amusing incident comes from one of the Redstone boys who prefers to remain anonymous. Joe, we will call him, was seated with his "date" in a local movie theater when suddenly she asked what the hour was. Upon hearing it was 10.10 p.m. the said date bounded out of her seat, scampered down the aisle and out into the street. Joe, somewhat perplexed, anxiously followed and inquired why she was in such a hurry. The girl replied, "I have to be back at the house by 10.30." Joe queried "on Saturday night?" "Oh gee," was the reply, "is this Saturday?"

Converse News

by RICHARD STEWART

The months have rolled by and here it is time for us to say good-bye to U. V. M. I, like almost every other member of the flight class hate to leave Vermont because of its pleasant climate and comfortable surroundings. It will really take a semi-utopia to replace Burlington as an Army station.

Last Saturday afternoon there was quite a disturbance on the fourth floor of Converse Hall. About fifteen or twenty cadets dashed through one of the rooms and walked over the reclining body of Frank Trocano, whose bed is next to the window. As said window opens out on a fire escape the sleeping Trocano partially blocked the flight of the freedom-bent soldiers.

When everyone had filed out of the window and down the escape, Trocano, the weary one, hopefully returned to bed in quest of forty winks. Suddenly the window flew open again and across Private Trocano's bed thundered the boys. All of this trespassing back and forth (or forth and back, as it should be), rather mystified Mr. Trocano and your correspondent. But since silence seemed to be the pass-word among the "escapists," we are still in the dark as to what they were running from.

Got the results of the fourth game of the World Series today. Not so good for the home team! Let me now announce that I am not responsible for any debts arising from wagers made while in some sort of a stupor. Surely the men of Southwick couldn't fail me in such a way. No doubt Yankee propaganda.

The question of the week is: Who broke the window glass in the third floor latrine at Converse? One is greeted by icy blasts in the morning which more than wake you up.

Was amazed at the profusion of feminine pulchritude at the University mixer Saturday night. Looks like the girls have returned just as we're ready to ship out. Too bad the Chaplain left so soon.

At this point the column takes a distinctly sour change. Have just been stood up by some South Burlington queen. If she happens to read this I wish her a very unhappy future and to the paratrooper she was with, the same. How about starting a broken hearts club or a curse-the-paratroopers organization.

In closing, I want to wish the best of luck to my readers, both of them, and hope that the following classes have as good a time here as we had. Keep 'em exercising by the numbers, Mr. Post, and "let's leave it at ease," Sarge!

Headache Week on at Southwick: New High on Aspirin Sales at PX

by BILL LEYDEN

Comes the third month of blissful ignorance and the Southwick Hall boys "with dirt behind their ears" are wondering what the proverbial hall really is. In fact, some of the boys still think it's something on a seal's nose. To quote Supply Sergeant Smith, our beloved P.P. non com, "the gentlemen of Southwick are getting a special issue from the government—O.D. dinner caps."

So the theme of the week is study and more study. A good example to follow is Joe La Rosa who turned over a new leaf last month and now his excellent marks are working him right into a navigator's chair. Joe says he pays the price though—what with math tests—solving physics problems the hard way—running four miles at his age and to top it off, guard duty twice last week caused him to be measured for a new blouse to fit around his iron lung. "Little Wop" Marabella is carrying a blue mirror around so he can't see how pale he is after final tests next week, and the rest of us have bought out the aspirin concession at the P.X. But don't worry about not passing, fellows, we can always pull out the left chock on that plane we thought we'd fly.

Snafoo PP

Snafoo has been clearly defined since last Thursday evening. When our illustrious commandant looked for some 200 volunteers for the usual party (G.I.), his cohorts were only able to find nine Southwick men to drag in. In fact, the campus was as populated as a night club on Sunday morning. However, the hall was quite delighted over the Saturday inspection which seemed to please our tactical officer, Lieutenant Brossman, whose roving eye misses nothing in the way of dust, unbuttoned clothing or brass slightly on the dull side. Just think how inspection will be next week when we find the other 190 men for the G.I. picnic.

A good deal for Saunders this week was the visit of his mother to see how the Air Corps was moulding her son or *vice versa*. Guess we all look forward to seeing Mom some time soon. And special congrats to Arnie Herman who is the very proud pop of a seven and a half pound son as of late Saturday night. When he heard the good news from home he nearly burst the chest buttons of his G.I. shirt and we all know how roomy they are. The purchase of cigars will be postponed until the advent of flying pay. There has been quite an increase in arrivals of Southwick boy's wives and parents. Landes tells us they've put a rug outside the Lieutenant's office so the fellows can stroll in on their knees for overnight passes.

Monthly Beer

The monthly beer party with its usual gaiety was a success despite the absence of married and of fianced cadets who, no doubt, preferred to drink the beauty of the "only one" from home than drink the beautiful amber fluid.

With the arrival of Vermont's autumnal beauty, comes now D section to sprout their untried wings. For the past week the conversation has changed from "jive" talk to iron bird talk. Boys are running through the halls of stately Southwick with broom handles practising ground loops. The other half of the boys on flight will probably get the other end of the broom and be brushed off. Hit tune of the week, "Swing and Sway in a Piper Cub."

We'll retire to our miseries for another week now. Your correspondent must leave to design a new campaign ribbon for those who are able to get two pieces of butter in the mess line . . .

Slade Columnists Send Bouquets to Both Loyal Readers

By CARL ROCHERTER

Well Good (?) people, the leaves have started to fall. This is just a fair warning that winter is just around the corner. As much as we will hate to leave Vermont, we still aren't going to miss those cold mornings of last week.

We haven't heard much from "Goose step" Acerra this week. Sarge Sorenson "Blitzed "Goose-step" and the other 21 members of that particular drill section into complete submissiveness. "At Ease"

SIMILE: As *interesting* and lively as the return of the U. V. M. co-eds has made campus activities.

This week's bouquet goes to you, dear readers (both of you!). We had an amazing (and I ain't kiddin'), amount of compliments on last week's offering. We are glad that we correctly expressed your feelings in our humble column. There is quite a bit of work connected with any paper or column and to date, your thanks are all the gratifications we have received. Thank you for all your compliments. We are glad to express the majority of your opinions at any time!

Cynic Wednesday

On Wednesday, when the Cynic comes out, all the Army personnel plus the students, make a bee line for the nearest issue. Everyone has his or her nose in a Cynic. We are glad of this, and when your praise starts circulating around, we are doubly gratified.

Consequently, we believe that Captain Ernst and his staff are realizing more and more the value of our Army page. It not only serves for better fellowship, but also as a medium for getting important items across. A news story will get across a point that a notice on some half hidden bulletin board will never do.

Question of the week: Who will replace Slade Commander Barron?

Question of the week. How do you like Slade's new Commander.

It seems that A. Gimlock, a resident of the second floor, prefers sleeping in the hall to sleeping in his room. At least, he spent last Sunday night in the corridor!

Radio Team

Did you know that we have a radio team at Slade Hall? Max Hunt, of Indiana, and James Marsh of Alabama, represented a cross section of 61st C.T.D. on radio station WCAX September 25th. They were interviewed by Prof. Sarah Holbrook, representing the college. The purpose of the program was to orient radio listeners with the Air Force's program here. Also, a plug was put in for the recruiting drive.

There is a rumor around that Supply Sgt. W. A. Ross has an "ardent admirer" somewhere in the hills of Tennessee! (I'm only three and a half years old!) It isn't quite that bad though, is it Rossy? Quote: "Ha! Ha!" unquote!

J. Belcher, C. Briggs, G. Johnston, living across the hall from the pay phone, sure have their fun, also their embarrassing moments! What was it that "lady?" called you, Joe?

Our "H. Ps." M. Johnson and R. Rishel, have been rather quiet this week. They better be or First Sergeant Luber will ship 'em over to Converse! Need any help, "First Luber-Luber"?

So long for this issue. We are going over and "submerge" in the "suds" of the G. I. party.

"D Phi E" Has Open House

Delta Phi Epsilon sorority cordially invites all freshmen and transfer students to open house on Friday, afternoon from 4:00-5:30 at the home of Mrs. Louis Lomas, 295 Maple Street.

The Goodrich Classical Club will hold its first meeting of the year at the home of Prof. and Mrs. L. M. Prindle, 380 Maple St., tomorrow (Thursday) evening, 7.45.

SERVICE MEN—
CARRY
TRAVELERS
CHEQUES

No matter what branch of the service you are headed for, you will find AMERICAN EXPRESS TRAVELERS CHEQUES the best way to carry your money. They are not only spendable everywhere, but they have an important safety feature that protects you. It is this: if they are lost or stolen, you get a prompt refund.

Issued in denominations of $10, $20, $50 and $100. Cost 75¢ for each $100. Minimum cost 40¢ for $10 to $50. For sale at banks and Railway Express Offices.

AMERICAN EXPRESS
TRAVELERS CHEQUES

Have a "Coke" = Come, be blessed and be happy

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"

...from Idaho to Iceland

Have a "Coke", says the American soldier in Iceland, and in three words he has made a friend. It works in Reykjavic as it does in Rochester. 'Round the globe Coca-Cola stands for *the pause that refreshes*—has become the ice-breaker between kindly-minded strangers.

Outing Club Gives W.S.S.F. Earnings

Saturday, October 9 the Outing Club sponsored an apple-picking party. About [illegible] girls and 18 dungarees volunteered, and many had to be turned away because of lack of transportation facilities. Three trucks conveyed the workers to the orchards of the Hilberts, the Peters and the Robinsons in the islands.

Money Given W.S.S.F.

Over $30.00 was earned by the apple-pickers in a short short time, which will be turned over to the W. S. S. F. or World Student Service Fund.

A group of fifteen girls ground-picked 250 bushels in one and a half hours. Although the rain prevented so that many had to leave earlier than planned, some more hearty girls remained until supper time. Tired and wind-blown, all the girls claimed that it was fun.

The Outing Club membership was successful in getting 135 memberships on the Thursday before the apple picking.

Medical Aptitude Test Given in November

The Medical Aptitude Test, a normal [illegible] for admission to medical [illegible] will be given on Friday, December [illegible] at 1:00 p.m. in Room 27, Williams Science Hall. All premedical students who have not taken the test should do so at this time since it is necessary [illegible] that any special tests will be given this year. Students are required to register at the Dean's Office, room 9, Medical Building. The fee is $10.00 and is due at the time of registration.

Prisoners-of-War Need Study Aids

War reconstruction is a familiar term to every student today. One of the most urgent fields of reconstruction is in the re-education of war camps in foreign countries. It is of utmost importance that intellectual facilities are made available in these camps. Pen and pencil communications are the essential factors in keeping up the morale of each prisoner. For those who lose the desire for intellectual activity succumb to the "barbed wire disease."

The fact that textbooks, study materials, and personal communications get to the prison camps means everything. There are prisoners who had not quite finished their education or had just started before they were caught up in the war. If they are given an opportunity to continue or complete their studies it gives them a hope for the future. And for each prisoner who is educated we can count up one more score for those of us who will work for a sane peace.

The following quotation is taken from a newsletter received from the European Student Relief Fund. The wife of a Belgian prisoner writes, "My husband has . . . just received the third volume of the course you have sent him. In this third year of captivity intellectual work is perhaps the only consolation remaining to the prisoners of my country."

The World Student Service Fund is doing all it can to fulfill the requests of needs from these camps.

W.A.A. Meets in Waterman Building

Activities For Year Decided by Council

A meeting of the W. A. A. [illegible] held Friday, October 8, in the Waterman Building. The roll call and the [illegible] were read after which Sylvia Rus[illegible] president introduced Miss Jean [illegible] new physical education instructor [illegible] council.

Action was taken on various [illegible] which have come up since the beginning of the year. The council approved the Council-at-Large representatives to Health Council members, the [illegible] 1943-44, and Beryl Cheney '45 [illegible] sports soccer manager.

It was decided that Mary Quinn '45 [illegible] in charge of the intramural week [illegible] starts October 25. Mary Hunter '45 [illegible] the new badminton manager. [illegible] vacancies on the council Frances Dorgan '45 became the Publicity Chairman and Betty Ritchie '45, the Junior Representative.

Peg Donnelly '46, reported that the tennis tournament is just getting [illegible] way. Phyllis Taylor '44 stated that the W. A. A. party is to be Tuesday, October 19 at the Taft School on Williams St.

Vermont girls have always been [illegible] for the good sportsmanship they have shown and a goal of this year's [illegible] is to keep this always a characteristic of Vermont girls.

Duties of Choir Members Explained

The Choir sings at weekly chapel services Tuesday noons, at monthly Sunday vespers (rehearsal 2.30 p.m.), at the Christmas, Lenten, Easter and other concerts and at the Baccalaureate service. Members desiring college credit (one hour per semester), rehearse three hours a week. Normally Tuesdays, Wednesdays and Thursday 7.00-8.00 p.m., though longer rehearsals with orchestra Tuesday and Thursday may sometimes be substituted for the Wednesday rehearsal.

Chapel Scene of Student Convocation

Address by Prof. Evans On Russian Relations

Last Wednesday, October 13, all Vermont students attended convocation in the Chapel at 12:10 o'clock. These convocations will be held every Wednesday at this hour, and everyone is expected to attend. There will be interesting speakers provided each week to address the student body.

President Millis opened the convocation by having everyone sing the first verse of "America." Then he introduced the speaker of the morning, Doctor Evans. Doctor Evans, an authority on world events, had chosen as his theme the relations of Russia with the United States and Great Britain. Russia has a background for distrust of the Allies as portrayed by events of the first World War. In view of that fact Russia had not stuck out the war. Provisions were made in the Treaty of Versailles for her to lose the vital countries of Lithuania, Esthonia, Latvia and the great seaport Bessarabia. The loss of these territories was a serious thrust at Russia, Doctor Evans stated. At the close of the war the Allies further angered Russia by sending troops into her country to suppress the Soviets. It becomes a clear fact that at the close of World War II, there will be a strong demand by the Russians for the return of their lost territories. The Allies will scarcely be in a position to deny the demands of their strong ally. This issue is one of the many important ones which will confront our nation when peace finally comes.

Doctor Evans' message was followed by the singing of "Champlain."

W. S. S. F. Provides For Student War Victims

W. S. S. F. stands for World Student Service Fund, an organization which can best be explained by stating its platform:

Provides direct relief for students and professors who are victims of war.

Joins with students of other countries in raising funds for student relief.

Is the recognized channel for aid to student prisoners of war, operating under the Geneva Convention of 1929.

Is international, non-sectarian, non-political.

Believes that students have a special responsibility for their fellow students.

Builds for the future through relief PLUS education and reconstruction.

Goodrich Classical Club Plans For Year

Members of the Goodrich Classical Club met Thursday evening at the home of Prof. and Mrs. Lester Pomelle where future meetings and the year's program were discussed. Rosemary Warren, president called the meeting to order after which Ruth Lyon, program chairman, gave a report on a possible program for the year. It was decided to read a classical play at one of the meetings. Shirley Hubbard was appointed from the club to Mary Hermon and Kate Lyon, members. A late outing for was suggested by Jean Duncan. Following short papers refreshments were served by Mrs. Pomelle.

Attention Students

There are now two vacancies on the U. V. M. Students Executive Council. The members must be from the class of '45 and in good standing at the University. Nominations for the executive committee shall be made by petition signed by at least one hundred members of the U. V. M. Students.

For the most efficient governing body, the U. V. M. Executive Council needs these members. Since the elections cannot be held until the election notice has been in the Cynic a week, these petitions must be in my possession by October 23.

This is your chance to show that you are backing up your Student Government.

JULIA FLETCHER,
President.

Kay Brown Plans ExcitingSeason For Outing Club

Outing Club Girls Contribute to W. S. S. F. By Harvesting Apples

Many plans are being made for one grand Outing Club season. "A sport to suit the season" is their aim . . . and say, listen to these ideas:

With harvesting going strong, Professor "Benny" Ladd needs some one to dig his potatoes. Now, what could be nicer than spending a week-end out in the country, with a jolly crowd, with pleasant hosts, helping Professor Ladd!

Well, Outing Club doesn't want to plan too far ahead of the game you know, you can't tell what's going to take place at what time, these days. But you can be sure that there will be a good number of hikes along the lake shore, breakfast hikes, supper hikes—and just plain hikes! Then, when the inevitable snow arrives a cross-country skiing trip will be held, so you had better begin thinking about where you left your skis and whether or not they need waxing. There also, might be an overnight skiing trip to Bolton, Vt., which is directly on the bus route. Oh yes, don't forget your skates too. These "dog days" aren't going to last forever, and when the cold weather comes the ice is going to be perfect for a skating party. How about it!

Kay Brown, enthusiastic president of Outing Club, has a few more cards up her sleeve and so have the other council members—Fran Donahue, Julie Fletcher, and others. Watch out for notices about a Hallowe'en party—they're likely to be posted any day now.

Events Enjoyed

The apple pickers, as of October 9th, can tell you that the first Outing Club afternoon was successful, both socially and materially, for the money earned was given to the W. S. S. F. The hikers of October 17 who hiked for their supper, which was furnished by the girls of the group, had a rare old time, too.

So here's to the Outing Club—long may it live" and as the year progresses different events will be held that have not as yet been mentioned.

Canterbury Club Will Hold Supper Meeting

The first meeting of the Canterbury Club will be a supper meeting at St. Paul's Parish House at 5:30 p.m. Sunday, October 24. The plans for the year will be discussed. Air Cadets, A S T P students as well as University students are cordially invited.

Mortar Board Dance to be Held Sat. in Men Gym

Girls Invite Boys to Fall Semi-formal; Barre "Royal Arcadians" Furnish Music

Saturday night from 8:30 to 12:00 the men's gym will be the scene of the gala fall Mortar Board dance, a girl-ask-boy occasion with music by the "Royal Arcadians" from Barre. The procedure will be for the girls to make the dates as it is a girl-asks-boy dance and the admission will be $1.10 per couple.

Mortar Board dances sponsored by the senior women's honorary society are a great tradition at Vermont and always well attended as the social highlight of the fall season. This year's dance should be bigger and better than ever before as girls will have an unlimited supply of men from which to choose.

The orchestra, consisting of 10 pieces and a vocalist is a reorganization of the Barre Collegians well known at Vermont and very popular and it should really be a wonderful attraction. The decorations, under Barbara Hall '44, will be kept a mystery until the night of the dance.

Patricia McCormick '44, is General Chairman and the girls on her committee are: Penelope Easton, Publicity; Barbara Hall, Decorations; Julia Fletcher, Chaperones and Music; Justine Whalen, Tickets.

Newman Club Meets In Student Lounge

Held At Chapel Hour For Catholic Students

Tuesday morning at the regular Newman Club Chapel hour in the Student Lounge, President Patricia Crowley '44 outlined briefly the Club's program for the year. She then introduced Father Dermot Cosgrove, the Newman Club's new chaplain. Father Cosgrove, from St. Johnsbury, is a young curate in the Cathedral parish and especially interested in Newman Club work. He explained the discussion club work which many members are anxious to initiate here this year.

Guest Speaker

The Newman Club is open to all Catholic students at the University and offers, besides the regular Tuesday services conducted by Father Cosgrove, Communion Sundays at the 9:00 o'clock Mass at the Cathedral on the first Sunday of each month. This year there will be four or five big evening meetings when outstanding guest-speakers will be heard. The first of this series will be in the second week of November when Mrs. Taylor of the Vermont Catholic Charities will speak on social work. The Club also plans to sponsor a Saturday night Vic Dance in the near future.

The discussion club movement is a plan to stimulate active personal interest in religious subjects or the Church's attitude on difficult problems. It consists of small groups of interested persons meeting and discussing these problems in serious but informal circumstances under the leadership of some qualified member and using Papal Encyclicals or discussion club pamphlets as a text for stimulation or reference.

A membership drive is beginning Wednesday, October 20 under the co-chairmanship of Kay Hennessey, '45, and Betty Rome '46. All Catholic students are urged to sign up at the table on the main floor of Waterman.

Air Students Hold Graduation Dance

Over two hundred couples were present at the Memorial Auditorium last Wednesday evening from eight until eleven o'clock. This dance was given in honor of the graduation of the first class training men of Air Corps students here at the University of Vermont.

The music was furnished by the Local Army Ground Forces from Fort Ethan Allen under the leadership of Chief Warrant Officer Lewis S. Gerrissolise.

Among the patrons and the patronesses were Dean Mary Ford Simmons, Captain and Mrs. Wm. F. Lucas, Lieutenant and Mrs. John Proctor Pratt and Mrs. J. D. Carpenter and other members of the college faculty.

The dance was a great success in the minds of many of the college girls. We hope that the air-crew students have had and will continue to have a very pleasant stay here at the University of Vermont.

Many Activities Carried on by GSO

Girls Attend Dances, Parties, Serve Meals

Free breakfasts, suppers, entertainments, broadcasts, and general open house make Sunday especially busy at the USO. Formals, square dances, and variety shows are but a few of the week-day attractions. The service of the GSO girls on this campus plays the largest part in making these affairs a success.

Soldier Guests

Sunday morning breakfast is served at both the College Street and Winooski Avenue USO's from 9:00 to 11:30 by the GSO clubs. Soldiers from the Post, aviation cadets, and ASTP students come in a steady stream throughout the morning. At 11:00 various units broadcast over WCAX. Supper is served at 5:45 at the College Street USO. GSO girls help in decorating, serving, and doing dishes. Group singing follows the supper with solos and variety numbers by the soldiers themselves.

Reorganization

The U. V. M. Girls' Service Organization has recently been reorganized by Alison Carr '44, General Chairman. At present the rotating chairmen of the Sunday programs is Margaret Batchelder and at dances is Emily Sherman. The entertainment committee consists of Mary Harmon, chairman, Dorothy Wing and Diana Gamble. Betty Evans is recorder, and appointments are in charge of Mary Ashe and Elizabeth Bridges. Jane and Marcia Greenspun have the decorating committee. Soon a G.S.O. Bulletin Board will be put up in the Y gymnasium where girls may sign up in the Y gymnasium where girls volunteering to go to the week-end dances should sign up before Wednesday. If a sufficient number does not sign up service will be assigned to certain girls. In each dormitory, more has been appointed a checker who sees that the girls signed up get to the house on their scheduled date. The checker also hands in the list of those attending to the recorder in order that they may receive the proper credit. Girls are encouraged to go as often as possible and it should be remembered that it is more important to be there consistently than to attend any other social engagement.

Campus Feels Loss Of Miss Davis

[illegible] Vermont [illegible] to find a [illegible] [illegible] [illegible] the [illegible] Dr. [illegible] Miss Gertrude Davis [illegible] the University [illegible] July 8, 1943. [illegible] [illegible] [illegible] [illegible] [illegible].

Miss Davis received her B.A. degree at Connecticut College in 1918 and her M.A. at the University of Minnesota in 1919, and her M.A. degree at Columbia in 1928. In the fall of 1922 Miss Davis [illegible] [illegible] [illegible] [illegible] [illegible] Associate Professor in the Department [illegible] [illegible] of the [illegible] of Secretarial [illegible]. Interest in [illegible] student was [illegible] [illegible] Miss Davis [illegible].

Always [illegible] Miss Davis was a member [illegible] Business Teachers Conference, [illegible] [illegible] National Education Association. She also spent countless hours reading [illegible].

In addition Miss Davis was concerned with campus affairs and the well being of its students. She was a member of the local chapter of Alpha Chi Omega, sponsor and secretary for Pi Gamma Mu, honorary Social Science organization, freshman counsellor, and Mortar Board faculty advisor.

The loss of Miss Davis is greatly felt. Knowing her was an inspiration toward not only higher learning, but a broader social outlook and an ever growing understanding of the problems of others.

Sorority Notes

ALPHA CHI OMEGA

The Alpha Chis observed their Founders Day last Friday in a big way. Three upperclass girls were pledged to join the Sorority. They are Kay McFeeters '45, of Franklin; Janet E. Stimpson '45, of Cape Cottage, Me.; and Gail Thompson '45, of Worcester, Mass. Soon after that alumnae and actives were on hand for a buffet supper prepared by a committee headed by Marjorie Nutting and Christine Hughes. The day ended with the traditional Dream-Cake ceremony, which had to be modified somewhat in the absence of the cake, another war casualty.

Mrs. Albert Stewart (Dorothy Bullard '44) of Springfield, Mass., breezed in Friday afternoon to spend the weekend.

ALPHA XI DELTA

Bright and early last Wednesday morning, Miss Kathryn Gutchell moved into the house as house mother. Miss Gutchell who now instructs piano here in Burlington, formerly taught music at Emma Willard and Russell Sage. She's already one of the gang.

A hectic week resulted in smiles of satisfaction for all the members of the house. With the help of "Jimmy," the living room and dining room were completely repapered, repainted in fact entirely renovated.

Sunday the girls were proudly displaying calloused hands, and secretly confiding to one another the presence of aching muscles. Delta Psi was the scene of these newly acquired attributes.

DELTA DELTA DELTA

Eta Chapter announces the pledging of Mary Lou Conley '46 on Friday evening.

Report on Student Government Meeting

[illegible] meeting was called [illegible] at [illegible] Delta Delta at 4:1[illegible] on Wednesday. The [illegible] and the minutes of the last regular meeting were read and accepted.

It was discussed that a bulletin board for Student Government meetings [illegible] be made at the next meeting.

In order of the short notice given for Student Government Convention [illegible] at Vassar, October 9 or the Junior College Representative will be unable [illegible] it was voted [illegible] and that a [illegible] Julia Fletcher [illegible] Peggy Palmer will act [illegible] as chairman. Betty Jeans and Constance Perkins will ask the Student Store to pass out the refreshments.

Dr. Bear's request to schedule her October 16. Frances Donahue in charge will submit plans to Julia Fletcher for approval.

It was decided that Julia Fletcher or President Mills about having the University cutting system read at the next convocation.

Peg Palmer is to put an article in the Cynic telling freshmen and reminding upperclassmen about the Student Government Suggestion Box in the book store.

Julia Fletcher presented an idea for a project for Student Government Council and Executive Committee. It is to have every tree on campus labeled with a permanent tag, telling what kind it is. Every one was in favor.

It was voted that the constitution of Student Government be put in the Freshman Handbook.

Julia Fletcher read a letter from Who's Who." It was voted that Student Government cooperate with "Who's Who" and that nominations to it be made in February.

Peggy Palmer reported that the Sunderland Trophy is to be left in the Old Mill for the duration in order to save money.

A discussion followed about the Finance Committee's idea of the Scholarship Fund. It was decided that a Summary paragraph be written explaining about the Fund and read by those who desire the scholarship. Sylvia Wellwood and Mary Harmon are the committee charged with drawing up pertinent plans for the Scholarship Fund.

Respectfully submitted,
BARBARA V. BURNHAM,
Secretary, Student Government

A tea was given last Wednesday afternoon in honor of our new house mother, Mrs. Adele Brush. Under the direction of Danny Geer '44 and Polly White '46 tea was served to house mothers, alumnae and representatives of the other sororities.

Shirley Wedge Thompson spent the week end with her husband in Concord, N. H. Dick is stationed at the University of New Hampshire in Durham.

A great commotion occurred Thursday evening when Ag Mulholland '44 and Alice Edwards '45, tried to move a bed out on the sleeping porch. The hardy sisters already enjoying the cool night air were somewhat disturbed—especially Marion Melby '45.

Carolyn Brehmer has taken up residence in the library, until such time as she has caught up on the assignments made before she returned to college.

Chips Cudworth ex-'45 and last year's Kake Walk Queen was a frequent visitor at the house this week between recruiting speeches for the WAVES.

DELTA PHI EPSILON

We are happy to announce the marriage of Eleanor Berg '43 to Lee Bloom, DEP '42, now at the University of Maryland Dental School, and the engagement and approaching marriage of Estelle Goldstein '43.

The first Vermont D Phil Baby, Lucile Ellen Frank was born to Bernie and Gloria Ellen Frank early in the summer. The entire family is enjoying the time in Oklahoma.

Thanks go to Mrs. Lois Lamson for being our hostess at the Friday open house, and her daughter Betty, aged 2 our new mascot.

We are planning a hostess tea Saturday at the sorority for Language students. We hope that the weather man will be cooperative. We would also like to announce our pledgings and pick plans a [illegible] college [illegible].

Hoboes Clean Dorms . . .

Hobo Day Supper

(Concluded from page 1)

windows washed, gaboons cleaned and polished until they shone, rugs were vacuumed and tables and chairs dusted. One janitor, who stood on the side lines and watched the event exclaimed that he had been on campus for some twenty years and never had he seen anything like this. He admitted, however, that he liked it. After an hour or so we left to let another shift come in and finish up. So many girls turned out that the work was easy and finished in no time. Then back we went to the different sororities to play games and sing. But this seemed only the beginning for some. The beanless bean supper cannot be overlooked, so over the hobos traipsed to eat their fill of sandwiches and cider, and to listen to the fine entertainment that was offered afterwards. The supper, entertainment and dancing were held in the boys gym. and there was not much elbow room for dancers it was so crowded

Prizes were awarded for the costumes and Ione Lacey '44, got first prize for her Daniel Boone outfit. All the costumes were good and it seemed hard to tell just who should get what.

The dance ended and as to bed we all clambered, tired but happy.

I'm sure that we all must hand out congratulations to the committees the freshmen and transfers who made their successful guidance cleaned the dorms, the house mothers whose figures were working here and there, for they all seemed to have done an equal job as on dorm as I know they did in all the other dorms. This is just one of the many things the girls on campus have proved they could do, for though they can't carry a gun, they can certainly swing a mean mop

From House to House

By IRENE STEVENS

OCCASION: A Tea Dance.

TIME: Any time between five and eight o'clock.

PLACE: Allen House

PARTICIPANTS: Around thirty handsome young men in uniform and an equal number of attractive college girls.

SETTING:

1. A living room decorated artistically with autumn leaves, apples and the animal pets of the house.

2. Boys, who are hopefully looking forward to wearing gold bars (or maybe four stars), saluting themselves in the full length living room mirror

3. Dancing on the porch in the living room, and in the dining room. (We too, had Tony Conde, Frank Sinatra, Harry James, and the rest.)

4 Refreshments of cider doughnuts and sandwiches being served.

PLOT: WE all had a wonderful time! Use your own imagination.

Donne's

... house is quite that, as ever, good and leaves, Air Cadets and birthdays. Unusual too. We mean the birthday party ... Others who were seen ... Cadet ...

Phi Sig

... the Phi Sig House room ... in lieu of a double lucky gave making a swell lookout. The only holdout in Room 5 is Sunny Perkins; the three other girls ... couple get acquainted ... the house are generally wondering how a call for the living room to read a ... Our nominations for the cutest freshmen on campus go to Lisa O'Neil and Maud Ann Wiggins ... Our house director, Miss Smith, is anxiously awaiting the next meeting. "Our Last Day Drill

Kappa Sig

Slade Hall Annex alias Kappa Sig still goes on under all the various trials and tribulations ... but soon, do we have the pleasure of moving in on the Army, but the time it happened. We're sorry A. S. T. P., but we've got to live somewhere ... Now for a little news am I kiddin'? There's no news here. Of course, Betty Ritchie found her shoes assisted enormously by Biff and Polly. Yes, we still have a lot of practical jokes. Ask Janice, but she really didn't mind having her drawers put in upside down. After all a little bending over always helps the waistline. Speaking of waistlines, one of my illustrious roommates, namely, C. P., goes through the routine every night. Fellows, she's lost inches! Barb, on the other hand looks on enviously ... dragerball. I don't tell words she took much better use to spend her time. How were letters last week, Barb? . . . Social life still is buzzin' ... a time to a new marriage. We wish our little friend from Panama would give some of those daily telephones her name. It is too much for us to rack our brains every time someone asks for ... What takes the cake was when Judge ... friend asked her to bring a blanket on their next date. Dear me, what is the ... about that, Shirl, it is about time, Shirl. Yours truly is on the fat. Hope I can fit in some ... and better come next time. And I must say that pounds in place ...

Here and There

The face of a man flashes at you. You look again and it is Phil Stern. It isn't an illusion, for he's a fine looking specimen. I forgot to say the face is on a ... Dorothy Hunt Post ... I really do my memory I recall two words "Long Lakeside" Do they ... any connection? Same?

We certainly have to hand it to the ... Pat Van Amringen and ... Mahon looked so neat last ... that some people had to be convinced that they weren't. Wonder what some pre-Meds thought?

The freshman girls at Trinh's have been enticed by the glamour of the uniform since they are dated one hundred percent by Cadets, and A. S. T. P. How do you manage, girls?

Fine Turnout at Hobo Bean Supper

Pres. Urges Girls to Take Over Kake Walk

... the competition caused by the ... and A. S. T. P. is pretty ... there's money and dancing in the gym ... Dean Sweet, in the announcements ... at the Hobo Day supper announced the winners.

Wedding Held at Tri Delta House

First Semi-formal Dance To Be Held On Saturday

The first big dance of the season is announced for this Saturday. Mortar Board is to hold its semi-annual, semi-formal dance October 23, at 8.30. The music is to be furnished by the Royal Aces of Barre. Patricia McCormick, general chairman, promises it to be an excellent orchestra of ten pieces.

The girls, as is customary, will take the initiative and ask the men. Tickets are being handled by Justine Whalen. The price is $1.10.

Plans will announce the location later this week. The Mortar Board Society says the important thing now is that the girls start to pack and choose and the men make good impressions.

(By Associated Collegiate Press)

Texas Tech's Prof. Truman Camp figures his occupation has received the wrong listing in the telephone directory.

It all started with this mysterious telephone call: "Got any cabins?" inquired a voice over the wire.

"Cabins?" the professor exclaimed "You must have the wrong number."

"Ain't this 4850—Camp Truman?"

Doctor Camp looked himself up in the phone book, where he was listed right along with Camps Dixie, Joy, Texas, and Comfort.

Fein Points...

By Phyllis Fein

[illegible] a lot of news this time although the [illegible] did give a few scraps, due to the absence of this column last week.

[illegible] Walgren, Bob Waldo, Jack Williams, Ed [illegible] and others were seen around [illegible]

[illegible] Mitchell visited here [illegible] last week.

[illegible] going [illegible] I guess it's [illegible] Lloyd's [illegible] Hinckley [illegible] going to Boston [illegible] W.A.V.E.S. [illegible] beams [illegible] white [illegible]

[illegible] from Fort Lewis, Wash. [illegible] Lieut. Fred Engle of the Marine Parachutists [illegible] was stationed at Camp Lejeune, N. C. [illegible] Lieut. Bob Ker is teaching basic training at Camp Lee (thanks to [illegible] for that knowledge. I suppose). Diana Barnes was in Grand Central Station on her way to the University of Arizona—we have an "Arizona" of our own, living at the Kappa Sig House. Dud Davis is now at Harvard in the Navy (ask Phiddy for more details). Don Nutter and Lew Codding are at Maxwell Field, Ala., getting pre-flight training in the Air Corps. Dave Tubolsky has left there to start his flying [illegible]. Lieut. Wm. Swazey is [illegible] at Sheppard Air Field in Wichita Falls, Texas. Those wounded [illegible] Private Donald Gallagher [illegible] a lot of [illegible] [illegible] [illegible]

That's about all for this time. January is fast approaching, what with student [illegible] and other [illegible] [illegible] is maintained this column will continue [illegible] [illegible]

Cynic Throughout Years Has Maintained the Spirit of '83

By Allison Carr

On April 25, 1883, The University Cynic was first brought forth on the Vermont campus. In its editorial, this new publication announced its intention "to give voice to the sentiments of no faction, but to be fairly representative of all."

Of the name of their journal, which is derived from the school of thought to which Diogenes belonged, these first editors proudly stated, "If the name on our cover means anything, it means that we shall honestly speak the convictions of our mind at means that all things conflicting with the interest we represent, we shall constantly and consistently combat."

This Cynic was consistent, evidently, for a steady flow of editorials followed throughout its pages, varying from such subjects as the "stony cold of the people of Burlington" as they failed to give more than one encore night after night at the Opera House, to a stiff little piece in a 1917 Cynic entitled "Our Relations with Middlebury."

In that same year the Cynic carried articles about the University of Vermont Army Company on the Mexican Border, one of the few college companies to serve as a group during the war.

In its first years the Cynic had been issued once every three weeks; by the time of the World War it was a bi-weekly with a definite time element in its descriptions of the University's first experience as a host to the United States Army.

By this time, too, a marked difference in the Cynic's style could be noticed. In 1885 the newspaper abounded in dissentations of equal gravity whether they dealt with "Baseball" or "The Defects of Modern Architecture," of which, according to an 1899 Cynic, there were many.

Then came a transition period during which the Cynic, hardly leaving room for news items in a storm of literary offerings, published a number of interesting stories and poems. Among them were "A Thanksgiving Day Romance," and "The Death of a New Born Woman."

By 1920, however, The Vermont Cynic, having changed its name, began to look more like the paper that is published now. Photographs appeared on its pages, fraternities and sororities were given weekly reports, headings for stories were more carefully written, and by-lines had disappeared everywhere but on the editorial page.

Advertising seemed to have gained a hold and also to have acquired a more subtle approach by 1920. In 1899 [illegible] Celery Compound and L. P. Wood's [illegible] of space were followed by a reminder from the editor, "They aid the Cynic. You should aid them." or, "Where Ignorance is Bliss, 'Tis Folly to Advertise." But by 1920 advertising had spread from the back to the inside pages, and from the editor's silence they were evidently considered well able to speak for themselves with such slogans as "If You're Looking for Your Chum, You'll Find Him at the Majestic."

As the style of the Cynic grew less formal, pure humor as such disappeared. In early issues "Junior" was a very popular contributor in each antecdote as this sort—"Junior, who is 'crushed'" on pretty school ma'am, calls her "Experience," because, as he says "She is such a dear teacher." "A Pastoral" showed more ingenuity—"A humble boy, with a shining pail, went gladly singing adown the dale to where the cow with a brindle tail on clover her palate did regale. . . .The bee lit down on the cow's left ear, her heels flew up through the atmospher—And through the leaves of a chestnut tree, the boy soared into eternity."

Such items were good in their day; they would never find themselves in a Cynic of 1943. But among all the differences, there is an amazing similarity in the trends, events, and opinions the Cynics all set down.

In 1918 Student Union recorded itself to a crowded chapel hour as behind the movement to allow no saloon within five miles of the University; last week, through the same organization's efforts smoking in classes was abolished from Waterman.

And every year, in the February Cynics there have been the same excited articles looking forward to Cotton Babes and the University of Vermont Kake Walk, and every year, just the same, Kake Walk's past is written up thus, ". . . . Considered the best Kake Walk in years."

The Cynic has changed but not too much.

Student Government Meets to Start Ball of Discussions Rolling

October 12, 1943

The meeting was called to order by the "Acting" President, Julia Fletcher at 5.15 p.m. in Room 140 Waterman after the Faculty-Student Conference. The reading of the minutes of the last regular meeting was omitted. The roll call was read.

It was reported that Fridays at 4.15 seem to be the only time our meetings can be held.

Mary Harmon reported that the Student Government suggestion box is in the Book Store.

Peg Palmer stated that she had put an article in the Cynic about the suggestion box.

The University cutting system was discussed and suggestions for penalties were given. Definite plans for the cutting system were put in the hands of Margaret Fake.

It was suggested that a committee be appointed to see a botanist about the different types of trees on campus for the Student Government project.

[illegible] suggested that a Student Government Assembly be held [illegible] to discuss [illegible] and tree-project, band, and cutting system.

Julia Fletcher suggested that there be [illegible] on the next convocation. The [illegible] of some students on campus to the getting [illegible] [illegible] [illegible]

[illegible] who are starting new [illegible] themselves by adding Mrs. to [illegible] are Jeanne Wooley '42, who [illegible] this weekend to Lt. Paul Gail- [illegible] R.; Nancy Goodwin '42 [illegible] (Chum) Reynolds III '42; [illegible] ex-'42 to Lt. Richard Page [illegible] cently "gloom times and boom [illegible] bride-and-groom times."

[illegible] It is a common occurrence [illegible] the school year to see some [illegible] pouring over a railroad time- [illegible] an anxious expression in her [illegible] to figure out the train con- [illegible] she must make to arrive at this [illegible] er that. Pat Crowley was just [illegible] this weekend when she made [illegible] mond Mass. State Teachers Col- [illegible] a local sorority was installed [illegible] Phi.

[illegible] Pi Phi House the girls are wing- [illegible] phrase which goes—"A Pi Phi [illegible] Cures or the Sour Notes of [illegible] M. C. nuck on her trumpet." Every [illegible] returning from supper 'the [illegible] are greeted with a dissonance that [illegible] gave a sane person to desperation [illegible] flat, and of course it is Jackie [illegible] on her trumpet for the all [illegible] band that has just been organized [illegible] campus this year. We only hope that [illegible] goes by the sour notes Jackie [illegible] will tone down to something that [illegible] like music. Or is that asking for [illegible] impossible?

[illegible] to *All Air Corps Students* who [illegible] the present have been surreptitiously [illegible] vital parts from Julie Fletcher's [illegible] or a reasonable facsimile thereof) [illegible] outside the Pi Phi House. Please [illegible] It runs now, only with the great- [illegible] coaxing. Who knows when it will [illegible] like the "One Horse Shay."

[illegible] G. I. O. girls, Nancy Dockstader, Ellie [illegible] and Ginny Rose, served at the [illegible] given at the "Y" Sunday night. [illegible] hungry men! Ellie eyed the cake [illegible] ate) wistfully for hours hoping [illegible] would be enough left for her. There [illegible]

[illegible] service men at the U. S. O. sup- [illegible] certainly gave the well-known trio [illegible] of Betty Farnsworth, Helen [illegible] and Mary Lib Metcalf, an en- [illegible] reception. They appreciate talent [illegible] they hear it.

[illegible] in need of medicine of any sort [illegible] asked to call "Estuh" Gustafson or [illegible] Lumer Vreeland (3083). The girls [illegible] up a bug known as the grippe and, [illegible] been plied with pills, feel competent [illegible] a vague sort of way) to prescribe for [illegible] When these two seedy looking [illegible] of "Ward 13" or "the Apothe- [illegible] Shop" were well on the road to recov- [illegible] they hastened ot change their furniture [illegible] before clostrophobia set in.

DELTA PHI EPSILON

[illegible] was held at the Hotel Ver- [illegible] Thursday, October 21 of Thelma [illegible] 45, Janice Commanday '46, Har- [illegible] 46, Lynn Epstein '44, Ellie [illegible] '45, and Pearl Weissbard '45. [illegible] followed by a banquet and meet [illegible]

[illegible] sorority entertained Eleanor Brody [illegible] '40, for the week-end. Eleanor [illegible] first Regina of Delta Alpha [illegible] and is now on the National Ex- [illegible] Council.

[illegible] wonderful plans for a hayride [illegible] but the weatherman didn't [illegible] As a result we piled hay and the [illegible] into our horseless (beg your [illegible] was there) carriage, and [illegible] hayday—rather playday— [illegible] Street. Jacobs and Konowitz [illegible] a fourth baby act—or was it an [illegible] almost demoted them to pledges for a change. Private lives were publicly exposed in a thrilling game of truth and consequently—where did you go Frieda? Consequently will one freshman please return those shoes as one of the sorores was seen walking home barefoot — experienced freshman detective please oblige.

Oling, Koble, and TAJ wish to announce that their date for Mortar Board proved very successful.—Betsy Rae Lisman, age 2, didn't wake up once during the night.—P.S. Neither did they.

TAU LAMBDA MU

Saturday afternoon at 4:00 our sorority installation was held in the woman's lounge of the Waterman Building. Those installed were: Lilla Blumberg, Sonia Perkins, Doris Rindler, Harriet Barron, Joan Goldbloom and Charlotte Robinson. Also present were Miss M. J. Simpson, Miss M. Crowley, Miss C. Nulty, Mrs. H. Abraham and Mrs. H. Machame.

Telegrams were received from Faye Lipman, last year's president, Bea Kantor ex-'45, Bea Rubinwitch ex-'46 who is entering the Boston Dispensary and Phyllis Sherman ex-'46, now attending Radcliffe.

We are happy to announce that Miss Nulty and Miss Holbrook are our faculty advisors. We sincerely thank them.

Students Attend Religious Session

Members of W.S.S.F. Pledge Cooperation

Early this month seven members of the Vermont Y.W.C.A. and V.C.A. attended the Connecticut Valley Leadership Conference. The meeting was held at the Springfield College Freshmen Camp in Springfield, Mass.

The conference was made up of about fifty delegates from colleges in the Connecticut Valley area of the Student Christian Movement. Its co-chairmen were Riese Roberts of Smith College and Charles Long from Yale.

The conference opened on Saturday afternoon with a discussion of the aims of the conference, which were to clarify the purpose of religious action on New England campuses for the coming year, and also to discuss the problems facing colleges at this time.

The question of the military on campus was particularly stressed. The relationship of civilians to the uniformed men was studied by a comparison of the experiences of different colleges with their trainees and cadets. Emphasis was placed on the idea that the activities planned for and with the cadets should be on a personal basis free of regimentation.

On Saturday evening and Sunday the aims of Y. W. and other Christian Associations were elaborated upon. The 1943-44 program will be built around three main points; Christian community responsibility, worship, and world-relatedness. Under the first topic, Christian Community responsibility, the interpretation of summer work experiences and the subsequent reorganization of educational values were discussed. Sub-topics of this division include the area of inter-cultural and inter-racial problems, and the realm of personal relationships. The need of persons, especially at this time, to have a clear sense of their own worth, is an important part of this question.

Footnotes by Bluestockings

Philosolines

By M. Valentine

Idea is a child,
Thought a nice old man,
Gossip is a toothless hag,
Genius a bright tin can
Imagination looks like clouds,
Gloom is more like mud;
Fear drags on feet of splintered ice;
Hate is a blemished bud
Love is a raindrop inside out;
Caution has one short leg,
Hunger hides in garbage pails;
Greed must one day beg
Hope has eyes of azure gray;
Pain, a saw-toothed smile;
Courage rides on fire trucks,
Laughing all the while.

Resume

By Dorothy Parker

Razors pain you
Rivers are damp,
Acids stain you,
And drugs cause cramps
Guns aren't lawful;
Nooses give,
Gas smells awful;
You might as well live

About Face

Author Unknown

Little girls choose dolls for toys,
While soldiers are the choice of boys.
But when they've grown up, you'll find
That each has had a change of mind.
The girls preferred the soldiers then,
And baby dolls attract the men.

"Keep Fit" Slogan Brings U.V.M. Girls To Fall Sports

Membership into the various girls' clubs is expected to surpass all records of former years. The girls have adopted the slogan "Keep Fit!" as their motto and with college boys noticeably in the minority on campus, where countless reports are in the offering is a much more popular place.

So many girls are reporting for tennis that the problem has been raised of where to put them. Either classes or clubs are held every week day in groups ranging from beginners to the more advanced. The girls in the latter are very fortunate in having Professor Carpenter to instruct them. In previous years only the boys have been able to profit through his instructions. It seems that some fully realize how lucky they are. The rumor is that Joan Garrity kept Professor Carpenter after class. Was it about her tennis playing? You've got me.

Archery is another popular sport—both for the actual playing and for its instructor Miss Euler. It's "aim," "shoot," and "chase." "aim," "shoot" and "chase"—all afternoon says Barb Anderson. "It's good for the waist" says Sis Murray. "It's fun to shoot arrows at bull's eyes for a change instead of the hearts of the Air Corps."

Nancy Faucet—that versatile manager of field hockey, steps into the limelight every Tuesday and Friday afternoon as goalie. They say when she hits the ball the call "all clear" goes out. Later on in the season if the weather permits—it is hoped that the U. V. M. girls will get a chance to play against the Burlington High team. So cast your bets now.

Those out for soccer are getting more than they bargained for. It seems that there are not enough girls for two full teams, so both are minus goalies. When the ball is down by the cage it's one madhouse with everyone switching frantically from offensive to defensive. What a lovely game that must be.

Volley ball still remains a favorite with mates. You should see some of those girls set their plays. Even the faculty has challenged them to a game. Poor Betty Mansfield—maybe it's the night air, at any rate, lately her serves haven't quite made the net. When she gets back from her visit to Massachusetts—maybe she'll have to give up the game entirely.

Not to be outdone in riding which takes place out to Bessettes. This year 25 girls are taking it either for class or club credit. From all reports they really are enjoying it and no wonder with such beautiful foliage all about. Thus say "Pris" gives her horse quite a workout. In fact the other day she—to the horse—lost her shoe during one of Harriet's gallops all over the place. Take it easy next time—kid.

Dorm Notes . . .

SIGMA PHI

Sigma Phi is happy to announce that Mrs. F. Lowe is on her way to recovery. She is leaving for Maine Thursday to recuperate. However during the two weeks she is away we will be very busy impressing Miss M. Crowly with the fact that we are very quiet girls.

If one night in the near future some one discovers the Sig Phi girls out on the first floor roof, understand that they are merely waiting for some helpful neighbors to run over with some ladders. Phoebe Von Paulson, fire captain, Jean Philips (first lieutenant, if you please) and Louise Bianchi will perform the "thankless job" of getting us up for these practice fire drills. For the sake of clarification, until an actual fire does take place, the girls will merely proceed to the first floor by way of the main staircase. Something will have to be done about the financial situation. We have visions of Jean spending one-half hour spinning pennies before she can call the fire dept. Suggestions will be accepted—also donations.

This week-end witnessed both visitors and departees. Estelle Berkson spent the week-end in Boston and announces her short stay to have been "very Pleasant."

Paul Walgren appeared in person in lieu of his many telephone calls. Lieut. Charlie Carver '44, navigator, now stationed in Louisiana spent the week-end with Dottie Wimmet. We also had a visit from "visiting guest" Judyn Isaacs. In spite of all, as of Monday morning, the house has returned to its normal quiet, for another week.

DELTA PSI

Mary Perry preferred Barre to Burlington last week-end.

Phyl Taylor deserted us then too—to celebrate her parents' wedding anniversary. We notice that she managed to get back by Saturday night though—wonder why.

Peg has thrown away her crutches and is walking around with two good ankles again.

Sally Merwin's parents were here last week-end. Sally is one of Delta Psi's liveliest freshman. And that, believe us, is quite a statement.

The success of the Mortar Board dance was greatly contributed to by the Donahue Blind Date Bureau. Why is it that those girl-ask-boy dances are always so well attended?

Stimpy is still penning a daily letter to Missouri. We've concluded that it's either love or an endurance test.

And, speaking of bull sessions—I know we weren't, but just suppose we were—we've unearthed some very novel ideas in the wee hours of the morning. It seems Pat read a book with a very fascinating hero.

And Lorraine can't figure out why "Smoke Gets in your Eyes" is her favorite song—when she doesn't even smoke!

As a parting remark, we ask "Who had the brilliant idea of putting that thousand watt light on the front porch?"

PHI SIGMA DELTA

It was all drag and no stag at the Phi Sig house Saturday night, when the girls turned out in full force at our "Punch Party." The man of the hour, George Goldsmith, a real Phi Sig, was on hand with his Vic, his records, and Some. Everybody looked swell in formal, and I'm positive no other house can boast of such a good looking receiving line. Due to the rainy atmosphere we requisitioned a taxi-driver for our use. After that evening the poor fellow will probably go and up with the Ferry Command.

There was no raiding the icebox that night unless some like to eat a delectable sandwich of carnations or of clubs. (Thanks Jackie for the last mentioned.) But all in all, the evening was unanimously voted a great success and we're all anxiously awaiting the next affair to be able, managed by our social chairmen Harriet Barron and Gladys Levine.

DOANES

Smoke on the left of us, smoke to the right of us, smoke in front of us—something was burning. Jeeps, grade and jaw a toast 'n cream cheese and jam.

Then we discovered the culprit—Peg's crutches. Peg has thrown away her crutches and is walking around with two good ankles again.

Sally Merwin's parents were here last week-end. Sally is one of Delta Psi's liveliest freshman. And that, believe us, is quite a statement.

The success of the Mortar Board dance was greatly contributed to by the Donahue Blind Date Bureau. Why is it that those girl-ask-boy dances are always so well attended?

But all in all, the evening was unanimously voted a great success and we're all anxiously awaiting the next affair to be able, managed by our social chairmen Harriet Barron and Gladys Levine.

GRASSMOUNT

From the smallest to the largest, from one extreme to the other we go, and here we are at Grassmount where there are only twenty-nine girls in a house meant for not more than twenty-four. Some of us are slightly crowded but we are getting along just fine.

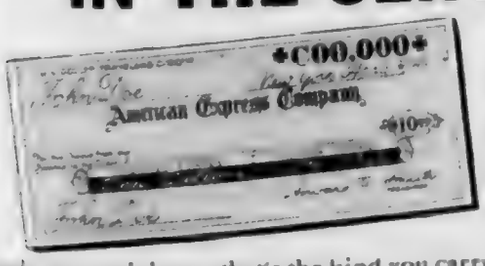
If we review our house meetings we can get in just about all the things that have happened here in dorm for not one has missed the eyes of our house mother, house president or house fellow.

Girls we ask you, we beg of you, please do not talk on the phone for more than three minutes. Ah, many are the times we have not been able to get in that phone call because someone has been talking to a special cadet or beau for at least fifteen minutes. And do come to our rooms and ask if we are in, it often causes embarrassing moments when you say you are staying in and are, at that, to have some say that you are out. Just to avoid quarrels, it would help.

And what was the matter with Louise when she came in from her date for Sunday evening, or was it Sunday? Don't ask Louise for I'm afraid she won't know. It seems that Harriet, Lynn and Mimi of Room one, are trying to get back those slim figures once again. You haven't seen them at meals lately for they are drinking only fruit juice and soup. There are some others of us who would like to do the same—only thing is we lack the points. What is this, the black market?

On the twenty-ninth of October, the girls of Grassmount are going to shine with a tea dance, from 5:30 to 8:00. If the fellows are asked by more than one girl, please don't accept all of them. If any girl is without a fellow we have been told to ask Alison Carr for one. It seems she knows them all.

Rushing rules are rather hard on the freshmen and transfers here in the dorm. Some of the upper-classmen have some of the most tempting food which they eat in the most frequented places. We just drool and stare. Well the dead line is two and I must run. Hope to see you again if I live through the next week. Marks are due.



Home Ec. Welcomes New Food Instructor

Replacing Miss Ruth Montgomery, who is now at the University of Minnesota, Miss Celeste Burgeson has been added to the Faculty of the Home Economics Department as instructor of foods. She received her B.S. degree from the University of Minnesota. Miss Burgeson comes to U. V. M. from Pennsylvania State College where she received her Master of Science degree and where she was a graduate assistant. Miss Burgeson's home is in Douglas, N. D.

Squadrons of 61st C.T.D. Now at U.V.M. Best Disciplined Says Archie Post

By LEROY DIEHL

ATTENTION!

From next issue on the outstanding student of the 61st College Training Detachment will be announced every week in this box.

Most people are unaware of a small functioning staff of men which is daily giving its efforts so that the 61st C. T. D may be stronger and healthier. These are the men of the Athletic Department of U. V. M. Their work is neither glamorous nor glorious but certainly praiseworthy.

They have turned their years of experience to work for the Army. Archie Post, the head of the department and W. L. Gardner have been on the staff for 15 and 16 years respectively. John L. Evans, Robert White, and Phillip J. Ryan all have years of experience in training men. A new man, F. H. Slade, was added to the department this week to aid the present staff.

Early Difficulties

Many difficulties were encountered when the 61st C. T. D. was organized. These normal maladjustments of a beginning organization have been ironed out and soon, if the progress continues, "super men" will flow into Nashville—without the aid of "Wheaties."

Although directives from Maxwell Field, Ala., prescribe how much time is to be allotted to the various phases of training, the application of this outline still remains the responsibility of the instructors. To how well it is applied to students can testify.

The average physical fitness rating of the last graduating class was very good. A Maxwell Field directive says that a rating of very good should be the goal of every student. Of the last class, 50 per cent were in the very good, 40 per cent were in the good and only one man was in the poor class. In the face of the fact that no attempt is made to develop any particular skills for the P. F. T. tests, these scores are very good.

The Program

The program is directed toward giving the men a full hour of concentrated and varied training. By progressive steps their endurance is developed until they do a five-mile, cross-country run twice a week. Calisthenics and many intramural sports round out the hour. About the only major handicap which still confronts the department, is the lack of swimming facilities. This is being remedied to some extent by allowing the men who can't swim to go to the pool in the local Y. M. C. A. for instructions.

Best Squadrons

Mr. Post "goes overboard" in praise of the present squadrons. He says that he believes they are the best disciplined group ever at the university. Difficulties often arise when civilian instructors try to discipline Army men, but the cooperation here has been good. The purpose of the training is not to develop candidates for the dethroning of Charles Atlas but merely to prepare the men for the tougher grind which is before them. It is their responsibility to get out of it what they can. If they have worked hard, they will have succeeded, and may yet some day be the proud owners of those wings.

Bielski Regime In Power at Slade

Jess Stand Most Eager Of Week's "E. B."

By CARL ROCHESTER

Another regime has begun at dear old Slade Hall. We went through a stage known as "Kuntz's Kindergarten." Then the era known as "Luberism," now we are progressing on with H. Bielski at the helm.

Bielski seems to have his hands full with the "outcasts" from Southwick, but we'll put our money on Bielski!

By the way, there is an ugly rumor around that we will lose Bielski and W. A. Ross, both good men. G. A. Pigott is rumored as the succeeding Slade C. O. (Here we go from Kuntz's Kindergarten to Pigott's Paradise!)

We have to hand out a compliment to George Pigott, however. He sure knows his I. D. R.

August P. Troviaoli is the new Supply Sergeant at Slade. He replaces W. A. Ross. Congrats, Travvy, you sure worked and will continue to work for those stripes. (P. S. Do you spell that kind of work with an "s," Auggie?)

Slade Hall is better known these days as "Beaver Hall." At Reveille we counted enough arm bands to make a little over 50 per cent of the population "Beavers."

Here we would like to make a prediction. We predict 50 per cent of that 50 per cent will be "busted," (one way or another) before the month is over! Are we right, C. K. Salm?

Student Officers Again

It seems that we aren't alone in our criticisms of some of the student officers. Via the grapevine, we hear that Lieutenant Giaimo agrees. The Lieutenant put the boys "on the spot" at student officer's meeting Tuesday night. He informed them that there better be some changes made, or else there would be a shake-up of "Eager Beavers." You hit the nail on the head, Sir!!

Your reporter doesn't like to knock the student officers all the time. There are some very good ones. But, there are those that we would be better off without. One of the more prominent squadron commander's jumped your reporter the other day. He referred back to a previous column of ours and asked why we didn't write about the privates cooperating with the officers. He was obviously hurt by the previous column. Said column was designed for those *whom the shot fits*. All we can say is, don't worry about the fellows co-operating, a good leader makes his own co-operation! If you can't handle your men, turn in your stripes!

Jim "Greek God" Argetis is another boy that waited quite some time for his Lieutenant stripe. He is using it more wisely than some of the others!

Don't take this column wrong! We *must* have student discipline. Some of the student officers are doing a swell job and they are enjoying splendid co-operation. Those are the ones we admire and enjoy working with!

Personal nomination for the outstanding student officer of the week, Jess Stand!

SIMILE—As startling as an early morning "hot foot."

Ice now, and if it keeps on raining, we'll "pour out" the next issue! (We'd like to get the guy that borrowed our "pot" and neglected to return it!) How miserable!

BUY WAR BONDS AND STAMPS

A.S.T. Students Elect Officers

The cadet officers for the following month are: Frank W. Conkling, captain company commander; William J. Connelly, 1st Lieut. executive officer; Howard K. Berg, 2nd Lieut. Platoon Leader 1st Platoon; Donald A. Haas, 2nd Lieut. Platoon Leader 2nd Platoon; and John A. Houseworth, 2nd Lieut. 3rd Platoon. These appointments are effective as of October 23.

The first A. S. T. dance was held Saturday night, October 16, at the State Armory. Dinner was served and a five-piece orchestra provided music. Lieutenant Foulcher spoke. About 71 A. S. T. cadets attended. Female companions were chosen by lot, a method that proved to be very satisfactory.

Mrs. Mills' applied art class was honored by a visit from Privates Gladstone and Drosten. Private Gladstone expressed approval at the work being done, and Private Drosten commented that he had only seen a real artist carrying on in similar fashion. The class was gratified at such high praise.

Visiting delegates are also furnishing ten-minute papers to start off the discussion in each session.

Three Sessions

The conference will also include three general sessions—an opening session, featuring a message of welcome by President Millis, a closing session, and one for the discussion of club work. Likewise scheduled are a tea, a banquet, and optional evening entertainment in the form of a dance and outstanding documentary motion pictures pertinent to the conference.

Full details of the conference will be made available in a special issue of the *Cynic* which Editor Jake Katz and his staff have offered to get out next week. (The cost of this issue will be borne equally by the conference and the local IRC.)

Chinese Education Will Survive Bombs

W.S.S.F. Will Give Aid To Free China Students

How much does college really mean to us? Does it mean as much as it does to some students—especially those in China? Soon after the beginning of this war universities on the Eastern coast of China were bombed. Buildings were seized or demolished but the spirit of the university could not be destroyed. Student and professor alike gathered what equipment they could carry and started the long trek to the hinterland where they could set up their universities anew. It was really a matter of carrying their universities on their backs.

Some were able to move onto the campus of a university in the West, while others established their schools in old temples or family halls. It is hard to believe that several groups of students improvised structures of thatch and mud or hollowed classrooms out of the hillsides of loess. Despite this courageous migration, many newly founded schools were bombed and were forced to move further West.

Today there is a steady stream of college students making their way to Free China. Days and days of endless trudging on to a place where each student may continue his studies. The Chinese students cannot be praised too much for their courage. They are an inspiration to their fellow students over the whole world. One of the things that helps them most is to know that students in other countries believe wholeheartedly in their struggle and are willing to help them.

We are backing up our friends. The World Student Service Fund feels a responsibility for these students and is giving over one-third of its funds to them this year.

Y.W. Conference

(Concluded from page 3)

Under the worship section the program will emphasize the necessity of a personal faith that is developed by intellectual interpretation and worship. In this section the question of giving students ways by which they may find and share in the benefits of worship was discussed.

The third main topic of the conference was world-relatedness. At the present time there are federated groups of students all over the world who are considering student relationships both on campuses and with groups in all countries. These students, bound together by the common aid given them by the World Student Service Fund, constitute the nucleus that will rebuild university life after the war.

Barn dancing, games, and four hundred miles of bus riding were the entertainment feature of the week-end. Attending the conference were Nancy Hall '46, Barbara Powers '46, Esther Gustafson '44, Alison Carr '44, Phyllis Edgerton '46, Mary Harmon '45, and William Birchard, '46.

"They Satisfy" Not A Slogan But A Fact

Emphasizing the basic idea that "They Satisfy" is not a slogan but a fact, Liggett & Myers Tobacco Company opens its fall campaign of Chesterfield newspaper advertising in daily papers from coast to coast on October 11, continuing on to the Christmas holiday season.

For many years the phrase "They Satisfy" has been almost a synonym for Chesterfield, because it sums up tersely what Chesterfield has always aimed to do—namely, to give smokers the last word in complete smoking pleasure.

Under the headline "Dependable As Your Daily Newspaper, the first advertisement says: "You light up a cigarette, unfold your newspaper and the news of the world unfolds before your eyes. You depend on the printed word to keep you up to the minute on everything that counts," and makes the final point by stating that smokers depend on Chesterfield for everything that counts in a cigarette.

In another advertisement, Chesterfield continues to pay tribute to the printed word by featuring the magazines, using as its theme the magic of the magazine to stir the pulse and quicken the emotions with tales of romance and adventure or mystery and tying up with the enjoyment of smoking by saying that you can always count on Chesterfield for everything that makes smoking a real pleasure.

Two more advertisements are devoted to Chesterfield's leadership in America's largest city, New York, and in the Nation's capital, Washington, with the statements that "Where the Best Wins the Test They Satisfy." These advertisements point out that Chesterfield is America's busiest cigarette—on the job every minute giving smokers what they want.

As this campaign concludes in December, the last advertisement features a happy Santa Claus bringing joy to the world with the cheerful red Chesterfield Christmas carton which has come to be the annual symbol of holiday cheer with smokers everywhere — a Christmas gift which in the words of the advertisement is "As Dependable as Santa Claus" and which never fails to Satisfy.

Copywise, Chesterfield again stresses the importance of "the right combination of the world's best cigarette tobaccos" in making a blend that gives smokers the milder, cooler, better taste they like.

Outing Club Hikers Scorn Rainy Season

Autumn showers did not dampen the spirit of the eight people that went on the Outing Club hike Sunday. The ambitious group hiked to Winooski Gorge under the guidance of Daan Zwick. The chill and dampness of the air whetted their appetites.

Everyone had his lunch eaten by 11.30 p.m. In spite of being cold and hungry, the group returned fully invigorated by the snappy weather.

Spell of Hibernation Silence At Robinson Hall Is Now Broken

By A.S. Charles Morrow

Again news comes from Robinson Hall after a silence of several weeks. During that silence things have changed for the better. We have been conducted the newly selected Corps Commander, George Hull Smith.

In a recent informal interview with George, he complimented the detachment as a whole and put special emphasis on the men of Robinson Hall. (We're eager beavers.)

We also have some other newly chosen student officers in our midst.

Harry Augustine the new Commander of Squadron A and First Sergeant Arthur Reed are the other new officers.

Harry's stay here is going to be short lived as he is leaving with the next group. "Waiting these last weeks is really going to be hard although leaving Vermont has its regrets," is his only comment.

"Good luck in Nashville, Augie."

First Sergeant Reed is replacing the former First Sgt. Marvin Miller who left us recently for classification.

Besides having quite a few officers around here we've got a few "eager beavers." One in particular is Supply Sergeant Jackson.

Sergeant Jackson has been having a lot of free time lately due to the fact that an old friend of his best girl has just returned home and seems to have returned to her favor also.

Jackson has kindly devoted all of this free time to his duties as Supply Sergeant. Things are clicking pretty good now so keep it up.

Flight Lieutenant Croucher has spent a wonderful week-end with a close young lady.

He went around here for a week before her arrival with a big smile on his map and a merry "hello" for his friends. We really looked forward to it as much as he did.

The young lady is undecided about remaining another week. We hope she does.

Your mother seems awfully nice Croucher.

Robinson Ruckus

For several days now we've had a friendly four-man feud going on in our upper halls. The Martins and the Coys haven't got anything on these guys. The participants are Messrs. Smith, Shear, Payne and Murphy.

Everything was pretty clean for a while (no broken bones or razor cuts) until Smitty decided to give Murph a shellacking with a coke bottle. Of course, Smitty was stopped before he could really wind up a haymaker but he got in one little love tap.

"Shucks 'twart 'nough to even make one of them little red spots with a lump under it."

Murph immediately started yelling for a Purple Heart as he was awarded [illegible] ... he dug out gratis here. It was all [illegible] ... adventure.

We think they've [illegible] ... but we never know.

Hering, a dabbler in hypnotism, was asked to explain the apparent absence of one of his victims the other night. Of course, Hering knew nothing about it ... and frankly admitted that levitation was beyond his powers. Confidentially, he was in the next room trying to fix up a short sheet before retiring to a peaceful night's slumber.

What's Your Life Worth?

Schempp an Expert insurance salesman before entering the Army, has been asking himself that question. Who wouldn't when he had been accused of writing to his roommate's girl friend?

Schempp is expecting his wife to visit him in the near future. Mrs. Schempp is expected to arrive here, from her residence in Ithaca, N. Y., on the thirtieth of October.

Maybe he can use two policies.

Wolves in Robinson?

Yes, we've got wolves in Robinson. Schwab seems to camp on the doorstep of the Allen House.

What is she? (Or what are they?) Blondes, brunettes, or redheads?

Schwab says, in answer, "I like blondes no matter what color their hair was."

Dave Lilenthal, another romeo in the crowd, has an amusing pastime to occupy his open post hours.

Due to the absence of mice around here he has taken to chasing the kittens around the Black Cat.

Anybody got some catnip to sell?

Another amusing incident is really a queer one. Everything is just backwards. Instead of the Cadet making the advances the Charge of Quarters around here have been pleasantly annoyed by some mischievous female. It seems as if she takes it upon herself to see that each successive C.Q. is on the ball.

One man though seems to have stolen her affections. LaRose is the one who has the favor of the nameless voice on wire 4199 (the pay phone booth in Robinson Hall).

Yours truly can usually control his pencil but I can't resist saying "Wait till she sees him."

One of the few gentlemen left in our crowd, Dick Brandes, had a visitor for the past few days.

Mrs. Brandes arrived here from Elgin, Ill. After her visit she will return to Elgin where she is going to make Dick a proud papa in a few months.

Congratulations, Dick! Where's my cigar?

Yours truly has been enjoying things immensely lately.

Have a "Coke" = Come in and sit down

. . . *from St. John's to Schenectady*

Friendly greetings like the *Come in and sit down* of the Newfoundland fisherman and the *Have a "Coke"* of the American soldier are understood everywhere. Around the world Coca-Cola stands for *the pause that refreshes*—the universal high-sign between strangers.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

Coca-Cola ...the global high-sign

"Coke" = Coca Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"

[illegible] girls are looking forward [illegible] dance which they promise, [illegible]

NEWMAN CLUB PLANS DISCUSSION GROUPS

The Discussion Clubs which are to be held, was the most important topic at the Newman Club meeting which was held during the regular Classe Hour. Patricia McCormack, Chairman of the Discussion Clubs, gave out papers on which the members were to state their choices of topics for the Discussion Groups. She emphasized the way in which it was to be done and asked the cooperation of all the students. Father Cosgrove then gave short explanations of some of the topics and mentioned some of the recommended books for such clubs.

After these announcements, Father Cosgrove spoke on the place of the Christian in the world today and in the Post War World. He talked on some of the problems which will face the Christian world.

G.S.O. Meeting Held Wednesday

Two Guest Speakers Present at Meeting

Wednesday evening at the Fleming Museum the first G.S.O. meeting of the year was held. At 7.15 the new girls met together. The former members joined the new girls at 8.00 for a general meeting. Miss Wakefield, the head of a G.S.O. in Boston, brought with her first-hand experience and well-founded advice. She spoke especially of the girls' duties as hostesses in U.S.O. activities. Service, for which U.S.O. was formed, was stressed. Inasmuch as possible, the boys should be entertained the way they would be in the girls' homes, she said. The girls should assume this responsibility as part of their duties to G.S.O. work. In order to make the organization a success, good attendance is a necessity. Miss Wakefield described the system employed in her organization whereby attendance and participation are strictly brought out. After a person refuses her service three times she is automatically dropped from the membership list.

Lieutenant Murphy from the Fort addressed the girls, bearing out the importance of keeping quiet any information having to do with the moving of troops. Concrete examples from this war and the last one, in which Lieutenant Murphy served gave more reality to his message. In conclusion to his speech he showed a movie on the tragic consequences innocently spreading war information.

Attending the meeting were Dean Simpson, Mrs. Pease, chief hostess of the "Y" U.S.O. and Miss Cronin representing the Winooski Avenue U.S.O. Approximately 250 girls attended.

Wednesday afternoon Miss Wakefield met with the G.S.O. board and some of the G.S.O. house representatives in the upstairs student lounge of the Waterman Building for a preliminary discussion.

Drive for W.S.S. Fund To Open Next Wednesday

The World Student Service Fund Committee which has been working on plans for the W. S. S. F. drive since the first of October, will open the drive on next Wednesday with a convocation in Ira Allen Chapel. The drive for pledges will continue until November 18.

Eli Conrad, Chairman of W. S. S. F. on the Vermont campus, is President Easter '44. Betty Farnsworth '45, is handling the school-to-school committee which is comprised of two members. Nancy Hall '46, is in charge of Education in W. S. S. F. and Virginia Benedict '46, is responsible for lectures. Esther Gustafson '44 is taking care of organization correspondence and Mason Carr '44 is in charge of publicity for the drive.

Miss Johns Spoke At Y.W. Meeting Last Friday Eve

Plans for Very Busy Year Started Under Leadership of Cabinet

There was a Y. W. C. A. meeting held at Grassmount on Friday, October 29, at 8:00.

The meeting was opened by a poem "Let Me Be Aware," which was read by Barbara Powers. The speaker of the evening was Miss Betty Johns from the Boston Y. W. office, who pointed out the purposes of the organization. In her talk she stated that members of Y. W. C. A. are all members of a national and world-wide Fellowship of students and should all be leaders in developing Christian living. She also told how Y. W. C. A. works through conferences and gave three commissions advice as to how to carry out their work.

At the close of Miss Johns' talk Esther Gustafson, president of Y. W. on our campus, introduced the members of the cabinet, who in turn explained their various departments.

Alison Carr, G. S. O. leader, said a few words on the G. S. O. meeting that was held at the Fleming Museum on October 27. Betty Farnsworth, assistant Freshman Camp Director, stressed the importance of supporting the big W. S. S. F. drive for two thousand dollars. Nancy Hall spoke on the Community Center work. Phyllis Edgerton asked all girls interested in Red Cross work to leave their hour plans in the Religious Life office.

Following the business meeting refreshments were served. These consisted of cider and cookies. Group singing was led by Betty Farnsworth and accompanied by Mary E. Metcalf.

At the termination of the meeting, Dean Simpson told of her experiences in Y. W. C. A. and gave an interesting account of her first meeting.

Breakfast Served At Pi Phi House Sunday Morning

Sunday morning from 9:00-11:00 "Hallowe'en Breakfast" was served to about 100 members of the faculty and student body at Pi Beta Phi House, 369 So. Prospect Street. The annual Pi Phi Breakfast which is always held in the fall this year took the Hallowe'en spirit for its theme which was carried out with attractive decorations and an appropriate menu. Alma Gaylord '44 and Katherine Hennessey '45 were co-chairmen.

Candlelight from the faces of jack-o-lanterns and colonial candles gave a cozy setting to the house which was somewhat enhanced by decorative bat swooping in seasonal fashion from the ceilings. A fresh fruit cup with the fortunetal coloring of apples, grapes and grapefruit was served, topped creation and hot coffee completed the menu.

Several members of the faculty representative groups from other sororities and other student were present. 099 campus guests included Maureen McNamara, Mary Foley and Barbara Hessmer, all of the class of 1945 at Regis College, Weston, Mass.

The Canterbury Club of the Episcopal Church is sponsoring an open house at the Parish House on Sunday, November 7, from 3.00 to 6.00 p.m., which is open to students, A. S. T. P. and Air Cadets.

New England Conference Of I. R. C. This Weekend

President Millis Will Welcome Delegates; Godshall and Potter Addresses Open to Public

INTERSORORITY SING AT CHAPEL THURS.

[illegible] the Intersorority Sing [illegible] under the direction of Margie Rubin and Elizabeth White held in Inter-sorority competition at the Convocation last Thursday.

After a short welcoming speech by Dean Swett, the Alpha Chis opened the program with three of their songs. Accompanied by Mary Strand at the piano, the Alpha Xi's sang two-word by the spring Tri Delt. Dressed in their sorority colors, the Delta Phi Epsilon's carried on succeeded by the Thetas whose choice of songs seemed to especially appeal to the men in the audience. The Pi Phi group very harmoniously took it from there, then handed the stage over to the Sigma Gammas who, led by Peggy Fiske, sang three of their songs.

Alumni Fun Night Held Friday Night

Hallowe'en Party Brings Alums Together

Alumni Fun Night at the University of Vermont was observed on Friday evening, October 29, when all Burlington alumni, with their husbands, wives and dates were invited to be the guests of the Burlington Alumni Club.

Because it was a Hallowe'en party the entertainment and refreshments were those traditionally associated with the witching night according to Mrs. Isabelle Y. Gallup, alumni secretary. Fun was uncensored and there was plenty of it, with no serious notes struck. The master of ceremonies was Howey Jordan and games and good teams competed for prizes or penalties.

The program committee included Daniel B. Dyer, Thomas D. Cook, Mrs. Ruth Upton Chase, Mrs. Dorothy M. Beardman, Mr. Marston T. Parmett, Morris R. Wilson and Mrs. Eleanor S. Stolin.

Prof. Lyman S. Rowell is president of the Burlington U. V. M. Alumni Club, Mrs. Alice B. Hill is vice-president, Miss Constance M. Hubbell recording secretary, Lawrence T. LaPlick, corresponding secretary, David W. Webster, treasurer, and Samuel T. Peet, Alumni Council representative.

Home Ec. Club Meets

The Home Economics Club held its first meeting of the year on Thursday, October 28. The meeting was held at the Book Barn and was conducted by Rowena Hawthorne, president.

They had as their speaker Miss Violette Cloutier whose speech on the customs, homes and food of the Canada proved very interesting. Following Miss Cloutier's talk Cora White was elected the new secretary. There was a discussion of projects succeeding the election at which time it was decided that the Club would sell the Blood Plasma Dress. It was decided that meetings were to be held on the last Tuesday of every month.

At the close of the meeting coffee and doughnuts were served.

Five senior girls were elected to Omicron Nu, the honorary fraternity for Home Economics students. They are Anna Gaylord, Geraldine Campbell, Mary Lamos, Ericka Hemenger and Penrose Easton.

DELEGATES CHOSEN AT LAST MEETING

The New England Conference of the International Relations Clubs is to be held on the U. V. M. campus November 7 to 9. The program will consist of two general sessions per day, a banquet featuring a speech by President Millis, a dance session and one for the discussion of club work. Doctor Godshall will speak on "Can We Win the Peace in the Pacific?" Doctor Potter has chosen as his subject, "The Necessities of the Present Hour." Both these addresses will be in the Ira Allen Chapel of the Fleming Museum on Friday. The former will be at 11 a.m. and the latter at 8 p.m. These are open meetings and everyone is cordially invited. There will be a dance and moving pictures also Friday night. The movie on topics of international relations at 9:30 p.m. in 249 Waterman are open to the public. The dance will be free for delegates and 10 cents for others. Also scheduled are a coffee hour at the Delta Phi House for all delegates on Thursday from 8-9 p.m. and a banquet.

Local Club Meeting

At a meeting of the International Relations Club in the Fleming Museum on October 28 the following members were selected to attend the Round Table discussion groups of the New England Conference of International Relations Clubs to be held on this campus November 7 and 8.

Round Table I — Immediate Post-war Problems: Selma Rimmer, official delegate; Ruth Jordan, official delegate; Alison Carr, student chairman; Marjorie Fulton, Agnes Muthelland, Mary Elizabeth Metcalf, Katherine Perry, Patricia Ann Ahearn, Carol Provost.

Round Table II — The Culture of the Post-War World: Justine Wheeler, official delegate; Jean Dawson, official delegate; Virginia Rose, student chairman; Frances Donahue, Lilia Blanchard, Mary Perry, Margaret Palmer, Rhoda Baldwin, Sarah Harris.

Round Table III — Post-war International Policy: Priscilla Perkins, official delegate; Esther Gustafson, official delegate; Frank Sherman, student chairman; Joan Garrity, Constance Perkins, Lucy Katz, Ira Carey, Alice Dyer.

(Continued on page 4)

Vic Dance Held In Student Lounge

Another of U. V. M.'s successful "Vic" Dances was held last Saturday night, the 30th in the Student Lounge. Music, bright black and orange posters that had been hung about on Waterman bulletin boards, and announcement that the dance was from 8:00 to 12:00. However, it must be admitted that it was a little late before record really got started — so that time would have seen fairly well occupied getting the floor to the proper waxy consistency. Hard, Harris and Dancing Dorsey and the usual assortment of records and tunes were considered, as was proved by the fact that there have been few dances in the Lounge when so many couples were on the floor. Mrs. Hallowell in decorative mood succeeded in augmenting the prevailing spirit of merriment and Hallowe'en.

Dean and Mrs. Carrigan and Professor and Mrs. Wilson were guests of the evening, as well as members of the Veterans Club, for whom the dance was sponsored by the Secretary Club.

★

November [illegible]

Dear Editor

We of the A. S. T. are slowly [illegible] a state of blindness due to the [illegible] lighting facilities of the Library, the Waterman Building study halls [illegible]. It is very important that our vision be [illegible] because some of us may become doctors and we need [illegible] eyes for such a profession. Light is [illegible] certain to many of the [illegible] students.

If the light doesn't improve [illegible] much we'll probably see some of us [illegible] peddle on a street corner.

Yours truly,
[illegible]

Julius Cohen Elected President of Hillel

At a regular meeting of Hillel at the Foundation home, Sunday, [illegible] 17, officers for the coming [illegible] were elected. The new slate [illegible] Julius Cohen, President, Phyllis [illegible] Vice-President, Elaine Ohng '45, [illegible]tary and George Goldsmith '44, [illegible]urer. In the interim, chairmen of [illegible] committees were announced: [illegible] Berkson '44, Social; Jacob Katz '44, [illegible]tural, Pearl Weissbord '46, Publicity and Publicity; Lilla Blumberg [illegible] Publications; Judith Isaacs '44, and [illegible] Spiegel '45, Religion; Thelma [illegible] '45 and Robert Rosenberg '47, H[illegible].

The first function under this new [illegible] of officers was an open house at [illegible] House held after services on Friday, October 22. Punch and cookies were [illegible].

Attention freshman girls and transfers: Open houses are being held regularly on Tuesday and Friday evenings in the different sororities on the campus. Everyone is cordially invited to come without special invitation to these open houses. The party which you attend on Saturday makes no difference, whatever, as to the house you visit during the week.

An illustrated talk on "old instruments" will be given by Mr. Walter Bracky in the Fleming Museum Auditorium this Sunday, Novmber 7, at 4 p.m. Mr. Bracky, formerly acting curator of the Belle Skinner collection of "old instruments" in Holyoke, Mass., is now associated with the Northeast Airlines, Inc., in Burlington.

There will be a short meeting of the G. S. O. committee and the House representatives of G. S. O. tonight at 7.30 in the third floor Student Lounge at Waterman.

LOST—A red wallet. Please return to C. Brownell, 203 S. Willard St., Phone 4312.

Pembroke College's freshman [illegible]ment of 165 is up 30 per cent over [illegible] year.

[illegible] as they would remain. However [illegible] sure you will recognize that in [illegible] the great complexity of the prog[illegible] school the University had no choice [illegible] matter. I do hope that you and [illegible] fellows will profit by your term [illegible] University of New Hampshire will [illegible] an excellent institution and at which [illegible] can further your preparation for [illegible] ter candidate schools.

With best wishes,

Sincerely yours,
(Signed) John S. M[illegible]

Lieut. Brossman's Rookies Exceptional

By BILL BRANDT

New men, plus Lieut. Brossman, result in a combination that only Southwick Hall can boast about. Yes, dear children, Southwick is strictly on that old ball! Who the boys at Southwick took the ball from is a deep dark secret, but rest assured, Converse never had it. The boys at the "Old Hotel" don't know one exists. They're so dumb they think "Western Union" is cowboy's underwear.

Sam "Red" Landes is the new C. O. at Southwick. "Red," who holds the rank of a first sergeant, is liked by all who know him. Ask the fellows at Southwick for the full story. Everyone knows Landes; he's the fellow the campus hears so much about. Haven't you heard of that big whip he carries to enforce his commands? If you haven't heard about it, something's wrong. It's the latest thing in "Latrine Rumors."

Strand ranks second in command with "Do It" Duer, holding the office of first sergeant. Duer's the man that completes this much talked about team. Together they make up three good reasons why Southwick is riding the ball. The boys have vowed to make the other halls look sick. Hmmm!??

Hay Rides in Season

We're all looking forward to a hay ride sponsored by the boys at Southwick. Of course a small fee is in order; after all fellows, the horses have to eat too. See Art "Fearless Fosdick" Carwood for details. Then grab a woman and come along. For various reasons, we hope it's colder than—. Gosh!, these coeds cuddle nice.

The Allen House has drawn the attention of our blessed "Rookies." On being told that honest to goodness coeds dwelled inside, they gazed in awe at the famous house. Since then they have taken it upon themselves to sing a special song to the girls each and every morning. Of course the girls aren't aware of this. Six bells is still too early to get out of bed (the Army thinks differently). Too bad the girls can't hear the sweet sounds that come out of those two hundred throats. It's so beautiful. Well—anyway it's kinda pretty, especially when they swing out with "Sadie Went A Wading."

What's this we hear about a thoroughbred Czechoslovakian in the ranks at Southwick? By name he's called Petrlak, but the fellows call him "Curley." The

(*Continued on page 4*)

Another Squadron Leader at Slade

By H. P. SOKOLOWSKI

Woe to Slade Hall! Will they ever have a Squadron Commander for more than a week? We sincerely regret the loss of two of our student officers. One of them being H. Hucks, in our opinion the best commander we ever had even though his reign lasted but a couple of weeks. In his place we have acquired H. Augustine, a graduate of Robinson Hall. We have no comments to confer about Harry because of his recent arrival. We don't believe we could be so difficult to handle as to require a change of officers so often. Are we slipping or does Converse Hall deserve the cream of the crop?

By unanimous choice the title of "Most Likely To SUC-ceed" has been declared upon our efficient supply sergeant Vincent Troviaoli. We have come to the conclusion that he is the one suited for the forthcoming commander of Slade Hall. He is very popular about the campus and for assistance of any kind you can depend on "Laffy" Troviaoli. But whether he can upkeep this popularity depends on himself because of the stiff competition provided by "Honey-Boy" Hunt, a tough flight sergeant if there ever was one! It shall be a battle of wits and may the best man win!

Southwick Pianist

We were delighted to be entertained last week by the champion piano-tickler of the 61st C. T. D., none other than Student Sergeant R. Leweneur. He came to visit some of his former roommates of Southwick Hall and gave us his versions of the blues. We still feel dizzy from observing his fingers flying along the keyboard.

We will take this opportunity to wish our former Ass't Squadron Commander, Fred Kuntz, a happy birthday. He has reached the ripe old voting age and since then has been beaming like a full moon. We still miss his daily "Attention to orders" at Reveille, but we hear he has placed Redstone Hall on the ball.

Signs of winter have appeared and to our guess we will be in a winter dreamland within a couple of weeks. We certainly could use our field jackets these brisk mornings, but an order is something we have to follow without complaint.

We have been informed by our tactical non-com of the details confronting the present demerit system. It will be based upon the student's personal and barracks inspection. A certain number of demerits will mean a week-end restriction. So, a word to the wise is, "Start your spring house cleaning early and enjoy the few remaining week-ends."

We were surprised at the vigor displayed by Converse Hall in their response to morning chow last week. Could it be the acquisition of our former commander has rejuvenated Converse, (or did he just roll 'em out of bed)??

Did anyone notice the sad-sack around the campus last Tuesday? This melancholy chap bade farewell to his one and

Sgt. "Happy Boy" Sorenson Rails Converse as Revolution Racks Old Bastille

By BERNARD T. LERNER

Moving in according to projected plan, Sgt. "Just call me Reveille" Sorenson attacked Converse two hours before dawn last Thursday. Sgt. Heller at 0445 Sorenson swept in at 0515, jouncing sleeping Converse men out of bed at Reveille for the first morning since Dessert's famous Early Call. Taken by surprise, Converse surrendered, and we all fell out for close formation on time—only to be greeted by the gloating smile of Lieutenant Brossman. At that point at the rear most to sneak back to bed but yet Sorenson covered all entrances, maintaining order and we were outflanked! After the salt of an enforced experience we got to breakfast ten minutes early and had to wait outside in the rain while a late-coming Slade Hall marched by. All we have to say to Sgt. Sorenson is "Hubba Hubba."

Battle of the Beavers

The Battle of Beaville à la Sorenson was the opening round in Converse struggle against the Revolution of the Knave. The Knights converse began with an infiltration of unbelievable stinging happy vapors early in the week. Attempts to salute each Converse somewhat petty second Strips Artists Biddle, Sublett, Wildermeyer, Rose and active house lights wielded their long sharp pencils with deadly experience and the Saturday restriction list was long and sorrowful.

Lieut. Turner Steps In

Seeking a more moderate and effective means of putting Converse on the ball instead of behind it, Lieutenant Turner held a little conflab with us Thursday night. Chief topics of discussion were: Who swiped the door off Room 32, apples, the Rochefort cheese under our bed, and how to help Southwick Hall keep their lawn clean. Lieutenant Turner then delivered the most memorable presentation of the year entitled, "On the Ball with Converse Hall." As a result of this inspiring talk, Converse unanimously pledged its full co-operation with, and support of, its popular tactical officer.

Converse Hall is Off the Ball

It seems that two out of three Converse men stayed home last Friday night, at least according to the departure book. Some quarters refused to believe this, and as a result, we were restricted Saturday afternoon. Our private opinion are that the restriction list and the fact that we were all broke might have accounted for the large number of stay at homes. Anyway, we heard the Navy-Notre Dame game, so the day wasn't entirely wasted.

Converse Mulcted Out of Beer Party

The Southwick-Converse feud flared up in near violence on Saturday, as Converse Hall scored a moral victory in the parade by placing ahead of the Southwick Sad Sacks. The Southwick S. S. troops were treated to a fine exhibition of proper marching as Converse took second place, the highest rating on parade that Converse has scored in last two months.

Southwick Hall, smarting under the drubbing they had taken on parade, hit back below the belt and did Converse Hall out of the beer party. While their tactical officer engaged Converse Hall in a debate on "Are the walls still standing?" (We thought he was just bitter about the parade.) Southwick retired to its campus and did away with all the food. By the time Converse got there, there wasn't enough left to feed a sparrow—if the sparrow wasn't very hungry. Since there was very little money in the crowd, we spent a hungry evening. Maybe they're trying to starve us into submission.

Triviata

The brand new detachment dance band will be unveiled next Tuesday over WCAX at 11:30. Rehearsals have gone very well since Lieutenant Graves managed to get us instruments. The quartet is good, too, even with Lieutenant Turner in it. Seriously, the Lieutenant did a mean bit of chirping for us at rehearsals and maybe we can prevail on him to sing at our next "meeting."

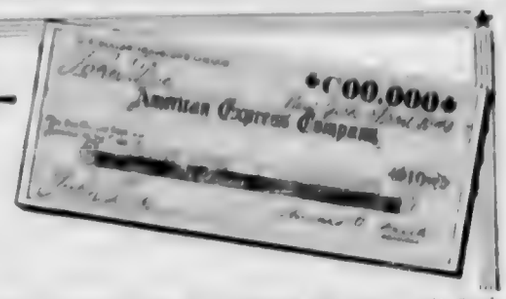
Editors Note

From this issue on we will give you the week's two outstanding personalities of the 61st C. T. D. The names of the men in the week will be turned from headquarters and will appear with a short paragraph concerning them in the two single column boxes which made their initial debut in last week's issue.

Frequent issues the Army page has been 99 per cent sarcasm and invective. We are starting a new policy now. From this issue on, we want only approximately 50 per cent sarcasm and the remaining percentage praise and exclamation of all men's accomplishments. We need have to explain why.

For the effort expended Lieut. Brossman and staff have created the Army page which is a credit to the Army and the University. We all know that every student publication is a thorn in the flesh at times. Consequently the Army page has received its share of condemnation. The students present army of busy people and the many present new orders, changes and the interpretations of same. All this is done through the courtesy of the Army Staff.

We are glad to announce that headquarters and recently we have obtained permission to do our own Army proof reading at the downtown Free Press office. So the Army page should continue to improve. We know definitely that Army terms, spellings and phrases will be more accurate. Civilians don't understand our Army jargon! (Lucky people!)



For this privilege, we are trying to publish an Army page that the students and staff both enjoy and approve. We could use more time on page make-up and if we had the time to write our own Army headlines, it would be a decided advantage. We are looking forward to publishing some pictures of our campus activities. Any aviation student having any good clear snapshots of Army U. V. M. activity, present them to the Army Editor, and we will be more than glad to publish it.

We are trying to make your Army page what you want it. Any suggestions will be more than welcome. Thank you.

A. S. C. and Editor-in-Chief

The rathskeller of the University of Wisconsin Memorial union long "for men only" has recently been opened to women students.

This recital is free and open to the public. It is hoped that many will attend.

PLAYERS CONTRIBUTE $50.00 TO U.S.S.F.

Sylvia Wellwood, President of University Players, called the group together last Thursday afternoon. The Players voted, unanimously, to give $50.00 to the W. S. S. F. in the near future. Another unanimous vote was the appointment of Olga Schoelles as secretary.

Announcement is made of an important meeting of the Players on Monday, November 15, at 4.15 for freshmen and all interested in either Dramatic Clubs or University Players. At that meeting membership requirements for these dramatic organizations will be announced. All students interested are asked to watch the bulletin boards for more details on the meetings.

Melting Pot Supper For Campus on Sunday

On Sunday afternoon, November 14, there will be a Melting Pot Supper at the Kappa Alpha Theta House. Students and Air Cadets are invited to attend the supper, the proceeds of which will go to the World Student Service Fund. The menu includes Chinese Chop Suey, Italian Macaroni, French bread, English gingerbread, New England apple sauce, Brazilian coffee, and jersey milk. The supper will be held from five until seven, and will be served buffet style.

My office hours are Wednesdays and Fridays from 2 to 4 p.m., since checks are now made out twice a week.
MARY PERRY,
Treasurer, U. V. M. Students.

Y.W.C.A. Retreat Studies Problems

Discusses Local And World Issues

The members of the Y. W. C. A. Cabinet left college this week-end, October 30-31—but only for a short absence! Clad in dungarees and warm shirts, and carrying blanket rolls twelve girls trekked out to a cabin on Lake Champlain. This week-end was set aside for a Y. W. C. A. retreat planned for the purpose of clarifying the year's program for Y. W. C. A. and to provide an opportunity for the members to become better acquainted with each other and with themselves.

* * *

Seated around the fire they discussed informally a few of the problems which have come out of present conditions of this campus and of the world. Christianity, and individual faith was spoken of, the faith that they believe, will bring peace at last with the stability of well founded planning, foresight, and spiritual insight.

The question arose of how an interest in social and national issues of vital importance can be aroused on this campus—of how the students can be made to see beyond the next hour exam! Margery Rubin, who attended summer school at Boston University says:

"By way of contrast, the fact is made even clearer that there is a lack of knowledge here—and even interest in national activity and post-war problems."

It was brought to mind that in the next presidential election, the votes of women will be over fifty percent of the total votes. American women are in the most strategic position to cope with post-war problems. Here, where there is no want, or fighting, the planning can go on uninterrupted. One girl said:

"The question is how are we going to seem to the men who have seen sorrow and horrors at first hand and have become more mature by these things. Will we seem shallow or shall we be the ones to make a stationary world to which they can return?"

(Continued on page 5)

Outing Club Hikes To Camel's Hump On Sun. Morning

Eleven hardy members of the Outing Club, two A. S. T.'s and one Cadet were on hand to catch an early bus to go to Camel's Hump.

An alumnus of the club, "Butch" Earles and Paul Thibault '47 tried to ford the river in search of a boat. It was a successful attempt until Paul suddenly went out of sight on the far side of the river. He was carried downstream and a drowning was imminent until "ever-ready" Butch rescued him.

The rest of the crowd decided the ferry was safer. The swimmers dried out in a farm house, while Kay Brown and Karen Day went on ahead. In 3 hours they climbed the six mile trail to the cabin.

It was definitely dinner time but a broken stove made put a lot of difficulties on cooking. Snow outside didn't help any either but they finally swept it aside and started a fire.

The rest of the crowd all made the top of the mountain in not-so-short order. Going down wasn't so bad but Karen, Kay and Paul missed the bus back to Burlington. However, Daan Zwick and some of the others were even later.

When last heard from, Kay Brown, president of the club, was running downstairs, but what are stairs after 12 miles up and down Camel's Hump? Furthermore Kay and the Council are spoiling for an over-night hike and, later on, some ski-parties.

Y. M. C. A. Official to Speak At Convocation Thursday

Has Been Active in Student War Relief Among Universities of Western China

Lyman Hoover

The Committee on Religious Life of the Student Government which is sponsoring the Drive November [illegible] in conjunction with the World Student Service Fund has obtained Lyman Hoover of the staff of the National Committee of Y. M. C. A's of China for their speaker at the convocation November eleventh at which time the Drive will be launched.

Lyman Hoover, an American, is now more closely identified with China than with the country of his birth. Since 1930 he has been on the staff of the National Committee of the Y. M. C. A's of China. His special responsibility has been for work among students, first in Peiping and later in China's West. There most of her universities have migrated since war with Japan began in 1937. Mr. Hoover is on the staff of the Student Division of which Kiang Wen Han is Executive Secretary. Word has just reached the United States that he is now also Associate General Secretary of the National Committee of the Y. M. C. A's of China.

Lyman Hoover's activity which is of most interest to American college students in connection with student war relief in China. He has followed Chinese students in their arduous trek across the country, visited them in their improvised universities, in caves or abandoned temples, helped them to solve their problems through work subsidies and individual rehabilitation. During 1942-43 he has been acting Administrative Secretary of the National Student Relief Committee, which works through 28 local committees in administering relief sent to China by the World Student Service Fund.

Lyman Hoover was graduated from Butler University in 1922 and Yale Divinity School in 1928. At Yale he specialized in courses related to Chinese history and culture. He is a native of Indianapolis. Mr. Hoover's interesting background and his delightful personality make him a most fascinating speaker who is especially appreciated by college audiences.

New Baton Leads New U.V.M. Band

65 Members of Band To Play at Kake Walk

Amid the din of Monday and Wednesday rehearsals the new sixty-five member U. V. M. band is rapidly taking shape. Any Wednesday evening will find a large group of drummers, clarinetists, et al, convening at the Waterman. After three such rehearsals Joe Lechnyr, director, announces, "In a very few weeks we'll have as good a band as we ever had on the hill."

About ten percent of the men students on the campus are in the band. In past years the R. O. T. C. unit was composed of fifty members, but as Mr. Lechnyr says, "There is an amazing amount of talent. We're going to use it all and perhaps have upward of sixty five members." Among the experienced players are Fran and Margo Donahue who, with the band committee, are largely responsible for getting the organization in shape this year. Fran announces two important events: First, the band will soon have a write-ups in a leading magazine, and, secondly, Joe Lechnyr has a new baton. Incidentally, Mr. Lechnyr is very good at showing people how to use the cymbals.

Band Librarians Pauline Fitch and Bayelen Prouty are doing an efficient job and the air corps adds its bit by wandering into rehearsals and giving out with a little music of their own. If anyone is wondering how the girls are making out in the bass horn section, Wendy Milling-ton, to mention but one, has taken over the euphonium.

The band has had to show its colors in marching formation. Monday, November 1, they had their first drill by the side of the library in their green and gold capes. The picture for the *Ariel* was taken in front of the chapel.

The music everyone is most eagerly awaiting is "Cotton Babes." As Joe Lechnyr has said, "They're always waiting for me to bring out 'Cotton Babes.'" It's certain that we'll have our music for Kake Walk this year; now it remains for us to learn how to Kake Walk.

Alpha Chi Dessert Hour

The Alpha Chi House will be the scene of their annual dessert hour on November 11. The traditional apple pie and fudge cake à la mode will be served. It will last from 6.30-8.30 p.m.

Winter Sports Make Full Program

The winter sports clubs, some of which are scheduled to begin today, have completed plans for a full winter program. The schedule for meetings will be as follows: Archery will meet on Fridays at 4.15 and 5.00 in the "Y." Because there are so few courts in the Taft School and so many people signed up, the badminton group will meet two times a week. The Wednesday group is still too big and people are urged to change to the Tuesday group. Intermediates will play at 7.30 p.m. and advanced players will meet at 8.30 p.m. Basketball will meet Thursdays at 7.45 p.m. in the Taft School. The Bowling Club will meet in the Waterman Alleys on Thursdays at 4.15 and 5.15 and on Fridays at 2.15, 3.15 and 5.15. Tuesdays at 5.00 for beginners and Thursdays at 5.00 for advanced is the time scheduled for Dance Workshop in the Taft school. Fencing will meet Wednesdays at 5.00 in the Taft School. Ping Pong will meet at the same time and place as bowling and skating and skiing meetings will be announced. Square Dance Club will meet Thursdays at 8.00 p.m. and swimming will be Tuesdays and Thursdays club at 2.30 and Fridays at the same time will be club or class Meetings will be held in the "Y." Even if you didn't get a chance to sign up for any club, everyone is urged to come to

Campus Comment

★

Dear Editor:

The annual U. V. W. S. S. F. Drive is in full swing and we feel confident as we go to press that we may understand it will soon attain its goal. Everyone is working, we think, more than ever before but a willingness to help and give just to Chinese Friends and Relief seems but to spur each home to greater heights across Our Alma Mater. Dorm and town girls are going to help a great many hard working boys because they have a day to spend as a page. It will be a great relief to the worst disease of all — "battle ax" disease that is usually caused by mental constipation. It is not a drive to stop us from eating at all. The menus may well perhaps but the work goes on. We will be told what happens to our money through the W. S. S. F.

This is a real "must" a post war project and a present war problem and it is a challenge to us college students to put it over. W. S. S. F. itself is under the National Organization of War Funds. The slogan behind it is "our dimes to our friends for freedom" it says.

When it means a sick of a money to get Rags over a dessert at lunch it seems easy but when our time dollars means going hungry when our time dollars means life to one who is hungering and keeping knowledge alive it is criminal and shameful to avoid. It's a big job but we're big enough to do it.

Pilgrim Easton '44

Dear Editor:

Now more than ever Chapel Service should play an important part in the lives of students on campus for it represents the light in the dark, inspires one when he is down and often gives that little extra push one sometimes needs to meet problems in the future. With the interesting schedule that has been planned for the next few months there is no reason for attendance to be slack at Chapel.

Next week Tuesday November 9, Rabbi Lee Lude of Hillel House, the Director at Brai Brith Hillel Foundation at the University and minister to Jewish students at Norwich University and Middlebury, will be the guest speaker. Before coming here Rabbi Lude had charge of Hillel at Alabama University.

On November 16 Edward S. Treat, minister of the Waterbury Congregational Church, will speak in Chapel. He has long dealt with youth here and abroad being an officer of the State Youth Council and at one time a missionary in China.

Other dates for Chapel Service are not definite as Professor Hall intends to keep a few open but several men of interest have promised to come in the not too distant future.

One who has already spoken to us twice and who has brought great satisfaction as a Chapel speaker is Rabbi Harry Joshua Stern, the author of "Judaism in the War of Ideas" and several other books. He recently celebrated his tenth anniversary as spiritual leader at Temple Emmanuel, Montreal. It was Rabbi Stern who was influential in forming Hillel on our campus. After his first visit here he met with the young people to consider the possibilities of such an organization here on campus.

Soon after Christmas we hope to hear Rev. Clifford Simpson, Congregational minister at Springfield. His church has one of the most complete church programs in Vermont and Reverend Simpson has long been known as a favorite speaker of young people.

Already we have had Rev. Charles Lynch of the Congregational Church in Burlington and Rev. Charles Martin recently of St. Paul's speak in Chapel and before the school year is over other Burlington pastors will be our guest speakers.

It's up to us to make our Chapel Services worthwhile. It's only fair to our speakers to start considering the importance of attendance.

CONNIE PERKINS '46

To the Editor of the Cynic:

They always said that a change would come over the college when the Army came in. And the Army is here.

From time immemorial—since way back before this war—Billings Library has been a cozy little place to spend an evening with your girl when she couldn't sign out for something else. Or a place to sleep that hour between first hour and the rest of your classes. The atmosphere when it could get into was pleasant, the people quiet and the lights low. All in all, Billings and Dewey Library was a most comfortable nook.

Now comes the Army, and says that those 20-20 vision is being ruined by those tiny little lights. They actually try to study there! It is hard to figure out just where they got that idea but perhaps that same 20-20 vision was able to pierce the gloom as we were never able to, and see the musty tomes on the shelves.

However it managed to get in, one new idea has come to Vermont. Billings Library might be a good place to study. Perhaps with enough light others might see those books on the shelves, even civilian students, and the library be used for its original purpose.

But turn on those lights quick, before the Army and their new notions are gone.

DAAN ZWICK.

Sorority Notes

ALPHA CHI OMEGA

Finding a route about way, including a rock pile and the woods the Alpha Chis took their positions on a hike to Peg Wentworth's home. While everyone gathered around the fireplace toasting hot dogs and cooking supper, Mary Perry told fortunes and each girl tried her luck at the ouija board.

ALPHA XI DELTA

The Alpha Xi's took their girls bowling at the Bowlaway. Six teams were formed under the titles of WAACS, WAVES, Marines, Army Nurses, Navy Nurses and SPARS. In the final rounds, the WAACS proved triumphant with Army Nurses a close second. Following the contest, the girls went to the Alpha Xi house for refreshments.

DELTA DELTA DELTA

The Tri Delt House was converted to a carnival with Bingo, horse-racing, fortune-telling, Michigan, and betting on a roulette wheel. Paper money was given to each girl with which to place her bets and prizes were given to the winners of the Bingo games. Hot popcorn and green punch were served for refreshments.

DELTA PHI EPSILON

The D. Phi E's formed a treasure hunt starting at the Waterman Building. Clues finally brought the girls to Mrs. Irving Stilman's house where the "treasure" proved to be a huge basket of lollypops. Everyone then joined in with party games and refreshments were enjoyed.

KAPPA ALPHA THETA

The Thetas entertained in true Alice In Wonderland style. The story was acted out by members of the sorority in pantomime with clever costumes for each character. The theme was carried out in the tea party with cakes and tea being served. Everyone sang and games were played.

PI BETA PHI

The Pi Phis formed a "backwards party." Every girl wore her sweater or blouse backwards. All games were conducted in reverse style, for instance, everyone running backwards in "musical chairs." Refreshments were given backwards, with the dessert, ice cream, coming first.

SIGMA GAMMA

A sewing bee was held in the Thrift Shop of the Waterman Building for the benefit of poor children. The girls cut out and stitched stuffed animals in the various shapes of dogs, cats, elephants and ducks. After making several animals the girls went down street to bowl.

TAU LAMBDA MU

The afternoon's entertainment was held at the Phi Sig house. Bernice Lieberman read parts from a book in perfect dialect, putting everyone in good spirits. Present at the party was last year's president Dave Lipman who was introduced all around. Several games were played and refreshments served.

Tau Lambda Mu is happy to announce the pledging of Bernice Lieberman '45.

ATTENTION FRESHMEN and TRANSFERS—Next Tuesday night is the last sorority open house. Plan to attend the one you are most interested in.

Sanders Tea Dance For A. S. T. P.

Sanders Hall girls spread [illegible] "Welcome" mat on Saturday [illegible] they held an open-house tea dance [illegible] about 25 members of the A. S. T. [illegible] five to eight the hostesses and their [illegible] danced to the music of a vic, which [illegible] all the current hits as well as old favorites.

Martha Buttrick was chairman [illegible] dance. The supper, consisting of sandwiches, potato chips, pickles, [illegible] and coffee, was prepared under the supervision of Martha Perry and Mary [illegible] man. Chaperones were Mrs. Bissell, house director of Sanders, and Mrs. [illegible] lard, who holds the same position [illegible] Grassmount.

During the afternoon the girls removed rugs and furniture from the living room and deposited all the dining room chairs on the porch. Evergreen boughs and [illegible] were used as decorations. And the coat of dance wax that had been applied to the living room floor made the room seem like Lake Champlain in February. After much jumping around on the floor the girls finally got it in a dancing condition.

The consensus of opinion among the girls was that the dance was a huge success. (This statement does not necessarily have the endorsement of the A. S. T. i.e. Ferguson in particular.) However the girls are planning more parties for the A. S. T.'s during the holiday season.

KAPPA SIG SAYS—

More news from the Kappa Sig house. Everyone has had a very pleasant week believe us. Onyl two real casualties have occurred. Betty Ritchie has a cut on her head and some scratches on her hand. Judy Marquis only was wounded on the foot. No, they didn't come to blows. Betty just went through the pane of glass in the front door. The accompaniment was a little out of order. Tuff was playing hymns when the pieces flew. The result was far from a funeral but she had the right idea anyway.

We don't see how all this excitement could have happened in Polly's absence but it certainly did. Guess she used all her excess energy in rooting for Yale at the Dartmouth-Yale game. We all envied her. Why did we have to get the Army, when, if we had had the Navy we could have been watching our own football games. We know it's not your fault, Cadets. But to see all your good material not being utilized to give Vermont a famous name in sports, hurts.

Connie Bray has had a happy gleam in her eye all week. Stan's coming for the week-end couldn't have had anything to do with it, could it, Connie? Other visitors to Burlington were the parents of Marjorie Cutler.

Last night a blood curdling yell resounded through the house. It was only Barbara A. It seems that someone had found a nice cold oyster and placed it in her bed. She blames her roommates but we wouldn't do a thing like that, really.

Here's hoping there are no more [illegible] dives through windows or other [illegible] occurring at Kappa Sig, until we can get breath to tell you all the gory details.

Pope Assigns Some Strange Subjects

Professor Pope's class is writing [illegible] assigned topics which were given on subjects totally unfamiliar to the students. In giving topics which were entirely new material to the pupils, Professor Pope has hoped to stimulate research and knowledge in new and broadening fields. Some of the topics include "Krakatoa," "The Boxer Rebellion," "Lady Hamilton," "The Discovery of the South Pole" and "Dr. Samuel Mudd."

Amid the welter of cross-references, bibliographies, note-taking, footnotes and dusty volumes which are involved in the process of research, the pages of the finished work are slowly rising in completion. Although the freshmen are not making any claims to the production of great literary masterpieces in this, their first long paper, they are, nevertheless, learning much valuable information about the preparation of material for the term papers which will be expected later in their courses.

I.R.C. Delegates Hear Dr. Godshall

Topic: "Can We Win War in the Pacific?"

At the ... Conference ... the New England ... Museum, Dr. W. ... Godshall of Lehigh ... "Can We Win the War in the Pacific."

Doctor ... is a professor of ... International Relations and Diplomatic ... and Director of the ...

Doctor Godshall

Institute of Politics at Lehigh. He has written many books concerning international problems.

Doctor Godshall identified the three main causes of the present war in the Pacific as follows: (1) Japan's ambition to carry out its national-divine destiny, (2) China's resistance to Japan's determination, and (3) the Hundred Years' Victimization of China. He explained that there were ways to remove these causes. The greatest way is the "frustration of Japan" which consists in territorial amputation, complete disarmament and demobilization, and economic reparations. He stressed the importance of "building up a strong China, thus making it possible for her to govern herself." This should be followed by the application of conditions of the Atlantic Charter in the Far East as far as possible.

He concluded his talk by stating that we should start with a regional Organization governed by the United Nations. He warned the conference delegates to "beware of optimism. After this war there is going to be an air of a devastating nature." The students were advised to become well informed and formulate definite clear-cut opinions because the "remedy for the causes lies principally in education."

Rev. Ralph Schrader Gives Chapel Address

The guest speaker at the Chapel Service November 2, was the Rev. Ralph Schrader of the Congregational Church of Montpelier. He spoke of the community problems and opportunities, and the responsibility of the individual. He closed with the idea: "How can I contribute so the change which is taking place will be in the right direction?"

President Millis Endorses W.S.S.F.

Deans and Faculty Give Full Support

We are launching the W. S. S. F. campaign on the University of Vermont campus by quoting the opinions of our president, the deans, faculty members, military personnel, college students and former students now in the service.

President Millis, heartily in favor of this program says "W. S. S. F. is a project which is worthy of the support of all students because the only if they recognize their responsibility to other students of the world. I sincerely hope that every member of the student body will generously support it.

Dean Simpson bears out in her opinion the sense of responsibility which can be instilled in the students by saying "I am heartily in favor of W. S. S. F. not because it serves a worthwhile purpose, but more because it is a fine opportunity for our students to assume their share of responsibility for the great body of students throughout the world, who, through no fault of their own, have been deprived of the right to be educated. Even though the amount of money will be but a drop in the bucket, the fact that we have raised it will greatly enlarge our interest in those other students and make us more conscious of how precious is our right to be educated. This drive will tend to make our students more eager to take advantage of their own opportunities."

Dean Swift states, "This project is very worth while because it promotes a program in which we may all share. I think we should put our whole-hearted effort behind it."

Professor Raymond A. Hall stresses the fact that "this is the first year that an attempt to do a thorough job has been tried. Last year we did rather a superficial job."

Prof. Paul D. Evans says, "this W. S. S. F. is a fine organization and should be heartily supported."

Prof. Benjamin F. Ladd, who has had quite a few contacts with students of other countries says, "I am in whole-hearted support of this fund because education is a necessary part of life. Part of the reason for my support is because of my experience with students of the United States, Germany, Denmark and Sweden. In my associations with these students I have found that students have one common denominator. They all take much the same subjects, and they all seek the same type of diversions. Once when I was in Heidelburg I sat at a table with students representing America, France England, Denmark and Sweden, and before the class was over we were all interlocking because we had something in common. I am also in favor of the wholesale mass exchange of students after the war."

Miss Cummings, director of physical education for women, believes "This is a splendid organization and can become a part of our contribution to students of the world."

Canterbury Club Program This Year

The executive committee of the Canterbury Club has its program all settled for the coming year.

Two weeks ago, October 24, the opening meeting was held. About 50 people were present at the supper and meeting.

The first Sunday of every month will be an Open House, from 3.30 to 6.00 including a supper and service.

On the second Sunday, at 7.30 a.m. there will be Corporate Communion, followed by breakfast, and a discussion group led by Father Martin.

The only real business meeting of the month will come on the third Sunday, from 5.30 to 7.00, in the Rectory.

A service will be held in the All Saints' Chapel every fourth Sunday of the month, at 4.30. The Canterbury Club takes over the whole service.

All denominations are welcome at these meetings, and the Episcopalian, Lutheran and Greek Orthodox members are especially invited (of the Air Corps, A. S. T. P. and U. V. M. students)

A Sandwich Special was held Sunday, November 7, at the Hillel Foundation, 34 Colchester Avenue. This was the second of Sunday evening suppers. It is hoped that they will be weekly affairs.

Polish Internees Study in Colleges in Switzerland

Informal Dance Held By Staff and Sandal

Monroe Allen and his records furnished the music at the Staff and Sandal Dance which was held Saturday night in the Student Lounge. The letters U. V. M. over the windows were the main decorations. Prof. and Mrs. Rowell, Miss Westby, Mr. Ellis, and the various members of Staff and Sandal were in the receiving line.

For once the girls appeared in dresses and heels. Socks and saddles were "out." Also, different from usual, it was strictly a couple affair.

Just to remind everyone of "how things used to be," some of the ex-U. V. M. boys appeared. Ernie St. Mary, George Holden, Fred Laird, and Steve Moore were among those representing the out-of-town fellows.

Chinese Students Rest in W.S.S.F. Hostels on Escape

The westward migration of China's college students is continuing unabated, according to news from Chungking received by the World Student Service Fund in New York. The WSSF, now a part of the National War Fund, has enabled American students to aid Chinese student victims of war since 1937. It reports that 3,000 students have reached Free China from the occupied areas since January 1943, bringing the total of students evacuated from Japanese-held territory to 30,000. Women students number one-fourth of the total. About 500 of the 3000 recently migrated have come from middle (high) schools in the occupied areas. They were unwilling to study in the Japanese-indoctrinated schools still in the occupied area.

Problems of the westward trip are colossal. Kiang Wen-han, one of the executive secretaries of the World Student Service Fund's committee in China, has reported his experiences in coping first-hand with the travel problems of students. He wrote from Nanking: "Students were pouring in daily from North Fukien. Most of them had travelled hundreds of miles by foot, and they were all in a very difficult plight. It was a common sight to find refugees pouring out the contents of their suitcases on the street-side for sale. These were, however, comparatively fortunate refugees. Most of the students had lost their belongings and not a few were literally penniless." Quite a few were barefooted. Many had been subjected to several bombings along the way. They all wanted to find a place to stay and some resources to keep them going.

Mr. Kiang at once set up a Student Hostel in Nanking, with a capacity of 100 students. "Any student, man or woman, who comes to the hostel may enjoy our free hospitality for a week. After

(*Continued on page 6*)

Meet Pop Brooks Bowler and Friend

Boys Now in Service Write Him Constantly

"But nobody wants to hear about me," insisted "Pop" Brooks as I accosted him in the bowling alleys. Repeated requests and reassurances succeeded in getting only a few facts about modest "Pop's" varied life.

A Baseball Player

About thirty-five years ago, he was intensely interested in baseball, and his talents were such that at least a tryout in the Major Leagues was assured. When 21, "Pop" was due to exhibit his talents to the Cleveland Indians. That was at the time when Larry Gardner (of the U. V. M. Physical Education Department) had left the Boston Red Sox and was with the Indians. The tryout was scheduled for the week of Thanksgiving. Misfortune struck, as "Pop," an ardent hunter, was involved in a hunting accident which cost him his left arm just before the Thanksgiving holiday.

Jobs and Marriage

This unfortunate incident left the young man undiscouraged. In the years following, he undertook a number of different jobs which presented him with a great many varied experiences. Said "Pop," "It was sort of a substitute for the college life that I never had."

He has been happily married for many years, during which time the Brookses have been blessed with eight children, boys and girls alternately.

"Pop" Brooks has been in charge of the University bowling alleys for a good many years, during which time he has made innumerable friends among the students.

Letters from the Boys

Ever since the war started and hundreds of men left school, "Pop" has received a steady flow of letters from boys in the service. This diverse correspondence adds up to this: the boys who have left remember "Pop" as they remember any other friend met at college. The letters mention how much the alleys meant to the boys as a part of life here at Vermont. They reminisce over the good times, friendships, and bull sessions at the bowling alleys. The boys remember "Pop" too, and they don't hesitate to tell him in their letters what a wonderful fellow he is.

A Bowler of Merit

For those who haven't met "Pop," it suffices to say that he is a robust and happy gentleman, irrevocably modest. He's always ready with a hearty greeting, a friendly smile, and some helpful advice about bowling.

Many of our good bowlers, past and present, can attribute their skill to "Pop's" first patient lessons. Needless to say, he is a fine bowler himself, seemingly unhandicapped by the lack of a left arm. In fact, he will jokingly insist that he is a left-handed bowler.

Part of the Campus

Before the war, "Pop" was always very active in running inter-fraternity and other school bowling matches. He proved invaluable at the weekly girls' bowling class, which, incidentally, is soon to begin again.

To those who know him, "Pop" Brooks is as much a part of the campus as the Boulder or the Fountain. He's still going strong, having reached his fifty-third birthday two weeks ago. "Pop" is, and always will be a good friend and a swell guy.

Gladstone Speaks To Hillel Foundation

The Hillel Foundation was fortunate in having Dr. Arthur Gladstone, a well-known surgeon of this city, as guest speaker on Friday evening, October 29. Doctor Gladstone was a delegate to the American Jewish Conference held recently. His talk concerned the problem of a Jewish National homeland in Palestine, a subject discussed at the convention. Following his address, an open forum was held discussing the pros and cons of the situation.

Sunday afternoon, October 3, following the regular Hillel meeting a buffet supper was held which was prepared by the home economics girls. We hope to make these Sunday suppers weekly affairs.

Geology Classes See Copper Mines

Geology moved out of the University of Vermont Saturday of this week to visit the Vermont Copper Company mines at South Stafford. Nearly a score of students and faculty members made the trip, which had been arranged by Prof. C. G. D. Doll, class instructor, and Clinton J. Sammond, a graduate of the University now office manager at the mines.

The party left Burlington by bus at 7 o'clock in the morning and were met by the company's bus at Sharon for the 12-mile trip to the mines.

During the morning there was an inspection tour of the buildings and grounds, including the mill, where the process of separating the ore from the rock by newly installed machinery was observed. The tour was under the direction of J. W. Thompson, chief of construction.

In the afternoon the party, equipped with miners' hats, was conducted through the mine by J. A. Horden, general manager, going in on the company's electric train.

LIBRARY NEWS

A set of books has recently been donated to the Billings Library by Mrs. Oliver Eastman. These books are from the estate of Mrs. Eastman's father, John L. Southwick, and are supplements to a collection of Vermont books and clippings given to the Wilbur Library. The material in these books is mostly biographical and of general interest.

Southwick

(*Concluded from page 4*)

vinced her roommate that a blanket on a hayride is perfectly alright. Judy had quite a mix up a while back over the matter but now she seems to be living it down. All you have to do now, Judy is to convince the other sixteen hundred of us. Shall we start convincing, Judy?

And that isn't all. Corps Commander Huffsmith has bought each and every one of his student officers brand new "Eager Beaver" notebooks. It looks as if the boys are out to get this detachment on the ball. I hope they do . . . in a way. Then H. Augustine, Slade's new C. O., won't have to recite his story about cooperation to everyone he catches "in the act." Gee, it must be wonderful to have three white stripes. But incidentally, sir, you should keep an eye on your boys at Slade. Throwing squash at one another after a beer party isn't nice. And when the fellows try and make a date with my girl while in their underwear—that's too much. Tell them that the're supposed to wear clothes over those 1905 swim suits, not overcoats. It's just not done.

Robinson Revels

By Arthur C. Arvesen

What the Weekend Brings

It all started on Friday at six o'clock. Last Friday the Robinson Hall Commandos took over the U. S. O. We were amply represented by half of our entire contingent at the semi-monthly Square Dance.

Among the brave boys who volunteered their services were Herby Payne and Tommy Murphy. Then some of the brat floor boys, led by Jolly Johnny Maragiglio, took heart and also entered into the festivities.

John promptly recruited three more couples who were needed to complete his square. The three Robinsons who "happily" consented were "Suave" Sam Simone, "Beautiful" Bill Powell and "Ambidextrous Achtung" Malouf. After they were dragged onto the floor by the "friendly" USO girls, they did a swell job.

To see that all ran smoothly, Mel Croucher, our likeable one striper, was on hand with his current Allen House woman. (We think Huffsmith sent him.)

Our silver voiced tenor, Bob Harrington Erbe, starred at the USO's Hallowe'en party as the vocalist with the "Happy Roving Cowboys" band. He's terrific! Robert proudly reveals that the little woman, Mrs. Eileen is a WAVE (Seaman 2/c at Milledgeville, Ga.)

Champlain Retreat

(*Concluded from page 1*)

In connection with the problem of arousing interest, the professors who try to correlate the textbooks with the present-day conditions were praised. Professor Lindsay was mentioned for his stressing the need of "intellectual curiosity" and for his efforts to make the student *think*. Professor Dykhuizen's classes in philosophy have left a noticeable mark on some individuals, too. Socrates' philosophy was discussed with the Christian philosophy and others.

"It may be that with little groups like this and with new individuals orientated into such a group each time, life may be enriched to the individual and the world benefited."

Coming back to concrete problems, the importance of Chapel services was stressed in the conversation and plans were made to rectify the poor attendance record. It was suggested that the students probably didn't realize just how necessary it is that they set aside a minute portion of the week for meditation.

Improvements for the Y. W. C. A. were talked of, a few of which were: open cabinet meetings to which anyone can come; a coordinating meeting to avoid segregation of the various projects of Y. W. C. A., such as W. S. S. F., G. S. O., community center, etc.; more small group discussions—not composed of the cabinet exclusively; and an endeavor to gain faculty's interest. The most important need of the Y. W. C. A., as the cabinet members saw it, is to relate the service of this organization to the Christian purpose in back of every project.

• • •

Sunday morning, after a few minor necessities such as building the fire and cooking breakfast, and a few minor essential things like Laurel Hansen's wading in the lake by mistake, the discussion group was resumed. Betty Johns, Y. W. C. A. leader for New England, was helpful in directing discussions and contributing information. "Cussie" Gustafson, president, led the discussions and summarized the high points of Saturday evening.

A short worship service was held out-doors by the lake, led by Mary Harmon and "Deedee" Easton.

Those present were Esther Gustafson, Alison (what was your name again?) Carr, Mary "Harmie" Harmon, Phyllis Edgerton, Virginia Benedict, Nancy Hall, Penelope "Deedee" Easton, Kay Doane, Betty Johns, Betty Farnsworth, Margery "Marge" Rubin, and Barbara Powers. At four o'clock Sunday afternoon, the wind-blown group returned once more to Vermont.

Have a Coca-Cola = What's the good word?

. . . or how to get along with folks

Have a "Coke", says the returned soldier and his friendly gesture is understood in Newport or New Zealand, at home or in far-off places. Around the world Coca-Cola stands for *the pause that refreshes*,—has become the gesture of good will, saying *Let's be friends.*

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

4. W. S. S. F. budget: educational and operating expenses	[illegible]
	$1.00

Student Government Notes

October 22, 1943

[illegible] meeting was called to order by [illegible] President at 7:00 [illegible] Wednesday. Dot read all [illegible] and the minutes of the last meeting were [illegible] accepted.

[illegible] reported [illegible] 5:00 p.m. [illegible] the usual appointment time [illegible] Student Service Committee.

[illegible] suggested [illegible] the [illegible] Council and elected [illegible] Cultural Committee and [illegible] other [illegible] the [illegible] to the meetings at 4:15 [illegible] place [illegible] practices.

Judy Bate spoke to the U. V. M. student Government Council and Executive Committee about the having of a [illegible] for the kiss at [illegible] we went after the war. Since the classes of 1944, 1945 and incoming classes won't have any idea of what's going on [illegible] it was suggested that the upper [illegible] start establishing the U. V. M. traditions for them by making a book containing the original actual pictures of each tradition. He proposed that a committee from the classes of 1944, 1945 and 1946 lay the ground work for this. This committee shall consist of

Four members of the class of 1944
Two members of the class of 1945
Two members of the class of 1946

Nominations for this committee will be made at the next meeting of Student Government. Each member will be assigned a certain section of the college year and report on each traditional activity that takes place during that period, so that every thing about each tradition will be known to all incoming classes.

Constance Perkins will report on the petition which was in the Student Lounge, signed by many students. The petition read as follows:

"We, the students, request the use of the Waterman Lounge throughout the entire week end in cooperation with the Army over the weekend."

Beryl Cheney is in charge of [illegible] a short paragraph for the Cynic [illegible] each customs for the new members of Student Government.

Jean Fletcher suggested that the [illegible] both girls and boys [illegible] wearing or carrying something of [illegible] that be distinguished from the [illegible] men.

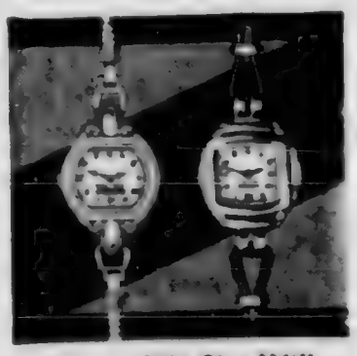
It was decided that if there [illegible] Kake Walk this year it should be [illegible] by the U. V. M. Student [illegible] ment. Peg Palmer is in charge of [illegible] ing out how the Kake Walk [illegible] is chosen.

Jane Fletcher reported that she [illegible] Doctor Marcus about [illegible] different trees on campus. He had suggested several methods. A [illegible] with Mary Harmon as chairman with members chosen by her from students on campus, will talk with Marcus about chosing a method [illegible] the trees.

It was voted that Julia Fletcher and Barbara Hall, President of [illegible] Union, about repealing the smoking in the coffee corner of the Old Mill.

The Student Government Convention will be on December 9.

Margaret Fake reported on the [illegible] system and its changes. It was voted that we accept the changes with the stipulation that the committee for the cutting system see the Dean about an adequate penalty for cutting. It was also voted that an introductory paragraph be included about the uniformity of cutting in all the colleges.



Respectfully submitted,
BARBARA A. BURNHAM
Secretary of Student [illegible]

Mrs. Taylor Speaks At Newman Meeting

Executive Session Held on November 14

Wednesday evening, November 10, Mrs. Zita Taylor of the Vermont Catholic Charities was the guest speaker at the Newman Club's first evening meeting of the semester in the Student Lounge. President Patricia Crowley '44, who presided at the meeting, introduced Mrs. Taylor who spoke on social work.

"To become a social worker one must have a higher motive than self satisfaction in doing something worthwhile," said Mrs. Taylor. It requires a genuine interest in people, their personal lives, and their troubles, for social work aims at helping people lead healthful decent lives, happily adjusted to their environment.

Mrs. Taylor, who received her B.A., at the University of Minnesota and did graduate work at the University of Chicago and Western Reserve, explained the educational requirements for a social worker. These include a college degree with a major in social science, and graduate study with field work in the particular line in which one is interested. She then told of a typical day in her charity work showing many interesting and challenging cases.

After the meeting many of the students volunteered to help Mrs. Taylor at the Orphanage and with Christmas work. She suggested many ways in which the girls can help. Father Cosgrove, new chaplain of the Newman Club, was then introduced to the members whom he had not yet met.

A meeting of the Executive Board of the Newman Club was held in the Religious Life Committee's room on Sunday afternoon, November 14. Father Cosgrove, chaplain of the club, and Miss Nulty, faculty advisor, were present.

Plans were submitted by Patricia McCormack, chairman of the program committee, for the organization of small study groups on "Christian Marriage," which was the first choice of topics to be studied and discussed by these groups this year. There will be a meeting of the discussion leaders with Father Cosgrove next Sunday afternoon.

Tentative plans for the next monthly meeting were also drawn up

It was decided to petition for affiliation with the national organization of Newman Clubs, and a constitution will be submitted to the members for their ratification at an early meeting.

It was voted to donate $10 to the World Student Service Fund

Marjorie Rubin Wins Student Gov't Election

Last Thursday, November 11, on Armistice Day, elections were held for the vice-president and junior members of Student Government. The students elected Marg Rubin as vice-president, and Mary Ashe and Betty Ritchie as junior members.

Prince Loewenstein Speaks at Campus Student Functions

As Early as 1930 He Opposed Hitler Regime And Was Expatriated

Prince Loewenstein is lecturing at our campus from November 4 to November 19 under the auspices of the Carnegie Endowment Fund for International Peace. He has been to about fifty American Colleges and Vermont is the forty-eighth state he has visited. He is very much interested in American college students and greatly enjoys joining in their discussions.

Prince Loewenstein was born at Castle Schoenwoerth in Austrian Tyrol and is of the older branch of the former ruling house of Bavaria. His original field was law and he received his first degree from the University of Hamburg in 1931. He also attended the Universities of Munic, Geneva, and Berlin, and he holds an honorary Dr. of Ld. degree from Hamlene University

Early Anti-Nazis

Prince Loewenstein can claim to be one o fthe earliest Nazi fighters. In May, 1930, an article of his which appeared in a Berlin newspaper warned that if Hitler came to power it would mean another world war. He was leader of the Republican Youth Movement in Berlin and also one of the leaders in the Catholic Youth Movement. He wrote to many of the democratic newspapers of Germany about the Nazi danger, so that it would have been frivolous suicide for him to remain in Germany after Hitler came into power.

When Hitler expatriated the Prince, Czechoslovakia gave him citizenship. He first came to America in 1935, has been here six times since then, and his two children were born in this country. His wife shares his views and is just as militant about them.

Author Also

Prince Loewenstein is the author of many books. *On Borrowed Peace* is autobiographical. *Conquest of the Past* is the first volume of his autobiography, and *After Hitler's Fall* brought about his expatriation. The Prince writes fiction as well. In the October 1 issue of *This Week* appears "Defiance at Dawn" which is based upon facts about the underground movement in Germany by anti-Nazi students. There is also a story of his in the current issue of *Catholic World*

Prince Loewenstein believes that the Nazis have always been a gangster minority ruling by terror, and that after their utter destruction a new democratic republic will rise in Germany

Brownell Mt. Reached By Outing Club Members

Brownell Mountain was the destination of the Sunday Outing Club hike. Daan Zwick and Fran Donahue led the Bee-Line over haystacks and through swamps and they report that there are exactly thirty-one fences between here and there. It seems impossible but of their followers there were only three girls and six fellows. After the six mile hike they built a fire and toasted shoes, hamburgers, muttens, hotdogs and socks. The traditional "nameless brew by Donahue" was served. The Club really outdid itself this week. They enjoyed a good view, good weather, and no major casualties except torn trousers and sore heels. The Club nearly acquired some new members when two affectionate cows followed along until the next fence stopped them.

U. V. M. Students Asked to Scrutinize Cut System

Committee Wants Opinions Expressed Before Faculty Comments on Situation

The Student Government Executive Committee has formulated a cut system for possible use in the three undergraduate colleges. It is presented here for the critical scrutiny of Student Government, i.e. for the scrutiny of all U. V. M. students. We, the Committee, are not completely satisfied with it. It has not been exposed to the faculty at large because more comment from the students is wanted first.

Last spring at the last Student Government Convocation of the year, the question of a cut system was raised. A heated discussion followed, in which no conclusion was reached. The two principal schools of thought on the subject were (1) that cutting should be left to the discretion of the student, inasmuch as he is harming only himself by missing classes and (2) that the number of cuts must be limited, as a protection for freshmen especially. It was almost universally agreed that the present cutting regulations, which vary according to the department and professor, are unsatisfactory from the students' point of view.

The problem of drawing up a workable system was turned over to a committee of three, Margaret Fake '44, Mary Perry '44, and Constance Perkins '46. Their findings we report here.

The current University regulation regarding cutting states that "students are expected to attend all classes." Various departments, such as economics, psychology, and English, have their own cut system, however. In some other courses, cutting is accompanied by an automatic docking of grades. In other courses, no attention is paid to cutting, the emphasis being rather on the student's getting the

(Continued on page 5)

PAN-HELLENIC SET SORORITY DATES

At the recent meeting of Pan-Hellenic Council, the schedule for final Rushing parties was drawn up. The schedule is as follows:

November 26—Kappa Alpha Theta.
November 29—Delta Delta Delta.
November 30—Pi Beta Phi.

Shirley Needham and Lilla Blumberg were placed on the committee for the Pan-Hellenic Dance to be held December 11.

The last Open Houses will be held on November 23

French Club Holds First of Informal Meetings of Year

There was a rather sparse attendance at the French Club's first meeting, November 4. Its membership is open to all those who are interested in French, whether or not those U. V. M. students happen to be enrolled in advance French courses at present. The Club offers to its members an excellent opportunity to acquire a fluent conversational knowledge of the language.

The Club will be very active this year. Plans are now being laid for a Vic Dance to be held in the Student Lounge. Plays will be given throughout the year. During meetings the members will converse, tell stories and jokes, and in general do the best they can through a medium of French. There will be speakers to address the Club, and the sponsor, Doctor Johnson, will informally relate his experiences in French. All the meetings will be conducted in an informal way with the members providing most of the action. As soon as things get under way, the Club will meet in another place than Waterman classrooms.

The next meeting will be on November 18 in Room 165 Waterman Building at 8:00 p.m. The year's plan of action will then go into effect with the reading of a French play.

Lambda Iota Frat Pledges Six Men

Six men of the class of 1947 have been pledged to Lambda Iota Fraternity, the oldest secret society on the campus. The men are: John Adams, Bennington; John Barker, St. Albans; Arthur Bolduc, Swanton, N. H.; Alfred DeMarinis, St. Albans; David Hunter, Dover, N. H.; Melvin McLeod, Melrose, Mass.

In common with many of the other fraternities Lambda Iota entered the present college year with no open house on the campus. This condition was reminiscent of 1836, when thirteen men joined together to form the first fraternity at Vermont and of the Civil War period when only one man remained to carry on.

The present group has been pledged with the purpose of taking an active part in carrying on Vermont activities particularly during the present period when much of the men's program has been curtailed.

Staff and Sandal Start Drive Friday

Blood Plasma Bank Contributors Wanted

Previous publicity in this newspaper for the Blood Plasma Bank intimated that the drive for contributors would be conducted in the near future. U. V. M., the time has come, for the long awaited drive is to take place on Friday, November 19 to enlist your services in the Army of Blood Donors. Members of Staff and Sandal will be in the Main Entrance of the Waterman Building all day Friday, and with posters and other eye-catching publicity, the campus cannot fail to support the movement enthusiastically.

Thursday afternoon at 4.15, Staff and Sandal representatives will be given a few minutes to inform the Hygiene class, comprised of Freshman women and transfers, concerning the Blood Bank. The girls will be instructed as to how to fill out permission slips, and other details will be reviewed. These permission slips and application blanks will be on the counters in the Book Store this week.

It is very probable that those persons who volunteer their services in the coming drive will not be called upon in the near future, as there are several students who signed up last year that have yet to be called upon. Therefore, it is requested also that those students who signed up last year but failed to send home their permission slips, stop by the Recruiting Table on Friday and procure those slips and this time—send them home!

Remember! You don't need money—just the will and courage to give your blood. Make this drive go over the top—EVERYBODY!

Fein Points...

By PHYLLIS FEIN

The most distant comment on this feeble attempt at a column came in a V-letter some remarks—it was from Jay Levin, a U. V. M. student here before most of you [illegible] a Tech Sergeant over [illegible]

[illegible] to mention another of the [illegible] Dan Dugan, Dan entered [illegible] as the wife of Wendell Eaton [illegible] now studying aerial gunnery at Harlingen, Texas. The best of luck [illegible]

Ogie Ogram [illegible] Lee Lowe's Americans [illegible] as an instructor. He was SAP [illegible] and a lot of excitement [illegible]. When last seen he was on the ole steps with his sister-in-law Lou, kissed under every [illegible]

Sally Rehm of the WAVES has completed boot training at Hunter College, and is now stationed at the Brooklyn Navy Hospital. Will announce even better news in the very near future, as soon as it is written. Our other Navy Kake Walk Queen, Ginny Galbreath, still sports suit and spends some time each week in Burlington doing recruiting.

Hey Hey and Hush Hush: Marshall Prouty and Helen Terry have written to report on their present whereabouts and activities. Marshall is working as a copy girl for the New York *Herald Tribune* and Helen is working in a large New York insurance company.

Latest news from Jeanne Ball is that she is studying at the University of Maryland in Baltimore and enjoying it—probably soaking patiently for January to arrive. Yes, that's what they said [illegible]

In recent issue of the *Press News* a picture which bore two smiling faces—those of Lieutenant Grimes and Janet Rose adorning their new baby Cherrill. Cliff is in the Marine Air Corps. Are enjoying a leave after overseas service and we wonder that he sees enough among his daughter [illegible] first year.

• • •

Paul Pellgrew '42, first lieutenant in the paratrooper corps, wrote up a change of address for his subscription. He's now at Fort Warren, Wyoming.

Inquiries came directly and through a conference in the doings of two New Jersey Connecticut lads now wearing O.D. instead of green and gold. Hy Ginsburg '42 at the University of Pittsburg studying Russian under the A.S.T.P. Al Pearl is doing as his part of getting good, sound, essential basic training at Camp Barkeley having returning to medical school next in the Master Division. So the rumor goes that "Doc" is so good [illegible] running time [illegible] to say patiently [illegible] glad to pass.

Upon perusing your engagement data from the Army camps telling about [illegible] who have reached there [illegible] the biggest goings-on now at Maxwell Field, Ala., receiving Pvt. Dwight Gunning. Among them are George Hatt, Morgan Brewer, Lew Cushing, [illegible] Paul Fraser, Stuart Frost, [illegible] Lucas, Paul Robert Eastman, Gardner Grout, Frank Estes, Bob [illegible], Dwight Harris, Leonard Lear, [illegible] Lovell, Phil McGaughey, Willard Nye, Long Nolan, [illegible] Sculp[illegible] were awarded among other things. Harold Jones, Dick Calhoun and Curtis Wolcott [illegible]

With many more of the gals [illegible] Pvt. Dwight Gunning [illegible] Army's Technical Training Command, Yours truly [illegible] Technical Training at Scott Field, Ill. [illegible] Lt. Jack Gardner at Lowry Field, Colo. [illegible] Pvt. Ian Ross at Maxwell Field, Ala. [illegible] Pvt. Jim Gilman at Miami Beach, Fla. [illegible] Pvt. Jack Gardner at Lowry Field, Colo. [illegible] Pvt. Ian Ross at Maxwell Field, Ala. [illegible] Pvt. Jim Gilman at Miami Beach, Fla. [illegible]

At a recent meeting the University Council took the following action:

1. Saturday, February 26, 1944, the date on which Kake Walk will be held, will be a holiday in the three academic colleges.

2. Monday, May 1, 1944, was designated as Founder's Day and will be celebrated by a special Convocation.

3. Commencement following the close of the Spring Term will be held Sunday, May 28, 1944. Friday, May 26, will be Class Day and Saturday, May 27, Alumni Day.

E. SWIFT, *Secretary*.

The first meeting of the John Dewey Philosophy-Psychology Club will be held on Thursday evening, November 18, at 8 o'clock, in the East Lounge, Third Floor, Waterman. All students of psychology or philosophy, all other students who are interested, as well as the members of the club are urged to attend. Prince von Löwenstein, the speaker of the evening, has chosen for his topic, "A Good Word for Hegel."

Thanksgiving Day, Thursday, November 25, 1943, is a University holiday. No classes will be held on that day.

Classes on Wednesday, November 24, and Friday, November 26, the days immediately preceding and following this holiday, will be held as usual—there will be no change in hours of meeting classes.

According to University regulations students *must* attend classes on the day immediately preceding and the day immediately following a University holiday. Violation of this rule may be punished by probation.

The Council voted that the Deans should be instructed to issue *no* excuses for either Wednesday or Friday of Thanksgiving week.

E. SWIFT, *Secretary*.

To the Editor of the CYNIC:

[illegible] many people are saying [illegible] feel snowed under this year, don't [illegible] My answer is yes "I do feel [illegible] unless I fight and fight to [illegible] don't."

What is it that we are doing at [illegible] Why must we "save" all the [illegible] activities and add to their [illegible] activities? Why are there so many [illegible] that none of them can be the [illegible] of a whole mind? Why, when we [illegible] at one must we feel that it is time [illegible] from another? - Why must we [illegible] hundred distractions in order to [illegible]

For all the things it is wise to do [illegible] are people of an intelligence level [illegible] them. Each person should do the [illegible] it takes every corner of his brain [illegible] Each person should be doing the [illegible] which he can put his whole self [illegible]

If he is utterly divided he is [illegible] (1) his country—for he is not giving his best; (2) a fellow man who might [illegible] his best and greatest satisfaction in [illegible] the job he is half-heartedly doing [illegible] himself—for he is not making each [illegible] ment of his life worthwhile.

A SENIOR STU[illegible]

TELEPHONE lines from poles to homes take a terrific beating from old man weather. And with wire for replacements drafted for military use, existing lines must be kept in good condition.

Asphalt coating applied in time keeps out moisture, chief trouble maker on telephone lines. Without lowering the wires, this trolley painter speeds the coating — helps recondition 50 lines a day.

This simple "stitch in time" helps keep communications open to the homes of America — and saves critical materials for vital war weapons.

War calls keep Long Distance lines busy ... That's why your call may be delayed.

Rabbi Ende Speaker At Chapel Service

Rabbi Ende of the Hillel Foundation was the speaker at Chapel service on November 9. His topic was entitled "Walking Hand-in-Hand Towards Destiny." He stated that every individual has a rendezvous with destiny and that it is up to the individual to see his duty to win not only the war, but the peace to follow it. In closing, Rabbi Ende said the security of the world of tomorrow depends upon the little things that are done in every-day life and not just the outstanding achievements.

Home Management Girls Clean House

Students Lead Life of Toil for Seven Weeks

Vacuum cleaners were buzzing and girls were busy dusting at the Home Management House, Saturday, as the girls were preparing to get ready for the new group. Every senior in the Home Economics Department is required to spend seven weeks at the Home Management House. Here the girls are trained in the ways of housekeeping. They do their own cleaning, cooking, washing and everything else that makes a good housekeeper. Through a system of rotation each girl lends her hand at the different tasks—financier, chief cook, and other household tasks. The ingenuity of the girls has led to many improvements in the house. A spare room has been made into a living room, the cellar has been converted into a lovely recreation room.

Many social events have been held in the house this year. Dean and Mrs. Carrigan, and Miss Burgeson, new member of the Home Ec. Department were entertained one night. The freshman class in Home Ec. were served dessert and sang songs at the beginning of the semester. At the dinner the girls gave for the Air Corps, the Cadets lent a helping hand by washing the dishes. Last Saturday these hostesses entertained the A.S.T.P. A good time was had by all.

Members of the outgoing group are Hazel Butterfield, Dorothy Collins, Ruth Gorman, Alice Ryan, Eunice Watts, Penelope Easton, Janet Anderson and Judith Issacs.

The new group include Norma Charest, Myra Gray, Rosemary Hughes, Iona Lacey, Jane McAuliffe, Marion Finn, Erika Heininger and Alma Gaylord.

Action Taken on Students' Lounge

Action has been taken by the Student Government Executive Council on the petition submitted to it concerning earlier opening of the Student Lounge in the morning, and the possibility of having another lounge exclusively for the use of University students and open at all times. The poor lighting in the library has also been taken up with the authorities.

The first matter was taken up with Mr Kingsley, supervisor of the Building, who stated that the lounge was open at 8 a.m. except under unusual circumstances when he might not unlock it till 8.45. If the door is found locked at any time in the morning later than this, the explanation is that some student has gone in and shut the door behind him. Mr. Kingsley is always willing to unlock the doors should they be locked. He may almost always be found in his office, First Floor Waterman, next to the Registrar's Office. His office door is always open.

Concerning the availability of another lounge, there is no other room at present. However, in the near future, when we may be less cramped for space, this too will be taken care of.

The lighting system in the Library was installed in the early part of the century when lighting as we know it today was unknown. Larger watt bulbs will overload the wires. A complete new installation will be necessary to improve the the illumination to any marked degree, and this is impossible at present.

The Tulane-Newcomb a capella choir is one of the most widely known musical organizations in America.

Y.W.C.A. Committee One Year Old Now

Stimulate Religious Life Among Students

By Lamprey Morrison

A year ago the Y. W. C. A. Committee on Religious Life was a new, toddling infant attempting to take a place in the sun, arranging the many activities on campus. Under the leadership of Penelope (Deedee) Easton, the committee grew in stature, and achievements until today when it begins its second year is an important part of the Y. W. C. A. program.

The committee owes much of its inspiration to Mr. Hall who is always ready if the Religious Life office to talk over a problem or to offer a suggestion. To him goes much credit for making the committee feel a permanent place in active campus functions.

"Religious Life Committee is not at all what some students think," said Penelope Easton. "It's not a stuffy organization of prudish people who have old-fashioned ideas. It's made up of some of the most active girls on campus who care about people and want to see more understanding and cooperation among the different religions. It's always open to new ideas and new members. We are always glad to help whomever and wherever we can."

Committee's Work

Begun last year and continued throughout the present term of college is the regular issuance of "Chapel Chimes," the religious news sheet which gives the news of the activities of the three faiths and announces all coming events of religious interest. This semester Kay Doane is editor, assisted by committee members.

Another function of the group is the participations in deputations which are held during the year. Members of the committee take turns in preparing sermons and assisting the pastors of different churches near Burlington, or presenting an entire service during a minister's absence.

Brotherhood week, striving for a deeper understanding and cooperation among the faiths, was held last pear, and it is Deedee's dream to see it repeated in the coming February. Speakers from the Hebrew, Catholic and Protestant Churches join in a three-fold convocation, and study groups and separate study groups and meetings are held. The attention of all campus is drawn during this week, which works toward a closer interfaith development.

Glamorous Sidelights

Concerning the more glamorous side of the activities, there are the conferences which always draw delegates from the University. Springfield Leadership Conference has been attended by girls from our committee on Religious Life, while Esther Gustafson and Alison Carr have carried the spirit of U. V. M. to the Northfield Conference a year ago. At these conferences, the girls always have a wonderful time, and return filled with fine, deep thoughts to share with their fellow committee members.

Nancy Hall, Deedee's assistant in the leadership of the committee, has begun holding daily noontime devotions for all who wish to pause for a few minutes with the secret things deep in their hearts. The devotions are held in the third-floor lounge of Waterman, following fourth hour classes. The time is devoted to silent prayer or to reading of favorite poems or quotations.

Future Activities

At the Committee meeting held last week, Rose Eisman was appointed chairman of a committee to discover ways and means [illegible] while Beryl Cheney became leader of a committee to begin arrangements for con-

struction of a small devotional room in the basement of the Chapel. Beryl's assistants will be Lois Stevens and Barbara Morgan.

As a closing aspiration, the members plan to hold study groups and open discussions on racial and religious questions one night a month. The first meeting will be held in December and the question for discussion will be "The Negro Problem in the North."

President and Mrs. Millis Hold Faculty Tea Sunday

President and Mrs. Millis received members of the U. V. M. faculty at their home on Sunday afternoon, November 14. Many new members of the faculty were present, as well as the husbands for those who are married, and others of the University. The tea was held at the Lyon Club of 47 Pearl Street, and a pleasant evening was enjoyed.

Dean Carrigan and other members of the faculty poured.

Decision Debate Held at Waterman

Last Wednesday evening at 7:15 the Women's Lounge of the Waterman Building was the scene of the very interesting meeting of the Debating Club. Discussion Pearl Woodard opened the meeting by introducing Mr. M. D. Powers who first said a few words about Tau Kappa Alpha, the national debating society of which Mr. Powers and Professors Dean and Prindle are charter members. This society stands for excellence and achievement in public speaking and debating (that is, forensics in general).

For membership five points must be obtained plus good scholarship and participation by the faculty. The five points are:

1. Three Intercollegiate Debates.
2. One Intramural Debate.
3. One Prize Speaking Contest.

Mr. Powers also stated that the University of Maine, Dartmouth and Middlebury have invited us to debate against them.

Following Mr. Powers' speech a debate was presented. The topic was Resolved, That the United States should cooperate in establishing and maintaining a police force upon the defeat of the Axis. The participants Stella Bloomberg and Shirley Harris for the affirmative and Lilla Blumberg for the negative. The decision of the judges was in favor of the negative.

Following the debate there was an open discussion from the floor and refreshments of cider and doughnuts were served.

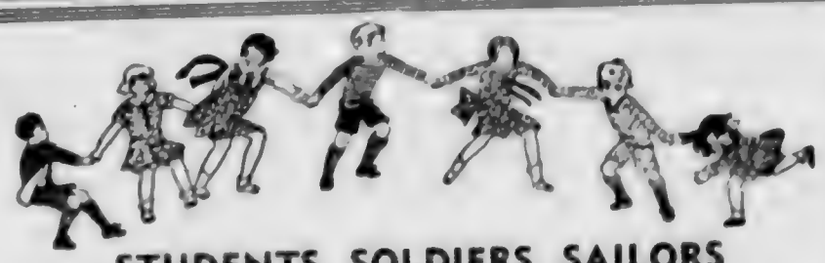
Audience Acclaims Faculty Recital Given at Chapel

[illegible] November 11 a large audience assembled in Ira Allen Chapel to hear the Mt. Mansfield Association recital by Paul Diamond, pianist. The concert was held in the Ira Allen Chapel [illegible] students and townspeople.

Mr. Diamond is engaged by Professor Lawrence to play with Jacques Gordon, Friedman and Menuhin. A most interesting combination. As is usual with [illegible] the pianist the entire concert [illegible] Le Velate Trio Concerto in D Major. Le Menuet [illegible] the "Allegro" Andante cantabile and Rondo-ma Andante presto" movements [illegible] the most part of the program Mr. Anselmo played more complicated selections of each movement.

After a short intermission came the [illegible] of the evening's program to which both Mr. Anselmo and Professor Lawrence [illegible] The three movements "Grave ma sostenuto" "Adagio" and "Allegro molto vivace" of the "Sonata in G Major, Opus 78 by Brahms were brilliantly executed. Probably the most important number on the program was Debussy's Prelude "Danse de Puck in E Minor." Mr. Anselmo then played the swift paced and difficult Caprice No. 24 by Paganini. He was unaccompanied in this last composition.

A burst of applause brought Mr Anselmo and Professor Lawrence back for an encore. They played the beautiful "Romance" from Wieniawski's second Concerto.



W.S.S.F. Climaxes Week With Vic Dance Saturday

Climaxing a week of vigorous campaigning, W.S.S.F. sponsored a Vic Dance Saturday night in the Student Lounge. Notable among the guests were the two figures from either side of the front Waterman door, who spent the evening leaning against the mantel.

Strangers at the dance included three R. C. A. F. fliers together with the more familiar faces of Fred Boardman and Bob Lockwood. Refreshments consisting of cider and doughnuts were sold. Professor and Mrs. Hall were the chaperones.

Which Column D'ya Read

According to Southwick's columnist, who wishes to remain brainless, the new detachment orchestra consists mainly of Lewenaur, Lewenaur, and his piano. All organized by Lewenaur. Bob's a good piano player, even if he is from Southwick, but the orchestra can hardly be called "Lewenaur Mob," as a matter of fact Bob can't even read music. The band was born in Converse's South Basement and made a false start over a month ago. After this abortive attempt to rally talent from the other halls, Converse's Jam Club retired to the basement again and re-emerged two weeks ago as a full fledged 11 piece orchestra. The full story will be found elsewhere on the Army page but Southwick ought to think twice before committing libel again.

Trivista

The maternity of Converse's parade squadron was well on its way to winning the parade last week when the squadron commander waved to his girl friend instead of saluting. Anyway, the middle wing went so all was well.

Converse's three man expedition to climb Mount Mansfield, Law, Bartimus, and Lerner, fought their way through a raging blizzard to reach the crest last Sunday. The boys were pursued by rabbits all the way down but managed to get back safely. They're now lobbying for a Converse Ski Club. This might not be such a bad idea now that the detachment has interested all at Fort Ethan Allen's ski enrollment.

[illegible] out. With nervous misgivings [illegible] will come of it all you give the [illegible] hop out and follow the rest [illegible] out. You think almost [illegible] I am in a plane for the first [illegible] up til now" young Ite, and [illegible] already." You are now [illegible] a take-off and the instructor [illegible] take-off and you follow not [illegible] sight you are more than glad [illegible] speed over the bumpy ground and realize that you are no longer [illegible] along but riding smoothly through [illegible] You concentrate on the altimeter [illegible] planes ahead and try not to [illegible] rapidly departing terra firma [illegible] reaching 500 feet the instructor [illegible] and follows the leading ship [illegible] traffic pattern.

Nine big flying days follow in succession—days in which you learn [illegible] visions of wings—small gunners and [illegible] big silver ones. Your spirits rise [illegible] with the inflection of the instructor [illegible] You realize this is certainly one way to [illegible] Johnny not to get Zeros. The boys might call you a "hot pilot" but you know you how frigid a hot pilot you really are.

You fly your rectangle, which [illegible] outskirts of neighboring Essex [illegible] and in the ensuing three weeks [illegible] you learn to know every fence [illegible] knothole in every building in the [illegible] yet when the instructor cuts the [illegible] and yells "forced landing" your mind [illegible] blank. You frantically scan the [illegible] and head the ship upwind hoping [illegible] a large open field. None appears. [illegible] the third frantic appeal of the instructor as to where you are going to land [illegible] point to the first field in view and [illegible] toward it hopefully. There's nothing wrong with the field you picked [illegible] you couldn't possibly land in it so the instructor promptly shows you a made-to-order landing field just under your left wing. Oh how miserable! Every [illegible] ing you make, although you are [illegible] equipped with two wings and a good motor, is accompanied by a fervent prayer as you attempt to bring you "Joe" [illegible] in one piece.

As you gain confidence in your [illegible] and your instructor's flying ability, [illegible] tempt to catch a view of the fabulous Vermont scenery, or to watch the [illegible] tended columns of paratroopers marching in single file on both sides of a [illegible] country road, and you think of the days when you were marching along [illegible] ing if and when you would ever be [illegible] there." A sudden turn by the instructor snaps you out of your reverie and you find the altimeter has dropped 100 feet, and the wind has drifted you a half mile off your course. This fact is impressed upon you by the man in the back seat who tells you how good a flyer you will never be.

As you walk off the field after your final hour you realize how very much you have to learn about flying. You no longer resent the instructor's curt criticisms or caustic comments, but rather feel grateful to him for what he has taught you in the brief ten hours.

Aviation has a wonderful future before it and you are a part of aviation. What indeed is a wonderful future.

Ducks Don't Duck Hunters

By J. Schoener

[illegible] Carl Ramsay, Bob Knapp and Rex [illegible] the hunters of great fame and [illegible] are back in the news once more. The quartets left their nice warm beds at the devilish hour of 0400 on Columbus morning. Following a long trek out to the lake, they situated themselves most advantageously in regard to the ducks, but their own comfort was another matter. With the aid of some excellent decoys and most accurate shooting [illegible] the day amounted to [illegible] ducks. The boys are entertaining at a duck dinner we understand it is going to be a truly oriental social occasion.

A notable change in the marching habits of the freshmen is greatly appreciated by all concerned. Everyone became acutely aware the other morning when the cadence first became audible as the marching freshmen were seen to close ranks on Prospect Street. Dick Dannenmaier's yells from Buffalo thank us guys very well. We needed Dick as he was around in that lovely Buick Schoener's wife and sister-in-law, Lorraine Carlsen, visited last week. His mother and dad came up the following week. Bill Klein is running a close race with "Smilin' Irish Eyes." Both of them welcomed their wives to Burlington once more.

We hope Dan Schwester's wife will hear about that lovely girl he squired last week end. What's that please? You say that girl is his wife? Oh that lucky dog!

Joe Ogmbene has worn his brown down completely. Seems as though he never read the student regulations and is a secret custom to him. Joe says, "Something will have to be done." We believe he will do it too. He will probably be [illegible] with fame as "Joe Tours Ogmbene."

Redstone third floor is still awaiting with baited breath for the next recipient of the "Ugah Beavah Society." General Bill Pfitzenmayer holds the first certificate of membership. Officers are: Meinken, president; Sagan, vice president; Ruggeri, secretary.

Classical Club Meets

Professor and Mrs. Prindle were hosts to the Classical Club on Friday evening, November 12. Patricia McCormack, vice-president presided in the absence of Rosemary Warren, who was ill. Professor Prindle was guest speaker. His topic was "The Decline of the Classics." He attributed this to the rise of the Romantic Period. He used Homer and Shelley and gave examples of the differences in the poetry of the periods. Refreshments were served by Mrs. Prindle and the meeting was concluded with Latin songs.

KAPPA THETA HAS SUPPER FOR FUND

Last Sunday night, November 14, Kappa Alpha Theta gave a Melting Pot Supper for the benefit of the World Student Service Fund.

The Theta house was decorated in red and blue, with candles, posters, foreign dolls and flags to add to the atmosphere.

The menu included Chinese Chop Suey, Italian Macaroni, tossed salad, New England apple sauce with ginger bread, and Jersey milk.

About 100 people attended the supper. As well as guests from the campus proper, there were also present Dean Simpson, a number of professors and their wives, Prince Lowenstein, Mr. Avery Hall, and a number of Air Cadets.

After the serving was over everyone took part in an impromptu sing.

Uniform Cutting System Hoped for

(Concluded from page 1)

work done, whether in or outside of class.

To establish uniformity of cutting regulations in all courses, a system must be devised which will satisfy both students and faculty and which will not require too much machinery for efficient operation. The penalty for overcutting must be meaningful, yet fair to all students. The system drawn up by the committee and accepted in spirit at least by the Executive Committee is printed below. The section on penalties is blank at present, but suggestions are in order.

Comments and suggestions from the student body are desired, particularly regarding penalty; but an expression of opinion on the system itself is desirable anyway. Send all communications regarding the system to Margaret Fake, Care VERMONT CYNIC, or leave them in her box in the CYNIC Office, North College, Old Mill, as soon as possible.

PROPOSED CUT SYSTEM

I. *Definition*
- A. A cut shall be defined as an unexcused absence from a scheduled meeting of an academic class.
- B. "Sanctioned" absences shall be considered cuts.

II. *Purpose of System*
- A. The purpose of the cut system shall be to establish uniform treatment of the cutting problem in the three undergraduate colleges.
- B. The system is intended to benefit the students by limiting the number of cuts allowed per student per course. Since cutting results in a lowering of grades anyway the penalty for overcutting shall not be academic, but shall be dictated by the Dean's Office.*

III. *Cut Allotment According to Class*
- A. Freshmen will be allowed one cut per course per semester, and if they attain an average of 85 or better in their first semester's work, will be allowed cuts according to the number of credit hours in each course for the second semester.
- B. Sophomores will be allowed cuts according to the number of credit hours in each course.
- C. Juniors will be allowed one extra cut above the sophomore allotment in each course.
- D. Seniors will be allowed two extra cuts over the sophomore allotment in each course.

IV. *Modification of Cut Allotments*
- A. Students under warning or failing in a course shall be allowed no cuts in that course. A student who cuts while he falls in this category is liable to the penalty for overcutting.
- B. All students on Dean's List for one semester (not considering first semester of Freshman year) will receive one more than the number of cuts allowed to members of their class in the following semester.
- C. For seniors, this rule (B) will be modified to mean unlimited cuts for all those who have a general average of 85 or better for their first three years. They must maintain this 85 average during their senior year, or they will lose the privilege.

V. *Penalties*

See suggestions below.

VI. *Right of Appeal*

In special cases a student may appeal his sentence. The appeal must be made to the Faculty-Student Council within one week after sentence is pronounced.

***Penalties considered have been:**

1. Social probation for a specified length of time. This means that the student cannot belong to any clubs or organizations, nor get scholarship aid. (It does *not* mean loss of social evenings for women students.) OR
2. A warning from the Dean's Office at the first overcut, and on the second offense, refusal to let the student take the exam in the course, thus denying him credit for the course. OR
3. This penalty involves a whole new system, based on "grade-point" deductions for every cut. According to this system, a student needs for graduation 120 semester hours plus a specified number of "grade-points," as yet undecided, but probably about 90. These grade-points are figured on a basis of 3 for every semester hour of A, 2 for B, 1 for C, and no grade-points at all for D. Under this system there would be no basic allotment of cuts, but one-half a grade-point would be deducted for every cut. Thus, a good student could afford to cut more than a mediocre student. A provision might be made that freshmen have no cuts at all.

Here we have the beginnings of a cut system. We, the Executive Committee of U. V. M. Students, are throwing it open to you, U. V. M. Students. Your suggestions will govern our actions, so please get them to Margaret Fake at the Cynic Office right away.

ATTENTION

Freshmen and eligible transfers Tuesday night, November 16 was not the last Open House, as was incorrectly stated in last week's CYNIC. The last sorority open house will be next Tuesday night, November 23. At that time you may visit any sorority or sororities that you wish to.

ITA CASEY,
President of Pan Hellenic

V.C.A. Reorganizes; B. Birchard, Pres.

The V. C. A., Vermont Christian Association for men has been organized this fall, by an enthusiastic group of Vermont men, under the direction of Professor Hall. President Millis backs them wholeheartedly in their effort to maintain this group.

Bill Birchard, one of the second semester freshmen in the pre-medical course, is the president. Howard Jones is the vice-president, and Kenneth Gibson is secretary-treasurer. There are, at present, about twelve members and they are campaigning for larger membership.

* * *

The activities of V. C. A. have already begun. Helping in the W. S. S. F. campaign was the first. Also, in collaboration with the Y. W. C. A., a small chapel within Ira Allen Chapel is to be made.

At a recent meeting, President Millis spoke. He announced that there would be a room in Waterman Building set aside for the civilian men on campus. The suggestion was made also, for evening athletic tournaments—volleyball or basketball and any other sports possible. The teams might possibly be faculty against students.

The different committee chairmen are: Deputation, Hugh Garton; Worship, Howard Jones; Social Action, Neil Frink; Program, Paul Heinnger; Service, Eugene Palmer, and Study Club, Stanley Burns.

On Sunday, November 14, Hugh Garton, Ione Lacey, and Clara White, went on a deputation to Monkton Ridge. They assisted Everett Shillings, a former Middlebury College professor, in the church service there.

I.R.C. Will Discuss Conference Tonight

I. R. C. meeting Wednesday evening at 7:15 in Room 140, Waterman Building. Conference reports will be given and the club will attend Prince Loewenstein's lecture.

Sorority Notes . . .

ALPHA CHI OMEGA

The Alpha Chi party took the form of a friendly tavern with all rooms decorated in true tavern style. Rosamund Hughes, the bartender, seeing that every one got her share of root beer, orange pop, pretzels and popcorn. The floorshow consisted of a dance—the Can Can—given by Dot Loughery, Janice Berry, Mary Ashe and Barbara Hall.

ALPHA XI DELTA

A very amusing freshman-sophomore-junior-senior skit was given entitled "How to Study" or perhaps "How *Not* to Study." Several games were played along with lively relay races. Refreshments of cup cakes and cocoa were served while everyone sang.

DELTA PHI EPSILON

The "D. Phi E.'s" party was a tea dance to which air cadets, ASTP men and medical students were invited. The dance was held in the third floor student lounge with a Vic providing the music. Professor and Mrs. Bailer attended as chaperones. There were refreshments of cup cakes and punch.

PI BETA PHI

The Pi Phis entertained in "Gay Nineties" Style. "Jackie" McCormick tended the bar and Nancy Dockstader played the barmaid. Tables were arranged around the room giving all the effect of a barroom. Old-fashioned games were played such as "charades." There were peanuts, pretzels and ice cream and root beer.

TAU LAMBDA MU

In the cellar of Mrs. Machanic's home the girls held a seance. The whole party was held in darkness, the only light being a candle in the middle of the room. Everyone sat around a table to have her future foretold by Bernice Lieberman who acted as medium. Refershments of chocolate cookies and coco-cola, suggesting darkness.. were served.

SIGMA GAMMA

The Sigma Gammas took their girls on an Indian Snake Party. A trail of make an Indian Snake Party. Behind the house there was a big bonfire blazing. After playing games and having a three-legged race, the girls went into the house for cocoa and hot-buttered Johnnybread.

Sigma Gamma announces the pledging of Beth Noble, '45, Mary Thornton, Julia Field, and Marietta Churchill of the class of '46.

DELTA DELTA DELTA

The Tri Delt house was converted into Mother Gooseland with Anne Hoos taking the part of old Mother Goose. The guests tried their luck at guessing the Mother Goose characters portrayed by the Tri Delts. Kid games were played with prizes of lollypops for the winners and forfeits for the losers. Ice cream, ginger ale and animal crackers were served.

The first of a series of Sunday night suppers was held at the house this week. A special guest at this informal gathering was Chris Harmon, a Tri Delt from Missouri State now employed at the airport.

Jack Thompson visited Shirley the week-end and tasted the products of her culinary art when she and Myra Gray prepared a steak dinner for him and Clark. The boys heartily recommend Home Ec students as a prerequisite to pleasant Sunday entertainment.

Carol Brehmer returned exhausted from a scintillating weekend spent at Dartmouth.

Betty Hawkinson and Joan Eldredge '44 passed the weekend in Waterbury.

Mrs. Adele Brush of St. Albans, who has been our housemother for the month of October, left Monday morning for her home. We have enjoyed having her with us, and appreciate her many kindnesses.

We extend a hearty welcome to our new housemother, Mrs. C. W. Hendley.

Shirley Thompson spent the week-end with Dick in Concord, N. H.

Joyce Byington spent Sunday in Charlotte in anticipation of her coming birthday.

Also week-ending at home were Betty Hawkinson in St. Johnsbury and Carol Brahmer in Rutland.

Myra Gray is the latest Tri Delt pinned. She now wears a Sigma Chi pin, bestowed by Als Clark Kolp. Congratulations and best wishes!

Recent visitors to the house were Jeene Agard Bisaccia '42 and June Ntylor Stata '43.

Jean Brehmer '40 stopped Saturday on her way home from Montpelier, where she teaches in the High School.

Those hardy outdoor girls who resolved to sleep on the porch all winter have withdrawn their resolution. It's a whole lot easier to make first-hour class these cold mornings, they declare.

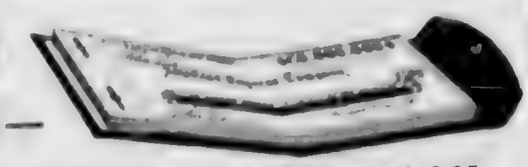
KAPPA ALPHA THETA

The Thetas entertained on Saturday in a thoroughly unusual manner. The house was decorated with numerous posters, a seat hung from the ceiling, a black monkey, and Harriet Bristol in her grandfather's raccoon coat.

A scavenger hunt was then held. It was followed by an experience in creative art during which six groups participated in artistic endeavors that resulted in odd little animals and a wedding done in chewing gum, raisins, striped tissue paper, and the last pipe cleaners in Burlington.

The refreshments were ice cream, pretzels, and sweet pickles.

Another Theta wedding on October 30 when Anne Hale Bottomley '42 and Lieut. Lee Whitcomb were married in Washington.



Alice Flemming cleaned her room Sunday morning. The room suffered a shock but is much improved. P.S.—Alice did it alone. P.P.S. Gert, where were you?

Ruthie Carlson Don and son Rickie visited the house recently.

Kay Brown's bike was stolen off the front porch last week, and she had just about completed a course in camouflage so that she could recognize it when it went rolling by in polka dots someday, when the police called and said it had been located. We're glad, but we're also wondering if it's going to continue to occupy its present garage behind the living room couch.

A WINTER WONDERLAND

Public Addresses To Be Sponsored I.R.C. Announces

The I. R. C. held a short business meeting on Wednesday night at 7.15 p.m. in Room 140, Waterman Building. The Convention reports were given. Shirley Harris gave a brief résumé of Dr. Wilson Leon Godshall's talk on "Can We Win the War in the Pacific?" Doctor Godshall came to U. V. M. from Leheigh University for the Convention. The speech by Dr. Pitman V. Potter of Oberlin College on "The Necessities of the Present Hour" was summarized by Gertrude Sherman. Jean Davison gave the treasurer's report. It was voted that the money remaining from the Convention be given to W. S. S. F.

At this meeting it was decided that there would be four large meetings this year. Well-known outside speakers will be asked to address the Club and all others who are interested. The meetings will be held in Memorial Auditorium and everyone except U. V. M. students will be charged admission.

The International Relations Club wishes to express its gratitude and thanks to all those who gave so freely of their time to help make the Convention a success, and also to those who were just interested spectators.

Canterbury Meeting

Call for those interested in Canterbury Club. This Sunday, November 28, at 4.30 p.m., the weekly meeting will be held at All Saints Chapel on South Willard Street. The service is to be conducted by members of the Club. The speaker is to be the Rev. Burket Kniveton. EVERYONE is invited to attend.

STAFF AND SANDAL MUSIC HOUR HELD

An audience of U. V. M. music lovers enjoyed by medium of transcription, an hour of the world's finest music performed by the world's finest artists last Friday afternoon in the Waterman third floor lounge. Included in this first of a series of musical hours to be held every Friday afternoon at 5.15 p.m. by Staff and Sandal, were such well known works as Gershwin's "Rhapsody in Blue," the first movement of Tschaikowski's Sixth Symphony, "Pathetique," the overture to "Tannhauser" by Wagner and "Pomp and Circumstance" by Elgar.

13 Dawn Climbers Hike to Mountain

Lake Jaunts Planned; Overnight Hike Coming

The Outing Club is as active this year as ever in spite of the difficulties of transportation. The seasoned Outing Club members as well as freshmen and Army students have discovered that there are many beautiful and interesting spots to hike to on Lake Champlain. In fact they were seen going past Red Stone campus two Sundays ago on the double quick. They were off to Cleve Denton's cabin on Shelburne Bay.

But the Outing Club does not intend to neglect the mountains—as proof of this thirteen ambitious hikers set out for Camel's Hump last Sunday morning at 7:00 while it was still dark. They took the skyline trail to the top of the Hump. It was beautiful and it was long. They enjoyed rowing across the Winooski River as well, since there is an absence of bridges in those parts.

The council is busy planning future activities. Plans are brewing for an overnight hike to Bolton Mountain or Camel's Hump. It was hoped that it could take place last week-end, but the council decided to give members of the I.R.C. a chance to rest up, and so it may take place this coming week-end.

Air Crew and A.S.T.P. students that have any excess pep are cordially invited to join in the Outing Club activities.

Rev. E. Treat Speaks On Faith at Chapel

At the Chapel service of November 16, Rev. Edward Treat of the Waterbury Congregational Church spoke on the topic of whether one religion is as good as another. He commented upon the fact that most Americans are tolerant of each other's religion as long as they live up to it.

He emphasized that individual happiness should be so expressed that it blends with society. The Golden Rule "Do unto others as you would have others do unto you" must be put into effect if we are to live in harmony with our friends, neighbors and the world.

We as a country should seek the good points of other nations and work on a brotherhood basis with them.

135 Blood Donors' Aid Is Accepted; More to Volunteer

The results of signing up for Blood Plasma Day are particularly favorable this year. Among the 135 students who have promised to give blood forty have been discovered to be freshmen. Since there is just one processing laboratory in the State, the time for receiving the blood donors will be very greatly extended. Starting with the senior, a few will be taken at a time until finally the last freshman has been received. Therefore some students will have a long wait until their turn. For those who may still be interested in donating blood and who have not as yet signed up, they will find permission slips in the Dean's office. The ones who still have their permission slips should turn them into the Dean's office as soon as possible.

Professor Evans has taken the lead in the drive for blood donations. His efforts merit the highest praise that can be given. An interesting feature displayed in the Waterman Building on the day of signing up was the actual equipment used in the entire process of producing blood plasma. The equipment was laid out on the table for the inspection of anyone interested.

Thanksgiving Dance On Saturday Night

Saturday night, November 27, the Student Lounge will be the scene of the Sophomore Aides' Thanksgiving Dance. Mary Greene '46 and Olga Shoelles '46, co-chairmen of the dance committee announce that it will be a stag or drag affair but girls are requested to wear heels.

The price of tickets, two cents a couple and fifteen cents stag is in special consideration of end of the month pocket books. Music will be on the recorded variety and refreshments will be the added attraction. Barbara Powers '46 is in charge of publicity, Frances Witham '46 chaperones and Virginia Campbell '46 and Peggy Donnelly '46 decorations.

Silk Screen Exhibit Now in Fleming Museum

Professor Colburn of our Art Department has gathered from various members of the faculty of Middlebury College a collection of ten silk screen prints. By the recently rediscovered creative process of silk screen art some of the best artists in the country are represented here including Charles Burchfield, John Lonergan, Reginald Marsh, and Adolph Dehn. Students and members of the faculty at U. V. M. may now see the prints on exhibition at the Fleming Museum.

Staff and Sandal

The Staff and Sandal members wish to extend their thanks for the splendid cooperation they have received from the students on the blood donation project.

President Millis Addresses Alumnae

University His Topic; Other Alumnae Speak

President John Cotton Millis of the University, a Trustee of the Association, and Miss Mary Jean Simpson, Dean of Women, represented the University at the dinner meeting of the New York alumnae and alumnae held on Wednesday evening, October 20, at the George Washington Hotel. The meeting was in the form of a Thousand Dollar Dinner. President Millis spoke on "Post-war Job Problems Facing the Universities."

Dean Wells Jones, retired, of the University, spoke on the program for this meeting, on his first hand experiences at the age of 82. Arriving in Java at the close of 1941, he was with Stilwell in China, recounted some of his experiences on the famous retreat from Burma and as the last man to leave Rangoon.

Dr. Bradley Cook of the class of 1928, former assistant dean of the Medical College and now a major in the medical corps stationed at Halloran Hospital, Staten Island, N. Y. told of his first hand contacts with wounded fresh from the battle fronts, and outlined some of the new method of treatment now being used with such marvelous result.

Miss Mary Jean Simpson, Dean of Women at the University, was present at this meeting.

On Thursday President Millis went to Boston, where he was the banquet speaker at the annual convention of the New England Association of School Superintendents, held in the Hotel Bradford. On this occasion President Millis took as his subject "The Responsibility of Secondary and Higher Education to America at Peace."

Lambda Iota Plans For Bowling Match

The pledges have challenged the Owl Alumni to a bowling match. The fledglings have an unpleasant surprise awaiting them. The match, which will take place in the near future, is confidently expected to be a runaway for the old Owls, who have been training strenuously for quite some time.

Any bowling team interested in a match is cordially invited to contact Arthur Bolduc, king pin of the Owlets' team.

In accord with the schedule laid out by the Interfraternity Committee the Owls will be glad to discuss the fraternity and its proposed activities with any non-fraternity man next Wednesday night, November 24 in the Waterman Building. The room number will be posted on the bulletin board.

Melvin McLeod has been selected by the Interfraternity Committee to have charge of its publicity.

Fraternity meetings have been held weekly, despite the non-existence of a proper room. Local alumni have opened their houses for use as meeting places.

Undergraduate Students Acting As Instructors Are Well Liked

undergraduate students who, their own classes, have of professors and laborafor many of the military takes a great deal of their often spend two hours three or more hours, super-

all Chemistry or Physclude "Pussy" Perkins, Peg Jane, Bea Thompson, Rose Katz and George Goldsmith. They teach many of the classes in the fields of Chemistry and Physics, and they do this job efficiently. The regular members of the faculty express their approval of their work and say they are doing a great job worthy of the highest praise.

The Cadets likewise express their approval. They find these "junior profs" capable and interesting—they like them too. In speaking of the co-ed members of the staff they said that sometimes "their—ah—looks" prove to be a little distracting. The general opinion seems to be "they know their stuff and they know how to put it over."

And on the other side there is equal praise. The Cadets and the A.S.T.P. have proven to be exemplary students. They are interested as well as quick and eager to learn.

A great deal of credit is due to this group of people. They have a hard and a long job, and they are doing it in first-rate style.

ARIEL BEAUTY CONTEST

Occasion (obviously)—Beauty Contest

Contestants—All Junior girls.

Time to Vote—All day Friday, November 26

Place to Vote—Main floor of Waterman.

Each person may vote for the *eight* Junior girls he thinks most beautiful! This includes poise, posture, plus pulchritude. Start looking them over, kids, and be ready to jot down your favorite eight on Friday. Remember, *only* Juniors!

Have a "Coke"= Good winds have blown you here

...a way to say "We are friends" to the Chinese

China knew Coca-Cola before the war. Where Coca-Cola is on hand today, to Chinese and Yank alike, *Have a "Coke"* are welcome words. Around the globe Coca-Cola stands for *the pause that refreshes*—has become a symbol of good will.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Air Corps Cadets to Have Tournment

Beginning on Monday evening, November 29 at 1915, a basketball tournament will be instituted. The gym will be available Monday, Tuesday and Thursday evenings.

Each hall will have one team, one manager, one coach-player and basketballs and a playing Cadence. All games according to Inter-Collegiate Basketball Rules and A referee will be selected by consent of each team before each game. These referees are to be respected at all times and at no time will an A. S. T. U. unit be overcome over some rule or play.

Any team that does not have the minimum number of players on the floor at game time 1815, will forfeit the game. Each half will consist of 12 minutes with a 5-minute break between halves. Time out only for substitutions.

Commencing Wednesday, December 1 and every Wednesday thereafter, a badminton elimination tournament will be in effect. Hall Commanders will obtain names of those interested and submit them to Lieutenant Giaimo before noon, November 27. Managers of each ball basketball team will do likewise.

Awards to winners will be announced at a later date. ALL STUDENTS MUST CLEAR THE GYM BY 1915 AND BE IN THEIR HALLS BY 1930.

Poultry Extension To Be Increased

At a recent State Farm Bureau meeting action was taken to increase the poultry extension here at the University. One of the first post-war improvements Dean Carrigan promises to the Aggie students is a new department in which to experiment with the hens. It will be the aim of this extension department to improve poultry and also to increase Vermont's production of eggs.

Southwick Rookies Have New Quarters

[illegible]

Yeah---Caywood, Our Boy

Art Caywood is going to be our new [illegible]. How Caywood ever landed the good natured position is one [illegible] of a mystery but darn it we didn't do it. Tell us the story Art, your success Caywood we'll listen quietly.

Everyone, we everyone knows Caywoods a good man. Sure, but why has Southwick been dealt such a dirty blow? Haven't the deciding minds any pity at all on the men who will move in shortly. Oh, what the newest arrivals will go through. Landes had ideas and perfected them with a whip. And now . . . . Caywood with more ideas and a club. Gad, they'll make the place called Southwick look like West Point if this doesn't cease.

Who Commit Libel

This guy Lerner, Converse Hall's saddest case, doesn't seem to like the idea of Southwick claiming a little credit for making a detachment orchestra possible. Lerner's story about the detachment orchestra demands an explanation; not mine. In all of his "write ups" about it he praises Converse as the originator, sponsor, and the source of talent. Come, come, Lerner, let's be reasonable. Why not tell the true facts for a change? Why you didn't pass the credit around is obvious to all.

Southwick only wants a little recognition. Converse can wear the ribbons. Why not tell the critics all about it, or didn't you know that Southwick is more than represented in the orchestra? Haven't you heard? Danny Poole, Bob Lewenaur, Bill Carpenter, Bob Shumaker, Bill Leyden and the fellow who sang at the Fleming Museum, are all from Southwick. And Lee Bienhorn graduated not long ago from "Rookies Paradise." Was it you who gave all the credit to Converse?

It's Converse who ought to think twice before committing libel, not Southwick. We at Southwick praise Converse for finally coming through with the band, but let's remember the true facts before you put your ideas in writing. Give someone else a little credit besides yourself and Converse. Remember it's a detachment band, not Converse Hall's band. Detachment takes music at more ground than just Converse. Detachment includes everyone at CTC present.

The following want their names in the [illegible] Marge [illegible] Lewis Lester Cross Dana and of course the girl I left behind her's Mary [illegible] Ann [illegible].

THANKSGIVING DAY

[illegible]

Post Toasted

E. I. Lucrum

Dear Mr. Post
My shape you've changed from droop to drape
A fact my tailor and I deeply appreciate
He for the $.65 a clip he gets to alterate
My coat, and I for no longer resembling a melancholy sack
But here's the point
I once was fairly flexible in every joint
Now I can hardly even bend my back.
There seems to be no limit
'Cause every time you give me a new muscle
The next day you put a crick in it.
Latrine intelligence---from the next compartment
Has it that the Phys. Ed. Department
Has found the present course of obstacles
Unproductive of sufficient busted vertebrae.
Gruesome contusions and other anatomic debacles
And would install without further delay
A new course with several realistic hazards like barbed wire
Mine fields and walls of flaming fire.
They say it was you, Mr. Post who was heard to endorse
That pool of crocodiles cobra nests, and a lion pit or two
For us to run.
Hell, that sounds less like an obstacle course
Than the Burlington Municipal Zoo
If they had one
Let's not be so rash Mr. Post
I think I speak for most
Of us---we're fully satisfied with our present list
Of casualties, and we'd even go so far as to insist
That five mile hikes to the Country Club
[illegible]
What or it if there's needle shots no double time
Why, contusions or cadence you'll still be in the race
You'll find us coming back every day for more
Or the same we be happy Mr. P[illegible]
It means readers we hear as well
[illegible]
One last thing be sure and have [illegible]
[illegible]
[illegible]

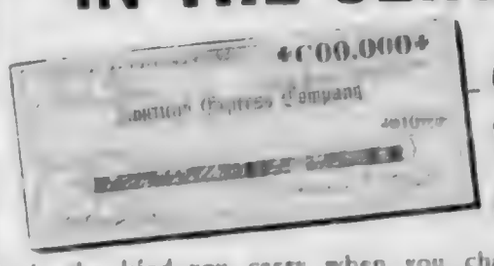
Slade to Converse--- How Miserable!

[illegible]

"Should Auld Acquaintance

Let's remember [illegible]. What or can be [illegible] Hall.

We understand that "G man" Hoover is chaperone there now. We must simply say that "Slade walked its best when the Infantry boys and Commander Fred Kuntz were in control." Although Fred treated those boys with as much service as he had like a bunch of Field Slade set the record as being the cleanest hall on campus. Fred to quote at this way as it liked and still is. He may have scary looks now, but he sure made a mistake treating the Infantry boys that way! (We will admit that some of those guys are still kid, though.)



Then came the new regime along with a bunch of guys from Southwick. We don't know whether it was Apprentice of three stripe fame or whether it was the "outlaws" from Southwick, but Slade sure was never the same.

Also do you remember our two supply Sergeants at Slade, C. F. [illegible] and "Gap Happy" Trovtaoli? Salvo did all the cooking and "Travvy" issue the stripes who did a good job, but as for us we can say all Trovtaoli did was make the guard duty easier one more detail. Travvy made a good impression when we first came here.

Student Government to Present Convocation

On Thursday, December 2, at 4:00, the partial Student Government Convocation will be held. It is the opinion of some of the students that this convocation, which will involve discussion of campus problems, has been needed for a long period of time. CYNICS, containing the program of the convocation, will be passed out at the door. Attendance of every student is required.

Vermont Blizzard Alters Many Plans

Heaviest Storm in Twenty-Seven Years

The worst blizzard Vermont has experienced for 27 years changed the Thanksgiving holiday plans for many U. V. M. students. The complete unexpectedness of the two and a half day storm took the railroad and bus lines by surprise. Road travel was brought to a stand-still in most parts of the state. So many people who had planned a Thanksgiving dinner at home spent the holiday in Burlington. Dinner was served in Waterman Dining Room to relieve the strain on the city restaurants.

Professor Evans

Among those who remained in Burlington were the Air Corps and the A. S. T. P. men. However, some of the Burlington homes were open to those men. Professor and Mrs. Evans held an informal coffee-hour in their home on S. Prospect Street for the A. S. T. P. men in Doctor Evans' class. Seven U. V. M. girls, Mary Ashe, Dot Loughery, Gail Thompson, Shirley Needham, Phebe Von Paulsen, Vesta Stevens, and Barbara Burnham, were also invited. The guests enjoyed browsing through Mrs. Evans' antique shop and just generally enjoying the atmosphere of a great home. Light refreshments of coffee and cakes were served.

Snow Storm

But such a delightful holiday was not enjoyed by all Vermont students. Dee Delano, '44, was one whose plans were swept away by the storm. Dee thought she was ahead of the game when she got a ride as far as Middlebury where her father would meet her and take her home to Shoreham, Vt. She sat comfortably and watched the countryside roll by as far as Ferrisburg. There she stopped and was forced to watch a single file procession of some seventy cars and a few odd buses pass. After an hour's wait, her car started once again for Middlebury. Once there she hopped out to meet her dad, but—no dad. Shoreham, a lakeside town had been completely snowed under. No mails, milk trucks, or doctors could get in or out of Shoreham. So she spent the holiday at Middlebury College which was fine except for the fact that Middlebury didn't observe Thanksgiving. However, she had her Thanksgiving dinner in Middlebury's Forest Hall. Two buses and a train rolled by before Dee could get transportation back.

Via Canada

Deane Moore '44, was much luckier in that she did get home. But she found that the shortest way to Newport, Vt., was through St. Johns, Can. So Deane packed her suitcase and birth certificate, and with complete lack of conversational French went to Canada, where her baggage was opened, inspected, and re-inspected as she crossed over the border twice in two hours. It was happy that the way was clear to Newport, for Deane's French would not have entitled her to a dinner.

Quite a few people went to Montpelier. The 1:30 bus provided twenty-five seats

(Continued on page 4)

Write to the Boys

At the suggestion of Dean Simpson and Mortar Board, fraternities and sororities are being asked not to send Christmas cards to each other and to members of the faculty this Christmas time. The mails are seriously overburdened without the added stress of these greetings and it is felt that the wisest course for all students to follow this year will be to refrain from sending Christmas cards to all their friends and to concentrate on sending them only to men in the service.

As well as a worthy civic and war measure, not sending Christmas cards could be put to even better account if the money that would have been spent for them were to be given to the World Student Service Fund.

Sorority Rushing Novel Last Week

Rushees Entertained With Food and Games

Novelty was the keynote of the next-to-the-last rushing parties held by each of the eight sororities on campus.

ALPHA CHI OMEGA

To entertain rushees and service men also, the Alpha Chis gave a tea-dance at their house from 4.30 to 7.30 p.m. Professor and Mrs. Colburn and Mrs. France chaperoned the party at which a supper of sandwiches, punch and cake was served. At the end of the evening everyone gathered round to sing the Alpha Chi song.

ALPHA XI DELTA

The Alpha Xis took their gang downtown bowling. After this everyone flocked to the house where doughnuts and hot cocoa with marshmallow fluff were waiting. The rest of the afternoon was passed with group games and singing.

DELTA DELTA DELTA

The Hit Parade furnished the theme for the Tri Delt party. All the sorors came dressed as popular song titles. The walls of the house were decorated with notes, sheet music, etc. Among the games played were "musical chairs" and "put the note to the staff." Ice cream and ginger ale were served.

DELTA PHI EPSILON

The D. Phi E's had a tea and fashion show at the home of Mrs. Jacob Frank. The show which was entitled *The Evolution of Plain Jane* was written in rhyme and accompanied by vic music. A Plain Jane was introduced and clothes taking a girl through a typical week of college life were modeled for her. After the fashions were shown and Jane was made over into a perfect college "smoothie," sandwiches, tea and cake were served to the rushees and sorors.

KAPPA ALPHA THETA

At the Theta Field Day, eight teams ranging in names from *Goldbricks* to *Perky Twirps* battled furiously for the coveted awards: first, second, and booby prize. Exhausted by the strenuous activities, the contestants gathered in front of the fire for refreshments, songs and chair strategy after the games.

PI BETA PHI

The Pi Phi party took the form of a Farm Fair. Everyone dressed for the spirit of the occasion in slacks, loud shirts, etc. Square dancing, penny pitching and hog calling were among the featured events, and carrots were awarded as prizes for games. Sandwiches, cake, milk and—oh yes—raw carrots were served.

SIGMA GAMMA

The Sigma Gammas held a School House party at the home of Mrs. Brownell.

(Continued on page 4)

Music Department to Give Christmas Concert

The Department of Music will present its annual Christmas concert Sunday afternoon, December 12, at 4:00 o'clock in the Ira Allen Chapel. The program will include Christmas carols and selections from Handel's oratorio. The Messiah with the University Chorus, the University Orchestra and soloists participating. The concert is free and open to the public.

WSSF Unanimously Supported by All

U.V.M. Campus Unites To Put Campaign Over

The early results of the W. S. S. F. campaign are beginning to be tabulated. At present $640 has been collected by soliciting alone, pledges amount to $281, and as yet contributions from different organizations have not been turned in. The campaign will continue for three more months, at the end of which time the pledges must be paid.

Sororities Help

Everyone on campus enthusiastically supported the various committees, making it possible for them to do their thorough job. Each sorority arranged a publicity stunt or decorated some part of the campus as their contribution. In addition to this the Alpha Chis donated the proceeds of their annual Dessert Hour, the Tri Delts gave their Fashion Show profits and the Pi Phis contributed with their annual breakfast as did the Thetas with their Melting Pot Supper. As the first rushing party of this semester each sorority took its rushees house cleaning and donated the money earned. Several apple picking expeditions sponsored by different campus organizations went out from U. V. M. relieving the shortage of labor and working for the benefit of W. S. S. F. The traditional Beau Supper—beauless this year—also raised money for the fund.

Klifa Club Sponsors Address by Former War Correspondent

Much Traveled Writer Will Discuss Our Far Eastern Interests

The internationally known Far East correspondent and author, Hallett Abend, will speak Thursday evening, December 2 at the Old Mill Auditorium at 8:15 o'clock. His subject is his address and his "Our Stake in the Pacific." The Klifa Club has made possible Mr. Abend's appearance in Burlington and will open the meeting to the public with admission free.

Native of Portland

Mr. Abend is a native of Portland, Ore. He attended Stanford University in 1908. He followed a brilliant newspaper career in the western states before he traveled to the Orient in the middle twenties. There he first lived in Nanking, China. When this territory was bombed by the Japanese, he was forced to move on to Shanghai where in 1940 his apartment was ransacked by Japanese hoodlums. Soon after this he experienced a hazardous escape to the United States. Mr. Abend has made his home in Hyde Park, Vt., just south of the Canadian border.

In China from 1926-'27 Hallett Abend was a free lance writer. In 1927 he became associated with the *New York Times*. For fifteen years he served as Chief Correspondent in the Far East for this paper. In May '41 he became connected with the Washington D. C. Bureau of *The Times*.

"Chaos in Asia"

As an author Mr. Abend published in 1939 "Chaos in Asia" in 1941 Japan Unmasked and most recently "Conquest of the Pacific." This last is a story after a 36,000 mile trip by airplane in the Pacific area. After visiting the Philippines, the Dutch Indies, Australia and New Zealand he returned to the United States on November 7, 1941.

Prof. George Burrows Dies at 67: Taught Chemistry Here Since 1912

Last Monday night, November 22, Professor George Howard Burrows, former head of the Chemistry Department at the University of Vermont, died at Delray Harbor in Florida.

Highly Educated

Professor Burrows was born in Wyoming, O., in 1865 and received his preparatory education at Wyoming High School and Riverview Academy in Poughkeepsie, N. Y. After attending the University of Cincinnati for one year he transferred to the University of Vermont where he enrolled in the chemistry curriculum. After receiving his A.B. from Cincinnati he took graduate courses at Cornell and Yale and then turned to teaching, his first appointment being at Pratt Institute in Brooklyn, N. Y. From there, he went to Cornell where he taught until 1903. Professor Burrows then joined the faculty of U. V. M. and taught for 39 years, 28 of which were spent as head of the Chemistry Department here. He retired from the faculty last year to begin a well-earned vacation in Florida.

In 1927 he married the former Nina Smart of Burlington. He is survived by her, two brothers, Henry of Dexter, N. H. and Fred of N. Y. C., and two sisters, Mrs. Mary Ramsey of Troy and Mrs. Elizabeth Walton of New Haven.

A Fine Chemist

The late Professor Burrows was a physical chemist and devoted a great deal of his time to research problems. He was particularly interested in equilibrium constants of various organic compounds in addition to the many he published many papers and articles in chemical journals. He was, in fact, a pioneer in the study of chemical equilibrium. The Massachusetts Institute of Technology awarded him a Ph.D. degree for his early work in the field of chemistry, and following his retirement from the faculty here he was engaged as a research expert at the Hercules Powder Company's plant in Wilmington, Del.

An Untiring Worker

The people with whom he came in contact were always impressed with the honesty and integrity of his character. His students never lost their respect and admiration for him and his work. As a worker, he was indefatigable, and always [illegible] method when working on a difficult problem with his associates. Professor Burrows enjoyed hiking and mountain climbing, was fond of sports and was interested in the conservation of wild life. He was a [illegible], gentleman and a scholar.

In Memoriam

At 2:00 p.m. on Friday, December 3 a memorial service will be held for the late George Burrows at the residence of Miss Margaret B. Young, 422 South Prospect Street, Burlington.

Write to the Boys

At the suggestion of Dean Simpson and Marian Daniel, Waterguides and suggestions are being asked not to send Christmas cards to each other and to members of the faculty this Christmas time. The mails are seriously overburdened without the added stress of these greetings and it is felt that the wisest course for all students to follow this year will be to refrain from sending Christmas cards to all their friends and to concentrate on sending them only to boys in the service.

As well as a worthy civic and war measure, not sending Christmas cards could be put to even better account if the money that would have been spent for them were to be given to the World Student Service Fund.

Sorority Rushing Novel Last Week

Rushees Entertained With Food and Games

Novelty was the keynote of the next-to-the-last rushing parties held by each of the eight sororities on campus.

ALPHA CHI OMEGA

To entertain rushees and service men also, the Alpha Chis gave a tea-dance at their house from 4.30 to 7.30 p.m. Professor and Mrs. Colburn and Mrs. France chaperoned the party at which a supper of sandwiches, punch and cake was served. At the end of the evening everyone gathered round to sing the Alpha Chi song.

ALPHA XI DELTA

The Alpha Xis took their gang downtown bowling. After this everyone flocked to the house where doughnuts and hot cocoa with marshmallow fluff were waiting. The rest of the afternoon was passed with group games and singing.

DELTA DELTA DELTA

The Hit Parade furnished the theme for the Tri Delt party. All the sorors came dressed as popular song titles. The walls of the house were decorated with notes, sheet music, etc. Among the games played were "musical chairs" and "put the note to the staff." Ice cream and ginger ale were served.

DELTA PHI EPSILON

The D. Phi E's had a tea and fashion show at the home of Mrs. Jacob Frank. The show which was entitled *The Evolution of Plain Jane* was written in rhyme and accompanied by vic music. A Plain Jane was introduced and clothes taking a girl through a typical week of college life were modeled for her. After the fashions were shown and Jane was made over into a perfect college "smoothie," sandwiches, tea and cake were served to the rushees and sorors.

KAPPA ALPHA THETA

At the Theta Field Day, eight teams ranging in names from *Goldbricks* to *Perky Twirps* battled furiously for the coveted awards: first, second, and booby prize. Exhausted by the strenuous activities, the contestants gathered in front of the fire for refreshments, songs and chair strategy after the games.

PI BETA PHI

The Pi Phi party took the form of a Farm Fair. Everyone dressed for the spirit of the occasion in slacks, loud shirts, etc. Square dancing, penny pitching and hog calling were among the featured events, and carrots were awarded as prizes for games. Sandwiches, cake, milk and—oh yes—raw carrots were served.

SIGMA GAMMA

The Sigma Gammas held a School House party at the home of Mrs. Brownell

(Continued on page 4)

Music Department to Give Christmas Concert

The Department of Music will present its annual Christmas concert Sunday afternoon, December 12, at 4:00 o'clock in the Ira Allen Chapel. The program will include Christmas carols and selections from Handel's oratorio "The Messiah" with the University Chorus, the University Orchestra and soloists participating. The concert is free and open to the public.

WSSF Unanimously Supported by All

U.V.M. Campus Unites To Put Campaign Over

The early results of the W. S. S. F. campaign are beginning to be tabulated. At present $640 has been collected by soliciting alone, pledges amount to $281, and as yet contributions from different organizations have not been turned in. The campaign will continue for three more months, at the end of which time the pledges must be paid.

Sororities Help

Everyone on campus enthusiastically supported the various committees, making it possible for them to do their thorough job. Each sorority arranged a publicity stunt or decorated some part of the campus as their contribution. In addition to this the Alpha Chis donated the proceeds of their annual Dessert Hour, the Tri Delts gave their Fashion Show profits and the Pi Phis contributed with their annual breakfast as did the Thetas with their Melting Pot Supper. As the first rushing party of this semester each sorority took its rushees house cleaning and donated the money earned. Several apple picking expeditions sponsored by different campus organizations went out from U. V. M. relieving the shortage of labor and working for the benefit of W. S. S. F. The traditional Bean Supper —beanless this year,—also raised money for the fund.

Klifa Club Sponsors Address by Former War Correspondent

Much Traveled Writer Will Discuss Our Far Eastern Interests

The internationally known Far East correspondent and author, Hallett Abend, will speak Thursday evening, December [illegible] at the City Hall Auditorium at 8:15 o'clock. The subject of his address will be "Our Stake in the Pacific." The Klifa Club has made possible Mr. Abend's appearance in Burlington and will open the meeting to the public with admission free.

Native of Portland

Mr. Abend is a native of Portland, Ore. He attended Stanford University in 1904. He followed a brilliant newspaper career in the western states before he traveled to the Orient in the middle twenties. There he first lived in Nanking, China. When this territory was bombed by the Japanese, he was forced to move on to Shanghai where in 1940 his apartment was ransacked by Japanese headlines. Soon after this he experienced a hazardous escape to the United States. Mr. Abend has made his home in Hyde Park, Vt., just south of the Canadian border.

In China from 1926-'27 Hallett Abend was a free lance writer. In 1927 he became associated with the *New York Times*. For fifteen years he served as Chief Correspondent in the Far East for this paper. In May '41 he became connected with the Washington, D. C. Bureau of *The Times*.

"Chaos in Asia"

As an author Mr. Abend published in 1939 "Chaos in Asia" in 1941 "Japan Unmasked" and most recently, "Emperor of the Pacific." The last was written after a 45,000 mile trip by airplane in the Pacific area. After visiting the Philippines, the East Indies, Australia and New Zealand, he returned to the United States on November 7, 1941.

Prof. George Burrows Dies at 67: Taught Chemistry Here Since 1912

Last Monday night, November 22, Professor George Howard Burrows, former head of the Chemistry Department at the University of Vermont, died at Tarpon Harbor in Florida.

Highly Educated

Professor Burrows was born in Wyoming, O., in 1876 and received his preparatory education at Wyoming High School and Riverview Academy in Poughkeepsie, N. Y. After attending the University of Cincinnati for one year he transferred to the University of Vermont where he enrolled in the chemistry curriculum. After receiving his A.B. from Cincinnati he took graduate courses at Cornell and Yale and then turned to teaching, his first appointment being at Pratt Institute in Brooklyn, N. Y. From there he went to Cornell where he taught until 1903. Professor Burrows then joined the faculty of U. V. M. and taught for 37 years, 28 of which were spent as head of the Chemistry Department here. He retired from the faculty last year to begin a well-earned vacation in Florida.

In 1927, he married the former Cecil Smart of Burlington. He is survived by her, two brothers, Henry of Exeter, N. H. and Fred of N. Y. C., and two sisters, Mrs. Mary Ramsey of Troy and Miss Elizabeth Walton of New Haven.

A Fine Chemist

The late Professor Burrows was a prominent chemist and devoted a great deal of his time to research problems. He was particularly interested in equilibrium constants of various organic compounds in addition to the miscellaneous and published many papers and articles in chemical journals. He was in fact a pioneer in the study of chemical equilibrium. The Massachusetts Institute of Technology awarded him a Ph.D. degree for his early work in the field of chemistry, and following his retirement from the faculty here he was engaged as a research chemist at the Hercules Powder Company's plant in Wilmington, Del.

An Untiring Worker

The people with whom he came in contact were always impressed with the sincerity and integrity of his character. His students never lost their respect and admiration for him and his work. As a worker he was indefatigable and always had a word of encouragement or a new method when working on a difficult problem with his associates. Professor Burrows enjoyed hiking and mountain climbing when not at work and was interested in [illegible] in which line. He was truly a gentleman and a scholar.

In Memoriam

At 2:00 p.m. on Friday, December 3, a memorial service will be held for the late George Burrows at the residence of Miss Margaret Bishop, 342 South Prospect Street, Burlington.

WE ARE HINDERING OUR DEVELOPMENT

By Carolyn Brown

How many people are saying to me "I feel snowed under this year, don't you?" The answer I must give is, "Yes, I do feel snowed under." Here at U. V. M. we are saving nearly all of our peace time extra-curricular activities. Some are being saved for sentiment's sake—Kake Walk. In others effort has been increased—YWCA. To their number we have added war activities. There are now so many jobs with so few individuals to participate that none of them can be the expression of a whole mind. Attention inevitably divides itself. No matter what the value of the task we [illegible] tion toward this goal. Someone has said, "Everyone feels snowed under." Everyone does feel "snowed under" and tired, and intellectually as curious as an aquarium full of turtles. Whatever has brought on this situation—I believe it to be an attempt to retain normalcy where normalcy no longer exists—something should be done about it.

Activities should be examined, organizations should be evaluated, not in the light of their own worth, but in view of their contribution to the campus as a whole. Something would [illegible] will be found in all of them I know. Bluestockings, for example, has intimate cultural good to offer, as have all the departmental clubs. The total number of students reached by these organizations, however, and the fact that those who gain by them are the people who would be alert to such things anyway warrants, to me, the suggestion that they be terminated for the duration.

With the Y. W. C. A., Student Government, and Student Union, the story is a different one. These organizations serve not only their large memberships but persons outside those memberships as well. They were formed for creation and service, for giving and not for taking. These activities, plus academic responsibility are more than enough for any war time student to handle.

EDUCATION IS OUR RESPONSIBILITY

By Alison Carr

[illegible] We are free to do as we possibly can to help [illegible] For all the things it is wise [illegible] there are people of an intelligent level to do them well. It is [illegible] to know our most valuable potentialities and to seek every opportunity toward their development. [illegible] each of us will be able to do [illegible] into which he can put his best [illegible] the job that it takes every [illegible] of his brain to fulfill. When [illegible] are utterly divided among a [illegible] of activities we are not doing [illegible] We are cheating humanity. [illegible] large-scale development is proportional to the development of the individuals; a fellow-man, who can find his best and greatest satisfaction in fulfilling the job which we are half-heartedly doing; particularly this time, our country, to which we are not giving our best; our world, for we are not making each minute of our lives worthwhile.

HILLEL FOUNDATION CALENDAR

Friday, 7.15 p.m. Services will be held in Room 140 at the Waterman.

Sunday, 3.00 p.m. There will be an "Open Forum." Doctor Dykhuizen the guest speaker, will lead it.

Tuesday, 7.15 p.m. The first class in elementary Hebrew will be held at the Waterman Building. Rabbi Ende will be the instructor.

The Goodrich Classical Club will meet Friday, December 3, in the Student Lounge on the third floor at 7.45 p.m. Oedippus Rex will be read. Anyone who is interested is invited to come.

Thanksgiving Remorse

By Charles D. Medlock

Thanksgiving dinner effects are gradually wearing off. The trusty bottle of bicarbonate goes back on the shelf, figures are returning, and those who couldn't eat so much are returning from sick call. Ernest Mayer, Walter Blazack, and Jimmy Bowen, successively, were the first three eager beavers to lug away their trays in the first Thanksgiving dinner served by the 61st. The honor may soon fade away, but the memories of a dinner like that will last until another one comes along. Great is our sorrow for those who missed it. Many of the boys made permanent records of the regal feast via their Brownies and Kodaks. Bob Pfiefer made quite a stir with his movie camera. Methinks there are a few would be Errol Flynns, Robert Taylors and Clark Gables in our crowd.

New Student Officers

Our new three-striper, wielder-of-the big stick, general manager, and big brother is none other than A. H. Reed.

New First Sergeant: Gustave Reuter that smiling son of Mrs. Reuter from the Bronx. W. A. Burns is our new Supply Sergeant. He's an efficient little fellow. He handles the laundry like an expert.

Of course, all busy men, regardless of their efficiency must have an assistant. R. R. Moore fills that position. No relation to 'Dinty' through.

E. B. Kucich is a new Lieutenant resident.

"Let's keep this chow line clear now."

Something new has been added to the crowd of beauties that make our daily meals pleasant but it has been noticed by one in particular that one being "Big John" Maragiglio. Quite a lady. John, but what's the story? (Telephone number and address.)

what's the story? (Telephone number and address.)

Patriotic Erbe

Everybody who wants passes, we'll fall out in the C. Q. room! Robert Erbe heeded the call and proceeded as per instruction. Finally his turn in line came up and after a snappy salute, Bob made his plea for a pass. "Sir Private Robert Erbe requests a pass." When asked for a reason, he replied, "My wife is here on a furlough, sir." Lieutenant Guaimo completed a hasty double-take and asked Mr. Erbe to repeat that last statement. When things finally got cleared up it was understood that Mr. Erbe's wife is that attractive young WAVE seen around the campus. Yes, Mr. Erbe got his pass and the permission graciously granted to let Mrs. Erbe partake of our Royal food on Thanksgiving. May I convey Mrs. Erbe's thanks and compliments on the dinner.

Regrets

May we extend our deepest regrets to E. A. Sienicki who has been recently handicapped by a fractured flipper. May recovery be swift and then he can change his name back to E. G. Beaver.

Flash!

To those in the bay who are still in doubt: Paul O'Dell's navigation and night vision have improved. A good man never makes the same mistake twice.

Burlington People Hear Hallett Abend

New York Times Man Talks on Pacific War

Hallett Abend, former *New York Times* correspondent stated last Thursday evening, December 2, in the City Hall Auditorium before an audience of Burlington people and University IRC members, that the war in the Pacific will continue for two and a half years after the defeat of Hitler in Europe. He pointed out that the policy of "Hitler first" has provided Japan with two years in which to more than double her strength. "And there's no short, easy road to Tokyo," he added.

Mr. Abend, who was until recently a correspondent in China, said that Japan has a continuous protected land and sea empire which supplies more goods than are necessary for the prosecution of the war, with the exception of copper. So far we have bombed only one war productive center, was his reminder. The war will have to be won from the coast of China so we can land supplies, and with the lack of air fields at present in China supplies would have to be flown in from India.

Commenting on our unpreparedness in the Pacific, Abend said that our guilt and that of the British brought about the destruction of eighty-two percent of our air force in the Philippines. He pointed out that Japan's claim that her population needs territory for expansion in order to justify her grabbing of Korea and Manchuria is unfounded since her people could not be persuaded to move from the mainland. Reducing Japan to a third-rate power and educating Tojo ideas out of her people seem to be answers to attempts to dethrone the English-speaking peoples politically and economically.

At the next meeting of the International Relations Club this address by Hallett Abend will be discussed.

Foods Majors Take Boston Field Trip

Seventeen senior girls majoring in foods and dietetics took a trip to Boston last week. The purpose of the trip was to acquaint the girls with food and equipment houses. Visiting hospitals and commercial food businesses were the chief places of interest to these future dieticians. They also attended a Massachusetts Dietetics meeting where they heard Major Helen Burns speak on the work of army dietetians.

The girls, Estelle Berkson, Norma Charest, Penelope Eastman, Rosamond Hughes, Dorothy Collins, Judeth Isaacs, Iona Lacey, Erika Hemminger, Marie Lanou, Alice Ryan, Eunice Watts, Barbara Webb, Hazel Butterfield, Ruth Gorham, Aline Gravel, Jean Mayo, Myra Gray were accompanied by Miss Helen Underwood, head of the Food Service Department and her assistant Miss Florence Lee.

Cuts Restricted Class Allotment Depending on Year

I. Definition:
- A. A cut shall be defined as an unexcused absence from a scheduled meeting of an academic class.
- B. "Sanctioned" absences shall be considered cuts.

II. Purpose of System:
- A. The purpose of the cutting system shall be to establish uniform treatment of the cutting problem in the three undergraduate colleges.
- B. The system is intended to benefit the students by limiting the number of cuts allowed per student per course. Since cutting results in a lowering of grades in most cases anyway, the penalty for overcutting shall not be academic but shall be dictated by the Dean's office.

III. Cut Allotment According to Class:
- A. Freshmen will be allowed one cut per course per semester and if they attain an average of 85 or better in their first semester's work, will be allowed cuts according to the number of credit hours in each course for the second semester.
- B. *Sophomores* will be allowed cuts according to the number of credit hours in each course.
- C. *Juniors* will be allowed one extra cut above the sophomore allotment in each course.
- D. *Seniors* will be allowed two extra cuts above the sophomore allotment in each course.

IV. Modification of Cut Allotments:
- A. Students under warning or failing in a course shall be alowed no cuts in that course. A student who cuts while he falls in this category is liable to the penalty for overcutting.
- B. All students on Dean's list for one semester (NOT considering first semester of freshman year) will be allowed one more than the number of cuts allowed to members of their class in the following semester.

(Continued on page 3)

Pan-Hellenic Dance To Be Held in Gym

On December 11, the annual, semi-formal dance of Pan-Hellenic will be held. It will be in honor of the new pledges. The boys' gym will be decorated by Margaret Fake '44 and refreshments will be under the management of Phyllis Fein '44. Lilla Blumberg and Shirley Needham are in charge. The chaperones are Professor and Mrs. McKee, Dean Simpson, and Mr. Pappoutsakis. The dance is from 8:30 to 12:00 and the orchestra recently organized among the Air Corps will provide the music.

Sororities Pledge 86 Girls; Tri Delts Lead With 22

Pi Phis and Thetas Follow With 16, 14 Notable Increase in Number Over Last Year

Monday afternoon, December 6 sorority pledging for the year nineteen hundred and forty-three was held on the fourth floor of the Waterman Building. At last, the last the two preceding months of October and November, filled with feverish rushing parties and various frivolities are at end and pledging, the final climax for the nervous, anxious freshmen and upperclassmen has come and gone with no casualties on other side, strange to say.

Eighty six girls pledged this year, a notable increase in number over last year, with Delta Delta Delta leading with twenty-two girls pledged. Pi Beta Phi with sixteen, and Kappa Alpha Theta with fourteen followed in that order.

Charles Kullman Tenor Soloist at Concert

Popular Figure in The World of Music

Charles Kullman, artist at the first of the Community Concert Series, is one of the most popular figures in the international world of music.

Mr. Kullman was born in New Haven, Conn. He graduated from Yale, receiving a Bachelor of Science degree. His original plan was to have a medical career, but his experience as a solist with the Yale Glee Club in mind, he decided to abandon surgery for singing.

After leaving Yale, he won a scholarship to the Juillard School, where he studied for three years. A Fellowship to the American Conservatory sent him to Fontainebleau, France. Upon completion of this, Mr. Kullman returned to America, and joined the musical faculty at Smith College. At Smith, he sang in the productions of old operas by Handel and Monteverdi. These performances brought him to the attention of the New York and Boston musical critics. In order to join the American Opera Company, he resigned from the faculty at Smith.

He made his début in Europe the next fall, in "Butterfly" at Berlin. Soon, Mr. Kullman became the great favorite of the public in Berlin and Vienna, starring in the entire Italian repertoire. Next, he appeared at the Convent Garden and the Salzburg Festival. From there, he returned to the United States, and has been in the Metropolitan Operas in New York ever since. He made his début at the Metropolitan in the title rôle of "Faust," on December 20, 1935. Since this debut, Mr. Kullman has been one of the busiest artists at the opera.

This season, before returning to the Metropolitan, Mr. Kullman will sing with the San Francisco Opera Company, and will give a series of concerts throughout the country.

Write Letter to Your Russian Ally

Do you want to do something to help establish more friendly relations between Russia and the United States? Here is how each one of you can help.

Russian War Relief suggests that we write letters of friendship to the Russian people. Your letter could be addressed to a Russian College student, Russian Guerrilla-Fighter, Russian Peasant, or anyone that you would be interested in writing to. Since this is to be a letter of friendship such everyday things as you would write to a real friend who is now in Russia might be included.

Forms for these letters can be obtained from Prof. Leon H. Deane's office on the main floor, Waterman. You may write on both sides of one sheet but conform each note to one sheet only. Paper other than the regular forms may be used if you prefer. Sign your name and address plainly and return to Professor Deane's office where they will be referred to the proper R. W. R. committees. These notes will be delivered to the U. S. S. R. with Russian War Relief supplies.

There is no need to doubt that you aren't capable of writing such letters so let us help to flood Russia with friendship letters.

PREAMBLE

[illegible]

ARTICLE I—NAME

[illegible] shall be known as the U. V. M. Student

ARTICLE II—MEMBERSHIP

[illegible] College undergraduate [illegible] connected the Student [illegible] payment of the fee [illegible] is determined by the Executive Committee [illegible] the payment of the University of the semester fees being

ARTICLE III—MEETINGS

[illegible] organization may be called by the president of the University by [illegible] members of the Executive Committee or by the petition of [illegible] members presented to the Executive Committee at least ten days prior to [illegible] the meeting. The notice of the time, place, and purpose of meeting [illegible] on the official bulletin boards of the organization, and printed in [illegible] one week in advance. These meetings shall be conducted according to Rules of Order.

ARTICLE IV—QUORUM

[illegible] for the transaction of business at the meetings of this organization shall consist [illegible] one hundred members.

ARTICLE V—ORGANIZATION

Section I. Officers

The officers of the U. V. M. Student Government shall be a president, a vice [illegible] secretary who shall be a sophomore at the time of election, and a treasurer.

Section II. Executive Committee

Course A. On Monday in March the Executive Committee consisting of four juniors [illegible] ors, two freshmen (at the time of election) and the regular officers shall [illegible] the officers to serve also as officers of the Executive Committee. Their [illegible] second year. Vacancies shall be filled by special elections.

Section V. Duties of the Executive Committee

Course A. It shall be the duty of the Executive Committee

1. To bring to the attention of the student body all matters pertaining to the welfare of the U. V. M. Student Government.
2. To discuss matters of common concern with the administration.
3. To act as an apportioning committee for the Student Activities Fund. This [illegible] shall be submitted to the president of the University for approval by May [illegible] year.
4. To elect, to advise, and to direct its sub-committees.
5. To elect a student court.
6. To make all rules and regulations necessary for the execution of the duties [illegible] mentioned.

Course B. Meetings

1. Meetings shall be held at least once a month during the college year.
2. Attendance at Executive Committee meetings is required of all members. Excuses [illegible] granted only by a majority vote of the committee members present. The [illegible] of absence shall be by secret ballot. Membership on the committee shall be [illegible] two unexcused absences.
3. A notice stating the reason for absence of any member shall be presented not [illegible] the next regularly scheduled meeting.
4. The minutes of all meetings shall be printed in the next issue of the CYNIC.

Section III. U. V. M. Student Court

Course A—Organization

[illegible] undergraduate college shall have two representatives plus one additional for [illegible] hundred students over the first three hundred. The court shall elect its own [illegible] officer.

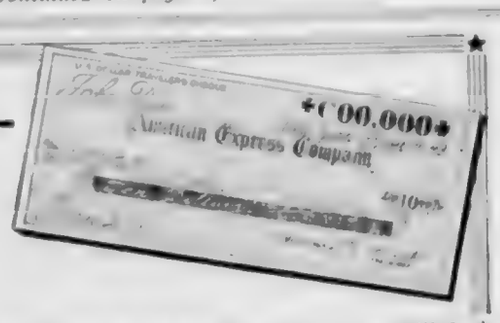
Course B—Duties

[illegible] be the duty of the U. V. M. Student Court to try such problems of disci[illegible] social conduct as shall be designated to it by the Executive Committee and [illegible] administration.

Course C—Procedure

The U. V. M. Student Court shall set up its own procedure subject to the approval [illegible] Executive Committee and the University Council.

Section IV. Sub-committees



Course A—Membership

[illegible] committees shall be chosen by, and shall include one member of the Executive [illegible] Terms shall be for one year. Sub-committees shall choose their own [illegible]

Course B—Names and Functions

1. Finance Committee—to cooperate with the Treasurer in the handling of the [illegible] of the U. V. M. Student Government.

Larger Allowance For Dependents

Amendments to the Servicemen's Dependents Allowance Act of 1942 provide more money for children of servicemen and wider eligibility for dependents.

Effective November 1 the following rates will be paid to Class A dependents of servicemen who are within the seven grades: wife—$50; wife and one child—$80; wife and two children, or each additional child—$20; child only, wife—$42; each additional child, wife—$20; wife divorced—$42, wife divorced and one child—$72, each additional child, wife divorced—$20. Class B dependents will receive: one parent but no brother or sister—$50; two parents but no brother or sister—$65; two parents and one brother or sister—$80; each additional brother or sister—$15; one brother or sister but no parents—$30; each additional brother or sister—$15.

The increase will not affect the serviceman's contributions of $22 per month toward his family's support.

Dependents of any enlisted male, other than male, within the first seven grades, and aviation cadets are now eligible for these allowances.

Fifth, sixth, and seventh grade warrant officers, technical and master sergeants have the option of taking the allowance listed above, of, but not in addition to, their present allowances for dependents' quarters.

Buy U. S. War Bonds—$6 Will Buy One Anti-Tank Shell

"Dr." Joe Jette, Barber Extraordinary

By John Dempsey

To the cadets of the 61st C.T.D. Joseph O. Jette is more than just a barber. He is a true friend and "good guy" to each and every one.

"Joe," as he is known to the many classes that have come and gone through U. V. M. in the past nine months, has always aspired to be a member of the medical profession. One of the first faces that new men see upon entering the venerable walls of Southwick is that of Joe Jette. He lines them up and conducts one of his own "patented" physical exams. Joe has passed more than one man with his professional hearing. Dick Casey, one of Southwick's old grads now at Nashville, will heartily endorse the fact.

All but five of Joe's forty-five years have been spent in Vermont. During those five years Joe established quite a name for himself in Montreal, Canada, boxing circles as an ambitious and clever pugilist. His ability in this field has not diminished with the passing of years. Southwick boys and one in particular, will testify to said ability.

Joe's boxing ability is overshadowed only by his generosity. He always supplies a few prizes awarded at the beer parties held on Southwick campus. If a cadet doesn't have enough money for a weekly inspection haircut, Joe will "trim him through until payday." (We don't mention this, but many a cadet has sneaked into Joe's chair to escape Saturday morning stand-by inspection!!!)

Further delving into Joe's life reveals that he is married and the father of one daughter. He began barbering in Montreal seven years ago on old Church Street, gave up an established business when he went to U. V. M. and work for the Army, and his Uncle Sam.

When writing of Joe, barbers and barber shops, it would be unfitting not to mention two other men that the cadets have come to know and claim as friends. These two men are John Durivage and Bert Gregory, who work with Joe in the Southwick Hall barber shop. Bert has a reputation as a checker player. Johnny has won his share of the tickle pasteboards of the cards.

When the war is over, Johnny, Bert, and especially Joe, will remain as welcome friends of all the cadets that have ever graduated from the 61st. They will be remembered by all.

Sorority Rushing Parties Feature Elaborate Themes

Tau Lambda Mus held their final rushing party at the Y. M. C. A. The party was in the form of a gay '90's party. The favors and decorated menus were all in keeping with the theme. Rushees were served a dinner of meat balls and potato chips along with various other dishes. After dinner the girls put on a skit which directly correlated with the theme. The skit contained a villain and all other regular actors of the gay 90's. Variations on different dances were done and then they all sang.

Turkey Dinner

Delta Phi Epsilon's entertained their guests of final party by a dinner at the home of a patroness.

They served a turkey dinner with dressing cranberry sauce and all the fixings. A one-act play written and enacted by the girls provided entertainment. The theme of the play inspired the favors which were little telephones. The whole play was a conversation of a boy and a girl over the telephone which was a story of college life. Everyone sang.

Alpha Xi Delta served a dinner to their guests at the Alpha Xi House. It consisted of hot tomato juice and hor d'oeuvres, chicken a la creole, gelatine salad rolls, cocoa, and sherbert and cake gave the finishing touch. The table decorations consisted of favors which were in the form of little quills in an inkwell on which the fortune of each guest was contained. Mrs. Gertcherl, the House Mother played the piano and everyone sang.

Alpha Chi

The Alpha Chi Omega's exposed their guests to the lower world paved with good intentions and all. Mephistopheles was there guarding the "lost soles" and the great fire. Upstairs was Heaven with pearly gates and angels. The favors were red devils and a center piece in the form of a harp decorated the table. The dinner consisted of baked meat loaf and various other dishes. All the Alpha Chis sang to their "Alpha Chi Dream Girl" whose rôle was filled by Jean Barry.

The Pi Beta Phi House was set with an oriental background for their final party. Mirrors with Chinese paintings on them and Chinese tapestries hung on the walls. Little parasols and Chinese screens with the menu on them were favors which were decorative to the table. A chop suey dinner and various other Chinese dishes in keeping with the atmosphere were served. A Chinese skit and songs of China were sung.

Sigma Gammas held their party at the home of Professor and Mrs. Rowell. The setting was southern and the favors and decorations were southern belles and mammies. After dinner a skit was given. The title of it was "Rhett Butler and Scarlet O'Hara of 1860 and Rhett and Scarlet of Today." All the mammies served a southern fried chicken dinner. Then one of the girls played the piano and sang.

Delta Heaven

Delta Heaven and a little bit of hell provided the entertainment at the Delta Delta Delta party. The rushees were escorted through the pearly gates of heaven by Benny Vail who enacted the rôle of St. Peter. The decorations consisted of phosphorescent paintings. Entertainment was provided by a toe dance by Jean Vogler and songs by a trio. There was also a skit concerning college life before the war and during the war. The "Moon Girl" was a rôle carried out by Alice Edwards. The Owl pledges served a creamed chicken dinner.

Kappa Alpha Theta served their dinner at the home of the Pearl's in the cellar which was in the form of of the *U. S. S. Theta* ship. A creamed turkey dinner was served to the guests by professors in sailor suits. The favors were little sailor boys. Shore leaves were given and every one went to the Theta House which was in the form of the "Theta Kite Club." Dessert was served and an orchestra provided music. A quartet accompanied the orchestra. Coffee hour was succeeded by singing around the fireplace.

Vermont Men Have Basketball Team

The Vermont men are ready to challenge any opponents in basketball. It might be best to say "any opponents within reason"! The squad this year is small, because of lack of material. Also the University offers no coaches, and the boys are doing both the coaching and the playing.

On the squad are: At right forward, "rangy top-shot artist" Paul Prior, former varsity member from St. Mary's High School in St. Albans, Vt.; at left forward, that "sensational passing, hook-shot artist" Chuck Arliss, from New Jersey; and at center that "handsome, popular, ex-high school star" Walt. Brown. Incidentally, Walt can shoot equally well with either right or left hand. The left guard berth is held down by that "hard working, dependable, set-shot artist" Harley Shepard. The right guard place is held by that senior chemist, Detterner "Too Too" Divine. Det is the fastest man on the team and is strictly a team player. Making a strong bid for one of the guard posts is the midget man of the team, "fleet-footed" Paul Heininger. Paul is also acting coach and manager of this year's team.

There is no definite schedule set up for the season and the team desires more games. One enthusiast says, "We'll take on all comers!" If anyone wants to take him up on the offer contact Paul Heininger, 308 College Street. Telephone: 1698.

Slade

(Concluded from page 4)

gleamed. Walls, floors and woodwork reflected each other like a handful of diamonds. Everything was given a final check and at nine o'clock each man stood by for inspection.

Citations in Order

Lieutenant Dixon, the inspecting officer, walked through the various halls and rooms in utter astonishment. Before going out the front door, he turned, smiled and uttered in a soft sighing voice, "Wonderful, just wonderful, men."

Later on in the day Pvt. Smith of the 1st Woodworkers Command received the highest award ever given to a G. I., namely that of the Purple Mop for contracting a serious case of housemaid's knee above and beyond the call of duty. The Croix De Soap was also awarded Danny Gerard and Dick Sehring for heroism on the walls.

More Odds an' Ends

This week's "Komic-Kapers" gives you a "sporting" review of Slade's Slickers. We see "Willy" Dugasy sporting a bare finger which once held a graduation ring. . . . Salerno and Shannon sporting their "Tan nosers union cards." . . . Emmet Honly sporting a sad face on the departure of his delightful wife. . . . Joe Sharky sporting Billet-Doux's (love letters to youse) from Marie K. of Newark. . . . Sgt. Trovaioli sporting his "beaver" stripes on his underwear and last but not least the new additions to the uniforms of O'Neil, Parko and "Denny Dimwit" Quimley.

By'e now.

VT. TRADITIONS TO BE PRESERVED

The executive committee of the U. V. M. Students voted for the establishment of a committee to preserve Vermont traditions for the post-war period. The committee will always consist of four seniors, two juniors, and two sophomores.

The members of the present committee are Julia Fletcher '44, Jake Katz '44, Agnes Mulholland '44, Helene Levesque '44, Francis Donahue '45, Vesta Stevens, '45, Guy Nichols '46, and Constance Perkins '46.

It is the function of this committee to gather all material available on U. V. M. traditions because it is widely feared that due to the accelerated program, many of the old customs may be lost and forgotten. First of all, the committee intends to delve into campus events that have already been affected by the war. Mountain Day, Lilac Day, and the Junior Week Parade are but a few of these time-honored events, which today are remembered only by the senior class.

The committee will assemble all traditions, customs, and other significant oddities in book form and will probably publish a portion of it for the student body. For that reason, the committee also intends to save copies of pictures which likewise pertain to the past of the University. And the CYNIC, cooperating with this movement, will furnish reprints of old cuts that are now stored in the cellars of the Waterman Building.

Since the class of '44 is the last class that had the privilege to spend its freshman year under normal peacetime conditions, the spadework of this important project must be begun before the school-year closes. This, of course, will entail a tremendous amount of work, and the committee expects to subdivide itself into many groups to tackle the job systematically and thoroughly.

The committee believes that it will be successful if in the post-war years to come, it can furnish the new generation with the ties of a happy past which will allow it to build a happier future.

Staff And Sandal

Last Friday afternoon and every Friday afternoon from now on, Staff and Sandal is sponsoring a music hour in third floor lounge at 5.15. Before supper anyone who enjoys symphonic music may either request music or listen to that picked out by the committee. Vesta Stevens is in charge of the hour and the faculty and students are invited to attend.

Social Committee Sponsors Many Student Activities

The Social Committee of the U. V. M. Student Government is the committee upon which rests the fun you receive from your $7.50 each semester.

This year, under the direction of Professor Deane, returning students of the University of Vermont got together on the front steps of Waterman Building and once again sang to their hearts content. Freshmen were initiated to Vermont's traditional songs at the Campus Sing held the first week of school.

Next we also took our turn at sponsoring a successful Saturday night "Vic" dance on October 9. This also gave the freshmen a chance to meet one of our social committee.

Then on October 16 the campus was turned into a confusedly colorful array of knick-knacks and gadgets as Vermont campus turned out *en masse* to celebrate our annual Hobo Day, the grand finale of which was the Beanless Bean Supper held in the men's gym. This was followed by round and square dancing with the very "willing" help of the detail squad.

A somewhat unusual convocation period was that in which Student Government sponsored our Intersorority Sing. This program was an attempt to restore on campus this tradition which in recent years, due to acceleration, has been shoved into the background.

Last spring Jeanne Bull was appointed the head of a committee to draw up a social program.

Following the example set last year, Student Government will again sponsor a cultural program. The tentative plans are being made and we hope to bring to our campus soon, national figures such as war correspondents, writers, dramatists and musicians.

Of course, the biggest event of all is Kake Walk which is so big that it rates a place of its own.

Alpha Xi Delta

Alpha Xi Delta announces the pledging of Mary Paterson '44 and Virginia Bingham '45 and the initiation of Natalie Beal '44.

Dorothy McCormick Roberts '42 is visiting in Burlington.

Week-end visitors include Ruby's Keith and Laura's Saint. By the way, does everyone know the dimpled boy?

Margo Benoit '43 was married to Nelson Simmons ex-'44 in August.

Dr. Walter D. Coking, ousted dean of the University of Georgia College of Education, has been appointed consultant in program planning by the federal security agency.

Have a "Coke"= Swell work, Leatherneck

...or how to celebrate a victory at home

Returning home with a captured Japanese sword, the husky Marine is greeted with *Have a "Coke"*. It's the kind of celebration he welcomes most. At home or abroad Coca-Cola stands for *the pause that refreshes*,—has become a symbol of the American way of life.

started and fostered it. It was a trial case, and the student's interest must be tried. It did and actual began to grow. There was controversy there were arguments and disagreements, but these were the signs of a healthy government. Students were interested, and when things were wrong they complained. That's as it should be. The students wanted the minutes of the meetings of the officers and executive committee published in the CYNIC each week for everyone to read. They also wanted the sub-committees to print their business and the results. And each committee has. Today our Student Government stands the result of a lot of planning and hard work. But the work is not finished. It's just beginning and now the time is as critical as it ever has been. What has the futility for making everybody and everything suffer and strain a little more to last. Its worth will have to be proved, and that is up to each of you students who are part of it.

NOTICE

The special Christmas issue will be devoted to creative writing. Anyone who has written short stories or poems is invited to submit them for publication. Material may be left either in the CYNIC office or in a box marked CYNIC in the Bookstore.

The deadline is Monday, December 13.

Phi Sigma Delta Dormitory is holding open house this coming Sunday, December 12 from 2.00 to 3.30. Everyone is cordially invited.

STUDENT GOV'T NOTES

November 19, 1943

[illegible]

It was voted that the rest of the cut system, as printed in the last CYNIC, remain as written.

Sylvia Westwood states that John Costello may help the Kake Walk directors this year.

A discussion followed as to whether we should plan a Kake Walk such as we've had in previous years, including individual competing skits and ice sculptures. Kake Walkers (girls?), or plan a different observance of Kake Walk by having one big skit including the best performers from each sorority. It was moved that a half-way Kake Walk this year would spoil the ones that have been held previously.

After arguments for and against a "real" Kake Walk, it was voted that we want a Kake Walk, including competition like those in the past.

A motion was made and seconded that we the U. V. M. Students, invite the Army to put on a skit in Kake Walk. It was so voted.

It was also voted that the Kake Walk King be elected from the civilian student body and not include the Army.

The meeting was adjourned at 5.15 p.m.

Respectfully submitted,
BARBARA A. BURNHAM,
Secretary of Student Government.

War Bonds for a Patriotic Present

[illegible] Christmas [illegible] that this year war bonds [illegible] unwanted gift of all. Not [illegible] a Christmas [illegible] the highest intrinsic value [illegible] giver and the recipient [illegible] a warm feeling that his present [illegible] also sharing with our men [illegible] War bonds are really as [illegible] superior Christmases to [illegible] part of the message. Surely [illegible] that sent to the nation's retailers [illegible] Christmas bond promotion [illegible] the thought that we must [illegible] action. We know that war [illegible] strongest link we can [illegible] happy day when men of [illegible] return to their homes and [illegible] once more be celebrated as we [illegible] and loved it.

Christmas "As It Ought to Be"

This will be America's [illegible] at war. Millions of Americans [illegible] one looked forward to this [illegible] time of joyous family reunion [illegible] spend it on foreign shores and [illegible] cities. Some will be in the thick [illegible] warfare. Others will be on [illegible] fested seas. Still others will be [illegible] ing on terrain gained only through [illegible] and devastating combat. Many [illegible] return.

These are the sobering facts [illegible] "Christmas as usual" impossible. [illegible] This Christmas instead of the [illegible] dedicate ourselves more wholeheartedly [illegible] than ever to "getting on" with the war [illegible] so that nations may again and [illegible] herald the return of "peace on earth."

This then is the task that [illegible] those who are left at home. We must decide how we can best "get on with the war" and yet preserve the very spirit and meaning that Christmas has had for us.

Christmas "as it ought to be" [illegible] means a Christmas in which [illegible] is needed for the war now and [illegible] families in the future will not be [illegible] on lavish gift spending.

We who are entrusted with the task of furthering the great War Finance Program have the responsibility of directing the nation's Christmas celebration away from riotous spending into the channels of purposeful saving.

Fifty-six students at Cornell University have received John McMullen regional and industrial scholarships with variable stipends up to $400 a year.

Chapel Scene of Student Speeches

[illegible]ation on Thursday, De[illegible] called by Student Govern[illegible] the student body an idea of [illegible]ments and aims of the execu[illegible] this year. The President, [illegible] gave the opening address, [illegible]nt members gave reports of [illegible]mmittees and projects.

[illegible]ally planned that the meet[illegible] open to discussion but time [illegible] this. However, if it is the [illegible]tudents there can be other [illegible] future which will not be [illegible] but which will give the stu[illegible]ance to discuss the affairs [illegible] government and to give sug[illegible]ture activities.

[illegible] the controversy over a Kake [illegible] it was announced that vot[illegible] against it will take place some [illegible].

[illegible] was adjourned after every[illegible] "Champlain."

Peace on Earth to Men of Good Will

Student Looks Back On Campus Life In Pre-War Years

In Spite of Changes, Feels That We're Lucky And Sees Good Future

We [illegible] to think about it our Vermont before the war. [illegible] the dirty [illegible] sweaters a cold at Redstone gym[illegible] and the Waterman Cafeteria when [illegible] were on. And we look back and thought we're proud to be reading our [illegible] another word the [illegible] did days [illegible].

Remember when all the frat houses were scenes of riot and frolic and treat Hell Week was on for the whole cam[illegible] Remember those freshmen in their [illegible] with paddles and the pie fights [illegible] there were the Rumsey, Lessels and the Delta [illegible].

And probably more memorable than anything else were the football games. There [illegible] and they were really wrapped in [illegible] and lively pep rallies cutting [illegible] of the bonfire and proceeding [illegible] for a hot dog at the end. There are those to remember [illegible] the stirring music of the [illegible] band, the cheerleaders whose [illegible] the crowd and yell as loudly [illegible] over the goal posts all endowed to make it the night of the year. And there was [illegible] to escape the freezing weather [illegible] and the whole crowd [illegible] to their feet and screaming as one person. And then there were those after game hot dances [illegible] the frat houses.

Once beautiful Redstone campus now restricted was our home. Remember those afternoons out on the Archery Range back at Redstone, with the sun shining bright on Mt. Mansfield in the distance, and the crisp cool air blowing running through the Country Club. Remember freezing warm Redstone those cold winter nights with the lights shining out into the dark for Redstone and dinner.

And then there was the Waterman Cafeteria where we had our coffee and cigarettes between first and third hours. That [illegible] where we rushed for midyears in

(Continued on page 5)

Ira Allen Looks At Campus; Compares Today With the Past

The snow has often at Christmas time covered the campus with its gleaming blanket of white, and oft, through it all, one sees the rough hewn bronze face of Ira Allen.

It is 150 odd years since Ira saw his first Christmas on the hill, and as he looks down on the campus of today, that spirit that is with us, still seems to softly say, "I've seen it all and much more."

Yes, Ira has seen much more. It was he who sounded the clarion call in those days of stress after the revolution, and founded U. V. M. He saw the rugged boys in faded blue go back to the bleak and cold hillsides after their great struggle for liberty and freedom. He knew that they needed the salvation of their souls and their children's, and that it could be found only in education.

Ira Allen sadly looks down on the campus. Many has been the time in the past that he has seen the boys leave for war. In '61 he saw our boys off to Gettysburg and Vicksburg. He heard them say in '64 "We bury our anger forever when we laurel the graves of our dead." He saw them off again in '98 and '14—off to the horrible fortunes of war. Many of those Vernont boys never did come back, and many came back maimed. Through it all the stolid figure of Ira Allen remained in the mind of Vermont, and through the years the statue seemed a little sadder and a little wiser. Still its head was bloodied but unbowed. Still the Christmas came and the merry shouts of college youths echoed like footprints in the snow. The snow fell in silver ripples and the campus grew quiet—all was lone and solitary, but through the crystal glistening, eyes twinkling, rough hewn and chiseled from the bronze, stood Ira Allen dressed in white.

Times have changed from those that we used to know and loved and as the Christmas season approaches again, all is different. Our life has been enveloped by a great conflagration. Gone are the days in which we were free from cares and worries. Gone are the Christmas formals that so gaily lighted the campus just before we left.

Yes, all is gone from what we knew. The Kake Walks, Freshman hazing, formals of the past are gone, but not forgotten. For old Ira Allen still stands, and looks down on the campus. I often as I pass him in the failing light of day, say Hi! Ira, and wonder what he is thinking about as he sees the boys in khaki file by where through the tall and stately pines once walked fellows in raccoon coats, and then in a slow solemn voice I hear him say, "I've seen it all and lots more."

The time will come again when this campus will be free, when the words "Peace on Earth Good Will to Man" will be echoed and re-echoed from Mansfield's golden brow to Champlain's crystal waters. That time is not far off and

(Continued on page 6)

Committee Elected For Frat Council

Dean Swift Speaks On Fraternal Life

The Interfraternity Council has again turned to reaction, and will attempt to coordinate all the fraternal groups on the campus into a united body.

Representatives of these fraternal organizations have met and formed a committee to replace the now defunct Interfraternity Council. It was decided to start the Council anew after a lapse of a semester and a half.

This committee is to carry on fraternal activities and events on the campus despite [illegible] days, and is acting with the support and advice of Dean Swift and Professor Carroll.

At the first meeting the following Inter[illegible] officers were elected: President, R. Pond; Vice-President, R. Gilmore; Secretary, M. Allen; Publicity Manager, M. McLeod.

At the second meeting held in the Student Lounge of the Waterman Building, all non-fraternity men were present. Dean Swift spoke to the group on the advantages and disadvantages of joining a fraternity. He concluded his talk by saying that the reopening of fraternities on the campus is the means for carrying on the men's organizations.

Professor Rowell spoke on the theme, "We have it, they need it", bringing out

Traditional U.V.M. Xmas Concert Held

The traditional Christmas Concert was held Sunday at 4:00 o'clock in the afternoon in the Ira Allen Chapel. The concert started with the organ prelude, "Noel" played by Miss Miriam Marston. At the end of the selection the familiar strains of "O Come, O Come, Emmanuel," sung by the University Choir, were heard from a distance. As the choir entered the auditorium everyone joined in singing the processional. Before the program began Rev. Raymond Hall delivered the blessing and the choir responded with "To, How a Rose E'er Blooming" by Praetorius. With the opening carol, "Chorale from the 'Christmas Oratorio'" by Bach, the true spirit of Christmas seemed to spread. The Polish "Alleluia" by Gaul [illegible] a certain majesty. The first solo was given by Eleanor Brownell in Gaul's arrangement of "Baloo Lou Lammy." Martin Shaw's "Patapan" was a very light, provincial air telling the joy of Christmas. Rodell's "Come, All Ye Shepherds" and Darcieux-Carle's "Noel of the Provence Waits" were both lyric pictures of the manger scene. "At the Cradle" by Cesar Franck was rendered in duet by Jean Vogler and Ellen O'Brien. In the following carol "The Sailors' Christmas" by Chamfinade the soloist was Lorraine Farrell. Then the choir delivered Berlioz's "The shepherds' Farewell to the Holy

Fraternities

Honor Societies

Student Government

Girls on Campus

Accepted Honors

Delegate Tasks

Last year there are certain established tasks to do and new ones to be planned. Some can best be done by men, some by women. Fraternities and sororities could be segregated these jobs. Other projects are better suited to class action or to the honor societies. With this distribution decided on by student government, or some group that represents the whole campus, let a drawing by lot determine which unit does the job. We will discover a lot of new leadership if we give it a chance to develop, and I believe that there is no group on campus that would fall down on an assignment when it was known that they were responsible. It might not be the job they wanted most but the next year they have the possibilty of a different assignment. Maybe the Thetas did a splendid piece of work on a particular assignment but the Alpha Chis will bring new ideas to bear on it the next year. Gold Key will be just as anxious to show Key and Serpent that they can do the same job better. Might not this be a solution to the war activities project, with different sororities and grouped fraternities handling the separate phases under a student government head?

Kake Walk

Let us take a specific example in the present year. Kake Walk. The CYNIC, December 1, carries the sub-head, "The girls will carry on until such time as U. V. M. boys return." I believe it was President Mills' suggestion that the girls would have to take over and help, but I do not for a moment believe that he expected the girls to fill all the parts of the production. Yet the girls seem to accept this as a mandate to be carried out personally do or die, "so that when the men come many come back to this campus," etc. Aren't we being a bit starry-eyed? True the past year we lost many of our men prematurely but every year a class leaves the college and those remaining have gone on not for the sake of those gone but because it is the University which represents both the past and the present, with hope for the future. We should face the fact that actually only a small percentage of these men will ever return to the University. They will be busy in new tasks of the post-war world.

There are Men

I'll admit that with so many units around they are hard to see, but there are men on the campus men who, though somewhat forgotten, are just as eager to be a part of U. V. M. and its traditions as any previous group. These men, and the ones who come after them, are the ones who will carry on the activities.

From the CYNIC again, "Better no Kake Walk than ... a gross distortion of the original." The essence of our Kake Walk is the Walkin' in de Kake, and this is necessary a man's work from the viewpoint of stamina if not for other reason. At the Medical College there are men who have had experience in this art. Why not call a mass meeting of all undergraduate men ask the medics to serve as instructors and give all our men an opportunity to learn. Not all will be expert but we will be preserving the technic. Have eliminations later and present the best of these.

Can't We Have Fun

Action

I would still like to see some action taken that would give the lie to the remark I heard coming out of the Union the day student government was voted on. "It all sounds wonderful but the same ones will still be running things and getting all the good jobs."

Why can't the faculty and/or the students let the students have some things to themselves? All right, now you can throw those stones fly.

LYMAN S. ROWELL

To the Editor of the CYNIC:

Tradition is a charming as well as a vicious creature, with which we are becoming dangerously preoccupied. "The past is too much with us, and the present looking back." We are not fighting on the battlefronts of this war; is it right to be preserving the symbols of irresponsible college days? It seems to me that since we are privileged to be experiencing education, we have a desperately serious obligation to acquire some knowledge that will enable us later to do a job in the world that will somehow justify our safety and security now.

It is a question to me, as it is to many others on campus, whether all the time and effort which goes in to a presentation of Kake Walk is justifiable this year. It will certainly be more of a burden than a joy to those who must participate, more pitiful than thrilling to those who have known the real thing. It doesn't seem likely that a festival of such long standing will die forever, if it is not held for one year, or even two or three. Can't we leave it in trust for the future, and direct our efforts to the more serious purpose for which we are here, that we may not be unworthy of those who fight in our place?

VESTA SIEVE

To the Editor of the CYNIC:

So as not to cause any confusion and in order that those who feel that they have reached a final decision concerning Kake Walk need read no further, let me say here that we are in favor of it. To you who have vainly sought schooling upon this campus let us offer a reasonable explanation. If you look back upon your college days, upperclassmen, what are the things you remember—are they not the days set aside for the mutual participation of the student body in some traditional festivity? These are the props to be found on any college campus, and these are the very props which in view of wartimes have seemingly been necessary to abolish. Is it reasonable, then to expect, having kicked these props out from under the freshmen and sophomores, that they have any sense of college spirit?

Kake Walk is Vermont's greatest tradition. This year a few minor traditions have been maintained but these are the traditions that in later years will be recalled.

Does Kake Walk mean so little to you that you can think only of the work you put into it rather than the maintenance of U. V. M.'s greatest festivity?

S.T.P. STUDENT RITES OF U.V.M.

Camp Grant, Illinois,
December 10, 1943.

... here tonight to begin a ... in the old Army routine ... known to the Med. School in ... having been grasped again by ... arms of the Army and ... back into the sterile bosom ... camp, we are develop.ng a ... sickness for U. V. M. I ... didn't have thought it pos... days ago when we were still ... the icy side walks and the ... us up at 5.30 every morning, ... now that there were certain ... at the University and the Ver... that made a fairly deep im... upon us. I don't propose to ... nostalgic, and I'm not at all sure ... my finger on the things I have ... But I'd like to tell you about some ...

... was our instruction. There ... points about it, and there were ... as there would be in any col... think the thing we particularly ... the student assistants. We ... them and we think they did ... well. We liked "Uncle Louie" ... Organic Lab, too, and it hit a ... when he came down to the sta... us off.

... personally, my history course ... in my mind above everything ... with Vermont. It was my ... draw the finest professor ... many of my four years of col... I can't help feeling that a school ... such professors must have ... deal of worth that is not im... evident to the casual stu...

... we get to bulling about Ver... inevitably come around to the ... girl. Most of us have put in ... time in the womanless wilderness ... camp to be insensible to the ... going to school on a coed ... Although most of us did not get ... Vermont girl very well, it ... table feeling just to have her ... could feel almost normal and ... And so we were doubly glad ... friendly and unsophisticated. I ... she could have filled the gap ... a Vassar edition of Veronica ... Mawron with ropey hair ...

... the things we constantly ... the unusual Vermont spirit. ... much about Kake Walk, ... but it has been described to ... terms by old students. The ... too collegiate to tell us ... liked their school. The ... more than a little good ... and it and I can imagine ... war campus life had more ... glad that we had not ... and cynical atmosphere ... We were very glad.

... some of the AST fellows ... and Rabbi Ende. They ... some fine times there. I ... some of the other religious ... equally well by the AST. ... a hopeless agnostic, as ... even I managed to find ... many

... not at Vermont long ... very well acquainted with ... the mountains, but several ... to climb Mt. Mansfield ... Camp before we left, and a ... one or two very satisfying ... Montpelier soaking up the ... sun and loafing along the ... outs on the hills.

... one who got very well ... the "outdoor bugs" among ... for me the Outing Club ... most typical parts of ... and the part I enjoyed ... my ski technique gave ... Mountain at a point where ... two miles of knee-deep ... and civilization.

Sunset

The sun gleams
and then is gone
behind the purple curtain
of the Adirondacks—

Dusk descends
on the long valley of Lake Champlain
and the sky is a faded rose
over the white roofs
rambling down the dark waters.

This is my last dusk
in Vermont—
This is the last sunset
I shall see glow
and die
in the haze beyond the hills.

Vermont has given me
her morning mists
her mottled maples
her harvest
her wisps of wood smoke,
the sparkle of her snow diamonds

the chill of her winter
locked down
beneath gray cobweb skies.

I must leave Vermont,
but I shall return
to find my sunsets—
my autumn
in the valley.

And here on this wind-swept hill
I leave a piece of my heart
to watch the ghost of sugar smoke
and the return of Spring . . .

I leave a piece of my heart;
It belongs to the lake and the hills,
It belongs to Vermont.

A/S Richard Clement Wood.

Leaves

Round about, straight away,
In circles, in lines—
Pools of whispers at his toes
In the stout rugged shoes,
Swirls of whispers soaring past him,
Teasing, laughing in flight,
He knows their message,
Kisses them with his smile,
Sends them along to her—
Round about, straight away,
In cicles, in lines.

The Axis Won't Wait—Neither Should You—Buy War Bonds and Stamps Today

Finally, Jake, I wish we could have finished that argument precipitated by your battle with Prince zu Lowenstein. I hope events in Germany will finally resolve it for us.

As I read over this letter, it makes me want to write broad, sweeping things about liberal education and the smaller colleges, but I'm afraid I've already written too much and said too little. Words probably aren't necessary, anyway. I suspect that most of you and of us who have managed to avoid the great education factories have a good idea what we gained thereby. Some schools have nothing to offer but techniques. We, on the other hand, might almost say that we have learned a way of life.

My regards to you and the rest,

BOB.

Christmas Eve

The candle's burning low
And crystal frost recedes
From warmth of taper's glow.
'Tis Christmas Eve.

Tonight I linger here
To think of thoughts withheld
For just this time of year.

I think of blue in heaven
And one lone shining star
Of desert caravans
And angels' wings afar.

I think of friendly eyes
And Christmas trees with lights,
Of fun and mistletoe
And frosty starlet nights.

Tonight I linger here
And send my thoughts to you
To bind our dreams, my dear.

The candle's burning low
And bells toll out the time—
The flame has ceased to glow.
'Tis Christmas Day.

Barbara Powers.

My Love for You

I do believe that God above
Created you for me to love.
He picked you out from all the rest,
Because he knows I love you best.

I once had a heart so gentle and true,
But now it's gone from me to you.
Take care of it as I have done,
For you have two and I have none.

If I get to heaven and you're not there,
I'll write your name on a golden stair.
So all the angels in Heaven can see,
Just what your love has done for me.

If you're not there by judgment day,
I'll know you've gone the other way.
And just to prove that my love is true,
I'll go to Hell, darling, just for you.

Alan Parker,
Southwick Hall.

Her Picture

The light of day and still the light of night
Glows through your eyes and causes them to shine,
As glass reflects the gleam of flowing wine
And magnifies the beam of sparkling light
To me, your eyes, with sadness or delight,
Can bring a tear or smile, or dream divine
To do some act for you—to make it fine—
As fine and fair as you seem, dressed in white.
You look at me with love and doubtful gaze;
Your eyes claim life and hope, not war—but peace.
Your eyes were never meant for sights like these,
But rather meant for wealth of simple days,
Wherein the roar of guns and bombs would cease,
And you might rest 'neath glass and frame, with ease.

Violinist in the Barracks

1. I was sitting on the wooden bench
In front of the tarpaper hut,
And the moon
Sprinkled its soft beams
Over the sand.
2. Suddenly—
Out of the low buzzing voices
Of the men
Out of the stirred silence
Of whispered winds—
I heard the low sob
Of a violin
Crying a melancholy
Cadenza to the moon.
3. I looked into the
Hut where the
Music swirled
And the soldier violinist
Stood at the far end
His finger quivering on the strings
His eyes set unseeing on the
Unpainted rafters of the hut
4. The sand of Motzart
Was in that room
The music
Swift and wild—
Soft and lonely
Living and dying
5. The smoke from cigarettes
Drifted in thin ribbons
To the ceiling
And the uniforms hung along the walls
Stirred uneasily in the gulf breeze.
6. A hush fell over
The men
And the letter writing stopped
And the shoe-shining stopped
And the card game on the floor stopped.
The men sat
Or sprawled on the cots.
Inanimate.
7. Only the bow and fingers
Of the violinist
Quivered with the music
Only the cigarette smoke danced
Only the uniforms hung along the wall
Stirred . . .
8. There was a strange ghostliness
About the spinning
Sigh and sob of those strains
Coming into a tarpaper hut
To play with the emotions
Of soldiers.
9. Strange that
This man
Could take up
A hollow box
And reach down into
The centuries
For a soul

We haven't heard any new rumors and, sticking to the old Army axiom of, "If you don't hear any new ones, start one," we are going out on the proverbial limb by saying that next week we will greet you from a new hall.

Ski Song

... Mountain ...
... slopes
And the woods are knitted deep
The skis are waxed and smooth as glass
And the trails are swift and steep

The world is silent, and glittering white
The air is crisp and cold:
The sky is a brilliant sapphire blue
And the sun is burning gold

There'll be time enough for dreams
When we're gaunt and old and grey
The grave is the place for sleep, my friend
Let's up and away today.

Francesca Doncaster

Companionship

Life is fullest when life is shared
Experience is richer when compared
Sorrow is lighter,
Happiness brighter
Existing in kindred minds and hearts
Life's beauty flourishes,
Life's duty nourishes,
In the medium companionship imparts

Daan Zwick.

L 'Envoi

Now sunset gathers in the restless remnants of the day—
Fold by fold—and forms a fiery curtain that slowly falls
Flares, then burns away behind the long blue hills.
Breathless I wait
And soon, in silence deep and darkness opened wide,
The cloud-hung moon will shine with light
Below and o'er the stretching dome of starry sky
To guide a faith that cannot shatter.

Corps Adjutant W. A. Ross wants to leave his book entitled "How to Goof Off and Get Technicolor Stripes," with any student officer that wants a promotion. Laffy' Travioli wants to leave his special goatlock to anyone that can live up to Laffy's goldbricking standards. Louie Wright says he won't wish Redstone's sky-churning job off on anybody! He does want to leave his line of argument with some eligible A/S however. Sid Zagnoli, the Brooklyn Einstein, leaves his super knowledge with Class D. (You will need it as you will see.)

And Furthermore

[illegible]

When you hear the famous battle cry "Bombs Away!" they can depend on the bombs and armor to provide ample protection. We will also have a good suit of armor for the burglar.

We don't wish the future classes any bad luck but we will gladly leave our share of last month's weather with them.

And God bless 'em!? To Pit Rite School we will give a new flexible telescoping "Nipsey" that will not take up so much room as the old one and can be reused, consequently cutting expenses and conserving materials and space! To the next class to move to Converse we leave the Hall in the same condition we found it!

"Parting is Such Sweet Sorrow"

We will miss many of the memorable

Typed From Topper

By Bill Hein

Sigma Nu, the cadet dorm with a student officer at every keyhole, appears to be well liked by its new tenants. The boys don't really mind the age of the home for Don Hollands, who sleeps near the front door, answered a knock three times one night before he found out it was just the termites playing hop-scotch. Speaking of scotch—well maybe we had better not eh Don? We have a lad named Richard Hartz who likes Scotch. It's the taste of his one and only back home.

Sergeant Cook showed the boys around the dorm and finally asked how we liked it. "Cozy," answered Roland Kennedy. "Really unique. This is the first time I've ever seen the walls pull out from the bed. I've never had to pump an upright piano before either."—Kennedy played the "CowCow Boogie" and it came out thick cream.

"Coke" Cook

Corps Commander Dalton proceeded to lecture to us on the subject of coke bottles. "I never had to bring a coke bottle upstairs and I never had to take a coke downstairs." What everyone wants to know is, "Why does Sergeant Cook always lose the toss up to see who will get them?"

Yours truly had a little trouble with his watch one day this week. Paul Heins approached me and said, "I think a girl found your watch. If you want it you can go to Helen Hunt for it." Then I ran into a character like Paul Hein. He discovered why ink is blue. He learned out of a clear sky. I know why it is blue. "You would be blue if you were in the pen doing a sentence. Please Paul!"

A girl friend of J. B. was stopping at a hotel this past weekend. She was surprised to find a bell-hop looking over the transom one night. Asked if there was embarrassment over the situation she replied, "Embarrassed! I thought he'd never get over it."

Cadets Pat Carbone and Mike Hall were trying to decide what to do with the evening.

Carbone: Why don't we go over to Converse house again?

Hallman: O. K.—Remember the time? The girls had to roll back the house mother for dancing.

ELMWOOD HALL

The girls of Elmwood Hall have spent a hectic week, and things are just beginning to improve. Their house director, Mrs. Underwood, was taken to the hospital Wednesday morning, and underwent a serious operation Thursday.

The girls are suffering the loss of their cook, Mary, who had to leave since her husband fell down a flight of stairs and injured himself. Until a new cook is found, the Waterman dining hall is serving meals to the Elmwood girls.

Added to these problems Elmwood didn't escape the influenza and colds that are prevalent on the campus, and Ruth Schoppe, Carolyn Kenney, and Gail Thompson were housed for a few days. Miss Crowley has moved to Elmwood, and is acting as house director until Mrs. Underwood's return.

Plea to Santa

Dear Santa Claus:

You won't be able to send a messenger to the U. V. M. campus this year to find out what is needed, because almost everyone is engaged in essential war work. So we thought we would save you the trouble by writing a letter. It may seem like a great deal, Santa, but we really and truly need them, and if you bring them to us we'll try to keep our names out of the big black book.

Dean Simpson needs about eight bottles of anti-cold pills. She's working so hard this year that she can't find time to get a good rest.

Julie Fletcher could use some new upholstery for her car. Now that she speaks in the Senate Chamber don't you think she should drive to the Capitol in style?

Professor Ladd of the German Department lives way out in Jericho and sometimes he gets snowed in. But if you could bring him a horse and sleigh then he could come all the way without getting stranded in Essex Center.

The faculty and student teachers really need a little time for meals. It's kind of hard to last a whole day on your breaklast.

All the occupants of the Prospect Street dorms ask for earmuffs so they can get a couple more hours of sleep. Not that they don't appreciate singing but very few people do at 6 a.m. when the Air Cadets march down to breakfast.

Shirley Wedge Thomson, Nancy Flemming and Jeanne Phillips would make good use of a railroad pass to Durham, N. H.

Mary Perry could use an adding machine to great advantage. Keeping track of students' bills really requires all the math she ever learned.

Could you bring all the men on campus a twin brother so that our man shortage won't be quite so acute?

Quite a few students need an individual snowplow to get out from being "snowed under."

Could it be arranged to have John B. Anthony here to settle the freshman girls' love problems?

A private secretary would be more than appreciated by Ruth Jordan and Pussy Perkins.

If Monroe Allen would like to take one of the co-eds to a dance of a Saturday night, a person to run his "vic" would be most convenient.

Could you bring all the girls a bag of walnuts for a change in diet?

The girls in the Home Management House would readily accept invitations to dinner in case their theories are disproved in the kitchen.

The CYNIC is badly in need of a successor to Jake who can do as good a job as he has done.

Last but not least, bring our boys back home. It seems impossible this Christmas but please keep this request in mind, Santa.

You'll find your lunch on the Boulder in front of the Old Mill. Would you rather have coffee and sandwiches or oranges and peanuts?

When we look back upon this year—indeed altered by the absence of the male element—will we remember how the girls came through and put Kake Walk over or will we recall how we let both the men and U. V. M. down so completely?

Sincerely,
POLLY CLARKE '44.

Newman Club Meets To Hear Speaker

Bishop Brady Speaks At the Student Lounge

"We must be bigoted where truth is concerned," said Matthew F. Brady, Bishop of Burlington in a talk to the Newman Club last Tuesday evening, December 7 at the Student Lounge. "For truth is more absolute than science and it cannot be denied," added the Bishop.

Bishop Brady, who is especially interested in the Newman Club, told the members that as Catholics they possess truth; they have the knowledge of the end and purpose of life, knowledge of their true beginning, and knowledge of the special heritage with which they have been endowed. And they cannot "wrap themselves in their togas" and let the evil world pass them by. They must battle out their eternal salvation by continuing Christ's mission of teaching the human race.

War seeks the answer to the question, "who owns the earth?" and we will never have peace until we recognize the Owner, God who made it. His Excellency said that nations must acknowledge the dominion of God and cease to believe they are the law in themselves before injustice and constant wars will come to an end.

After the meeting an informal reception was held at which time the Newman Club members were introduced to Bishop Brady by the president of the club, Patricia Crowely '44.

Student Meeting

(Concluded from page 1)

ham announced the postponement of the Pan-Hellenic Dance scheduled for this week-end, but assured everyone that it would take place in the near future. Sylvia Runnals, W. A. A. President, announced the cancellation of the annual Splash Party, and stated that if it was unanimously desired, it would be held some time next semester. Sylvia also spoke a few clarifying remarks concerning the activity sheets which were passed out at the door preceding the meeting. These sheets passed out pertain to the Point System which will more widely, and more fairly distribute campus offices. Every upperclassman was asked to fill out her activity sheet and hand it in at the close of the meeting. It is hoped that the long awaited and much needed point system will go into effect at mid-years or during the summer term. Marjorie Rubin, President of Staff and Sandal, gave an interesting history of traditional Lilac Day, and announced that plans were under way to sponsor Lilac Day this year under the direction of Staff and Sandal, and asked the cooperation of the entire Student Body for its success. Lilac Day will be held May 25, and further plans will be announced at a later date.

At the close of the meeting Frances Donahue led group singing of Christmas Carols with Phyllis Taylor at the organ.

The meeting was adjourned with the singing of the alma mater "Champlain."

Literary

Christmas Song

...Carols of peace, carols of cheer
Merry ringing and peace on earth
People gathered around a fire
Children gazing with delight.
...Good food, yr merry makers
...Good time, holiday cheer
...Jesus' day, Tomorrow Day, to God
...Knock it to another year
...Night's good will prevail over it
...Christ's arms cling tight
...Love melts fires of suspicion, fear
Love turns dark to light
...Lonely hearts tear filled eyes
...Vanish at man's thought of home
...Cheers, praise, and prayers rise
One shining star foretells a dream.

PEGGY PALMER.

Angel Tears

The soft sad sobbing of the wind
Among the pines,
And the whisper, whisper, whisper,
As the rain drops fall
Are the sounds of weeping angels
Whose everlasting tears
Are shed for those who die in war,
And the folly of it all.

FRANCES DONAHUE.

Pre-War Years

(Concluded from page 1)

'42 and '43, where friend met friend in our quiet leisurely way.

There were things on campus which only the seniors can tell us about. Of those midyears when each test was of three hours' duration and lasted for two weeks. Then each student expected a vacation of from two days to a week. Upon the seniors too, depend those traditions as Lilac Day, Mountain Day and Founder's Day.

And then there's the big celebration of the Vermont campus, the discussion of which is on everyone's lips—Kake Walk. Whether we have Kake Walk this year or not, one thing is inevitable—it will be different. Gone will be the fraternity skits with their split second timing, gone Joe Lechnyr's R. O. T. C. Band, gone those glorious sculptures before all the frat houses, and most important of all, gone the triumphant walkin' fo' de kake by fellows with months of practice behind them.

But now we're in another war-time Christmas season and we gladly accept these small changes. We eat our breakfast now in the overcrowded Coffee Corner, and we share our limited library facilities with the army. We've moved our CYNIC office and our classrooms back to the Old Mill again. We're not looking forward to the big Christmas formals this year. But we're attending more compulsory meetings, like convocation, and Student Government is getting things done.

You can all think of them, these things that are different this Christmas than ever before, and to each one there are things that matter most. But to none of us are they really important, we're too lucky.

From Our Street

...to home and fireside
That secret seemed about
...and three sunny hearted, boyish lads
Named Jim and Rod and Keat
Who, I tell you, are those tender
As they contented settled
Never knowing they were united
For a fearful hour, some day

...sure it cannot find one
It must be, but I know
That those three are out there batting
A madman's ruthless scheme!
...but it's true, it's not a dream
...boys are now braver men
...fighting as that every boy
May laugh and play again

For Keat now flies a bomber
Facing danger with a smile
Rod totes a heavy gun and pack
Over many a weary mile;
And Jim, on cruiser's lonely watch
Sees harbor lights grow dim
Those three small lads from our street,
Keat, and Rod, and Jim.

Oh, they will return to our street
Some day when the job is done,
When the sweat and the blood are over
And the triumph finally won;
But, in the meantime, always
Protect them, dearest God,
Those fighting sons of freedom
Jim, and Keat, and Rod.

MARY MITIGUY '47.

Sunset Recital

Sunset recital calls
The sun to the waves
The waves and the wind to the shore
The birds to the birches with throbbing throats,
The heart from the breast

Christmas Music

(Concluded from page 1)

Family" from "The Childhood of Christ." Following this last selection Reverend Hall gave the scripture reading. The concluding pieces were picked from Handel's "Messiah" with the orchestra's "Pastoral Symphony," the hymn "Rejoice Greatly" in which Shirley Lampman was the soloist and finally the "Hallelujah Chorus" by the entire choir. The audience joined in singing Handel's Christmas hymn "Joy to the World," which was followed by the closing benediction and prayer. As the prayer ended everyone remained seated as the choir sang the ever calm and solemn "Silent Night." The concert concluded with the traditional recessional hymn "O Come All Ye Faithful." Miss Marston played as the organ postlude Karg-Elert's "Gloria in Excelsis Deo."

The University Choir was directed by Howard Bennett, the orchestra by Ippocrates Pappoutsakis with its concert-master Mr. Michael Anselmo and the soloists were trained by Miss Elizabeth Bradish.

Dining Room Gives Christmas Dinner

December 14 saw the event of the annual Christmas party in the Waterman dining room. Special guests of the evening were President and Mrs. Millis. Decorations were of spruce and white taper candles with green centerpieces on each table. The waitresses were dressed in white and all service was done simultaneously. During the serving of the dinner, waltz favorites were played on the victrola. Christmas carols were sung by four college girls, Phyllis Taylor, Betty Rome, Kay Browne and Jane McNeil and everyone joined in on the choruses.

The Christmas dinner, planned by the dietitian, Miss Underwood was served in this order:

Fresh Fruit Salad	Cheese Sticks
Essence of Tomato Soup	Ritz Crackers
Roast Turkey	
Dressing	Giblet Gravy
Harvard Beets	Peas
Cranberry Sherbert	Hot Rolls
Relish Tray	
Hot Mince Pie	Cheese
Coffee	
Salted Nuts	Cigarettes

SUBSTITUTE VOTED FOR KAKE WALK

At the Kake Walk balloting held Friday December 17, the students of U. V. M. voted unanimously in favor of a substitution for Kake Walk. Most predominant of the suggestions offered was a big dance with some element of the old Kake Walk retained. Of these most frequent was exhibition Kake Walkin' at the dance. Other suggestions in their respective order were ice sculptures, exhibition skit, and king and queen election.

The results of the voting was as follows: substitution for Kake Walk 189, Kake Walk as usual 78, and no Kake Walk 55. At the Convocation to be held Wednesday, January 5, there will be a discussion of what the students wish to do about Kake Walk.

Air Corps Cadets Have Usual Farewell Party

On Wednesday December 16 at the Memorial Auditorium over 800 cadets and coeds danced to the music of Jack Collins and his band from 8 to 11.30 p.m.

It was a farewell party for everyone concerned. Cadets and coeds alike were leaving Burlington the following weekend.

LOST—Parker "51" fountain pen. If anyone has found it, would he kindly return it to Phyllis Butler, 2165-W. *Liberal Reward.*

Staff and Sandal Plays Recordings

"Music hath charms" is the principle upon which the girls of Staff and Sandal are basing their new project to foster acquaintance among students and faculty. With the passing of the Waterman Cafeteria, and the general preoccupation of the times, many have deplored the lack of time and place for the informal fellowship which means so much to those students and professors who believe in the mutual value of acquaintance beyond the classroom.

Realizing also the pleasure that might be derived from good music shared, the girls, at the suggestion of Miss Westby, their Advisor, are planning an informal musical hour, during which everyone may mingle, talk, read magazines, or in whatever may be his favorite way, enjoy the music of the masters. Professor Blume has consented to help in the selection and arrangement of the program, the time and place of which will be announced shortly.

Everyone is invited to come with his friends to enjoy the music hour provided by Staff and Sandal.

The More You Lend Today—the More You Can SPEND TOMORROW!

Editorials

The constitution of the Student Government of tomorrow was not visualized by one or even a few students. The idea behind the proposed new constitution is the expression of the U. V. M. campus of today.

The students who actually wrote the constitution article for article talked to very many students about the needs of a greater student organization and it was the listeners and the talkers, it was the U. V. M. campus, who wrote this milestone in Student Government history.

Student Union is a very nice organization, but it has accomplished its mission as a separate entity. To be sure, it took years to build up its smoothly running bureaucracy, but as a living symbol it has very little to offer today. Student Union has never really achieved the status of a self-governing organization because it has always placed too much reliance on its Council, and therefore the average student has never become a part of what may have been hoped to be an organization governed by the total expression of the student body.

On a co-educational campus like ours there is no need for two separate student governments. The proposed constitution is proof that there are ways and means to integrate them into one, and therefore more dynamic, organization. The new constitution provides for two vice-presidents and two chief justices, one a boy and one a girl. This provision allows for separate rules and different but equivalent penalties as far as men and women students are concerned. Other changes (see heavy type) have been made to permit greater efficiency as well as a greater share of self-government to pass into the hands of the student body as a whole.

Basically the present constitution is an adaption of the Constitution of U. V. M. Students with additions partly from the Student Union constitution and partly new. We do not believe that this is the final form of our new constitution but it is a blueprint which we can use to good advantage.

If at one of the next Student Government convocations students vote to accept the constitution published in this CYNIC as a blue print for the greater student government to come, then, as committees and at meetings they can go ahead and draft a final copy which can be translated into reality at the first opportune moment after the final campus vote has been taken.

Even the revised Point System falls short of its aim "to distribute more evenly the various duties among the women students." Under that system a person can hold the following offices: Editor-in-Chief of CYNIC, First Vice-President of Student Union, Vice-President of Student Government, and Council Member of Outing Club, to give just one combination.

We believe that the President of Student Government, the Editor of the CYNIC and *Ariel*, or the Treasurer of Student Government have their hands full so that they cannot take care of another office without harming themselves, the organizations, and the whole student body.

Two members of the CYNIC staff got together and re-wrote the whole point system. Under the new system a person can hold only as many offices as will add up to not more than 25 points. Since there are very

PREAMBLE

ARTICLE I—NAME

ARTICLE II—MEMBERSHIP

ARTICLE III—MEETINGS

There shall be at least eight mass meetings of the organization each year. [illegible] **Attendance at these meetings is required of every student regularly enrolled at the University and who is subject to its jurisdiction. One-half of the membership shall constitute a quorum at regular and special meetings of the organization.**

ARTICLE IV—ORGANIZATION

The regular officers of the U. V. M. Student Government shall be a president, a first vice-president (boy), a second vice-president (girl), a first chief justice (girl), a second chief justice (boy), a secretary who shall be a sophomore at the time of election and a treasurer.

[illegible]

6. To organize and to conduct a campaign at the opening of the college year in the women student living quarters in order to interpret the rules and regulations and to create a sense of personal responsibility on the part of the students for the observance of these rules.

[illegible]

2. To preside at all meetings of House Presidents of boys' dormitories.

3. To enforce all rules made by Student Government so far as the activities of University men are concerned.

[illegible]

1. To preside at all meetings of House Presidents of girls' dormitories.

2. To enforce all rules made by Student Government as far as the activities of University women are concerned.

[illegible]

1. To act as the Chairman of the Judiciary Committee and to preside at all its meetings.

2. To receive reports of all violations of U. V. M. Student Government rules and to refer them to the Judiciary Committee for disciplinary action.

3. To preside over Sub-judiciary Committee, consisting of women students, when violations of women students are tried.

[illegible]

1. To preside over Sub-judiciary Committees, consisting of men students, when violations of men students are tried.

[illegible]

Office Monopoly

[illegible] of the organization's affairs under [illegible] some important [illegible] possible [illegible] will contribute to the interest of the organization to develop a sense of responsibility and to experience the satisfaction of leadership.

First of all, let's not isolate U. V. M. and condemn ourselves before all others. It is well known that office monopolies exist on most college campuses. Yes, we might even have to admit that it is "just the way life is". Look at any typical community. A certain few individuals run everything. And yet, this fact does not excuse such a state of affairs. Perhaps, there is a way of preventing such, at least here at U. V. M.

Reasons

"What brings about this system?" The facts are obvious if we stop to analyze the situation. Every fall a new class is formed on our campus, composed of individuals from some two hundred different high schools. A group of a few having the ability to branch out into extracurricular activities, to scrub for the Cynic, join the track team, and probably pledge a fraternity. Besides successfully managing their studies. A second group composes a much larger portion of the class. These are the individuals who can't find themselves, are dazed by the glamor of college life. They are swept from one event to the next and are swamped by their studies. A goodly number of these pledge some fraternity. Finally, there is a group of individuals who are confused in their surroundings, don't know what to do with their spare time, and give their time to girls, else.

[illegible] are elected by the Student Council, Cynic board, [illegible] are appointed by WSGA, Y.M.C.A. and Student Union. In general nothing, they are guided by their [illegible]. Incidentally, many get elected [illegible] positions. Now, [illegible] what [illegible] and [illegible] the second

(Continued on page 4)

Editorials

(Concluded from page 1)

[illegible] two [illegible] offices, all of them [illegible] very little time a student in the [illegible] group can hold but one office and a student in the fifteen group two offices. This system will restrict the number of positions to [illegible] one person and it will therefore be much more in keeping with the aim of distributing offices more [illegible] on the campus.

The necessary decisions were taken off the point system since we believe that students should be barred from [illegible] in one of these societies because he or she holds already one or two important campus positions.

The new system should not be restricted to girls but also apply to the men students and their offices. The Interfraternity Council and [illegible] equal point standing.

A distribution of offices and duties like the one recommended gives us the only guarantee that people in office will be able to spend the time and the effort to make their undertaking a success.

[illegible]

1. To present the yearly budget to the student body immediately after it has been drawn up.

[illegible]

Executive Committee

By the first Monday in March the Executive Committee consisting of [illegible] four sophomores, two freshmen (at the time of election) and the regular officers shall be elected, these officers also to serve as officers of the Executive Committee. Term shall be for one year. Vacancies shall be filled by special elections.

Duties of the Executive Committee

It shall be the duty of the Executive Committee:

1. To bring to the attention of the student body all matters pertaining to the welfare of the U. V. M. Student Government.
2. To discuss matters of common concern with the administration.
3. To appoint a budgeting committee for the Student Activities Fund. This budget shall be submitted to the president of the University for approval by May 1 of each year.
4. To elect, to advise, and to direct its sub-committees.
5. To elect a student court.
6. To make all rules and regulations necessary for the execution of the duties mentioned.

Meetings

1. **Meetings shall be held at least once a week during the college year.**
2. Attendance at Executive Committee meetings is required of all members. Excuses shall be granted only by a majority vote of the committee members present. The vote on the absence shall be by secret ballot. Membership on the committee shall be forfeited by two unexcused absences.
3. An excuse stating the reason for absence of any member shall be presented not later than the next regularly scheduled meeting.
4. Minutes of all meetings shall be printed in the next issue of the Cynic.

Section 4—U. V. M. Student Court

Article I—Organization

Each undergraduate college shall have two representatives plus two additional for each two hundred students over the first three hundred. The two representatives shall be juniors or seniors while in office, and one must be a man and the other a woman student. The presiding officer shall be the First Chief Justice. Violations by men and women students will be tried by the men and women representatives of the U. V. M. Court respectively and separately. The three deans of the undergraduate colleges and the dean of women shall be ex-officio members of the Judiciary Committee. Either the First or Second Chief Justice, as the case may be, will preside.

Article II—Duties

It shall be the duty of the U. V. M. Student Court to try such problems of discipline and social conduct as shall be designated to it by the Executive Committee or the Administration.

Article III—Procedure

1. **The U. V. M. Court shall hear all cases referred to it by the Executive Committee or the Administration. Before imposing any penalties, the court shall give the accused person an opportunity to appear and to present his defense.**
2. **It may impose the penalty of reprimand or withdrawal of privileges, or if the offense is sufficiently serious, it may refer the case to the University Council.**
3. **The student must accept the penalty imposed by the Student Court but has the privilege to appeal to the University Council.**
4. **The U. V. M. Student Court shall set up a new system of penalties subject to the approval of the Executive Committee and the University Council. In the meantime all present penalties for women students shall remain in effect.**

Section 5—Student-Faculty Committee

Article I—Organization

The Student-Faculty Committee shall consist of six members of the faculties designated by the president of the University, the presidents of the six honorary societies of the sophomore, junior, and senior class, and the officers of the U. V. M. Student Government. The presiding officer shall be the president of Student Government.

Article II—Purpose

The committee shall establish close ties between faculty and students and advise the Executive Committee and the student body as to possible actions. The committee shall not have any legislative powers.

Section 6—Sub-committees

Article I—Membership

The chairmen of the sub-committees shall be elected by the student body. Sub-committee members shall be chosen by the Executive Committee and the sub-committee chairman. Term shall be for one year.

Article II—Names and Functions

1. *Finance Committee*—to cooperate with the treasurer in handling of the finances of the U. V. M. Student Government.
2. *Social Committee*—to draw up a social calendar and to arrange social functions in which all students may participate.
3. *Interscholastic Board of Control*—(joint Student-Faculty-Alumni) to arrange an athletic program which will meet the needs of all.
4. *Pep Committee*—to conduct pep rallies and other functions as to build school spirit and to choose cheerleaders.
5. *Religious Life Committee*—to arrange a religious program suited to the needs of the students.
6. *Freshman Orientation Committee*—to arrange a program for the orientation of freshmen at the University.
7. ***House Committee*—to meet with the vice-presidents and establish dormitory rules.**
8. **Scholarship Committee—to organize and carry out plans for promoting high standards of scholarship at the University.**

You can always tell an old Army man by that gleam in his eye whenever the words "Clothing Salvage" are mentioned. We've even seen fellows turn in old flour sacks for new underwear shorts Of course it's hard to ignore that "Gold Medal" trademark, but leave it to the Air Corps . . . The Converse boys scaring the living daylights out of certain Hot Pilots with tall tales of the Psychomotor and Physical tests at Miami. There's nothing to it really. All you have to do is be able to cross your eyes, follow a moving target with one hand, write poetry with the other, while knitting a sweater with your feet . . . And now to all and sundry, this column wishes a very Happy New Year

VERMONT OR ALASKA THAT'S THE QUESTION

There is weather and weather. But Vermont seems to have a particular kind of its own. In fact, the Air Corps Cadets call it a "tricky climate." They are sure our northern state must have had it patented for fear some less beautiful and less original state might copy it. But to copy Vermont weather would be a feat in itself. The old adage is scrupulously true —"if you don't like the weather, wait a minute." For here in Vermont we indulge in complete atmospheric originality.

For instance, we not only have winter in winter, but we also have it in the spring. It doesn't seem to phase the inhabitants or the Cadets who are of the hardy variety and accustomed to snow in the middle of April. The Bird Men were beginning to wonder if they would ever see spring with all the pretty flowers, birds, and foliage. Disappointed with the weather at their arrival, they soon became adapted to it. Most of them are from New York and New Jersey where they have the same kind of changeable damp weather. They thought Vermonters lucky because they could "air" all the coats they own in one single day while the Army called for the same coat all day long—no matter what the temperature. For instance, morning temperature might call for a fur coat, noon time a spring coat, a sudden afternoon heat wave might demand a "trench" coat, or better still, no coat at all, and then, just to complete the cycle, evening might dictate the wearing of a winter coat.

The Bird Men like it here on U. V. M. campus. They are sorry that Army restrictions as to their time off wouldn't permit them to learn to ski—something they wanted to do the first minute they saw Mt. Mansfield and snow. Many of them like the idea of going to college, especially when they thought they wouldn't see a campus again until after the war. They like our campus and all it has to offer, particularly in contrast with Atlantic City. Here they get scholastic training as well as Army training. They like the "mess" conditions here much better. The Cadets here are the first ones to be under the new training program. They feel that in all fairness to Atlantic City they must admit that they arrived there at the worst time of the year and that Atlantic City wasn't totally prepared for them. They hit Vermont at a mid-season, too, but after some patience on their part, the weather changed

We are glad you Cadets like our campus and our unpredictable weather as much as we do. What could be more beautiful than ever-changing weather, as iridescent as watered taffeta? And what could be more beautiful than the U. V. M. campus during a Vermont spring? We are all crazy about our weather, even though we must admit that South Sea Islanders might find it a trifle chilly.

HOT PILOT'S FIRST SOLO

He Lives In Fame

Some soldiers do their duty on far flung battlefronts, while others do their duty less spectacularly, with less publicity, and with much less squalor. We may not face the enemy, but nevertheless, there is danger, not facing us openly, but rather lurking, like a faint shadow in the background. Only a few short days ago, the shadow manifested itself, and stepped into the foreground, with the death of our brother aviation student, Harry Hollander.

He is the first of the Sixty-first to make the supreme sacrifice for his beloved country. He died as bravely, as heroically, as any man at the battlefront. He lived his short span fully, and usefully. He died knowing that his task was well worth doing

Harry Hollander has not died, for among us he lives in our minds eye. He is a vibrant symbol of our determination to end tyranny, so there will be no more sacrifices such as Harry Hollander's

Wiping away the fumes of C2H03 we feebly delve into the misdoings of our inmates. After a Harpo Marxian like affair, Bill Hein, Long John Townsend, and Laffy LaMire succeeded in routing a persevering and pugnacious gate crasher

Trumpet Munkert, after stopping the room "from making like a roulette wheel" has resolved to stop drinking—water

Hectic Holidays Hit Robinson Hard

Visitors and Parties Features of Week-end

By Albert C. Aronne

Well we're back on the ball again after a hectic Christmas holiday which was awfully paid for down at the cage during the New Year's week-end

Pert Gert Landsman was up for the week, visiting her husband, Little Willie. Gert has decided that she'd rather clothe than feed Bill cause he can really put it away (as witnesses at Bove's can testify)

Why has Dave (call me Lujack) Lepowitz been walking around in a daze of late? Maybe Margie can tell us? Dave, Al Parin and Johnny Maragioglio want to thank Marge, Ruth Denning and Jerry Paulison for the swell holiday dinners and suppers

Mr. Davitt had a swell party for us down at the U. S. O. New Year's Eve and we sure do appreciate it. Yours truly and Wally Burns ushered in the New Year as M.C.'s. Through the impending fog we announced the celebrities as they "sashayed" past the mike. All the Robinson men had hats and noise makers 'cause Burnsy gave them out.

Out in the kitchen Dick Barber yelled over to Redstone's Kemley "close the window, its cold outside." Quick like a bunny, Frank quips "So if I close the window, it'll be warm outside."

Characters, Characters, Characters

You should have seen Register walking towespropped between Barnes and Hering. Sunday nite, when all the scores were in, he proudly displayed a captured paratroopers cap and a slightly scarred countenance . . . Billy Kurich returned to the scene of his crimes (Robinson Hall) to carry his radio back to Redstone. He staunchly maintains that he was staggering cause he "was tired." We won't talk about Blacky Hawthorne or Baum C. C.

Under this heading we can't forget our boy the former Brooklynite, "Emell" Turner. This famous character, the Frank Sinatra of the 61st C.T.D., needed an audience for his new routine. Consequently, Robinson Hall had a fire drill

During our weekly Sunday nite session on Birth Control, Sammy Simone emphatically stated "Dere ain't no such ting!" Mrs. Sally Simone, incidentally will soon be seen pushing a baby carriage down Ave. P. in the near future The future Grandma and Grandpa Simone were up for the weekend (from Brooklyn, no less) to see their newly acquired daughter in law

Question of the week . . . What made Joe Basirico "throw soup" out of his window while pretty Gracie held on? She contends that he nearly forgot to let go of the "soup"

Southwick Hall Recovers Slowly

New Year's Spirit Still Hangs on

By Burt Bresnie

Southwick men are slowly but surely recovering from what has been the roughest holiday season yet displayed at U. V. M. Sunday night found them all tucked nicely in bed and Monday morning they arose praying for ice packs. The rough nights were over, but the after effects weren't. We don't want to accuse the boys of using intoxicating liquors but the unusual quietness of the hall Monday morning arouses our interest. And when a few fellows find themselves in the wrong bunks it does seem rather queer.

For my own information, I'd like to know how Abood ever got up to the second floor. It's quite impossible for a human body in that condition to even move. And yet what Abood calls a body was resting peacefully during bed check. Would someone enlighten me about this matter

Hello Girls!

Now that U. V. M.'s lucious coeds have returned, the campus seems to be more like it's old self. For two long weeks, a lot of sad cases dragged their sad pans around as if someone had just told them that there wasn't a Santa Claus. Such sadness has never been displayed around here in a long time.

Well anyway girls, welcome back to the "Burlington Playhouse." We trust you had a pleasant holiday, and with a little coaxing we might tell you a little about ours. Start coaxing

The Class "X" Boys

Everyone has heard about the class "X" boys. Those unfortunate boys of last month's graduating class, who were left behind in the dash to Nashville. If you haven't obtained the full details yet, you still have time. See "Sad Story" Giles for the true dope on the situation. Giles will unload his tears on anyone interested. He's the only one who isn't happy about the whole thing. The poor boy

Radio Show ! ! !

The announcement that the 61st C.T.D. will have its own radio show, each and every week, put the entire detachment in a trance. When and where this idea ever came from, is a mystery, but who cares? The idea is terrific. BUT—will youse guys carry it through? The guys in charge of the show tell me that they need more of this thing called talent. The 61st has all they need, but for some reason it fails to make an appearance.

Come on you bunch of no goods. Let's sign up for your show. Remember that it's your show. Get in it where you belong

Flash ! !

We've just learned that the "Garter Boys" are on the loose again. Where and when they'll strike again is the question that holds the fairer sex on pins and needles. They were last seen operating in the vicinity of the Phi Phis, but you other girls may be blessed with one of their famous visits. Who are they? Sorry. That girls, is really a military secret

Advice to the Lovelorn

Next time Jack Sampsell meets a friend (?) at the Black Cat (sober or otherwise), he should introduce his woman by her first name. That "Miss Perry stuff" doesn't go! His roommate Sonny Hering independently maintains, "Any chick I date has got to have a 27 jewel movement." And according to witnesses at the Black Cat New Years' Eve, he had several, straight from the factory

Just because she's the D. A.'s daughter and has a shiny new '41 Buick, and is pretty as a picture, is no reason for Bill Powell and Jack Schwab to be dating Marie McNauer and her solid companion Mary Gaynor

O. K. Time for this stuff to come to a screeching halt. (It says here at the bottom of the page, in small print.) Besides my Physics instructor wants my undivided attention

Dr. Julius Vixler Speaks at Vespers

Says Internationality Is Not Impossible

Pres. John S. Millis opened the Vesper services in the Ira Allen Chapel at 4.30. Sunday the 9th. by giving the invocation. The Rev. Skillman E. Myers next gave the prayer and its response. Rev. Myers preaches in the Unitarian Church here in Burlington.

Dr. Julius Vixler, who gave the sermon, is the president of Colby College. Doctor Vixler spoke of a man whom he called one of the great personalities of the world.

This personality was Dr. Albert Schweitzer, who was born in Alsace in 1805 and lived to be 69 years old. At the University of Strassburg he took his doctorate degrees in philosophy and theology. He was also interested in music. His book, "Quest of Historian Jesus," has greatly influenced modern theology. After becoming a medical doctor, he and his wife settled in Equatorial Africa. There he founded a hospital which he had to build himself. He was interned as an enemy alien during World War I, and after his release he worked to rebuild and re-equip his hospital. He had a complete devotion to the truth and the will to love.

Doctor Vixler developed the story of Schweitzer's life as an evidence, he said, of the idea of internationality is certainly not completely impossible.

Big Name Band for Masquerade Says Director Bob Pond

"Whether it's Kake Walk as usual or a one-night affair can't be announced yet," said director Bob Pond '44 in an interview last Sunday. However, if sororities vote to put on skits we can be pretty certain of a week-end carnival.

Attempts are being made to secure a big name band for the Masquerade as was popular in former years. There is nothing definite about that as yet but Bob assures students and servicemen alike of a very entertaining and gala week-end.

There will be "Walkin' fo' de Kake"—a tradition of long standing here at U. V. M.—but this year it will not be competition among fraternities. Eight different teams seem to be already to give exhibitions. Some of them are medics with many years of "walkin'" experience behind them. The prizes this year will be individual loving cups to each member of the winning team.

Ice sculpturing, too, will be a feature of the 1944 Kake Walk. The competition will be among the various sororities.

Bob is assisted by Shirley Buckingham '44 and an additional assistant director will be chosen soon.

Important Meeting of All I.R.C. Members

The International Relations Club will hold its regular meeting tonight at 7.30 o'clock in the Women's Lounge on the third floor of the Waterman Building. A very important business meeting will be followed by a report from Ruth Jordan on the Wooster Conference as an International Relations Conference. All members are urged to attend

There will be a meeting of Bluestockings, Thursday, January 13, at 7.30 p.m., at the Theta House.

Receives Doctorate

JOSEPH F LECHNYR

Vermont Musician Is Recognized by Univ. of Montreal

His Thesis on Moral Value of Music Wins Highest Arts Degree

Joseph F. Lechnyr, director of the University of Vermont Band and for many years Vermont's leading musician, has received from the University of Montreal the highest degree conferred by a college of arts—that of Doctor of Music. The thesis submitted by Doctor Lechnyr concerns "The Aesthetic and Moral Value of Music in the School, Community, and Church."

Doctor Lechnyr started his musical career in Cleveland, Ohio, at the age of four when he studied violin under his father, a violinist and bandmaster. He came to Burlington and U. V. M. in 1916 when he was asked by Major Leonhauser, commandant of the military department, to assist in organizing the R. O. T. C. band. At this time he was stationed at Fort Ethan Allen. After the World War Doctor Lechnyr decided to make Burlington his home and soon became an outstanding and familiar figure in the field of music in Vermont.

Among the musical groups which he has organized are the Burlington Symphony Orchestra (later absorbed into the Vermont Symphony of which he was co-director for two years), St. Joseph's Orphanage Band, St. Michael's College Band, Vergennes Industrial School Band, Middlebury College Band, University of Vermont Men's Glee Club, Middlebury Men's Glee Club, Cathedral High School Band, Orchestra, and Glee Clubs, and Chittenden County 4-H Club Band. He

"No Shoe" Dance Saturday Night

The first of the sorority sponsored entertainments will be held Saturday, January 15 in the Student Lounge. The Alpha Chis will sponsor an informal stocking (or should we say sock) dance. Girls and fellows are requested to wear heavy socks and dance in stocking feet, because all shoes will be checked at the door. Also ski clothes are the thing to wear (permission has been granted). The outdoor theme will prevail. Accent will be on having fun and being comfortable around the fire. And don't forget there are some interesting refreshments in order. The time is Saturday night from 8.00 to 12.00 and admission is 15 cents. SEE YOU THERE!!

(Continued on page 4)

U. V. M. DEBATES WITH MIDDLEBURY

On Thursday evening, January 6, an interesting debate was held by representatives of Middlebury College and U. V. M. The subject for debate was Resolved: Should the United States cooperate in the establishment and maintainment of an International Police Force. The speakers for Middlebury were Betsy Hornaday, Nancy and Adrian Northern. Those for U. V. M. were Lloyd Spiegel and Shirley Harris. An open discussion and refreshments followed the debate. Professor Perkins accompanied the Middlebury students.

The Rev. Earle H. Ballou, now of Chester, recently returned to this country on the Swedish S. S. *Gripsholm*, from a period of internment in a Japanese prison, will be the convocation speaker in the Ira Allen Chapel at the University of Vermont on Thursday, January 13, at 12.15 noon.

A native Vermonter, Mr. Ballou received his education at Vermont Academy, Saxtons River, at Yale University and at Hartford Theological Seminary, Hartford, Conn. For many years he has served as a missionary of the American Board in China, with headquarters in Peiping. For some time he was vice-principal of the Chin Chen Boys' Junior Middle School in the port city of Tientsin in Northern China. More recently he has been secretary of the National Christian Council of China, in which post he has been obliged to travel widely, even during war time. He was on the scene from the beginning of the Japanese invasion.

In his capacity as secretary of the National Christian Council, Mr. Ballou organized the North China Committee for Co-ordination of Emergency Relief, responsible for the distribution of half a million dollars of relief money among fifty local distributing agencies, both Catholic and Protestant, secular and religious in a wide area. He has also been on the board of directors of the College of Chinese Studies, chairman of the board of directors of the Peking American School, chairman of the executive committee of the Peking Union Medical College (Rockefeller) and a member of the executive committee of the China International Famine Relief Commission.

Jap Prisoner

When the present war broke out, Mr. Ballou had reached the Philippines on his way home to America, when he was taken prisoner by the Japs. Only last month, when the *Gripsholm* made her historic voyage, was he able to complete his trip.

Mr. Ballou has several connections with the University. His son, Lawrence H. Ballou, now in the service, was a member of the class of 1944. Mrs. Ballou, a graduate of Middlebury College, has been a student in the Summer School at the University. A former classmate of Mr. Ballou's at Vermont Academy, Merrill D. Powers, is a member of the English department at Vermont.

More Gold Stars For Service Flag

Since our service flag was raised as a tribute to the Vermont men who are fighting there are more gold stars to be added. Those men were Charles Ezra Hoag '37, who died August 2, 1943, in North Africa; Azel James Taggart '41, who died July 22, 1943, in Sicily; Harold Perrott Wood, who died of anoxia in the European war area October 20, 1943; and Wilfred Hassan Davis '43, who died November 26, 1943, at Port Moresby, New Guinea.

His mother writes of Lieutenant Davis' life: "His was a short life of twenty-three years. He was in his third year at Vermont when the Pearl Harbor tragedy aroused his indignation and caused him to enlist in the Air Corps. He graduated as second lieutenant February, 1943, and had been in the combat zone ever since. The details of his death are not yet given. General MacArthur was his commanding officer and wrote a letter of tribute from the Pacific area. His rank is now first lieutenant. . . . His special interest since reaching the Pacific area had been our

Help See Them Through—The U. S. Is You!

HEROES' FAMILIES SEND THEIR THANKS

January 4, 1944

Dear Captain Ernst:

I am grateful for your kind letter, and I want you to know your words of sympathy have helped a great deal.

To the friends of Harry, the boys of the 61st C.T.D. please accept my thanks for the beautiful flowers and thoughtful gift.

It would make me happy to see any of the friends Harry held in Burlington, and it would give me great pleasure and perhaps solace to have the boys visit me.

Gratefully,
JANET HOLLANDER.

January 5, 1944.

The Cadets of the 61st C.T.D.
Waterman Building,
Burlington, Vt.

Dear Friends:

I wish to extend my most heartfelt appreciation for your expression of sympathy at the untimely death of my beloved husband.

Your words were kind and your token indeed generous. Please accept my sincere thanks.

Gratefully yours,
HELEN DE LA RICHELIERE.

Slade Slickers Steal the Show

Au Revoir, Promotions, And What Have You

By BERT KRAMER

Orchids to Glen Hoover and Bill (Man of Action) Hart, who are leaving this week for classification in Tennessee. These two men are to be congratulated on the fine work and cooperation with the men under them. They rate tops with us. Glen has worked himself up to two gold bars while Bill is our new Squadron "Commando." We'll be rooting for you both all the way, lots of luck!

Still More Promotions

Now it can be told. . . . that Ex-Cpl. Dewhirst was promoted to a lieutenant recently; besides being a swell fellow he also stars on our bacsketball team. (Which, incidentally is opening the eyes of more than one hall now-a-days.) We've got our eyes on you for our next Squadron Commander, hope you make it, kid! . . . Pvt. Duffet jumped to supply sergeant not so long ago and is doing a nice job of it, too. (We love him like a brudder.) Van Bloom sports three stripes, too, careful though, he's dangerous when roused . . . Andy Law also wears the emblem of the tan nosers, now it's Sergeant Law of the Burlington Beavers. . . . P. S. Salerno also ran.

Lt. (B'klyn) Turner Takes Charge

The impossible has finally happened. Lieutenant Turner has been elected "Chief Slicker" at Slade Hall. Two or three nights a week we are forced, I mean are given the privilege of hearing him "make like Bob Hope," for an hour or so. We don't mind though, even if some of his corn was popped on the *Mayflower* (1621). He must think he's still in Converse by the way he gave that inspection last Saturday, though, for we did everything but clean the other side of the floors and still received plenty of gigs. But we still think he's tops.

What Has Happened to Justice?

It seems that Cpl. Lanze and Bert Kemper are not speaking now, due to a little incident involving twenty-seven tours. How some Corporals can be so eager! This isn't Germany, Corporal, lay down the whip! You only live once.

This getting up at five-fifteen is killing more soldiers; in Slade you get up, make your bed, wash, and saddle up on the window sill. (There's an art to it, ask any Slade man.)

The Piazza-Shirley spark has jumped to a roaring flame, since he got to dance lip to lip with her on New Year's Eve. Delagrange and company are making their

(Continued on page 4)

ROBINSON KISSES BEAVERS GOOD-BYE

By AL ARONSE

"The Way of All Hot Pilots"

We would like to express our appreciation to "Arty" Reed for the great job he's done managing Robinson Hall. Now that he is shipping, we can safely relate how much we like him, without any fear of repercussions. Lieutenant Turner has said, "When a hall likes its officers, it is time to get rid of them."

Although never "chicken," Arty was always on the ball, and kept the hall in line. He maintained our respect by never asking anything of us, that he couldn't do himself. One of his most famous quotes is "At's 9.30 men, get to bed."

His boy, Gustav Reuter, our amiable first sergeant, has also endeared himself in the hearts of the boys. Gus acts as our Hall Chaplain because of his very sympathetic nature.

Then there's the "Fighting Irishman" from Lynn, Mass., Wally "Me Father's Ears" Burns. He and his assistant Russ Moore, really kept us well supplied.

It's in the wind. . . . Georgie Schempp is leaving, we'll miss Cathy's cookies a great deal. (Oh yes, and George, too.) Morrie Silber will accompany A/S Schempp to Nashville. He is a "good Joe" and we loathe to see him leave. . . . "Joe" Lewis is looking handsome again, since Mary came back. . . . Wally McGrath and "Margie," the Riveter, are "that way." . . . . Mrs. Maines traveled to see her new hubby, Bill.

"Roy, do you like Mac?" La Mora was back to form Saturday nite. . . . J. J. Kinsella was observed wolfing at the Black Cat. "Moose" Maas observed his restriction by caring for Robinson Hall Saturday nite. Lieutenant Giamo became super-eager Sunday nite and had to put Mac, Moose, and Roy to bed three times. Jack Sampell is splitting his time between Winnie and Miss Perry. . . . The fellows in A. B. King's room would appreciate it if he would go to bed a little earlier. . . . "Never Say Die" Hering had that age-old gleam in his eye Sunday night. He slept very well, thanks. . . . The "Shaft" car was parked outside the Van Ness all Saturday nite. Don't ask me how I know!. . . . T. T. Moore and Wally McGrath walked off with "Redstone" Kucich's woman. . . . Gundaar Hagg has some real competition in Lieutenant Brossman. The famous athlete took the "Redstone Mile" with a great score—Caught: 3; Got away (Redstone minus 3)

This week's award: "The order of he Purple Shaft" goes to Dave "Tujack" Lepovitz. Dave was wounded with a bed pan, wielded by the linen maid at the Van Ness. The "Distinguished Service Shaft" was awarded to Ken Ott, Blacky Hawthorne, Warren Lewis, Ronnie Heinen and Charlie Barnes for accompanying "Tujack" on this mission.

New Flight Class

Robinson and Redstone Halls are going to start flight this month. It is rumored

June in January As Co-eds Return

By JERRY STEIN

There is a new air upon the campus, an undefinable mixture of "Apple Blossom," "Tabu" and flashing colors. After long and diligent investigation I deduced that the new atmosphere was due to a return of an old native of the locale. The specie is identified in the phylum Mammalia. It is further classified as Homo Sapia (coedia).

For two weeks there has hovered over the campus a lingering melancholy, a haunting sadness. One could gaze, of course, at the majestic beauties of the stately trees upon the greensward, oops, the whitesward, but one cannot deny from an esthetic point of view, that the co-eds have *MUCH* better limbs.

Looking at the return of the co-ed from a strictly commercial angle I quizzed the custodian of the P. X.

"Tell me," I queried, "Has the return of the lovely damsels stimulated trade?"

The response was amazing, according to our reliable informat sales on shoe polish increased 25 percent, Lifebuoy the soap that out-scents B. O. jumped 35 percent, and last, but hardly least, Vasoline Hair Tonic, for that patent leather look increased by an unprecedented 5 per cent.

Our greatest pleasure derived from the girls repatriation are the incredulous looks of sheer amazement and delight upon the simple visages of the newly arrived "Jeeps." It is as though someone proved that there is really a Santa Claus.

Now that they are back we welcome them with open arms, of course only on open post. Our theme for the week days is "Speak to Me Only With Thine Eyes." While on open post it runs to "For discriminating cadets it is co-eds two to one," or "Ask the man who owns one."

If Victory Depended on YOUR Bond Buying—Would We Get to Berlin?

that we'll be the hottest pilots yet. (Ask the Burlington women.) We have been looking forward to our "spins and stalls," for four months now and we are sure that we can uphold, if not surpass, the great records set by our predecessors.

Southwick Hall . . .

Services were held last night at Southwick Hall for the departing members of Class X." Poppa Bradley said a few words to the lost and then wished them all a pleasant journey to Nashville. Then arose Roy Duet upon the soapbox to say a few departing words. Tears were shed as Roy proclaimed that he'd no longer rule Southwick after Saturday, then, some smart guy had to spoil the effect by popping up with, "Write us a letter from gunnery school." (We took care of him later.)

Radio Show?

After careful planning and more than enough of sweat, Roland Kraus and Bill Sauter were told that the radio show, scheduled for last Thursday night, was called off. Why, where, who, what we'd like to know, too. Time will probably tell all, but I'm getting impatient.

Nashville Special

If I don't suddenly come down with metaforsos meudotis, the Nashville special will assure everyone that this is the last time I'll write up Southwick's dirty dirt column. I've never spent a more pleasant vacation anyplace and a trip back to Vermont is something I'm putting down as a must, in my little black book. But now Nashville hy ar ah come.

Ellis Ventures Election Forecast

Prof. David Ellis of the History Department will go to Montpelier, January 11, to speak at the annual meeting of the Vermont Chamber of Commerce. The subject of his speech is to be "Who will win the 1944 election?"

News from Coughlin House

Sunday evening, Mrs. Fred C. Webster was guest of honor at a formal buffet supper given by the girls of Coughlin House, 25 Orchard Terrace, and her bridesmaid, Miss Mary L. Fifield of Burlington. Mrs. Webster was presented with a pair of sterling silver candlesticks.

Later in the evening at an informal gathering Miss Dorothy White, '47, passed chocolates to announce her engagement Corp. James H. Rowell, Army Air Corps engineer, stationed at Gainesville, Tex.

Wisconsin men in military and naval service have the privilege of taking University of Wisconsin extension courses at their state's expense under a 1941 law.

Semi-Formal To Be Held After Exams

Pan Hel Intersorority Affair Will Be in Gym

The Intersorority Semiformal will be held February 5 in the Gymnasium according to information received from Co-Chairmen Lila Blumberg, '44, and Shirley Needham, '45.

This dance sponsored by the Pan-Hellenic Council is an unusual affair and is given in honor of the newly pledged sorority members. This year the dance had to be postponed because of sickness and Air Corps restrictions.

The dance is a girl-invite-boy affair with girls in evening gowns and boys (or wolves) in "civies" or uniforms. Music will be by the Army Air Corps band and decorations will be produced under the direction of Peggy Lake who has already contacted 100 cadets to do the job.

Dean Simpson, Professor and Mrs McKee, and Professor Pappoutsakis have been invited as chaperones to keep a closed eye (or two) on the affair.

Refreshments will be served and no tickets are necessary for admission.

WAA Winter Sports Tournaments Ready

Funds Contributed for U.V.M. Skating Rink

At the meeting of the W. A. A. Council and the managers of the winter sports clubs last Friday night a great deal of business was accomplished. It was first voted that this semester's winter sports clubs should be extended until February 22, and then there would be time to hold all the tournaments. The individual clubs may hold tournaments at the end of the second eight-week periods also if they wish to.

W. A. A. agreed to contribute funds toward the opening and upkeep of the skating rink. W. A. A.'s quota is one-third of the total amount necessary. Anna Hoos has made plans for a very active skating club this winter and W. A. A. hopes that with a well organized skating club all those who possibly can will take advantage of the rink for it is an expensive proposition.

The modern dance groups have been working hard for several weeks on their part in the Lilac Day program which is to be held this year for the first time since 1941. Phoebe Von Paulsen, who has been so active in the modern dance workshop, is transferring at the close of this semester and so it will be necessary to elect a new president to fill the office which Phoebe leaves vacant.

For sometime now W. A. A. has been working toward having a cabin of its own, and it is for this reason that dues are collected from club members. There is now $127 in this fund.

Phi Sigs Hold Initiation

Phi Sigma Delta Fraternity, 381 Main Street wishes to announce that Walter Robert Stern, '47, of Dannemora, N. Y., was duly initiated into the fraternity last Friday evening. The ritual was held at the home of Edward B. Reiter of Silver Court in Burlington.

"Lost and Found" General

NEWMAN CLUB TO HAVE DISCUSSIONS

This year the Newman Club has organized discussion groups which will meet every two weeks at the homes of their group leaders to discuss "Christian Marriage," a topic which was chosen by the members. The group leaders this year are Jane McAuliffe, Ita Casey, Joanne Garrity, Nancy McNamara, Patricia Crowley, Mary Mitiguey, Frances Witham, Virginia Rose and Bill Fagan. Several of them have held meetings already while others plan to begin their meetings after midyears.

On Sunday afternoon the executive council met with Miss Katherine Nulty, Faculty Advisor, and made plans for the February and March monthly meetings. Ita Casey, social welfare chairman, was commended by Miss Nulty for her social services at the orphanage during the Christmas holidays. It was announced that the next Chapel Hour will be held on February 1.

Present Speakers At V.C.A. Meetings

Meetings of the Vermont Christian Association are scheduled for every other Wednesday night at 7.30 in the Religious Life office, 265 Waterman. Rabbi Ende is scheduled to speak on the Hebrew religion at the next meeting, Father Julian, Catholic Chaplain of the Air Corps will speak at some future meeting.

Plans are being made for the "Little Chapel," a project to build a small room in the basement of the Ira Allen Chapel for devotional purposes. Building will be started in the near future.

ATTENTION STUDENTS!

Do you want a good 1945 *Ariel*? Do you want a book that will be really worth keeping, one that will bring back memories of U. V. M. days?

Then start now to take photographs and snapshots for the *Ariel* contest. Prizes will be offered for the best pictures.

Send shots to Rose Eisman, 368 Main Street.

Louis Fischer, Authority On Russia, I. R. C. Lecturer

Large Group at Last Week's Meeting: Ruth Jordan Reports on Wooster Conference

Louis Fischer will lecture at the University, Thursday, February 3 at 8.15. His subject will be "The Russian Enigma." The program is sponsored by the International Relations Club and will be held in the Ira Allen Chapel.

Mr. Fischer, an authority on Russia, has traveled extensively throughout Europe, and 14 of his 18 years as European correspondent of *The Nation* were spent in Moscow. He is the author of the best selling books *Men and Politics* and *Dawn of Victory*. He will give his answer to the question "What role will Russia play when the war is over?"

Students of the University will be admitted free. Admission for faculty members, the army, students and townspeople is 55 cents. Tickets will be on sale at the Bookstore.

I. R. C. Meeting

The month's meeting of the International Relations Club was held last Wednesday evening at 7.30 in the Women's Student Lounge in the Waterman Building. A large group of I. R. C. members met to hear Ruth Jordan '45 guest speaker who gave an interesting report of her recent visit at the Wooster Conference in Ohio, and stressed items of interest peculiar to post war planning which were sources of discussion at the Conference. Miss Jordan brought forth several suggestions concerning the active participation of the Christian Churches of the world in their combined effort to win a just peace and an improved world society. It should be brought before the minds of all Christian peoples that religion is playing a vital role in the progress of winning the war and in furnishing the basis for post-war reconstruction. Ruth also revealed that she never realized the essence of international relationship until she went to Wooster, and instantly became friends with young people from every corner of the earth, with no conscious effort whatsoever. The secret of amicable international relations is combining in unity for a common goal and purpose, beneficial to each and every country of the world—the victorious or the conquered.

Peggy Palmer, '44, and Virginia Rose, '45, were appointed co-chairmen of the Publicity Committee, while Constance Perkins, '45, is chairman of tickets. Many members who were absent from this meeting will be called upon to serve on either one of these two committees.

The club was very pleased with the presence of Air Student A. Monroe and was encouraged with his enthusiasm and interest. All Air Crew Students who are free at 7.30 in the evening are welcome to attend any I. R. C. meeting and they'll be assured an interesting evening.

New Infirmary for Students Planned By the University

Wheeler Home, Corner College and Prospect, Discussed by Alumni

An informal committee of alumni and friends of the University of Vermont, it was learned today, has purchased an option on the old Wheeler property at the north-west corner of South Prospect and Main Streets, and plans to undertake an immediate campaign by which it hopes to arrange for the purchase of the property within the next two months.

The desire of the committee, which is concurred in by the executive committee of the board of university trustees, is that the property be converted to use as a student infirmary, for cases of illness not serious enough for hospitalization yet requiring care. It is further proposed that the infirmary be a memorial to Pearl Randall Wasson, first Dean of Women of the University.

More adequate infirmary facilities, according to Pres. John S. Millis, are the University's most urgent need. At present there is virtually no way to care for light cases of illness among students residing in dormitories, fraternities, sororities and boarding houses, and no provision for isolating contagious cases. The Wheeler property would provide space for approximately 36 beds, in wards and private rooms, for both men and women students, and would also afford headquarters for both men's and women's consulting physicians.

During an entire century this old brick house has been closely associated with the history and traditions of the University of Vermont. It was built by John Wheeler, sixth president of the University, about 1842, and remained until 1943 in the possession of his descendants. It was in President Wheeler's study, in 1848, that the local chapter of Phi Beta Kappa was founded. Strategically located, opposite the southwest corner of the main campus, the property would make a natural addition to that already owned by the University.

ARIEL TO BE OUT FOR GRADUATION

The 1945 *Ariel* is progressing according to schedule and will be out at the end of school if all goes well. This edition will be smaller in every way due to wartime restrictions. The only reason for the book not coming out on schedule would be a delay in printing because of a drastic cut in the engraving staff. In fact, the editor, Ruth Jordan, states that we are very lucky to have an *Ariel* at all this year. Ruth wishes to say also that everyone on campus is helping to do a swell job by his cooperation and willingness to work.

It is still not too late to hand in pictures, so if you want to see your friends or yourself in the *Ariel* give your pictures to Rose Eisman before February 1.

There will be an important meeting of the Student Union Council Friday, January 21, at 7.30 in the Women's Student Lounge, Third Floor, Waterman Building.

BARBARA HALL, *President.*

Owls Will Sponsor Fraternity Formal

On next Saturday night, January 22, the Lambda Iota Fraternity of the University of Vermont will sponsor a dance, formal for both men and women. This dance is being held for all fraternity men in the Air Corps, A. S. T. P. students, all civilians on campus, and all medical students who are former students of Vermont. This dance is being held in memoriam of the first Gold Star on the service flag which stands for a Lambda Iota man from the class of 1939. Jack Collins' band will furnish the music for the dance and the proceeds will be given to the Mary Jean Simpson Scholarship Fund. This dance is by invitation.

The room looked empty. There was a piece of rope, a bed, a chair, a table. There was a human being. There was a piece of rope—for the human being.

It happened in a German prison camp in the United States. It happened after the soldiers in it had been defeated on the battleground, had been cared for by generous Americans, had been given a chance to show how fed up they were with Nazi doctrines of intolerance and ill-will, had been given every opportunity to prove their Christianity if they had any left or ever had any.

But they are still Nazis. Still ready to kill and murder those who never could subscribe to their code of hate and bloodshed. Surely, a few decent Germans are left and more will be left in the graveyards of the homeland, shot in the back at the front, and driven to suicide in our prison camps. There was a human being and there also was a rope.

The war will not be over when the feet of our soldiers stamp through the streets of Berlin. Peace will only be ours when we have stamped out the Nazis, a German menace, ruthlessly and completely. Let us not forget it. The Nazis can only be cured by bullets. There was a rope in the prison camp; there must be ropes for Nazis.

It is with more than just "righteous indignation" that we write these sentences. Three German prisoners had to kill themselves to escape the revenge of their Nazi brethren whom even defeat could not make human.

Let us remember when we get soft: There was a rope for a member of humanity, and no pity, no compassion on their part.

Kake Walk

[illegible]

More Nazi Culture

[illegible]

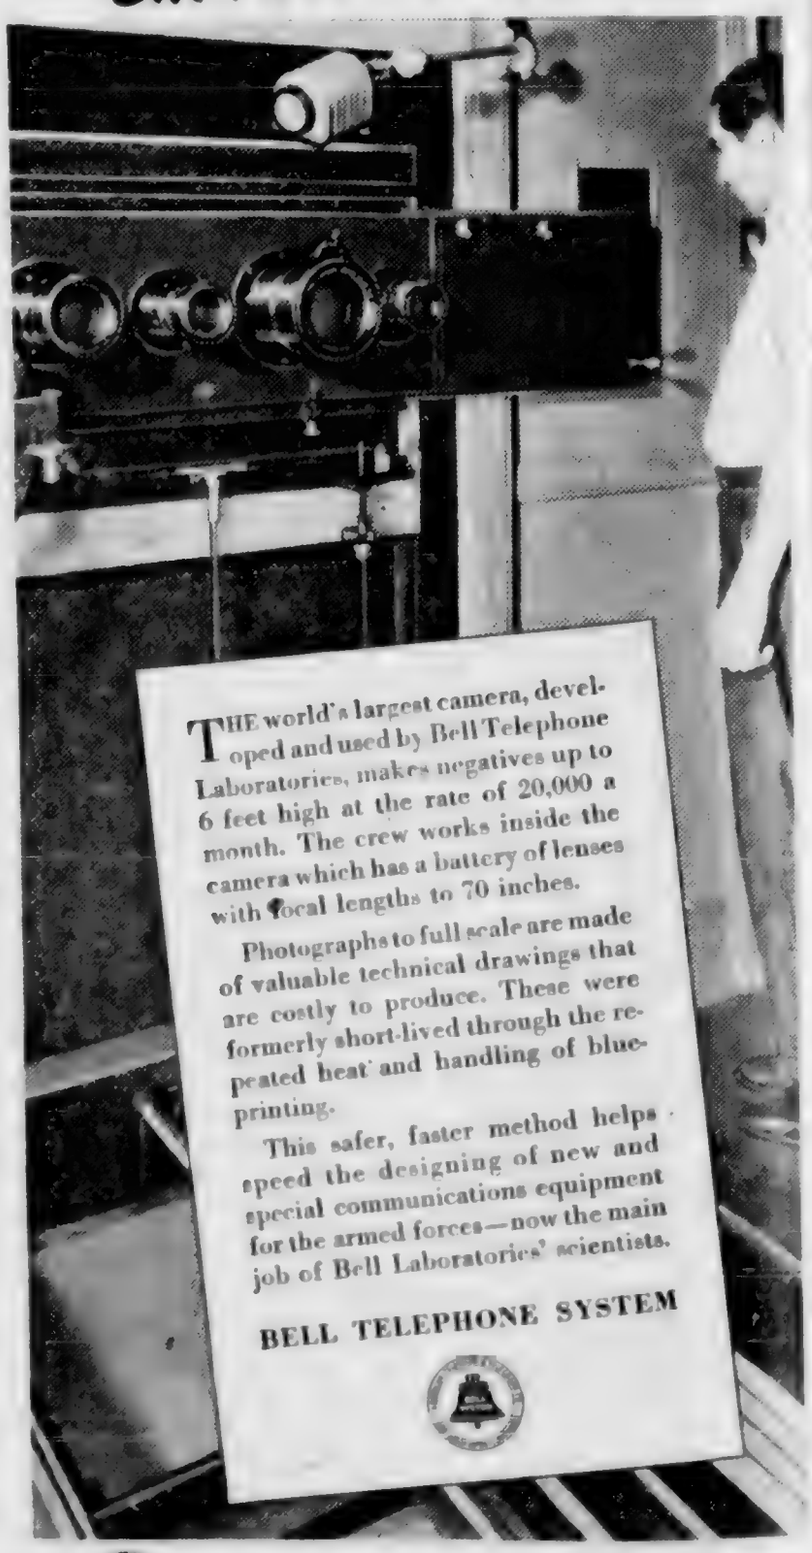
From [illegible] camp comes [illegible] Nazi ... speaking out [illegible] ... against the Hitler cult. The [illegible] Lieutenant at Canada's No. [illegible] ... [illegible] ... committed suicide at the Concentration Internment camp after [illegible] ... [illegible] ... court martial and found him guilty [illegible] ... of the Nazi code.

According to the service command [illegible] ... investigation revealed that Capt. [illegible] ... [illegible] ... himself after having ... [illegible] ... by fellow prisoners of ... [illegible] ... remarks against Hitler and his ... [illegible] ... gang. He escaped by means of the ... [illegible] ... but when they were brought to the ... [illegible] ... Council prison.

After the court martial composed of his fellow officers ... [illegible] ... had ... [illegible] ... time in which to ... [illegible] ... Trapp took his own life. He was ... [illegible] ... room his quarters by fellow prisoners and taken to another room where he was left with a piece of rope, a bed, a chair, a table and his personal belongings. Thus he was given the opportunity to take his own life in what was described as the traditional German manner for an officer in disgrace.

Two other suicides in the camp at Concordia are being investigated. The first was Capt. Gustav Dorman last August. The [illegible] was Private Franz Kettner, an Austrian ski scout, who was buried January 12. He slashed his wrists in the camp guard house where he was placed [illegible] ... [illegible] ... at his own request after [illegible] ... officials "they're after me."

None of the 4,000 Germans [illegible] ... the camp would attend Kettner's funeral. Guards were told he had disgraced the Nazi party, that he had become an anti-Nazi. He left two letters explaining his loyalty to Free Austria and his hatred of the German Reich. One of the letters said he was afraid the Nazis were going to kill him. This fear seems to have grown upon him until it caused him to take his own life.



Thus does the Nazi system claim its victims even into prison camps in a foreign country and wreck its venom upon them.

Sarge Dwyer, If You Please

Sgt. JAMES DWYER [illegible]
He [illegible] on post [illegible]
Every morning at 7 [illegible]
All ROTC men who [illegible]
Listen to the sonorous snore
Of Brooklyn's Melchizedek [illegible]
It's up and down
Get turnin' around
Dan, hurry up DURELL!
Your shafted Murphy
I got you SPIEGEL!
Your excuse ain't legal—
Well, well MR. WEST!
So you think you're best
Yes, yes SARGE DWYER?
Get stuck in a mire
For in Pure Brooklyn Line
We don't like to play Ellis
But soon we'll be gone
To some place foreign
And still, we'll never forget [illegible]
ing gabout
Who taught us to grip and [illegible]
so well.

"CANDID" CAMERA SHOOTS SIX FOOT NEGATIVES!

THE world's largest camera, developed and used by Bell Telephone Laboratories, makes negatives up to 6 feet high at the rate of 20,000 a month. The crew works inside the camera which has a battery of lenses with focal lengths to 70 inches.

Photographs to full scale are made of valuable technical drawings that are costly to produce. These were formerly short-lived through the repeated heat and handling of blueprinting.

This safer, faster method helps speed the designing of new and special communications equipment for the armed forces—now the main job of Bell Laboratories' scientists.

Blameless life.

Slicker Kramer Tells the World

By Bert Kramer

Last week's column seemed to have aroused quite a rumpus with some of the local, so called "critics." Cries of "Beaver," "Brown-noser" etc., have been tossed at this columnist from all directions. Evidently some of Slade's student officers are not as popular as I had reason to believe. I was flattered, however, to know that someone else, besides myself, reads the column. What gave me the greatest laugh, was the fact that those who shouted "Beaver" etc., had quite a few (large) freckles on their noses. "Nuff" said," any other suggestions on the subject will be taken care of by my secretary, who can be found in the waste basket on Tuesday, Thursday and Saturday, please leave all suggestions with him.

Sgt. Van Bloem is in the cinema business now. Every Sunday night there will be a double feature and a chapter of "The Flying Cadets" (Ta!, Ta!). Admission—one "spiked coke." Sorry, no Mickey Mouse, but an autographed photo of Van Bloem, will be given to the winners of the Bingo games, following the show.

This weeks "yo-yo" goes to "Andy" Law, "Jud" Mullaney, and Thomas Quinn, who were fortunate enough to get a ride in a P-39 over the week-end. Thomas was sorry he ever started and made up his mind to carry his leggins with him, next time. "All together, but not too loud" ——!

Lovelorn Notes

"Freddy" Prior is receiving mail from a "wildcat" in Winooski. Marion (that her) is the home type, and "Freddy" is having quite a time trying to get her to come to Burlington. Soon!

Did you know that Willy Dugasy was window shopping for the "rock," which is usually given to signify engagement. Her name is "Terry" Halo, she operates a lathe at Bell Aircraft. "I can (burp!) hold it" Tarvinski is giving 500 to 1 that a wedding will take place before he goes to Nashville.

But now . . . I have to go—here comes a student officer.

Robinson Week-end a Varied One; Tours, Jam Session Are Highlights

By A. Aronne

Being a free man, and not having to walk any tours this week-end, the past 17 hours of "Open Post" really flew by. —Did you ever walk tours??? Some people claim it improves your appetite, others say there is nothing like it for fallen arches. A few of the boys even go so far as to say there is nothing they like better than a nice brisk walk around the "cage" for 2 or 3 hours. But they are very few. Now let's see, what did happen this week? No fights, no broken windows, no wash basins ripped off the wall, no one missing from bed check. . . . Well, almost no one.

Robinson Hall, en masse, had its line check Saturday morning. The future hot pilots were really "keyed up" and expect to "buzz" the Black Cat, the U.S.O., the "immortal" Van Ness, etc., before they complete their ten hours. The boys all have agreed that their instructors are "swell"—so far.

"Chief" Jacobs of Redstone spent most of his week-end with Robinson men. Saturday night he was taking down addresses right and left at the Black Cat . . . Wally McGrath was also seen at the "Cat." He was advising all well wishers to "come-a-shootin'". Loretta is nice but where was Margie, Mac? . . . With the "better interests" of the boys at heart, I took to the floor with Toni Francis, that self same night. She can really "hop" Brooklyn style. Maybe that's what I see in her but if you ask the boys they'll tell you different . . . Sonny Herings "current," Dotty Motville, always keeps the party alive with her swell sense of humor. I wonder if she sees "that light" in his eyes. (Red) . . . I've been asked to find out who is going steady with Edith Gibson. Anyone having any information on the aforementioned character, please contact me at Robinson (246).

"It's in the wind that" . . . "Tommy" Leach, more commonly known as "Sandbox" (we'll due respect to the late Mr. Zeigfeld), actually blushes when anyone happens to mention Marilynn Perra in his presence . . . Roy LaMora's portrait of Jack Sampsell is really something to see . . . that Bill Soble, after a long and determined campaign, managed to recover his ring from the proverbial "farmer's daughter" . . . Bob Hine had to quiet Frank Kulbako down when he tried to knock the "pin-boy" off his pins at the Bowling alley . . . the "jam" session last Sunday night, with Bill Mathews on "alto," Bill Orcutt as "slush-pump," Sonny Herring on the drums, Don MacAndrews, Dick Maas on the "sweet potatoe" and yours truly on clarinet, had the "joint jumping" (Roy LaMora conducted) . . . our 9.00 p.m. repasts of frankfurters, hamburgers, and cokes's are getting to be as regular as the British "4 o'clock tea" . . . Jack Schwab has successfully landed and maintained a "beach-head" in Powell's territory . . . Lieutenant Brossman refused to let the Cadets cut in on him at the dance last Thursday. I wonder why!!! . . That Johnny Kolar's "bark" is worse than his "bite." He's a good John! . . . That the eminent philosopher, and dog lover, Morrie Silber told anyone who would listen, what he thought of people and dogs in general Saturday night . . . Bill Landsman gave a report on his trip to New York to the "Travelers Club." If not restrained, Bill will probably fly his Piper to the "Big City," his first time up.

The "Lieutenant Turner—Don McAndrews" feud flared anew last Thursday night at the Victory dance. Because of past shortcomings, Don felt it necessary to dance with the hostesses' date at the same time "Franky" was dancing with her. Not to be outdone, our "Brooklyn boy" recruited a few boys from Slade to cut back on "Mac." Then Roy, Moose and Co. again turned the tide for Robinson by their timely interventions."

And in leaving, let me pass on to you one of the best concepts of Correct Procedure language that was passed out to us by Instructor Hill, "It at first you don't succeed . . ."

SOUTHWICK BOYS TO STICK AROUND

By Ray Lanza

The city Nashville [illegible] has suddenly dwindled down to a spot, designated Nashville [illegible] maybe." The "maybe" is something that came after the gal announcement concerning shipping orders. That alone could have led to murder, though it didn't. Luckily enough, "maybe" was the only sign of [illegible].

When the "Hot Pilots" do arrive at Nashville, they'll probably sing out with, "Nashville, hyar we is . . . we think." (Permanent party pins issued upon request. See your chaplain.)

Broken Hearted

Southwick has seen many a broken heart in its time, but none of the past can quite equal its latest. Ray Kelly is the unhappy owner of the heart involved. "It's broken to pieces," he tells us, [illegible] looking at the picture we can understand why. What a piece of female flesh . . . WOW!!!

Relax for a minute Kelly. Give out with the "Little Honey's" address and we'll see what we can do. (What we couldn't do with that.)

Hot Pilot Lanza

Sadder story of the week is that of our eagerest corporal, Ralph Lanza. Going on flight isn't a sad occasion, but when our little beaver spotted a guy smoking from five hundred feet . . . and couldn't gig him.

Lanza's instructor tells us that he did everything but use the parachute. First he got that gleam in his eyes. Then automatically he dragged out his little beaver book. What Lanza said when it dawned on him that he was 500 feet up, isn't fit for print, though it took a true beaver to form those words. (Tell us Lanza just where were you, when brains were passed out?)

Southwick 33, Slade 23

Such was the result of the basketball game between the "Slade Slickers" and our own beloved "Southwick Men." The game was played at the local Y M C A Saturday night. A swell exhibition of team work was shown by both sides, though Southwick *"naturally"* ran all over the Slade men. The Slade boys weren't any competition at all. Or as an inspired onlooker said, "It was murder." WHO'S NEXT?

Osler Society to Give Last Lecture

The last of a series of lectures given by Osler Clinical Society was held at the Fleming Museum Auditorium Friday evening December 3. Dr. Lowell Tillotson, Psychoriat-in-Chief at the Brattleboro Retreat, will lecture on "Psycho-Neurosis in Wartime." All who are interested are cordially invited to attend.

Last Friday evening Dr. Henry Beecher, Assistant Professor of Surgery at Johns Hopkins University and Boston spoke to the Osler Clinical Society on "The Theory of Shocks and Burns" and showed a short colored film on that subject.

No Freshmen Until June

Contrary to popular campus rumor there will be no freshmen entering the University of Vermont this February. To save the fraternities and sororities needless worry, it has been officially stated that freshman will not enter the University until the early part of June.

Due to the fact that two-thirds of the civilian students are Vermonters and Vermont high schools only hold graduation in May, the policy has been not to have most freshman courses available in February.

Air Corps Subs: Grant, Burns, Bell, Anderson.

Last Thursday night, the R.O.T.C. team again met at the "Y" to take on a fast Bell Aircraft team. Hampered by the absence of Prior and Spyhos, the Vermonters were overwhelmed, 70-45. Bell, Colicchia netted 22 points to lead scoring honors, while Spiegel also led his team-mates with eleven points.

Following a few days of rest the R.O.T.C. team will again be prepared to accept any challenge issued by the Air Corps.

Attendance is Required.

THE EDITOR.

Annual Sorority Dance February 5

Pan-Hellenic Promises Gala Social Event

The long awaited Inter-Sorority semi-formal will be held Saturday evening, February 5, in the University gym. Because of competition from the flu, this dance was postponed in December and now occupies the place on the Social Calendar kindly given over by Delta Delta Delta Sorority. Those in charge, Shirley Needham '45 and Lilla Blumberg '45 have promised an enjoyable evening for everyone and a dance to be remembered on the campus.

Peggy Fake is in charge of decorations and has announced a "Blues" theme with the barren walls of the gym dressed up in musical notes and melody. The couples will dance to the swinging strains of the Air Corps Band, so who can pass up the opportunity to hear and see that famous organization. Mr. and Mrs. Beiler, Dean Simpson, and Mr. Pappoutsakis will be chaperoning during the evening, and dancing will start at eight thirty and continue through until twelve. Refreshments will be served with Esther Gustafson in charge.

Each year Pan-Hellenic sponsors an inter-sorority semi-formal for all sorority girls on the campus, and without exception it has proved to be one of the highlights of campus social activities. In previous years girls were escorted by civilian male students, but this year the uniform of the United States Air Corps will predominate the scene. This is the first formal dance since Mortar Board and every sorority girl on the campus should plan to go. Since it is very doubtful how long the Air Corps will be with us, how about making this a night they'll remember and enable them to carry away with them fond and happy memories of their days spent at the University of Vermont.

Girl, this is really a golden opportunity—exams are over, a formal dance, no charge, refreshments, and eight hundred cadets as potential escorts. How about it?

A petition proposing an amendment which would change the number of persons necessary for a quorum for the transaction of business by U. V. M. students has been signed by fifty members and been presented to the chairman of the Executive Committee.

Article IV of the Constitution reads:

"A quorum for the transaction of business in the meetings of this organization shall consist of at least five hundred members."

The proposed amendment reads:

"A quorum for the transaction of business in the meetings of this organization shall consist of at least fifty per cent of the members."

Be ready to vote on this amendment at the next convocation of U. V. M. students.

M. R. RUBIN.

For Three Semesters

Jake Katz

ATTENTION

Nominations are in order for members of the U. V. M. Students' executive council and officers.

To refresh your memory as to the procedure for making nominations the following paragraph from the constitution is printed below:

Article VI—Elections

Section 1—System of Nominations:

Officers shall be nominated by a Nominating Committee composed of the dean of women, the three deans of the undergraduate colleges, three members of Mortar Board, and three members of Boulder. Members from the honorary societies shall be chosen by their respective organizations. Additional nominations for officers may be made by a petition of 150 members of the U. V. M. Students to the Nominating Committee.

Nominations for the Executive Committee, except officers, shall be made by petition to the above Nominating Committee, such petitions to be signed by at least 100 members of the U. V. M. Students.

Casdidates shall be in good standing at the University.

The Nominating Committee has met once on Monday, January 24, and their nominations for the officers will soon be released so that petition nominations may be made by the student body.

JULIA FLETCHER,
President U. V. M. Students.

U. V. M. Students Make Officer Nominations

The following people have been nominated for officers of the U. V. M. students. These nominations, made by the Nominating Committee, are tentative until the student's academic standing is known at the end of this term.

President—Frank Prior, Marjorie Rubin.

Vice President—Nancy Hall, Guy Nichols, Constance Perkins.

Secretary — Mary Boardman, Gail Thompson, Mary Greene.

Treasurer—Beryl Cheney.

Sub Treasurer—Karl Erwin, Frances Witham, Lawrence Edgerton.

If you wish to make additional nominations, now is the time to start the petitions circulating.

JULIA FLETCHER,
Pres. U. V. M. Students.

Anyone interested in helping with Lilac Day, please give your name to Christine Hughes or Shirley Needham. If you are interested in dancing, choral speaking, costume designing, or publicity, please let us know immediately.

Have you forgotten your permission blanks for the Blood Plasma Bank? Please turn them in to the Dean's office.

Elaine Oling Business Manager; Sylbert and Ashe Head List

Professor Dean, President Millis and Editors Speak at Annual CYNIC Farewell Banquet

Last night at the annual CYNIC farewell banquet the retiring Editor-in-Chief Jake Katz announced that Frances Donahue '45 will take over his duties. She will be the third woman editor in the history of the CYNIC.

Elaine Oling '45, was elected Business Manager. The rest of the Senior Staff positions will be filled by Phil Sylbert, Managing Editor; Mary Ashe, Associate Editor; Lloyd Spiegel, Feature Editor; Barbara Powers, Campus Editor; Joyce Byington, Personnel Editor; Kay Perry, Re-write Editor. Thelma Jacobs, Advertising Manager; Marjorie Nutting, Circulation Manager; and Lorane Guild, Office Manager.

The Associate Editor will be assistant to the editor-in-chief. She will become the Managing Editor should Phil Sylbert leave before his year on the CYNIC is over. In such an event the two offices will be combined under the traditional title of Managing Editor.

The banquet was attended by the old and new Senior Staff and nine invited guests. Pres. John S. Millis and Professor Leon W. Dean spoke. Other guests included Dean Mary Jean Simpson, Professor Leland L. Briggs, Mrs. Laura Loudon, Francis Joachim, Trude Sherman, Ruth Jordan, and A/S James O'Neill.

Place cards for the banquet were in the form of type and everyone in true printer's style had to learn to read backwards to find his place. Special verses about everyone present were presented to all.

Other promotions announced included the following News Editors: Joan Garrity, Virginia Campbell, Peggy Haynes, Ruth Schoppe, Barbara Tennien, Nancy McNamara, Peggy Donnelly, Frances Witham, Janice Commanday, Elizabeth Naess, and Constance Perkins. Newly appointed News Reporters are: Dorothy Frazer, Rita McGarry, Mary Mitiguy, Virginia Donaldson and Ruth Willard.

The Business Staff promoted Mary Greene, Virginia Benedict, and Katherine McGillicudy to Business Captains; Dorothy Novakoski, Kay Zwick, Robert Rosenberg, Ronda Prouty, Ann Crocker, Mary Bresnehan and Lenore Eicher to assistants.

The banquet ended with a short farewell address by the Editor, who commended the Business Staff for having paid off the CYNIC debt, and thanked the whole staff for its wonderful cooperation which made the CYNIC possible this year.

Well Managed

Justine Whalen

Owls Fraternity Dance Successful

Saturday night, January 22, at 8.30 p.m., a formal dance was held in Student Lounge. This dance was sponsored by the Lambda Iota Society of the University of Vermont, the oldest fraternity in the country, and was in honor of the Vermont Gold Star men who have fallen in the service of their country. The first Gold Star man from Vermont was a member of the Lambda Iota Society.

It was a fitting token that the proceeds of this dance were voted to be given to the Mary Jean Simpson Fund of the University. This fund, which is named in honor of the Dean of Women, has as its purpose the task of providing financial aid to students, who were forced to leave college because of the war, when they return to complete their education.

The theme of the dance was the Greek Letter Fraternity, and the walls of the lounge reflected a conglomeration of fraternity insignias. The music was ably furnished by Jack Collins and his orchestra, featuring Mr. Collins fine piano.

It appeared to this observer that the dance was frequented mostly by men in uniform, for the civilian tuck and tails were sorely outnumbered. Numerous former Vermont students were noticed in uniform.

The dance was well managed, as Lambda Iota affairs in the past have been, and was a successful evening for a worthy cause.

Notice has come to this office from the Department of Health, Division of Research of the State of New York of opportunities for recent graduates who are interested in a scientific career. Preference is expressed for those from New York State. Further information may be had in this office.

MARY JEAN SIMPSON.

Students Invited To Organ Recital

All students, faculty and personnel of the University are cordially invited to attend the organ recital by Dr. Alexander McCurdy, Jr., head of the Organ Department at Curtis Institute in Philadelphia, to be given in St. Paul's Church on Wednesday evening February 2, at 8 o'clock.

Doctor McCurdy, a native of California, began his musical career at the age of 14, when he was made organist of Trinity Episcopal Church in Oakland.

He made his debut as concert organist at Town Hall, New York City, in 1926, and since that time has held a number of honored positions. Since 1927 he has been choirmaster and organist of Philadelphia's Second Presbyterian Church; since 1935, head of the Curtis Institute's Organ Department; since 1940, head of the Organist Department at Westminster Choir College, Princeton, N. J.

The recital at St. Paul's Church will be admission free.

Student Government President Julia Fletcher Graduating

[illegible] telephone or even telegraph will be warmly appreciated during the next semester and I'll welcome all and Sunday visitors [illegible] stated Julia to Pictorial, January [illegible] I can't [illegible] to become the [illegible] to complete [illegible] I've [illegible] a teaching position [illegible] will be affiliated with the [illegible] Normal School faculty. Her new position will consist of [illegible] work in rural schools and [illegible] looking forward to the [illegible] a great deal of enthusiasm.

When [illegible] was interviewed she was in the midst of selling her car. She asked that [illegible] games which the students have [illegible] be omitted here) but the transaction had not been completed. So she might make many flying trips to Burlington during the next six months. She is already making plans for week-end skiing trips to Stowe, which is only 19 miles from Johnson. This reminded me that with her first week's salary she intends to buy a sleeping bag. When questioned as to her reason for such a purchase she said that it would come in handy on those skiing trips. She hastened to add that she could bring it when she goes to visit her friends and she wouldn't feel as though she were crowding them out.

"Each year that I've spent here has brought about a drastic change on the hill," Julie said, thoughtfully recalling to mind the difference between the campus which lay before her as she came here her freshman year, a recent graduate of Woodstock High School, and the campus she plans to leave this coming February 7th. The first year was a normal college year, but during the second the United States declared war on the Axis powers. Last year the boys in the Enlisted Reserve Corps went into the service and this past year found the campus a training center for the Air Corps and A. S. T. P. men with a limited number of civilians.

Since there won't be any ceremony for the January graduating class Julie says that she hopes to be able to be here for the spring graduation of her classmates. She refused to comment on the students' Kake Walk decision, but said that if there is the annual winter carnival she will make a trip to the Queen City for it.

For information of the students, she states that her hardest course in college was an elective course which she took this last summer during the summer term. It was a course in Mechanical Drawing. She laughed when she talked about it. She said, "It really was funny the way I spent hours leaning over the Tri square table but I didn't think so then."

Her summer school life was a little different from the usual college routine to which she was accustomed. Julie and Lyn Vreeland '44 lived in a cottage at Appletree Point. There they had a Victory Garden which she claims was a real success. They drove in to town in the car(?) every day to school. Julie worked in the Coffee Corner in the Old Mill for two hours a day the entire summer. She continued to do this for one hour a day during the fall term.

Julie graduates from U. V. M. at the age of 19 after three and a half years of college life. She says, "It is with regret that I leave behind the many friends I have made but I won't be too far away."

At the University, she leaves a most brilliant and creditable record both for scholarship and extra curricular activities. She has been outstanding as a campus leader and has filled all of her positions capably and efficiently.

Julia's scholastic record speaks for itself as does her activities record. During her three and one-half years here she has maintained a Dean's list average. Her activities are many and varied. She was a member of the Women's Ski Team, House President at Sanders, a member of the Student Council for three years. She was a faithful CYNIC worker and during this last year she was Personnel Manager. For three years she lived in a cooperative house, and she was a member of Staff and Sanital and Mortar Board, honorary societies. She was on the Governor's Safety Council this past fall and is a member of Pi Beta Phi sorority. Julie has held the positions of Treasurer, Vice-President and President pro tem of the U. V. M. Students, governing body of the students. She replied to inquiry about her Student Government work, "Of all things I've worked on in college I've enjoyed that the most."

So it is farewell to a great sport and a grand girl. May the record you made in college continue throughout the years. Good luck and happiness be with you, Julie, in all future endeavors.

The President Leaves

Julia Fletcher

FRANCIS COLBURN EXHIBITS WORKS

Francis Colburn, [illegible] the University of Vermont, is one of Vermont artists now [illegible] showing at the Grace [illegible] Boston. The others are [illegible] Healy, artist in residence at [illegible] College and Clay Bartlett [illegible] ter.

The *Boston Herald* calls [illegible] tionally lively and interesting [illegible] says of U. V. M.'s artist [illegible] "Mr. Colburn has never [illegible] before, but, to judge by the [illegible] vitality of his style and [illegible] undoubtedly will again."

Dorothy Adlow, in the *Christian Science Monitor*, says in part: "Colburn is no mere reporter; he [illegible] interprets what he sees. He [illegible] visible features, but so compo[illegible] that a quality of thought and [illegible] expressed. His brushwork is [illegible] his imagery graphic. The [illegible] invariably calculated, the [illegible] fully planned and worked out."

And writing in the *Art* [illegible] current month, Judith Kaye [illegible] Mr. Colburn "an assured [illegible] works in large areas, choosing [illegible] which lend themselves to panoramic treatment.

Outstanding Popular Student Ending Career At University

With the advent of this issue of the CYNIC, the editor-in-chief, Jacob Katz, bows out of campus life. It is appropriate at this time to review the career of a student who adjusted himself to campus life so well after only arriving from Czechoslavakia in 1940.

Jake was born in Saxony, Germany, in 1922, where he stayed long enough to receive grammar school education. His high school training began in Prague, but was cut short by arrival of the Nazis in March 1939. By April of that year, Jake and his parents had left Czechoslavakia. He spent three months traveling through Italy, and then met his parents in England. It was in England that Jake first encountered a language which at that time, was strange to him. His first smatterings of English were received during the months in England. From there, Jake and his parents came to New York in April, 1940. His English improved, and his thoughts turned to a college education. Agriculture was Jake's interest at the time, and he considered two universities, one of which was the University of Vermont. A scholarship was offered him by Vermont, and it was thus he began his college education.

Upon arrival in Burlington, Jake found himself a part of a new life, a life which was entirely different to him. Because of this, Jake was the epitome of an inexperienced, naive freshman. Indeed, he was something of a "monstrosity" on campus. Many people were interested in Jake's experiences and ideas. He made several speeches in the towns in this part of the state.

Although he was new here, Jake did realize the importance of fraternity, and one of his first steps was to pledge Phi Sigma Delta fraternity. In addition, he scrubbed the CYNIC, and became a reporter by the end of the year. Cross-country also interested him, and Jake held a place on the team until an ankle injury forced him to divert his interest elsewhere. Throughout the year, however, the new student was still acclimating himself to the life, customs, and traditions of the University.

At the beginning of his sophomore year Jake found a friend in a former CYNIC editor, Fulvio Bardossi. The two friends were interested in organizing a student group which would act for and present the views of the body as a whole. Older students and faculty members may still recall the arresting article written by Bardossi and Katz, entitled "Wake Up, U. V. M." Also, a Student Forum was organized, but this project was unfortunately short-lived.

Debating also interested Jake in that year, and although he did not consider himself well-trained enough to participate in inter-collegiate competition, he did take part in a national radio debate, at which 170 colleges were represented. In this debate, the briefs of the participants were judged, the eight best to be further considered. Jake's briefs were judged ninth best. To this day [illegible] the memory of that "close miss."

Toward the end of his second [illegible] Jake became Vice-President of his [illegible] nity and also became a news editor [illegible] the CYNIC. It was at that time [illegible] President Millis arrived at Vermont [illegible] he fortunately realized the need [illegible] ganization which had long been [illegible] minds of many. Thus, Student G[illegible] ment was born.

As his Junior year began, Jake [illegible] by botany courses he had taken [illegible] to switch his curriculum. After [illegible] sing the matter with faculty members [illegible] continued his work as a botany [illegible] His debating prowess improved, [illegible] participated in inter-collegiate [illegible] Jake also became a member of the Religious Life Committee and Inter-[illegible] Council. Towards the end of the [illegible] he had earned an appointment to Pi Kappa Alpha, honorary debating [illegible] Jake was then an associate editor of the CYNIC, and when John Corliss was [illegible] to leave school, he succeeded him as editor-in-chief.

At the beginning of last summer [illegible] accepted a teaching job with the Physics Department. He was also debating manager, and later became a member of the Committee on Post-War Plan[illegible] the Committee on Student Di[illegible] Jake was also elected President [illegible] fraternity.

Within a few days, Jake will receive his diploma and B.A. degree. He [illegible] to stay at the University, teaching [illegible] and working on his M.A. degree. [illegible] becoming a part of the Physics Department, Jake has picked up at least two new habits: running around without an overcoat and drinking tremendous [illegible] of black coffee—which just shows the influence Professor Walbridge exerts on his associates.

Jake has never regretted coming to Vermont. He thinks the school has improved since he came and will continue to improve throughout the years. He has been vastly impressed with the opportunities offered by Vermont: the [illegible] tion, the personal relationships between student and professor, and the [illegible] phere. After attaining an M.A. degree, Jake expects to work for a Ph.D., after that, his plans are still undecided.

When queried as to whether he was steady, and who the lucky girl is, Jake only smiled and typically replied, "[illegible] arch!"

NOTICE

Notice has been received in this office of two fellowships of $500 to be offered by Radcliffe College for 1944-45 in Personnel Administration. Enrollment is open to college graduates. Apply to Dean of Women's office for further information.

Slade On Parade . . .

By Bert Kramer

Before going any further, I think it only proper and just to subdue a local rumor which has been stirring the campus for quite a few days. Here it is—Lieutenant Turner hasn't gone A.W.O.L. He is in Maxwell Field trying to get pillows for the chairs in the mess hall . . .

Hats Off

To Albert Tucciarone for committing the chief blunder of the week . . . Can you imagine anyone so gullible to believe that nail polish would put a permanent shine on G. I. shoes? Well, Albert did. The nail polish cracked and peeled, and even took the dye out of the leather. Albert was most disappointed and was heard to say, "It was that reclaimed leather they're using now a days." Tough luck, Albert . . . but don't feel too bad . . . mine are cracking, too.

Le Bifteck de Cheval

Monday, January 24, the fourteenth cavalry unit at Goonsville, Louisioda, was forced to close down the make way for a new "Rocket School" for washed out cadets. This explains the delicious steak we had for supper on Wednesday night. It's been rumored that we will have "hoof soup" for the rest of the week.

Tri-Phi Gals Revolt

It seemed as if the sorority house across from Southwick had become quite peeved at the Slade Slickers because they were awakening them every morning at six o'clock. Up till last week nothing was done about it . . . last Monday though, the girls got up at five and went outside in the shadows of dawn and gathered 'round in a huddle to seek their revenge. They packed dozens of hard, icy, snowballs with the intentions of pushing quite a few of the slickers' heads in, then they waited . . . Six o'clock came and as usual a column of cadets passed by the Tri-Phi house, everything was quiet . . . then from apparently nowhere snowballs came from all directions. the whole group was retreating in disorder and the girls had the laugh. But one minute later, to the utter amazement of the gals, the Slade Slickers passed by in review as calm as ever.

They didn't know the efficiency of our spy system and they didn't know that we had let the Southwick "Sad Sacks" go on ahead of us that morning. Worn out, cold, and wet, they slowly turned and entered their house and have yet to show their faces on the campus. Our apologies go to Southwick, but someone had to do it

Confirmed Hermit Turns

Cadet Hans Jordans turned over his spade and his cave to John Lesmen, President of the Confirmed Hermits Club (now that he dropped Cora). Mr. Jordans was married last Saturday to the charming Miss Edith Annette Peterson of Buffalo, N. Y.

The "Hitching" took place in the Ira Allen Chapel, Saturday morning at ten-thirty. The Reverend Hall recited the ceremony

Saturday night Hans came back to Slade Hall, tired but happy as a king, however it didn't last long. His room was given that ole "Slicker—Bridal Suite" effect by the boys. His walls were covered with signs, his bed contained bottles, cracker-crumbs and a broom, and the whole place was in general disorder Hans fumbled around in the dark trying to make a decent place to rest his weary bones and in a few hours his bed looked like new.

By this time he was so tired he just peeled-off and dove in, but instead of stopping at the mattress he kept on going right through to the floor Some "meany" had loosened all the little "stays" that hold the springs together . . . What a wedding night!

TYPE FROM TOPPER

By Bill Hess

It was midnight and the streets were dead
The passing cats were few
I heard a girl's soft footsteps tread
Now wouldn't you look too
I asked her if she wanted to ride
She seemed to hesitate
But then she softly winked at me
No need to meditate
So I took her to a shady lane
The stars lit up the sky
My very blood ran through my veins,
As it to do or die
That girl's eyes were of the deepest blue
Her hair was blonde and fine
I held her close and then I knew
That she was surely mine
So I put my arms around her waist
And kissed her ruby lips
Just then she pulled away in haste,
Her hand slipped to her hips
It was then I found out who she was
It hit like a bomber
For 'round her waist was slung a gun
PISTOL PACKING MOMMA!!!

One of the more colorful characters around the hall is Arty Philbin out C. O. an ex-state trooper who was known to his prime by his comrades as being the "Long Beach hag." Art boasts of being the last to bed at night, the first up in the morning all designed to banish from Sigma the influence of Morpheus. To even look sleepy around the old place is a heinous crime quickly dealt with by Art's fast moving hand on a convenient gag slip. Tactics like these have led to the organization of the Philbin Brigade which meets on week ends at the cage to show the run of the mill tourists how good marching is done. Oh well, if you wanna be Corps Commander, you wanna be Corps Commander

"Butch" O'Hara and Bob Severance just handed me a rather vague bulletin perfect for this column since we print anything. Flash—Wham wham Rita Penney Gardinier'd go with any.—I'll bite What does it means?

Donofrio, Murphy, McNeely, Bereshak Junger, Heller and Gately are the star pupils of Sigma Nu. They are the flight men. Good luck

Sigma Nu has two radio stars. John McIntyre and James Barrick. Perhaps you heard their novelty skit broadcast from the U. S. O. a short time ago. Mac impersonated several well known sports announcers broadcasting the classic football games of the day. Jim Barrick worked like a demon to make one puny trumpet sound like a hundred and fifty piece marching band. It was well received by some seventy persons watching the act Next Saturday Mac and Jim will return to the air—at their own request—to bring you the "Parade of Bands." They will endeavor to take you to various night spots throughout the country, impersonate stars and bands with two voices and one puny trumpet.

The Converse Corner

By Charles Sinclair

What with this being Exam Week and all that there were hardly any goings on at and the University campus these last two weeks

This seems to be the quaintest little tidbit we have run across in a long time. Seems that Lt. Fhierl Brossman, accompanied by his entourage of student officers crying "Make Way" in something of the style of the palace guards, dropped into A/S Sanford G. Tansey's room the other night during one of those periods Supervised Study checks. Satisfied that all was well in Room 32, Lieutenant Brossman turned to leave

"Sir" said Tansey, "I wish to make a statement

The Lieutenant paused. "Sir," continued Tansey "we would like very much to organize a basketball team"

"I think that can be arranged," smiled our Tactical Officer

"Sir we were thinking of calling it Brossman's Raiders,'" concluded Tansey.

There was a pause, a brief moment while a delicate frown crossed the Lieutenant's brow. The room held its breath as a weighty decision was formed

"I think," he said as he left, "it would be much better to call it *Lieutenant* Brossman's Raiders "

The dignity of the Air Force was saved

Chaff and Chatter

Matt Cram's attractive mother was up to see him last week. Had supper with them at the Black Cat . . . Wade Rothgeb and Marjorie Miller of Washington, D. C., were married last week. Right here in Burlington. Congratulations to the newlyweds Van Waggoner, who went on his first binge last weekend, sleeping with his gas mask on the other night. You figure it out . . . Group of cadets who were caught in the "Off Limits A. A. F" elevator of the Fleming Museum the other day. One of the pretty girls who works there breezed by, saw them, and turned off the power, leaving them to cool off for awhile, between floors. Shafted, by heck . . . Tansey, again. (He's paying good money for these frequent mentions) calling up people at all hours of the night, wanting aspirins and what not . . . John Stearley telling tall tales of his adventures in the Los Angeles Chinatown . . . "Professor" Vic Spolarich teaching the latest Lindy steps to the Cadets . . . The assortment of pajamas as worn by the Converse boys More colors in some than in a Hawaiian sunset

That's all from Sinclair this week, who leaves with you this little thought: It's all right to compliment a girl if she has a shapely ankle, but don't praise her too highly

Have a Coca-Cola = Let's be friendly

...a way to win a welcome wherever you go

There's friendliness in the simple phrase *Have a "Coke"*. It turns strangers into friends. In both hemispheres, Coca-Cola stands for *the pause that refreshes*,—has become the high-sign of the good-hearted.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"

New Senior Staff Members Assume Their Positions with Next Cynic

Phil Sylbert, a Phi Sig, is the new managing editor of the Cynic. One of the outstanding U. V. M. bowlers and former sports writer, he spends most of his free time with pop. His new job is a very responsible one and he will have a tough time to best Justine's record.

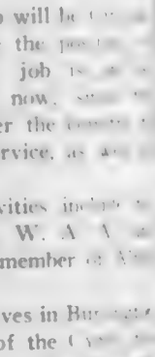
Lee associate editor, another cheerful Cynic worker who started as a scrub when she came to Vermont from Nashua, N. H. three years ago, is merry Mary Ayles. Mary is a member of the executive council of Student Government, the Newman Club, Alpha Chi Omega, and Health Council, and she has done excellent work on the *Ariel* Staff. Mary has particularly liked working with the Senior Staff, she says.

Barbara Powers, a student in the newly introduced nursing course, is a pretty, thoughtful Vermonter whose favorite outside interests are reading and poetry. Barbara started out as a reporter on the Cynic during Summer School, and she was promoted to a news editorship this fall. She is a member of the Y. W. C. A.

Elaine did splendid work on the W. S. S. F. this fall, and she is a member of French Club, W. A. A., Y. W. and Delta Phi Epsilon.

Thelma Jacobs, who lives in Burlington, will accompany her above mentioned roommate on the business staff as a promotising manager. Thelma is a member of Delta Phi Epsilon, Y. W. C. A., Outing Club, Health Council and Pan Hellenic; she too did work with W. S. S. F. this fall.

Marjorie Nutting, who will be Circulation Manager, will take the position of Erika Heininger. Her job is also an especially important one now, since the Cynic now goes all over the globe to many Vermont boys in the service, as well as to many alumnae.



Marjorie's other activities include the Home Economics Club, W. A. A., and the Y. W. C. A. She is a member of Alpha Chi Omega.

Lorraine Guild, who lives in Burlington, will be office manager of the Cynic this year. Lorraine's interests include W. A. A. and extensive work on the *Ariel* Staff.

Recital Given by Famous Organist

Dr. Alexander McCurdy, Jr. was heard in an organ recital at St. Paul's Church on Wednesday evening, February 2 at 8 o'clock. The church was filled to capacity on this occasion. All students, faculty and personnel of the University were invited to attend.

Doctor McCurdy is head of the Organ Department at Curtis Institute in Philadelphia, and has held numerous positions of honor since his debut at Town Hall, New York City, in 1926. He began his musical career at 14, when he was made organist of Trinity Episcopal Church in Oakland, Calif. Since 1940 he has been head of the Organist Department at Westminster Choir College, Princeton, N. J. A reception in the Red Room for faculty and music students followed the recital.

Doctor McCurdy began the program by playing J. S. Bach's "Seven Chorale Preludes" and next the "Prelude and Fugue in A Minor," by the same composer. He followed with two sketches, in D flat and F minor, by Robert Schumann. Next he played four chorale preludes by Johannes Brahms. They were "A Lovely Rose is Blooming," the first and second settings of "Oh World I Fe'en Must Leave Thee," and "Oh Sacred Head Now Wounded." "Communion" and "Dominum Mysterium," by Richard Purvis, followed these selections. In closing Doctor McCurdy played two compositions by Marcel Dupre, "In Dulci Jubilo" and "Toccata."

Staff and Sandal Directs Lilac Day

Plans for Lilac Day are progressing rapidly under the direction of Staff and Sandal and the date of presentation is March 25. The pageant will feature four dances depicting the famous four freedoms: freedom from want, freedom from fear, freedom of religion, and freedom of speech. The dances will be performed by the Modern Dance Workshop, and the sophomores in modern dance classes under the direction of Miss Hoffman. Blue Stockings Literary Society is writing poetry to be read by a choral speaking group explaining the dances. The designing and making of costumes is being done by the Home Economics classes assisted by Miss Westby.

As in former years there will be a queen, attended by her court, presiding over the pageant. This year the queen will be selected by the students from four candidates from the junior class, picked out by Staff and Sandal.

Lilac Day was originated by our first Dean of Women, Pearl Randall Wasson. In years past the pageant centered around the ceremony of planting a lilac on Redstone campus. It is hoped that a magnificent hedge will some day be completed. When conditions again permit Staff and Sandall will continue this plan for beautifying the campus in connection with the celebration of Lilac Day.

There will be a meeting of the entire business staff on Thursday, February 10, at 4.15 p.m., in the CYNIC Office. Attendance is required. All those who are interested in scrubbing will please attend.

BUSINESS MANAGER.

DISCUSSES FUTURE

PRESIDENT JOHN S. MILLIS

Orchestra, Band To Give Concert

Haydn, Brahms, Mozart in Program

The University orchestra and chorus will present a joint concert this Thursday evening at 8.15, in the Ira Allen Chapel.

The orchestra, conducted by Mr. Ippocrates Pappoutsakis, will play for the first part of its program, movements from the Haydn Symphony in G major, No. 94, and the Mozart concerto in D major, K. 218, for violin and orchestra. Mr. Michael Anselmo of the Music Department faculty will be the soloist in the concerto. The last part of the program by the orchestra will consist of romantic works by Tchaikovsky, Grieg and Dvorak.

The chorus, which is made up of the University choir, augmented by other students and by men from the faculty and town, will be directed by Prof. Howard G. Bennett with Miss Miriam Natilee Marston as organist. The choral part of the program will be largely secular, including works by Brahms, Tchaikovsky, Gretchaninoff, and Wagner, both for women's voices and for mixed chorus.

The concert is free and open to the public.

CLASSICAL CLUB HOLDS ANNUAL ROMAN BANQUET

Twenty-four members of the Goodrich Classical Club clothed in colorful dresses and togas and reclining on mats attended their seventh annual Roman banquet Friday night at the Alpha Chi Omega house. In the traditional Roman manner they used digital silverware. Three attendants or servae removed the guests' sandals, carried the perfumed water and towels and served the three course dinner.

The gustus or first course consisted of foods which stimulate the appetite, such as the modern hors d'oeuvres. The cena, or second course, included roast pork with gravy, the most favorite meat of the Romans, and beans, carrots, bread and honey. Secunda mensa is what the Romans called dessert, and this included cake, nuts, figs, and apples. Wine a la grape juice was enjoyed during the second and third courses.

Prof. L. M. Prindle, head of the department of Classical Languages, said grace in Latin and Prof. J. E. Pooley, assistant professor of Classical Languages and History, acted as magister bibendi and invoked the gods to be propitious to all.

Rosemary Warren '44, president of the club, initiated the following new members: Janet Fiskenscher '47; Ruth Post

Uncertainty Dispelled by President in Chapel Talk

Departure of Air Corps Will Not Interrupt University Program

As announced last week, Air Corps students are no longer to be trained at U. V. M after May. From now until that time, there will be a steady outflow of Air Corps personnel. This reduction of the student body will naturally result ...

In order to do away with some of the uncertainty now present on campus, Pres. John Millis spoke this morning at the regular student convocation. He aptly divided up the years from peace to war and back to peace again into four phases. The president mentioned as the first phase the conversion to war, a period characterized by the gradual loss of men students as well as faculty members. The second period consists of the University's energetic participation in the training of army personnel—a period from which we are in the process of emerging. U. V. M will go into the third period, the period of reconversion, this summer. And of course, following the successful termination of the war, a program of demobilization and rehabilitation will take place.

Summer Session

To dispel certain doubts on campus, the president announced definitely that both summer session and the summer semester will be in progress following the present semester. He further added that the University would continue to operate with a total devotion to the civilian program resulting in a broader and more varied curriculum both this summer and during succeeding semesters.

Although a greater number of students can now be accepted, it is expected that some of the University buildings will need to be closed. The Engineering Annex (Art Building) will be among the first, and Southwick and the Old Mill may follow suit. Waterman Building will be utilized to capacity.

President Announced

President Millis announced that since the beginning of the war, there has been a spectacular increase of 1350 percent in the college training given the Air Corps students. The University takes pride in the fact that we were able to contribute our share to this training program. Particular mention was made of the women students, who so graciously and unselfishly made many sacrifices in order to prepare our facilities for the use of the army.

(Continued on page 4)

Co-ed Dining Hall Scene of Robbery

The theft of approximately twenty dollars ... outside the Waterman dining room last Friday night culminated a series of such robberies. On several occasions money had been taken from coats hung outside the dining room while the girls ate. As a result a girl was appointed to act as a watchman outside the dining room during the meal hours.

Last Friday night, however, the money was stolen while the waitresses and the watchman were eating dinner. When the waitresses found their wallets were "cleaned out" and in some cases put in others' pockets, the police were called. Wallets which had been stolen were later found strewn around in odd places in Waterman.

The police questioned the waitresses and got a lead on some news boys who had been seen wandering around third floor Waterman at meal times. The news boys were apprehended on Saturday afternoon and identified by several of the waitresses. After questioning at the police station, the boys broke down and admitted stealing the money. The boys were part of a gang of four or five, all ranging in age from nine to eleven years. The robbery was premeditated and a plan worked out for its execution. The fact that they appeared every night outside Waterman at meal time led to their being suspected of the robbery and their ultimate apprehension.

Money lost last week will be returned to the girls.

Pan-Hellenic Holds Formal

The Pan Hellenic semi-formal, which has long been a tradition at U. V. M., was held last Saturday evening in the Student Lounge in honor of the pledges of all sororities. The khaki of the Air Corps was certainly predominant and the one hundred couples attending danced to the bands of Harry James, Glenn Miller and many other favorites from 8.30 to 12.00.

The Decoration Committee under the supervision of Peggy Fake '44, transformed the lounge into a gala ball-room by introducing a "Blues" theme and including the Greek letters of all sororities on campus. Mr. and Mrs. Beiler, Dean Simpson, Mr. Pappoutsakis and various members of Pan Hellenic and their escorts chaperoned throughout the evening. At intermission refreshments were served under the direction of Esther Gustafson '44. At the back of the lounge under an effective screen made by blue crepe paper, Munroe Allen, music chairman, kept the records moving along smoothly.

Shirley Needham '45 and Lilla Blumberg '45, who were in charge of this inter-sorority semi-formal are to be commended for its success as it proved to be one of the social highlights of the season.

Sigma Nu Initiation

Sigma Nu fraternity wishes to announce the formal initiation of pledges Howard Gordon Jones, class of 1947, College of Engineering and Wallace Davies Jones, Jr., class of 1947, College of Arts and Sciences. A formal initiation was held Wednesday, February 2, 1944 in the University gymnasium by Sigma Nu alumni.

W.A.A. TOURNAMENT PLANS COMPLETED

At a meeting of the W.A.A. Council and winter sports managers at 7.30 Friday night in the Student Lounge arrangements were made for the winter sports tournaments, to start next week. Two basketball games a night will be played. Four teams are to be formed, divided into Green and Gold. Badminton starts Tuesday, at 7.30, for doubles only. Sixteen teams will enter. Intramural bowling also starts Tuesday. There will be an individual ping-pong tournament and the archery tournament started Friday.

It was voted that all managers and Council members write out descriptions of their duties, plus any suggestions they may have, to help those coming into office next year.

W.A.A. wants to build campus spirit which has died down since competition with other schools stopped. Extensive plans are under way for this year and next to stimulate student interest in W.A.A. activities, so that all girls will want to take part in them.

MISS SIMPSON ASKS FORWARD-LOOKING ATTITUDE IN FUTURE

[illegible]

Ira Allen Chapel Scene of Lecture

Louis Fischer Speaks On " Russian Enigma"

Louis Fischer, an expert on Russian affairs, lectured on "The Russian Enigma" [illegible] in Ira Allen Chapel on Thursday evening, February 3, before [illegible] the guest of the [illegible]

Upon Mr. Fischer's entrance the audience rose in commemoration of the Red Army [illegible]. The listeners expected this and therefore were prepared for it. Then again they were always fought [illegible] against and consider on their country because they believe so strongly in what was fought.

Speaking on Europe, said that Russia would be the mistress of Europe. He suggested that England, France and the Scandinavian countries form a Western Europe sphere of influence. Mr. Fischer said the sparring for positions in the post war world has already begun.

Mr. Fischer stated that this war will either bring a New World or a new war. In the past balances of power, spheres of influence and alliances have all failed. Russia, Britain and the United States see the peace in terms of the restoration of the past. Sumner Welles said in an unofficial statement that we have lived and are now living in a rotten world [illegible] by handling the old structure [illegible] can we hope to see a better day.

Empires have been the causes of wars. Stalin says if we think of peace in terms of the past we will be [illegible] in which case, Britain will keep her empire and the United States will take command. The outlook is bleak but there are elements of hope. After the war there will be a period of reconstruction. That time will be a time for NOW is the time to plan that time. It is our affluence to create [illegible] we will never accept less. Churchill has stuck to realism that after that destroys the Empire [illegible] acknowledged the [illegible] and people in the Dominions. It is impossible to [illegible] without [illegible] without allowing [illegible]. We cannot [illegible] a European power. A Western Europe [illegible] and will not get peace with [illegible].

[illegible]

Students' Opinion

(Continued from page 1)

[illegible] Committee in the other hand took [illegible] at his job. Well, would be the point. That will be going to the [illegible] [illegible] [illegible] [illegible].

Two Plans Presented

[illegible] the Governor two plans were [illegible] submitted only according to grades and the old pat system revised with the new amendments. It was the opinion of the supporters of the first system that the second was too complex, and that it didn't allow the students enough freedom. For a student with good grades would naturally know how to [illegible] interest in respect to cuts. The opponents of the second system argued that the opposition was putting the cart before the horse. For it was not the students with good grades who needed the guidance to be offered by the cut system but the other students. This point was supported by a statement by Dean Swift that it was generally the custom that the Dean's Office did not have to reprimand the students with good grades for cutting, but the students with the poorer grades.

The question then came up as to what the professors' reactions would be to a system of this sort. Dean Swift replied that if the cut system passed the students and then "The Senate," the professors would have to accept it. He also stressed the point that the proposed system would probably only be put to extensive use in the College of Arts and Sciences, for in the other colleges the courses are of a technical nature and it is imperative that all classes be attended.

Proposed Penalties

Dean Swift then stated that the major problem bothering him was not whether the cut system would be efficient or whether the professors would accept it, but as to what penalty could be suitably inflicted on the offenders. At this point, Professor Kidder, who apparently dropped his "Classics," for baser things, that evening, took over. He proposed the very logical suggestion, that as a penalty there be first a warning from the Dean's office for the first overcut, and that for the second overcut, the student loses all credit in that course towards graduation, but still hour credit and grade on the transcript. This suggestion seemed to be very well received by the students and it solved Dean Swift's.

The meeting had progressed until it was rapidly drawing towards ten o'clock, and the slowly drifting tide of the populace in the direction of the door made it requisite to call a halt to the interesting discussion.

Suggested System

The final suggested cut system was almost a duplicate of the original. Freshmen are allowed two cuts in each course the first semester. The second semester, if they are on Dean's list, they have the number of cuts equal to the number of course hours. Sophomores not on Dean's list have the number of cuts equal to the number of course hours. Sophs on Dean's list have one more. Juniors have one more cut than the number of class hours. If on Dean's list they have two more cuts. Seniors not on Dean's list have two more cuts than their number of class hours, and if on Dean's list unlimited cuts. No announced quizzes or hour exams may be cut on the penalty of a zero. Unannounced quizzes are to receive no mark if cut. Sanctioned absences will not exist, but will be either cuts or excused absences according to the Dean's discretion. Absences after holidays will be counted as a double cut. The penalties are for one over cut a warning from the Dean's office, and for two no credit for the course toward graduation, although hour and mark credit on your transcript.

Here is your cut system students! It is a good one. You will be asked to vote on it next semester. If you are in favor of the cut system vote for it, for it is one of the best obtainable. The cut system will probably be put into effect during the next fall semester.

Middlebury College Annual Carnival Ends in Ski Meet

Coronation Ball Plus Two Inches of Snow, Highlights of Week-end

While U. V. M. was [illegible] mid-year exams, Middlebury [illegible] putting the finishing touches on its annual carnival, one of the major winter carnivals of the east, which [illegible] the week-end of the 5th. A [illegible] ski team either [illegible] exams on Saturday the [illegible] two of U. V. M. skiing [illegible] was Mary Greene '46.

The carnival started off [illegible] ning with the Coronation Ball. [illegible] biggest news for the campus was [illegible] all two inches of it, that [illegible] week-end. Saturday morning [illegible] contestants were taken to the Middlebury team who showed [illegible] finer points of the downhill race [illegible] Chipman Hill. Everyone present waxed up for the races. In the [illegible] that afternoon Middlebury's two [illegible] Fraser and Audrey Nunnemacher [illegible] first and second. Mary Greene [illegible] with a sad seventh, attributed [illegible] tangle with her skies on the [illegible]. After watching the men whizz by [illegible] downhill, the ten women contestants [illegible] the fast and tricky slalom course [illegible] this U. V. M.'s "team" took to the [illegible] trailing Middlebury's team sixth [illegible] and second places.

Saturday evening everyone [illegible] dates for the play, "Arsenic and [illegible] Lace" and the Klondike Rush [illegible] formal ski dance. Carnival awards [illegible] given during intermission and it was [illegible] that our only entrant started [illegible] identity. She became "Greene [illegible] The next day she was "Green [illegible] Lawrence" in all the carnival [illegible].

Sunday morning the skiers [illegible] men's jumping and had lunch [illegible] Lodge." In the afternoon most [illegible] contestants went skiing for fun [illegible] loaf. Sunday evening, Mary was [illegible] supper (familiar Allen House [illegible] so she missed the skating show.

Monday morning everyone [illegible] be back in classes so the U. V. M. [illegible] returned to enroll. If you were [illegible] you might have heard her say [illegible] of it, the only night this year [illegible] wasn't under rules my blind date [illegible] be in at 12.30!" and as to the [illegible] in general: "Everyone at Middlebury made us feel so right at home that [illegible] had fun and didn't mind losing."

. . . ger can we enjoy the . . of Slade Hall, where you . . at seven but now with . . in your windows all . . night, bed checks three or . . night and student officers . . every minute of the day, the . . appreciating their ole' home- . . than ever before.

. . nson Evacuation

. . men were forced to move . . a few were broken-hearted . . had begun to think that it was . . but not for long. Seven . . to stay and "RR" Moore, Jim . . Bill Powell, Charlie Maloof, . . son and the "Dawn Patrol . . and were figuring on one . . Their dreams were shat- . . when a recheck was made . . to go through the torture . . all over again. Tea, yes!

Wednesday night saw Bob Pfeifer and Frankie Sahle doing a fox trot together in the cellar, they make a nice pair, don't they? . . . Thursday night "Willy Dugasz" and John (Girls Beware!) Lesman turned in their "Pea Green Club" buttons to "Dip" Lepow, having finished their initiations . . . Friday was G.I. night and as usual mops, brooms and soap were much in evidence. Saturday brought on a "good" inspection and "Open Post" . . .

Off the Record

Open Post, this week, was the same as always . . . George Maloof got a stiff neck from . . . well, he says basketball, but I know different . . . Dick Sehring had a rendezvous with a gal named Connie . . . Dave Jannicola was stood up, but acquired a reasonable facsimile . . . "Irv" Lewis spent his open post in bed??? . . .

Danny Gerard Didn't

Lieutenant Brossman, Lieutenant McLain and a friend were in line Sunday night in the Flynn, waiting to see "Destination Tokyo." Worried Sirs? . . . George Gardner left the Pi Phi tea dance early (giving 'shots' as an excuse). Worse yet Artie Philbin left early to make up a detail list . . . it didn't take the local boys long to make acquaintances with ex-Squadron "Commando" Hoovers' three WAC girl friends, Glen would turn over in his grave . . . Van Bloem received the only gig on the second floor. Bye now, P.S. We go on flight next week.

Basketball Game Only Warm Up for Badminton Tussle

Professor Disturbs Sleep of Cadet; Not Another Bed Check

Bill Hess

Yours truly had the distinct pleasure of playing a game of badminton against Lieutenants Turner and Guarino last week. Lieutenant Turner's idea of an excellent warm up for badminton is to play basketball for about an hour, thus tiring out his opponents for the shuttlecock special. Shuttlecock is a nice word for saying you gotta hit a cork with feathers stuck in it across a net.

A/S "Cess Poole" has been in the infirmary for three days. He has been listening to the soap operas every afternoon. Quote, "One of my favorites is "The Romance in Helen's Rent."—unquote.

I just lifted a piece of paper off this desk in the Cynic office. Beneath it was dust, dirt, and a June copy of the Cynic. At the request of the fellows in Sigma Nu, Topper will reincorporate the old feature, the "Put my name in the Cynic or I'll break your little neck department."

A/S Munkert, Jones, Ley, Heinemann and Stark agree that spring is the time of year that makes them want to neck. After interviewing their girl-friends, Topper has come to the conclusion that the boys have been enjoying a fine spring all winter.

One of the older members of Sigma Nu is a fellow with a wrinkle for each of his children, Robert Gallagher. You can tell he is quite old. When one of his hairs fall another one goes to grab it.

Novelty of the week!!! A geography professor leaned over his desk toward A/S Dilley with a gleam in his eye. Dilly was asleep. His examination partner shook him and said, "Dilly, wake up!" He shrugged his shoulder, opened an eye slightly and said with disgust, "What is this, ANOTHER BEDCHECK!"

Into every sleeper's ear a big whistle must blow. Yes Art Philbin is quite the lad—when he says, "Freeze soldier." He means it. You're standing outside in slippers and undershorts for a fire drill. If you call the Iron Major, he will amble over to you (if it's down hill). If Art inspects your room on Saturday, remember to dust the sun beams passing through your window and be sure to have your shoe laces pressed. Sigma Nu has a new motto—"I'd rather be right than Philbin—Oh! I'm sorry Art—NO—NO NOT THE RUBBER HOSE—PLEASE—NOT THE RUBBER HOSE.

"Winchell" Sinclair Gives The Dope On Various Characters

By Gerard Sinclair

The Army Service forces have what they loudly believe to be an infallible system of putting Laundry marks on G.I. clothes. The first initial of a man's last name and the last four numerals of his serial number are used to form a laundry mark that stands about an chance in three million of being duplicated in the same outfit. But accidents will happen. Cpl. Sandy Tansey, one of our roommates, grabbed up a pair of trousers the other morning, saw his mark "S8144" on them, and pulled them on. To his amazement the cuffs came to about the level of his knees. Paul "Shorty" Spano over on the other side of the room was having trouble too as his trousers were long enough to cover his shoes and leave a foot or so of cuff left over. Everyone was annoyed but very confoozed until the two Cadets got together and compared markings. Be darned if the five million-to-one shot hadn't romped home. As both boys have the same markings, S8144 on all their clothing. As though things weren't muxed up enough as it is in Room 31 of the Middle Wing . . . .

Chaff and Chatter

For the benefit of the endless succession of assorted females who asked us Saturday-before last where Sandy Tansey was, this is by way of explanation. The Great Profile was walking off a set of tours in the "Cage" all afternoon. Yep, one-little-two-little-three-little tours, all to the musical "Hup, Hup" of S/Sgt Sorenson. As was to be expected, Tansey was quite P.O'd about the whole thing. His last words to us as we headed downtown and he headed for the "cage" were, "They can't *do* this to me" . . .

Van Waggoner, a character if ever we saw one, has a new way of amusing himself these days. He scouts around in waste baskets and things, looking for old envelopes with girl's return addresses on them. (which he proceeds to write wolf on letters. So help us if an Georgia Peach writes us to ask who this guy Van Waggoner is there's gonna be an old fashioned lynching party at Casserta.

Jim "Dusty" Woodfield is forming a Mosquitoes Club these days. Seems that one night, while under the influence he dashed right out and had his girl's name Peggy tattooed on his arm in huge block letters. Next week he had a violent quarrel with the chick ending in the biggest hunt up on record. Now he's pinning plastic surgery operations.

Burt "Skin Head" Cooper lost a box of goodies in Math Class the other day, and bothered the daylights out of everyone until they turned up in the mail the next day. Now, we see signs all over the blackboards which read *Skin Head Found His Box*, especially in Math class where it is scrawled next to the witticism *From Music to Math and Back Again* . . Bunny Lieberman banging her pretty head on the wall trying to catch on to a joke that Roland Kraus told her . . . Lennie Pearl harmonizing off key to the Whiffenpoof song as sung by Lilla. You could practically hear Eli Yale turning over in his grave. Ask Lennie about Chris Bell's in Bell Aircraft . . . George Dragatos who was C.Q. recently, pulled one that makes us shake our head and wonder. Seems he was making a bed check and conscientiously turned in the names on all the empty beds. When the tour list came out for the week-end, his name, like Ebou Ben Adhem's, led all the rest with a nice healthy set of tours. You guessed it, he had turned in his own name?? Some people.

S'all from Sinclair this week, who signs off. "Here's the news" and leaves you with this little thought. Tansey admits he's not handsome but says what's his opinion against thousands of others.

Dissertation on Roast Steak

A/S Jerry Stein

. . . ago, before the era of re- . . there was a mighty Chinese . . . long to legend. Now, in this . . . was a picked corps called the . . . Winged Dragons. These men . . . through the fragile China sky . . . winged, fire breathing dragons . . . incredible speed.

. . . g to the fable, the men were . . . not the ordinary food, such as . . . rather food such as the ordinary . . . dreamt of: choice cuts, crisp . . . and ethereal pastries. Alack, . . . promises came to naught, for when . . . entered the dining hall they found . . . them only thinly disguised rice, . . . a foreign title, "Spanish" to disguise . . . horrible swindle.

. . . may beat upon their breasts and . . . their fate. A hardy few took . . . habit of eating hamburgers in the . . . Shoppe" but this was rather ex- . . . The others became thinner and . . . as a matter of fact, they came . . . resemble Wun Off Key, a Chinese . . . and walked the streets at the . . . their lives.

. . . after long supplication, and . . . thousands of incensed candles and . . . a savior seraph came to their . . . the form of a high officer in . . . army. In his honor or . . . benefit the men were served . . . unknown luxury steak.

. . . whispered, wherever the . . . men meet, the tale of the . . . heavenly meal, some scoff . . . to their repast of Iberian . . . me, I don't really know the . . . steak, but I entertain my own

FLORENCE AND ME

Florence and me were engaged you see,
On the eve of a Fancy Ball;
So a kiss or two was nothing to you,
Or any one else at all.

Florence would go in a domino—
Pretty and pink but warm;
While I attended, clad in a splendid,
American uniform.

Now we had arranged, through notes exchanged,
Early that afternoon;
At number four to waltz no more,
But to sit in the dusk and spoon.

Now I wish you to see that Florence and me,
Had barely exchanged our troth;
So a kiss or two was strictly due,
By, from, and between us both.

Now that is to say in a casual way,
I slipped my arm around her;
With a kiss or two (which is nothing to you),
And ready to kiss I found her.

She turned her head, and the name she said,
Was certainly not my own;
But ere I could speak, with a smothered shriek,
She fled and left me alone.

Then Florence came, and I saw with shame,
She had doffed her domino;
And I had embraced, an alien waist—
But I did not tell her so.

Next morn I knew that there were two,
Dominoes pink, and one
Had cloaked the spouse of Sir Julian Vouse,
Our big political gun.

Sir J. was old, but her hair was gold,
And her eyes were a blue cerulean;
And the name she said when she turned her head,
Was not in the least like "Julian."

Now wasn't it nice, when want of spice
Forbade us twain to marry,
That old Sir J. in the kindest way,
Made me his Secretary.

A/S Alan Parker

AIR CORPS TOUCH AT PAN-HEL DANCE

. . . to tell those of you who . . . There was a definite "Air . . . at Pan-Hel dance last Sat- . . . "With loving care," four- . . . Cadets braved thumb . . . paper in assisting with . . . The boys did such a beauti- . . . knots and twisting crepe . . . paper demands their names

. . . Mitch Abood, Lon . . . Scott, Ralph Shantz, . . . Warren Obes, Roland . . . Faber, Jim Stamper, Jay . . . Carter, Al Monroe, Leonard

To these fourteen gentlemen of the Air Corps go our thanks for the decorative surroundings Saturday night. Our appreciation increases when we realize the tension and strain of their participation—to start, boy, had to take orders from a woman!

Ouch!

The Wages of Sin Are Blisters

Among the better known fraternal groups on the campus is the group with the title, "Gotta Getta Crutch." The members of this ancient order are qualified for membership by an inordinately large amount of walking. Now, don't misinterpret me, the walking wasn't voluntary. It was the result of a number of infractions. If you have any free moments on any Saturday afternoon, you may see quite a number of the men, pursuing their melancholy way in an endless circle around the cage.

They have quite a few noteworthy members among those we have the editor who boasts enough tours to girdle the earth twice, and the only prospect of removing his present debt to society is to walk to Nashville.

After due observation of these, the more unfortunate of our brethren, one expects them to break into the song of the Volga Boatmen, at any moment. The air of depression hangs heavily over the cage so with no further ado, we leave. On the way out we are presented with a miniature coat of arms, a symbol of the "all time" feet, surrounded by a fringe of broken wings and the inscription, "You too can have silver blisters."

America First—With Your Dollars Too!

Redstone Inmate Becomes Hot Pilot

Redstone Hall and Southwick Hold Battle

Led by Larry Marsella and Louis Rocchione, Redstone Hall, tried desperately to hold off Southwick's ruffians, but all in vain. The enemy using Russian winter tactics, outflanked our boys, and peppered them with snow balls from every angle.

Of all the "Hot" Pilots housed in Redstone, Dan Schwester has the funniest tale. On one of his flights, it seems as though the instructor was doing most of the flying. Dan became a bit annoyed and jokingly asked: "How am I doin'." Fine, fine, said the instructor, and kept right on flying, (some people just can't take a hint!) "Harry" Passafor, another "Buzz" Boy insists that rudders are useless indeed. "Never use them, never use them," quotes "Harry!"

The hottest pilot of all, however is Joe Ognebene after his second hour his instructor could see "no room for improvement" (Joe's so modest).

No exception to the Yip-up rule is Redstone Hall we too have our Honor Roll. Magmot MacGregor, Schmitt and a chap from my home town, whose initials are Hwk. (Can't get his name in, I owe him a half a buck.) They have been given some very original nick names such as "Harry the Hesser."

Bill Schanck and Ed Markham have removed to our best locker. I don't know just how they did it, but they both go around muttering "Now they'll release mother from the dungeon, now they release mother from the dungeon," etc.

For reasons known only to Bill Kusch (Corps Adjutant) and Paul Johnson (Sqdr. Commander) Redstone Hall may soon be known as the "Redstone Hatchery" or "Chicken House." Kluk, Kluk, Kluk.

NOTICE

Lieutenant McQueen of the WAC's has asked me to spread the notice that on February 11, at 8.00 p.m., in the City Hall, Captain Marquis, WAC, who took the first WAC contingent overseas, will tell of her experiences and will show pictures of the WAC girls in action in North Africa.

All college students, men and women, are cordially invited to attend. An invitation is also extended to the faculty and staff.

Scholarship chairmen: There will be no scholarship meetings this week. The next meeting will be held in March as scheduled.

Attention U. V. M. Students New Amendments Proposed

A petition proposing an amendment to Article V of the Constitution of U. V. M. Student Government has been signed by fifty members and presented to the chairman of the Executive Committee.

The sections of Article V which this proposed amendment would change now read as follows:

Section 1—Officers

The regular officers of the U. V. M. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer.

Section 2—Executive Committee

On the first Monday in March the Executive Committee consisting of four seniors, four sophomores, two freshmen, (at the time of election) and the regular officers shall be elected, these officers to serve as officers of the Executive Committee. Their terms shall be one year. Vacancies shall be filled by special elections.

The proposed amendment would change the foregoing portions of Article V to read as follows:

Section 1—Officers

The regular officers of the U. V. M. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer. These officers shall be elected on the third Monday in February. Their terms shall be one year.

Section 2—Executive Committee

The Executive Committee shall consist of four juniors, four sophomores, four freshmen (at the time of election) and the regular officers. The class representatives on the Executive Committee shall be elected on the first Monday in March. The regular officers shall serve ex officio as officers of the Executive Committee. Vacancies shall be filled by special elections. The terms of members shall be one year.

By adoption of this amendment nominated officer candidates would be ineligible for election to the Executive Committee. This will be voted on at the next meeting of U. V. M. students which will be held Wednesday night, February [illegible].

CONVOCATION VOTE FAVORS KAKE WALK

Last Thursday's Convocation decided the Kake Walk question. The vote was a definite "yes" to the President's proposal and March 17 is the date. The program has not been decided upon as yet but will consist of Walkers, skits, and musical entertainment. The committee would like to have an augmented chorus sing Negro spirituals in appropriate costume. It suggested that girls take the part of southern plantation belles in the original Kake Walk style. Other high points of the evening will be "Cotton Babes" and other selections by Joe's Band, crowning of the King and Queen, and awards for ice sculptures.

On Saturday, March 18, tea dances will proceed Dean Hills' Sugar Party, and on Sunday the annual Easter Concert will be presented.

Valentine Dance In Student Lounge

Proceeds Added to Health Council Fund

The Student Lounge was the scene of an informal Valentine dance, Saturday evening, under the sponsorship of the Health Council. It was another of the "girl ask boy" affairs with the Air Corps khaki, as usual, predominating. The couples danced from 8.30 to 12 to the top dance bands through the medium of the amplifier.

Decorations centered around the Valentine motif, and each couple stepped through a large heart at the entrance. A feature of the evening was a novelty dance where every boy, armed with a paper arrow, sought out the girl holding a paper heart with a corresponding number.

Proceeds of the dance will be for a worthy cause. They will go into the regular Health Council fund which provides loans to students for necessary medical or dental care. The student may pay this back either when he is still in school or at any later time when he is able.

Barbara Webb, president of the Council, was general chairman while Margaret Donahue was in charge of decorations, and Mary Ashe took care of the posters. Also on the committee were Beth Noble and Persis Yates. Chaperones for the evening were Mr. and Mrs. Lechnyr and Professor and Mrs. Colburn.

BROTHERHOOD WEEK

Brotherhood Week at U. V. M. will reach its climax at noon Friday, February 25 when Rev. Father John J. Redden, O.M.I., of Newburgh, N. Y., Rabbi Nathan A. Perilman of Temple Emanu El, New York City, and Rev. William E. McCormack, D.D., minister of the First Congregational Church of Springfield, Mass., will speak to the student body at Convocation.

A luncheon will be given at the Y.M.C.A. at 1.30 for the speakers, both Faculty and Student Religious Life Committees and any students who may wish to attend.

There will be a Convocation for the Air Corps at 6.30 and then at 8.00 p.m. An open forum and reception at the Hillel House will be held for all those who are interested.

On the Tuesday following Brotherhood Week, a Student Brotherhood Chapel will be held in conjunction with the Newman Club. Although the speakers are as yet unnamed, they will be U. V. M. students.

Samuel G. McLellan, 20-year-old Harvard College senior, went on a five-day fast to obtain material for a thesis entitled "How It Feels to Starve."

Lieutenant Parker

LIEUT. PARKER TO SPEAK THURSDAY

Thursday, February 17, at 12.00 a.m., a convocation will be held in the Museum for the women of the University to hear Lieut. Harriet F. Parker, U. S. N. R. as guest speaker. All college women are urged to attend the meeting, and are asked to invite any others who may be interested. Lieutenant Parker will show two Navy films depicting the activities of the WAVES and will explain the varied opportunities which that Service offers to college women.

Lieutenant Parker will be the guest of the University at the Waterman dining room after the convocation and from two o'clock to five p.m. will be available for personal conferences in the office of the Dean of Women.

Lieutenant Parker extends a special invitation of the members of the International Relations Club, both students and faculty, to attend the convocation. Florence (Chips) Cudworth '45 now assigned to the Naval Recruiting Station in Burlington, will also be a guest of the college on Thursday.

Lieutenant Parker, the third woman to be commissioned in the Navy, is a graduate of Bryn Mawr. After a year of personnel training she served as secretary to the Assistant Dean and Assistant to the Director of the Appointment Bureau at Radcliffe College. In May, 1942 she was appointed a representative of the U. S. Civil Service Commission in Boston to do Navy recruiting.

W.A.A. Tourneys Now in Full Swing

Championship Games Will Be Held This Week

Alpha Xi Delta, the Kappa Sigma house, Grassmount, and Alpha Chi Omega are still in the running for the bowling championships. Peggy Haines (Alpha Chi) is high singles so far for all teams, with 122. Janice Preston (Thetas) is high doubles, with 213. Both games played last Thursday, February 10, were very close. Alpha Chi defeated Elmwood by four pins, 826 to 822. Grassmount won over the Thetas by a margin of 11 pins, 832 to 821. The bowling tournament will continue Tuesday, February 15, and the finals will take place Thursday, February, 17.

The badminton tournament got under way Tuesday, February 8. After some closely played matches, the teams of Boardman and Greene, Crowley and Palmer, Thornton and Gates, Little and Kennon, Runnels and Moore, George and Rover, Vondle and Williams, St. Germaine and Tennien came out winners. In the front row in the competition for the consolation prize are the teams of Van Ameringen and Conklin, Nelson and Rub-

(Continued on page 4)

SLEIGH RIDE AND SKATING THIS SUN.

The Outing Club is sponsoring a Sleigh Ride and Skating Party Sunday afternoon, February 20 from 2.30 to 5.30. Because of limited facilities only fifty people can be accommodated, so all students, Cadets, and A. S. T. P. men who are interested should sign up Thursday afternoon from 11.00 to 3.00 at the table at the front entrance of the Waterman Building.

The fee of $ .50 will cover the ride and refreshments and it will be necessary to pay at the time of signing up. Wear warm clothes.

Musicians Present Concert in Chapel

Choir and Orchestras Have Joint Program

The University orchestra and chorus presented a joint concert Thursday evening, February 10, at the Ira Allen Chapel for a local and collegiate audience. Mr. Ippocrates Pappoutsakis conducted the University orchestra and Prof. Howard G. Bennett directed the chorus which consisted of the University choir augmented by other students and by men from the faculty and town. Miss Miriam Natilee Marston was the organist. All three men named above are members of the Department of Music at the University of Vermont.

The program commenced with the orchestra playing Haydn's Surprise Symphony. Following this were several renditions by the women's chorus which includes "Gloria Patri" by Palestrina, "Now Is the Month of Maying," "The Nightingale," and "Glorious Forever" by Morley, Tschaikowsky-Louvas, and Rachmaninoff respectively.

The soloist of the evening was Michael Anselmo who played Mozart's Concerto in D Major for the violin accompanied by the orchestra.

Professor Bennett returned to direct the mixed chorus in works by Wagner, Brahms, Gretchaninoff, and Kastatsky.

The string orchestra played the String Quartet in D Major, Op. 11, Andante cantabile by Tschaikowsky.

The orchestra, with Mr. Pappoutsakis conducting, concluded the concert with two Ellegiac Melodies by Grieg and Slovanic Dance No. 8 by Dvorak.

NEW GYM PROGRAM

The new compulsory sports program will begin February 21. The freshman gym classes will continue as they are. The sophomores will still take the various sports but they must shift to a different sport than they had previously been taking. This does not hold for those taking modern dance, as they will continue working on the Lilac Day program. The sports classes include bowling, fencing, recreational leadership, swimming, badminton, basketball, and modern dancing. If enough sophomores are interested, a new class will be started with one period on Wednesday at 4.15 of general building-up exercises and a period on Friday at 4.15 of swimming. The exercises are like the WAVES do in their boot training. Any interested juniors and seniors and women faculty members are very welcome to participate in the exercise class.

The Skating Club has started this week, now that the rink behind the gym has been flooded. The Ski Club started last week and meets every Friday afternoon at the Country Club.

When Those Who FIGHT Buy Bonds—Can't You Buy More?

Michaelmen Defeat Vermont Hoopsters In Opening Game

Saints Lead 63-33 In First Encounter; Welher High Scorer

The recently organized University of Vermont civilian basketball team met a powerful Saint Michael's combine at Winooski Park last Wednesday evening and was defeated by a score of 63-33 before a large crowd of rooters. Anxious to avenge their defeat the Vermonters have tentatively arranged a return game next Wednesday.

In the first quarter, "Mike" Spylios lifted U. V. M. hopes by netting three straight baskets. The Vermonter's lead was short lived, however, as the Saints, led by Walker's five baskets, quickly forged into the lead which they were not to relinquish for the rest of the game. That fact was not yet evident, as both teams connected for additional baskets to make the score 16-10 at the quarter.

Starting the second quarter, Vermont closed their opponent's lead to 16-12. Then it happened! The Saints, led by Fennell, opened up a coordinated passing attack, dropping in basket after basket with uncanny accuracy to rack up a total of 17 consecutive points, while the crowd went wild. The Vermonter's offense, like their defense, crumbled at this point and despite desperate shots from all angles of the court, they were unable to tally. At the half time it was 33-12 in favor of Saint Michael's. During this quarter, more than any other, the lack of conditioning had its most devastating effect on U. V. M. players, so that all members of the ten man squad, which included Fagan, Ward, Spiegel, Heminger, and Serino in addition to the starting quintet, had seen action by the middle of the period.

In the third quarter the Mikes lengthened their streak to 19 straight points then Paul Prior ended it by hitting the strings for a two pointer. After Fennell countered with another of his fancy shots for the Mikemen, Spylios and Dave Wright sunk a pair of beauties from mid court for U. V. M. The scoring see-sawed back and forth during the entire quarter with Vermont showing its best offensive teamwork and defensive play of the game. Another basket by the Michaelmen was countered with a pretty one hand heave by Wright on a long pass from Spylios. Prior fouled out as the quarter ended 46-22, but with traditional sportsmanship, Saint Michael's allowed him to continue.

In the final canto, the Mikes sent to their second team and U. V. M. started a scoring spree of their own, while holding the opposition to one point. Last back to again to check the scoring the junior first team proceeded to do just that against the extremely tired Vermonters. The game ended with the Vermont substitutes being overwhelmed by a 10 point scoring rampage on the part of the Michaelmen.

For Saint Michael's, a sophomore Walker, with 18 points, followed by

(Continued on page 4)

W.A.A. to Sponsor Splash Party Friday

On Friday, February 18, at 2.30 P. M. the Y. M. C. A. pool will be the scene of a Splash Party. Unusual and interesting entertainment will be presented, besides relay races, demonstrations, and games.

Ping pong and bowling are the entertainment provided for those who do not wish to swim. Refreshments of cocoa and sandwiches will be served in the U.S.O. lounges.

Admission will be 25 cents provided students bring their own bathing suits and towels. The bathing suits must not be wool. They may be rented at the Y.M.C.A.

Attention U. V. M. Students New Amendments Proposed

A petition proposing an amendment to Article V of the Constitution of U. V. M. Student Government has been signed by fifty members and presented to the chairman of the Executive Committee.

The sections of Article V which this proposed change would change now read as follows:

SECTION 1—OFFICERS

The regular officers of the U. V. M. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer.

SECTION 2—EXECUTIVE COMMITTEE

On the first Monday in March the Executive Committee consisting of four juniors, four sophomores, two freshmen at the time of election and the regular officers shall be elected, these officers to serve as officers of the Executive Committee. Their terms shall be one year. Vacancies shall be filled by special elections.

The proposed amendment would change the foregoing portions of Article V to read as follows:

SECTION 1—OFFICERS

The regular officers of the U. V. M. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer. These officers shall be elected on the third Monday in February. Their terms shall be one year.

SECTION 1—EXECUTIVE COMMITTEE

The Executive Committee shall consist of four juniors, four sophomores, two freshmen (at the time of election) and the regular officers. The class representatives on the Executive Committee shall be elected on the first Monday in March. The regular officers shall serve ex officio as officers of the Executive Committee. Vacancies shall be filled by special elections. The terms of members shall be one year.

By adoption of this amendment the elected officer candidates would be chosen for election to the Executive Committee. This will be voted on at the next meeting of U. V. M. students which will be held Wednesday night, February [illegible].

CONVOCATION VOTE FAVORS KAKE WALK

Last Thursday's Convocation decided the Kake Walk question. The vote was a definite "yes" to the President's proposal and March 17 is the date. The program has not been decided upon as yet but will consist of Walkers, skits, and musical entertainment. The committee would like to have an augmented chorus sing Negro spirituals in appropriate costume. It suggested that girls take the part of southern plantation belles in the original Kake Walk style. Other high points of the evening will be "Cotton Babes" and other selections by Joe's Band, crowning of the King and Queen, and awards for ice sculptures.

On Saturday, March 18, tea dances will proceed Dean Hills' Sugar Party, and on Sunday the annual Easter Concert will be presented.

Valentine Dance In Student Lounge

Proceeds Added to Health Council Fund

The Student Lounge was the scene of an informal Valentine dance, Saturday evening, under the sponsorship of the Health Council. It was another of the "girl ask boy" affairs with the Air Corps khaki, as usual, predominating. The couples danced from 8.30 to 12 to the top dance bands through the medium of the amplifier.

Decorations centered around the Valentine motif, and each couple stepped through a large heart at the entrance. A feature of the evening was a novelty dance where every boy, armed with a paper arrow, sought out the girl holding a paper heart with a corresponding number.

Proceeds of the dance will be for a worthy cause. They will go into the regular Health Council fund which provides loans to students for necessary medical or dental care. The student may pay this back either when he is still in school or at any later time when he is able.

Barbara Webb, president of the Council, was general chairman while Margaret Donahue was in charge of decorations, and Mary Ashe took care of the posters. Also on the committee were Beth Noble and Persis Yates. Chaperones for the evening were Mr. and Mrs. Lechmyr and Professor and Mrs. Colburn.

BROTHERHOOD WEEK

Brotherhood Week at U. V. M. will reach its climax at noon Friday, February 25 when Rev. Father John J. Redden, O.M.I., of Newburgh, N. Y., Rabbi Nathan A. Perilman of Temple Emanu-El, New York City, and Rev. William E. McCormack, D.D., minister of the First Congregational Church of Springfield, Mass., will speak to the student body at Convocation.

A luncheon will be given at the Y.M.C.A. at 1.30 for the speakers, both Faculty and Student Religious Life Committees and any students who may wish to attend.

There will be a Convocation for the Air Corps at 6.30 and then at 8.00 p.m. An open forum and reception at the Hillel House will be held for all those who are interested.

On the Tuesday following Brotherhood Week, a Student Brotherhood Chapel will be held in conjunction with the Newman Club. Although the speakers are as yet unnamed, they will be U. V. M. students.

Samuel G. McLellan, 20-year-old Harvard College senior, went on a five-day fast to obtain material for a thesis entitled "How It Feels to Starve."

Lieutenant Parker

LIEUT. PARKER TO SPEAK THURSDAY

Thursday, February 17, at 12.00 a.m., a convocation will be held in the Museum for the women of the University to hear Lieut. Harriet F. Parker, U. S. N. R. as guest speaker. All college women are urged to attend the meeting, and are asked to invite any others who may be interested. Lieutenant Parker will show two Navy films depicting the activities of the WAVES and will explain the varied opportunities which that Service offers to college women.

Lieutenant Parker will be the guest of the University at the Waterman dining room after the convocation and from two o'clock to five p.m. will be available for personal conferences in the office of the Dean of Women.

Lieutenant Parker extends a special invitation of the members of the International Relations Club, both students and faculty, to attend the convocation. Florence (Chips) Cudworth '45 now assigned to the Naval Recruiting Station in Burlington, will also be a guest of the college on Thursday.

Lieutenant Parker, the third woman to be commissioned in the Navy, is a graduate of Bryn Mawr. After a year of personnel training she served as secretary to the Assistant Dean and Assistant to the Director of the Appointment Bureau at Radcliffe College. In May 1942 she was appointed a representative of the U. S. Civil Service Commission in Boston to do Navy recruiting.

W.A.A. Tourneys Now in Full Swing

Championship Games Will Be Held This Week

Alpha Xi Delta, the Kappa Sigma house, Grassmount, and Alpha Chi Omega are still in the running for the bowling championships. Peggy Haines (Alpha Chi) is high singles so far for all teams, with 122. Janice Preston (Thetas) is high doubles, with 213. Both games played last Thursday, February 10, were very close. Alpha Chi defeated Elmwood by four pins, 826 to 822. Grassmount won over the Thetas by a margin of 11 pins, 832 to 821. The bowling tournament will continue Tuesday, February 15 and the finals will take place Thursday, February 17.

The badminton tournament got under way Tuesday, February 8. After some closely played matches, the teams of Boardman and Greene, Crowley and Palmer, Thornton and Gates, Little and Kennon, Runnels and Moore, George and Royer, Vondle and Williams, St. Germaine and Tennien came out winners. In the front row in the competition for the consolation prize are the teams of Van Ameringen and Conklin, Nelson and Rub-

(Continued on page 4)

SLEIGH RIDE AND SKATING THIS SUN.

The Outing Club is sponsoring a Sleigh Ride and Skating Party Sunday afternoon, February 27, from 2.30 to 5.30. Because of limited facilities only fifty people can be accommodated, so all students, Cadets and A. S. T. P. men who are interested should sign up Thursday afternoon from 11.00 a. m. 3.00 at the table at the front entrance of the Waterman Building.

The fee of $ .50 will cover the ride and refreshments and it will be necessary to pay at the time of signing up. Wear warm clothes.

Musicians Present Concert in Chapel

Choir and Orchestras Have Joint Program

The University orchestra and chorus presented a joint concert Thursday evening, February 10, at the Ira Allen Chapel for a local and collegiate audience. Mr. Ippocrates Pappoutsakis conducted the University orchestra and Prof. Howard G. Bennett directed the chorus which consisted of the University choir augmented by other students and by men from the faculty and town. Miss Miriam Natilee Marston was the organist. All three mentioned above are members of the Department of Music at the University of Vermont.

The program commenced with the orchestra playing Haydn's Surprise Symphony. Following this were several renditions by the women's chorus which includes "Gloria Patri" by Palestrina, "Now Is the Month of Maying," "The Nightingale," and "Glorious Forever" by Morley, Tschaikowsky Lovvas, and Rachmaninoff respectively.

The soloist of the evening was Michael Anselmo who played Mozart's Concerto in D Major for the violin accompanied by the orchestra.

Professor Bennett returned to direct the mixed chorus in works by Wagner, Brahms Gretchaninoff and Kastalsky.

The string orchestra played the String Quartet in D Major, Op. 11, Andante Cantabile by Tschaikowsky.

The orchestra, with Mr. Pappoutsakis conducting, concluded the concert with two Pieces Melodies by Grieg and Slavonic Dance No. 8 by Dvorak.

NEW GYM PROGRAM

The new gym and sport club program will begin February 21. The freshman gym classes will continue as they are. The sophomores will still take the various sports but they must start in a different sport than they had previously been taking. This does not hold for those taking modern dance, as they will continue working on the Lilac Day program. The sports classes include bowling, fencing, recreational leadership, swimming, badminton, basketball, and modern dancing. If enough sophomores are interested, a new class will be started with one period on Wednesday at 4.15 of general building-up exercises and a period on Friday at 4.15 of swimming. The exercises are like the WAVES do in their boot training. All interested juniors and seniors and women faculty members are very welcome to participate in the exercise class.

The Skating Club has started this week now that the rink behind the gym has been flooded. The Ski Club started last week and meets every Friday afternoon at the Country Club.

When Those Who FIGHT Buy Bonds—Can't You Buy More?

Michaelmen Defeat Vermont Hoopsters In Opening Game

Saints Lead 63-33 In First Encounter; Welber High Scorer

The recently organized University of Vermont cage basketball team met a powerful Saint Michael's combine at Winooski Park last Wednesday evening and was defeated by a score of 63-33 before a large crowd of rooters. Anxious to avenge their defeat the Vermonters have tentatively arranged a return game next Wednesday.

In the first quarter "Mike" Spyhos hitted U. V. M. hopes by netting three straight baskets. The Vermonter's lead was short lived however, as the Saints, led by Walker's five baskets, quickly forged into the lead which they were not to relinquish for the rest of the game. That fact was not yet evident, as both teams connected for additional baskets to make the score 16-10 at the quarter.

Starting the second quarter, Vermont closed their opponent's lead to 16-12. Then it happened! The Saints led by Fennell, opened up a coordinated passing attack, dropping in basket after basket with uncanny accuracy to rack up a total of 17 consecutive points, while the crowd went wild. The Vermonter's offense, like their defense, crumbled at this point and despite desperate shots from all angles of the court, they were unable to tally. At the half time it was 34-12 in favor of Saint Michael's. During this quarter, more than any other, the lack of conditioning had its most devastating effect on U. V. M. players, so that all members of the ten man squad, which included Fagan, Ward, Spiegel Heininger, and Serino in addition to the starting quintet, had seen action by the middle of the period.

In the third quarter the Mikes lengthened their streak to 19 straight points, then Paul Price ended it by hitting the strings for a two pointer. After Fennell countered with another on his fancy shots for the Mikemen Spyhos and Dave Wright sank a pair of beauties from mid court for U. V. M. The scoring act slowed back and forth during the entire quarter with Vermont showing its best offensive teamwork and defensive play of the game. Another basket by the Michaelmen was countered with an unbelievable over head hoist by Wright on a nice pass from Spyhos. Price fouled out at the quarter ended 46-22, but with traditional sportsmanship, Saint Michael's allowed him to continue.

In the final canto, the Mikes sent on their second team and U. V. M. netted a scoring spree of their own while holding the opposition to one point. Not back to action to check the scoring, the Saints first team proceeded to do just that against the extremely tired Vermonters. The game ended with the Vermont substitutes being overwhelmed by a 10 point scoring campaign on the part of the Michaelmen. Last point Michael's accounted Walker with 19 points followed by

W.A.A. to Sponsor Splash Party Friday

On Friday, February 18 at 2.30 P. M. the Y. M. C. A. pool will be the scene of a "Splash Party." Unusual and interesting entertainment will be presented besides relay races, demonstrations and games.

Ping pong and bowling are the entertainment provided for those who do not wish to swim. Refreshments of cocoa and sandwiches will be served in the U. S. O. lounges.

Admission will be 25 cents provided students bring their own bathing suits and towels. The bathing suits must not be wool. They may be rented at the Y. M. C. A.

★

February 11, 1944

To the Editor of The Cynic:

Last night a few people attended the concert presented by the University orchestra and chorus. I made a few observations.

The performance had spent long hours in preparation and it admirably showed the audience that much hard work had been done.

If members of the faculty and student body were concerned about the entertainment of visiting guests, A majority of the faculty and student body weren't present last night.

The chapel was warm and there was no need for the audience to sit on their coats. If the audience got really a concert played really well [illegible] as beyond the call duty of the Vermont audience who came and seemed to glory in their appearance.

I know you must wonder why they'll ever get ready and be where there is room to breathe and feel free to make [illegible] appearance. I'm sure you must also must feel that way too.

I think we owe the musicians an apology for the Vermont audience.

Very sincerely,
H. [illegible] Zavod [illegible]

HONOR TO U.V.M. FROM W.S.S.F.

December 7, 1944

Mr. Russell A. Hall
[illegible]
Burlington, Vt.

Dear Mr. Hall:

[illegible] letter to the Editor of the Burlington Free Press, I am writing to you personally to express my appreciation for the fine cooperation which the University of Vermont has given to the Women's Student Friendship Fund. [illegible] Vermont has contributed $1,000.00 to the Fund. [illegible] Vermont has been the first institution in the United States to reach its quota. [illegible] Vermont has set a fine example for other institutions to follow.

Sincerely yours,
[illegible]

Harvard University's athletic teams are operating on a budget reduced by nearly [illegible] because of reduced enrollment and [illegible].

There will be a dance Saturday, February 19, in the Student Lounge, from 8.30 to 12.00 p.m. This dance is sponsored by the Pep Committee

Joint Conference Holds Discussion

Decides Problems At Monthly Meeting

Wednesday evening, February 9, the Joint Conference Committee held a meeting on the third floor of the Waterman Building in the Women's Lounge. Miss Lawrence Watts, Professor in the Secretarial Department, presided as chairman. Miss Simpson and presidents of various houses were guests of the evening.

Mary Lib Metcalf, Secretary, read the roll and the Secretary's Report to begin proceedings. There was no old business hence the meeting proceeded with the agenda of new business.

The first topic of discussion was the modification of the rule regarding inviting men into the house upon return of late engagements on Saturday evenings. This discussion will be acted upon in the next Student Council Meeting. Overnight privileges have been much abused in the past and after much discussion on the problem it was decided to turn the matter over to Student Council. This will be discussed in meetings and the Mass Meeting to be held in two weeks.

Unfortunately the Howard Johnson management has complained to the Dean of Women concerning the conduct of the women students with the Air Cadets in the Coffee Corner. The Coffee Corner is an eating place, not a rendevouz for Air Cadets and co-eds to meet during free periods and lounge around taking up space and making public nuisances of

Students may obtain their grades by calling in person for the same in the Book Department. University Store
REGISTRAR'S OFFICE

Mrs. Carolyn Ely, Training Supervisor at Filene's Department Store in Boston will be at the University on Wednesday, February 16. Any Senior enrolled in the Home Economics or Liberal Arts curriculum and any Economics major interested in the Retail Field may arrange an interview with Mrs. Ely through the Dean of Women's Office.
MARY JEAN SIMPSON
Dean of Women

The Home Economics Club will meet Thursday night, February 17 at 7.45 p.m., in the Brick Barn, the event of the evening will be a Fashion Show given by several members of the club. All those attending are asked to wear something they made themselves.

There will be an important meeting of the Bluestockings this Friday evening at the Tri Delt House at 7.45 p.m. Penalty for absence will be inflicted and refreshments will be served to those present. Students interested in becoming members of this literary organization are urged to prepare manuscripts for the coming try-outs for membership.

The ice skating rink behind the men's gym is now ready for use. Army men and civilians are urged to use it.

Women's skating club will be held Monday, Tuesday, Wednesday and Thursday, from 2.30 to 4.30 p.m.

REAL ENOUGH... for Basic Training!

NEW telephone operators generally take basic training at idle switchboard positions. But today's switchboards are crowded with war calls.

Meeting the challenge of wartime shortages, full-scale photographs of switchboard panels are helping speed the training of more than 125,000 new operators needed this year in the Bell Telephone System.

Actual cords, keys, dials, and calculagraphs for timing calls, give realistic practice, quickly training operators to handle real calls.

Every resource of the Bell System is serving the Nation, maintaining communications now so vital in war—so important in the better days ahead.

BELL TELEPHONE SYSTEM

CO-ED BAND WILL SERENADE CADETS

Dr. Joseph E. Lechner will direct the U. V. M. band concert for the Army Air Corps students in their mess hall in the Waterman Building on Thursday, February 17. The forty-five-piece band in making its debut, will play from 5:30 p.m. on through the dinner hour.

This performance is in keeping with the tradition established by the R. O. T. C. band, which played for the Air Corps students last spring. This band is an incorporation of the R. O. T. C. band and the U. V. M. co-ed band. The men will be attired in R. O. T. C. uniforms, and the girls in navy blue skirts and R. O. T. C. jackets without the government insignia.

Converse Panics Potential WACS

By Charlie Sinclair

Sooner or later, the Air Corps gets around to trying its collective hand at darn near anything. Take last Friday for example. Lt. (Mighty Mite) Giamo came breezing into the last period drill class with a call for volunteers for a male chorus. This chorus, it seems, was to sing at a WAC recruiting drive that night. He was nearly trampled to death in the rush.

The chosen cadets (Us included—think we'd miss out on a deal like that?) marched downtown in formation (natcherly, son, natcherly) promptly at 1915 and sang valiantly, if not brilliantly, at the appointed hour. Roland Kraus and the Allen-Clitheroe-Huffman trio put on a fine act, with the able Art Kugler at the piano.

Program Notes: Saw *Bunny* there in the audience. Somehow we doubt that she came there solely to listen to a recruiting speech....Say also darn near a whole row of co-eds who all brought their knitting along in something of the manner of Madame DeFarge. One rather expected to hear heads dropping off the guillotine any moment....Saw droves of Winooski gals who were swooning right and left whenever the Hon. Len Yee Pearl gave out with those liquid tones.... perhaps it was just the sight of all those Pearly teeth. One has to get used to little pranks of Nature, like that.

Hill 678

We were looking out of the window in our room last Saturday after we had returned from our evening frolic, chiefly to see if the Shaft Car was approaching for Ye Olde Bedde Checke when we saw a strange sight indeed. Ralph Schantz and Herb Snyder were in the quadrangle in front of Converse, engaged in some rather peculiar gymnastics. They were taking turns at doing forward flips into "Hill 678," a big snowdrift. Each would emerge covered with snow and roaring with laughter. We watched these goings on with a jaundiced eye, shook our head, swore we'd never touch the stuff again, and climbed into bed.

Chaff and Chatter

Bill Sauter, walking into a show Saturday with the attractive Harriet B. on one arm. Overheard Harriet to Bill: "I do hope we won't meet anybody we know." My Flight Hat!!! Kenny Richardson spends his week-ends in the U. S. O. Darkroom. Johnny Stoddard out 'n around with Freddy. (No, Abood, Freddy is a girl.) Lt. Brossman looking like the cat that swallowed the canary (sans Converse tumbled out for Free Drill in two minutes and forty seconds flat. John Swarley was clocked into the shower by his gleeful roommates just 'ar the hellhavit. In the usual Hasty Scramble, Bill Scott, Bill Sauter, Bill McClain, Bill McWilliams at one table. More Bills than it takes to keep a cook in clothes. Al Munroe playing "Chopsticks." The motto on one of the downtown restaurants' sanitary list: "Si tu bois de l'eau, tu auras de la colique." Nice salute, fellows, very subtle.

Sail trade, Sailor, one time. See you next week.

If it Isn't All You Can Do—Then DO WITHOUT TO DO MORE

Southwick, U. S. A.

Von Wien

Welcome all ye benchmen to this noble ... of ours.

Prepare yourself to hear about your open ... post-off hours.

Those secrets that you treasured so well? ... find forever inscribed.

It's gossip boys, just plain old dirt, and I cannot be bribed.

• • •

Once again the boys from Aunt Mabel's Hall surged into town, as waves pounding on the silent shores, to change a quiet Saturday morn into the hustling Saturday we New Yorkers know so well. Even though the happy cabbage wasn't laughing so loud this second week in February, the resounding joviality echoed from Winooski to Bell Aircraft. But soon the ebbing tide of time left the waters shallow and at first stumbling then staggering these W.O.W's (Worn Out Wolves) made their way home. Those two extra hours weren't long enough as half the boys were still sitting with "Madam Curie" when the bells tolled inevitable bedcheck. Methinks next Saturday I'll see a lot of familiar faces in the cage.

Yours truly was taken back by the inhospitality of these Republicans up here. Standing in a crowded bus, I noticed a very pretty young lady force her way through a labyrinth of arms and legs. One bright "Hot Pilot," who was sitting on a buddy's lap, jumped to his feet, offered her his seat. The sweet young thing declined the offer, but definitely. Quite embarrassed our protege sat down again and closed his eyes saying, "I just can't bear to see a lady stand." Incidently if that fellow will contact me I will gladly let him have Mary's address.

FLASH!! Does anybody know whose grandmothers Messrs. Toms and Elliot have been courting so auspiciously for the past two weeks! Don't take it to heart fellows, some of the boys don't have any girls. Bewildered visitors to our luxurious lounges at Southwick have inquired as to the "poor man's Varga" who has been promulgating the useful signs so conspicuously on the wall. Ask Barton, he might know....Through some quirk of fate a little lass, name of Lucy, has gotten aboard the Southwick roster. She is a constant nemesis on the phone and the boys stand in bunches intrigued by a most choice conversation. I heard that it was she who blew so much hot air over the phone which resulted in a broken window. At any rate I've seen many a lad go to sleep with a smile on his face after talking with her. Any body want her address, come around some night, Arnold might know. Seems as if "Captain Knapp" is on the swing shift. That 5.15 whistle makes plenty of noise. After leaving the lecture during military drill we can claim more rumors than a boarding house. After spending three years in the state penitentiary, Joe Zeleck makes comment on U. V. M.—Quote, No difference. Unquote.

... One of the best ... my valentine greeting.

Roses are red, violets are blue,
Sugar's restricted, and so are you.

Valentine greetings from Lt. you know who.

Congratulations to Major Frost. That gold leaf on his shoulder looks mighty nice. I hear the cigars he handed out were the best Dickerman ever had. Red Jackson still interested in Miss "Null and Void."....No wonder Williams and Anderson hang out together, I believe they're cousins....The way Murrel and LaVine stay together one would think they were going steady....Straight from Shangra La: Curren, returning to his home base, was nearly knocked out of action near Ma Bo Hi, when he was encountered by heavy ack-ack fire from over in De Felice Canyon. Unusual because Curran was flying at 15,000.

The following is a poem I wrote which I'm including by popular request—my request.

"Anzio"

von Wien

Synchronized watches, blazing eyes, pulses reach a pitch.
Our boys are ready once again, to try and grab that ditch.
Marching seconds that tramp out the time echo the quiet gloom.
Half these men are ready now, ready to meet their doom.
The stinkin' smoke from cigarettes, the dirt and filthy grime.
The rapid pounding sullen hearts hasten the march of time.
Ten seconds now time to go, they lie with baited breath.
For soon the stroke of four will echo their invitation to death.
The word has passed, the boys are off off to kill the Hun.
They're off to play the game of death but Hitler won't be fun.
First creeping, crawling, then dashing, mawling, they fight to live it all.
But spitting guns from Hitler's Huns bite into flesh and blood.
And then some boys we knew and none beat Lady's eternal call.
And down they fall hearts still aflame into the slimy sand.
They got that ditch, those boys of our we knew they'd never fail.
They fought and died with honor bright and finally reached their goal.
There are some poor lads from that platoon, she'll never call.
Cause God, our Master high above has rightly claimed their souls.
And now dear friends we take our leave at the Poultry Farm til next week.

Back the Attack
Escort a WAC
If you can't get a Blonde
Then Buy a Bond

Converse Cadets On Flight Training

Get Preliminaries At Fleming Museum

By Lt. Snows

Last week, most of the South wing became part of the new flight class and there was quite a din over it. Wednesday, Thursday and Friday night the future "Hot Pilots" were herded into the Fleming museum to learn those "extra" military things that must be known before you can fly.

I must say that quite a few fellows learned things that they never thought existed. Horatio found out that he shouldn't try to sleep in class with his mouth open (it makes a perfect waste basket)....Artie Philbin found out how much he was liked around here by the applause he received upon entering the building (It goes to the tune of "The Farmer in the Dell")....Monkert found out how to draw his flight pattern (the hard way), and ninety nine out of eighty six found out that the parachute was more complicated then a six string Yo-Yo.

Saturday, the day of our ground check, the South wing was in a dither, cigarettes, aspirins, and chewing gum were in use by everyone and everyone was in coveralls to say the least. It lasted 'till we arrived at the airport and the planes, they look so big when they fly overhead but in reality they seem like toys. When we got our first look at them some of the boys hollowed. Yes those the things that are to take us up to five hundred feet. But upon the start at the ground check the respect for the "Cubs" grew greater and greater, till finally most of the boys would even consider going up in one of them. (I hope we can believe this.)

Week-end Frolics

Round the town. Open Post comes but once a week and about then....Well to give you an idea of what goes on: Joe Delmerico hit the nite spots with Margie and spend the rest of the week arguing with Red Hanley about it. "Tex" Vern Bloom spent his the best way with big talk. Dean Piazza took a long walk with T. L. (alias) Little Wolf. The student officers spent their practicing for drills. "Cyrano" O'Mahoney spent his over a few volumes of Esquire at the Museum Service Center. Freddy Prior and his roommates spent most of their evening water in the Ethan Theater and not for at least (sans) Al Lucas. Now ask him where he spent his. I dare you to tell them. Lack.

Ever now.

Victory is Waiting on You to Sacrifice and Get More Bonds

Have a "Coke" = A thousand miles is not too far to come

...or being friendly with a Chinese cadet

Chinese flyers here in America for training have found that so simple a phrase as *Have a "Coke"* speaks friendship in any tongue. East, west, north, south, Coca-Cola stands for *the pause that refreshes*,—has become the happy bond between people of good will.

if

YOU CARRY TRAVELERS CHEQUES!

That's right! Because if your American Express Travelers Cheques are lost, stolen, or destroyed uncountersigned, American Express will promptly refund your loss. These Cheques are handy to carry, the size of a dollar bill and are readily spendable anywhere.

American Express Travelers Cheques are issued in denominations of $10, $20, $50 and $100. The cost is ¾ of 1% (75¢ on each $100 purchased), minimum 40¢. For sale at Banks, and Railway Express offices.

AMERICAN EXPRESS TRAVELERS CHEQUES

Students Start Red Cross Bandaging Course

[illegible] Tuesday and Thursday afternoons [illegible] girls are asked to come and do Red Cross bandaging in Room 308 Williams Building. Each Wednesday [illegible] and those interested [illegible] sign up here as soon as possible. Girls are asked to wear cotton [illegible] dresses and to have their hair [illegible]. Last Thursday there were many [illegible] and it is hoped by the chairman that as much interest will continue as has shown.

Women's Matches

(Concluded from page 1)

[illegible] Badminton finals are Wednesday, February 16.

Twelve girls have membership in Badminton Club and may obtain W. A. A. membership by paying their "Swish Club" dues. Dues may be paid either to Miss Thornton or Miss Euhler. The girls are: Gloria Farmer, Mildred George, Mary Greene, Charlotte Hill, Marjorie Nelson, Peggy Palmer, Betty Rublee, Virginia St. Germaine, Barbara Tennien, Marge Watts and Kitty Perry.

Because of the concert last Thursday night, the opening of the basketball tournament was postponed to the following night, Friday, February 11, when Green Two Team defeated Gold Two Team by a score of 39 to 12. The winning color and the best individual team will be determined on a point basis, allowing two points for each basket. The tournament will be continued on Thursday, February 17.

Six matches have been played so far in the individual ping-pong tournament, which is slated to end Friday, February 18. The final matches are Thursday and Friday at 5:15.

The individual archery tournament will continue Friday, February 18, from 3 to 4 and from 4 to 5, at the Y. M. C. A. archery range. Those making the four highest scores in this tournament will shoot against the Burlington Archery Club.

ATTENTION!

Students! Thursday, February [illegible] is the deadline for paying the [illegible] which you made this fall to U. S. S. [illegible] Already, you and various [illegible] organizations have contributed [illegible] cash to this worthy cause. We [illegible] campus, still owe U. S. S. [illegible] pledges. Since our campus [illegible] wealthy one, you have done a [illegible] able job in contributing so [illegible] to this fund. When we compare [illegible] sults of the drive on our campus [illegible] those on numerous other campuses [illegible] may well be proud of the [illegible] which we have made. Pay your [illegible] today! Aid some worthy student [illegible] way.

BETTY FARNSWORTH,
Chairman

U.V.M. Students

(Concluded from page 1)

Section I—Officers

The regular officers of the U. S. S. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer. These officers shall be elected on the third Monday in [illegible]. Their terms shall be one year.

Section I—Executive Committee

The Executive Committee shall consist of four juniors, four sophomores, four freshmen (at the time of election) and the regular officers. The class representatives on the Executive Committee shall be elected on the first Monday in May. The regular officer shall serve as officers of the Executive Committee. Vacancies shall be filled by special election. Terms of the members shall be one year.

1.30 p.m.—Inter-Faith Luncheon in Community Y. M. C. A.

6.30 p.m.—Convocation for Air Crew and A. S. T. in Ira Allen Chapel

8.00 p.m.—Reception and open forum Hillel Foundation

STUDENTS TO LEAD CHAPEL SERVICE

On Sunday morning, February 27, there will be a student church service in Ira Allen Chapel. The service will be held as an observance of the World Day of Prayer and as the termination of Brotherhood Week. It will be exclusively in the hands of the students.

The World Day of Prayer is being observed in churches all over our country and in all other nations of the world during this week. Since all peoples at this time are praying, whether together or apart, for the same things, the U. V. M. religious leaders hope that everyone on our campus will join in the observance of this day.

The service will start at 10.45 a.m., and all members of the faculty, student body, Air Crew, and A. S. T. P. are urged to attend.

Trio of Speakers to be at Convocation This Friday

Rabbi Perelman, Rev. McCormack, Rev. Redden To Be Representatives for Three Faiths

Rev. Father John J. Redden

Rev. Father John J. Redden, O.M.I., of Newburgh, N. Y., was ordained in Washington, D. C., and is now with the National Conference and will continue this work for the remainder of the year. For the past four months he has been speaking at army camps and naval stations. He has preached missions in over 35 dioceses and has taught in both Buffalo and Newburgh, N. Y.

Rev. William E. McCormack

Rev. William E. McCormack, D.D., of Springfield, Mass., received his education in Kansas and Illinois before coming to Springfield's First Church of Christ, Congregational. He is a speaker for college groups and young people's conventions and has travelled in Europe and the Holy Land. He is active in inter-denominational, inter-racial, and inter-faith groups.

Each year during Brotherhood Week February 20-26, the National Conference of Christians and Jews send a trio of speakers representing the three different faiths Catholic Jewish and Protestant, to speak to U. V. M. students. The climax of the week will come when Rev. Father John J. Redden, O.M.I. Rabbi Nathan A. Perelman and Rev. William E. McCormack, D.D., will speak at student convocation on Friday the 25th at 12.15 p.m. President Mills will preside at the convocation.

Following the convocation there will be an inter-faith luncheon at 1.30 at the Y. M. C. A. The luncheon is open to all students who wish to attend. There will be a charge of 85 cents. The following groups will be present: Both Faculty and Student Religious Life Committees, the three speakers of the day, Father Cosgrove, chaplain of the Newman Club, Father Julian, Catholic chaplain of the Air Corps, Rabbi and Mrs. Ende, President Mills and Dean Simpson, Colonel Andrews and Major Ernst, Lieutenants Dixon and Turner, three Air Corps students representing the three faiths, U. V. M. students of the Christian Associations, Hillel and Newman Club, Ministers of Burlington churches Messrs. Jones, Ladd, Martin, Reid, and Sisson, and Secretary Hyde of the Vermont Council of Churches.

Either Colonel Andrews or Major Ernst will preside at the Air Crew Convocation to be held later in the day at Ira Allen Chapel.

In the evening there will be an open forum and reception at the Hillel House on Colchester Ave. The student Committee on Religious Life will assist as hostesses and light refreshments will be served.

The entire program is under the direction of the Student Committee on Religious Life of which Penelope Easton '44 is the chairman and Professor Hall who is the executive secretary of the faculty and student committees.

The time scheduled for Newman Club, Feb. 29th Tuesday following Brotherhood Week will be devoted to an inter faith Chapel Hour. It will be held in the Student Lounge. Frances Witham '46, Elinor Konowitz, '46, and Barbara Powers, '46, will be the three student speakers.

The trio of speakers sent by the National Conference of Christians and Jews to address the student body represent the Catholic, the Jewish, and Protestant faiths.

This Week Is A Significant One Throughout Entire Nation

By MARGARET DONNELLY

Brotherhood Week is not just a celebration that concerns only our campus. It is nation-wide. The key maxim is "Democracy is brotherhood in action." President Roosevelt had this thought in mind when he commented on a recent Brotherhood celebration. He said: "This nation shall be rededicated to the principle that all men are brothers; that religious prejudice and group intolerance may not here destroy that unity and freedom which is the strength of our national character."

What exactly is brotherhood? It is what we Americans call "team work." But it is even more than team work or mere coördination. Its fullest meaning for a nation at war is the consolidating of victory. Our number one national object now is a complete victory over the Axis. But victory would mean nothing if, as after the World War I, we lost the peace. The key to military victory is the key to winning the peace. And that key or principle is brotherhood, the principle of being not your brother's keeper but of being your brother's brother.

The National Conference of Christians and Jews, which sponsors Brotherhood Week is organized on a national basis. It is a volunteer service whose leaders and officials are prominent in educational, religious and business circles. But it is more than just a national affair. The Conference has published a Catholic, Jewish, and Protestant Declaration on World Peace. This declaration removes the limitations of nationality and makes the Conference and its brotherhood of international significance. The tenets of this declaration are: Moral law must govern world order, international institutions to maintain peace with justice, and international economic coöperation a just social order within each state must be developed, the rights of the individual, the oppressed, weak, or colonized peoples must be protected, and finally the rights of the minority must be secured. In other words, these three faiths feel that the fundamental condition of a just and honorable peace is to assure the right of life and independence of all nations. For this reason Protestant, Catholic, and Jewish soldiers and sailors are fighting shoulder to shoulder to win the war and to win the peace.

A phenomenon taking place in Great Britain is another evidence of its international scope. Three members of various faiths are joining together to meet common problems in the social, the economic, and the international spheres. The British Council of Christians and Jews seeks to combat racial and religious intolerance and to facilitate cooperative research on post war construction.

Miss Harris, Hostess At Afternoon Tea Sun.

Delta Pi Home was the scene of an informal afternoon tea sponsored by Miss Jessie Harris, Sunday, February 20 from four until six o'clock. Faculty members and Air Crew students were served by girls of the Delta Pi Home and the tea was poured by Mrs. Pilcher. Miss Harris, Professor Bloome and William Dyer were entertained by piano selections. After the entertainment everyone gathered around the piano and sang

26 GIRLS ENROLL IN NURSES' COURSE

Twenty-six nurses enrolled in the graduate school of nursing here at the University are now entering their second semester. Miss Faye Crabbe, head of the nursing school announces that a course in the principles of clinical teaching is being offered for nurses in the Burlington area.

Miss Crabbe held classes last semester in Montpelier, St. Albans and Burlington where a course in ward management was offered to graduate students. The same course is now being offered to a class of fourteen graduate nurses in the Rutland area.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 47 FEBRUARY 23, 1944 NO. 19

Indifference - This Is The Answer

[illegible] last [illegible] a time to give everyone something to be prepared, laughed at and ignored. It is a good thing that our [illegible] had a little more idealism and consideration than [illegible] great grandfathers. Where [illegible] with the leaders of the University of Vermont? Why [illegible] of more than hundred students, [illegible] and [illegible] at the most interesting [illegible] week? Why were there [illegible] seats present? Why did [illegible] of knowledge—[illegible] were [illegible] self government in their absence?

The answer to [illegible] can be summed up in two words, selfishness and indifference. [illegible] are empty with stupidity. These same words are the constant companion of Democracy. Two hundred American boys gave [illegible] that we and [illegible] might [illegible] America to the need for [illegible] cooperation after this war. Self interest and [illegible] are now blinding [illegible] of our student body to the responsibilities [illegible] privilege [illegible] of Student Government on this campus.

"Student Government has never accomplished anything" they say. Any [illegible] Government has never accomplish anything without the active interest and participation of the student body. Democracy can not succeed without the interest of the citizens. Student Government can not succeed without the interest of the student. The defeat of [illegible] by that meeting must not be the signal for retreat; on the contrary, it must be the signal for redoubling determination and renewing effort to spread an awareness among the students

• • • •

Brotherhood

[illegible] police and soldiers. Jew, Gentile or person each is born as a child. Man will [illegible] a game, could [illegible] Love and hatred. Lives [illegible] — This might all sound [illegible] but we [illegible] all brothers [illegible] of foreign [illegible] we are very apart? In a great way, [illegible] forward [illegible] [illegible] there will be a brotherhood of mankind and of man

Toptics

[illegible] a problem [illegible] Some could not sign until they learned [illegible] And [illegible]

[illegible] Many [illegible] Negroes and whites have to live [illegible] an irresponsible race and therefore should have no suffrage. They implied that our "brothers under the skin" are an inferior race.

[illegible] We have been told that we should look on about humans in bondage. "You will [illegible] You'll do many [illegible] that good." But you and we who feel strongly on the subject, should be heard. We like Lewis that a lot can be done by those who really desire "equal opportunity." There is a problem facing the black and white. It is not the "Negro problem." The Negroes must find some way to live with the white people and the whites must learn to live with themselves.

Segregation has created some weird caricatures . . . some stereotypes: "Negroes are primitive, lazy . . . . they will lose their respect for a long, if ever, trust Americans again." Nobody understands the Negro like the army southerner. "We in the South love the Negro and he loves us, it's only the agitators etc." These old stereotypes must be broken down by radio, [illegible] books, newspapers, speeches and [illegible]

What can we do? We can learn to [illegible] ourselves more [illegible] with people not equal in our exact image. [illegible] a brotherhood look like possible. We can meet and [illegible] personalities and individuals of other racial groups. [illegible] to mind the Negro A.S.T.P. boys who were recently on campus. Some [illegible] members to regretted unfriendly way these soldiers were treated recently while here and that [illegible] plays play. We know for a fact [illegible] we [illegible] with [illegible] that they didn't enjoy it here. In fact [illegible] of all the places in the country, he would choose Burlington as the last place to [illegible]. On campus [illegible] "tolerated" by many and [illegible] Some [illegible] things were made very difficult. We remember the Negro [illegible] who attended summer school and couldn't secure a hair cut [illegible] except after dark.

There are other things we can do: [illegible] letters, [illegible] small quiet [illegible] meeting [illegible] and protests by letters and by writing letters of commendation to those who help to [illegible] some [illegible] that Negro character to the general be more intelligent and attractive. [illegible] organizations that are working for good causes, with the abolition of the poll tax and white primary, for membership in the Armed Forces for a [illegible] mixed regiment, for the [illegible] consideration for industrial jobs or labor unions; for a federal law against lynching, for removal of segregation laws in Southern states, for better housing and [illegible] housing, for better health and educational facilities for the Negro and [illegible]

All of these things will help the Negro and [illegible] race. We know that when we "come" to the North we'll fairly patronize our [illegible] segregated restaurants and theatres. We'll work for them in the Summer. We'll work for unsegregated hospitals and houses and schools.

We feel that this campaign [illegible] need not be a long, slow process as some people would have us believe. We feel that the Cynic can be a valuable tool for the creation of a true [illegible]

Literary Notes: This is an opportunity [illegible] will be patronized handsomely. It does not necessarily reflect the policy [illegible]

Campus Comment . . .

To the Editor of the CYNIC:

We [illegible] Brotherhood Week [illegible] that our democracy has grown. Brotherhood [illegible] means "more work." Now [illegible] we [illegible] is very heavy [illegible] [illegible] upon the United [illegible] by a through and "team work" [illegible] that we can work shoulder [illegible] to solve the racial problem [illegible] at home in the Armed [illegible]

The humanitarian idea goes back even farther than Robert Burns. His idea that "The rank is but the guinea's stamp. [illegible] a man's a man" has been [illegible] through the centuries and [illegible] of the current issues of American Democracy.

In America Brotherhood has brought about a [illegible] understanding that all men are created equal. In Germany [illegible] is only a dream that few have even dared to hope will come true.

It is up to us fellow students to give an [illegible] support to Brotherhood week. Remember "it dedicates us to the equality of understanding and justice through which freedom and equality flourish in human society."

Our service men are one hundred percent strong in the battlefields, so U. V. M. students are you going to be 100 percent strong in attending Brotherhood Week functions? Well, are you?

IRENE W. STEVENS

February 21, 1944

To the Editor of the CYNIC.

In answer to your question "How many will be there?" we, as U. V. M. students, are ashamed to admit that only ninety-eight, one sixth of the entire student body, were present at convocation last Wednesday evening.

When Student Government originated one student was heard to remark—"It all sounds wonderful but the same ones will still be running things and having all the good jobs." Note can be taken here of those same few people at the Chapel ready to share the burden and responsibility. And where were the others?

U. V. M. students started with those same boys who are now fighting to preserve our democracy. They believed that college students, those privileged few, would play a vital part in the leadership of their country, and through learning to govern themselves here on campus would be better fitted to save that democracy which is now at stake. Are we going to fail them? Are we going to destroy that seed that was so trustingly sown or are we going to nourish it for that future U. V. M. when the functioning of Student Government will be an even more essential part of this University?

There is a solution for the existing problem. At present two petitions are circulating on campus for amendments—one is for a compulsory convocation and the other abolishes the quorum and allows business to be transacted with those present. Each has its good points, and it is up to the people to weigh the matter before making a final decision.

Student Government is at stake. Now is the time to ask: Do we really want to govern ourselves or shall we once more leave the burden over to the Administration?

JOAN GARRITY,
CONSTANCE PERKINS.

To the Editor of the CYNIC:

"Why can't the lounge be open Sunday afternoons?"

"Why can't we have a cut system?"

"Are you going to mass meeting?"

"No!"

Idle compliments? What have you accomplished this year? Tonight, February 16, 1944 in the Chapel of U. V. M. was held the second mass meeting of the U. V. M. Student Government. Were you there? The majority can answer negatively for through all indications they felt that they were not needed. Approximately ⅓ of the student body attended—and that is a question. A few examples [illegible] underclassmen, or underclassmen who apparently have no will of their own.

Consider this proposition and consider that we the students of today will be the voters of tomorrow—the voters who govern the destiny of the world. How is the preparation which we [illegible] to glean from college [illegible] with college? If this is the [illegible] with which we go out to meet [illegible] arms of universe what hope is there for a new and better world?

Perhaps you think this is far-fetched. Well, then, just sit [illegible] continue with your complacency. [illegible] students can't find time to aid a [illegible] which, when handed out by a [illegible] you call undemocratic, then sit [illegible] wait for a few of those fellows who [illegible] come back from a Hell and [illegible] on a silver platter another [illegible] straighten out.

Signed by,
P. E. CLARK
JUDY MARGE
M. L. PIERCE
B. BURNHAM
P. LUCAS
B. RITCHIE

To the Editor of the CYNIC:

Kick about it! Sure, everybody [illegible] it. Who wants to attend [illegible] when he doesn't know what's [illegible] on?—or, if he has a faint conception [illegible] work up any interest? It's [illegible] simpler to develop a "slight [illegible] than to drag up to a what-will-you-call-them and listen to people who [illegible] are as vague and misconstrued as [illegible] Confusing to say the least. Kick [illegible] that potential fire, however slight [illegible] Even a mule knows enough to [illegible] to the wind.

This, no wise cracks, is an attempt to build a shelter for all us mules. [illegible] seems to be mainly a lack of school [illegible] Right? But how to create spirit [illegible] what interests you? Perhaps something with a touch of humor (sadly lacking here we say) and with a tinge of intelligence, but, above all, this something that will raise questions in your minds—[illegible] mental debate. If you disagree [illegible] ing here.

Now the question seems to be [illegible] create that interest. How about [illegible] on the bulletin boards a few days before a meeting? How about some [illegible] and cons in the CYNIC before [illegible] after? And wouldn't we all enjoy reading the notices of meetings if they were [illegible] ten up with questions and [illegible] just facts? A few discussions [illegible] the faculty would also help. Does this sound so impossible? If not I [illegible] that we "lazy" students will give [illegible] hand in carrying out a campaign.

KAREN K. [illegible]

February 17, 1944

To the Editor of the CYNIC.

It seems that the attendance [illegible] Student Government mass meeting [illegible] February 16, was very poor. Only [illegible] people interested came. It is the [illegible] who didn't go to the mass meeting [illegible] ruary 16, who are the first one [illegible] when something arises which [illegible] rules of the constitution and when [illegible] Government does not take the action [illegible] to rule. In order for Student Government [illegible] to enforce rules and for the student [illegible] govern this campus it is necessary [illegible] the full support of the students [illegible] of a democracy if the students [illegible] their full support at a voluntary [illegible] Government meeting. Does the [illegible] attendance at this meeting show that students are not interested in rules themselves? How about showing your appreciation of democracy on this campus by everyone giving his full support at the next Student Government mass meeting.

LILAC DAY PIECES

[illegible] of Bluestockings, honor [illegible] are writing the choral [illegible] for Lilac Day. This is their [illegible] of this semester.

[illegible] underway for their [illegible], and a definite date [illegible] for the final acceptance [illegible]. Those interested should [illegible] writing over to a mem[illegible]. This material must [illegible] recent types, such as a short [illegible] a poem

U.V.M. CAGERS WILL OPPOSE A.S.T.P. FRIDAY EVENING

[illegible] University of Vermont cagers [illegible] to meet a powerful A.S.T.P. [illegible] team this Friday evening at 8 o'clock at either the "Y" or the U. V. M. gym.

The [illegible] a winning team that is [illegible] and smooth working, will be [illegible] with renewed confidence after [illegible] that has trailed [illegible] this year.

In their initial game the Cadets lost a close one to an Air Corps team at the U. V. M. gym by a score of 58-56. After dropping another tight game to an Air Corps team at the "Y" 36-33, the Vermonters were overwhelmed by a strong Bell Aircraft crew 70-45.

Two weeks ago, the Vermont team was defeated by an experienced Saint Michael's outfit 63-33. Their play was more impressive than the score however, and a return match may yet be secured. In this contest, as in the others, Paul Prior and Mike Spylios were outstanding for the Vermonters who have had a creditable offense but a poor defense.

The probable starting line-up for Vermont will consist of Brown, Prior, Spylios, Wright and Spiegel.

New W.A.A Notes On Sports Clubs

Second semester W.A.A. sports clubs start this week. This offers a new chance for becoming a W.A.A. member, provides an opportunity for women students to join sports clubs in which they were unable to participate last semester, and is a means of recreation and relaxation.

W.A.A. is very anxious that every girl take advantage of the activities that it offers. The number of members at the close of the fall season was 75. All those who obtain W.A.A. membership will be invited to the final banquet which climaxes the season.

W.A.A. intermediate emblems are awarded at the banquet to girls who have participated in many W.A.A. activities, chiefly sports clubs. They are within the range of all active and interested girls.

For club membership it is necessary to attend three-fourths of the meetings of the club. W.A.A. membership dues are $.10 for upperclassmen and $.25 for freshmen. Students who did not sign up for sports clubs last Saturday may still join them.

At the Council meeting February 18 it was voted that due to the uncertainty of the weather, Skating Club credit should be given for 8 hours of skating on the college rink at any time rather than just at the hours specified for Skating Club. A written statement of the exact time one has skated must be handed in to the manager of the club, Ann Hoos. The furnace room in the men's gym may be used for changing skates, and there will be floodlights for night skating. Membership in Ski Club may be [illegible] on the same basis with the exception that all skiing for club credit must be done in a group of at least three.

Below is a list of the sports clubs, their managers, and their times of meeting.

Archery—Fridays 5:00
Jean Davidson '44
Joyce Byington '45 Co-Mgrs.

Badminton—Tuesday 7:30
Mary Thurston '46, Mgr.

Basketball—Thursday, 7:45

Miss Barbara Crowe Former Physical Ed Teacher Is Visitor

Now Director of YWCA In New Bedford, Mass.—Likes New Position

Miss Barbara Crowe arrived on the campus Tuesday for a brief visit before she left for her new position as Director of Health Education Secretary of the Y.W.C.A. in New Bedford, Mass. She also has the title of Health Education Secretary, but the important thing is that she does all the work. It seems to consist in great part of teaching weight normalizing. "Everyone wants to reduce," says Miss Crowe. In the community she is the source for information on health education and so has many community contacts with such organizations as the Girl Scouts and the Inter-church Council.

Miss Crowe is enthusiastic about her activity in the Red Cross Motor Corps, and through her work in it she has learned much about the city of New Bedford in the short time she has been there than she ever knew about Burlington.

Our former instructor was at U. V. M. from 1936 to 1943 with the exception of the leave of absence in 1939. At that time she attended the University of Michigan. Miss Crowe was probably best known to the girls she coached in field hockey. She formerly played on the United States Lacrosse team and on the United States Hockey team. She says that it is wonderful to be back, and feels as though she had not been away. In New Bedford she misses the snow, although she hated it when she lived here. She maintains that nobody down there knows how to drive in the snow.

Those who knew Miss Crowe visited with her at the coffee hour given in her honor Tuesday night. Miss Crowe has missed her former students and is enjoying her brief opportunity to renew old acquaintances. She would like to stay longer but must leave February 25 for a Y.W.C.A. convention of Health Education Secretaries. Miss Crowe is still going to conventions.

COLLEGIATE NEWS

(By Associated Collegiate Press)

Auction-goers at Bucknell University, Lewisburg, Pa., were puzzled when the Sigma Phi Epsilon chapter, forced to close because of loss of more than two-thirds of its members to the services, put up for sale one unused tombstone, along with kitchenware, furniture and athletic equipment.

Members of the fraternity explained that when the chapter's pet dog was killed recently a sympathetic alumnus donated a handsome memorial. But the sale came along before the memorial could be erected and Fido's tombstone went for $1.25.

Important Student Gov't Mass Meeting Held Feb. 16

SECOND SEMESTER PLEDGING MONDAY ALPHA CHIS LEAD

[illegible] sorority rushing was changed [illegible] Monday, postponed by the pledging of [illegible] sororities on the campus. [illegible] Alpha Chi Omega, which had made pledges [illegible] Delta Delta Delta, Alpha Xi Delta and Kappa Kappa Gamma, [illegible] Theta, Sigma Kappa and Phi Sigma Sigma were freed by the ruling [illegible] sororities had made.

Those pledged were:

Alpha Chi Omega: Lucy [illegible] '46, Lyons, N. Y.; Jane Moore '46, Essex Junction; Eileen Pickett '46, Glens Falls, N. Y.; Olive Morris '47, Poultney; Mary Bresnehan '47, Proctor; Dorothy Novokoski '47, Springfield.

Delta Delta Delta: Dorothy Hollands '47, Metuchen, N. J.; and Marilyn Holden '47, New Haven.

Alpha Xi Delta: Jean Pearson '47, Enosburg; and Rolande Coulatre '47, St. Johnsbury.

Sigma Gamma: Lois Baker '47, Brandon.

Kappa Alpha Theta: Georgia Husen '47, Short Hills, N. Y.

Tau Lambda Mu: Shirley Harris '47, Brooklyn, N. Y.

Capt. Marquis Tells African Life Story

Capt. Frances Keegan Marquis, an officer of the first company of WACS to go overseas, spoke Friday evening at the City Hall Auditorium in a series of lectures which she has given since returning from General Eisenhower's headquarters in North Africa. After discussing the essential part of the WACS are playing in the war, she gave an account of their embarkation, trip, and life at Algiers.

The WACS had no pattern to follow as they were the first company to leave. No one knew the equipment they would need at their ultimate destination. Their departure was kept secret because the officials were not sure of the peoples' reaction. On board the ship, several wandered around with watches looking at the sun in a vain attempt to determine their direction. However, they did not discover it until late one night when they were called on deck to look at the Rock of Gibraltar.

Buses met them on shore and from these they traveled on a luxurious first-class train. The French were not sure of the reception they should give women in the service. The company arrived in Algiers during a blackout; the city had been bombed the preceding night. The administrators tried to place each WAC in the branch of service for which she was best qualified. Some had an active part in planning the invasion of North Africa.

Their stay was not all work and no play. The generous nuns of the Convent in which they were stationed provided them with a recreation room, where the WACS gave dances and dinners for the soldiers in rest camps. Due to a mistake in administration they did not receive any mail until April. They had landed in February. Aside from this, they were comfortable and did a good job in convincing the officers that they were prepared for the work and that they could really play an active part in defending their rights as citizens.

An open mass meeting was held on February 16 at 7:45 p.m. in the Ira Allen Chapel. Vice-President of Student Government, Marjorie Rubin, presided.

Since no question was present no business could be transacted. The meeting continued with reports from committees.

Mary Pratt, treasurer, reported the following:

"One of the programs proposed by Student Government this year has been the new scholarship award to be presented each year to some [illegible] U. V. M. student other than a freshman. Three hundred dollars of the proposed total has been definitely set aside, $100 of which will be offered this year at Commencement, and $200 of which will be left in the contingent fund as backing against the loan years. The idea originated with last year's financial committee and has been approved by this year's council and President Millis, and with the approval of the student body will take effect immediately."

It was also voted that a reading of the allocations be dispensed with.

Bob Pond reported on the Kake Walk [illegible] March 17.

Peg Lake gave the reports on the cutting system. Three alternative systems and two proposed penalties for overcutting will be placed on ballots for a vote by the student body. The three alternatives are:

1. The original plan changed very slightly which will be:

Freshmen—Two cuts per course for the year. Freshmen on Dean's List second semester, three cuts per course.

Sophomores—Number of cuts per course per semester as there are credit hours in that course. Dean's List sophomores to have one more cut per course than the number of credit hours in that course.

Juniors—One more cut per course per semester than the number of credit hours in that course. Dean's List juniors to have two more cuts per course than the number of credit hours in that course.

Seniors—Two more cuts per course per semester than the number of credit hours in that course. Dean's List seniors—unlimited cuts.

No sanctioned excuses will be given by the Dean. A cut before or after a holiday will be counted as a double cut.

2. Freshmen—Two cuts per course first semester.

All students with an 85 average have unlimited cuts—including second semester freshmen.

Students without an 85 average have the number of cuts per course as the number of credit hours in that course.

3. No uniform cutting system continues to have the number of cuts allowed decided by the individual professors.

The two proposed penalties are:

1. No credit in that course for graduation, but given credit for that course on transcript.

2. For the first offense—Dean's probation.

For the second offense—Suspension from college, say for 10 days.

Marjorie Rubin announced that the petitions for candidates for the Executive Council or for officers for U. V. M. students must be in by Monday, February 28.

Questions and Answers on Soldiers' And Sailors' Civil Relief Act of 1940

Q. Are there any Answers on [illegible] Relief Act of [illegible]? Except Article IV [illegible] Act [illegible] approved [illegible] as amended by Public [illegible] approved Oct. 6 [illegible]

A. [illegible] are attached mak[illegible] to the provisions of Soldiers' [illegible]

Q. [illegible] rights transferring to [illegible] service. Is [illegible] be instituted, or proceeding commenced [illegible] to person in the military service [illegible] during the period of his service [illegible] thereafter, [illegible] to stay the proceedings at any judgment or order [illegible] against such person and [illegible] to vacate or set aside an attachment, garnishment, or [illegible] property, or levies in the event of previous [illegible] entered after [illegible]?

A. Must a person appear in court personally [illegible] be represented by an attorney?

A. [illegible] be represented personally at [illegible] in court by some authorized attorney [illegible] a power of attorney may be executed to represent him. In the latter case a [illegible] signed by his commanding officer in the Adjutant General [illegible] be acceptable to the court as proof that the individual is in the military service.

Q. Is it necessary that all cases where military personnel have legal problems be presented to court?

A. No. A person in the military service may make arrangements with his creditors respecting his obligations. Such arrangements should be in writing.

Q. Does relief under the Act be granted only to soldiers who enters a contract prior to date of entry into service?

A. Generally speaking the provisions of the Act will protect a person against [illegible] contracts [illegible] entered into prior to entry into the military service.

Q. Does the Act [illegible] a moratorium on all rights of action during service?

A. The Act does not provide for suspension [illegible] moratorium as to [illegible] obligations during military service. The stay of proceedings [illegible] are primarily allowed by the Act is largely within the discretion of the court.

Q. Are all contract obligations covered by the Act?

A. Generally [illegible] contracts [illegible] were consummated prior to the entry of military service are covered.

Q. What are the proper factors to consider [illegible] whether or not a soldier should be protected by the Act?

A. The court generally determines whether his ability to pay or to discharge the obligations has been materially impaired by his military service, and [illegible] whether [illegible] is unable to adequately [illegible] his military service.

Q. Is it necessary that all cases where military personnel have legal problems be presented to court?

A. No. A person in the military service may make arrangements with his creditors respecting his obligations. Such arrangements should be in writing.

Q. Does relief under the Act be granted only to soldiers who enters a contract prior to date of entry into service?

A. Generally speaking the provisions of the Act will protect a person against contracts entered into prior to entry into the military service. It applies only to contracts executed prior to entry in the military service.

Q. Does the Act [illegible] a moratorium on all rights of action during service?

A. The Act does not provide for suspension [illegible] moratorium as to [illegible] obligations during military service. The stay of proceedings [illegible] are primarily allowed by the Act is largely within the discretion of the court.

Q. Are all contract obligations covered by the Act?

A. Generally [illegible] contracts [illegible] were consummated prior to the entry of military service are covered.

Q. What are the proper factors to consider [illegible] whether or not a soldier should be protected by the Act?

A. The court generally determines whether his ability to pay or to discharge the obligations has been materially impaired by his military service, and [illegible] whether [illegible] is unable to adequately [illegible] his military service.

Q. Are automobiles treated differently from other personal property under the Act?

A. No.

Q. Does the Act afford any relief to persons who had acted as sureties [illegible] accommodation [illegible] upon the obligations of a person in the military service?

A. The Act provides that [illegible] warrant, grant these individuals the same relief as is granted to the principal in the case.

Q. Can dependents of a person in the service be evicted from their dwelling?

A. Yes, if the monthly rental exceeds $80 per month.

Q. Suppose the rent is $80 a month or less?

A. In this case permission must be obtained from the court.

Q. How long can the tenant be evicted from?

A. Not longer than three months.

Q. Must a soldier pay his income taxes?

A. Yes unless his ability to pay such tax is materially lessened by reason of his military service. If payment of payments is deferred application should be made to the collector of Internal Revenue where the return is filed in the case of Federal income tax, and to the State Tax Officer in the case of state levied taxes.

Q. For how long may this deferment be effective?

A. Payment of income tax, whether Federal or state, may be deferred for the period of military service plus 6 months.

Q. May the real or personal property of a person in the military service be sold to enforce the collection of a tax assessment?

A. No except upon leave of court granted upon application made therefor by the collector of taxes. A court may stay such proceedings or such sale for a period extending not more than 6 months after the termination of the period of military service.

Q. If property of a person in the military service is sold to enforce collection of a tax or assessment, does the person have the privilege of redeeming such property?

A. Yes. The soldier has the right to redeem or commence an action to redeem said property at any time not later than six months after the termination of his military service, but in no case later than six months after the date when the Act ceases to be in force.

Q. Is the period of military service computed in the period provided by law for the redemption of real property sold to enforce a mortgage or other obligation.

A. No part of the period of military service which occurs after October 6 1942 shall be computed in the time allowed for redemption.

Q. What is the valid rate of interest which may accrue on obligations of persons in the military service?

A. Interest accruing on obligations after October 6 1942 shall not exceed 6 per cent per annum unless upon application of the creditor concerned the court shall determine that the ability to pay interest is not affected by the debtor's military service.

Q. May a lien for storage of property belonging to a person in military service be foreclosed?

A. Yes except upon leave of court.

Q. What affirmative action may be taken by a person in the military service with respect to his obligations?

A. Such person may during his military service or within 6 months thereafter, apply to a court for relief in respect to his obligations or liabilities. The court may provide for the payment of the obligations of such person for a specified period after military service in order to enable him to liquidate his liabilities in orderly fashion and not be subject to the actual and payment of the liabilities at one time.

Q. What should a soldier do when he has some rights available under the Civil Relief Act, do when he has a personal legal problem affecting his property?

A. He should go to his commanding officer who will refer him to the Judge Advocate or other designated aid.

MAY COMMENCEMENT

[illegible] Day

Southwick, U. S. A.

[illegible]

[illegible] Hats [illegible] A welcome [illegible] the warmer [illegible] in May [illegible] 15 would be [illegible] Vermont Capital [illegible] Southwick beaches and [illegible] create even though they [illegible] the better part of [illegible] and [illegible] was in progress and the Dean [illegible] directed the partners. [illegible] the evening was "They're [illegible] Big Or Too Small." An [illegible] terlude was furnished by [illegible] Southwick had when he tried [illegible] punch. After [illegible] settled for a stroll in the [illegible] Thanks are in the offering [illegible] Grantee for his Doris Blake

"The Death of Day

The golden ball we call old sol
in the sky
With gasping chokes of protest
so the day must die
The color fades to crimson red
let beams of light—
It tries its hardest to postpone
ing of the night
But lofty mountains reach above
its reddish gold—
And like the men who live
day is growing old.
Purple shadows sift through the
playful elves choose sides
The trees take form of grotes
awaiting gargoyle brides
The dusty road goes back to sleep
its serpents tail—
And stretches out its length
through mountain hills and
The purple clouds part just a bit
dust pours through—
It gently floats unto the earth
to morning dew.
The cartwheel moon rides cross
emitting silver rays
It rules the land, this radiant
absence of the days.
The powder blue that helps th
long its cheery path—
Fades purple red, then azure
sunshine's aftermath.
The switch is the thrown, the
on, to light the chariots
The street lights of heaven
again. Alas! —the day is lost

Fashion Show Held By Home Ec Girls

At a Fashion Show held last Thursday night the Home Economics girls showed their ability as seamstresses. The high lights of the evening were the suits made by the advanced clothing classes. They were modeled by Clara Liese, Romona Hathorne, Harriet Whitney, Hilda Lund, Pat Crowley, and Alma Gaylord. To top off the suit parade. Erika Heininger and Marie Lanou (both future dietitians), blossomed out in twin outfits of different color.

Peggy Durfee, Alice Dyer, and Jerry Campbell appeared in new spring coats. The junior girls were dressed in gay print dresses of all descriptions, while Rosamund Hughes, another dietetics major, modeled a colorful red and white ski sweater. To end the parade, Harriet Whitney appeared in a black evening dress.

As is the custom, the first meeting of the Home Economics Club after midyears is devoted in part to the initiation of those freshmen who attained a 75 average or better during the first semester. Ramona Hathorne, president, conducted the ceremonies.

GIRLS' SERVICE ORGANIZATIONS

A new phase of USO activity is opened to those girls enrolled in the Girl's Service Organization. There is a service center at the Masonic Temple on Pearl and Church Streets which is used by many Air Crew Students over the week-end. It is necessary that girls be down there on Saturday nights and Sundays. This last week a dance was held and many girls from the University were present.

Alison Carr has asked that any girls who are interested in serving at the Masonic Center as hostesses get in touch with her immediately. A few of the girls have signed up already.

The work of a hostess is primarily to put the boys at ease and to make them feel at home. Many of the boys just like to sit and visit instead of dancing, or the like, and thus the hostess should be friendly and warm, at all times.

Unless they could get
something legal
to carve
these warriors
would certainly starve.

Hungry, tired, cold
they began to bicker,
scold until the thin air
waxed thicker.

But, guess what!
out of this fracas
appeared their dinner,
no need to get thinner . .

Why, they had got one another's goats.
They were seen gorging their throats.

HUDDER ZWICK

TREASURER'S REPORT

The following is an itemized account of the allocations from the Student Activity Fund as approved by the financial committee and the president.

University of Vermont Student Budget 1943-44.

INCOME

Unallocated surplus, 1942-43 . . .	$ 2,697.37
Student fees, first semester (630)	4,725.00
Student fees, 2nd semester (600)	4,500.00
Total	$11,922.27

ALLOCATIONS

1. Committee on Religious life 615 at $1.45	$ 891.75

STUDENT UNION MEETING TONIGHT

Tonight there will be a Student Union Mass Meeting in the Ira Allen Chapel. Barbara Hall will explain several new changes in the rules. Dean Simpson will speak on Orientation for the future. In an interview she said she will try to point out the most important adjustments which the college women must make in order to assume their share in the leadership in the post war world, with emphasis on the fact that we have to begin that adjustment right now. This adjustment is largely emotional and psychological and involves changing our patterns of thought to meet the changed conditions we will have to meet when we leave the ivy towered college.

Health Council will present a brief skit as a dramatic climax to the talk.

Following the main part of the meeting will be a short sing of our campus songs.

Home Eccers Take N. Y. Field Trip

Tour Made of Many New York Concerns

On Sunday, January 30, the senior Clothing and Textiles majors of the Home Economics Department left Burlington for a field trip to New York City. Those who went on the trip, Alma Gaylord, Jane McAuliffe, Patricia Crowley, Peggy Durfee, Alice Dyer, and Marion Finn, are members of the first class to be graduated as textiles majors in the Home Economics Department. Their field trip to New York has established a precedent. The students were accompanied by Miss Hazel Westby, Home Economics instructor in Clothing and Textiles. Ruth Ann Holmes '45, the only junior textiles major, also took the trip.

Monday morning the girls visited Macy's Training Division where they saw all the activities from the photographer's models to the testing bureau. This training department consists of a squad of thirty-five carefully picked girls who receive an intensive and highly specialized training course for from six to eight months in whatever branch of the field they are most interested. At the end of the training period they receive an executive position. Included in this field are advertising, buying, and personnel work.

On Monday afternoon they toured the Museum of Historic Costume which provides inspiration for many designers' ideas. They also visited the Metropolitan Museum of Art.

Tuesday morning the training division of Abraham Straus in Brooklyn was inspected. That afternoon the girls visited the Butterick Pattern Company at 23rd Street where they saw the evolution of the pattern from the designer's brush to its placement in its individual envelope.

On Wednesday the group visited the N. Y. U. School of Retailing at Washington Square in the heart of Greenwich Village. Here they met the authors of many of their textbooks including Isabel Wingate author of *Textile Fabrics*.

Splash Party Held At Y.M.C.A. Friday Shivering Success

Olympic Games, Relay Races, and Diving Big Features of Gay Event

Coming up to the water's fore, or after shivering into little size 52 YMCA issue wool suits and walking the last mile on cold wet tile gods trooped into the pool to join the W. A. A. Splash Party. About twenty-three were splashing about while outside of zero weather outside. Very shortly the committee was organizing teams for some sort of Olympic games. Next two girls were standing on the deep end about to start a relay race. They were wearing flannel night shirts that would have been too large for Bob Burns' grandfather. After doing one length they were hauled out by their teammates and the racing games ended directly on to another team member who floundered up the pool. The winners are forgotten because there was no reward other than a good laugh.

When the planning committee, consisting of "Gimmey" Campbell, Peg Donnelly, and Irene Fahey, appeared with dishes and silver there was a great deal of surprise. It was a race to set up service for one on the bottom of the deep end of the pool. This was pretty tricky but it seems to have been successful because no one was asked to have dinner with Father Neptune. Finally those with endurance took part in a bucket relay which appeared to be designed to assure uniform chlorine concentration at both ends, since each one carted buckets of water from one end to the other.

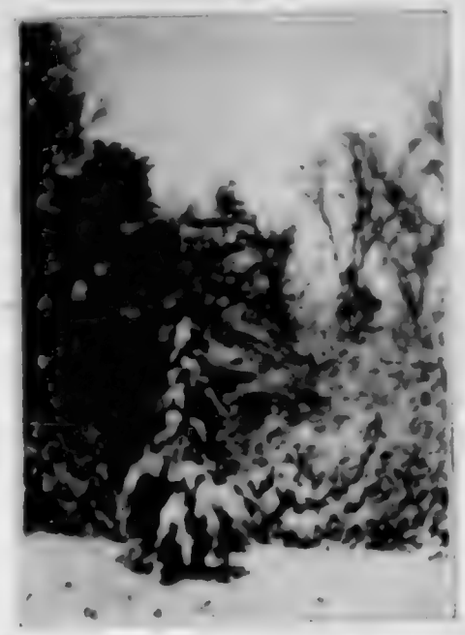
The party finished up with more splashing and watching "Spig" Fawcett and Betty Mansfield dive. Mary Greene took pictures while all looked graceful and then ate. Ah! what refreshments! They included hot chocolate and sandwiches which, Mary Greene the maker, described as "brick-like" as to size and density. However she noticed that of the hundred sandwiches made, only three were left over. After taking care of them all went home to be envied by those who had colds and couldn't go to the Splash Party.

Money is Might—Make Yours Fight!

Have a Coca-Cola = Muchas felicidades
(MANY CONGRATULATIONS)

. . . from Caracas to Cleveland

To strike up friendship, your Yank oil-driller in South America says, *Have a "Coke"*, and he's said, *I'm your pal.* World-wide, Coca-Cola stands for *the pause that refreshes*,—has become the genial gesture of friendliness everywhere . . . just as it is at home with Coca-Cola in your refrigerator.



BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"

LOST—A gold Eversharp pencil [illegible] initials E. A. R. on it. If found please call 4312. E. Rublee.

Students are reminded that all petitions for nominations for Executive Committee members of Student Government are due by Monday, February 28.

There will be a meeting of those interested in discussing the Soldier Vote Question on Thursday, February 24 at 5 o'clock. All students are invited to attend.

Previous action of the University Council in omitting classes Saturday, February 26, is rescinded since the date of Kake Walk has been changed. Classes will be held as usual Saturday, February 26.

Saturday, March 18, the day following Kake Walk, will be a holiday in the three academic colleges. There will be no classes held on that day.

E. SWIFT, *Secretary*

OUTING CLUB RIDE

Fair weather and plenty of snow conditions ideal for the Outing Club sleigh ride Sunday, February 20. The group of about 40 left the Waterman Building at 2.30 on two sleighs for the North Avenue skating rink. Those in the group left the sleighs there, the rest went on an extended ride. They returned to the warmed hut at the rink where together with the skaters they gathered around the stove to drink hot cocoa which Shirley Parker and Peggy Lowe had rushed down to the hut in a taxi.

Those who enjoyed the sleigh ride free of charge were several children who hopped on to the sleighs at various points of the ride.

The party returned at 5.30 singing as bravely as when it started out.

Warner House Girls Sponsor Sugar Party

Sunday evening at Warner House saw 14 lassies, sent from Southwick bracing their first encounter with that Vermont tradition, sugar on snow. With maple syrup boiled to perfection by Mr. Warner, and the usual dill pickles, raised doughnuts and coffee the boys from the South found out what sugar season means to Vermonters. Some started eating the snow first or wondered what to attack it with, fork, fingers or hatchet.

Decorations were in honor of Washington's Birthday, flags, streamers, hatchets, and even Air Corps napkins. The piano and the Vic furnished the music.

Chaperons were Mrs. Lulu P. Goss and Mr. and Mrs. W. K. Warner.

COLLINS PLAYS AT MORTAR BOARD

The Spring Mortar Board dance was held Saturday night, February 26, in the Y. M. C. A. gymnasium. Music was furnished by Jack Collins' orchestra and many request numbers were played.

The semi-formal was chaperoned by Mrs. Adams and Professor and Mrs. Rowell. Members of the Mortar Board Society were in the receiving line.

Among those present were many Navy men, including former Vermont students. Also present was Lt. Fred Logan, Marine paratrooper and wearer of the Purple Heart. The civilian students of the University were represented in greater number than usual.

General chairman of the "girl-ask-boy" dance was Barbara Hall '44. Committee members were Justine Whelan, Penelope Easton, Priscilla Perkins and Patricia McCormick.

19 Instructors, Profs. to Leave

Now Teaching Air Corps Its Physics

The curtailment of the army program and decreased civilian enrollment will necessitate the release of at least 19 professors and student instructors from the University. The majority of these are those who have been teaching physics to the Air Corps during the past year.

Professor Woodward and Bill Pierce have secured positions at Middlebury with the Navy V-12 program. Professor Byler is leaving to teach Political Science at Lawrence College. Professor Gill will be connected with air craft research at Langley Field. Others have applications or pending for positions in industrial research or teaching.

Typical of student instructor reaction was that of Daan Zwick: "What am I going to do? God and General Hershey only know. I'd like to go on getting some degrees—what I'll probably get is a stripe—if I'm lucky. Perhaps I'll be able to work for some physical chemistry industry. I don't know."

Dot Thornton has also applied to some war industries for research work. "I might join the WACS or the WAVES—might—who knows—even get married."

Bud Brown may enlist in the Navy. Jay Katz has filled out his draft questionnaire along with applications for graduate and medical schools.

In the physical education department, Mr. Ryan, Mr. White and Mr. Slayton will terminate their positions at the end of the fiscal year.

NEW EMPLOYMENT SERVICE PLANNED

A new employment service, planning to assist alumni as well as undergraduates in getting positions, has been announced by President Millis. The University maintains an employment service now, which has been helpful in placing undergraduates in occupational positions. Extending this program to aid alumni in finding positions will greatly help postwar demobilization plans.

In order to complete this service the University will have a poll to find out what employment opportunities are desired and needed by alumni. Lists will be compiled giving available positions. A number of firms will be consulted to determine the demand for graduates.

President Millis reports that plans are already going through for this service. Graduates in the future will be recommended for consideration to large industrial and commercial firms through the U. V. M. employment office.

U.V.M. Has Option On Wheeler Home; To Be Infirmary

40,000 Needed by April 1 To Purchase and Renovate Property

It has been announced recently by a committee of alumni and friends of the University of Vermont, that a short-term option to buy the Wheeler property located at the outhwest corner of South Prospect and Main Streets has been purchased. The Wheeler house, which was occupied by the Wheeler family until 1943, would make an idal situation for a student health center and infirmary, and it is for this purpose that final purchase is desired. The house, which is one of Burlington's finest old homesteads, was built in 1842 by the Rev. John Wheeler, D.D., sixth president of the University and it was in President Wheeler's study that the local chapter of Phi Beta Kappa was founded in 1848.

Infirmary Seriously Needed

Many have assumed that the house and land, so closely adjacent to University property, so desirable in itself, and so directly linked with U. V. M.'s history, would become part of its holdings. Unfortunately, when the Wheeler property came on the market, there were no available funds which could be used to buy it and as a result these interested were forced to buy the short-term option in the hope that by April 1 the $40,000 necessary to purchase the property and modernize and convert the house can be raised. They feel confident, that many alumni of the University, old friends and even the students will support the drive so that the acquisition may be made possible.

An infirmary would be an addition to the University's physical equipment that is seriously needed at present. A clinic for students was started a few years ago, with very limited facilities in the Waterman building. To provide for those cases of illness of resident women students, which need attention and care but are not serious enough to require hospitalization, only inadequate provision in one of the dormitories has been made and there has been no place at all to care for the other women and the men. The Wheeler house would provide space for approximately 36 beds in wards and private rooms for men and women. These would be located in the main part of the house on the second floor and on the ground floor in what is now the living rooms the University physicians would have their consultation rooms.

Memorial to First Dean

It has been proposed that the infirmary be named as a memorial to the first Dean of Women, Mrs. Pearl Randall Wasson. Approximately 15 years ago a considerable fund was raised in honor of Mrs. Wasson to be used for this purpose. The money has been allowed to accumulate, pending the acquisition of an appropriate building, and is now sufficient to cover the cost of infirmary equipment but the principal will remain as an endowment.

At the student union mass meeting last Wednesday night Dean Simpson asked the women students for their wholehearted support of this project which will be of such needed service to the student body. She proposed that every University woman should try to contribute one dollar, to be presented to the alumni committee as our part in this worthwhile cause.

There will be a meeting of the W.A.A. Council and Winter Sports Clubs Managers Friday, March 3, at 7.30 in the Physical Education Office.

Dean Simpson Speaks On Role Of Women In Future

Women Must Prepare Now for Soldiers Homecoming; Companionship, Social Skills

There will be an important meeting of the entire editorial staff in the CYNIC Office, March 2, at 7.15 p.m. Attendance is required of all scrubs, reporters, and news editors.
—EDITOR.

President Millis Presents His Plan For New Recruits

Miss Margaret Crowley, assistant to the Dean of Women has started the campaign for increased enrollment next year by visiting several high schools this week in New Jersey, Connecticut and Long Island, to tell the students the advantages that U. V. M. offers both scholastically and socially. She has planned to visit particularly those high schools from which students have previously come.

Every year Heath K. Riggs, Director of Admissions, has visited every high school in the state of Vermont to show movies which give a vivid picture of campus life at U. V. M. In past years these movies have been very successful and have encouraged several Vermont students to attend their own university. Mr. Riggs will tour the state again this year as will several other members of our faculty. Miss Mary B. Sullivan of the Education Department is going to visit several of the larger high schools in Vermont to tell students about the elementary and secondary education courses, while Doctor King and other members of the Home Economics Department are going to tour Vermont as well as other states to make known the modern facilities we have for the dietetics course and the opportunities for advancement that the Home Economics Department has to offer in all options: Food and Nutrition, Clothing, Education or Extension Work.

The nursing course, which is the newest course that we have at U. V. M. was instituted this year under the able direction of Miss Faye Crabbe. Since most people, mainly those from out of state, do not know about this course Miss Crabbe will lecture at several high schools explaining the opportunities it has to offer.

President Millis also fits into the plan since he left today (Wednesday, March 1) to speak before several alumni clubs throughout the country. His main object is to tell the alumni the progress of the University and to bring them up-to-date on the latest happenings of their Alma Mater. He plans to go to Buffalo first and then on to Detroit, Chicago, Pittsburgh, Washington, Philadelphia and Boston and will return to Burlington on Sunday.

Conn. Hillel Conference Held at Univ. of Conn.

The Connecticut Hillel Leadership Conference will be held the weekend of March 4 at their cabin retreat at the University of Connecticut in Storrs, Conn. Elaine Oling '45, and Pearl Weisbard '46 will represent the U. V. M. Hillel Foundation. There will be representatives from all the Hillel Foundations of the northeastern states. As yet the topics for discussion have not been announced.

The highlight at the Student Union meeting February 23 was Dean Simpson's speech "Orientation for the Future," an appeal to the women of the University to begin now to prepare physically and mentally for our post-war world. While our boys are sacrificing their lives for freedom we still have it in our lives. Dean Simpson stressed the fact that "for us there still remains at least a considerable degree of freedom to make our own choices, to do as we like, but I'm sure we all realize that we are under a tremendous moral responsibility to show some good judgment and unselfishness in the way we use the freedom which we have, a freedom not permitted to the women of any other country on earth." It is the responsibility of University women to foster right ideals by setting a good example. It is the personal duty of every girl to preserve her good health for the future great tasks of reconstruction. Girls must prepare for the companionship their men will be demanding when this war is over. They will want the girl with character, backbone, sympathy, and tenderness. Women should now become aware of what the service men are going through that they may understand the emotions and reactions of these men upon their return. It is vital that social skills be cultivated by girls, skill in games, conversation, and skill in making the most of themselves. Here at U. V. M. we have every opportunity to train ourselves for the kind of companions that will be needed for our future husbands, sweethearts and friends. The temptation to join women services is natural, but Dean Simpson adds "I urge you to remember that there are far too few women with trained minds. Your greatest contribution will be as leaders, as skilled technicians, as well-trained teachers." In view of the University's serious readjustment after the cadets are gone, the faculty is determined to maintain higher standards of instruction and give the students a wider choice of subjects. However, in order to achieve this, the student body will have to cooperate to help lower the cost of the University's physical maintenance, economy in the use of light, heat, and janitor service, and cutting down on unnecessary class absences, only thus can our faculty give us the better instruction which we desire.

Orientation Talk by Dean Simpson

Important announcements were made to the girls by Dean Simpson and council.

(Continued on page 6)

BOOK BY U.V.M. PROF.

Professor Dean has written a new book entitled "Green Mountain Boy: Seth Warner," which is the third historical biography published by him. This book portrays the romantic and dashing activities of Vermont's most colorful Revolutionary heroes and adheres strictly to factual detail making apparent the author's wealth of historical background.

Although this book is for teen-age readers as were his "Stark of the North Country" and "Old Wolfe, the Story of Israel Putnam," it will appeal to all ages who possess a taste for the ruggedness of early days of America. Professor Dean has made the Green Mountain Boys come alive in a new way. Struggles of Remember Baker, Ethan Allen, Poley Underwood, Seth himself, are struggles of the state and their triumphs are also Vermont's.

The book is dedicated to the author's three daughters, Arlou, Malia and Loena and is illustrated with line drawings by Charles Child who seems to have caught from the author the spirit of the times in which his story is laid.

He said that most of the boys ... with tropical diseases on the ... back.

To qualify as Marine paratrooper, Fred had to jump six times. He has jumped three times since then. There are 3,200 Marine paratroopers, 2,400 of which are on duty in the Pacific area. The outfit is being disbanded, since the Navy paratroopers do the same work.

Fred is anxious to get back to the fighting now that he is better. He graduated from the University in 1942. While here he was Kake Walk director and, in his senior year, the president of Phi Delta Theta fraternity.

Lieutenant Harold E. Rice, class of '42, and classmate of Lieutenant Logan's, is also in this country on a 30-day leave. Better known to U. V. M. students as "Misty" Rice, he was a member of the Kappa Sigma Fraternity and was captain of the Vermont football team in 1941.

He has just returned from 14 months of active duty in the South Pacific with the first parachute battalion of the Marine Corps. He was in the same area as Fred Logan.

"Misty" was married to Harret Woods, a U. V. M. graduate in the class of '42, last Sunday, February 27, in Waterbury.

POLL TAX TOPIC

The first meeting of a faculty-student discussion group will be held in the Women's Lounge on the third floor of the Waterman Building next Tuesday evening at 7.15. The discussions will be very informal and will give the students and faculty an opportunity to discuss current national, international and local problems. The topic to start Tuesday's meeting is the Poll Tax. It will be introduced by Dr. A. E. Nuquist of the Political Science Department. All interested faculty, students and military personnel are invited to attend. The discussion will be terminated promptly at 8.15, after which coffee will be served by the Sophomore Aides.

Brotherhood Week Convocation Held

Trio of Speakers Highlight Week

The climax of Brotherhood Week came with the chapel service held on Friday, February 25, when short addresses were given by the three visiting interfaith speakers, Rev. McCormack of Springfield, Mass., Rabbi Perelman of New York City and Rev. Redden of Newburgh, N. Y. Their subject dealt with the vital topic "Brotherhood or Chaos History Shall Not Repeat Itself."

Rev. McCormack, the first speaker, pointed out how fundamentally necessary religion is in order for people to survive, and how the falsity in Europe must be suppressed. "It is for us who have faith in one God to see that Brotherhood reigns after this war and not chaos. We should not look down on other faiths nor look up at our own religion as the best, but we should realize that the same loyalty and warmness felt in each of our hearts for our faith is also enjoyed by those of others." With this realization we should look straight at all faiths.

In planning for the peace of tomorrow, Rabbi Perelman suggested three things to remember to bring about Brotherhood under a God that loves all mankind. First, we must remember that "hungers are global in nature and by making our outlook on other peoples and countries global, too, we can draw our world nearer together." Secondly, he pointed out that "our world is dictated by reason and discoveries of science, and when a scientist enters his laboratory, he leaves behind all prejudices and emotions. And yet when we deal with man, the foremost element, we don't always follow that principle." Finally he said "we must remember the importance of two great influences in the last two generations, those of religion and democracy. Religion teaches us the dignity of human personality. And democracy shows how every man has an enormous potentiality to give." He ended by saying that we must all learn to feed each other or religion and democracy will become empty.

Rev. Redden, who has traveled all over the country, visiting Army camps and talking to thousands of service men, showed how much brotherhood is needed —shown in army life where men are trained as a fighting machine where there is no time for religious prejudices. "When our soldiers come back home and join us they will be the heart of American thinking and the bulk of future plans. They will have fought together side by side—Jew, Protestant and Catholic alike. After the first World War this spirit was lost after peace was declared. It is up to us here at home to see," Rev. Redden concluded, "that history doesn't repeat itself and learn to live harmoniously or we won't have a real peace."

Winter Averages Released; Phi Sigma Delta Tops All

Senior Class Is Highest of Four With Juniors, Sophomores, Freshmen Following

The official class and group averages were released by the Registrar's office last week. For the winter semester of 1943-44, the highest group average was obtained by Phi Sigma Delta Fraternity. It is the second time in U. V. M. history that a fraternity has led the campus.

Alpha Chis, numbering thirty-nine girls, obtained an 83.65 average. The Thetas, Pi Phis, and Tri Delts had their averages compiled on the basis of similar large groups of girls, and all were over the 80 mark.

As is usually the case, the marks of the Senior class are highest, and the Juniors, Sophomores and Freshmen follow in that order. The average of the women students again topped that of the men by not quite a point this semester.

The University average for last semester was 79.4, this is considerably higher than averages for the past two or three semesters.

CLASS AVERAGES

(Based on grades for January 1944)

Senior Men	80.34	
Senior Women	84.49

For Life, Liberty and the Pursuit of—The Axis

CANTERBURY CLUB REPRESENTED AT CHURCH MEETING

Thursday morning at 7 a.m. a Corporate Communion and breakfast will be held in the Chapel. Also, on Sunday evening, March 5, the regular monthly meeting will be held at the home of Mrs. F. V. Hoyt, 195 South Prospect St., at 7 p.m. Watch for announcement of the speaker.

All members of the Episcopal, Lutheran, and Greek Orthodox Churches are cordially invited.

Four U. V. M. students represented Canterbury Club at the Episcopal Church Vocational Church Conference for College women. The Conference was held at St. Andrew's Church, Wellesley, Mass., February 25 through 27. Those attending from the local Canterbury group were Alice Rowe, Betty Farnsworth, Nancy Dockstader, and Shirley Needham. Many representatives from colleges all over New England were present.

The purpose of the conference was the discussion of opportunities for women in vocational and social fields. One of the highlights of the program was a panel discussion on *Marriage as a Christian Vocation*. This was led by Mrs. Sturges, wife of the rector of St. Andrew's Episcopal Church in Wellesley. The views expressed proved to be of much interest and worth to all who attended. The final speaker, the Rev. Robert Rodenmayer of Smith College, Northampton, Mass., gave a fine address on the *Christian Vocation*, which was a fitting climax to a profitable and pleasant week end.

Lilac Day Set—April 15

Lilac Day will be held on April 15 at Taft school. The plans are nearing completion and the Bluestockings have their poems nearly finished. A member of the English Department is helping in the direction of choral speaking. After the program the girls who are participating in the dances will hold an informal reception.

The feature dancers taking part in the program are: Betty Mansfield, Elizabeth Dole, Phyllis Edgerton and Pat Bergman.

Brotherhood Week Climaxed With Talks At Hillel House

...evening, February 25, the Hillel ... on Colchester Avenue was the ... a warm reception and stimulating ... with the three speakers represent- ... National Conference of Christians ... Jews as guests for the evening. Al- ... Father Redden, Rabbi Perelman, ... Reverend McCormack were speech ... at the end of the day, they gra- ... consented to participate in the open ... These three clergymen have ... a deep impression on this campus ... discussion went a step further ... the spirit of Brotherhood ... tolerance.

... the discussion, a very informal ... took place with Rabbi and Mrs. ... and members of Hillel serving as ... hosts. Hillel House was filled ... and the crowd included men ... students, Air Corps, Medical ... members of the faculty, clergy- ... representative group of towns- ... Air Corps men had to leave ... but the rest of the crowd ... until ten o'clock and after. ... edifying sight to open the ... the rooms filled with enthu- ... of the Catholic, Protestant, ... faiths sitting together, or ... the three speakers listen- ... attention.

... floor was open to discussion, ... cups were served in the dining ...

... president of Hillel, wel- ... with a few cordial re- ... introduced Penelope Easton, ... the Religious Life Com- ...mittee for leading the dis- ... Easton asked for the first ... the proverbial cat held all ... last so it seemed until Prof. ... broke the ice by asking, "Is ... to be an Elk's Picnic this ... that drew a laugh and the ten- ...sity of asking questions was ...

... important question were as ...

... account for the lack of ... prejudice in our Army camps? ... really good, or is it just a ...

... golden jumped at the chance ... question since the Army is a pet subject with him. "There is no organized form of intolerance in the Army, and thus social relations are on a much higher plane than in civilian life. No obstacles exist, such as background, financial situation, membership in one prominent social group or another. Everyone is treated the same in the Army. Measures to correct any bigotry or prejudices are taken immediately."

Rabbi Perelman

"How deep is this race-riot feeling, and who are its agitators?"

"There is abroad today a dislike of the unlike, and this is a perfectly natural, human feeling, but the economic laws of country figure largely. For example, in the South, when the price of cotton goes down, the number of lynchings go up. Most of the agitators of these race-riots are habitual drinkers, former juvenile delinquents, products of degraded families, and non-Church goers."

Rabbi Perelman commented on the social behavior of the children today in these words, "The manners of the children of today are at a deplorable state of affairs, and we'd better start doing something about it, or else—!"

Rev. McCormack

"Will there be an increase of racial tolerance after this war?"

"That's just what our job is now—preaching brotherhood instead of intolerance, in order that the post-war world may be rid of bigotry, one and for all."

In other words, it's the job of those here on the home-front to preach and practice brotherhood, so that when our boys come back they won't have to fight a battle of intolerance and hate all over again.

It was very much in evidence, as was seen by the nature of the questions presented at that time, that the problem of racial intolerance is uppermost in everyone's mind at the present moment. If every Christian, Protestant, and Jew will unite in a common front again this Public Enemy No. 1, something can be done to rectify the situation. By keeping an open mind and with charity and justice motivating our actions toward our fellowmen, Brotherhood may become a vibrant reality in a decaying society.

SERGEANT HALL CARRIES ON

Stomping at the South Wing; "Hot Pilots" Reminisce About Each Other

By Boyce

It seems as if the old Bastille has really reverted to its stomp and once more the wing rocks with the mirth and merriment. If not all of those 1-2 squadies who can kick the going around in the living room when you are in the kitchen you would come to the basement at the South wing any night between nine and ten-thirty. There you will see the Canadian Music Society of Lower South Wing instilled to over the "One O'Clock Jump" with Pvt. Dan Allan's trumpet leads. Off Duty Abcede joining in the fun. Look showing the hipsotice and Uncle Dwight. Dr. Nanzio on the piano. Bigger pounding the ivories and Carpenter bringing out a table Paradittles on the wash boiler. A real social hour with a lot of stomping come-on-down polka jaunt and bring your instrument.

Oh! That Cub

Well, flights nearly all over for the present "hot pilots" with most of the boys flying their eighth hour now. We had a lot of fun and wish we could do it all over again. We will never forget How Van Bloem took his instructor into a snowbank on his check ride . . . the way Kniffen's instructor came running out to the bus trying to get him to sign the report . . . the girl who sat with Frank Gallager on the bus . . . or Philbin??? We have a few "Hot Pilots" though; Chuck Nedbal claims he can land on a dime . . . Fred Prior said that this kind of aircraft was too slow for a fellow of his experience. Andy Law wants to know why we couldn't bail out at five hundred . . . and Gardner thinks we should have anti-aircraft firing at us so we could get the feel of flying through flak.

Dear Diary

Open post this week: Saturday . . . Missed breakfast stood inspection . . . went to gym ate dinner and so to bed (Paused) Got up at three and went into town ate again, and then went to see Batman Ta! Ta! Met half the establishment in the "Y" after the show. Played pool 'till some And at eight Well, it's nobody's business what a soldier does after eight!

Sunday I got up at ten went to church and from there proceeded to the Masonic Service Center saw "Red" Hanley he had just come from the Blood Bank where he had his eyes drained, (Wouldn't tell me why.) Kolar was playing his weekly game of checkers, Goldstein was knocking the pool balls around . . . the radio was beating out T. Dorsey's "Who," and everyone seemed to be having a good time.

Stayed there till four o'clock, then went over to see what was cooking at the U. S. O. Most of the gang was there, either dancing or looking around for a prospect. Johnny Prell's girl walked in with a Seymour dress and nearly started a riot. Ate supper there and at seven [illegible] back to the hall.

That's all for this week, Dear Diary, expect to have more for you next week if something turns out alright.

Sage's note this week's chapter of "Winter in Vermont" brought to you by the makers of "Kelsos Korn Flakes" which are guaranteed to blah, blah, etc.

"Give Us This Day"—Our Chance to Serve

Philbin Here Yet; Snow Makes Flying Very Interesting

Life can be hard. The happy rumor that our lad Philbin would soon be far away was pretty well expended this week-end. Something well over six-feet was dragging us out from under the bed after reveille and those words "Freeze" "You're gagged" and "You'll walk for That," made it all too plain. It was still with us. Our dreams were ended.

Footnote's note: He's left.

Thumbs up, gallant men of Sigma, things could be much worse. There's only room for one in a South Pacific fox-hole and Art will never bother you there.

It was calm and quiet at the airport this week until our boys went over there to replace the weather hazards. "Snow Bank" Hennessey proved that he can taxi and run into only a little bit of snow . . . "Pinky" Higgins' his instructor is a bit suspicious of his pupil's flying ability so he carries his own yip cup now, not to mention three parachutes and a glider . . . Editor O'Neil has his own brand of flying and if his instructor, Mr. Tomasi, can't catch on, it's not Jim's fault . . . Jerry Stein ran through his swan song once or twice when his crate came to a forced landing . . . "Ground-hog" Grey (and he lives up to his name) has three mowed up potato patches to his credit with his fancy low altitude routine . . . Don Hart and Rolly Kennedy ought to skip the rest of their training and get their commissions now. Even if they don't fly like old hands, their accounts of it sounds good . . .

Hats off to Leon the Leopard, the one man who knows where his rectangle is.

Sigma Society

We had a notion to speak to friend O'Hare when we saw him with that bit of loveliness Saturday, but the look in his eyes said, "no interference" . . . Bob Severence has something to talk about in the way of a sister who'd brighten up any household . . . "Jack the Ripper" Quimby caught glimpses of his folks between tours. Perfect timing for a visit . . The lady that "It's for your own good, fellows" McIntyre calls wifey is keeping him company for awhile. Nice company too . . . Tri-Stripe Philbin deserted his sidekicks, Estey and Hirschler for the tall blonde dish from the Cafeteria, Julie and at the Black Cat,!!!! "Pinky" was born, the truth being the persons of his parents in town this week . . . Tom Messina was missing in the hot spots this week-end so no dope on him . . . What happened to those Winooskites who burned up the wires with O'Neil and Quimby. It was fun for all while it lasted . . . Nashville grapevine was alive this week with good reports of our boys Gately, Jungers, McNeely and Passofaro.

Well, no news is good news and whatever the comments, I've stopped you with that line. Best bet for finding out what's happened is to go look for yourself.

Twenty-six states are represented in Bennington College's freshman class.

Social Scenes About Converse Corner

Boys in Attendance At Phi Sigma House

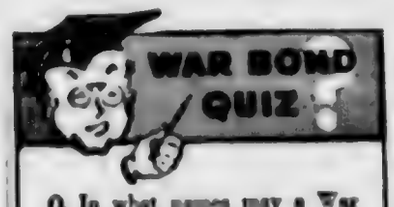
By Charles Sanford

Mitch Abood, to start it gets the Oscar for pulling the Snafu of the week. Scenes chatting in the hallway of the Building pausing frequently greetings like "Hey there "W'atcha say, Chuck" and the fact, practically everyone who would slap him between the blades by way of greeting hand rested lightly on his sh moment, he turned, with a brez know Jaxon?" to gaze into face of Major Ernst.

Social Scene

Johnnie Stearley taking in the Board Formal with cute lit . . . ditto Bill Scott with Harr close-to-the-wall) Barron . . A instructing George Reich in fr Flynn Theatre in the fine point To Win Friends and Influence

craft Workers . . . Don Rourke Sharpton, and "Guess Who" revival of an old *Indian H* tion, over the week-end . . . Ralph Schantz seen all over town Waggoner, the poor man's Orso spent his week-end in a hotel room town. Nope, wrong again, he was ing *history* all night, all by lonesome, in preparation for the weekly quiz on Monday. We always say can't keep a good man down Woodfield seen on Church Street ing what he claimed was some clothes . . . Oh yes, the Great Ball That Walks, was doing over the week-end. 'Yep, ol' Skin played "Tramp, Tramp, Tramp Are Marching" in the Cage to squ self with society. Don't worry, gu had lots of distinguished compa . . . We went to the gracious House" at 360 Pearl where we saw sipping coffee as poured by Pear Allen running his finger over looking for dust (Goes to show an "Acting Gadget" will do for boys); The red thumbtacks on the of "Where The Elite Meet;" McClain looking a little the wear . . . We're *still* wonderi Lilla's request . . . Bob Huss "short snorter" bill . . . Pat, think of some dirt for this colu Laurie Lofgren out 'n around with Hashslinger of 1944." Heard she him for "Three Stripe" Philbin RIP.



Sunday Puzzler

One problem that has caused m to be banged on walls is this of Sunday evening Open Post.

We have yet to hear a brain tion as to just what can be done way between six and eight o'clock *the Sugar House?* Not with the colored laws in this state *show?* Hardly worth the time an to see a few reels of ads, trail and half the feature . . . *Go to the* Oh well, why should we keep

We've heard lots of constru gestions that range all the w downright mutiny and petitioning trial powers "Down Below" to the theatres into Sunday matin nothing definite has emerged. W up *long* ago . . .

Stall from Sinclair who leaves this little thought. It's very to browse in the Library, but it pends whether you like high b low browse.

Q. In what names may a War Savings Bond be issued?

A. War Bonds can be registered only in the names of individuals in their own right, in one of the following forms:
1. The name of one individual, or
2. The names of two individuals, as co-owners, or
3. The name of one individual as owner and the other individual as beneficiary.

Q. May a Bond be registered in the name of a minor?

By Gib Crockett.

A. Yes.

Q. How can I buy a Bond by mail from agencies other than a post office?

A. Write to the Treasurer of the United States for an order form or send a letter with a check to the Treasury Department or to a Federal Reserve bank stating number and denominations of Bonds wanted and giving complete instructions as to the desired registration.

Q. Can Bonds be attached for debt in case of a judgment?

A. Yes. The right to receive payment of a Bond may be transferred through valid judicial proceedings, but only if the Bond itself is surrendered to the Treasury Department. See Treasury Department Circular No. 530, Fifth Revision.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

THE FORMER WHEELER HOME—TO BE INFIRMARY AFTER THE WAR

DEMOCRACY

The Political Actions Group, newly created on campus is a political pressure committee to arouse the interest of the public on controversial issues before the U. S. Congress.

The two-weeks old organization began with the question of the "Soldier vote."

Soon to follow the discussions on this matter, are "Slum Rehabilitation" and the racial question.

Professor Beiler, the present advisor, will leave soon, plans are being made for another advisor.

The charter members of this new organization are: Lilla Blumberg, Nancy Hall, Ellie Konowitz, Lorraine Luce, Marjorie Rubin, Janet Stimpson and Pearl Weisbard.

Meetings are held every Thursday at 5:00 p.m., and anyone interested is invited to attend.

Campus Comment

(*Concluded from page 2*)

of a fellow named Hitler who had a government he wanted to set up. So he put on a good show, lots of costumes and music and mysticism. Lots of spirit, parades and wars. No one had to think. A Mr. Goebbels handed out comic books and cartoons to those who liked to see the facts.

Filtered, shovel-fed government for the German people.

Anytime things get too difficult over there, Mr. Hitler, and you want to quit and begin again, here's a nice opening.

DAAN ZWICK.

If a candidate has been nominated for two or more offices, for which the total points exceed twenty-five, the candidate shall be consulted as to which position she prefers to hold.

The nominations shall not be made public but shall be delivered by the secretaries of the several organizations to the office of the Dean of Women on the date specified. There they shall be checked by the two Vice-Presidents of Student Union assisted by a representative of the organization concerned. All records shall be filed in the Dean's office and every effort shall be made to keep them up-to-date. To this and each organization is obligated to notify the office of the Dean of Women of any changes in officer personnel which occur between elections.

ATTENTION!

Election of officers and the executive committee of U. V. M. Students will take place at the main entrance of Waterman on Monday, March 6.

The following nominations for officers have been made by the Nominating Committee:

President—Frank Prior, Marjorie Rubin.

Vice-President—Guy Nichols, Nancy Hall, Constance Perkins.

Secretary—Mary Boardman, Gail Thompson, Mary Greene.

Treasurer—Beryl Cheney.

Sub-Treasurer—Karl Erwin, Frances Witham, Caroline Kenney.

The following nominations for the Executive Committee have been made by the Nominating Committee:

Class of 1945—Mary Ashe, Frances Donahue, Margaret Donahue, Francelia Earle, Shirley Hibbard, Eleanor Jenkins, Elaine Oling.

*Class of 1946—Peggy Donnelly, Phyllis Edgerton, Mary Thornton.

Class of 1947—Lenore Eichel, Ruth Jandoreck, Rita McGary, Marjorie Nelson.

Article V, Section 1, reads:

"On the first Monday in March the Executive Committee consisting of four juniors, four sophomores, two freshmen (at the time of election) and the regular officers shall be elected, these officers, to serve also as officers of the Executive Committee. Their shall be one year. Vacancies shall be filled by special elections.

**There were only three petitions for members of the class of '46 handed in. This means there will be a vacancy on the Executive Committee that will subsequently be filled by a special election.*

W.A.A. Tournament Matches Close

W.A.A. captains have announced the results of the athletic tournaments which have been played off during the past week.

Of the 32 girls in the badminton tournament the team of Mary Thornton '46, and Edna Gates '44 was victorious with Betty Robles '47, Marjorie Nelson "consolation winners" and Pat Crowley '44, Peggy Palmer '44, runners up. Miss Euler presented the winners and consolation winners with buds with their names on them. The winners will receive their cup at the W.A.A. banquet.

In the basketball tournament, the Green II team was the victor. Those on the winning team are Mary Thornton '46, captain, Betty Ritchie '45, Betty Kipp '47, Kay Hennessy '45, Edith Robbins '47, Priscilla Perkins '44, and Rachel Giddings '46.

Jean Davison '44 proved victorious in the closely matched archery tourney with Esther Ballard '45, runner up while in Ping Pong Mary Thornton was the winner defeating Janette Nelson '45 by a score of 21-12, 21-13.

BUY WAR BONDS AND STAMPS

At a recent meeting the Arts Committee on Curricula agreed tentatively that the following courses should be offered during the summer term. At the same time, the committee realized that these might not fit the needs of all students and asked me to publicize the list to see whether there is sufficient demand for other courses to warrant offering them.

Students who wish to attend the summer term but find these offerings inadequate should consult me.

(Signed) ELIJAH SWIFT,
Dean.

Following is a list of courses which the College of Arts is tentatively planning to offer during the summer term. Note that many of these will be given as full courses, for example, we plan to offer the full year of Chemistry 9 (Organic Chemistry) as well as Psychology 1 and others.

In cases where the half year of a course is to be offered the superscript indicates whether it is to be the first or second semester of the full year. Thus English 1^1 means the first semester of English 1 whereas English 2^2 means the second semester of English 2.

SUMMER TERM COURSES

Freshman Courses

Course	*Hours Credit*
Chemistry 1^1	4
English 1^1	3
French 3	6
German 1	6
History 1^4	6
Mathematics 1^1	3
Zoology 1^1	4

Elementary Education Courses

Introduction to Education	6
Elementary Curriculum	6
Mental Hygiene	6

Upperclass Courses

Course	*Hours Credit*
Chemistry 9	8
Chemistry 2^3	8
English 7	6
English 2^2	3
English 9	6
German 2^2	3
*German 2	6
Mathematics	6
Political Science 3	6
Physics 1^1	8
Psychology 1	6
Spanish 2	6
Zoology 6 (half course)	4

* Tentative.

Questions, Answers About the WAVES

Do all WAVES begin as apprentice seamen?

Yes, even officer candidates. However, after the indoctrination and training period there are automatic promotions. Higher ratings thereafter depend on ability and length of service.

How do qualifications for WAVE officers differ from those for enlisted personnel?

A college degree, or two years of college work plus acceptable business or professional experience, is required. Eye and teeth standards are slightly higher. Women up to 50 years of age are eligible. These are the principal differences in requirements.

How long are WAVES on duty daily?

Theoretically, WAVES are always on duty. Practically, the work is no more arduous than in an efficiently-managed business. No WAVE candidate, however, should be actuated by a desire for an easy, glamorous life. WAVES have plenty of time for recreation, but the important thing is to do a job quickly and well and thereby contribute toward earlier termination of the war.

Information about the WAVES is available by telephone, letter or personal call at any Navy Recruiting Station or Office of Naval Officer Procurement.

Sports Essential Says W.A.A. Pres., Sylvia Runnals

New Winter Sports Clubs; All Sports Banquet in Spring

Sylvia Runnals, president of W. A. A., believes that sports are an essential part of a college education. In her words "sportsmanship is one of the chief tokens of true character."

The winter sports clubs are again in full swing and spring is not far off. This brings to mind the most important activity of W. A. A. The president says that sports clubs are leading up to one thing, the W. A. A. All Sports Banquet. There is more to this banquet than just a party where everyone has a good time eating and chatting with friends. It is at this time that all the individual and team awards are given. There is an interesting story of work and achievement behind each of these awards. Members of the All-Sports Club are named for the coming year. Sylvia Runnals considers membership in All-Sports Club a great honor for a girl to receive and one about which every freshman girl should know. The qualifications are high, but only in this way is it possible to have a group of girls who are capable and likable guiding W. A. A.'s functions. Upon entering U. V. M. freshmen should choose their activities and friends. In W. A. A. there is an activity for every girl no matter what her interests.

The clubs are run by the girls themselves under the guidance of a manager chosen from the club. It is not necessarily the most skilled performer who becomes a member of All-Sports Club. Many traits of character are taken into consideration, including the individual's attitude, sportsmanship, and enthusiasm.

In the last few years there have been many loyal and talented members of W. A. A. who have participated in many of its activities. This has necessitated the introduction of an intermediate award. The qualifications for this award are not as high as those for All-Sports Club, but it serves as a stepping-stone in that direction. This award consists of a green and gold emblem containing the initials U. V. M.

WAA President, Sylvia Runnals says "We want a great many more of you girls to come out for the clubs now going on. Let's make this year's presentation of emblems the largest we have ever had the honor of giving. As an incentive to participation in clubs we have had tournaments during the last few meetings of the clubs. In this new season we are planning to have tournaments begin at the first of the club and continue throughout the whole season."

Other awards of this banquet are cups which are presented to the winners of tournaments who are allowed to keep these in their individual dormitories and houses for the following year. There is also a participation cup which is given to the dormitory or sorority house which has the highest percentage of girls participating in the greatest number of W. A. A. activities. This incites every girl to go out for clubs in support of her respective dormitory.

W. A. A. offers many privileges to its members and the members in turn are able to make W. A. A. stronger and better.

The badminton tournament was played off last Tuesday night. Miss Crowe, a champion badminton player herself, kept score. After a few heated games Spike Thornton and Edna Gates came out the victors.

The basketball tournament was run off in the form of four teams. There were two gold teams and two green teams. The games have been going on for the past four weeks. Green II finally won the tournament after meeting stiff competition. The team with the highest number of points scored was the winner.

The bowling tournament was also run on point basis and Allen House was the winner.

The archery tournament was won by Jean Davidson who is the first one to win the new archery cup.

ALPHA CHI OMEGA

ALPHA XI DELTA

On Sunday, February 20, a tea was given at the new patronesses of Alpha Xi Delta, who are Mrs. Cowles, Mrs. Peaslee and Miss Gotshall.

All everyone knows pledging occurred on Monday, February 21. Last Thursday six pledges were initiated. Later in the evening the initiates, Virginia Bingham '45, Alice Bowman, '45, Eileen Chisholm '45, Mary Paterson '44, Eunice Simmons '45 and Shirley Thomas '44, attended a formal banquet at the Hotel Vermont. During the festivities, congratulations were the order of the day for the six new actives. But ask Mary Lou why she only congratulated four!

Those who took advantage of their week-end passes were Mary Paterson, Virginia Pingham, Alice Bowman and Mary Lou Strauch which time they spent at their respective homes.

Interesting high lights of the week-end were the skiing lessons two Southern Belles received from Sylvia Wellwood. Just ask the ones who saw it!

SIGMA GAMMA

Congratulations to E. A. Keenan, Jr.! Monday night Ione Lacy announced her engagement by passing chocolates. Ed is a member of the class of 1944 and Ione is one of our Senior Home Ec'ers. Best wishes for their September wedding!

DELTA DELTA DELTA

Smithwick's victorious basketball team and friends were entertained at a spaghetti supper last Sunday. Mrs. Headley assisted by our own Baltimore meatball wheel, was voted a perfect accompaniment to the yards of spaghetti. A notable omission was the discussion of the Civil War.

We are still wondering if the school can sign it our front yard was makes overnight on the part of the high school students. Perhaps they anticipate the coming bout with student teachers Batchelder and Dolan.

Charles Geer and Phyllis Lane of Bridgeport, Conn., as her guest at the house this week.

June Hoffman Dorion '43 and Red called at the house Friday on their honeymoon tour of Vermont.

Betty Anderson enjoyed a long week-end in New York thanks to the Navy—represented by her uncle.

Ag Mulholland '44, wishes a wider variety of sports were offered U. V. M. women . . . hmmm??

STUDENT SERVICE CONDUCTS DAY OF PRAYER IN CHAPEL

A movement [illegible] Day of Prayer which brought [illegible] Week to a close was observed at the University of Vermont by a Student Service. The invocation was given by Phyllis Edgerton. In her address she expressed the significance of praying for the spiritual welfare of students. She also expressed the ideal that all people throughout the world are united under one common Father.

Jarrel Cowles and Viola Stevens then spoke to emphasize the need of prayer. Their main point was that many people do not know how to pray. One may pray at any time and place, although most people prefer to look themselves up spiritually to pray. Values and rewards of prayer are many and a man of prayer has an outward appearance of calmness and serenity.

The service was concluded by the singing of hymns and the reading of scriptures.

Phi Sig Open House

After much dusting and sweeping, the girls at Phi Sigma Delta held open house on Sunday February 27 from 2 to 3.30 p.m.

The open house was attended by chapter members and their families, students, faculty, and air corps men. The girls conducted all their guests on a personal tour of the house. One air cadet was heard to say, "No matter how clean it is it could never pass white glove inspection."

No democratic world will work as it should work until we recognize that we can only enjoy any right so long as we are prepared to discharge its equivalent duty. This applies just as much to states in their dealing with one another as to individuals within the states.

MR. ANTHONY EDEN.

BILLBOARD

February 29 1944

COOPERATIVE HOUSES

Application blanks for residence in a cooperative house for the coming year 1944-45 will be available in the office of the Dean of Women after March 6, 1944.

Application blanks must be returned to the office of the Dean of Women by Friday, March 10, 1944.

MISS MARY JEAN SIMPSON

SURPRISE!—Saturday night dance to be given by the Pi Phi's. Watch bulletin boards for further information.

FOUND—Sheaffer "Lifetime" pen. Inquire of Janice Commandar[illegible] phone 2916.

LOST—Green and black Parker pen February 19, Student Lounge or Alice Rowe, 3092, if found.

WINE, WOMEN, MUSIC

The dreams that you've lived [illegible]
hoped for and cherished
Are here to thrill you for [illegible]
night,
Wine—women—music—and light
Invade the Lounge on Saturday [illegible]
The music which Collins jazz[illegible]
And the wine is the kind that [illegible]
spot;
The very dim lights will permit [illegible]
see
The beautiful women you'll all agree
So if you seek laughter, gaiety, and [illegible]
You ought to know now just where [illegible]
come.

Ray Dorey Sings At Cafe Society

Pi Phi's Present Ingenious Dance

Café Society, sponsored by Pi Beta Phi, was introduced to the U. V. M. campus Saturday evening, March 4, by wine, women and song. In a typical night club atmosphere, many couples danced the evening through to the strains of Jack Collins and his orchestra, with Ray Dorey, now of Benny Goodman fame, as vocalist.

The Pi Phis got out all their hammers, tacks and ingenuity on Saturday afternoon and transformed the Student Lounge in the Waterman Building into a sample of New York's Cafe Society. Tables, with black and white covers, arranged around the edge of the hall, and a bar decorated with large champagne glasses and bubbles were set off from the central dance floor by black and white streamers extending vertically to the floor. The windows were adorned with appropriate silhouettes. Added attractions were Mary Lou Robinson and Ronda Prouty as cigarette girls, attired in costumes by Pat Crowley.

During intermission refreshments were served at the tables, and at 10.45 p.m. several of the Pi Phis provided entertainment in the form of a floor show, with Proctor H. Page as master of ceremonies. The Trio, consisting of Nancy Dockstader, Betty Farnsworth, and Mary Lib Metcalf, gave forth with its own rendition of "Mairzy Doats," and "People Will Say We're in Love." All those present, including the band, then sang "Happy Birthday" to Betty Farnsworth on her twenty-first birthday. A bit of light entertainment was supplied by "Dixie" Dockstader when she appeared in a fruit-laden hat to sing "The Lady with the Tutti-Fruity Hat," with apologies to Carmen Miranda.

Barbara Lane and Jackie McCormack presented their original ballet dance to the tune of the "Glow Worm," and some nondescript boogie-woogie played by Mary Lib at the piano. Barby wore a ballet costume, and Jackie a tuxedo. In closing the show, Ray Dorey sang "I Couldn't Sleep a Wink Last Night" and "My Ideal." Ray is a Burlingtonian who made good.

He has just returned from Hollywood where he has been featured with Benny Goodman. The reason for Ray's return to Burlington is his induction into the army this coming week.

All applications for waitresses, house-fellows, and residence in cooperative houses will be available in the Dean of Women's office after March 6. They must be returned by March 10. Room choosing will take place right after Easter vacation.

"Struggle in Far East" by Moorman

Clair W. Moorman who came from the Philippines in 1940 will lecture to the student body on behalf of the International Relations Club, Wednesday evening, March 8, at 8 o'clock in the Student Lounge. The topic of his lecture will be the "Struggle in the Far East." Following the lecture there will be opportunity for questions and informal discussion. Refreshments will be served.

Mr. Moorman spent ten years doing program work for the Y. M. C. A. on the Philippine Islands. During that time he made four trips to Japan and four trips to China. He brings to his audience colorful and significant facts of incidences and personal experiences from his years of residence and travel in the Far East.

Since he returned to this country he has traveled over 20,000 miles speaking in colleges, universities, high schools, local clubs, and community organizations in cities throughout the country.

Mr. Moorman is now a member of the National Program Staff of Y. M. C. A. and U. S. O. work, and serving in this capacity he is a guest in Burlington for these few days. When he was asked where his home was, his place of birth, he replied, "Oh, I was born in Michigan, that's easy enough to answer, but my home—that's another story. It's just wherever I take my hat off these days."

The members of the International Relations Club will meet previous to the lecture for a short business meeting. Those who wish to continue in club activity must pay their second semester dues of one quarter to Jean Davison, treasurer. A tentative club program for the remaining months of this year, arranged by the club council, will be presented to the members-at-large for approval. All members are urged by the council to be present at 7.30 in the Student Lounge this Wednesday evening.

SCHOLARSHIPS AND FELLOWSHIPS TO BE GIVEN TO GRADUATES

Students here at the University of Vermont, who intend to graduate this May, will be interested in knowing the opportunities that are being afforded them through the fellowships and scholarships offered by a number of universities for graduate work.

Two fellowships of $500 each are being offered to women by Radcliffe College, for training in personnel administration. There will be only a limited enrollment and those interested in further information should apply to Anna H. Harken, Director Training Course in Personnel Administration, Radcliffe College, Cambridge 38, Massachusetts. Boston University is offering several assistantships to graduates of high academic standing and ability for graduate work in accounting, business administration and commercial education. This work will lead to degrees of Master of Business Administration and Master of Commercial Science, and all applications for these assistantships must be made not later than April 15, 1944, on blanks provided by the office of the Graduate Division. The blanks and a copy of the catalogue may be obtained by writing Mrs. H. I. Johnson, the Secretary of the Graduate Division, Boston University College of Business Administration, 685 Commonwealth Avenue, Boston, Massachusetts.

All seniors and any others who are interested in doing graduate work after leaving the University of Vermont should watch the bulletin boards in the Waterman Building for announcements of graduate scholarships and fellowships. Because of limited enrollment, applications should be made at once.

Kake Walk Plans Rapidly Taking Shape for the 17th

ELECTION RESULTS

On Monday, March 6, elections were held for officers of Student Government and for members of the Executive Committee. The cut system and penalty were also voted on. The results of the elections at which 305 ballots were cast:

President: Marjorie Rubin, '45
Vice-President: Constance Perkins '46
Secretary: Mary Greene '46
Treasurer: Beryl Cheney '45
Sub-treasurer: Frances Witham '46

Executive Committee:

Class of 1945:
Mary Ashe, Frances Donahue, Margaret Donahue, Eleanor Jenkins.

Class of 1946:
Peggy Donnelly, Phyllis Edgerton, Laurel Hansen, Mary Thornton.

Class of 1944:
Rita McGarry, Marjorie Nelson.

The original cut system which was worked out last semester, with the change to two cuts for freshmen per course each semester, was the choice of the students.

The penalty voted on was that a "warning shall be issued for the first overcut, and on the second offense, the student will be allowed to complete the course, without a lowering of grade and the course recorded on his transcript, but no graduation credit shall be given.

Inter-Faith Hour Observed in Ira Allen Chapel Tues.

Tuesday, February 29, at 12.15, an Inter-Faith Chapel Hour was held at the Ira Allen Chapel in final observance of Brotherhood Week. Elinor Konowitz, Barbara Powers, and Frances Witham, representing the three faiths, Jewish, Protestant and Catholic respectively, presented their ideas on Brotherhood and also what they hoped it would come to mean to America and to the world.

Frances said, "Before we can hope to obtain universal Brotherhood, bigotry and intolerance must be expelled from society forever. Today it is necessary for men of all faiths to unite in a common purpose —to defeat the enemy and win the peace. When they come home from war they will want to see the spirit of brotherhood which was prevalent on the battlefront flourishing in their own community. If we Americans are successful in keeping this spirit of brotherhood alive on both the home front and battlefront, we will be able to extend that same feeling to our enemies after the war. It is not easy to love our enemies, but brotherhood insists on charity and justice to all men since we are all one in having a common origin and a common father."

"The Jews," Elinor said, shared with the Catholics and Protestants a strange unrest created by the revolutionary movement of the 1780's. They had been suppressed long enough and wanted to have a part of the new and wonderful sounding ideals, equality and fraternity. Doctrines of the American and French revolution stemmed on. All over Europe they tore down old barriers. The Catholics and Protestants defined their spheres of influence and learned to respect and understand their beliefs and evaluate the human being in terms of his worth and not his religion. The Jews were slowly being accepted not as a mysterious personality but as a person with similar likes and dislikes, similar standards and convictions.

(Continued on page 2)

Sculptures Completed; Campaigns to Start

According to Bob Pond, director of Kake Walk, there will be three teams competing in the "Walkin' fo' de Kake" this year. Of the six boys, only Walter Brown was here in school last year. Two of the newcomers, Paul Hemingway and Charles Chandler Nelson are walking for Phi Delta Theta. Walter Brown and Bill Burchard are doing their part for Sigma Phi, while Paul Prior and Al Attwater are to strut for the Independents, although Paul Prior is a Phi Delt.

Bob has announced that if a fraternity team wins, the fraternity name will be inscribed on the Briggs Cup which is now on display in the University Book Store. If the team composed of a fraternity man and an Independent wins the cup will be inscribed Independents and will be retained by the Book Store.

In addition to the Briggs Cup there will be individual twin loving cups for the winning team members. The traditional Kakes will be awarded. The first place team and the second place team will each receive a Kake.

Bob in giving the names of the Walkers said that these boys would walk if nothing drastic happened between the present time and Kake Walk. He mentioned broken legs, but he was thinking also of last year with its orders, rescinded orders, and rerescinded orders from the army.

King and Queen Campaigns

Kake Walk king and queen campaigns will start March 11. This year some restrictions have been placed on the campaigns. No more than $5 may be spent, no campaign may be launched before the Saturday preceding Kake Walk and no formal announcement of candidates will be permitted before that date.

As in other years, the candidates will speak over WCAX stating their platforms. The date, time, and length will be announced later.

In order to prevent damages to University buildings the following campaign regulations have been approved by the President and adopted by the Kake Walk Committee.

Campaign Regulations

In the Waterman Building: No notices or advertising relating to the Kake Walk are to be displayed above the ground floor, except that one banner or display poster, to be approved and furnished by the Kake Walk Committee, may be hung by the Custodian of the building in the main stair well attached to the rail or balusters at the second floor level. All other notices relating directly or indirectly to the Kake Walk to be displayed on the ground floor in the south corridor are not subject to the Student Bulletin Board. Two large temporary bulletin boards will be provided for advertising the campaigns of the candidates for king and queen. On application to the Custodian, an equal feet of space on one of these bulletins will be allotted to each candidate. The fixed student bulletin board will be controlled by the Kake Walk Committee and used only for general student notices.

In other college buildings the Student Bulletin Boards are not to be used for publicity relating to king-queen contest. On request to the Kake Walk Committee a special temporary bulletin will be provided in the Old Mill only for the use of those who are candidates for election as king or queen. No Kake Walk notices either of a general or personal kind shall be attached to any part of any University building, except as specified in these regulations.

Curley, with the bedroom
Young was quite embar-

rassed but that vague expression so familiar to us soon indicated enlightenment . . . Once again we focus our attention on that retrobate from Converse, Mitchell Abood. Our spy system found him in church with one of our "Milknaids" last Sunday. The preacher's ears must have burned when he went to confession. Borrowed expression which a colleague of mine used to describe his English teacher. "She should worry about transportation she can always travel by broom. . ." One never realizes how much time he spends waiting for someone to take his order in a restaurant. I'll guarantee that Sunday morning I spent between 25 and 30 per cent of my open post trying to get some fried eggs. No wonder we got those two extra hours a couple weeks back . . . Times certainly have changed —A diner upon observing a fly in his soup, excitedly beckons to the waiter and screams, "Waiter, a little more salt please" . . . Episode in Southwick Hall—Lieutenant Brossman (pointing to a cigarette butt on the floor): "Bradley, is this pours?" Bradley (pleasantly): "Not at all, sir, you saw it first."

I've written and dedicated the following poem to a very lovely couple who will soon become man and wife. I offer to them, and to all those who at last have found each other, the heartiest congratulations and sincerest best wishes for a happy and prosperous life together. To Cliff Ellege and his Margie;

Together, Forever,
VON WIEN.

Just two alone in a lifeboat, in a swirling
sea of fate,
The pounding waves from the belching
blue does naught but irritate.
Then out of the heavens singing, melodic
tunes of love.
We found each others hearts dear, from
that voice from way above.
And now we are together, to stay the way
I pray,
For none can tear asunder what we did
that holy day.
Our hearts entwined, our love eternal, to-
gether shall we be,
For mountains, oceans, plains or foam,
can't keep your heart from me.

Now as I bid you Adieu, I like to make with the pretty words and beg forgiveness for the incoherence of last week's column. Our rewrite editor apparently thought it unwise to use Lieutenant Brossman's name so he censored it, the column, so it remained naught but a labyrinth of words lacking coherence, meaning and intelligence . . . In closing may I remind you that even if you were in the infantry, before you came to the cadets, you can no longer brag about it. A former foot soldier apparently has no use for the customary army procedure. He gave a letter to the Charge of Quarters addressed to Lieutenant McLain requesting permission to see him. Somehow the letter found its way into the mail box but eventually came to the attention of our most honored lootenant . . . On reporting our refugee from the infantry snapped to attention and saluted saying "Sir, A/S Calder, reporting to the Lieutenant with permission." or words to that effect. Sounds okay but ask him which hand he saluted with. . . Someone wrote out a gig slip for Major Ernst when he apeparel in improper uniforl for the Saturday inspection. Everything was okay with his uniform except the gold leaves which usually adorn his shoulders. They just weren't there

AIR CORPS DANCE THIS WEDNESDAY

The Air Corps has announced that it will hold a dance this Wednesday evening, March 8, in the Winooski Ave. U.S.O. Only flight men will be given permission to attend this dance. Open post for the men will be from 6.00 p.m. until 12.30 p.m. and the dancing will be from 8.30 until 11.30

First woman to become an officer in the army medical corps was Dr. Margaret D. Craighill, formerly dean of the Women's Medical College of Pennsylvania. She was commissioned a major.

Rah, Rah Boys Take Off

Converse Cadets Have Wild and Woolly Week-end as Pay Day Arrives

By Charlie Sinclair

Your reporter swears there were more Heavy Dates and hangovers, hinges and Bromos over the week-end than any other he remembers in Vermont. Some few were under the influence from the time of the delayed opening of the "Brotherhood Meeting" at the Sugar House, Saturday, to the making of the whirlwind bed check Sunday night.

Then too there was the general weeping and wailing and gnashing of teeth when the week-end tour lists, gig lists, shaft lists, etc. came up on the bulletin boards with a record crop. The old grey walls fairly rocked to the strains of the *ABC Blues*. (Absent Bed Check) Bed Checks? Ye Gods!!! There were three on Friday, seven on Saturday, and three again on Sunday. It got so you couldn't leave the room without returning to find that you had just been counted A.W.O.L. This boy even wandered in a friend's room Saturday night to "bat the breeze" a bit, and was met with a hoarse whisper. "Get out! Lieutenant Brossman's in here!!"

Speaking of Lieutenant Brossman reminds us that he's back from his recent leave. We're glad he enjoyed it and sincerely hope he has many more in the near future.

Skin Haid Walks

When it came to trouble last week, Burt Cooper was strictly the Daddy of them All (He's not really bald He just has an off the face face) Anyway, Skin Haid settled his many differences with his roommates and even joined them in a Pipe of Peace ceremony (*another* old Indian custom) but started the feud all over again when he noticed that everyone was smoking Cooper's best "Wally Frank" mixture. Then too he nearly blew up a Heat of Vaporization experiment in the Physics Lab during the week As if this were not enough, Skin Haid had tours, lots of them, over the week-end, which neatly eliminated him from the social scene. To top it all, he even had a quick touch of the *Geeyis* . . .

Straws in the Wind

Lieutenant Dixon became known as the "Purple Flash" Sunday night when he made the fastest bed check on record. He was on the fourth floor of each wing while the front doors were still swinging. Your reporter saw Roland Kraus, who accompanied him on his rounds, gasping for breath, as winded as a Crosby nag, from tearing through the old halls . . . Get Harry Scheu to tell you about his great command performance Sunday night . . . Morris (Bring 'Em Back Dead) Dansiger keeps a mouse trap in his north wing room. Swears he's saving the pelts to make a flight jacket . . . A rival club the *Hospital Corners Athletic Association* has sprung up in Converse to challenge the well established *Wigwam Wildcats* . . . There's a picture of *Julie*, the ptomaine domain's blonde beauty in George E. Dragan's room with her inscription "You *lucky* guy,—Julie." The E in his monnicker is his middle name, *Eurasyis* . . .

Attn. Abood and Co.: A certain high ranking (three white ones) "Jeep" student officer had to have the meaning of T/5 explained to him. His last name begins with "D" Say, didja hear about the Children's Party that these boys—Art Kugler, Don Allen, "Cat" Carpenter, Louie Di Munzio, Wade Rothgeb, Mike Clitterow, John Huffman and the ever-faithful Abod-Kraus combo—put on for the Burlington Sinatra Set Saturday? S'help me, they were even mobbed for autographs

Speaking of the Great *Abood*, he too had tours over the week-end. When asked for a statement he replied: *"I was shafted! When I coulda been out enjoyin' myself*

Converse Fliers Soon to Leave

By "Bozop" Kramer

This week saw the coming of a new plaything to the Converse family, a six and three-quarter pound baby girl was "issued" to Ivy Lewis by his loving wife No one had the weird name of the new arrival when a cloud of smoke and a hearty "Have a cigar" came coming down the hall accompanied by arms and walking Lt. Productus, to the delight of everyone At first I thought it was a Lieut Brossman Red Check" but then I saw Ivy's gleaming face and knew that the Lend Lease assistant had arrived (Congratulations Ivy) The baby will have its first birthday on February 29, 1948 (Poor timing Ivy)

Week-end Rumors

It's been rumored that . . . . Piazza has eleven hours in the air now? . . . Prior is studying the waterfront. She spends most of his time there the Batman Serial is going to follow us to Classification . . . Cora has finally given up hope of catching her "Little Wolf" (alias J G Lesmen) . . . Paul Keibel kept his New Year resolution . . . Abood and Cleo are getting "that" way about each other . . . and that Al Tuccarone had something to do with the brawl that took place in Winooski Saturday night

Week-end Inspection

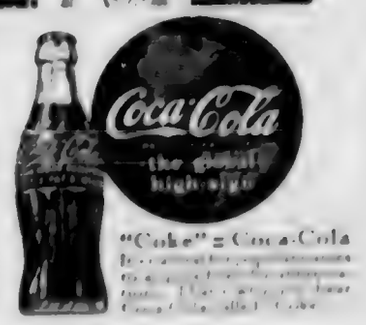
This week we had the usual inspection by Lieut McClain, everyone was hit hard on the gig list. The payoff, however came when he walked into Room 41 on the fourth floor and asked one of the southern boys what the meaning of the picture on the dresser meant. The Georgia lad hit a brace and proudly wailed, "Why Suh! that's a picture of the *Confederate Flag*," and it is said that the lieutenant's ears became very red, below his O. C. S bob. After the inspection some of the boys vowed that they could stand no more and threatened to move to the museum in the back of the ole Bastille. D. F. Boss!

In a deep contrast, let's look at the inspection given by Lieut. Turner It seems as if the "two golder" J Kolar was with him on his tour of the rooms and decided to "help" him. Upon looking behind a radiator in one of the rooms, John jumped up and cried, "Look sir, I found a bottle cap" to which came the reply, "Let's not get too eager, now" . . .

Well, that's all for the moment except that we are going to hate to leave Vermont, it's the ideal place for anything We'd like to thank the people for making our stay as pleasant as it has been They are tops. . . . Bye now!

I had to go listen to the Lucky tell me you're blank, blank off, Slim!

S'all from Sinclair who swears he saw a formation of six men and a section marcher coming up Pearl Street at midnight last Saturday.



We have half a mind to write a letter to someone about it all

Have a "Coke" = Hallo, Bracie
(HELLO, BROTHER)

...a way to say "Pardner" to a visiting Pole

When a Polish flyer says *Hallo, Bracie,* he greets you as a brother. The American means the same thing when he says *Have a "Coke"*, whether he offers it away from home or from his icebox at home. Around the world, Coca-Cola stands for *the pause that refreshes*,— the global high-sign of the kind-hearted.

"Coke" = Coca-Cola

Decreases ... feed in poultry products ... which the extension ... is the recruiting of ... farm laborers.

"BISH" McGILL

The usual quiet of the halls of the U. V. M. Medical School was shattered by news of great importance to the entire University. Word came from here late Monday afternoon that Pfc. James Bishop McGill had finally been persuaded that he, as one of the few gentlemen of the old school left—indeed, for this reason admirers sometimes call him "Kentucky Lou"—should run for Kake Walk King. Immediately a host of advisors and well wishers, including many professors, surrounded the student prince. Bish is remembered as an outstanding football, track, and hockey star of the past three years, as well as a serious student, a gentleman of quick, subtle wit, and a graceful conversationalist with a style that quickly endears him to those who know him or meet him for the first time.

Campaign headquarters in the pathology laboratory announced that Bish, known to his friends as "the wrench" will have a number of campaign slogans, among which are, "Put the Wrench on the Bench" and "Bish McGill Will Fill the Bill." Bish promises that if he is elected he will have ALL Air Corps training centered at the Burlington airport (Bish has great influence with the War Department), he will remove the ban on serving liquor to minors, and allow the girls at the University to have as many overnights and late nights as they please. (The Bish is particularly interested in the latter problem, which he has taken up with his buddy, Pres. J. S. Millis.)

Those observers who are best informed say that J. Bishop McGill will make one of the ablest and best Kake Walk Kings of our times if elected.

RUTH JORDAN

You are looking for promises. You are expecting some impossible ones, so hang on all:

I'll give you a juke box that doesn't need nickels, and hamburgs free—with catsup and pickles.

I'll give you yarn for cable socks, and a swimming pool that covers blocks.

I'll give everything *any* platform has ever said, orchids for your dances and jam on raisin bread.

That includes all A's and cuts and vacations too, and nylons and saddles, and an Old Mill that's new

No lectures, no term papers, no work at all, ski pants in winter and games every week-end all fall.

No rushing, and pledges enough to go around, and brand new alarm clocks of lullaby sound

But for you the realist

Through me the campus shall remain the creaky stairs of the Old Mill. The chaos of Waterman lobby, and the poorly lit library

I will further and uphold
Tradition of Kake Walk.
Bull sessions at night
Yes, even unannounced quizzes.
I will find
Bitter cold weather for the ski pants
Sun for the early spring tan
And maple sugar for snow
You will hear
The juke box in the cafeteria
Miss Quinn's voice in Robinson
And the choir on Tuesday morning
You will walk
Up slippery, crooked paths
Through leaves in fall
And muddy slush in spring
Yes, you will
Leave book reports until the last week
Wonder whom to ask to Mortar Board
And overcut gym.
But you'll

(*Continued on page 4*)

Sugar Party at Gym This Sat. Night

Saturday night, March 18, at 7.00 the annual Sugar Party in honor of Dean Hills will be held as a fitting climax to Kake Walk week-end. The party will be held in the Men's Gym and is sponsored by the Home Ec. and Aggie Club. Each and every year this event is held to commemorate the distinguished service which Dean Hills, former Dean of Agriculture, rendered to this institution.

The Sugar Party is a unique Vermont custom and never fails to be one of the big events of the year. The traditional menu will include sugar on snow, sour pickles, doughnuts, and coffee. Governor Wills will be the guest speaker and a program of song and festivity will follow. The evening will conclude with dancing, but as yet the orchestra has not been decided upon.

Those in charge of the evening's proceedings are Bob Sinclair and Erika Heininger, entertainment; Gene Fuchs and Eunice Watts, advertising; Francelia Earle, tickets. The proceeds of the party will go to the Dean Hills' Scholarship Fund.

The price of admission is $.60 for all students and faculty, and $.75 for the public. The Air Crew students are urged to come and spend an evening they will always remember as typical of Vermont and the University.

BETTY FARNSWORTH

During these days of strain and upheaval we are more than ever, anxious to preserve the old traditions of U. V. M. —to keep the homefires burning, as it were, and to elect a Queen and King to reign over the Kake Walk who will be worthy of the best of the past.

If Queen Elizabeth should reign
("Farnsworth," you know is her second name)
Improvement many you will see
In the life of this University

Like Queen Elizabeth of old
She'll champion the weak
And warm the cold
She'll rule with a gay and distinguished air
This new Queen BETS so debonair.

There'll be smoking in classes
For all of you lasses
And time out between
To go eat ice cream

Movie fans lend an ear
Of free movies you will hear
In Queen Betty's rich domain
She will each one entertain

Motor scooters she'll provide
If in transit you would slide
If station wagons you prefer
To ride to class, just count on her

An ice boat, motor boat, or slick canoe
She'll arrange any time for you
Or a bus to take you up to Stowe
If skiing you would like to go

A glorious festival on ice
With Sonja Henie she'll devise
With seats as free as air for all
For gay Ice Follies you'll sure fall

Those who wait upon the table
At Waterman you'll soon be able
The elevator strong to use
And save your scantily rationed shoes

Music during every dinner
Guaranteed to make you thinner
With for each a birthday cake
Bets will have the baker make

(*Continued on page 4*)

"SPIKE" THORNTON

Harken, all ye fair students of Vermont, to what we have to offer!! The platform upon which our candidate will be elected will contain many a revolutionary concept, so beware, you faint hearted!

1. Our first dangerous idea is to set up a bar in the men's lounge. For the girls the cafeteria will be reinstated and juke boxes that really work will be placed in Waterman rooms.

2. Excused absences will be the order of the day for all girls wishing to visit a soldier or wishing to enjoy his furlough. To see that the girls really keep their morale up, U. S. O. caravans will be sent to the campus (that lonely outpost!) consisting of Bob Hope, Bing Crosby, Charles Boyer, Gable and Mac Murray.

3. Elevators will be built in the Waterman to open onto the third floor dining room. This will keep girls from collapsing on the way to lunch and will keep them from dropping things over the bannister on the way down.

4. Lectures will be broadcast so that students will not have to get out of bed to go to them. The Old Mill will always be well heated and an amplifying system will furnish the music of Benny Goodman and Harry James to keep all students awake during class.

5. For the Freshman girls there will be unlimited cuts in hygiene class and for the Sophomores, unlimited cuts in gym.

6. Man-rationing will be inaugurated to guarantee every girl a date. Washington hasn't got anything on us!

7. All punch will be spiked.

8. Last, but not least, Kake Walk will reign supreme every year, to insure a holiday for all and plenty of fun and frivolity.

S—cience hall deodorized,

"JOSIE COLLEGE" CHOSEN AT DANCE

Highlighting the student lounge dance Saturday night was the choice of Irene Reitnauer '47 as "Miss Josie College." Following the award Harriet Cohen '46 gave an exhibition of baton twirling in drum majorette style.

The lounge was transformed into a softly lit college hang-out. Colorful banners representing hundreds of schools throughout the country were suspended overhead and decorated the windows and walls. On one side of the room "Wiggle Inn" was roped off. A canopied refreshment bar sold cigarettes, cokes, cookies and doughnuts and featured potato chips "on the house."

Joe Allen furnished "Juke Box" music and supplied requests. Prof. and Mrs. Benjamin Ladd as chaperones mingled informally with the crowd.

Elaine Ohing '45, chairman, has announced that the Delta Phi E's are turning the proceeds over to the new infirmary fund.

R.O.T.C. Team Wins First Game; Beats Converse by 51-50

Heininger High Scorer For U.V.M., But Prior Comes Through in End

By Bill West

Keeping a small but rabid group of rooters on edge for almost the entire game, the U. V. M. Civilians defeated a Converse cadet basketball team last Wednesday night at the Vermont gym by a score of 51-50. Nip and tuck all the way, the contest was tied at ten different stages, and it was not until the closing minutes of the third overtime period that the Civilians by virtue of Prior's two fouls, were able to wrest the decision from the fighting cadets.

The play started out slowly with each team warily testing out its opponent. Scrappy Paul Heininger finally opened with a two-pointer for Vermont. While the birdmen were experiencing considerable trouble with their passing attack, U. V. M. worked smoothly to take an 8-4 lead at the end of the quarter. "Buster" Brown's marker at the beginning of the second quarter stretched Vermont's lead to 10-4. At this point Converse suddenly began to click. Sylak chucked one in then Derr netted three in a row making the score 12-10. Dave Wright tied it up, however, and Heininger flipped in a lay-up to give Vermont a 14-12 advantage. It was short lived as Sylak and Lester each snared a basket and Converse took over by a 16-14 margin. With both sides scoring almost in turn, the half ended 24-20 in favor of the cadets.

Scoring Tempo Increases

The servicemen sent in their second team to open the second half. This was a signal for a Civilian scoring spree. Heininger, on fine set ups from Spylios netted four quick step shots, while Spylios, Prior, and Spiegel each hit the hoop to transfer the lead to Vermont hands, 34-24. Undaunted, Converse bounced back with Quantock and Charlton tallying to make it 34-28 at the end of the third quarter. The Converse first stringers came in to continue the spurt in the final canto. After Prior and Sylak swished the stringer for successive scores, Derr deadlocked the

(*Continued on page 4*)

Dr. Ellis to Leave U.V.M. For Position at Cornell

Dr. David M. Ellis, who has been an instructor in the History Department, left Vermont Friday, March 10, to accept a position at Cornell University.

Doctor Ellis came to this University in September, 1942 to replace Dr. Herbert K. Putnam who entered the armed services. Doctor Ellis graduated from Hamilton and did graduate work and served as assistant professor at Cornell before coming to U. V. M.

Doctor Putnam, following his discharge from the army, resumed his duties as associate professor of history here at the University last September. The strain on the History Department has been lessened through the gradual elimination of the army classes. Now Doctor Putnam has returned to his American History classes which have been in Doctor Ellis' hands for the last year and a half.

At Cornell Doctor Ellis is a Navy instructor with lecture and discussion classes. He will remain there at least, until September, 1944.

Spirit ? ? ?

[illegible] Spirit! Webster [illegible] spirit as "the breath of life." It is the very essence of any living [illegible] that intangible, indescribable quality which makes a fraternity a band, and which makes a college more than just an institution [illegible] What is the matter with Vermont? Because the war has taken most of the men must the student body become a dull and lifeless corpse? Where has our spirit gone?

We can't tell you where it has gone, but we might offer a few reasons why it has gone. It has gone because the girls put their sororities first, because the men went around with chips on their shoulders, and because each individual has put his own [illegible] ahead of college unity. The roots of college spirit lie in deep [illegible] enthusiasm and pride in being a member of the University [illegible] party is important, fraternity spirit is important, [illegible] but there can and must be a spirit which transcends all [illegible] spirit is something greater, something broader and more [illegible] spirit cannot be created by making [illegible] be preserved by writing empty words [illegible] and be carried on by the [illegible]

[illegible] changed, postponed [illegible] in a way more [illegible] because it is a test—a test to see [illegible] that we can forget our own petty [illegible] and choose of all our energy and [illegible] such respect exists in Vermont. It is a challenge.

Prof. Dykhuizen, In 17th Year At U.V.M., Speaks of Education

Jean Garrity

Dr. George Dykhuizen

[illegible] Professor [illegible] the summer [illegible]

All Men Religious

[illegible] religious." Professor Dykhuizen replied at first when questioned about what part religion played [illegible]

He then went on to clarify his statement. "Men have metaphysical hungers as well as physical. In response to these demands of this metaphysical hunger, man devises religions."

He pondered a minute and then said, "It is much more accurate to speak of religion in the plural. Religions involve ideas, beliefs, and symbols. There is a definite difference of opinion as to whether these ideas and beliefs are statements of matters of fact or are simply poetic, emotional expressions of metaphysical hungers."

What does religion mean to you? To this query Doctor Dykhuizen answered, "I, personally, believe that if religions are taken as poetic expressions of our emotional metaphysical hungers that it leaves the door open for tolerance and sympathetic understanding of all men's religions. So I can go to a church, a synagogue, a cathedral or a mosque and enter appreciatively into what is going on there even though the symbols used are quite different from those to which I have become accustomed. I couldn't do this if I were expected to accept as the literal truth everything that is said there."

Post-War Philosophy

In Doctor Dykhuizen's estimation the post-war world will bring about an increased demand for the humanities and that philosophy will share in that demand. Some people are inclined to think that the great increase in the progress of the natural sciences will urge more veterans to pursue courses along these lines.

However our congenial philosophy professor does not think that such will be the case.

He says, "I suspect that there will be a reaction against exclusively utilitarian subjects, and cultural subjects will occupy an increasingly important place in the curricula of higher learning."

After sixteen years as a faculty member here at the University of Vermont, Professor Dykhuizen still looks forward with enthusiasm to his work in his field of concentration. This enthusiasm and interest in his work seems to be realized by all who study under him and this perhaps explains why philosophy is one of the most popular subjects offered at U. V. M.

Prof. Dykhuizen's Career

Professor Dykhuizen was born in Lafayette, Indiana the home of Purdue University. He attended and graduated from Indiana University.

"I like to say," he said, "just enough to the disgust of my high school classmates who went to Purdue, its Big Ten rival."

After receiving his A.M. and Ph.D. degrees from the University of Chicago he came to U. V. M. and is completing his 17th year as a philosophy teacher here.

During the current school year he has been devoting two-thirds of his time to teaching philosophy and one-third to work on a project for the Rockefeller Foundation with an occasional class in history for air crew students.

When asked about his course in the Philosophy of Agriculture, Professor Dykhuizen smiled and said, "I don't know anything about the psychology [illegible] Plato, Aristotle, Adam Smith and Karl Marx thought about the place of agriculture in a part of social life."

[illegible] philosophy of agriculture deals with the political and economic philosophy which Congress enacts upon. Doctor Dykhuizen teaches a course

Need for Good Men

In training students to be good surgeons, good engineers, and good musicians, higher education has tended to overlook the importance of training students to be good men and women with a wide outlook, broad sympathies, and a deep feeling of social responsibility.

One of the best ways to develop these traits is to expose the student to non-professional and non-technical subjects such as are to be found in the humanities.

Just what proportion of the students' time should be devoted to vocational or professional subjects and what proportion to non-vocational subjects is a difficult question to answer.

How these different types of training are to be correlated and integrated so as to produce a meaningful whole of knowledge and wisdom is another question which calls for considerable thought.

But higher education must courageously face and meet these issues if it is to serve the society of the future.

Finally I believe that the post-war world will provide an ever-increasing amount of leisure for the great masses of people. Society will want this leisure time to be spent in ways that are enriching for the individual and desirable for society.

Higher education therefore, faces still another challenge. It must so educate students as to develop their tastes for and appreciation of the better things of life. One of the most effective ways in which a university can do this is to bring the student in constant and direct contact with superior concerts, plays, literature, and forms of outdoor recreation."

17th Year at U.V.M.

The University students who have not been fortunate enough to have Prof. George Dykhuizen in any of their classes have yet to learn what an interesting and intellectual person is the head of the Philosophy Department.

Doctor Dykhuizen was born in Lafayette, Indiana the home of Purdue University. He attended and graduated from Indiana University.

"I like to say," he said, "just enough to the disgust of my high school classmates who went to Purdue, its Big Ten rival."

After receiving his A.M. and Ph.D. degrees from the University of Chicago he came to U. V. M. and is completing his 17th year as a philosophy teacher here.

During the current school year he has been devoting two-thirds of his time to teaching philosophy and one-third to work on a project for the Rockefeller Foundation with an occasional class in history for air crew students.

When asked about his course in the Philosophy of Agriculture, Professor Dykhuizen smiled and said, "I don't know anything about the psychology [illegible] Plato, Aristotle, Adam Smith and Karl Marx thought about the place of agriculture in a part of social life."

[illegible] philosophy of agriculture deals with the political and economic philosophy which Congress enacts upon. Doctor Dykhuizen teaches a course

EASTER CONCERT

The University Choir and Orchestra, under the direction of Prof. Howard G. Bennett, will present their annual Lenten-Easter concert on Sunday, March 26, at 4:00 p.m. The program will consist of Handel's "Ascension Cantata," and "Stabat Mater" by Pergolesi, which is comprised entirely of women's voices.

The soloists will be Lorraine Farrell, Shelburne; Marilyn Holden, New Haven; Shirley Lampman, St. Albans; Eleanor Brownell, Burlington; Elisabeth Naess, Ludlow; Jean Vogler, Burlington; Ellen O'Brien, Waterbury; Mr. Philip Stolar, station WCAX and soloist at the College Street Church; and Dr. A. M. K. Blume [illegible] U. V. M. faculty.

The choir and orchestra are augmented by members of the U. V. M. faculty and students in the city, and Mr. Michael [illegible] of the Music Department will be [illegible] and concert master. This concert [illegible] be free and open to the public.

Eavesdrippings . . .

by bunny

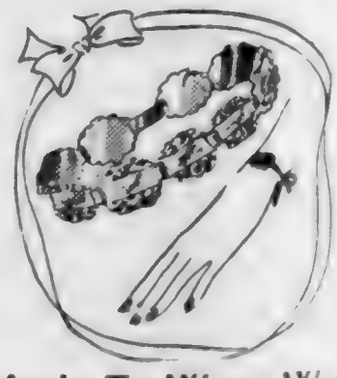
In our "Seen around town" [illegible] furloughs are a wonderful [illegible] partment, we find Lieut. [illegible] '42 (who thought he came [illegible] Kake Walk and ran into Mrs. [illegible] instead) Stephen Moore '41 [illegible] away 10 days of heaven between [illegible] at Dartmouth's V 12, not [illegible] to his brother Lieut. Allen Moore [illegible] was here on leave accompanied by [illegible] and young son. Lieut. Walter Gray '42 home for a few days [illegible] returning to Cornell where he is [illegible] signed a medical officer in charge of the V 12 program. Russ Wood [illegible] leave, and Peggy hasn't been [illegible] campus for over a week. Peg [illegible] ter spent his 8 day leave at the Psi House.

The "out of town for the [illegible] section is overflowing but it would [illegible] the "BUG" casualties about as [illegible] is: Phyl Edgerton, Pussy [illegible] Perkins, Gussy, and Barbara Lewis who all went to Barby's house at Bennington and thence commuted to the Norfield Conference.

Jean Hall Spasyk '42 (down at Fort Benning, Georgia, with her infant daughter and Johnny '42) reports that she have seen Bob Goss '44, Paul Wagner '44, and Bob Pulleyn '44 since they have been there.

We add to the list of "in the Women's Services:" Katy Grier '42 and Sue Hendershot '45 in the WAVES. Mary Fifield '45 has been sworn into the Marines.

War Department flashes: Second Lieutenant Glenn C. Streeter, '42, has received the silver wings of the aerial navigator; Aviation cadets, Roy F. Mezzoghini and William West '43, are stationed at Maxwell Field, Alabama. Rosa Page, '42, received his silver wings at Columbus, Mississippi.



Marriage announcements: Miss [illegible] '42, to Harriet Woods '42; June Hutton '43, to Red Dorian '42, (spent part of their honeymoon here); Joan Hitzel '43 to Charles Farnham.

Engagements: Bibby Demmon '43 (WAVES) to Bill Goehler, of the Air Corps; Rosemary Thayer '43 to [illegible] Russo, Med. '46.

Amusing incident of the week: Jim Katz seated alone in the Coffee Shop with a sweeping gesture sent a chair crashing to the floor. The response was overwhelming! One cadet, a student of Mr. K. was heard to querry "What's the phenomena and physical forces that caused that, Jake?"

Converse Corner . . .

By CHARLIE SINCLAIR

Bill Scott, taking in a show Sunday night with some of the Converse A/S's was keeping one eye on the rapidly-approaching eight hands of the clock and the other on "A Guy Named Joe." He reached over and tapped the shoulder of the girl in the next seat, saying, "You'd better get ready, 'cause when I'm leaving, I'm leaving *fast*." . . . Say, did you know that Larry Stafford once got a hangover from a G. I. party?? He picked up a bottle of what *looked* like coca-cola and took a healthy swig. The yell he let out could be heard in Southwick. The bottle was full of dark brown, liquid, G. I. soap. . .

The Galloping Ghost

Do you need a good laugh these days? Just wait between the Library and Science Hall any Thursday morning at 0914. The back door of the Fleming Museum will fly open and a wild figure, bald head gleaming in the morning sun, will come charging up the icy path. Occasionally it will prove that "F" *still* equals "MA" as it succumbs to the low coefficient of friction of smooth ice and lands with a resounding crash.

As this Neanderthal creature passes you like the "Super Chief" coming into Los Angeles you hear the hoarse mutter, "Whereinell's a section?? *Gotta* find a section!!" You catch just a glimpse of that purple face with its famous high forehead, just enough to recognize it as Burton *Skin Haid* Cooper, already 30 seconds late for his English class. . . .

When Leaptrol Drinks

This little tale has caused many a chuckle in Converse. Seems that Hubert "Tech Boy" Leaptrol was down at the Breton Grill recently, having himself a time. He stood up, and in a ringing voice announced "When Leaptrol drinks, *everybody* drinks," and, as everyone present reached for the wine list, he continued "and when Leaptrol pays, *everybody* pays!! . . . The lovely *Lilla* gets the Oscar this week for a little incident that happened at the "Josie College" dance. Seems she introduced a First Lieutenant to us in the following manner: "Charlie, I want you to meet Lt. so and so. . . ." No, Lil, cadets are introduced to Lieutenants, not Lieutenants to Cadets. . . . Louie Di Munzio left his *Indian outfit* hanging in the closet and spent a quiet week-end. S'matter Louie, getting old???

Oh yes, *Skin Haid* was detrousered in gym class recently by some gleeful cadets. He spent most of the period running around in practically nothing, looking for his pants. . . . "Brown Beals" Blanchard, an unwelcome Southwick import, to the North Wing is playing with fire when he tries to tell the boys, "Now when *I* was in *Southwick*, we were *plenty* eager . . ." "Spider" Dudey, "Eurasysis" Dragon, and "Wing" Ding's didies were fastened with king-size safety pins over the week-end. Seems their BVD's came back from the laundry with nary a button on 'em. . . . Social note from the South Wing. *Kraus is bored*. . . . S'all from Sinclair who announces the following editorial policy for the Army Page. *We will keep it clean at all costs.* We refer of course, to the nice white spaces between the black type.

Tansey the Great

PVT. SANFORD G. TANSEY
Squadron 302, T.S.S.
Keesler Field, Miss.

SOMETIME IN THE FUTURE

By A/S JAMES O'NEIL

We're pulling out for other parts after five months in this little bit of heaven, we're heading for classification, we're leaving U. V. M.

So the time has come for us to part. So long U. V. M. and thanks. Thanks especially to

The Profs. and instructors for all those things we learned.

Our officers for turning on the heat just when we were pulling and

The folks around here who were just a bit too nice to us.

The campus sororities for keeping the boys spirits high.

The Phi Pi, KAT, and Allen House for taking so well to our singing when we were little Southwick sacks.

Mr. Post and his colleagues who proved how "interesting" work can make life.

Our instructors at the airport, how they lived through it, I'll never know.

The Sanitation Department for the nice clean streets.

Francis and the boys of the *Free Press* for putting out this *excellent* army page.

Our readers for tolerating it.

There should be dozens more, but it's not for us to say. When it comes to living in Burlington, we know just so much and the rest we keep to ourselves.

So we'll say good-bye again and this time is last.

Southwick, U. S. A.

VON WIEN

Another shipment on its way, to try its Nashville luck.

They're finished here at U. V. M. and cannot pass the buck

With help of God they will succeed and someday pilots be.

The other men who flunk their tests are off to gunnery

We're lucky men we really are, to have passed these Keesler tests

No sweating now, for quite awhile, and in peace I hope we rest

The proverbial term, "Hot Pilots" can now be associated with Aunt Mabel's lads. We've left the lotty mansion, we called home for the past three months, and are seeking new homes midst the assorted cumulus and stratus formations. The humming motors and frosty winds will soon be an everyday occurrence and the slap-happy look that's so common on the faces of the Southwick men will at last be justified. Now we are men to be respected. We're of the senior class on the campus and the freshmen should look up to us and question our ways with meaningless eyes. They should, but they don't. Why? Probably because there are no freshmen in the 61st. The nearest thing to the co-ed's dilemma is the junior class that hibernates in the Bastille. They have those vague looking eyes and everything typically naive about freshmen but they lack the intelligence to pose an insult. Don't get me wrong, the inmates of Converse are a nice bunch of kids, but who the devil likes kids?

Chatter

Knapp has just another gold stripe added to his collection, first time I've seen a fellow wear two wedding bands. . . . Can anybody tell me who belongs to the following expression: "When the teacher hasn't taught, the learner hasn't learned." . . . Something has come over Dobias, I heard him singing the Russian National Anthem in the shower room the other day. He also orders borscht with every meal he eats in town. . . .Our deepest respects to Don Miller, one of Mabel's nephews, who left U. V. M. last week. He definitely was not headed for Reno. . . . One Kenneth Hilden took the most conspicuous position to read a paper over the week-end. Lying in the prone position on Main Street with his nose buried deep into a perfectly blank sheet of paper. . . . Believe it or not those stripes they gave Lemmink have caused some moral improvement in the lad. He came in perfectly sober Saturday night. Nothing like two weeks ago when we had to tie him in bed. . . . Joe Wolfe was walking down the street the other night when a very business like individual strode up to him and said, "Sir, I have something here that will make you popular with boys back at Southwick, make your life happier." "Thanks," said Joe, "I'll take a quart." . . . Incidently Joe is about the only fellow I know that never gets drunk. He just gets happy enough to smoke cigarettes and bring you a host of friends through his nose. He never does get drunk enough to try it through his ears.

We had a little debate in our Military Drill Class last week. A former first sergeant took a stand against two former masters and another first sergeant. The officer is always right but somehow I think Bradley and Co. came out on top.

We quote a southpaw student, "Funny how Jean Hotchkiss' mother turned out to be a fellow with a pretty face on his shoulder." Gal: "Do you see that old boat-top buzzard over there? He's the meanest officer I ever saw." Gal: "Do you know who I am? I'm the officer's daughter." Gl: "Do you know who I am?" Gal: "No." Gl: "Thank Gawd!"

More Chatter

Cox's girl is wearing a gold band and it wasn't given out with the rest of the stripes last Saturday afternoon.

Our little angel, Foster by name, resembles the college freshman to a certain degree in his shyness with girls. His friends are the ones who make the dates for him. I'm sure he isn't interested in clothes but still manages to stick close to the Fashion Shop. Could be Evelyn, could be . . . Johnny Knapp was, as they say in French stood up Saturday night. I don't know how he does it but Sunday morning he still needed paint remover to cleanse his face of the lipstick. It's okay John, on you it looks good . . . It was a tense moment, then suddenly the student pilot saw one wing disappear, his face went white. Reddened eyes glared frantically as he saw the other wing being knited away. In sudden panic he stood up and yelled, "For Heaven's sake, Captain, can't you at least save me a drum stick?" . . . He who laughs at my jokes, has found a dirty meaning. . . . The refugee from the mountains of South Carolina, "Honest Jimmie" Hill, says he has tried all the brands the liquor store has to offer and Blue Ridge Mountain "Moonshine" is still tops in bottled beverages. He should know, that was his profession for six years prior to his entering the army.

Now as I leave you for another turbulent week I extend in deepest reverence a warning which has come down from Julius Caesar. Beware of the Ides of March. Morgenthau's henchmen will be around if you don't file that tax blank.

The last aircrew shipment to leave Vermont included Senior Army Editor A/S James O'Neil. To him goes much of the credit for the merit of the Air Corps page during the last two months. With this issue A/S Charles Sinclair takes over the editorial responsibilities.

Have a Coca-Cola = Meet a new friend

. . . or how to relax on leave

What more friendly way to welcome a soldier to a family gathering than the hearty invitation *Have a "Coke"*. It's like saying, *We're happy you're here.* So be sure you have Coca-Cola in your icebox at home. From "down under" to back in the U. S. A., Coca-Cola stands for *the pause that refreshes*,—has become the symbol of friendly folks the world over.

FACULTY AND STUDENTS DISCUSS THE POLL TAX

The Anti-Poll Tax Bill was the topic a discussion Tuesday, March 7, as faculty and students met in the third floor lounge of the Waterman Building. This discussion is the first in a series for the purpose of learning about political issues before Congress. Professor Nuquist gave several facts concerning the poll tax after which questions were asked by faculty and students.

In answer to the question, "What can we do to help the Anti Poll Tax Bill?" Professor Nuquist stated that petitions, letters, and post cards sent to Congress are important. To give an example to show the trouble with the present poll tax Professor Nuquist said that in the south a man may be representative of a district through a fourteen percent vote. In the north, in a district of the same size, a forty or fifty percent vote would elect a man. In this instance, the vote in the north is only a third as important as the vote in the south.

The petition which asks the two Vermont senators to vote for the Anti-Poll Tax Bill was signed by those present at the meeting. This petition was started in U. V. M. and has been passed among the students.

Another discussion is to be held sometime in the near future and will be in charge of Marcia [illegible] 45 and Kathleen Perry 45.

[illegible] and Derr each found the range and it was 36-36. Time [illegible] but Prior snared an [illegible] to give U V M [illegible] and, but with seconds to go [illegible] countered for Converse to knot the count at 38-38 at the close of the final [illegible]

Three Overtime Periods

Lawrence was tense as the first overtime period approached, but the margin of victory would necessarily be uncomfortably close. Bill Fagan scored for Vermont but Quantock deadlocked it with a long one. Brown connected but again Converse came back, this time on Derr's basket, and it was still tied up, 42-42.

Prior and Quantock both scored in the second overtime period to maintain the stymie at 44-44. Sytek registered, but Prior nullified it 46-46. Prior dropped in a lay-up off Brown to forge ahead 48-46. But Derr came through with another of his unbelievable one-handers from a long way out to knot it at 48 all. Seconds later the period expired.

In the third and final overtime, Prior continued to pace the scoring by sinking a foul, thus giving the Civilians a 49-48 edge. Quantock quickly retaliated with a two-pointer to grab the lead 50-49 for Converse. Both teams strove desperately for a score but with the checking rough and the defense tight, neither team could score. Vermont, finally got a break late in the period when Paul Prior was awarded two tries from the charity stripe. With icy coolness, he made good on his first attempt, thus tying it up at 50-50 and then cashed in on the second one to take the tilt 51-50. The play rocked back and forth, and with but 4 seconds to go, Converse was unable to sink its final scoring bid and Bill Fagan, continuing his fine defensive work came away with the ball to end the game.

High Scorers

Derr, who provided the spark for Converse [illegible] personally tied the count for his team on two occasions led the scoring with 18 points, followed closely by Quantock with 16. Most of the [illegible] was also a [illegible] "eagers" [illegible] good.

Hennenger with 12 points [illegible] 11 points gathered in the last half [illegible] centered, were high scorers for the Cadets. The Vermonters, with superb [illegible] work, connected best from in close [illegible] strip shots—an indication of the efficiency of their passing attack as led by Mike Spalton.

The summary:

Campaigns

(Concluded from page 1)

Betty Farnsworth

Sheer NYLON stockings and a wave
And just the corsage you may crave
For every dance that you attend
Our Betty, as your Queen, will send.

When the roads are full of snow
In ritzy sleighs we will go
And stables full of horses
For rides will lighten courses.

She'll have Redstone reinstated
For the girls who'll be elated
And Southwick Hall as well
Restored will be. How very swell!

Since by nothing is she daunted
In the swimming pool we've wanted
We will very soon be splashing
Kicking, diving, crawling, flashing.

Best of all, for all the men
Lena Horne will sing and then
Frank Sinatra will bring thrills
To the girls by his low trills.

When with all these gifts so large
Which she'll bring without a charge
How can anyone be so petty
As not to vote for pretty Betty!

For a Kake Walk full of mirth
Cast your vote for Queen Farnsworth
Ask the students, ask the Dean—
Sure! They all want Bets for Queen.

Ruth Jordan

Take colds to the infirmary
See a grand bunch of freshmen
And play softball on Redstone campus.
You'll.
Skate and ski and just talk
Walk and gripe and laugh
Be glad you came to U. V. M.
And if:
You're another star in the service flag
I promise you a college to be proud of
and a welcome when you come back.

"The attainment of full freedom requires rising standards of competence, responsibility, fairness, objectivity, disinterestedness, and indeed of charity, chivalry and good humor, in using the mighty engine of a free press. By this criterion we must recognize that we could do better."

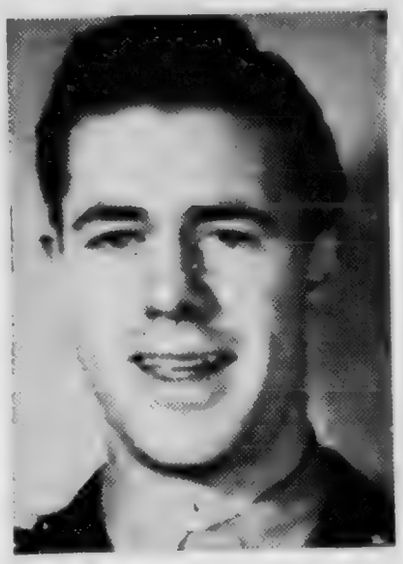
VOL. 62 | BURLINGTON, VERMONT, FRIDAY, MARCH 17, 1944 | NUMBER 23

47th Annual Kake Walk Starts Tonight

Open House Will Prevail Tomorrow In Girls' Houses



Dances to Be at Tri Delt, Alpha Chi, and Phi Phi Sororities

Several sororities are planning tea dances and open house for Kake Walk guests. "Come as you are to the Alpha Chi Omega masquerade" is the theme of the Alpha Chi open house that will be held from 4.00 to 6.00 on Saturday afternoon under the chairmanship of Mary Ann Hall '45 and Gail Thompson '46. The theme, which is based on the Kake Walk idea with a coronation of king and queen, features dancing and refreshments. Jeanne Swasey '46 and Elaine Fuller '46 are in charge of food, and Gail Thompson and Jo Jones, while publicity is being handled by Eunice Watts '44 and Margaret Watts '46. Prof. and Mrs. Pooley and Mr. and Mrs. Prance will chaperone.

The Tri Delta will have an informal vic dance from 4.30 to 7.00 on Saturday. Jeanne Green '44 is chairman, and Mrs. Pooley and Mr. and Mrs. Colburn will be chaperones. On Sunday the Tri-Delts will hold open house from 3.00 to 5.00. Informal dancing to the vic will also be in progress at the Alpha Xi Delta house on Saturday afternoon, and open house will be held on Sunday. The Sigma Kappa pledges will be the hostesses at an open house and vic dance in the Y lounge and quiet rooms from 4.00 to 6.00 on Saturday. Everyone is invited.

Saturday afternoon from 5.00 to 7.00 there will be a vic dance at the Pi Phi house. Both the U. V. M. green and gold and Kake Walk decorations will be in evidence. Virginia Rose '45 and Carolyn Bonney '46 are in charge, and chaperones will be Mrs. Rutledge and Mrs. Bossard. All are invited to an open house with dancing at the Theta House from 4.00 to 6.00. Refreshments will be served by candlelight. Nancy Fawcett '44 is making the arrangements.

EMERGE VICTORIOUS

KING "BISH" MCGILL

"Don't be a fish, vote for Bish." Well, we weren't, and we did. Bish has a winning smile and a haircut. He is the first King of Kake Walk to wear olive-drab; very appropriate in wartime.

For the benefit of his new "subjects" and admirers, the King is a member of Kappa Sigma fraternity, a sophomore at the Medical College, comes from St. Johnsbury. Three years of starring in university football, hockey, and track gives Bish a record truly "fit for a king."

QUEEN RUTH JORDAN

Our lovely Queen Ruth is one of the busiest young women on campus. She was elected to Sophomore Aides and Staff and Sandal and was Secretary of her class last year. Ruth is an enthusiastic worker for Y. W. C. A. and also has the important and responsible position of Editor in Chief of the *Ariel*. Miss Jordan suffers the headaches of being treasurer of Kappa Alpha Theta and for the last three weeks she has been busy as chairman of Costume Committee for Kake Walk. International Relations Club is another of her many interests, and with all this work Queen Ruth has maintained a Dean's list average.

ALUMNI REUNIONS

Forty-three classes will hold reunions at the University of Vermont this commencement according to alumni plans which again gave a prominent place on the commencement calendar to reunion activities. Twenty-one of the classes listed would ordinarily have held their reunions last year, but all get-togethers were abandoned because of the curtailed exercises. This year, with the air crew students gone, most of the old commencement features will be restored, and among them the class reunions, which will probably be held Sunday, May 28.

Kake Walk Skits Ready for Tonight

Three Judges to Be at Hand to Decide Winner

The Dramatic Club, Interfraternity and Phi Sigma Delta groups are presenting competitive skits tonight as their contribution to Kake Walk '44.

One thing each of the stunts has in common is the judges. The three men who will have to reconcile their age with the frivolity of youth this evening are Prof. A. D. Butterfield, of the U. V. M. Engineering College, Mr. Arthur Hayes of Hayes and Carney renown, and Mr. Lewis Dow, alumnus and former mayor of Burlington.

The same scoring system also works for (or against) each of them.

	Points
1. For originality	25
2. Team work and smoothness	15
3. Delivery and voice	15
4. Properties	15
5. Costumes	10
6. Audience interest	10
7. Timing	5

But beyond these minor considerations individuality reigns.

Each of the directors seemed equally reluctant to release any of the "inside stuff." However, Sylvia Wellwood, dramatic club chief, did mention that her gang is putting on a coffee corner scene elegantly entitled, *The Boys in the Back Room* or *Scrambled Eggs, Thoughts and People*. College students, Air Corps men and townspeople are all beaten in apparently but she would disclose nothing beyond this.

Bob Gillmore heralded the interfraternity stunt as "a seven scene extravaganza on the order of *Oklahoma Tobacco Road* and *Pins and Needles*." It is called *Willis in Wonderland* or *Johnny Come Lately* (any resemblance to a motion picture is

Walkin' fo' de Kake, Skits, Dance And Sugar Party HighlightWeek-end

21 GIRLS NAMED AS ANNUAL KAKE WALK PICKANINNY USHERS

Ushers dressed our little pickaninnies is a tradition that dates back to the commencement of Kake Walk itself here at U. V. M. The black faces which conceal the identity of the ushers is a familiar sight to all who have attended Kake Walk at Vermont.

The girls who have this job are always so enthusiastic and full of fun that their presence helps to lend the real atmosphere to the scene.

They all agree that the best part of it all is the ring-side seats that they get. After all the people are ushered in, the ushers are allowed to sit on the floor in front of the stands where it is said that they "don't miss a trick" and really get right into the spirit of things.

The Sophomore Aides under the direction of Joan Garrity '46 are in charge of the ushers this year. She is assisted by Frances Witham '46 and Barbara Powers '46.

The girls who are doing the ushering this year are:

Janice Beers '46, Burlington
Barbara Burnham '45, South Windsor, Conn.
Virginia Campbell '46, Lyndonville
Virginia Donaldson '47, Glen Cove, N. Y.
Peggy Donnelly '46, Philadelphia, Pa.
Lois Eimer '47, Jackson Heights, L. I.
Irene Fahey '46, Bridgeport, Conn.
Duck Frazer '47, Long Beach, N. Y.
Constance Garvin '45, Greenfield, N. H.
Rachael Giddings '46, Ludlow.
Kay Hennessy '45, Bellows Falls
Audrey Jonsson '47, Rutherford, N. J.
Louise Karraker '47, Lewisburg, Pa.
Rita McGarry '47, Proctor
Mary Mitiguy '47, Burlington
Ronda Prouty '47, West Hartford, Conn.
Betty Ritchie '45, Glen Rock, N. J.
Betty Rome '46, Dobbs Ferry, N. Y.
Olga Schoelles '46, Sea Cliff, N. Y.
Ruth Schoppe '46, Washington, D. C.
Ruth White '46, Wallingford

Pond, Fiske Are 1944 Directors

Bob Pond felt that we were killing the spirit and traditions of U. V. M. by neglecting to stage the annual Winter Carnival. To make sure that the boys would have a Kake Walk when they came back, Bob impressed the importance of it—and explained it to those who had never seen a Kake Walk.

Bob is a Burlington boy and is now in his senior year at U. V. M., majoring in engineering. He is a member of Sigma Phi.

Barbara Fiske '45, of Burlington, is co-director of the 1944 Kake Walk. She is a Home Economics major and a member of Pi Beta Phi.

Bob and Barbie have been ably assisted by three junior directors, Guy Nichols, Jean Smith, and Dot Laughery. Bob has kept Guy busy entering late candidates in King and Queen campaigns, and getting plenty of lights for the big night. To "Beensy" Smith goes the credit for drawing up the Kake Walk program. Dot Laughery has been making hourly trips to Hayes and Carney plus keeping track of the line-up and places for Mrs. Taggart.

[illegible] Walk and the Sugar Party [illegible]

[illegible] Kake Walk [illegible] Mary [illegible] Mrs. [illegible] Thompson officiating at the [illegible] Mary [illegible] program will be as follows:

Band Concert under direction of [illegible]

Lecture

Coronation of King and Queen.

Skit

"Willis in Wonderland"

"Johnny Come Lately"

Presentation cups by [illegible]

All Girl Skit

"Boys in the Back Room"

or

"Scrambled Eggs, Thoughts and People"

Tonight is Kake Walk and you will have the time of your life at the [illegible] at the old Seattle with that big [illegible] entrance which only Kake Walk and [illegible] can give. But Saturday night something else is in store for you, something you can't afford to miss—the annual Sugar Party at Dead Hills, the Grand Old Man of the University. In recognition and appreciation of his forty years of service to the University students of the Agricultural College gave a maple sugar party at his home every year. The entire University turned out, and town people gather at the farm for an evening spent in typical Vermont atmosphere, singing, eating, and dancing in celebration of the Vermont tradition of "sugar on snow."

A Vermont Tradition

Late winter in the Green Mountain State is anticipated by all native Vermonters, for it heralds the "sugaring season" and the spring. The cold sap of the maple tree starts running around the second and third week in March and continues through the first week in April. Any one traveling through the state at this time of year can see in the maple groves the sap pails on the trees, and the smoke coming from the chimneys of the sugar houses. Gathering is where the sap is boiled down to make maple syrup. The steam, prior to spring, is termed "sugar" snow by Vermonters, for it is sweet, fluffy snow, ideal for "sugaring." "Sugar on snow" is a favorite dessert for many a Vermont farm and urban household. It is not known when, where or by whom it was originated. It was probably discovered accidentally either by the sap trickling out of the pail to the snow, the maple taffy given to the young children of sugar on the snow from the sugar house. No doubt it was some housewife that gave the inspiration for the delicious dish.

It is no wonder then, that the University should celebrate the state's maple industry by giving a sugar party and keeping that fresh and vibrant quality a Vermont tradition alive, a traditional spirit common to no other state.

Sugar Party—a Young Tradition

The Sugar Party is a young tradition in itself which had its beginning in 1927. In that year the students of the Agricultural College gave a maple sugar party in honor of their beloved Dean who had given 31 years of valuable service to the college. The affair was a great success; over 400 people—both students and faculty—ate plentifully of a menu consisting of maple sugar on snow

(Continued on page 6)

This Year's Kake Walk Likely To Differ From Last Year's

Kake Walk time again! A new program, new walkers, new band, but it's the same old Kake Walk spirit. Though reduced into a one night affair with fewer seats and walkers, the essence of Kake Walk has remained and it will continue to remain until the war is won. In other words the big week-end included a basketball game, ice sculptures, the Masquerade and the Kake Walk itself.

The U. S. Army contributed to the Kake Walk excitement when through unexpected orders it called up the boys who insisted reserve the day of the Masquerade Ball. This made modifications in the plans for the Ball necessary. Last year's king and queen campaigns reached an unprecedented peak in enthusiastic excitement. Four girls and two boys were in the running and after all the votes were counted "Chips" Cudworth and Norm Beaulieu were on the throne. Their majesties were traditionally crowned at the Masquerade. They are now in the WAVES and with the Air Corps.

The Catamounts had a close call in the basketball game with St. Lawrence. Spearheaded by the scoring [illegible] Killick and Milt Kauffman, they edged out a 45-48 victory in the last moments of the fourth quarter. That was the last game played by most of the boys before joining the Armed Forces.

The Masquerade, now out for the duration, was a gala event which will long be remembered. Dancing in the gaily-decorated gymnasium to the rhythm of Tommy Keighley and his all-state orchestra, the crowd soon relegated the gloom and privations of war to an inconspicuous background. Highlight of the evening was the presentation of the King and Queen and the grand parade of masqueraders. The prizes for the best costumes went to Julie Fletcher and Jack Williams, both attired in gunny sacks as a take off on rationing.

The program of the 1943 Kake Walk night differed greatly from that of our this year's condensed and rationed event. Master of Ceremonies Prof. Leon Dean presented "kakes" to the three directors, to the King and Queen, and to the band and prize winners. The Sigma Phis, who carved out Kake Walkers and a loving cup, received first prize for ice sculpture, while the Thetas won first for the girls. The fraternity stunts, consisting mostly of clever combinations of cows, cars, firecrackers and Tarzan swinging from the rafters, were presented under

RAYMOND CLAPPER

Kake Walk Directors, 1944

BARBARA FRYE '44 — DICK PEASE '44

MANY AWARDS TO BE PRESENTED TONIGHT

Some of the familiar trophies will not be awarded this year. The famous Briggs Cup, given to the winning skit will not be given. This cup is the oldest one, having originated in 1889. In its place will be the Hayes and Carney Cup which will remain permanently with the winners of the skit competition. Only two skits will be judged for this award, the one presented by the Dramatic Club is not competing for the prize.

For the winning team of Kake Walkers, there are the J. K. Thomas cups—two individual cups to be given permanently, one to each walker. Only if the winning team is representing a fraternity will the permanent cup be given—otherwise it will remain in the Bookstore.

The L. P. Woods cup is permanently awarded to the winning ice sculpture, submitted by either one of the women's sororities or dormitories.

Accompanying the awards of the cups will be the presentation of a "Kake." Several other cakes will be sped along to their respective destinations: to the Dramatic Club, the King and Queen, the directors, and the famous R. O. T. C. Band.

The office of Master of Ceremonies has been jealously guarded against too much publicity, but, our '44 Kake Walk M.C. is Prof. P. R. Miller, of the Agriculture College.

Skits Tonight

(Concluded from page 1)

purely coincidental) depicts some of the "improvements" which have been introduced to U. V. M. in the past few years.

Lloyd Spiegel, representing the Phi Sigs could speak long enough to divulge "Ours is called *Peace or War—Kake Walk '44*. It's a take off on Kake Walk itself with conscientious objectors and Air Corps not omitted from the farce."

The original Briggs Cup for stunts, rumor has it, is locked up in the now keyless Phi Delt's chapter room. This year Hayes and Carney have furnished a cup which will be given in addition to a cake in case either the Inter-fraternity or Phi Sig men win. The prize for the Dramatic Club would be a Kake.

Annual Conference At Northfield

The Twentieth Annual Mid-Winter Northfield Conference was held March 10-12 at the Hotel Northfield in East Northfield, Mass. It was sponsored by the Student Christian Movement in New England. There were 250 representatives present from different colleges in the New England area.

"Christian Faith and Works," was the theme of the conference. This theme was developed by addresses, panel discussions, seminars and informal talks. The leaders of the conference were Richard Niebuhr, Professor of Christian Ethics at Yale Divinity School, Roy McCorkel, Personal Secretary, American Friends Service Committee, and Herbert Gezork, Professor of Social Ethics at Andover Newton Theological School.

This program was planned by students representing the different colleges in attendance at the conference. The Co-Chairmen were Helen Durgin, Mt. Holyoke and David Robinson, Wesleyan. Esther Gustafson was the University of Vermont's representative on the planning committee.

Vermont's representatives were Bill Birchard, Stanley Burns, Laurel Hansen, Lois Stevens, Lois Baker, Virginia Benedict, Aglaia Ballas, Joyce Byington, Pat Van Ameringen, Vesta Stevens, Esther Gustafson, Alison Carr, Priscilla Perkins, Connie Perkins, Phil Edgerton, and Barbara Powers.

Dr. Edward D. Neill, first president and founder of Macalester College, St. Paul, was a graduate of Amherst College and at one time was secretary to President Lincoln.

Miss Quinn, Queen of the Co-ed Kitchen and of Girls' Hearts

...seen for a scepter and ...ed the Miss Rose ...endless kitchen with ... The secret of her reign ... twinkle in her eye ... her ready laughter ... secret is just the Irish in ...

...ed at U. V. M. knows ... the more unfortunate ... the jolly person who ... Waterman dining room. ... doesn't do her jus... a lot more to it. She's a warm hearted person with ... Some of her girls ... and rosy (pardon the ... with generous and hearty ... appropriate adjective for ...

Miss Rose Quinn of Burlington cooks for the Waterman Dining Room. Her pies and cakes are the most famous of the many tasty dishes which she cooks up much to the co-eds delight. She was formerly in charge of the Robinson Dining Room.

Native of Burlington

...Burlington, she has lived here ... Although she confesses a ... New York, the green moun... Vermont look pretty good to her. ... two and a half years the pots ... at Robinson Hall were her con... ments, and then the arrival ... Army transferred her to Water... However, she won't mind it at all ... her realm is once more the Robin...

... more energy than a girls' bas... team, and every day is on the go ... six in the morning until eight at ... Needless to say, she is a staunch ... in the doctrine that Sunday is ... rest, because "U. V. M. girls ... every day of the week."

... cannot be made of Miss Quinn ... including Annie. She's assistant ... and bottle washer, and, speak... wit, well, Annie's right in there ... a snappy comeback.

Generosity

Miss Quinn says she'd do anything for ... V. M. girls, and past events prove ... this is no exaggeration. For ex... she has been known to give warm ... and hot food to wayward skiers ... wee hours of the morning. There ... rumor, too, that she sweetens many ... day with one of her special cakes. ... can both joke with the co-eds and ... their problems with them ser... She really takes their difficulties ... heart and could start a spicey "Advice ... the Lovelorn" column if the field of ... collapsed. Secrets are safe with ... Quinn, and any co-ed knows what ... of character it takes to keep a ... Partiality is a word absent from ... vocabulary. All girls are treated ... by Rosie and treated well. Quinn ... and understanding are well ... all over the campus.

"Work Is Good"

... to her, to work in the ... and dining room is good for stu... They learn a lot there and make ... she says, "and just plain work ... for anyone."

... she's a good cook. As a pie... she is ranked among the ... Miss Quinn has concluded that the ... are partial to any dish that has ... in it, and that their favorite des... is ice cream and cake. That, accord... to data taken from very, very reliable sources, is almost universally true of co-eds. So maybe we're normal after all.

Bouquets to the Girls

Due to an innate quality of co-eds, the waitresses and kitchen help are continually talking en masse when working in the Waterman. Still, Miss Quinn hasn't made any violent complaints—yet. Maybe it's an immunity she has built up, but a hundred to one, it's just an understanding of co-ed nature.

She says, "These girls are the best. I have never met a U. V. M. co-ed who wasn't a fine girl." And, believe us, Miss Quinn, there hasn't been a co-ed who has known you that doesn't think you're a fine woman.

Osler Medal Contest Open to Medical Students

Every year the American Association of the History of Medicine has granted the William Osler Medal to the author of the best student essay on medical history. This contest is open again this year to students in the Medical Schools of the United States and Canada.

The Association will consider unpublished essays by men or women students in the College of Medicine who have not yet obtained their Doctor's degree at the time of the writing of the essay. Although preference will be given to essays that are the result of original research, the Association will also consider those which show an appreciation and understanding of historical problems.

Essays must be sent by June 1 to:

Dr Henry E. Sigerist,
Inst. of History of Medicine,
1900 East Monument Street,
Baltimore 5, Maryland.

The Medal was named for William Osler who, more than any other academic teacher, succeeded in creating among students an enthusiasm for the history of medicine.

Annual Sugar Party Is Held In Honor Of J. L. Hills, Former Dean

The Proceeds to Go to Dean Hills' Loan Fund

We students will be carrying on a ... young tradition this Saturday night when we get together at Dean Hills' sugar Party. For the fifth year, the venerable dean emeritus will preside at the present control in his name.

Dean of Agricultural Deans

In the year 1939 Dean Hills was the recipient of an extensive ... award. At a national ... in Washington, the undersecretary of the United States Department of Agriculture hailed Dr. Joseph A. Hills as dean of agricultural deans during active United States. Since that time Dean Hills has participated a leader in the philosophy of agriculture at the University the only course of its kind in the country. It was conducted that this valuable contest would be established in two thirds of the agricultural colleges in the nation. Indeed, to this scholar we may attribute numerous honors. His writings and research in animal nutrition and agronomy are widely quoted.

Dr. Hills appeared on the U. V. M. campus in the winter of 1888. He came in the capacity of chief chemist for the experimental station. Since 1893 he has been director of the Experimental Station and Dean of the College of Agriculture since 1898. Since his coming he has edited more than 450 publications for The Vermont Agriculture Experimental Station.

Extension of Aggie College

Under his guidance, the Agricultural College has flourished. The staff, including the Experimental and Extension Service, has grown from 5 to 125. His influence has not been restricted to the confines of a college campus. The whole state has profited by his personality. Through his efforts high schools throughout the state have formed agricultural courses to be taught to their future farmers.

Dean Hills owes his productive training to his alma mater, Massachusetts State College from which he graduated in 1881. While on campus he contributed to the founding of the Kappa Sigma fraternal chapter. The chapter at Vermont received him gratefully as their alumnus adviser and official lecturer.

Fund in His Honor

The background for our now annual sugar party was formed at the Dean's golden anniversary dinner in 1937. The occasion was great, for Dr. Hills is the oldest agriculture college dean in the nation both in age and years of service. His loyal service did not pass unnoticed ... The University Council ... tribute to ... to be known as the Dean Hills Loan Fund ... cultural students ... were to be granted ... the interest ... the fund.

In 1941 at a Dean Hills Sugar Party another University tradition was initiated. The Dean was presented with a large loving cup from his "loyal friends, members of the Vermont Dairy Plant Operators and Managers Association." Destined to be entitled the Dean Hills Cup it is awarded for annual recognition of the best U. V. M. judge of all dairy products.

Nationally Honored

Our state has benefited from his works, but equally well the nation. At the 1942 annual banquet of the American Farm Bureau, Dr. Hills was endowed with the highest award in American agriculture for distinguished service to the federation. The federation claimed that this honor was conferred upon this distinguished dean and others who have received it in the past "in order that a suitable tribute might be paid to the men and women who have given unselfishly their time and effort to the service of agriculture nationally."

Student Lounge Will Be Open This Week-end

In answer to a request by the students, the Executive Committee of Student Government has made arrangements for the Student Lounge to be open Saturday and Sunday afternoons of this week from two until five. Members of the Executive Committee will act as hostesses.

Ice Sculptures

(Concluded from page 3)

visitors around the campus, photographers from nationally known magazines were present, and the sororities and fraternities held open house. At the Ball three prizes were offered for the cleverest costumes present. The king and queen candidates were given a half hour of radio time over WCAX before the election. Another addition of that year is the fact that fifteen University women dressed as Cotton Babes ushered at the Kake Walk.

In keeping with the pace of the times shagging was introduced into the traditional Kake Walking in 1939. In this year also a basketball game was held the Saturday afternoon of the gala week-end, and this event has taken place ever since.

First Sculptures

1941 saw the original of the ice sculpturing contest. The Pliny Smith Hill trophy was awarded to the fraternity, sorority, or dormitory with the sculpture best meeting the requirements of theme, execution, and day and night appearance.

In 1942 there was the first presentation of a stunt by University women.

In 1943 though the war had somewhat diminished the number of U. V. M. students, Kake Walk was complete, and 1944 will carry on the tradition.

Kake Walk has become a great and respected tradition dear to students and alumni alike. It reflects the tempo of the campus and is an outlet for school and energy. It is our grandest and most glorious tradition.

You tell me that law is about freedom of utterance, and I reply that you can have no wise laws but free enforcement of wise laws unless there is free expression of the wisdom of the people and alas their folly with it. But, if there is freedom, folly will die of its own poison and the wisdom will survive. That is the history of the race. It is the pursuit of man's kinship with God.

Questions, Answers About the WAVES

Do WAVES get a regulation haircut when they arrive at the training school?

No. Members of the WAVES determine for themselves the style of hair-do they want. The only regulation is that the hair shall not cover the coat collar.

Where is a girl sent after enlisting in the WAVES?

She goes to recruit school in New York City, for six weeks' indoctrination. Some WAVES are assigned to duty stations as soon as they complete this basic training. Others are sent to schools in Georgia, Florida, New Jersey, Ohio, Indiana, Oklahoma or other places for specialized training.

Does the Navy provide transportation to the training school?

Yes, also subsistence en route.

How much civilian clothing should be taken to the training station?

Enough for a week or two. As underwear, sleeping garments and stockings are not issued by the Navy, enough of these items should be packed to provide for a girl's needs until she wishes to replenish her supply.

Young women interested in joining the WAVES should write, telephone or call the Navy Recruiting Station or Office of Naval Officer Procurement for a new booklet, "The Story of You in Navy Blue."

TEA DANCES, OPEN HOUSES SPONSORED

Kake Walk week-end found the sororities acting as hostesses to relatives and friends on both Saturday and Sunday. On Saturday afternoon, there were tea dances given by Alpha Xi Delta, Delta Delta Delta, Kappa Alpha Theta and Pi Beta Phi. The Sigma Gamma girls held their dance in the "Y" building. Alpha Chi House offered a wide variety of entertainments. The one table of bridge that started, ended with many companions. To quote one Alpha Chi, "I don't know where they found all the tables, but they kept bringing them out and putting them up for another game." One of the other rooms was devoted to dancing.

The Pi Beta Phi House was notorious in having more men in civilian clothes than has been seen on campus for a long time. At the Alpha Xi House there were a great many visitors who were graduated from U. V. M. within the last few years.

Many of the parents of the students were present at the open houses on Sunday.

U. V. M. Launches Recruiting Drive

For the first time in the history of U. V. M. faculty members are being sent to high schools in the interest of a large enrollment in the college. The first of our faculty to make such a trip was Miss Margaret Crowley, Assistant Dean of Women. From February 25 to March 10, Miss Crowley has been making a tour of New Jersey high schools. The schools which she visited were places from which the college has had inquiry or from which students of U. V. M. have graduated. At the high schools she visited, senior girls who were prospective college women were interviewed. One of the largest high schools in the state at Rutherford was holding an out-of-state college conference at the time of Miss Crowley's arrival. At this conference our Assistant Dean met other college officials who were out recruiting prospective students just as she was. In fact, her whole tour revealed the fact that several colleges where army training programs have been discontinued are occupied with the task of lining up out-of-state students.

Describes U. V. M.

Miss Crowley discussed mostly the living accommodations at U. V. M. and the wide selection of courses to be offered by the college next year. She found that the New Jersey students wondered "what Vermont is like," the mountains, snow and country. Also, they were interested in the type of students who came here and if there were many out-of-state girls. Here, Miss Crowley could mention the fact that there was a girl from Puerto Rico and one from Balboa besides the many enrolled here from New Jersey and New York. To give an impression of the campus, she had several pictures of the college buildings, grounds and scenes of the campus life.

Tradition is important on the Vermont campus. In view of this Miss Crowley gave a picture of our Sugar Party and one of Kake Walk.

In ashort time Miss Crowley expects to start recruiting in New York state. She is anxious for anyone who knows of prospective students to submit their names to the Dean's office, so that she can establish connections in the high schools she visits.

U. V. M. to Debate McGill University

Cook, Spiegel Against Socialized Medicine

After a lapse of two months, the University of Vermont varsity debating team will again expound the question, when it goes back into action against McGill University this Friday, March 24, at 7.30 p.m. in the Women's Lounge, Waterman Building.

Upholding the negative of a topic which is very much in the news today, "Should Medicine Be State Controlled," our talkers will attempt to continue an undefeated season.

First Spring Debate

This is the first decision debate of a spring season that promises to be a full one, and the team is anxious to get off to a fast start. The team has already participated in four previous debates, and two of these, against Middlebury College, have been non-decision contests. The other two contests have been victories against Air Corps teams.

The two speakers who will uphold the negative for U. V. M. are Bill Cook 46, and Lloyd Spiegel '45. This will be Mr. Cook's first debate for Vermont, although he has had previous outside experience. Mr. Spiegel has debated against Middlebury and is experienced.

Active Schedule

The debating team has planned an active spring schedule, and it is hoped that a planned New York trip materializes. If this trip does come about, it is believed that U. V. M. will debate New York University, Brooklyn College, and Mt. St. Vincent College. The New York University debate will be broadcast over New York's own station WNYC.

Mr. Merrill Powers, Chairman of Debating, has been preparing his forensic warriers for this tussle, and the U. V. M. student body should see excellent contests. Refreshments will be served at the McGill debate on Friday evening.

Band Members Eat Kake at Banquet

The U. V. M. band held a banquet Monday evening in the Black Cat to celebrate its success so far this year and to eat its kake. Dr. and Mrs. Lechnyr, the Kake Walk directors, Bob Pond and Barbara Fiske, and Barbara Anderson, chairman of the Pep Committee of Student Government were invited guests. A short program followed the meal which consisted of fruit cup, mashed potatoes, green peas and turkey. Toastmistress Margaret Donahue first introduced Bob Pond who spoke briefly, thanking the band for its work at Kake Walk. Barbara Anderson also spoke to the band. Then "Margo" called on a member from each class—Al DeMarinis, Mary Greene, Fran Donahue and Selma Fienburg who expressed their appreciation of the patient and unselfish work of Doctor Lechnyr who made the band possible and told of the fun they were having in band. In introducing Doctor Lechnyr "Margo" said that every such unit should have a soul and that the band had found its soul in "Joe." He reminisced a bit on the first R. O. T. C. unit in 1916 whose entire repertoire consisted of three pieces. During the first World War the band did not function. Since it was reorganized in 1921, the band has continued to grow and has come to occupy an important position in campus life. He not only complimented the band on the fine job it did at Kake Walk, but he also praised the work of the other musical groups participating.

1944 Abridged Kake Walk Considered Great Success

Combined Skit Wins and Sigma Phi Gets Cup for "Walkin'"; "Joe" and Band Applauded

Kake Walk, in the words of Prof. P. R. Miller, master of ceremonies, "was something of the old and something of the new." March 17, the foundations of the Memorial Auditorium rocked with the sound of applause and laughter and the thrilling strains of "Cotton Babes." In answer to the comment over-heard "who is that acting so dumb," it was Ben Vail and Johnny Adams creating atmosphere for the evening of festivity and gaiety. The "carousers," after giving their version of walking fo' de kake to the Teddy Bear's Picnic and lending a hand to the busy ushers, were taken into custody by a capable policeman. Heralded by a few bars from Joe Lechnyr's band, their majesties, Queen Ruth Jordan and King Bish McGill, entered to the applause of their followers. The Queen was clad regally in a white evening dress and a flowing purple robe and carried a large bouquet of red roses. After the coronation ceremony the rulers took their places on the throne to reign over Kake Walk of 1944.

Skits

Phi Sigma Delta presented a satirical skit "Peace or War, Kake Walk '44." The opening scene was the memorable convocation where the fight to up-hold the traditions of Kake Walk began. In rapid sequence scenes were shown in the preparation for Kake Walk and the final night which satirized the Kake Walk program. The Interfraternity combine gave the next skit entitled "Willis in Wonderland or Johnny Come Lately." The theme was the progress of U. V. M. since its financial crisis. The identity of prominent persons on campus and in town was suggested and quickly guessed by an appreciative audience, especially the rendition of "I Didn't Sleep a Wink Last Night" by "Frank Sinatra" to swooning "Dean Sampson."

To maintain the southern atmosphere of minstrel shows and magnolia blossoms, a group of mixed voices staged a plantation scene. Wearing evening gowns in an artistically designed setting, the chorus sang several airs from the deep South. Barbara Lane and Carroll Burns completed the effect by a pickaninny dance. This was followed by the Dramatic Club skit, "The Boys in the Back Room or Scrambled Eggs, Thoughts, and People," which was set in the popular rendezvous of the campus, the Coffee Corner.

Walkers

The climax of the evening was the traditional "walkin' fo' de kake." Three pairs of walkers strutted to the familiar tune of "Cotton Babes." The "darkies" in the order of their appearance were: William Birchard and Walter Brown, Sigma Phi; Paul Prior and Al Attwater, Independents; and Paul Heminger and Charles Arliss, Phi Delts. Selections by the "35-band," as Professor Miller nicknamed our "crowd" band, were played while the judges decided on the winning pair of walkers. Following the parade of walkers the Girls' Glee Club sang spirituals.

Awards

The Hayes and Carney cup and a cake were given the Interfraternity group for their skit "Willis in Wonderland," which "added spice to Kake Walk."

William Birchard and Walter Brown, representing Sigma Phi, walked away with the Preston trophy cup and two small J. K. Thomas cups plus a cake, as winners of the first prize for kake walkin'.

(Continued on page 4)

EASTER CONCERT TO BE GIVEN MARCH 26

Sunday afternoon, March 26, at 4.00 p.m., the University Choir and Orchestra under the direction of Prof. Howard G. Bennett will present their annual Easter Concert. The choir and orchestra are augmented by members of the U. V. M. faculty and residents of the city. Mr. Michael Anselmo of the Music Department will be violin soloist and concert master. This concert is free and open to the public.

The program will consist of Bach's "Ascension Cantata" and "Stabat Mater" by Pergolesi. The soloists will be Lorraine Farrell, Shelburne; Marilyn Holden, New Haven; Shirley Lampman, St. Albans; Eleanor Brownell, Burlington; Elizabeth Naess, Ludlow; Jean Vogler, Burlington; Ellen O'Brien, Waterbury; Mr. Philip Stolar, Station WCAX and soloist at the College Street Church; and Dr. A. M. K. Blume of the U. V. M. faculty.

Post-War Germany Topic of Debate

Noted Speakers Will Be Sponsored by I.R.C.

Dr. Wilhelm Solzbacher, Secretary of Research at the Center of Information Pro Deo, the American branch of an International Catholic agency which publishes CIP - CORRESPONDENCE ("for the clarification of spiritual issues in current events") and CIP-FORUM ("for clarification of the ideology of democracy") and Mr. Paul Hagen, Research Director of the American Friends of German Freedom, will debate next Wednesday night, March 29, on the question of harsh or lenient treatment of a defeated Germany in the postwar reorganization. The debate is at the invitation of the Vermont International Relations Clubs in the Ira Allen Chapel at 8:15.

Dr. Solzbacher has travelled and lectured in 24 countries including almost every European country, the United States and Canada. Escaping from Germany in 1941 after a series of harrowing adventures he came to this country. Dr. Solzbacher was a leader of the German youth movement and was forced to leave that country in 1933 because of his openly expressed anti-Nazi views. At this time a decree passed by the German government deprived him of his citizenship and he became a "man without a country." He has now taken out his first papers for American citizenship. Dr. Solzbacher will take the side advocating a rather harsh treatment of Germany with dismemberment as one of his points.

(Continued on page 4)

Smith College Professor To Speak at U.V.M.

Thursday, March 23, Prof. Marine Leland, who is an authority on French Canadian Culture, will speak to the U. V. M. students on that subject. Miss Leland is a member of the Department of French Language and Literature at Smith College. She will address the student body at Convocation Exercises Thursday noon, and the International Relations Club at an open meeting Thursday night.

She will address the student body at Convocation Exercises Thursday noon and the International Relations Club at an open meeting Thursday night.

Kake Walk in the words of Dick P. R. Mallett, master of ceremonies, "was only home at the end and something at the most." March 11, the preliminaries of the Memorial Athletic room rocked with the sound of applause and laughter and the thrilling strains of "Cotton Babes." In contrast to the "concert type hand solo of that acting so dumb," it was Ben Vail and Johnny Adams creating atmosphere for the evening of festivity and gaiety. The "carousers," after giving their version of walking fo' de kake to the Teddy Bear's Picnic and lending a hand to the busy ushers, were taken into custody by a capable policeman. Heralded by a few bars from Joe Lechnyr's band, their majesties, Queen Ruth Jordan and King Bish McGill, entered to the applause of their followers. The Queen was clad regally in a white evening dress and a flowing purple robe and carried a large bouquet of red roses. After the coronation ceremony the rulers took their places on the throne to reign over Kake Walk of 1944.

Skits

Phi Sigma Delta presented a satirical skit "Peace or War, Kake Walk '44." The opening scene was the memorable convocation where the fight to up-hold the traditions of Kake Walk began. In rapid sequence scenes were shown in the preparation for Kake Walk and the final night which satirized the Kake Walk program. The Interfraternity combine gave the next skit entitled "Willis in Wonderland or Johnny Come Lately." The theme was the progress of U. V. M. since its financial crisis. The identity of prominent persons on campus and in town was suggested and quickly guessed by an appreciative audience, especially the rendition of "I Didn't Sleep a Wink Last Night" by Frank [illegible] as secretary Dean [illegible].

To maintain the hushed atmosphere of haunted lanes and magnificent mansions, a group of talented locals staged a ghastly [illegible] featuring evening gowns to [illegible] haunted ballroom, the latest [illegible] and [illegible] from the deep South. Barbara Hake and Connie Payne completed the effect by a [illegible] dance. This was followed by the Dramatic Club skit, "The Boys in the Back Room" [illegible] Theatre and People [illegible] to the popular radio program [illegible] Cotter.

Walkers

[illegible] of the [illegible] with the [illegible] "Walkin' fo' de Kake." Dave [illegible] of walking around to the [illegible] time of "Cotton Babes." The "darkies" in the order in their appearance were: William [illegible] and Theodore Barnes [illegible] Paul Pond and W. Alexander [illegible] and Paul Hodgson and [illegible] with Bob [illegible] followed by [illegible] and Paul Hodgson [illegible] Pond. The [illegible] was [illegible] by the

Toptics

By Norman Hood *and* Herman Lewis Gastwirth

Marines are builders and apparently the unemployment and "manpower" problems bring them to mind. France was supposed to smash the nothing, so of the Axis would conquer, using machines to crushing armies.

A great many servicemen are afraid that the ballot will pass many years. The Army and Navy are trying to make them so without any unofficial polls are being conducted after campaign time. Democratic machine planning permits the England to prepare for peace and to establish a government.

The entire country realizes tremendous global meaning may lurk in elections and campaigning. However, they only make a good of audience that changes only the names of candidates and slogans and the political prospects, unaffected since Jacksonian and anti-machine movements. Later we shall see whether or not these forces are at work in the present election and there is some hope for the people's choice and their candidate should be supreme function in the state not party life and be its slave.

Speaking of good old partisanship: We hear Democratic Victory Note sounded this time by Democrats on March 30. He may offer party critics and backers of the Democratic history. This is an excellent chance to criticize and attack on past performance.

We are beginning to better received by Bob Gilmore from Senator Aiken. We think it will be of interest to many on campus.

March 13, 1944.

Mr. Robert C. Gilmore
University of Vermont
Burlington, Vt

Dear Mr. Gilmore:

This will acknowledge the receipt of a petition filed by yourself and forty-three others who are either members of the faculty or students of the University, concerning H. R. 7.

I am very happy to have received the expression of opinion from you and the other signers and appreciate your sincere interest in this legislation. I assure you that if this bill comes to the floor of the Senate, I will give it very careful consideration and in doing so I will have the benefit of your sentiments on it.

I am writing to you as the first signer of the petition and I would appreciate it very much if you would inform the other signers of this reply to you.

Incidentally, I recognize the names of a good many people with whom I am acquainted.

Sincerely yours,
GEORGE D. AIKEN

Mr. Black, Trusted U. V. M. Employee, Deserts Alma Mater

By IRENE STEVENS

Mr. Black, the Greenhouse guard who has been on Uncle Sam's payroll for approximately two years, has taken an extended vacation. It was learned late Saturday afternoon.

In hopes of visiting this faithful old guard we plodded to the Greenhouse but all in vain. Many times we called "Mr. Black, oh Mr. Black" but only silence. Supposing that he might have thought us strangers we called again, this time using the name all his friends called him, Blackie.

We learned later that he was last seen just before Christmas vacation when he was seen working a twenty-four hour shift patrolling the entire greenhouse area and guarding very carefully some small, white, wiry tool and utensil.

Little was known of Blackie's past save for some hints only, two years ago. He was born on the U. V. M. payroll on that all of us loved was paid for by government appropriation. Since it was necessary to spend so much of his time on here we got to see much of the Green-

house and established [illegible] there. Occasionally he [illegible] taking evening strolls near [illegible] but that was before he was [illegible] guard the entire Greenhouse.

Members of the Greenhouse staff jokingly said that Blackie probably been on a binge from which [illegible] turn after his two weeks' vacation ended; but lately they have suspected [illegible] something [illegible] Last year he took a vacation but returned with the end of January.

Maybe Mr. Black has left us when rationing won't affect him. Liver and kidneys was his special pastime. He was seen lunching between meals. Mr. Black had hardly been on or told the reason to [illegible] some provision could have been made please him. He could [illegible] steak and miss instead of [illegible] milk because it is hard to [illegible] ful a guard as Blackie, even [illegible] was only a cat.

The office hours of the Treasurer of U. V. M. Students are from 2 to 3 p.m., on Tuesday and Thursday afternoons.
BERYL CHENEY,
Treas. of U. V. M. Students.

Sunday, March 26, the Canterbury Club will attend church in a body. Please meet in the Parish House at 10.45 a.m.
SHIRLEY NEEDHAM.

Lieutenant Johnson will be in the Dean of Women's Office Thursday, March 23 to interview [illegible] interested in positions with the [illegible] Corps in Arlington, Virginia as cryptanalytic aid. For further information and appointments please call at the Dean of Women's Office.
MARY JEAN SIMPSON,
Dean of Women

Split-second communication in warfare calls for instant understanding—that's why it is so necessary to practice up on battle talk. Navy fliers improve their speech by playing back their own voices on the "Mirrophone," a magnetic tape recording reproducer built by Western Electric.

It also helps Army linguists master tongue-twisting languages like Japanese and Burmese. Designed by Bell Telephone Laboratories for speech training of operators and for weather announcing systems, it is another of the many peacetime Bell System developments now aiding our armed forces.

BELL TELEPHONE SYSTEM

War calls keep Long Distance lines busy ... That's why your call may be delayed.

I.R.C. SPONSORS JOINT DISCUSSION

The International Relations Club is sponsoring a joint discussion to be held Wednesday evening at 8:15 p.m. March 22 in the Women's Lounge on the third floor of the Waterman Building. The many topic of discussion will be "What Should Organized Religion Do to Secure and Preserve a Just Peace." This topic will be divided into four subtopics, each of which will be presented by a speaker. The topics and speakers are as follows:

1. "What Churches Are Doing to Secure and Preserve a Just Peace." Speaker: Fr. Garrett, U. V. M.
2. "What Churches Are Doing for Reclamation of Peace in Post War World." Missionary speaker.
3. "The Relationships and Differences Between the Churches, Protestants and Jews, in the United Governments." Speaker: Maurice Kahn, U. V. M.
4. "What Can Individual Members of the Entire Population Do to Maintain Peace."

CARL C. NAUMANN

[illegible] in studio 6B was in full [illegible] the last "treatment" of [illegible] for Britain" broadcast, [illegible] the Red Cross, and starring [illegible]rence in a fifteen minute [illegible] the hour program. En[illegible]s sound men, announcers, [illegible]tresses stood languidly [illegible] poring over their scripts. [illegible] was Miss Lawrence, the [illegible] performance? Of neces[illegible] had skipped over her [illegible]gram and continued with [illegible] continuities, and music. [illegible]ed with the work of the [illegible] who had prepared the script. [illegible]y told just enough, in a [illegible] way, to emphasize the pur[illegible] broadcast. In fact, every[illegible]ersed—which was most un[illegible]

[illegible] the rehearsal ended, and [illegible] Lawrence did not put in her [illegible] The cast waited patiently, [illegible] minor changes that had been [illegible]our scripts, and, most of all, [illegible] announcer Ernest Chappell. [illegible] let a good gag down. In [illegible] the leading lady's tardiness, [illegible] was in exceptionally fine spirits. [illegible]ur before the main broadcast [illegible]k Lawrence haughtily entered the [illegible] and, with hardly a nod to anyone, [illegible] Ernest, began the perusal of her [illegible] About half way through she [illegible] her way through the crowd on the [illegible] to the director.

She demanded to know who wrote such an "awful" script. Why it was *impossible* that she should play such a part! Utterly *unthinkable*! The sketch was weak, dry, purposeless, and anything else you can think of. There was plenty of time before the broadcast to rewrite the script—in fact, she insisted that it be rewritten.

The director was stupified. What could he do? Miss Lawrence was the [illegible] of the show; without her emotional acting any playlet would be a flop. And what would he say when the [illegible] asked why Miss Lawrence did not appear on the program? Certainly they would take her word against his that the skit was unsuitable.

Straightening he rushed up to the staff [illegible] and found the writers preparing to [illegible]. They needed no cajoling to re[illegible] the script, as it meant more to them than Miss Lawrence to keep on the N. B. [illegible]. For a frantic twenty minutes [illegible] erased, typed, cut and inserted, until at last an entire new story was formulated and typed in triplicate.

The director rushed down to the studio [illegible] the two writers. He thrust the [illegible] at Gertrude Lawrence, glanced at [illegible] and started the rehearsal in the [illegible] that was left. The writers [illegible] their breath, the cast stood trans[illegible]d the engineers kept waving mildly [illegible] the control rooms to hurry up.

With ten seconds to go the rehearsal was finished. Miss Lawrence crooned [illegible] the writers and the director, while [illegible] fidgeted and talked nervously [illegible] themselves. The talking stopped [illegible] as if by magic, when the en[illegible]nted at the clock and then at [illegible] Chappell. Everyone took his [illegible] eyes fixed on the engineer. [illegible] pointed again and the orches[illegible] into life. The red sign above [illegible] door flashed: *On The Air.*

PROP WASH

[illegible] "Look Mabel, haven't [illegible] out with an air cadet?"

Southwick, U. S. A.

VON WIEN

I joined the army a year ago. I guess to
  fight this war.
They put me in the infantry and quoted
  army lore.
I looked pretty good, they said, as they
  handed me a pack,
And then they pushed and struggled as
  they hooked it on my back.
At last they finally finished and a soldier
  I became,
A rifle, helmet, gasmask too, til I
  walked like I was lame.
I sweated in the Soutfi. I cursed it every
  day.
And every night as darkness fell, I'd
  think of home and pray.
I took a test, and passed by luck, was
  proud as I could be,
The Air Corps said that I would do
  and they would pay my fee
If I would try my luck again in another
  type of game,
They promised me that if I passed that
  it would bring me fame.
With the help of God, and of course my
  neighbor too,
I made the grade and prepared myself
  to soar through Heaven's blue.
And now I'm here at U. V. M. snowed
  under by my books,
Only once I've seen an airplane and I
  can't recall its looks.

Believe ye, in the Ides of March and the threat of impending doom which it recalls to mind. Nay, you say, we are civilized, what threat can be found in superstition and witchcraft poppycock. None that I can think of, yet when a bad omen arises and is followed by a streak of its relative bad luck one quickly

links them together and exhibits them as evidence to back up his claim against fate. You may think I speak in fiction but search your mind and dig from its depths incidents that have long since retroceded into your sub-conscious mind. Analyze the facts, ask your friends and see what they say. How many baseball players have lucky charms or believe that if they cross the plate with their bat their chance of getting a hit are increased? Ask Wesley Gunther why he doesn't light three cigarettes on one match. Fate has decreed what will happen and no matter what you do to prevent its inevitability, it will find its way into the limelight. Yes, the Ides of March bring with them illfated repercussions. Ask any taxpayer and he'll tell you the lowdown. "Yip-cup" Stouffer can quote verbatim his experience on the day before the Ides.

Chickens Transfer

Revision of our English Class has left Pitts the only Rebel in it. His only consolation is that he still lives in SOUTHWICK—Anybody tempted by curiosity might ask Mitchell Abood the meaning of the following phrase, "Le fille de lait." Somehow Mike doesn't like to read this column, perhaps it's because when he finishes reading it, his face turns to scarlet with crimson dimples—"Emily" Post, our captain of gymnastics, is quite often peeved by a [illegible] green trunks.—Well we finally did it fellows. We've accomplished what had seemed the impossible. Yes with permission of the OPA, and other government letter agencies, we manifested the transfer of a good portion of Southwick's Chickens. Leading the list was the nemesis with the gig slips, Harry Blanch-

"[illegible] Just got a letter from down below"

ard. Then in close promixity followed little Cliff Fllege Chestnut. McClair (Ace of the highdays and skyways), Bowman (yes he finally got them, been trying real hard), and a host of other would be Generals joined that tower of strength and etc., Abood, in Converse. Never before have I felt sorry for a Converse man.—Welcome to our spacious home, Lt. Giamo. I hope that you enjoy your stay with us, as much as we enjoy having you???—A thousand apologies and belated greetings are in the offer to Carl Hill on his recent marriage.—So far I've received three letters addressed to Von Wien, asking whether I could solve their marital problems. If you have any troubles let me know I may be able to help you. Mr. Anthony Dorris Blake and others had better be wary. Remember, von Wien, Box 398-B.

Poem of Week

Poem for this week is written for your girl back home, if you care to copy it and substitute the proper name, please do so with my compliments.

von Wien

In the evening when it's quiet, and all the
  world's at rest,
I sit before the fire and face that awful test.
The fact that we are far apart, a sullen,
  solemn fate,
Too bad that men will war again,
  their hearts filled up with hate.
But all alone in the evening, neath the
  Heaven's sparkling blue,
I sit, my dear, by the pine trees and
  think of home and you.
The sparks of the nearby fire, dance lively
  towards the skies,
Like a barrage of flickering insects or
  a flock of fire flies.
As they soar up towards the Heavens,
  through the scented trees of pine,
They form a scattered pattern with the
  stars that wink and shine.
Then I fetch from neath my pillow, a
  picture sweet, sincere,
The picture of dear Sonny, who I only
  wish were here.
Oh I pray unto the Heavens, I pray
  every night,
That the war will end tomorrow and
  the peace will come in sight.
For then my dear I'll see you and hold
  you in my arms,
And protect you from the horrors and
  other wordly harms.
Yes, I think this when I see you, as I
  hold your picture tight,
And I pray that way my darling on
  every starlit night.

GUNNER'S FLIGHT

L. T. COCKRELL

"Fighters coming in from nine o'clock . . . . get 'em, Boldy. Two F. W.'s at five o'clock. Nicked the first one! Get us out of this mess, Skipper."

I wonder if there is any percentage in this business. No future, as far as I can see. That last bozo nearly let air through me. It is too cramped to move around with this mask; yet I can't take it off—35,000 is a little steep for me. Oh, fine! Visitors!

"Charlie to pilot. Rocket exploded in exit. Can't force way out. Messed things up something awful."

Oh, God! What a mess! The door jammed, wires gone, and . . . .

Holio sapolio, oxygen mask hit, too. Things look bad for Mrs. Mason's pride and joy. "At 35,000 feet you need full oxygen, and without it, death is fast and quick." Where did I hear that? Colonel Smith? A nice hole in the gadget.

"Gunner to pilot. Need aid immediately. Oxygen mask riddled. Can't make it without aid on other side of door. Can't you hear me? Let's go, please."

Door won't bulge; come on, door; just this once. I won't slam you hard again. Please. Think it is growing a little stuffy in here. Ought to fight off the planes that are probably there, but gotta get out—get out. Why does everything happen to me?

Kinda tired now. Door doesn't give any, though. Things getting a little bit hazier here. Wish I could raise somebody in this plane.

Wish I could get a nice comfortable place to relax . . . could sleep a long time . . . boys won't like it if they see me sleeping with Jerries coming in. . . . Oh, Cap'n . . . . not a care in the world—little Charlie having a grand time in a bomber . . . . getting awfully tired and sleepy . . . . skipper, I need help . . . . nice and warm here . . . . sleep for an hour or two . . . . they won't get me warm . . . . sleep . . . . tired . . . nice here . . . . sleep . . . . sleep . . . . sleep . .

For you're not sat, my dearest, just look up through the tree,
  Those stars you see their glistening are the same stars that I see.

Begorra and Begosh, sure and I almost forgot it was to be all a happy St. Patrick's Day. May the saints preserve me for not visiting the Blarney Stone this year. Erin Go Bragh, our motto looks more likely. So Long Sein, Cheers and so long.

Converse Corner

By CHARLIE SINCLAIR

We ran into Carl "Flight" Turner, of Brotherhood fame, drowning his sorrows at the Sugar House with a look of exquisite boredom on his face. "I just came from a co-ed tea party," he wailed in answer to our inquiry. "Never again!" Say you shoulda dug that Lindy routine as performed by Lt Horseman . . . . et Horseman at the Kake Walk last. It had to be seen to be believed.

Questions of the Week

What cadet, quite perturbed by it all wants to know if a certain house mother has a barracks bag . . . . Another question. What perpetual F. O and what former Eager Beaver had a rowdy *Time* (with Poker Preliminaries) and *where* did they have it??? Saw Burt "Skin Haid" Cooper-the-Caveman, higher 'n a kite, asking a certain cadet for some good "shack up" numbers. He got 'em, Cooper! I know . . . Orchids lots of 'em, to Lt Brossman for getting the boys a day room in Converse, and an extension on "Lights Out" . . . . and onions to Lilla for reasons best known to herself. S'help me, I'd rather have walked tours. I coulda done better at the City Morgue. . . . George (N. M. I. this week) Dragana is looking for a girl with stamina enough to survive his version of the polka. What you need is a lady wrestler, boy. You cover more territory than a six-day bike race.

More Questions

Which dormitory house ought to work out a time schedule for its cloakroom? . . . . and what "Doorway Demon" (whose coat of arms is a ham, rampant upon a field of corn) was seen holding up the cornerstone of the Hotel Vermont with a certain female Boston accent. . . . The boys tell me there is a dive called the Blue Goose in Winooski. In Technicolor, yet. . . . The look on "Swede's" face when his date remarked by way of conversation: "My husband is getting out of jail tomorrow."

Overheard on the campus. "What is youth?" "I'm a thophomore"

Note to the Gremlin: It's easy to tell I can spot uplifts every time . . . . Say here's a laugh. The greatest optimist we ever heard of is the lady who passed out little envelopes to a whole row of cadets enjoying a peaceful hangover in the Methodist Church Sunday. These envelopes read in part *"I will pay toward the support of the Vermont Anti-Saloon League the following amount . . . ."* Bob Durivage walked his date home last week-end. Nothing unusual in that except that they were coming from Howard Johnson's.

Still More Questions

What Bugler almost had "Taps" sounded for him by a certain house mother . . . . Which student officer (two white ones) stood, looking in a mirror only to say: "Migawd, I'm getting handsomer every day" . . . Which Laughton ish looking student corporal was asked by a *very* high ranking Eager Beaver how many gig slips he had turned in. The reply was negative. (Editor's Note: Our Corporal has since returned to the ranks) . . . . Attn. Abood and Co. We hear on reliable authority that the Sad Southwick Sacks have difficulty performing the number "Whistle While You Work" . . . . We breezed into breakfast the other day only to find *prune juice* on the menu. If *that* isn't adding insult to injury . . . . Add above "Fine Feathers do not make Fine Birds" and pot roast is still pot roast to this boy. Even if *you call* it steak . . . Louis Di Nunzio, faced with the problem of writing a class theme called "My Hobby" asked the professor, in a voice rich in the accents of South Brooklyn, if he could do one on *Winnemmimu*. . . .

Night train curtain: See you next week, same time, same place B. Y. O. I.

Nine Colleges Take Part in New England Conference

U.V.M. Entertain Student Union Delegates; Theme, "Acceleration—Attitude—Atmosphere"

[illegible] weekend the New England [illegible] the Women's Student Government [illegible] Association of Coeducational Colleges and Universities of the United States is to hold its annual conference [illegible] campus. The purpose of this [illegible] is to discuss objectives and [illegible] problems of Student Government. It was in 1942 that the W. S. G. A. held its Eastern Conference here at the University with Dorothy Canfield [illegible] the main speaker. But this will be the first time in nine years that the New England division has met on the Vermont campus.

Nine Colleges to Take Part

Nine colleges are to be represented: Colby, Bates, University of Maine, Mass. State, Middlebury, University of New Hampshire, Rhode Island State, University of Connecticut and the University of Vermont. The delegates—18 to 20 in number—are to arrive Friday afternoon and are to be housed at the Delta Psi House.

Barbara Hall is President of the Conference and Virginia Campbell, Secretary-Treasurer. Other members of the U. V. M. Council that will attend are as follows: Shirley Needham, Gretchen Manning, Elizabeth Conklin, Joan Garrity, Eleanor Jenkins, Barbara Anderson, Marjorie Nelson, Christine Hughes, Caroline Aronson, Marjorie Nutting, Margaret Donnelly, Ruth Schoppe, and Rita McGarry.

Registration will be from 3.30 to 6.00 at the Delta Psi House. Virginia Campbell is in charge.

Banquet Friday

Friday night a banquet will be held at 6.30 in the Waterman Dining Room. At 8.00 Mrs. Wills will give the opening address in the Student Lounge and any one that is interested is invited to attend.

The theme of this year's conference is "Acceleration—Attitude—Atmosphere." Saturday morning will be devoted to discussions. There are to be two main groups with two sets going on at the same time led by students of the various colleges. The program is as follows:

8.30-10.00

a. Social Problems—Mass. State
b. Organized War Activity—Colby

10.30 to 12.00

a. Educational Attitude—Middlebury
b. Strengthening of Student Government—University of N. H.

These will be held in the two Women's [illegible] on the third floor of Waterman.

Following luncheon at Waterman there will be a business meeting—the last meeting of the week-end. There will also be a [illegible] of the round table discussions. The rest of the afternoon will be free so that the delegates will have a chance to become acquainted with the campus and Burlington.

Tea at Delt House

At 5 o'clock there is to be a tea at the Delta Psi House. Barbara Anderson is in charge.

The delegates have been invited to attend Field Day at the Taft School and will be guests at the Coffee Hour to be held at the Waterman Lounge afterwards.

The conference ends on Saturday night when the students will stay over until Sunday.

U.V.M. Debaters Defeat McGill

Team Next Scheduled To Meet New Yorkers

Continuing in the paths worn deep by the forensic warriors of the past, the U. V. M. Debating team has started its spring season by defeating McGill University of Montreal. The topic that was vigorously attacked was "State Control of Medicine," with Vermont upholding the negative.

Vermont was represented in this debate by Bill Cook '46, and Lloyd Spiegel '45. The men representing McGill University were Victor Dawe, and Harry Krishinsky. The judges were Prof. Leon Dean, and Mr. Merrill D. Powers, both former varsity debaters for the University of Vermont.

The debate was held in a style that is used by McGill University, and is rarely seen in the States. The first affirmative speaker for McGill spoke for ten minutes, and took a five minute rebuttal. The second negative speaker spoke for ten minutes and did not have a rebuttal. Mr. Cook, the first speaker for Vermont, spoke for ten minutes, and Mr. Spiegel spoke for fifteen minutes. The negative did not have a rebuttal. Praise should go to Mr. Cook, who in his first intercollegiate debate performed credibly.

This debate was the start of an ambitious schedule, for on the week-end of April 21, the debating team will travel to New York, where New York University will be engaged by Fran Donahue and Lilla Blumberg, and Brooklyn College by Lloyd Spiegel and Shirley Harris. The New York University debate will be broadcasted in the metropolitan area. Debates are in the making also with Columbia and Mount Saint Vincent.

BARBARA BURNHAM NEW W.A.A. HEAD

Friday, April 21, W. A. A. plans an activity night at Taft School. There will be a demonstration of sports among which are basketball, badminton, and fencing. Each manager of a spring club will speak and the sports schedule will be announced. Signing up for these clubs will take place in Waterman on April 20 and 21.

Installation of the following new W. A. A. officers will take place during the evening: President, Barbara Burnham; Vice-President, Mary Thornton; Corresponding Secretary, Rachael Giddings; Recording Secretary, Jean Ryan; Council-at-large Chairman, Betty Ritchie; Treasurer, Joyce Byington; Social Chairman, Jackie McCormick; Publicity Chairman, Katherine Perry; Scrapbook Editor, Betsy Kipp; Health Council Chairman, Margaret Donahue; Senior Representative, Alice Rowe; Junior Representative, Mary Greene; Sophomore Representative, Patricia Van Ameringen.

This will be a general fun night with games and refreshments. All women students are invited.

Northwestern University, housed in a single wooden building when it was founded 93 years ago, now boasts 91 buildings.

Twirlers to Tryout For U.V.M. Co-ed Band

An added attraction for the U. V. M. Co-ed Band, "drum majorettes" or "twirlers" will soon be a reality. There will be tryouts for anyone interested on Monday, April 17 at 5.00 o'clock in the band room of the Art Center.

Since the advent of "Sis" Warden last year, there have been flurries of talk about twirlers. At the time the Co-ed Band was formed, there was a rumor about a Twirling Quartet, nothing materialized at that time. Now, however, that chance has come for anyone who is interested to tryout. "No previous training in twirling or marching is necessary. *Anyone* can try," said Margo Donahue, the Band Manager. Tryouts will be judged by Dr "Joe" Lechnyr, Sergeant Parker, and the Band Committee, which consists of Margo, and the Band Librarians, Pauline Fitch and Rayelen Prouty.

CANADIANS WILL SPEAK AT CHAPEL

The Rev. Raymond A. Hall, secretary of the University's Committee on Religious Life has announced the Chapel speakers for the coming weeks.

The day following vacation, Tuesday, April 11, the Rev. Harold S. Hannum of the North Congregational Church in St. Johnsbury was the speaker.

Miss Marion Royce, secretary for young adult membership, World's Y. W. C. A., Washington, D. C., will be the Chapel speaker on Tuesday, April 18. Since graduating from McMaster University and obtaining her master's degree from the University of Toronto, Miss Royce has been a teacher at Moulton College, Toronto, national secretary of religious education for the disciples of Christ in Canada, and executive secretary of the National Girls' Work Board of the Religious Education Council of Canada. At present as assistant secretary of the World's Y. W. C. A. Commission on Reconstruction, Miss Royce is responsible for carrying through its study of the effect of the war on the life of women.

In the December 1943 issue of *Intercollegian* an article by Miss Royce appeared entitled "Girls are Going Global."

On April 25 Rabbi Harry Joshua Stern of Temple Emanu-el, Montreal, will be the speaker. A graduate of the University of Cincinnati and of Hebrew Union College, Rabbi Stern received the degree of Doctor of Laws from McGill University and is the author of a number of books, the most recent being "The Jewish Spirit Triumphant."

This will be the third time Rabbi Stern has addressed the University of Vermont students.

Class of '44 Invited To Next Alumni Meeting

On Thursday evening, April 27, at eight o'clock in the Student Lounge at the Waterman Building, the Burlington Alumni of the University of Vermont will hold their annual spring meeting, according to Prof. Lyman S. Rowell, president of the Burlington Alumni.

Although the exact subject has not been announced, the program will consist of a panel discussion of some phase of post-war planning.

Taking part in the discussion will be President John Millis, Mrs. William H. Wills, wife of Vermont's Governor, Rev. Skillman Myers of the Unitarian Church, Prof. Paul D. Evans of the history department and Miss Priscilla Perkins '44, president of Mortar Board. The moderator will be Rev. Charles Martin of St. Paul's Church.

Besides all U. V. M. Alumni and their guests, members of the present senior class at the University are invited to attend the meeting.

Annual Lilac Day To Be At Taft School Tomorrow

Identity of Queen and Court Still Secret; Choral Speaking, Modern Dancing Featured

Lilac Day, sponsored by Staff and Sandal, will take place at the Taft School gymnasium tomorrow night. This event, combining the efforts of the modern dance workshop and choral speaking group, marks another of Vermont's traditions that make up an important part of campus life.

Memory of First Dean

Lilac Day is held yearly in memory of U. V. M.'s first dean of women, Pearl Randall Wasson. Her efforts to make the campus beautiful have led to an annual pageant with some form of beauty as its theme. In former years the ceremony was accomplished by the planting of lilacs on Redstone campus, but this year a gift in the form of money will be presented to the Queen of Lilac Day by Staff and Sandal. After the war the money will be used in fulfilling the tradition of Lilac Day.

The program this year will depict the Four Freedoms, freedom of speech, freedom of religion, freedom from want, freedom from fear, as interpreted by the members of the modern dance workshop under the direction of Miss Ethel Hoffman. A large group of choral speakers will set the keynote for each dance with poetry which has been written especially for Lilac Day by Bluestockings.

Queen Elected

Ballots cast on Wednesday have selected the Queen of Lilac Day and her court, but their identity will remain a mystery until Saturday night. The queen will be crowned with spring flowers by Miss Mary Jean Simpson, Dean of Women. Members of the Queen's court will include two seniors, two juniors, a sophomore and a freshman.

Members of the New England Women's Student Government Association will be the guests of Staff and Sandal on Saturday evening. Following the Lilac Day ceremony, the modern dance workshop will sponsor a reception in the third floor lounge at Waterman for all those connected with the presentation of Lilac Day.

At Taft School

Members of Staff and Sandal will usher at Taft School, and will be in evening dress. The costumes for the dancers have been under the supervision of senior home economics classes.

At the dress rehearsal on Thursday night, Dorothy Holmes, an alumna of U. V. M., took pictures for the *Free Press* which will appear in Saturday's issue.

Tickets will be on sale at Waterman all day Friday and Saturday morning. They may also be obtained from Wood's Store, or may be purchased at the door.

U.V.M. Co-ed Band To Give Concert Tonight at Y Gym

Tonight at 8.15, the U. V. M. Co-ed Band under the direction of "Joe" Lechnyr, will play for the public in the gym of the Y. M. C. A. Building. This concert will be the first public appearance of the band since Kake Walk.

The band which began in the minds of the students last spring has become a reality. There were many people who wished to see the tradition of a band on campus, remain. Since there was a conspicuous absence of boys, a co-ed band formed, which is made up of the remaining R. O. T. C. boys and a majority of girls. Through Student Government, "Joe" Lechnyr was asked to direct the band. By his efforts and the cooperation of the members, the band has grown in numbers and ability.

Previous to this concert tonight there have been only two appearances of the band. The first consisted of a program for the Air Corps, which took place during their supper hour. The second was at Kake Walk, where "Cotton Babes" was the predominate note. A large green and gold kake was given to the band at that time for their rendition of this song, and also for the band concert.

Tonight, the program will be as follows:

March—"The Cardinal" ....*Patrick Lee*
Overture—"Trapelo" .....*James Fulton*
Songs of our Armed Forces
(a) "Caisson Song" .....*Gruber*
(b) "Anchors Aweigh"..*Zimmermann*
(c) "Army Air Corps".....*Crawford*
(d) "Marine's Hymn".....*Phillips*
"The Teddy Bear's Picnic"
John W. Bratton
March—"Trombones Triumphant"
Don Keller

INTERMISSION

March—"Fort Bragg".....*Patrick Lee*
Scenes from "Oklahoma"
Richard Rodgers
Two Rhythmic Dances..*Heywood S Jones*
(a) Russian Caravan Dance
(b) A Day in Spain
Descriptive—"American Patrol"
F. W. Meacham
"Swing Low Sweet Chariot"
Malone and Sebastian
Songs of U. V. M.
(a) "Vermont Victorious"
Lawrence Killick
(b) "Cotton Babes"..*Weinrich-Lechnyr*
(c) "Champlain".....*C. S. Putnam*

The National Anthem

Tickets are available at Hayes & Carney's, McAuliffe's and Preston's Jewelry Stores. The admission is 50 cents for adults and college students, 25 cents for high school students and children.

Co-ed Posture Contest Features Secret Judges

Those co-eds with the best posture on campus will be chosen soon. This will be done in the dorms. There will be one girl in each dorm who will, without others knowing it, choose the ones in her house having the best posture. The lists of such people will be combined and posted when the campaign is completed.

Phi Sigs Initiate

The Phi Sigs wish to announce that Robert Rosenberg, Jr., '47, and Marvin Saltzman '47, of Burlington and Brooklyn respectively, were duly initiated Tuesday, March 28, at the home of Edward Reiter of Silver Court.

The ritual was followed by a banquet held at Marietta's. Walter Stern '47, was in charge of the proceedings.

Galveston, Texas — (ACP) — Dr Chauncey D. Leake, vice president and dean of the University of Texas Medical School, has announced discovery by two faculty members of a sulfa drug, sulfathalidine, which is expected to help in combatting intestinal infections common to overseas troops.

Toptics

By Eugene Ellis and Howard Zwick Calhoun

The other day we saw some adventurous morning glory a middle lawn pretending that they were Chetniks under Mihailovitch fooling the Nazis. All were still about hunting the Nazis but apparently some painful years had worn [illegible] about the Partisans.

[illegible] was [illegible] to hear of the [illegible] Tito. Now it also seems as if the [illegible] People's Liberation Front.

Who Is Tito?

[illegible] Who is Tito? Partisan and [illegible] Struggle against the [illegible] Yugoslav Revolution. [illegible] Communist hero [illegible] Nazis but [illegible] Tito's Partisans [illegible] Nazis [illegible] Tito [illegible] Nazis [illegible] Tito [illegible] Nazis [illegible] Tito

I.R.C. Sponsored Hagen, Solzbacher In Chapel Debate

Men, Both Germans, Advocate Different Post-War Policies

[illegible] by two noted men, Mr. Paul [illegible] Research Director of American [illegible] German Freedom, and Dr. [illegible] Solzbacher, Secretary of Re[illegible] the Center of Information Pro[illegible] sponsored March 29 by the In[illegible] Relations Club. Priscilla [illegible] President of I. R. C., introduced [illegible] who debated the question of [illegible] lenient treatment of a defeated [illegible] to post war reconstruction. Both [illegible] in Germany when the Nazis [illegible] power, and they have each writ[illegible] lectured extensively on the sub[illegible] post-war Germany.

Hagen Advocates

[illegible] Hagen advocated leniency for [illegible] reasons. First, many Germans [illegible] allied themselves with Nazism, [illegible] the leading militarists; and [illegible] have fought against its principles. [illegible], he feels that there are many [illegible] which have been formed of the [illegible] race, thus injuring Germany, by [illegible] the attitude of other nations. [illegible], the racial fallacy including [illegible] of the supremacy of the master [illegible] all others, and the popular con[illegible] that it is traditional in Germany [illegible] their children for aggression. Con[illegible] this analysis of Germany, Mr. [illegible] favors the policy of wiping out re[illegible] forces aiming to reproduce [illegible] aggression and not to dismember [illegible]. His plan for carrying out this [illegible] is not to control the revolution that [illegible] in post-war Germany. Ger[illegible] needs its shock to complete her re[illegible] maturity. Neither would it be [illegible] as Mr. Hagen says, "to transform [illegible] from Hitler's prison to a re[illegible] school." This plan would only [illegible] to nationalism and another war. [illegible] German people need a feeling of re[illegible] in the future, and a part in [illegible] a democracy in their own [illegible]. He insists that dismembering [illegible] prove futile; an area of Germany [illegible] was given to a country would only [illegible] "time-bomb" to that nation. Also, [illegible] such a plan would cut off [illegible] essential state systems such as the [illegible]. Mr. Hagen earnestly urged [illegible] democratic attitude in other nations [illegible] development of a democracy in [illegible] were essential to a successful [illegible] peace.

Solzbacher Answers

[illegible] opposition Dr. Solzbacher advo[illegible] harsh treatment for he believes that [illegible] no wide distinction between the [illegible] and the Nazis, and the world is [illegible] that there shall not be another war. [illegible] that the Germans will be [illegible] at losing the war; conse[illegible] they will concentrate on the next [illegible] overcome their humiliation. A [illegible] of political leadership must be [illegible] because the nations of Europe [illegible] tolerate alliances between Ger[illegible] other countries. Dr. Salz[illegible] dismemberment in spite of [illegible] problems involved, for he [illegible] Germany could be made into [illegible], prosperous, and law-abid[illegible] just as Sweden was divided [illegible] countries, Norway and Sweden, [illegible] more friendly toward each [illegible] they were under one govern[illegible].

Grassmount In All The Glory Of A Vermont Spring

Attention

Two petitious proposing amendments which would change the number of members necessary for a quorum for the transaction of business by U. V. M. students have each been signed by 50 members and have been presented to the chairman of the Executive Committee.

Article IV of the Constitution reads: "A quorum for the transaction of business in the meetings of this organization shall consist of at least 500 members."

One proposed amendment reads:

"A quorum for the transaction of business in the meetings of this organization shall consist of at least 50 per cent of the members."

The other proposed amendments read:

a. "A quorum for the transaction of business in the meetings of this organization shall consist of those members present.

b. A two-thirds vote of those students present will constitute a majority vote of the student body."

Please be ready to vote on these amendments at the next convocation of U. V. M. Students to be held in the near future.

PI BETA PHI

Justine Whelan and Russel Smyle were married March 22, at St. Malachy's Church, Montreal.

Pussie Perkins left for New York Wednesday night with Navigator Paul Johnson, now stationed at Spence Field, Moultrie, Ga.

Rayelen Prouty was delayed at White River Junction. By a strange coincidence, Stephen Moore is stationed in Hanover, N. H., across the Connecticut.

Shirley Parker goes home again today (Friday). Ed is still there.

When Joan Garrity came back from Springfield, Mass., everyone grabbed for her left hand....but they were disappointed.

Barbara Powers has been sick in bed since her return.

Student Union Mass Meeting

[illegible] Mass Meeting was [illegible] in the Main Chapel [illegible] purpose [illegible] meeting con[illegible] a discussion [illegible] and a [illegible] Constitution of the [illegible] Student Union. Nominations for [illegible] for the three honorary [illegible] were held open.

Dean Simpson Addresses Girls

[illegible] Simpson stated her speech. We [illegible] something. She emphasized the [illegible] it cannot be used at this time. In [illegible] the ways and means of train[illegible] for light. We need to keep on mak[illegible] money for the future must be done by [illegible]. Simpson asserted, but [illegible] must be spent for the present, she said. [illegible] the all-absorbing needs at [illegible] could be more college [illegible] of the group. Those which have [illegible] men and women alike [illegible] were prepared to serve there." In [illegible] she said, there is now an urgent need for quality college graduates. Miss [illegible] then expressed again the under[illegible] the importance of staying in [illegible] as all could to reach their college [illegible]. She was puzzled out that the [illegible] of what amounts to an all-[illegible] school year may not be too [illegible], but that is a challenge we have [illegible] meet.

Girls Must Carry On

[illegible] duty [illegible] of undergraduates is to preserve and carry on the full tradi[illegible] of Vermont so that when our boys [illegible] back they will find a live, prosper[illegible] Vermont Cynic and functioning [illegible]. This all depends on the way [illegible] meet this challenge." Another [illegible] of concern to the undergraduates is to [illegible] and get under the orientation and [illegible] program of the new incoming freshmen. Miss Simpson's speech [illegible] with the urgent appeal that when [illegible] coming back to college we would come with a determination to do our part to create and preserve a fine [illegible] here."

After Miss Simpson spoke Barbara Hall, retiring president, turned the meeting over to Shirley Needham, new incoming president, who adjourned the meeting.

Shafted, U. S. A.

By VON WIEN

About a year ago, my neighbors selected me.
They sent me greetings from F. D. R.
and said that I was drafted.
I went into army, a soldier I would be.
From Rebel land to Southwick Hall
and after that I'm shafted.

This week, as we welcome the U. V. M. co-eds back to the campus, we're leaving out my weekly poem so all possible space can be devoted to the Easter Present General Arnold dropped in our laps. After exerting ourselves to the utmost in trying to master subjects that we are fast forgetting, we find that our old outfits miss the competence of these "young, vigorous men with the traits and qualities of leadership." I'm sure that all of us are covered in the letter we received from Washington via the 61st C. T. D. What I can't quite comprehend is, if we are the cream of the crop, as they have been telling us for months, why are we having our training interrupted to be replaced in the lower castes? Griping is one thing but common sense and logic is prevalent in these men of the Army of the United States. One doesn't feel too bad if he is washed out because of his inability to adapt himself to aircraft, flight and the other associate features of the Air Corps*e*, but to be ousted because we were taught how to walk in the infantry is another story. It's tough giving up your ambitions because of the silly inhibitions of some clique. Every man at the one fifteen meeting has deep within his heart an earnest desire to stay on as a member of the Air Corps. The landanum of propaganda that has been fed to us has stupified all mooters. The fame and the glory of the air corps will indeed be perpetuated in the hearts of those who leave. Yes, this dastardly upheaval shall live forever, live forever in infamy.

A Farewell Easter

Yes my friends, Easter and its pageantry is here. With it comes all the gay colors and hues of spring ensembles. The army too has its own manner of showing its acknowledgment of the season. No longer does the blue air crops patch adorn the shoulders of all cadets. Here and there we see a sprinkling of the other service branches, surmounted in the correct position. Striped suits are now in fashion, too, as the zebras take out their rank and authority from the camphor balls and diligently sew them on. Burlington has also seen the effect of the Easter Present we received, the bars are helping us drown our sorrows; but not in the River Jordan, in the River Bacchus. According to the instructors at the field we found out that as infantry men we do not have the "eagerness" while flying, but are doing a much better job manipulating our ships. To top it off a Rookie was jealous of us because we were getting so much open post before we leave. Is there anybody who wants to change places with him?

Perhaps the sudden shock of leaving has affected some of the washed-out cadets, at any rate, a quartermaster lad, name of Bloxam, has postponed his usual week-end spree to go to Easter services on Sunday. Maybe it's true that there are no heathens, agnostics or atheists in the foxholes....Incidently, have you noticed the German Imperial Air Force Cadet Enlistment signs so conspicuously draped around the campus. I know about two hundred men who are awaiting the transfer blanks. At least *they* need pilots....Well, Section Eight has finally finished their ten hours of flying. They have copied a slogan from atop the postoffice in New York. You know the one I mean, "Neither snow nor rain, nor sleet nor hail, can halt these brave couriers from their appointed mission." They're not kidding either, some of them flew through that hail and rain on Saturday morning to finish up. ...To the very few boys to remain in Converse I offer this suggestion and word of advice. Remember that Ellege is a good kid, even though he isn't as good as he says he is....Those bus rides to and from the airport can prove very entertaining at times. One former Air Student was quite embarrassed when a buxom creature sat in front of him in the bus, and in a clear unwaivering voice, that echoed through the bus asked, "Don't I know you from some place?" At first taken back by this remark he persued his wolfish traits and offered her a cigarette while sitting down with her. After being ridiculed by the adolescent members of section eight, who were with him, the young wench proceeded to wrap her arm around his neck. Gosh almighty, she almost choked Wiener to death. She still claims that he went out on a drunk with her. Could be but I doubt it.

The Vanishing Keg

Lieutenant Giamo puts in a plea for the return of the beer keg that was appropriated at the meeting Saturday afternoon. I don't know who took it but there was a most hollow sound from the rear of a LaSalle when it hit a bump. This reporter gets around but still I didn't taste any of that beer....Now as my column terminates I'd like to express my solemn thanks to all those diligent readers who went to the trouble of reading my weekly misprints. To the officers at U. V. M. and the 61st C. T. D., I offer condolences for the loss of the men. To the co-eds, I leave nothing but memories to thrill their lonely hours. To the teachers and instructors, I leave the blessed relief that we are finally getting to hell out of here. To the bartenders in town, I give the thanks of my friends and myself for the consideration of always having black coffee within the establishment. To the taxi drivers, hopes that they will find a new group of suckers. For the men that shafted us I'm reserving a nice warm bed where they will be able to send a letter, legitimately called "A letter from down below." In all seriousness I have enjoyed writing for the CYNIC, even if I was the only one to read the column. Our vacation is over and pretty soon we too will be over and forgotten. But think of us once in awhile and remember the good times we have had together, then think of the dirty trick they played on us and recall the luxuries we have tried to preserve. And now, U. V. M., I say goodbye, with the deepest sincerity and affection, perhaps someday we will meet again but wherever it may be I'll be able to recognize the warmth and hospitality you are so famous for. Let's not say goodbye because it is too rough and hard on us fellows who have to leave. Just say, AU REVOIR, HASTA LUEGO, AUVERTISAEN, or SO LONG.

Yours truly,
VON WIEN or HERBERT M. WIENER.

Just loved to wear a tight sweater,
Three reasons she had—
To keep warm wasn't bad,
But her other two reasons were better.

▲

"Darling," wrote the newly-wedded A/S to his bride, "I hope you can come up here next week-end. If you do, bring about ten dollars as I am short on cash. If you can't come, send me twelve dollars, will you?"

▲

People are dumb, if they
Would read this thing,
All the way to here.
Believing it to be
Nothing but a lousy poem.

▲

Youthful A/S: "May I have this dance with you?"

Snooty Cutie: "I *never* dance with children."

Youthful A/S: "I'm sorry, I didn't realize your condition."

▲

Said one deer to another: "I'll never do that for a buck again!"

▲

1st Seagull: "Who's gonna win the football game today?"

2nd Seagull: "Princeton is a cinch to win."

1st Seagull: "Migawd! I put everything I had on Yale!"

▲

Overheard at a U. S. O. checker game: "Well, what are you waiting for? Why don't you jump me?"

▲

"What's that on your blouse?"
"That's a fraternity pin."
"What fraternity is that."
"Phi Hadda Button."

▲

1st Counterfeiter: "Hey Joe, c'mere?"
2nd Counterfeiter: "Whaddaya want?"
1st Counterfeiter: "Look Joe, I don't care what your politics are, Willkie does *not* go on five dollar bills!"

▲

There was a young poet from Japan
Whose poetry no one could scan
When once asked about it,
He said, "I don't doubt it I always try to get as many syllables into the last line as I can.

▲

Overheard in a phone booth: "But Chris, in that game you always come out on top...."

▲

Said one mutt to another: "Boy, was I out with a dog last night."

Converse Cornered

By PFC CHARLES SINCLAIR
FORMERLY A/S SINCLAIR, C. R.

Come Hell, High Water or the Blue ... Sighs, I'll get this ... Converse ... much ... about ... Converse ... Seems ... asked me, ... I ... to ... that ... the ... for ... mentions ... about ... Converse.

Somehow we always think of Wimooski whenever we hear Harry James' "Jump Town." What's this we hear about those upside-down footprints on the dash-board of a certain black convertible.

And the worry about a cadet looking to see if a certain article of the recently-issued and ultra-expensive gym equipment was furnished.

....We're still laughing at one Wimooski lassie who called up Monday night to quote a state of predestination. "Say," she yelled, "there are many cadets over here. What do you think I am——" Then fell in the space under. There was even a sign on one of the doors!

...Just to conclude ... and not be ... Our "Cadet-check" ... hangs ... Touch of ...

More Dirt

The Medical Department wishes to announce that since the Day of the Great Shaft there has been a sharp drop in the cases of chronic "Athlete's Nose," but such notables as McDowell and Blanchard still carry the purple torch of Eager Beaverism, faithful to those technicolored badges even unto the last gasp. Well, well, so Don Allen *hasn't* got married ... and Art Kugler, too. Seems to be an epidemic of orange blossoms lately. Rumor has it that some of the boys gave Don a box of starch as a wedding gift... Which reminds us, too, that Moon's little pal, "The Greek" has a very worried, shotgun-ceremony look in his eyes these days....We hear rumors, too, about Joyce, the girl with the twelve sisters and three brothers and the chicken dinners. Oh, Birth Control, Where is thy Sting?

Question of the week: How many cadets will leave town after reading the above item??? Oh, yes, Leaptrot tells me that Art Hugler, the newly-wed, drew up a complete set of flight patterns while on his honeymoon. Oh *NO*, not *THAT*.... Say, who's been pulling on Blanchard's ears lately....Ah me? Dear old Winooski. Burlington's own Casbah....We asked one of the sad little Southwick Sacks, who is headed for a return trip to the Infantry, if he thought he could kill a man if he had to. "Oh *thertainly!*" he replied, "but it might take dath and dath."

Self Service

Did you ever wonder how the self-service system on certain articles in the P. X. came to be?

We're not sure but we have an idea that this little item may have some bearing on the subject. Seems once while we dropped in to buy a chocolate bar, a shy little cadet came in and, his ears a light pink, mumbled his request. "Here you are," sez the girl, handing him a package of Dixon's *Thins*, those long pencil leads in a plastic container, "Will that fit your pencil??" The cadet's ears grew a flaming crimson as he muttered, "I guess not" and bolted for the door....Say, there's a cute little brunette out Winooski way who can speak English and French at the same time... *Overheard in the Flynn Theatre:* Cut it out, Columbus, you've discovered enough for tonight."

What's this about the game of "Drop the Soap" in the gym. . . .

Just To Be Serious

Saying "Goodbye" is never easy, and saying goodbye to the Air Corps and the University of Vermont is more difficult than usual. The French say that it is "to die a little" to say *au revoir*. We've enjoyed every moment of it—the friendship of the Burlingtonians, the faculty, and co-eds of the University, the gay week-ends, the feeling of being once more a part of college life.

The memories linger on, and the farther we go, the brighter they'll be. Memories of dates 'n dances, sleigh rides and ski trips, and of a warm peaceful Easter Sunday when War was a million miles away.

Our careers in aviation may be aborted, our futures dark, and our morale shot to hell, but the memories of the U. V. M. will live on.

These they can *never* take away.

Student Gov't

March 27, 1944

The [illegible] business at the Student Government meeting on March 23, 1944 was [illegible] through on Monday, March 27, 1944 in Room 146 Waterman with President Marjorie Rubin presiding.

The standing committees of Student Government were elected.

The Finance Committee: Treasurer, Pearl Cheney; Sub-Treasurers Frances Watson, Marjorie Wallin, Margaret Miller.

Pep Committee: Barbara Anderson, Margaret Douglas, Louise Karraker, Katherine Prouty, Harriet Bristol.

Religious Life Committee: Nancy Hall, W. H. Borchard, Irene Fabes, Hilen Pickett, Pearl Weissbard, Harriet Barnes.

Freshman Orientation: Betty Farnsworth, Betty Reese, Ronda Prouty, Mary Emerson.

The Athletic Board of Control was dispensed with and the president will look into the former management of the Publications Board.

The president announced that the vice-president of Student Government is automatically chairman of all sub-committees.

A resolution was unanimously passed strongly recommending the students petition [illegible] an extra day of vacation so that [illegible] would not have to travel on Easter Sunday to the president of the University.

Upon motion the meeting was adjourned.

Student Government Convocation Thursday

Amendments To Be Discussed

[illegible] of the Executive Com[illegible] U. V. M. students a compulsory [illegible] has been called by President [illegible] Thursday at 12.15 p.m. in the [illegible] business to be considered will [illegible]

Notice

[illegible] Amendments. A. Final action to be taken concerning the number of members necessary to constitute a quorum. (Article IV)

1. 51 per cent of student body will constitute a quorum.
2. Those present will constitute a quorum and a two-thirds vote will constitute a majority vote.

B. Final action to be taken on the Amendment concerning a change in time of election of officers. (Article LV)

1. Officers are to be elected on the third Monday in February and the Executive Committee on the first Monday in March.

D. Final action to be taken on the tree project.

A. Discussion of services to be offered by the new infirmary.

A Compulsory annual physical examinations.

F. Dental care.

All U. V. M. students are urgently requested to consider the two proposed amendments for Student Government [illegible]. The amendments were circulated on campus for some time after the last Student Government mass meeting. The [illegible] agenda gives U. V. M. students an opportunity to think about the [illegible] to be transacted, and to be prepared with concrete suggestions.

LIEUT. DICK GROSVENOR, '43

Killed on Maneuvers; Assault Boat Capsized

Second Lieut. Richard P. Grosvenor of the United States Infantry was drowned during maneuvers near Averitts Ferry, Tenn., on March 22. He and 21 others were lost when their assault boat capsized while engaged in crossing problems on the Cumberland River. Because of the flood stage of the river the bodies have not yet been recovered.

Dick was an S. A. E. here at Vermont and a member of Champlain Sabres. He played varsity basketball for two years and was a broad and high jumper on the track team for three years. The four years of R. O. T. C. training which he received here made him eligible for officers school.

After graduating last May, Dick went to O. C. S. in Fort Benning, Ga., and was commissioned in September, 1943.

Those who knew Dick well remember what a fine teammate and fellow officer he was. Our deepest sympathy is extended Mr. and Mrs. Grosvenor of Winchester, Mass.

U.V.M. CO-ED BAND CONCERT A SUCCESS

The U. V. M. Coed Band made its third public appearance last Friday night before a full house at the Y. M. C. A. gym. The band was under the direction of Joseph F. Lechnyr, D.M. and under the management of Margo Donahue '45.

Programs and Encores

The program was interspersed with three encores, "Marizy Doats," "Victory Polka," and "I've Got Six Pence." The songs of our Armed Forces were played, but the climax was "Cotton Babes." When U. V. M. students heard "Cotton Babes" they completely recaptured the Kake Walk spirit. This spirit was contagious for the delegates to the Student Union Conference caught it too. The delegates were curious to know all about Kake Walk. Since Kake Walk is inexplainable, several of them decided to come next year and see for themselves. The delegates were very much impressed with our Co-ed band, particularly when they found how young an organization it is.

Committees

Pauline Fitch '45, band librarian handled the sale of tickets. Ravelen Prouty '45, band librarian was head usher. Anne Hoos '46, Jackie McCormack '46, Deane Moore '44, Betty Rome '46, and Virginia Donaldson '47, ushered U. V. M. students, conference delegates, and townspeople to their seats.

Winter Sports Bow Out Amid Gaiety

Taft School will be the scene of a party that climaxes the winter sports program on Friday, April 21, at 7.45 p.m. Basketball, fencing, and badminton will be demonstrated by club members and, as an added attraction, a "gay nineties" basketball game is planned, to be refereed by Peggy Palmer and starred in by Crystal Malone. Barbara Anderson and Peggy Donnelly will demonstrate the art of self defense in a fencing match, and badminton players will also demonstrate their skill.

Spring sports are on the program, and the managers of riding, baseball, and tennis will preview spring activities. Assigning up for Spring Sports takes place on Thursday and Friday mornings, April 20 and 21, this preview will explain the club time and meetings.

A novel idea for amusement in which the freshmen may take part is that of a masquerade game. Players will dress up as comic strip characters or movie stars with materials that will be furnished. Barbara Webb is in charge of refreshments and Pat Van Amerongen and Mary Thornton are general directors of the party.

There will be installation of the new officers of W. A. A. and the retiring president, Sylvia Runnals, will be Master of Ceremonies of the proceedings. All women students are invited for the entire program; no admission charged.

Goodrich Classical Club

The Goodrich Classical Club will meet Thursday evening at 7.45. Prof. George Kidder has chosen, as his topic, "Examples of Greek Art and Architecture." Place will be announced later.

There will be a meeting of the entire CYNIC staff, April 25 at 7.30 in the Cynic office. Attendance required. Editor-in-Chief.

Rev. Richardson Speaks On Problems Of Negroes

Addresses Student Body Citing Cases of Race Discrimination and Intolerance

The Rev. Benjamin Richardson, Associate Pastor of the First Abyssinian Church, Harlem, New York, was the speaker at Student Convocation last Thursday, April 14. Mr. Richardson addressed the U. V. M. Student Body on racial discrimination, describing how churches and universities can combat prejudice. An associate of Dr. Adam Clayton Powell, Jr., dynamic leader of the Negro people, Mr. Richardson came to Vermont to give an accurate account of what Negro leaders are thinking today.

The First Abyssinian Church is claimed to be the largest Protestant Church in the world with over 10,000 "paying" members. In speaking of the people of his church, Mr. Richardson cited cases of discrimination against them, and he opposed this intolerance, stating, "we come to church not to worship people but to worship God in the presence of people." He told the student body that the best way to fight discrimination is to know people and follow the word of God in living with them.

Need of Realism

With conditions as they are in the world today, everyone has need of simple realism, states Mr. Richardson. We should examine the racial problem realistically. Everywhere we see illustrations of a lack of democracy between peoples. We see that the Negro is not a free man; he encounters opposition everywhere, even in Congress. "There is no amelioration of differences between people" and the elements in the melting pot of America are not yet melted. Mr. Richardson explains America as "a heterogeneous entity where opposing parts are in juxtaposition."

There is not the proximity of Negroes in the North as in the South where Negroes are practically slaves. Here in Burlington, at the University and in the churches we may provide for tolerance. We should make provision for understanding people and have a mental adjustment to the Negro. Negroes should be admitted to all universities for with the present segregation the white race is being denied the wealth of Negro culture and the Negro is being denied white culture.

Solution Not in Books

Mr. Richardson states that the solution to the problem doesn't come from books. The solution comes from inward determination to resolve the thing ourselves. Weighing people and balancing with God will bridge the distance between people now and prepare for a better life through God.

Many students had a chance to talk with Mr. Richardson through interviews Thursday afternoon in Room 205 Waterman. Mr. Richardson, as spokesman for his people, has been associated with Dr. Adam Powell in editorial work in conducting a paper called *The People's Voice*. Doctor Powell is editor-in-chief; Mr. Richardson is the religious editor. During these interviews with U. V. M. students and at the Hillel Foundation Thursday evening Mr. Richardson answered questions concerning racial problems.

Participation in Campus War Effort

Honor, Point Systems, Nominations Discussed

At one round table organized war activities were discussed. The leader was from Colby College, Maine. At Colby they have a College Unit of the National Red Cross. Under this college unit the campus is united and organized in war work. All Red Cross courses are given. The courses are: Canteen, nutrition, motor corps, first aid, home nursing, volunteer nurses aids and gray ladies, ambulance training, the production corps which rolls bandages and gives blood, and the staff corps course. This last course is a prerequisite for any overseas Red Cross field work. Under this unit plan there are several committees. The finance committee works in conjunction with the town chapter. The home service committee works on contacting soldiers and their homes, and on social problems. This particular committee is only open to psychology and sociology majors, and its social committee will continue after the war. This plan was the only fully organized war activity brought before the round table. University of New Hampshire had a War Service Committee which included defense stamps, blood doning, production, and salvage committees.

War Activities

At Middlebury the school paper is sending photostatic copies of each issue to its men who are overseas. This V-mail paper reaches them quicker and at much less expense than a regular sheet would. Bates College brought in the fact that students turn their paper in as soon as they have read it, so that their men may receive it. Colby said it sent a monthly service men's letter to all its former students to inform them of college doings.

All colleges are participating in war effort. Colby seems to be the only one that is really organized in its activities. At Colby all peace-time organizations like clubs not W. A. A. have gone by the board to make room for the College Unit.

Another Round Table discussed the strengthening of Student Government.

(*Continued on page 4*)

"FOOD FOR THOUGHT" IN MRS. WILLS' TALK

After the banquet, on Friday night Mrs. Wills spoke to the girls, welcoming them and giving them "Food for Thought." The main points of her speech were: to put home life on its test and to create and preserve the values of what America means and to be equipped with a perspective.

She stated that the reason that humanity is not as it should be is the result of mechanization, and the emphasis which is placed on material things in our time.

She referred to her own college experience in contrast to yours and to what college should mean to you . . . you won't remember all of the facts but it will get you started in a number of fields, so you can choose the one you want to continue in.

Capt. Peary Berger '32 Earns Three Citations in North African Campaign

[illegible] Peary Berger graduated from the University of Vermont in 1932. He was a resident of Burlington and a member of Psi Sigma Delta fraternity. Following graduation from the Arts College, Berger attended the Medical College [illegible] graduated in 1936 with the degree of M.D. During his years at medical school, Peary was an outstanding debater through his ability in this field, [illegible] was then known as a debater. In addition he was [illegible] on the team and a member of [illegible] society, Tau Kappa Al-

In Medical Corps

[illegible] entered the Medical Corps as a [illegible] from his home in Los [illegible]. This U. V. M. alumnus [illegible] credit to the armed [illegible] from the honors be[illegible] the Purple Heart, the [illegible] the Legion of Merit.

[illegible]'s winning of the coveted [illegible] award for valor is best de[illegible] official order released from [illegible] the 34th Infantry on De[illegible] 16, 1943. The award reads as [illegible]

"Under the provisions of the Army [illegible] 45, as amended, a Silver [illegible] to each of the following [illegible]:

[illegible], Captain, Medical De[illegible] (Attached) Infantry Regiment. [illegible] action on March, (cen[illegible] vicinity of (censored), [illegible] Africa. During an en[illegible] the enemy and while his [illegible] subjected to a terrific [illegible] by German mortar and [illegible] Berger worked coolly [illegible] evacuating and administering medical treatment to wounded personnel. The loyal and unceasing efforts of Captain Berger undoubtedly saved the lives of a great number of men. Captain Berger's leadership, courage, and devotion to duty was exemplary and a credit to the armed forces of the United States."

Legion of Merit

His Legion of Merit citation was similarly awarded and reads:

Capt. Peary B. Berger is recommended to be awarded the Degree of Officer of the Legion of Merit. During the recent operations of this battalion in the North African campaign in the vicinity of Fondouk Gap, Captain Berger, Battalion Surgeon, maintained his aid station in an outstanding manner. His efficiency was an example for his men to follow and his fearlessness an inspiration to all who worked under him. Under the most difficult conditions, on several occasions, the aid station was under incessant artillery and mortar fire. Captain Berger worked unceasingly and coolly, caring for and evacuating the wounded. Captain Berger's aid station evacuated over 50 per cent of the regiment's casualties.

In the famous battle for Hill 609 in the Tunisian campaign, Peary had his aid station quite near to the zone of firing. The station was spotted by the enemy and aerial bursts were not long in coming over. Berger was hit in the leg by shrapnel and now suffers a slight limp. The Purple Heart was bestowed upon him for this wound.

Captain Berger is now in the vicinity of Cassino, Italy, again in the thick of action. He has never seen his baby daughter who was born after he went overseas. Although devoted to duty, he lives for the day when he can once more return and see his wife and child.

"Day in and day out, as high a public service as rendered in any profession is that performed by the plain, honest, inquiring newspaperman. Few of us gain riches, but there are powerfully few of us who need to die afraid."—The late Irvin S. Cobb.

[illegible] the Cynic

On an occasion like this there are words neither adequate nor expressive enough to voice the contempt which the army page has brought upon itself. Unwittingly, and at all events unfortunately, this directly reflects on the Army and its spirit remaining here at the University. Is this manifestation of filth and rubbish the criterion by which we are supposed to base our judgment of our American soldier and Air Corps cadet? Perhaps this is a revelation of the baseness and crassness with which the typical cadet fills his mind. If so, it is truly shameful and written evidence of the fact is despicable.

Could the "cream of the crop" have gone slightly sour on us? Does this evidence of poor spirit and sportsmanship underlying the Army editor's contributions speak favorably for what would happen in the face of a "defeat" far more critical. And furthermore, since when has the army been segregated into caste implications of inferiority and superiority? Such lack of military integrity and plain common decency strikes a cold note in the spirits of the students of the campus whose former associations and impressions of the Air Corps stationed at this school have been most favorable. Is this the mental bad taste to be left behind as the last of the men leave? If so, it is unfortunate. Is it remediable?

GIRLS OF DELTA PSI.

▲

To the Editor of the CYNIC:

We were not only humiliated by some of the material which appeared on page four of the last issue of the CYNIC but also hurt by it. We were humiliated because our University was host last week-end to the New England Women's Student Government Association and we naturally wanted to give them a good time along with a good impression of our campus. We were hurt because the CYNIC is sent to our former campus students who are now fighting "blood, sweat and tears" to keep freedom of speech and press. Are they going to think we are doing our part by abusing this privilege? Is this going to help keep their morale up, we squirmingly wondered.

When the Air Corps came to our campus we thought it would be a fine idea if they were to have a page of our campus paper to write as they pleased with good printable matter. It has been enjoyable to all of us, until last time. Then we felt like sinking exhausted on the nearest chair, our guests having left us with several pieces of our furniture wrecked, cigarette burns on the dining room table and some of our bedspreads [illegible] [illegible] [illegible]

It was [illegible] over a century and a half ago that our ancestors fought for freedom of speech, freedom of religion and [illegible] in the press, among [illegible] Today our [illegible] engaged in the most terrible of all wars thus far, and they are fighting to preserve those same freedoms for us, themselves, and our posterity.

Sorority Notes

ALPHA CHI OMEGA

The Alpha Chi house turned into a veritable beehive of domesticity over the past week-end. Dot Loughery and Janice Berry have become quite proficient in the culinary art, and Saturday afternoon eagerly set about making a batch of brownies for their respective men in the services. However patriotic their intention may have been, the results were praiseworthy for a first attempt, although we must admit that no brownies will be received by Bill and Don.

Not to be outdone by the "cooks" of the household, Janet Anderson displayed her talents as dressmaker, and sewed away busily on her spring coat. Gebbie lent a helping hand, and the masterpiece is slowly taking shape.

Although Mary Ashe has been the butt of endless cracks about the "petal pink" sweater she is struggling with, it is coming along according to schedule. When asked what color the sweater is, the answers range from dirty pink to muddy.

Wednesday afternoon Barbie Hall received a long distance telephone call, marking the end of her sanity for the few ensuing hours until the perpetrator of the call, Mark Howe, left for Massachusetts the following morning. Barbie took a flying trip home, but was back at the grind Thursday, with her head still in the clouds.

ALPHA XI DELTA

Mary Laramie '47 of Fair Haven and Patricia Bennett '47 of Manchester, N. H., were recently pledged.

A surprise shower was given at the house for Patricia Maxfield McCormick '44, just before vacation.

The recently installed officers are as follows: President, Sarah Jo Flournoy. Vice-President, Ann Crocker; Recording Secretary, Virginia Bingham; treasurer, Eunice Simmons; Rushing co-chairmen, Ann Pearsons and Kay Zwick.

DELTA DELTA DELTA

A new chapter, Alpha Tau, has recently been established at Carnegie Tech in Pittsburgh. This is the 87th chapter of Delta Delta Delta.

Jeanne Bull, ex-'45, spent several days at the house. She is attending the University of Maryland, and is affiliated with the Tri Delt chapter there. A recent addition is James' Phi Sigma Kappa badge.

"Pete" Hart '43 was also a house guest for the past week. She returned to instruct the young of East Patchogue, L. I.

Peggy Flint '43 writes from San Francisco that she expects to be married June 3 to Jack Voss, who has his Ph.D. from the University of Southern California. He is a member of Phi Beta Kappa, and of Sigma Xi.

KAPPA ALPHA THETA

The engagements of Shirley Buckingham and "Beansie" Smith were announced Wednesday evening, April 12; Shirley to Joe Hendrick, and "Beansie" to Winston Eddy.

Shirley Hibbard '45, is the new sorority president.

DELTA PHI EPSILON

Delta Alpha Chapter of Delta Phi Epsilon wishes to announce the initiation of Thelma Bloom '47, Hartford, Conn., Lenore Eichel '47, Brooklyn, N. Y., Judith Goldblatt '47, New York, N. Y.; Rose Margulis '47, Burlington, Vt., Edith Robbins '47, Bronx, N. Y.

A banquet was held, following the initiation ceremony at the Hotel Vermont. Estelle Berkson acted as toastmistress.

Delta Phi Epsilon recently held elections at which time Thelma A. Jacobs '45 was elected Regina, Pearl Weissbard '46, 1st Vice-Regina, Freda Koble '45 2nd Vice-Regina, Judith Goldblatt '47 Secretary, Lael Cutler '45, Treasurer, Elaine Oling '45, Senior Pan-Hellenic Representative, Elinor Konovitz '46, Junior Pan-Hellenic Representative, Harriet Cohen '46, Social Chairman.

"It Is For Us the Living" To Keep the Flame Bright!

Dean Simpson and Miss Crabbe Go to Nurses' Conference

Dean Mary Jean Simpson and Miss Faye Crabbe, Director of the Nursing School at Vermont, attended a Regional Conference at Simmons College April 4 and 5. The conference was sponsored by the National League of Nursing Education in cooperation with the American Council of Education. The subject of the conference was nursing education in colleges and universities. The program was planned by a committee on Nursing Education Problems in War-Time, a special committee appointed at the request of the government. Discussion focused on current practical problems of collegiate schools in nursing offering a basic curriculum for a baccalaureate degree.

Nursing Curriculum

Dean Simpson and Miss Crabbe presided over the conference the second day. Miss Crabbe spoke on problems of the nursing curriculum, specifically entrance requirements, degrees to be granted, the length of the course, and the relation between academic and professional courses. In the afternoon Dean Simpson led a discussion on problems of administration in connection with the nursing program. This topic included problems of recruiting students, admission procedures, fees, student guidance, and arrangement of field work.

The consensus of opinion was that students in such a curriculum should conform to the same admission requirements, pay the same tuition, and receive the same privileges on campus required of other academic colleges. It was decided that they should be given a Bachelor of Science degree upon completing the course. A committee was appointed to formulate a scale to evaluate in terms of college credit the students' former clinical experience.

Representatives

Requirements for graduation would be the same as for other curriculums. Plans were made to integrate the students college work with their specialized training program.

Seventy-five representatives were present from all collegiate schools in New England offering such a program. President Beatley of Simmons spoke on development of education in general. Other important speakers included Dr. J. A. Means, Professor of Clinical Medicine at Harvard; Miss Martha Smith, Director of Nursing Education at Boston University; Miss Isabel Stuart, Director of Nursing Education at Columbia University; and Miss Melby, Director at Yale University.

Will treasurers of organizations please notice the letter posted on the Bulletin Board on the stairway in the Waterman Building pertaining to the new entertainment tax effective April 1.

U.V.M. RIFLE TEAM WINS HEARST MATCH

Once again, the U. V. M. Rifle Team has come through with a victory in the William Randolph Hearst Trophy matches. Keeping the string of Vermont Hearst Trophy triumphs intact, the squad showed much of the stuff of which last year's championship outfit was made, for they took the first four places in the individual ratings.

Lieutenant Taylor has welded an inexperienced group of freshmen and first semester sophomores into steady and formidable sharpshooters. Under his conscientious guidance, the team has seen its hard work crystallize into this smashing display of marksmanship.

Earlier Match

Earlier in the year the boys were tripped up in a match with New Bedford High School by a twenty-point margin, 1777-1757. Many of the men about campus will feel it a Vermont victory in one sense, however, for the winners were coached by Lieutenant Irwin who led many of U. V. M.'s military activities here last summer.

Entered in the First Service Command Intercollegiate Rifle Match, the Vermont riflemen came in fifth, 71 points from the top. Up against college teams who were able to hold open their ranks to A. S. T. P. trainees, they faced some expert and experienced shooters.

Limited Season

Although the season has been limited in scope, the U. V. M. targeteers have put in a great deal of their valuable time and deserve considerable commendation for carrying on for Vermont. Congratulations for the good job you have done! May next year bring you and your successors equal attainments.

BOWLING LEAGUE IS OVER! PROFS ON TOP

After carefully nursing along a meager lead since the first week in March the Faculty smashed through last Friday night in the seventh and final round of the Interfraternity Bowling League to pin a 6-0 defeat on the second place Aggies and win the first place banner by an 11 point margin. Dean Zwick paced the Profs in their record 856-790 triumph with both high singles of 124 and high doubles of 231.

Although they vanquished the Owls by a 757-731 team score, the Phi Sigs were held to a 4½-1½ point score. It was Skip Barker, "downtown St. Albans" pinster, who saved his team from a complete white-washing by taking singles of 113 and tying Lloyd Spiegel in doubles at 20.

In Fifth Place

By routing the Kappa Sigs 6-0, the unpredictable Sigs swept past them to take possession of fifth place. Larry Edgerton was high man with 227 in doubles and 115 in singles to spearhead the Sigs' 797-748 win.

The Phi Delts and S. A. E.'s as indicated by the asterisk have one game to play off. The Phi Delts need but ½ point out of the possible 6 to assure themselves of exclusive possession of third place, while the S. A. E.'s can climb anywhere from the seventh notch to a third place tie, depending on how many points they can pick up in this meeting. The top ten of the league will bowl in the next few days to decide the individual championships.

The Freshman Medics have developed a tight race in their 8-team bowling league, which has been operating Thursday nights since mid-March. At the end of the 4th round of a scheduled seven, the three-man team of Doherty, Kenet and Rappaport has snatched the lead at 11 points, closely followed by the combine of Parmelee, Tulip, and Neal with 8 points.

The mark of the week — Phil Sylbert's singles of 163.

Not to be outdone in team competition the co-ed topplers will begin the second series of their weekly sorority-Dormitory tilts tomorrow night, with the Allen House girls out to defend their first series championship.

In one of the season highlights at the local alleys, over 100 couples are expected to participate in the Vermont Bowling Association's class A and B mixed doubles tourney on April 22 and 23. Competition will go on from one to ten p.m. on both days.

(Final Standings Next Week)

Have a "Coke" = So glad you're back again

...or welcoming a home-coming sailor

Fighting men look forward to that home-world where friendliness and hospitality are summed up in the familiar phrase *Have a "Coke"*. Be sure and get Coca-Cola for your icebox at home. From Atlanta to the Seven Seas, Coca-Cola stands for *the pause that refreshes*,— has become a global symbol of good will and of good living.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

REV. ANGUS CAMERON SPEAKER AT VESPERS

Rev. Angus Cameron pastor of the Church of the Messiah in Montreal, was the speaker at the Vesper service on Sunday, April 16.

Reverend Cameron's theme centered on the statement of John Dewey that "faith is a tendency toward action . . . and can be tested only in action." John Dewey, the famous educator and philosopher, was born in Burlington, Vt., about eighty-five years ago and attended this University.

According to Reverend Cameron, "religion must be a part of life or it is of little worth, and it must be expressing itself in action, or it is sterile." He remarked that some peoples conception of religion consists of merely a statement of faith, whereas it should consist of kind, tolerant acts toward others. Thus Reverend Cameron showed that brotherhood among men and nations could only become a reality when "Christian moves men to act" at the principles they accept.

Campus War Effort

(Concluded from page 1)

Honor System

The delegate from the University of New Hampshire began with the discussion of honor systems. At Bates College there is an established honor system pertaining only to Student Union rules. Social pressure makes the system work there. Mass. State and Middlebury also have working honor systems.

Point System

The point system was brought up next. U. V. M. is the only college that has a working, enforced system. Mass. State and Middlebury both refuse to allow a person to carry two presidencies.

Various forms of Student Government were then discussed. Of them all, ours seemed the most democratic. Conn. State has a separate governing body for men and for women, coordinated by an all-powerful student senate.

Nominations

Nominating systems were discussed. Colby has a system of secret nominating and balloting. In most colleges slates are prepared by Student Government and supplemented by nominations from the floor in an open meeting. We are unique in our petitioning for nominations.

Jay Allen to Talk Here in Early May

He Is Famous Lecturer; Will Speak of France

JAY ALLEN

Jay Allen, well known war correspondent and lecturer, is to speak on the evening of May 3, at 8.00 o'clock at the Ira Allen Chapel. His topic is "France Today and Tomorrow." Mr. Allen will be the first speaker to come to the University under the auspices of the Student Government Cultural Committee.

Mr. Allen is well able to speak on France as he has spent many years in Europe as a war correspondent and some of that time was spent in France. In fact, in 1941, he spent some time in jail in France. He was taken into custody by the Germans for crossing into Occupied France. He was imprisoned in the famous Prison of Chilon. While there he gained much information from his German guards. Among other things, he and the guards discussed the flight of Rudolf Hess. Mr. Allen believes that he received more information while in the prison than he ever could have gotten outside.

Besides his experiences in the French prisons, Mr. Allen has had many other exciting and amusing things happen to him. Among the more amusing, although it did not seem so at the time, was the returning home to America to find all his friends mourning him as dead. This was at the time of the Spanish Civil War, when Mr. Allen was shot at and supposedly killed. While he was apparently dead, he managed to scoop all the other reporters by turning in stories.

Jay Allen is the son of a prominent Seattle, Washington, lawyer. He was educated at Washington State and Harvard Universities. His first newspaper job was with the Eugene, Oregon, *Morning Register*. He worked on other papers, then later went to Paris. His first important newspaper assignment in Europe was covering the funeral of Cardinal Mercier of Brussels in 1925. Since then he has been more than busy. He was a correspondent during the Spanish Civil War. At one time just when he was planning to come home, he decided to visit Paris and Occupied France. He crossed the border without Nazi permission. All went well until he attempted to enter Unoccupied France. It was there that he was imprisoned at Chilon.

It was while he was in Vichy that Mr. Allen scooped the world with a personal interview with General Weygand. After escaping from prison, he returned to the United States but in the fall of 1942, he went overseas again and landed in Morocco with the invasion forces. He remained there until February of 1943.

The Student Government Cultural Committee has secured an able and interesting speaker to come to the University.

DR. LOEWI TO SPEAK TO OSLER SOCIETY

Dr. Otto Loewi, Noble Laureate of New York University College of Medicine will speak at the Osler Clinical Society, Thursday evening, April 27, at 8:00 p.m. in the Fleming Museum Auditorium. His subject will be "Control of Internal Secretions."

Doctor Loewi is a Nobel prize winner. He and Dr. Henry Dole won the prize in physiology and medicine jointly in 1936 for their work on the chemical transmission of the nervous impulses. For 30 years he was professor of pharmacology and Director of the Institute of Pharmacology at the University of Graz, Austria. Doctor Loewi has held special lectureships at Johns Hopkins, University of Brussels, Harvard, Royal Society of London and University of New York.

All those interested are cordially invited to attend.

Dance Workshop Elects Officers

The modern dance workshop met last Tuesday afternoon to elect officers for the year ahead and to bind themselves into a more firmly organized group through the adoption of a formal constitution.

Patricia Bergman conducted the meeting and introduced the proposed constitution. The form of the document is similar to that used by dance workshop clubs on other campuses and includes purpose, provision for officers, and membership requirements. This particular constitution has been revised to suit the needs of U. V. M., from the constitution used by the dance workshop at Wellesley, of which Miss Ethel Hoffmann, director of the group, was a member.

Following the unanimous adoption of the constitution, election of officers took place. Patty Bergman, by a unanimous vote, will continue as general manager of the group for the next year, and the assistant general manager will be Phyllis Edgerton. Costume manager will be Frances Witham, and costume designers will be Harriet Bristol and Nancy Dockstader. Connie Perkins and Barbara Morgan are to be talent scout and publicity manager, respectively.

A new division of the group interested in modern dance was adopted in the constitution. This division provides for the formation of a junior dance group, composed of freshmen and other students making their first acquaintance with modern dance. This group will be under the direction of the assistant manager and Miss Hoffman, and will include the basic treatments of modern dance, while the dance workshops as the more advanced group follows more specialized work.

Hereafter, membership to the dance workshop will be determined by membership in the junior group, participation in a production, and the discretion of the director. One or more of the factors are to be taken into consideration upon selection.

Mortar Board Has Tea

Mortar Board held a tea in the Waterman third floor lounge and dining room on Sunday, April 23, at 4.30 p.m. Invited guests were Mortar Board alumni. The Mary Jean Simpson Fund was brought to the attention of Mortar Board's alumni, who contributed to the fund. This fund is a provision for U. V. M. men who need financial help to continue their education after the war.

Miss Simpson, Prof. and Mrs. Rowell and Patricia McCormack '44 received the guests. Miss Hoffman, Miss Cummings, Miss Nulty, Miss Crowley and Mrs. Adams poured. Staff and Sandal members served, while Sophomore Aides did the kitchen work. Russian tea, hors d'oeuvres, nuts, and cakes were served.

Annual Founder's Day To Be May 1

Tradition Will Be Observed at Chapel

On Monday, May 1, the annual Founder's Day Exercises will be held. Last year, because of wartime conditions, there were no observances, but this year will mark their return and the continuation of a long tradition established many years ago at the suggestion of Professor Goodrich of the Classics Department.

Founder's Day notes the birthday of Ira Allen, Founder of U. V. M. If General Allen were on the campus with us on that day, he would be celebrating the one hundred and ninety-third anniversary of his birth which occurred on May 1, 1751. Ira Allen was one of the leading citizens of Vermont, and a younger brother of Ethan Allen of the famed Green Mountain Boys. In 1789, when there was talk of establishing a state college, Elijah Paine of Williamstown offered two thousand pounds for its erection provided it would be in his home town. General Ira Allen of Colchester, however, pledged himself personally for double that amount for the institution to be located at Burlington.

In former years, it was the custom to hold no classes on the morning of Founder's Day, and the exercises lasted from an hour and a half to two hours. There were three speakers, an alumnus and a junior and a senior from the student body. This year's exercises will be held at a special student convocation in the Ira Allen Chapel at 11.15. All classes will be suspended at this hour. The speaker will be a member of the undergraduate body and Pres. John S. Millis will announce the elections to the honorary societies for next year. The principal honorary societies at U. V. M. are the following: senior women, Mortar Board; senior men, Boulder Society; junior women, Staff and Sandal; junior men, Key and Serpent; sophomore women, Sophomore Aides; sophomore men, Gold Key.

TWIRLERS CHOSEN; THOMPSON, COHEN ARE CHIEF STRUTTERS

The band has annexed a special unit as an added attraction to their activities this spring and next year. This unit is the "drum majorettes" who will perform with the high stepping and twirling which has been absent on campus since the departure of "Sis" Warden. After many rumors the Twirling Quartet has become an actuality, consisting of Janice Preston, Betty Dole, Anne Hoos, and Betty Rome. Harriet Cohen is the leader of the Quartet and Gail Thompson drum majorette for the band.

This squad met last week for the first time at the Art Center. Tryouts were judged by Dr. "Joe" Lechnyr, Sergeant Parker, and the Band Committee, which consists of Margo Donahue and the Band Librarians, Pauline Fitch and Rayelen Prouty. With practice on Monday and Wednesdays, the new twirling squad soon had a routine set for exhibition with the band. Janice Preston and Betty Dole had experience on the B. H. S. squad, marching with the B. H. S. band on special occasions. Harriet Cohen and Gail Thompson twirled at rival high schools in Worcester, Mass. The U. V. M. Squad, although not yet outfitted with drum majorettee uniforms, will parade with the "thirty and five" on Monday evenings.

In addition to this group of twirlers, there are some girls who are just beginning to learn the art. These co-eds practice on Wednesdays in the Art Building and are rapidly learning to do things with a baton under the direction of Harriet Cohen.

Quorum and Infirmary Discussed at Convocation

Tree Project, Compulsory Physicals Approved; Elections for Officers to Be Held Earlier

On Thursday, April 20 Student Government called a special convocation at 12.15 for all the student body to decide on two amendments to the constitution to vote upon the tree project and to discuss plans for the new infirmary. Marjorie Rubin '45 president of the U. V. M. Students presided. Because of the limitations of time the Secretary's and the Treasurer's reports were omitted.

The first issue to be discussed and voted upon was the quorum for the transaction of business. The constitution stated that the presence of at least 500 students was necessary for a quorum but since the enrollment is now considerably less than it was at the time that the constitution was drawn up an amendment was proposed which would make 50 per cent of the student body a quorum. Another amendment proposed stated that those present at any mass meeting should constitute a quorum and that a ⅔ vote of this assembly would represent the vote of the students. It was decided that the ⅔ vote would only be necessary if the number present did not represent 50 per cent of the student body, otherwise a majority vote would be sufficient.

Second Amendment

The second amendment was proposed to have the time for the election of officers earlier so that defeated candidates might be petitioned for membership on the executive council. The amendment which was passed is:

Officers are to be elected on the third Monday in February and the Executive Committee on the first Monday in March.

The third issue to be brought before the meeting was the tree project. The Student Government Executive Committee had decided for its project for the year to undertake the labeling of the various types of trees on the campus, since it is a great distinction that the Vermont campus should possess so many different varieties of trees in one comparatively small area. There was much discussion on this project as many believed it untimely during the war. Others felt that since there would be little expense and the preliminary work has all been done by a special committee it might as well be finished. A majority vote decided that the tree project be carried.

New Infirmary

In conclusion, various plans for the new infirmary were discussed. The President, Marjorie Rubin, brought forth the suggestion that arrangements may be made for free dental care for the students. It was the consensus of opinion that this would be desirable. Most of the students were also in favor of a compulsory annual physical examination. The question of an infirmary fee for all students was discussed and the possibility that those students who live at home be exempt from this fee was brought up. The suggestion was put forth that those who pay their board for the University dining room receiving board at the infirmary without charge and that those who do not pay regular board make a small payment for their meals at the infirmary.

The meeting was adjourned at 12.50 with the students leaving in order of classes.

Officers Installed At W.A.A. Fun Nite; Burnham President

A spirit of sportsmanship prevailed at the W. A. A. Activities Night with Sylvia Runnals, retiring president, as master of ceremonies. This was an opportunity for the women students of U. V. M. to get together.

The new W. A. A. council was sworn in by candle light. Sylvia Runnals gave the oath of office to Barbara Burnham incoming president. Barbara then installed the remaining officers who are Vice-President, Mary Thornton; Corresponding Secretary, Rachel Giddings; Recording Secretary, Jean Ryan; Treasurer, Joyce Byington; Social Chairman, Jacqueline McCormick; Scrapbook Editor, Betsy Kipp; Council At Large, Betty Ritchie; Publicity Editor, Katherine Perry; and Health Council, Margaret Donahue.

Shuttlecocks Takes a Beating

Exhibitions then got underway with badminton. The shuttlecock took a beating when hit back and forth in the exhibition between Spike Thornton and Edna Gates and Mary Greene and Barbara Tennen. Then there was an exhibition game of basketball in which the best players of basketball club took part.

Comedy Basketball Game

The gallery applauded the comic basketball game by Crystal Malone. The costumes were an essential part of the comedy at one point a lone figure raced down the floor dribbling a ping pong ball and scored a basket much to her amazement. Then there was the poker game during the half of the game for relaxation. Sylvia Runnals was the harassed referee.

Touche

Touche was the by word in the fencing matches between Barbara Anderson and Peg Donnelly, and Irene Fahey and Marge Wallin. Foils clashed upon each other until Barbara Anderson and Irene Fahey scored five touches on their opponents.

Muffins and Batmen Are Victors

The freshman volley ball teams then played off their tournament using a large medicine ball. The "Batmen" and the "Muffins were the victorious teams.

Refreshments Served

After the strenuous exercise was over ginger ale, ice cream, and cookies were served by Deane Moore and Agnes Mulholland. This activities night was directed and planned by "Spike" Thornton, and Pat Van Ameringen.

R.O.T.C. PROMOTIONS

The Military Department has announced its final R. O. T. C. promotions as follows:

Cadet Second Lieutenant—Schoeneman
Staff Sergeant—Hemminger
Cadet Sergeant—Barker
Jones, H.
Fitzgerald
Carter
Cadet Corporals—Prior
Birchard
Pease

Correction Please!

In the report of the election of the Student Government Standing Committee the Social Committee was erroneously omitted. This Committee shall consist of Mary Ashe, Marion Lewis, Shirley Parker and Nancy Dockstader.

Jay Allen to Talk Here in Early May

He Is Famous Lecturer; Will Speak of France

JAY ALLEN

Jay Allen well known war correspondent and lecturer, is to speak on the evening of May 3, at 8.00 o'clock at the Ira Allen Chapel. His topic is "France Today and Tomorrow." Mr. Allen will be the first speaker to come to the University under the auspices of the Student Government Cultural Committee.

Mr. Allen is well able to speak on France as he has spent many years in Europe as a war correspondent and some of that time was spent in France. In fact, in 1941 he spent some time in jail in France. He was taken into custody by the Germans for crossing into Occupied France. He was imprisoned in the famous Prison of Chilon. While there he gained much information from his German guards. Among other things, he and his guards discussed the flight of Rudolf Hess. Mr. Allen believes that he received more information while in the prison than he could have gotten outside.

Besides his experiences in the French prisons Mr. Allen has had many other exciting and amusing things happen to him. Among the more amusing, although it did not seem so at the time, was the morning home to America to find all his friends mourning him as dead. This was at the time of the Spanish Civil War, when Mr. Allen was shot at and supposedly killed. While he was apparently dead he managed to scoop all the other reporters by turning in stories.

Jay Allen is the son of a prominent Seattle Washington, lawyer. He was graduated at Washington State and Harvard universities. His first newspaper job was with the Eugene, Oregon, *Morning Register*. He worked on other papers, then went to Paris. His first important newspaper assignment in Europe was covering the funeral of Cardinal Mercier in Brussels in 1925. Since then he has been more than busy. He was a correspondent during the Spanish Civil War for a time just when he was about to come home, he decided to visit Paris and Occupied France. He crossed the border without Nazi permission and went well until he attempted to enter Unoccupied France. It was then that he was imprisoned at Chilon.

It was while he was in Vichy that Mr. Allen met the world with a personal interview with General Weygand. After his release from prison, he returned to the United States but in the fall of 1942, he went abroad again and landed in Morocco with the invasion forces. He remained there until February of 1943.

The Student Government Cultural Committee has secured an able and interesting speaker to the University.

DR. LOEWI TO SPEAK TO OSLER SOCIETY

Dr. Otto Loewi, Noble Laureate of New York University College of Medicine will speak at the Osler Clinical Society, Thursday evening April 27, at 8.00 p.m., in the Fleming Museum Auditorium. His subject will be "Control of Internal Secretions."

Doctor Loewi is a Nobel prize winner. He and Dr. Henry Dole won the prize in physiology and medicine jointly in 1936 for their work on the chemical transmission of the nervous impulses. For 30 years he was professor of pharmacology and Director of the Institute of Pharmacology at the University of Graz, Austria. Doctor Loewi has held special lectureships at Johns Hopkins, University of Brussels, Harvard, Royal Society of London and University of New York.

All those interested are cordially invited to attend.

Dance Workshop Elects Officers

The modern dance workshop met last Tuesday afternoon to elect officers for the year ahead and to bind themselves into a more firmly organized group through the adoption of a formal constitution.

Patricia Bergman conducted the meeting and introduced the proposed constitution. The form of the document is similar to that used by dance workshop clubs on other campuses and includes purpose, provision for officers, and membership requirements. This particular constitution has been revised to suit the needs of U. V. M., from the constitution used by the dance workshop at Wellesley, of which Miss Ethel Hoffmann, director of the group, was a member.

Following the unanimous adoption of the constitution, election of officers took place. Patty Bergman, by a unanimous vote, will continue as general manager of the group for the next year, and the assistant general manager will be Phyllis Edgerton. Costume manager will be Frances Witham, and costume designers will be Harriet Bristol and Nancy Dockstader. Connie Perkins and Barbara Morgan are to be talent scout and publicity manager, respectively.

A new division of the group interested in modern dance was adopted in the constitution. This division provides for the formation of a junior dance group, composed of freshmen and other students making their first acquaintance with modern dance. This group will be under the direction of the assistant manager and Miss Hoffman, and will include the basic treatments of modern dance, while the dance workshops as the more advanced group follows more specialized work.

Hereafter, membership to the dance workshop will be determined by membership in the junior group, participation in a production, and the discretion of the director. One or more of the factors are to be taken into consideration upon selection.

Mortar Board Has Tea

Mortar Board held a tea in the Waterman third floor lounge and dining room on Sunday, April 23, at 4.30 p.m. Invited guests were Mortar Board alumni. The Mary Jean Simpson Fund was brought to the attention of Mortar Board's alumni, who contributed to the fund. This fund is a provision for U. V. M. men who need financial help to continue their education after the war.

Miss Simpson, Prof. and Mrs. Rowell and Patricia McCormack '44 received the guests. Miss Hoffman, Miss Cummings, Miss Nulty, Miss Crowley and Mrs. Adams poured. Staff and Sandal members served, while Sophomore Aides did the kitchen work. Russian tea, hors d'oeuvres, nuts, and cakes were served.

Annual Founder's Day To Be May 1

Tradition Will Be Observed at Chapel

On Monday, May 1, the annual Founder's Day Exercises will be held. Last year, because of wartime conditions, there were no observances but this year will mark their return and the continuation of a long tradition established many years ago at the suggestion of Professor Goodrich of the Classics Department.

Founder's Day notes the birthday of Ira Allen, Founder of U. V. M. If General Allen were on the campus with us on that day, he would be celebrating the one hundred and ninety-third anniversary of his birth which occurred on May 1, 1751. Ira Allen was one of the leading citizens of Vermont, and a younger brother of Ethan Allen of the famed Green Mountain Boys. In 1789, when there was talk of establishing a state college, Elijah Paine of Williamstown offered two thousand pounds for its erection provided it would be in his home town. General Ira Allen of Colchester, however, pledged himself personally for double that amount for the institution to be located at Burlington.

In former years, it was the custom to hold no classes on the morning of Founder's Day, and the exercises lasted from an hour and a half to two hours. There were three speakers, an alumnus and a junior and a senior from the student body. This year's exercises will be held at a special student convocation in the Ira Allen Chapel at 11.15. All classes will be suspended at this hour. The speaker will be a member of the undergraduate body and Pres. John S. Millis will announce the elections to the honorary societies for next year. The principal honorary societies at U. V. M. are the following: senior women, Mortar Board; senior men, Boulder Society; junior women, Staff and Sandal; junior men, Key and Serpent; sophomore women, Sophomore Aides; sophomore men, Gold Key.

TWIRLERS CHOSEN; THOMPSON, COHEN ARE CHIEF STRUTTERS

The band has annexed a special unit as an added attraction to their activities this spring and next year. This unit is the "drum majorettes" who will perform with the high stepping and twirling which has been absent on campus since the departure of "Sis" Warden. After many rumors the Twirling Quartet has become an actuality, consisting of Janice Preston, Betty Dole, Anne Hoos, and Betty Rome. Harriet Cohen is the leader of the Quartet and Gail Thompson drum majorette for the band.

This squad met last week for the first time at the Art Center. Tryouts were judged by Dr "Joe" Lechnyr, Sergeant Parker, and the Band Committee, which consists of Margo Donahue and the Band Librarians, Pauline Fitch and Rayelen Prouty. With practice on Monday and Wednesdays, the new twirling squad soon had a routine set for exhibition with the band. Janice Preston and Betty Dole had experience on the B. H. S. squad, marching with the B. H. S. band on special occasions. Harriet Cohen and Gail Thompson twirled at rival high schools in Worcester, Mass. The U. V. M. Squad, although not yet outfitted with drum majorettee uniforms, will parade with the "thirty and five" on Monday evenings.

In addition to this group of twirlers, there are some girls who are just beginning to learn the art. These co-eds practice on Wednesdays in the Art Building and are rapidly learning to do things with a baton under the direction of Harriet Cohen.

Quorum and Infirmary Discussed at Convocation

Tree Project, Compulsory Physicals Approved; Elections for Officers to Be Held Earlier

On Thursday, April 20, Student Government called a special convocation at 11.15 for all the student body to decide on two amendments to the constitution to encourage the tree project and to discuss plans for the new infirmary. Marjorie Rubin '45, president of the U. V. M. Students, presided. Because of the limitations of time, the Secretary's and the Treasurer's reports were omitted.

The first issue to be discussed and voted upon was the quorum for the transaction of business. The constitution stated that the presence of at least 500 students was necessary for a quorum but since the enrollment is now considerably less than it was at the time that the constitution was drawn up, an amendment was proposed which would make 50 per cent of the student body a quorum. Another amendment proposed stated that those present at any mass meeting should constitute a quorum and that a ⅔ vote of this assembly would represent the vote of the students. It was decided that the ⅔ vote would only be necessary if the number present did not represent 50 per cent of the student body, otherwise a majority vote would be sufficient.

Second Amendment

The second amendment was proposed to have the time for the election of officers earlier so that defeated candidates might be petitioned for membership on the executive council. The amendment which was passed is:

Officers are to be elected on the third Monday in February and the Executive Committee on the first Monday in March.

The third issue to be brought before the meeting was the tree project. The Student Government Executive Committee had decided for its project for the year to undertake the labeling of the various types of trees on the campus, since it is a great distinction that the Vermont campus should possess so many different varieties of trees in one comparatively small area. There was much discussion on this project as many believed it untimely during the war. Others felt that since there would be little expense and the preliminary work has all been done by a special committee it might as well be finished. A majority vote decided that the tree project be carried.

New Infirmary

In conclusion, various plans for the new infirmary were discussed. The President, Marjorie Rubin, brought forth the suggestion that arrangements may be made for free dental care for the students. It was the consensus of opinion that this would be desirable. Most of the students were also in favor of a compulsory annual physical examination. The question of an infirmary fee for all students was discussed and the possibility that those students who live at home be exempt from this fee was brought up. The suggestion was put forth that those who pay their board for the University dining room receiving board at the infirmary without charge and that those who do not pay regular board make a small payment for their meals at the infirmary.

The meeting was adjourned at 12.50 with the students leaving in order of classes.

Officers Installed At W.A.A. Fun Nite; Burnham President

A spirit of sportsmanship prevailed at the W. A. A. Activities Night with Sylvia Runnals, retiring president, as master of ceremonies. This was an opportunity for the women students of U. V. M. to get together.

The new W. A. A. council was sworn in by candle light. Sylvia Runnals gave the oath of office to Barbara Burnham, incoming president. Barbara then installed the remaining officers who are Vice-President, Mary Thornton; Corresponding Secretary, Rachel Gidflings; Recording Secretary, Jean Ryan; Treasurer, Joyce Byington; Social Chairman, Jacqueline McCormick; Scrapbook Editor, Betsy Kipp; Council At Large, Betty Ritchie; Publicity Editor, Katherine Perry; and Health Council, Margaret Donahue.

Shuttlecocks Takes a Beating

Exhibitions then got underway with badminton. The shuttlecock took a beating when hit back and forth in the exhibition between Spike Thornton and Edna Gates and Mary Greene and Barbara Tennien. Then there was an exhibition game of basketball in which the best players of basketball club took part.

Comedy Basketball Game

The gallery applauded the comic basketball game by Crystal Malone. The costumes were an essential part of the comedy at one point a lone figure raced down the floor dribbling a ping pong ball and scored a basket much to her amazement. Then there was the poker game during the half of the game for relaxation. Sylvia Runnals was the harassed referee.

Touche

Touche was the by-word in the fencing matches between Barbara Anderson and Peg Donnelly, and Irene Fahey and Marge Wallin. Foils clashed upon each other until Barbara Anderson and Irene Fahey scored five touches on their opponents.

Muffins and Batmen Are Victors

The freshman volley ball teams then played off their tournament using a large medicine ball. The "Batmen" and the "Muffins were the victorious teams.

Refreshments Served

After the strenuous exercise was over ginger ale, ice cream, and cookies were served by Deane Moore and Agnes Mulholland. This activities night was directed and planned by "Spike" Thornton, and Pat Van Ameringen.

R.O.T.C. PROMOTIONS

The Military Department has announced its final R. O. T. C. promotions as follows:

Cadet Second Lieutenant—Schoeneman
Staff Sergeant—Hemmger
Cadet Sergeant—Barker
Jones, H.
Fitzgerald
Carter
Cadet Corporals—Prior
Birchard
Pease

Correction Please!

In the report of the election of the Student Government Standing Committee the Social Committee was erroneously omitted. This Committee shall consist of Mary Ashe, Marion Lewis, Shirley Parker and Nancy Dockstader.

... and wait—and wait some ... Beaming pairs come out of the ... with the green contracts clutched ... hands. Of course 30 people ... been assigned rooms where ... and then there are still ... ahead of you. After noting ... wait some more.

Just what we waited ... House came first. Next ... "Is it big enough?" "Does ... enough closet space?" "Closet space" would probably be ... a closet.

Finally you stagger in and instead of asking what you'd like you hear "This is all we have left." At long last you walk out with your contract held weakly in your hand. You're very happy—you love to walk miles to classes early in the morning. You love small rooms—big ones aren't home-like, you don't like dorms when private houses are so much nicer and who likes windows anyway?

In spite of the natural difficulties that arise room-choosing goes off quite smoothly indeed. The dorms to be opened next year are: Slade, Redstone, Robinson, Grassmount, Elmwood, Delta Psi and Warner House. The three co-ops will be Sanders, Dresser Cottage and Allen House. There are some private houses including Roberts' House and Mrs. Gritfins'.

With the return of Redstone campus there was a great rush for the rooms in Redstone, Robinson and Slade. They were filled early and eagerly.

Naturally the sorority houses will operate as usual and are already filled. Kappa Sigma may be opened if the demand is great enough. Sigma Phi will be closed.

Attention

House Directors and House Presidents

One of Our Most Interesting Freshmen Tells of Experiences

By IRENE STEVENS

Among the interesting freshmen on campus we find Priscilla Joslin who had a most unusual view of the New York World's Fair as a guest of the Federal Housing Administration and other large companies.

Priscilla after some persuasion agreed to tell her "Fair" experiences.

Her parents, the Joslins' of Waitsfield, were selected by a contest sponsored by the *Burlington Free Press* to represent the typical American Family from the State of Vermont. Each state chose one family which represented their state at a certain time during the fair. Only two states were represented at the same time.

Accompanied by her parents, Priscilla and Sister Ella were driven to the Fair Grounds in one of Henry Ford's special cars, by a special chauffeur. On arriving they were warmly welcomed by a group of cameramen and by the World's Fair Managers. After many interruptions they were driven to the home where they were to stay during their visit. These homes were built by the Federal Housing Administration. The other typical American family was from Arkansas.

"Everything was so convenient" Priscilla said, "we had special maids, special foods, and even a special chauffeur. And of course, passes to everything on the grounds."

Every minute of their day had been previously planned, and each new day brought new sights and new thrills. They took time off to make a tour of New York City, and even sailed the Atlantic ocean on President Gibson's special yacht. (Pres. Gibson of the New York World's Fair.) The Statue of Liberty and the Empire State building impressed Priscilla by their size.

The Ford and General Motors were tops in Priscilla's idea of exhibitions, and she found the American Jubilee excellent entertainment. A smile played around her lips when she told of her experience in voice recording.

"Yes," she was a little tired when ten at night came. The hours from ten until their breakfast were the only ones not previously planned. She had little difficulty in falling asleep on "Beauty Rest" mattresses. Each morning she was awakened by the aroma of Swift's Premium Ham and Somebody's eggs. The N. B. C. toast was delicious with Bossy's Brookside Cloverdale Butter. Famous advertisers products were enjoyed by all. Shortly after breakfast, either their Henry Ford or General Motor's chauffeur called for them and they were off on new adventures.

Priscilla has many interesting little souvenirs that she collected while at the fair. One of her special gifts is a very unusual bracelet given to her by President Gibson while she was on his special yacht.

All vacations must end, and thus the tenth day approached and Priscilla and her family said their thank you's and good bye's and with Henry Ford's compliments they were driven slowly home in September '39.

Delegates Praise U.V.M. Facilities

They Like Delta Psi, Dining Room, Lounges

The arrival of the Women's Student Government Association delegates impressed upon many girls certain advantages which other colleges represented at the convention do not have.

Our third floor dining room in Waterman, even though it is at present only filling in for Robinson, was the cause for many favorable comments, and also for the revelation of the difficulties encountered by other colleges. The University of Connecticut, for instance, has had its share of headaches over their present cafeteria system, whereby the students had to stand in line for quite some time, and then ate their meals off regulation steel trays, used by the army. They enjoyed the atmosphere of a well-organized and well-supervised dining room, with *real* waitresses serving *hot* food to them.

Mass. State voiced its problem: that of having to gulp down all their meals, in order to be through by the time the army was ready to serve its meals.

The delegates pointed out how lucky we were to have the use of so many facilities. The two lounges on the third floor were ideal for the discussion groups, they found. The use of the Student Lounge as a central meeting place also impressed them . . . And also being able to use the Taft School Gymnasium and the gym at the Y.

Their first impression of our campus was of the Delta Psi House, with its comfortable atmosphere. The friendly air was heightened by the fire in the fireplace which became the scene for many impromptu bull sessions. Mrs. Pilcher was claimed by all to have been a most gracious hostess.

The contrast between living in their large dormitories and in our houses which are considered large on this campus was quite favorable to U. V. M.. They all decided that it was much easier to become acquainted in a smaller living group. Along this line followed a discussion of the system for having separate freshman dorms. They concluded that it was not too successful, since the freshmen do not feel as much a part of the campus, and do not participate in as many outside activities as they might otherwise.

Faculty Student "Bull Session"

The second Faculty-Student Bull Session was held last Tuesday evening from 7.30 to 8.30 in the Waterman third floor lounge. The Good Neighbor Policy, its significance in the United States, and its effect on Latin America was the topic of discussion. The subject was introduced by Professor Putman of the History Department. Due to the conflicting senior meeting only about thirty interested students could take part. Members of the faculty present were Professors Towne, Evans, Quimby, Putnam, and Nuquist.

The Faculty Student Bull Sessions are open to all faculty and students without formal invitation. The group convenes to discuss current American problems in an informal manner. It furnishes a means of exchanging ideas and creating a faculty-student ... [illegible] ... in a close ...

Monday and Wednesday—2.15
Manager—Peg Donnelly
Places—Dunbar Pit and Grassmount court.

PROFESSOR METCALF ADDRESSES FLEMING ART ASSOCIATION

Speaking on "The Psychology of Art" Professor Metcalf, head of the Psychology Department at U. V. M., addressed the Fleming Museum Art Association Thursday afternoon.

He quoted John Dewey's definition, "Art is perfected experience." The only difference between an amateur who experiments with an art and someone who produces a masterpiece is a difference of degree.

Professor Metcalf pointed out that everybody is interested in activities which can be called aesthetic, but some on high and some on low planes. The marks of aesthetic response include a detachment or certain freedom from practical needs and worries. The presence of a realm of semblance does not mean exact imitation, but leaves a scope for the imagination. Enriched beauty is the third mark.

The arts are distinguished from each other, Professor Metcalf explained, only through a certain medium. In painting the artist must work all the senses and actions he wishes to portray into the one medium of paint.

In concluding, he stressed the necessity of living in the present and representing the world as it really is. As an example he discussed Mr. Colburn's composition "The Rape of the Ivory Tower" which shows the futility of escapism.

"Daedo and Aenaes" Presented By Choir

The U. V. M. augmented choir and orchestra will present the opera, "Daedo and Aenaes" in concert form on Sunday, May 7, at 4.00 p.m. in the Ira Allen Chapel. All of the leading roles, but one will be sung by college students. Aenaes will be sung by Phillips Stolar, a well-known opera singer from Burlington. Mr. Stolar has sung tenor solos in Randall Thompson's opera, "Solomon Balkes" and in Leon Caeallo's "Pagliacci" in Boston.

The opera, "Daedo and Aenaes" is a tragic love story. On the way to find a new land for his people, the Trojans, Aenaes stops at Carthage and meets Daedo, Queen of Carthage. They fall in love but fate is against them. Daedo must remain at Carthage since she is Queen and Aenaes must leave with his people. When Aenaes leaves Daedo cannot go on so commits suicide.

Music from Shakespeare's "Tempest" and other compositions by Henry Purcell will be included in the program. The choir under the direction of Professor Bennett with Miss ... as ... [illegible] ... singers from the faculty and Burlington. Mr. I. Pappoutsakis, of the U. V. M. Music Department will direct the orchestra and Mr. M. Anselmo also of the Music Department as concert master. The concert is free and open to the public.

Bennett College in North Carolina is ... [illegible] ... to the training of ... women.

A ... [illegible] ... Russian ... beginning ... [illegible] ... at Wayne ... [illegible]

Today we students and faculty members alike honor the great Ira Allen on the forty ninth annual Founder's Day here at the University of Vermont. According to a Cynic news item in an 1895 issue of the paper the observance of this University event came about as a sort of May Day celebration much like that held at Oxford University on May Day morning.

Following the second Founder's Day a CYNIC editorial states: "The University is to be congratulated on what must be looked upon as a very successful celebration of Founder's Day. If it is possible for students on two weeks' notice, and under otherwise adverse circumstances, to arrange for a college observance so dignified and at the same time so interesting, it is certainly to be hoped that in the future, under more favorable conditions the celebration of May first may gather about it, as it should, associations which shall unite University, alumni, faculty and students as nothing else could.

One particularly encouraging feature of the occasion was the gratifying interest manifested by the faculty. Fully one quarter were in attendance. So unusual a display of concern in any affair emanating from the students cannot but be regarded as a propitious sign of the times. Straws show which way the wind blows, and this unprecedented display of fellowship must indicate that we are one step nearer the millennial time when the faculty as a whole will care something as to what the students do or become."

Since that first observance in 1894 in the Billings Library, traditional ceremony to honor Ira Allen has developed. Now we find in the Ira Allen Chapel on May first the seniors and faculty members in academic robes, all of the student body present, Founder's Day speakers and the announcement of honor society elections for the coming year.

The program for this year was as follows:

Prelude (Short)
Invocation by the chaplain, Rev. R. A Hall
"Star Spangled Banner"—1 verse
Remarks by President Millis
Remarks by Miss Marjorie Rubin, president of Student Government
Exercises of Mortar Board—Conducted by Dean Simpson
Reading of lists of members of honorary societies
Awarding of military prizes—Colonel Andrews
"Champlain"
Benediction
Postlude

TRINITY COLLEGE TO GIVE OPERETTA

A Gilbert and Sullivan operetta, the colorful "Iolanthe," will be enacted by the members of the choir and chorus of Trinity College, Burlington, on Monday and Tuesday, May 1 and 2. The performance will be in the College Auditorium on Colchester Avenue.

The operetta is concerned with the ... [illegible] ... in their associations with mortal men. A high spot in the play is the measure by a group of them of the British House of Lords.

Tickets, now on sale, are $.54, and may be obtained at the college or from the Trinity students.

HILLEL CALENDAR

May 2—Avon ... [illegible] ... AH ... [illegible]
May 6—Services postponed to ... hour.
May 7—Election ... [illegible] ... followed by an outdoor picnic and another period ...

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 MAY 1 NO. 29

Today we honor the founders of our University. We stop for a moment to think of those stern, independent Vermonters, the dreamers who could visualize a college where there was but a hayfield and a grove of elms parted by a crooked lane. They made their dream a reality and for that we thank them, and we are proud.

Today we must reserve a place of high honor for those who are fighting to protect our University and the ideals for which it stands, for they too are the dreamers, dreamers of a better world. These young men from the University of Vermont have died in the service of our country. Of them we are very proud.

Through... ...ents at U.V.M., she has ... enthusiasm and loyalty as a ... Newman Club.

BERYL CHENEY

... beautiful red hair, Beryl ... even-tempered disposition—a ... hard to say "Hello" to, when... ...ter her. Poised, conscientious, ... interests, Beryl began to ... herself in extracurricular ... a freshman. That she has ... ...tribute is evidenced by the ... year she will take over the ... treasurer of Student Govern... ...t responsible and time-con... Among her other activities ... ...sity choir and glee club; Pan... ...l, W.A.A. sports man... ...to Aides; member of Pi ... house president at Sanders

BARBARA BURNHAM

... certain charm and dignity in ... perhaps it is this which best ... Barbara. Thorough in every... thing she does "Barb" is equally meticulous as a waitress in the dining room, as a student in Miss Nulty's shorthand class, ... the manager of Basketball Club. In her quiet, unassuming way, Barbara has given so generously of her services to W.A.A., as Council member, that she has been accorded the highest honor in that organization for the coming year. A member of Pi Beta Phi, "Barb" has maintained excellent grades throughout her three college years; she has served as secretary of U.V.M. Students, and has been elected to Sophomore Aides and Staff and Sandal.

FRANCES DONAHUE

Versatility of interests, unquenchable enthusiasm, epitome of school spirit—all these attributes only partially define the personality of Frances Donahue. An alert thinker who refuses to be satisfied with idle dreams, "Fran" has shown us what initiative and devotion to a cause can produce. Largely through her efforts, U.V.M. has seen a co-ed band come into existence, of which it has every reason to be proud. Through it the students of U.V.M. have retained the spirit which threatened to die. Among "Fran's" many interests are: Executive Committee and standing committee of Student Government; *Cynic* editorial staff and next year's editor-in-chief; Student Union council; Outing Club council; Newman Club; Staff and Sandal.

CHRISTINE HUGHES

An attractive, blue-eyed "Home Eccer," "Chris" seldom engages in idle chatter. Quiet and unassuming, she avoids lengthy expressions of opinion, preferring to contribute only what is worth-while to the discussion. A good student, she nevertheless always finds time for the jobs, whether big or small, that she can perform. Refined in speech, pleasant in manners, she is charming company. A member of Alpha Chi Omega, "Chris" is house fellow this year at Sanders Hall. She was a member of Joint Conference committee this year, and also a Student Union council member. She will be next year's House Chairman. "Chris" has been a member of both Sophomore Aides and Staff and Sandal, serving as president of the latter this semester.

RUTH JORDAN

Once in a while you meet a person who seems to have an almost miraculous store of ambition and self-sacrifice. It is even more amazing when you see that person perform a superb job in every one of the services to which she gives herself. Ruth is such a person. Never too busy to pass a friendly remark to those around her, she counts not one or two as intimate friends, but holds the respect of all who know her. As far as scholastic honors are concerned, Ruth merits only the highest. Among her many activities are: Editor-in-Chief of the *Ariel*, next year's president of Y.W.C.A.; Member of Student Union council, Queen of the 1944 Kake Walk, member of Sophomore Aides and Staff and Sandal.

SHIRLEY NEEDHAM

Whether distributing jobs to others or volunteering her own services, Shirley has that same modest, thoughtful manner. She never forgets a "thank you" for the smallest favor, and because of her pleasing personality, people enjoy working for her or with her. A Home Economics student, Shirley's scholastic banners have waved high each year. Her interests are many, but she has devoted much precious time to Student Union. She has served on the council this year as second vice-president and will be next year's president. Largely through her efforts, a badly needed point system was worked out this year. She is house fellow at Grassmount; member of Pan-Hellenic council as well as Alpha Chi Omega; president of Canterbury Club. Shirley was elected previously to both Sophomore Aides and Staff and Sandal.

VESTA STEVENS

Charming in personal appearance as well as in personality, Vesta ingratiates into your heart to stay. Although she is apparently reticent, sober minded, and reserved upon making her acquaintance, you will find her delighting you with her witty remarks and enjoying a lunch with the rest when the occasion warrants it. Vesta does her jobs quietly and well. She is always dependable and extremely conscientious. Among her activities are: Vice-President of Student Union, junior staff of the *Ariel*, sub-committee of Student Government, Joint Conference committee, house fellow at Roberts House, Classical Club. Vesta has played an active role on Dean's List throughout her three college years and is a member of Staff and Sandal.

MARJORIE RUBIN

Serious-minded people realize well that with every new honor comes added responsibility and self-sacrifice. Her executive capabilities, leadership, and unassuming service are fitting attributes to the president of the U.V.M. Student Union. Marge, assume all the great responsibility, has met it with courage and determination. We congratulate you, Marge, on the fine job you are doing. As a member of the Y.W.C.A. cabinet, Marge has shown devotion and unselfish interest. By serving as her office as president of U.V.M. Student Union, she is a member of the Faculty Student Conference Committee. She was also served on the Faculty Student Committee on Religious Life.

Staff and Sandal Members

FRANCES WITHAM

Fran is the Lords Island who lives next door to the campus. She has been an ... Representative to Women's Self-Rule and is the President for the coming year. Among other activities, she has served as co-manager of the Bowling Club, Town Representative on Student Union Council, Assistant Treasurer of Student Government, and News Editor on the Cynic. Fran also took part in the recent Lilac Day Program. At the end of her Freshman year she was honored by election to the Sophomore Aides, which organization she has loyally served.

ELINOR KONOWITZ

Ellie made herself famous when she broadcast over WCAX during Brotherhood Week. Her other activities are many and varied: IRC, French Club, Tennis Club, Orchestra, Social Chairman of Hillel, WAA, WSSF, and next year's Junior Member of Pan-Hellenic from her sorority. She is also advertising scrub on the Cynic. She took part in the Choral Speaking for Lilac Day. Ellie is dark and vivacious and adds sparkle to any group.

VIRGINIA CAMPBELL

A good sport, a good student, a faithful worker, we give you Ginnie. In sports, she is active in tennis, swimming, softball, and a sport new here this year, fencing. Ginnie was House President this year at Grassmount and Treasurer on Student Union. She is a member of the French Club, staff member of the Cynic and Assistant House Chairman on Student Union for next year. She was also a Sophomore Aide.

PEGGY DONNELLY

Peggy, another "Grassmount," has also followed a number of sports including tennis, swimming, archery, softball, and fencing. As a Sophomore Aide Peggy was co-editor of the sophomore Aide Handbook. She is a member of the French Club and a staff member of the Cynic. She was elected this spring to Student Union Judiciary, as well as Student Government. Next year Peggy will be House Fellow at Delta Phi.

MARJORIE WALLIN

Marj constitutes the third member of the Gentle "Triple Threat." Tall and attractive she lends dignity to whatever she undertakes. She has been a loyal member of Canterbury Club and an industrious worker on the Cynic, on which she is now a staff member. She has devoted her energy mostly to sport, ... swimming, softball, fencing (of which she seems to be assistant manager) next year), and hockey. She is also a member of a Standing Committee of Student Government for next year.

MARY GREENE

Mary Greene is a very busy girl. Allen House is her home base and she brings her time at responsibilities there. She has served on the social committee of the Sophomore, Junior, and Senior classes and was a member of the Outing Club Council. Her work as an Aide should be praised very much indeed. She is a member of the Band and the W.A.A. Cabinet and was a staff member of the Cynic staff. She participated in two major sports, tennis and ... Next year she has been elected to be ... a member of Sophomore Aides and ... secretary of Student Government for the coming year.

NANCY HALL

Nancy is the lucky lady of the Lilac Lodge and the lovely coloring she ... ...ingredient lady of the cabinet which disappeared recently, but somehow left her extinguished name the loss. She and Hadlie Calhoun are the columnists who write Lights for the Cynic. Nancy was a Sophomore Aide. She is a willing worker, ready to put life in her words with action, as her work for the Poll Tax Bill and for Faculty-Student discussions has evidenced. She is a member of the Y.W.C.A. Cabinet, as well as a Standing Committee of Student Government.

MARY THORNTON

Spike is another whom the point system has forced to choose between alternative activities. She is well known as a great sport and has proved her prowess in many fields including hockey, tennis, skiing, and softball. Spike is a staff member of the Cynic, W.A.A. Council Member, and a member of a Standing Committee on Student Government. Her cleverness and artistic ability were a boon to the Ariel Staff for whom she scrubbed this year.

BARBARA ANDERSON

Barbara, who seems to have her fingers in a great many pies these days hails from Montclair, N. J. Barbie as Chairman of the Pep Committee of Student Government this past year, has helped sponsor the campus rags. She has recently been installed as the Social Chairman of Student Union and will preside as House President of Redstone next year.

NANCY DOCKSTADER

Nancy has deployed some of her grace and poise on the floors on Lilac Day. Because she has a talented voice she sings in the University Choir. She is very active in Y.W.C.A. work and is in ... Nancy comes from Watervliet, N. Y.

PHYLLIS FIGGERTON

Phyl, a local girl, is the chairman of the War Project Committee of Y.W.C.A. and has created an interest in the making of surgical dressings for the war effort. She is one of the junior representatives on Student Government for next year. Phyl plays a "hot" horn in the Co-ed band and did a dance solo on Lilac Day. She is also the new treasurer of Y.W.C.A.

W.S.G.A. Publication

The conference of the New England W. S. G. A. will be held at the University of Maine next year. The president will be Doris Bell, of the University of Maine. It was decided to have a publication started by Mass. State, the purpose of which is to include news from each of the nine New England colleges which make up this convention, so everyone will know a lot more about different colleges, to shorten the time needed to get acquainted at the next meetings.

Men's Societies Out For Duration; Will Reorganize

Boulder, Key and Serpent Oldest of Honoraries

Absent today from their penal chairs in the Dungeons Day quarters are the men's honor societies. Forced by the war to discontinue their activities for the duration, these organizations have been sorely missed. For their work played an influential part in the college life of the pre-service men at the University. Even more important than their routine contributions were those intangible qualities that they helped to foster among all men on campus — college spirit, a friendly attitude, true competitive participation.

It was a gala night for the newly elected member when his name was added to the record books at registration at the annual initiation banquets for only those of high scholastic standing, personal personality, character attributes, and true gentlemanly conduct were considered.

Boulder

Back in the days of the country, the realization of the need for closer contact between the student body and the faculty was felt, the university became senior men were duly organized. Boulder. From its inception it [illegible] the senior society has been a powerful tool in keeping campus activities running smoothly. Dad and Mother Week and Junior Week are examples of the [illegible] which Boulder has had a [illegible]. The men tapped to them for outstanding [illegible]. Through their [illegible] and academic records they attained a high degree of organization and [illegible] the annual banquet, [illegible] and [illegible] have taken many duties. In recent years Boulder has awarded a personal trophy to the student who received the Sutherland prize for excellency in college life.

Key and Serpent

With the approval of Boulder [illegible] and the need for more such groups to share the burden of campus leadership, the junior men organized a society known as Key and Serpent in 1895. Choosing for [illegible] members in their senior year, toward [illegible] these men [illegible] to build [illegible] and [illegible] pre-[illegible] and [illegible] and dances [illegible] and [illegible] Football [illegible] assisting those male members who have completed the [illegible] of the society [illegible] and [illegible] blankets.

Gold Key

[illegible]

Champlain Sabers

The youngest society, Champlain Sabers appeared in 1937. Men [illegible] its scope this military organization was created to develop dependable [illegible] officers. Each year the outstanding [illegible] of the advanced military course [illegible] and by election to this society they represented the tops in [illegible] is undisputed, for today these [illegible] to show those same qualities [illegible] and character as officers in [illegible] all over the globe. The [illegible] Champlain Sabers' projects [illegible] Colonial Military Ball usually [illegible] fall of the year.

At the time of its discontinuance for the year, Boulder named a committee composed of the President and [illegible] of the undergraduate colleges to reorganize Boulder when conditions [illegible] favorable and with the various [illegible] otary groups also reforming [illegible] will once again be able to look [illegible] societies for inspiration and [illegible]

Alpha Chis Entertain At Dinner Party

Monday night at 6:30 some [illegible] Chis will give a dinner party [illegible] by an entertainment for the [illegible] ter. Miss Simpson, Doctor [illegible] and Doctor Raab will be the [illegible] Hemmeter is the senior [illegible] Dorothy Longbery and Mary [illegible] represent the junior class and [illegible] more and freshman classes will be [illegible] sented respectively by Mary [illegible] Janet Hickenscher.

After dinner, coffee will be [illegible] Doctor Stochr and Raab will [illegible] piano and violin concert. [illegible] Doctor Stochr's third appearance [illegible] Alpha Chi House. Shirley [illegible] general chairman assisted by Gail [illegible] son and Christine Hughes.

Women's Organizations Have Outstanding Histories . . .

STAFF AND SANDAL

[illegible] Mortar Board and its [illegible] to organize a supplementary society of the Junior [illegible] that their too burdensome [illegible] started. To this "Junior [illegible]", as it was called, would [illegible] responsibilities of the [illegible].

[illegible] were chosen from the [illegible] by Mortar Board in con[illegible] with faculty and Um[illegible]. Members were chosen [illegible] character, service and [illegible]ship. Through service on [illegible] would be provided with [illegible] for initiative and lead[illegible] in the course of their year's [illegible]. members met and decided [illegible] to their organization—[illegible]

Staff and Sandal Projects

[illegible] biggest events of the school [illegible] Lilac Day Pageant, which [illegible] been sponsored by Mortar [illegible] manned by the new mem[illegible]. that the proceeds from the [illegible] be donated by Staff and [illegible] the planting of lilac trees on [illegible] as part of a plan for gen[illegible]ion of this campus. As [illegible] Building was coming into [illegible]ority sought new projects [illegible] raised a sum of money for [illegible] of a Thrift Shop and [illegible] furnishing of the women's [illegible] Each of all Staff and Sandal [illegible] the campus social life by [illegible] dance.

War Angle

[illegible] the war angle has presented [illegible] for the girls to handle. Under [illegible] of their faculty advisor, [illegible] the members have adopted [illegible] wartime projects. When [illegible] E drive was instigated on [illegible] the girls appropriated a sum [illegible] and stamps were sold at inter[illegible]. most important and most pro[illegible] was the blood plasma drive [illegible] and Sandal carried on by it[illegible] were signed up and the [illegible] filled for Mary Fletcher [illegible] and Fanny Allen Hospital in [illegible]. This year another new pro[illegible] adopted. Music hours were [illegible] every Friday night for both [illegible] and students to attend.

The Staff and Sandal of 1943-44

[illegible] year at the first meeting of the new [illegible] the group nominates and elects [illegible] officers for their year of service. The [illegible] of 1943-1944 chose for their offi[illegible]: Christine Hughes, president; [illegible] Donahue, vice-president; and [illegible] Farnsworth, secretary-treasurer. [illegible] the class of 1945 the other mem[illegible] of the society were:

[illegible] Stevens, Katherine Hennessey, [illegible] Jordan, Barbara Burnham, Marjorie [illegible], Shirley Needham.

SOPHOMORE AIDES

[illegible] Aides, the youngest women's [illegible] society on campus, was founded [illegible]. Its chief purpose originally was [illegible] for many minor functions [illegible] Mortar Board performed. These [illegible], which prevented the senior [illegible] society from undertaking some [illegible] difficult problems, were given to [illegible] women, leaving Mortar [illegible] free to spend on more elabo[illegible].

Miss Crowley Is Advisor

[illegible] advisor of Sophomore [illegible] strangely enough, one of the [illegible] members" of the society. Miss [illegible] Crowley. Assisted by Miss [illegible] president Joan Garrity has led [illegible] through this year. The [illegible] for the year were: Con[illegible], vice-president; Barbara [illegible], secretary, and Nancy Hall, [illegible].

[illegible] activity of the Sophomore [illegible] serving at the All-Student [illegible] at the Old Mill. This set the [illegible] for other undertakings along [illegible]. the Dean's Tea saw the [illegible] punch and cookies to the [illegible] Big Sister, Little-Sister com[illegible].

[illegible] stamp booth in the main hall [illegible] was a project of Sopho[illegible]. The precedent established [illegible] '45 was carried on by [illegible] members.

Traditional Coffee Hour

One of the traditional functions of the society is holding a Coffee Hour before the monthly Vespers Service. In other years the girls held this entertainment in Southwick but the tradition was carried on this year in Waterman. The refreshments at the first of the series of Faculty Student Discussions, were also in the hands of Sophomore Aides.

Again, the behind-the-scenes work for the recent Mortar Board Tea was done chiefly by them.

Although there were fewer opportunities to help Mortar Board this year, the efforts of the Sophomore Aides have not been in vain, and they pass on to the newly elected members their story, traditions and worthy activities.

ALL SPORTS CLUB

The All Sports Club was started here in Vermont more than ten years ago. Its purpose is to: Maintain high ideals of sportsmanship and to create active interest in sports among University of Vermont girls, act as a consulting council to the Women's Physical Education Department and W. A. A. on matters of general policy; uphold national standards and policies of physical education for college women and to disseminate accurate information concerning these to the student body.

Requirements

The requirements to be met by All Sports Club members chosen from the junior class vary from year to year in regard to the number of clubs and honorary varsity memberships, according to the quality found in each class. Six qualities are considered before electing new members.

1. Character
2. Leadership
3. Interest in W. A. A.
4. Attitude
5. Cooperativeness
6. Good sportsmanship

It is taken for granted that a girl has to have a good scholarship standing.

It is the All Sports Club that decides which underclassmen have earned the Junior All Sports Club emblems and what dormitory is to receive the All Sports Participation Cup. The club planned the whole W. A. A. social program for this year, serving as an executive body for this organization.

The members of this club are chosen for leadership on campus as well as in sports.

President Phyllis Taylor

This year's president of the All Sports Club is Phyllis Taylor, a music major. In her junior year she was treasurer of W. A. A. Active in sports, she has participated in field hockey, softball and basketball for three years and was manager of the latter sport this year. For three years she has been on the Badminton Honorary Varsity team and as a senior was instructor of Riding Club.

Members

Peggy Palmer is secretary of the club. For her first two years she participated in basketball, tennis, field hockey and for three years in softball. She made the honorary varsity in badminton for all four years. Her freshman year she was on the W. A. A. Council, was Publicity Chairman last year and Social Chairman this year.

Sylvia Runnals, president of W. A. A. is outstanding in campus activities. She was campus manager of hockey her sophomore year and on the W. A. A. Council for two years. For three years she has been active in basketball, baseball and badminton, and was on the Rifle team in '42 and Bowling Club in '43.

Mary Quinn was manager of bowling last year and manager of ping pong as a sophomore. For three years she has been a member of the softball, tennis, and bowling clubs, and her freshman year was active in badminton and volley ball. She has been on the W. A. A. Council for three years and was Council chairman at large her junior year.

The busy Air Corps Instructor, Puss Perkins made the honorary varsity for hockey 1, 2, 3; basketball 1, 2, 3; tennis 1 and 2, and was a member of the Rifle and Swimming Clubs. As a junior and senior she was a member of the W. A. A. Council.

BLUESTOCKINGS

With all its depression and interruptions the Bluestockings honorary literary society, has flourished for approximately twenty-five years at the University. Among the former Bluestockings members who have attained fame in the literary field are Frances Frost and Kay Starbird.

No Monotony

The lack of monotony in Bluestockings' meetings is characteristic. One autumn night, gathered around the fireplace, Ibsen's "Ghosts" was read; over steaming cups of coffee, in midwinter, the group listened to a discussion of the modern novels; and, occasionally, the members are required to use their pens to write their own poems and short stories.

Creative writing is the type particularly stressed in this group, an emphasis founded on the belief that there is a definite place in the world for self-expression in such forms as poetry and stories. Bluestockings had the privilege of writing the poetry for Lilac Day, entitled "The Four Freedoms."

The customary form of initiation for membership is that of requiring the initiate to wear one blue stocking for two days after she has received her invitation. There is hardly anything more startling than to see a girl, who appears sane in every other respect, wearing one bright blue stocking wherever she goes. The old members who have undergone the ordeal, feel that this is a "dyed-in-the-wool" tradition and must, at all costs, be preserved.

Bluestockings takes pleasure in announcing the following as newly elected members:

Hester Heath, Carolyn Aronson, Frieda Koble, Margaret Batchelder, and Barbara Morgan.

Congratulations

Outgoing Mortar Board Girls

The highest honor that a girl can achieve while in college is that of being elected to Mortar Board. It is the national senior women's honorary society and is composed of women who are outstanding in their service to the school, scholarship and leadership. Mortar Board assists the dean of women in running campus activities and also sponsors two formal dances each year.

PRESIDENT

PRISCILLA PERKINS

Priscilla Perkins is the president of Mortar Board this year. She was a member of Staff and Sandal and Sophomore Aides and through her four years she has been active in hockey, basketball, swimming and tennis clubs. She was on W. A. A. last year as well as Health Council and she belongs to Y. W. C. A. and the Outing Club. "Puss" is also president of the I. R. C. this year.

PENELOPE EASTON

Another member of Mortar Board and also active in campus activities is Penelope Easton. "Dede" is a Home "Econ" and has been elected to Omicron Nu, honorary society for Home Economics majors. She was secretary and treasurer of Staff and Sandal last year and also belonged to the basketball and hockey clubs. She is in "Bluestockings" and is actvie in Y. W. C. A. work, serving in the capacity of chairman of the Religious Life Committee.

BARBARA HALL

Barbara Hall besides being a member of Mortar Board held the equally important position of president of Student Union for 1943-44. She was on Staff and Sandal last year and was also a reporter on the Cynic. She was House President for Freshmen and Commons head and belongs to Y. W. C. A. and La Cercle Francais.

PATRICIA MCCORMICK

To all those who eat in Waterman Pat McCormick is known as one of the two head waitresses at the Waterman dining room. She belongs to the Goodrich Classical Club and is also active in the Newman Club. She belongs to W. A. A., Y. W. C. A., the Lyon Dewey Club and also to I. R. C.

JUSTINE SMYTH

Justine was on Staff and Sandal and Sophomore Aides. From the positions of Cynic scrub, reporter and news editor, she became managing editor.

Men's Societies Out For Duration; Will Reorganize

Boulder, Key and Serpent Oldest of Honoraries

Absent today from their usual places in the Founder's Day program are the many honor societies. Forced by the war to concentrate their attention for the duration, each organization has been actively engaged in war work geared to the individual part it has in the college effort on the campus at the University. Each stood up pertinent facts about their material contributions to the war effort, bringing up-to-date the various histories and traditions that they have helped to foster among all men on campus.

College spirit, a friendly attitude, true comradeship and leadership

It was a great night for the newly elected member when his name was added to the list of leaders at convocation at the annual initiation banquet, for only those of high scholastic standing, personal personality, loyalty, and true character were accepted to membership.

Boulder

Right at the top of the category, the realization of the need for closer contact between the student body and the faculty was put into operation by the senior men who founded Boulder. From its inception in 1906 this senior society has been a cooperative link keeping campus activities running smoothly. Its and its Kake Walk and Junior Week are examples of the successful work Kake Boulder has had to offer. The men looked to them for leadership and initiative. Through their assistance, freshmen and sophomores could be attained some degree of organization to put over the annual tomatoe fight, cane rush, and have right dance under their direction. In recent years Boulder has awarded a personal trophy to the student who received the Sunderland prize for excellence in college life.

Key and Serpent

With the appearance of Boulder before them and the need for more such groups to adapt the functions it occupied, the junior men organized a society known as Key and Serpent in 1908. Among the greatest services of Key and Serpent toward the progress of Dear College have been the building of the Memorial Gymnasium, the erection of the Memorial Flagpole, and the purchase of the Memorial Bell. Each year Key and Serpent has sponsored the Freshman Dance, the Sophomore Hop, and the Junior Prom. Each year the Key and Serpent men have been the ushers at the Commencement exercises. Key and Serpent has also been responsible for the Junior Week-end and the Junior Football Dance. Key and Serpent has also been responsible for the Junior Week-end and the Junior Football Dance. Key and Serpent has also been responsible for the Junior Week-end and the Junior Football Dance.

Gold Key

Gold Key was organized in 1914 to promote the social and cultural life of the University. Gold Key has been responsible for the Junior Week-end and the Junior Football Dance. Gold Key has also been responsible for the Junior Week-end and the Junior Football Dance. Gold Key has also been responsible for the Junior Week-end and the Junior Football Dance.

Champlain Sabers

The youngest society, Champlain Sabers, appeared in 1937. Many people, its scope, this military organization was created to develop dependable officers. Each year the outstanding men of the advanced military course have been elected by election to this society. For they represented the tops in this group is undisputed, for today these men are to show those same qualities of leadership and character as officers in the world all over the globe. The Champlain Sabers' project is the annual Military Ball usually held at the fall of the year.

At the time of its discontinuance a year, Boulder named a committee composed of the President and a few of the undergraduate colleges to reorganize Boulder when conditions are favorable and with the various honorary groups also reforming, Boulder will once again be able to look to the societies for inspiration and leadership.

Alpha Chis Entertain At Dinner Party

Monday night at 6:30 some of the Alpha Chis will give a dinner party followed by an entertainment for the whole chapter. Miss Simpson, Doctor Stoehr and Doctor Raab will be the guests. Betty Hemmeter is the senior representative, Dorothy Loughery and Mary Jane will represent the junior class, and the sophomore and freshman classes will be represented respectively by Mary Louise Bresnehan and Janet Eckenscher.

After dinner, coffee will be served at the Doctors Stoehr and Raab will present a piano and violin concert.

Doctor Stoehr's third appearance at the Alpha Chi House. Shirley Zoll is general chairman assisted by Gail Hansen and Christine Hughes.

Traditional Coffee Hour

One of the traditional functions of the society is holding a Coffee Hour before the monthly Vespers Service. In other years, the girls held this entertainment in Southwick, but the tradition was carried on, this year in Waterman. The refreshments at the first of the series of Faculty-Student Discussions, were also in the hands of Sophomore Aides.

Again, the behind-the-scenes work for the recent Mortar Board Tea was done chiefly by them.

Although there were fewer opportunities to help Mortar Board this year, the efforts of the Sophomore Aides have not been in vain, and they pass on to the newly elected members their story, traditions and worthy activities.

ALL SPORTS CLUB

The All Sports Club was started here in Vermont more than ten years ago. Its purpose is to: Maintain high ideals of sportsmanship and to create active interest in sports among University of Vermont girls; act as a consulting council to the Women's Physical Education Department and W. A. A. on matters of general policy; uphold national standards and policies of physical education for college women and to disseminate accurate information concerning these to the student body.

Requirements

The requirements to be met by All Sports Club members chosen from the junior class vary from year to year in regard to the number of clubs and honorary varsity memberships, according to the quality found in each class. Six qualities are considered before electing new members:

1. Character
2. Leadership
3. Interest in W. A. A.
4. Attitude
5. Cooperativeness
6. Good sportsmanship

It is taken for granted that a girl has to have a good scholarship standing.

It is the All Sports Club that decides which underclassmen have earned the Junior All Sports Club emblems and what dormitory is to receive the All Sports Participation Cup. The club planned the whole W. A. A. social program for this year, serving as an executive body for this organization.

The members of this club are chosen for leadership on campus as well as in sports.

President Phyllis Taylor

This year's president of the All Sports Club is Phyllis Taylor, a music major. In her junior year she was treasurer of W. A. A. Active in sports, she has participated in field hockey, softball and basketball for three years and was manager of the latter sport this year. For three years she has been on the Badminton Honorary Varsity team and as a senior was instructor of Riding Club.

Members

Peggy Palmer is secretary of the club. For her first two years she participated in basketball, tennis, field hockey and for three years in softball. She made the honorary varsity in badminton for all four years. Her freshman year she was on the W. A. A. Council, was Publicity Chairman last year and Social Chairman this year.

Sylvia Runnals, president of W. A. A., is outstanding in campus activities. She was campus manager of hockey her sophomore year and on the W. A. A. Council for two years. For three years she has been active in basketball, baseball and badminton, and was on the Rifle team in '42 and Bowling Club in '43.

Mary Quinn was manager of bowling last year and manager of ping pong as a sophomore. For three years she has been a member of the softball, tennis, and bowling clubs, and her freshman year was active in badminton and volley ball. She has been on the W. A. A. Council for three years and was Council chairman at large her junior year.

The busy Air Corps Instructor, Pussy Perkins made the honorary varsity for hockey 1, 2, 3; basketball 1, 2, 3; tennis 1 and 2, and was a member of the Rifle and Swimming Clubs. As a junior and senior she was a member of the W. A. A. Council.

BLUESTOCKINGS

With all its depression and interruptions the Bluestockings honorary literary society, has flourished for approximately twenty-five years at the University. Among the former Bluestockings members who have attained fame in the literary field are Frances Frost and Kay Starbird.

No Monotony

The lack of monotony in Bluestockings' meetings is characteristic. One autumn night, gathered around the fireplace, Ibsen's "Ghosts" was read; over steaming cups of coffee, in midwinter, the group listened to a discussion of the modern novels; and, occasionally, the members are required to use their pens to write their own poems and short stories.

Creative writing is the type particularly stressed in this group, an emphasis founded on the belief that there is a definite place in the world for self-expression in such forms as poetry and stories. Bluestockings had the privilege of writing the poetry for Lilac Day, entitled "The Four Freedoms."

The customary form of initiation for membership is that of requiring the initiate to wear one blue stocking for two days after she has received her invitation. There is hardly anything more startling than to see a girl, who appears sane in every other respect, wearing one bright blue stocking wherever she goes. The old members who have undergone the ordeal, feel that this is a "dyed-in-the-wool" tradition and must, at all costs, be preserved.

Bluestockings takes pleasure in announcing the following as newly elected members:

Hester Heath, Carolyn Aronson, Frieda Koble, Margaret Batchelder, and Barbara Morgan.

Merit System Exams

The State of Vermont Merit System Council has announced Merit System examinations for the following positions in the Department of Public Welfare: Old Age Assistance Investigator, Child Welfare Worker (Child Welfare and Child Welfare and Social Worker (Child Welfare and Blind Assistance). The Closing date for applications is May 6, 1944. The written examinations will be announced later. For further information see the office of the Dean of Women.

Canterbury Club

At Saint Paul's Rectory on Main Street the Canterbury Club had the pleasure of hearing Mrs. Doris K. Wright speak on "What We Can Do for Young People." An enlightening discussion period and refreshments were served.

Social Committee Plans Recruiting Tour

The social committee of Student Government is planning trips for a recruiting campaign during the Summer Music Festival which will take place in Burlington on May 12 and 13. On Saturday afternoon, May 13 at 4:00 a tour will be conducted by various college students around the campus at the conclusion of which refreshments will be served to the guests in the Student Lounge at Waterman.

High School boys and girls from 67 different schools throughout the state will be in Burlington for the State Music Festival week-end, and Student Government feels that this will be a good opportunity for them to become acquainted with the University. In accordance with the administration's recruiting program the committee, under the general chairmanship of Mary Ashe '45, will issue invitations to all of the schools which will be represented in the Music Festival for their students to take part in the tour of the Vermont campus. The other members of the committee are Shirley Parker '45, Nancy Brookstader '46, and Marion Lewis '47.

"SANDWICH SPREAD"

There will be a Sandwich Spread May 5th at 4:00 P. M. in the Student Lounge. Special entertainment will include the Good Band and Twirlers. Prof. Hoge will be master of ceremonies. The get together is sponsored by the Pep Committee and will be somewhat like the Soup Supper. Admission 35c. Everyone invited.

HUNGRY GIRLS LINE UP FOR SUPPER

Pep Committee scores spirited success with plenty of food, the band, twirlers and songs.

CROWD GATHERS FOR "SANDWICH SPREAD" AND ENTERTAINMENT

On Friday night at 6:00, the Pep Committee of U. V. M., sponsored a sandwich spread. Taking advantage of the warm weather and green grass, the spread was held on the lawn in back of the Waterman Building. Conspicuously absent was the familiar khaki of the Air Corps but in spite of this a large crowd attended the spread. While the students ate, the Co-ed Band played a few selections.

Twirlers Perform

The much awaited appearance of the twirlers was made on Friday night. Led by Harriet Cohen and head twirler Gail Thompson, the twirlers Janice Preston, Anne Hoos, Betty Rome and Betty Dole, were applauded enthusiastically.

Professor Dean, who was master of ceremonies, next introduced Bill Cook who sang, "Time on My Hands" and "Night and Day." Anita Smith then played the piano much to the delight of the "boogie woogie" fans in the audience.

Kake Walk Again

Nancy Dockstader led group singing. Recapturing the spirit of football games and the campus sings of this fall, songs like, "Vermont Victorious," "Vermont, My Vermont" and "Our Colors" were sung. But no Vermont gathering is ever closed without "Joe" and his boys (girls too) playing "Cotton Babes." Bill Birchard and Paul Prior who were walkers this year gave an impromptu performance of "Walkin' fo de Kake," at the demand of the student body.

To end the program, the twirlers gave a repeat exhibition and then everyone joined in singing "Champlain."

Two Vermont Debaters Meet Dartmouth Team

Two members of the Vermont debating team work took part in a debate with two members of the Navy V-12 team at Dartmouth College on Saturday, April 29. The Vermont representatives were Eileen Pickett and Bill Cook. The subject under discussion was whether or not the United States should participate in the establishment and maintenance of an international police force.

Since there was a last minute substitution on the Dartmouth team it was not a decision debate. Instead one of the Dartmouth instructors offered a constructive criticism of the work done on the subject by the participants. This instructor Mr. John Nicl is planning on sending a few more of the members of the Dartmouth V-12 debating squad to the University of Vermont the week-end May 13 and 14.

Maj. F. Churchill Killed in Crash

U.V.M. Graduate in '35; Popular With Classmates

On Saturday, April 22, 5 army fliers were killed when their light bomber crashed in a street intersection in East Phoenix, Ariz. One of these was Maj. Frank T. Churchill of the terrying division of the air transport command, who,

Major Churchill

together with his companions, was returning from an inspection trip that had taken them into Texas.

A son of Mr. and Mrs. George A. Churchill, Major Churchill was born in Burlington, March 31, 1913. He was graduated from the University of Vermont in 1935. The *Ariel* account of him was as follows:

"Received his early schooling in Burlington and prepped at Phillips Exeter Academy. His college course is Commerce and Economics. He is a member of Phi Delta Theta. 'Tobe' has at home a file on old *Motor Boatings* 3 feet high and he can design you a sweet-looking runabout in less time than it takes us to write this. He has an iceboat, also an outboard speedster, and, incidentally, one of the most likeable and gentlemanly personalities in school.

Activities: Scabbard and Blade (honorary military society); Faculty-Student Council (2); Manager Intramural Sports (3); Winner Freshman Drill Down (1); Corporal (2); Sergeant (3); Rifle Teams (3); Kake Walker, Honorable Mention (1)."

Major Churchill was married to Miss Nancy Stewart Grout in 1942 in St. Petersburg, Fla. He leaves his widow, mother and father, of this city, and his sister, Lieut. Evelyn M. Churchill, U. V. M. '38, now overseas.

Staff and Sandal

A dinner, sponsored by Staff and Sandal, junior women's honorary society, was held Thursday, April 27, at the home of Ruth Jordan in honor of Miss Mary Jean Simpson and Miss Helen Westby, who is sponsor of the society.

Third Wartime Inspection Of R. O. T. C. Last Week

Small Unit Proves Efficient in Field Problem; Sharpshooting and Drilling; Marksmen Named

The second two-day federal inspection, culmination of a year of hard work and effort for the members of the R. O. T. C. at U. V. M., was held Wednesday and Thursday of the past week. Unlike such events in the past this third wartime inspection was carried out on a small scale with but 30 members of the basic two-year course participating. Gone were the strenuous marches furnished by the R. O. T. C. war band which formerly set the pace for the 600 or more trainees as they "passed in review." Gone were the keen intercompany rivalries for the winning "A" banner which were always an incentive for extra effort from each member. Gone were the colorful post inspection ceremonies on the back campus or in an auditorium packed cage when a multitude of banners, cups and awards were presented.

Despite this diminution in size and numbers, the spirit was not lacking and the boys of a compact, well disciplined group carried on admirably and showed that they had thoroughly mastered the essentials of their year's work.

Lieut. Donald W. Thayer, Professor of Military Science and Tactics later expressed his satisfaction in the performance of his students by saying: "I am quite pleased and proud of them. The unit is to be commended on its excellent attitude and showing."

Wide Variety of Activities

Lieut. Col. Newton W. Alexander of the First Service Command at Boston, who has been examining R. O. T. C. units in that area throughout the spring, was the inspecting officer. He was welcomed to the University on Wednesday at 8:30 a.m., by President Millis. Moving to the back campus, Colonel Alexander inspected the ranks and observed the corps in its close order drill, done first by platoon and then by squads. The scene of activities was then shifted indoors where the men were tested on theoretical problems which included some of the newer aspects of military science that have emerged out of this present war.

Turning to the practical aspect of R. O. T. C. training, the men demonstrated their thorough knowledge of the soldier's best friend—the rifle. First they sharpshooted on the University's indoor range, and later applied themselves to the task of stripping and re-assembling their rifles. In the afternoon, Colonel Alexander devoted his time to an inspection of the Military Department, its records and property.

The Field Problem

Early Thursday morning the unit, in the field equipment of a combat rifle platoon and furnished with blank cartridges to add a further note of realism, carried

Brown President to Speak at Graduation

Henry Merritt Wriston Will Address Students

President John S. Millis has announced that Henry Merritt Wriston, president of Brown University, Providence, R. I., June 1937, will deliver the commencement address at the University of Vermont on Monday, May 29.

Born in Wyoming

Born in Wyoming and educated at Wesleyan University, Middletown, Conn., President Wriston is an authority on diplomatic history, and as such is an important member of the Foreign Political Association and special consultant to the Department of State. His book *Challenge to Freedom*, a recent best seller, is considered a notable contribution to the discussion of democracy as a positive way of life. Wesleyan has bestowed upon him the degree of doctor of humane letters in recognition of this book and other of his writings. The honorary degrees of doctor of laws and doctor of literature are also held by him.

Before going to Brown, President Wriston was president of Lawrence College, Appleton, Wis., where he also was the director of the Institute of Paper Chemistry. From Lawrence also are President Victor L. Butterfield of Wesleyan, and President Millis of Vermont. Both held executive positions there.

During his career President Wriston has been professor of history at Wesleyan as well as Albert Shaw lecturer at Johns Hopkins University. He has also headed many prominent organizations including the Association of American Colleges, the North Central Association of Colleges and Secondary Schools, and the Educational Association of the Methodist Episcopal Church.

Has Been Trustee

President Wriston has been a trustee of the Carnegie Foundation for Advancement of Teaching since 1933, and of the World Peace Foundation since 1939, as well as having been trustee of the American Federation of Arts. Other distinctions in the field of education include membership in the American Council on Education and vice-president of the American Association for Adult Education. He was a delegate to the International Studies Conference held in Bergen in 1939.

President Wriston also holds membership in many learned societies including the American Historical Association, the American Society of International Law, and the American Political Science Association as well as many social and scholastic organizations.

COLONEL ANDREWS GOES TO BOSTON

It has been recently announced by Pres. John S. Millis that Col. Edmund R. Andrews has been transferred to Boston for temporary duty. Colonel Andrews has been commandant of the Army specialized Training Program at the University since last June, and has also been the institution's professor of Military Science and Tactics since December. No successor to Colonel Andrews has yet been named.

T. K. A. INITIATION

Tau Kappa Alpha, honorary debating society at U. V. M. will hold its annual initiation this Thursday.

Prof. Leon Dean and Professor Prindle, TKA members on the faculty, and Mr. Merrill Bowers, debating club adviser, will be present at the ceremony at which Lilla Blumberg, Fran Donahue, Ruth Jordan, Jake Katz and Lloyd Spiegel will get their keys.

In order to qualify for membership in the honorary society, one must participate in at least eight intercollegiate debates. Huddie Zwick Calhoun, Julius Cohen and Daan Zwick are the only TKA members now present on campus.

The Debating Club has been invited to attend the banquet at Oakledge Manor which is to follow the initiation.

Another standout was young Paul Hemmiger who, with his alert and scrappy style, added a spark to the Vermont play and bolstered her defense appreciably.

Victory came at last in the form of an exciting 51-50 overtime triumph over Converse Hall. In the thriller before their biggest home crowd of the season, the Civilians' team play was superb. All members of the squad figured in the scoring and the honors were pretty well divided. Hemmiger's 12 points leading the pack. In a return match with Converse, the Civilians closed their season by coming from behind with a display of power in the final frame to snatch an 18-16 win.

A Colorful Team

The Civilians were certainly one of the most colorful outfits to hit the boards this year. Games were often scheduled on the spur of the moment and many of the team members didn't learn of the game until the night on which it was to be played. The schedule got mixed up one evening and the R. O. T. C. team arrived at the appointed time only to learn that their opponents had been—and gone—an hour earlier.

Occasional outbursts of temper often produced rather striking scenes. In the last game, Paul Hemmiger became thoroughly aroused by the roughness of one of his opponents and tore into him. Unfortunately for Paul, the fellow towered a half foot higher than he, and held him out at arms length while young Hemmiger flailed away very spirited but rather harmlessly.

In the encounter with the A. S. T. P., things had been going fast and furiously and one of the U. V. M. players cautioned Lloyd Spiegel, who was in the thick of things under the basket to "Watch that fellow Spiegel!" in reply to which Spiegel, cried in utter desperation: "I can't, I've already got two now!"

Later that evening as the game was drawing to a close, the janitor, evidently unimpressed by the events, calmly proceeded to sweep up the court to the amazement of no few on-lookers.

Professor Carroll Expresses His Views On the Post-War World

By PEGGY DONNELLY

PROF. D. B. CARROLL

Professor Carroll head of the Political Science Department has spent his entire teaching career here at U. V. M. He received his A.B. degree from the University of Illinois and his Ph.D. from the University of Wisconsin. Professor Carroll before he finished his graduate work and came to Vermont was in charge of the Battery Plant of the Prest-o-lite Co. Inc., a subsidiary of the Union Carbide Corporation from January 1920 to January 1923. As the son of the captain of Aberdeen's soccer team Professor Carroll was interested in sports. He played varsity baseball and basketball at the University of Illinois. He was overseas as a captain in the first World War.

His Post-war Views

Professor Carroll firmly believes that there must be a strong well-organized and air tight world organization after World War II. He feels that the "primary essential for the stabilization of a lasting world wide peace must be the establishment of some international organization which will have the power to carry out its decisions." This organization would have to have sufficient power to be superior to the governments of all nations. In addition to this international organization there should be "some policy determining body strong but with its power limited to the control of those things necessary for peace." This body would correspond in its power and organization to our United States Congress. There should also be "some sort of court of international justice coupled with some agency with adequate power to carry out decisions." Out of necessity there must be "some international police force." This police force must not be (Professor Carroll repeated this for emphasis) a police force controlled by a coalition of world powers." Professor Carroll felt that this could only lead to a third world war. This feeling of Professor Carroll differs from what Washington D. C. is now planning. Washington is planning a coalition of the United States, England and Russia.

Professor Carroll felt very strongly about the college student's place in the post war world. He said that the college student must "again repudiate his complacency, assume the leadership to solve the many problems in a democratic world of chaotic conditions."

Isolationism

The interviewer asked Professor Carroll if he thought that America would revert to the former isolationism. The answer was: We can only pray that it won't. He says that there is some Axiomatic hope that isolationism will not continue but Professor Carroll said that the America First Committee is definitely in fact in a recent trip to Washington, D. C. some of the directors were members of that committee.

Fascist Tendencies in the United States

When asked about Fascist tendencies here in the United States Professor Carroll said: "It is strongly true that there are Fascist elements in the country. There are constant glimpses of it in the press. We don't know how powerful they are but we are amazed at what they can do on occasion. The Fascist recently tried in Washington have more or less made fun of our judicial system. Their audacity is amazing. There is also evidence of anti-semitism in the great urban communities. No fact as to an organized movement have yet been discovered." Professor Carroll also said that Fascist publications are no longer being sent through the mails.

Socialism

Professor Carroll discussed the government controlled ownership operation of property here. He felt the government trend toward socialism will not continue. As for labor government control will probably continue with more and more labor legislation.

Professor Carroll added as a footnote to the interview that he will be present at what he thinks will be an interesting Faculty - student ball session Tuesday night on Fascist tendencies in the United States.

Help Wanted

The Southern New England Telephone Company is providing an opportunity for jobs in their home offices in Connecticut to the graduates of the class of '44. The jobs are of a high skilled clerical nature. It will consist of contact with the public in person and by phone. Base pay rate is $90.00 a week with time and a half for overtime.

Any student who are interested please see Miss Sweet who will arrange an interview.

The [illegible] of the [illegible] of democratic [illegible] ambition, it is a war of peace and [illegible] of course. Wendell Willkie, [illegible] 24, 1940.

Senior Class Elects Permanent Officers

Frank Prior President; S. Runnals, Vice-Pres.

At a recent Senior election the following students were chosen as permanent class officers: Francis Prior, president; Sylvia Runnals, vice-president; Elizabeth White, secretary; Barbara Hall, treasurer.

Frank Prior, a chemistry student, is from Springfield, Mass. After graduation, he plans to go into the Navy. As permanent class president he will head the alumni of the class of 1944.

Prominent in athletics is Sylvia Runnals from Montpelier. She was president of W. A. A. this past year, and has served on the W. A. A. Council for two years. She has been active in bowling, badminton, baseball and basketball, and was on the rifle team. Sylvia is enrolled in the Business course.

Permanent secretary, Elizabeth White hails from Pittsford, and is this year's house president at the Alpha Chi Omega house. Her campus activities include W. A. A., Y. W. C. A., Classical Club, Outing Club, and Student Government.

Busy Barbara Hall was president of Student Union this year, and has been a member of Staff and Sandal, and Mortar Board. She also has belonged to Y. W. C. A., French Club, Joint Conference, and Judiciary, and was manager of the Badminton Club for two years. Barbara, whose home is in East Randolph, plans to teach in St. Albans next year.

War Correspondent Jay Allen Speaks

Praises French Patriots For Underground Move

"France Today and Tomorrow" was the subject of an address given by Jay Allen, May 3, at 8:00 in the Ira Allen Chapel. Mr. Allen, lecturing under the auspices of the Student Government Cultural Committee, has spent many years abroad as a war correspondent. He was picked up by German officers in 1941 and put in the famous French Prison of Chilon on the charge of espionage. After his subsequent release he returned to the United States, but he soon left to cover the invasion of Morocco at first hand.

Lecture

In his lecture, Allen emphasized the fact that France would be "the spearhead of a regenerated democratic Europe." He said that the rebirth of France as a model democratic state was inevitable. He praised the work of the French patriots both inside and outside the country, pointing out the fact that more loyal French are executed daily than there are American soldiers killed on the battlefront. He reminded the audience that western Europe would probably become the battle field for the final phases of this war, as it has been so many other times in history. France he believes has learned her lesson, and we have much to learn from her in our struggle to preserve liberty.

One of the highlights of Mr. Allen's career was his difficult assignment to cover the Spanish Civil War. He told some of his experiences and remarked that although he was on the receiving end of 641 bombing raids on Barcelona he has not yet become accustomed to them.

Rummage Sale Held

Saturday, May 6, from 9:00 a.m. to 9:00 p.m. the Alpha Chi girls and their alumnae sponsored a rummage sale at 6 North Winooski Avenue. Rosamond Hughes was in charge. Articles of clothing, plants, and house furnishings were sold. Those left over were given to the Vermont Council Relief, and will be distributed among the needy families of Vermont. The proceeds will go towards something for the Alpha Chi House.

Classical Club Officers

The new officers of the Goodrich Classical Club have been elected. They are: President Esther Ballard; Vice-President, Shirley Hibbard; Secretary, Ruth Post; Treasurer, Louise Shutler; and Program Committee Chairman, Vesta Stevens. Professor Pooley will be the advisor of the club.

Student Govt.

MAY 4, 1944

The meeting of the Student Government Executive Council was held on the front steps of the Waterman Building on May 4, with Marjorie Rubin presiding.

No report is ready yet concerning the matter of a school ring.

The Open House to be held in connection with the State Music Festival will be from 4.00 to 5.30 on Saturday, May 13. Since a large number of students are coming to the festival the committee to handle the affair was enlarged.

The Cultural Committee reported that 63 tickets to the lecture by Jay Allen were sold which more than covered the cost of advertising.

The Cut System was discussed. Since the faculty disapproves of the system submitted to them on the grounds that it is too complicated and the penalty for over cutting is too strict, a committee of five students was appointed to meet with a faculty committee. Those appointed were: Connie Perkins, Bill Birchard, Patricia Crowley, Virginia Campbell and Virginia Rose.

Respectfully submitted,
MARY GREENE,
Secretary.

Prof. Evans Tells of His Life; Discusses Current Problems

By JESSE COHNSONNY and JOAN GARRITY

Last World War found Prof. D. D. Evans working his way up from buck private to lieutenant in the artillery. World War II finds him head of U. V. M.'s history department, chairman of the Vermont State Board, Phi Beta Kappa, and chief fighter at meets and mixers in his new 15 acre farm.

Professor Evans during his 14 years at U. V. M. has achieved the reputation of being a fine encouraging student. He class has known for his very thorough tests and for the way his vivid anecdotes make history come alive. He's known at sight as the professor with the resonant voice... "you know—the one who wears the bow ties." Mention of this habit rather surprised him.

Why, I never realized they attracted any attention," he chuckled. "I like them. They're easier to tie. Besides, they don't flap in the breeze," he said waving his hand in illustration. He was leaning back in the swivel chair in his Old Mill office while reminiscing for us.

Background

"I graduated at Cornell—my twin sister is teaching there now—" he added, "and took my master's degree there before going to Harvard to continue graduate study. After that I went to Holland to work on a thesis. I started to learn to speak Dutch, but the average Dutchman spoke my language so much better than I spoke his that I hesitated to subject him to it and consequently never really learned.

The professor does speak a fluent French however, having been coached these many years by his Parisian wife. They met during the last war when as a member of the American Expedition Force in Paris, he was sent to study at the Sorbonne. They were married in France and after the war came back to this country. The two of them have since returned many times to visit her people and while abroad have frequently travelled in Germany.

"I remember being impressed," he said, "by the extreme order and discipline prevalent there. Even the forests were laid out in orderly rows with the same precision which characterizes their military tactics today."

Nationalism vs. Internationalism

Professor Evans then went on to discuss current problems. He predicted that after the defeat of the Nazis, Russia will support us in the Pacific War.

We then asked him to what degree he though imperialism and nationalism would exist after this war. The question was raised in particular as to the significance of Churchill's statement: "I was not appointed the King's Minister to preside over the liquidation of the British Empire."

"Churchill is an alert and intelligent

Prof. D. D. Evans

politician," the history expert answered. "He fought against concessions to India in '35 and yet in '42 his party gave in to Cripps. Now, I don't think that British conservatives are either going to give their colonies independence or throw them into a pool. The Empire will remain, but the marked trend to colonial liberalism will probably be still further accentuated. The English have learned a lesson from the failure of colonies in the Burma and Strait settlements. However, they have still got to get over that arrogant white supremacy complex. It's a fault, that we, unfortunately, share with them.

World State Unlikely

Professor Evans does not think that there can be a United States of Europe after the war.

"Nationalism has been too intensified by the fighting. Countries are not psychologically ready to take such a step," he explained. "Only when nationalism dies down a little can a international government possible. It's up to us to do as far as we can toward it, but no real advantage is gained by prematurely pushing time ahead.

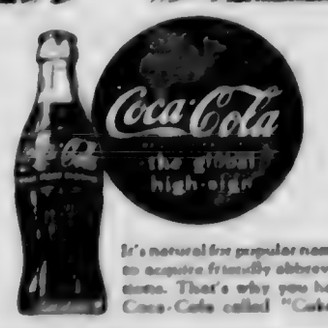
Classes with this friendly man are long to be remembered experience for he's certainly living proof that professors are human.

Canterbury Club to Meet

The last meeting this year of the Canterbury Club will be held May 19 at 7:00 at the home of Mrs. Hoyt, 195 So. Prospect St.

Miss Helen B. Turnbull of Boston is the field secretary of college work in the New England province of the Episcopal Church. She has recently accepted the position of Directoress of Windham House in New York City which is a training center for women in the church.

A business meeting will precede the talk and the election of officers for next year will be held. The slate is as follows: President, Marjory Wallin, Alice Bower vice-president, defeated presidential candidate; secretary, Aglaia Ballas, Ronda Prouty; treasurer, Janet Fickenscher, Elizabeth Conklin; executive committee, Diana Charles and defeated candidates for secretary and treasurer.



Have a Coca-Cola = Eto Zdorovo
(HOW GRAND!)

...or how to make foreign flyers your friends

To visiting Russian and British Allies, the good old American invitation *Have a "Coke"* says *We're with you.* And in your home, there's no finer welcome to friends than Coca-Cola from your own refrigerator. Coca-Cola stands for *the pause that refreshes*,—has become a symbol of democratic friendliness to people around the globe.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

Tuesday afternoon at 3:15 p.m. Robert H. Luerding and Lionel S. Beck of the Dartmouth Debating team will oppose Eileen Picket '44, and Doris Dwyer '46, of the U. V. M. team in the Ethan Allen Women's Lounge.

The Vermont debaters will propose a plan about the United Nations should adopt in order to secure and maintain a world peace upon the defeat of the Axis nations. The Dartmouth team will uphold the negative side of the question.

THIS COLLEGIATE WORLD

(By Associated Collegiate Press)

Apparently the Japanese are having a difficult time cussin' the Helldivers, the Curtiss-Wright planes now dealing out punishment in the South Pacific.

Dr. R. H. Gerhard, instructor of Japanese at Ohio State University, points out there is no word for "hell" in Japanese.

Dr. Gerhard said the closest they could get to Helldiver is "Herudaiba."

Colorado State College will celebrate its 75th anniversary in 1945.

ALL QUIET WHILE BILL COOK SINGS

Honor Societies Receive Members

Saturday night Miss Simpson was hostess to Mortar Board alumnae, this year's members, and the new members at a supper-dance banquet in Waterman. President Priscilla Perkins '44 welcomed the new members and Dr. Katherine McSweeney, Mrs. Frances Colburn, and Miss Hoffman briefly spoke. Other alumnae present were Mrs. Marjorie Able Swift, Miss Commings, Miss Nulty, Mrs. Gratia Pearl Patterson, Miss Myrna French, and Miss Emma Smith.

After the banquet the new members and Mrs. Adams were initiated. The following officers were elected for next year: President, Vesta Stevens; vice-president, Mary Ashe; secretary, Christine Hughes; treasurer, Beryl Cheney; historian, Ruth Jordan; editor, Frances Donahue; scholarship chairman, Shirley Needham; librarian, Barbara Burnham.

Staff and Sandal

Sunday evening Staff and Sandal of '43-'44 entertained the new members at dinner at Howard Johnson's. The following officers were elected: President, Nancy Hall; vice-president-secretary, Elinore Konowitz.

Sophomore Aides

The new Sophomore Aides were installed Tuesday night in the faculty lounge in Waterman. Refreshments were served by the out-going members.

BILLBOARD

An opportunity has come for a girl to live in a private home near to the campus and earn her board and room during the summer. If anyone is interested please call for further information at the office of the Dean of Women.

MARY JEAN SIMPSON
Dean of Women

FIRE CAPTAINS—All flashlights should be turned in to the Deans Office by May 15.

ATTENTION!

The Senior Staff of the VERMONT CYNIC has prepared and published a pictorial pamphlet illustrating activities on the Vermont campus during wartime. The pamphlet will be used in the University's campaign for students, and will be sent to prospective freshmen.

Copies of the pamphlet were distributed to members of the student body on Tuesday. Any student who did not obtain one at this time and would like one may get a copy by leaving a note in the CYNIC office.

S. Perkins Chosen New President of Hillel Foundation

Sunday, May 14, marked the final banquet for the year of Hillel Foundation. It also marked the second anniversary of Hillel on the U. V. M. campus. This event was held in the Apple Orchard at the Hotel Vermont. Sixty members of Hillel and their guests attended this function. The outgoing president, Julius Cohen, was toastmaster for the evening.

Among the outstanding events were speeches by Reverend Hall, Major Frank, President Millis and Rabbi Ende who have enabled Hillel to become the strong organization it is today on our campus. Among others mentioned who have given much aid to Hillel are Miss Simpson, Dean of Women, and Mrs. Eade.

Rabbi Ende made the presentation of awards. Sonny Perkins, the incoming president of the organization was given the scholarship award. This entitles her to spend Labor Day week-end at a camp in Wayne County, Pennsylvania, and confer with eminent Jewish leaders. A key for outstanding service to Hillel was presented to Julius Cohen. (Due to wartime restrictions the key could not be given, but the sentiments and thanks for his work were bestowed upon him.) The leaders of Hillel for the past year were awarded books. Those to receive this gift were Lilla Blamberg, Julius Cohen, Elinor Konowitz and Pearl Weissbard.

The officers and committee heads for next year are:

Sonia Perkins—President.
Bunny Wolf—Vice-President.
Lenore Eichel—Treasurer.
Hilary Shelvin—Secretary.
Pearl Weissbard—Chairman of Social Committee.
Elaine Oling—Chairman of Religious Committee.
Elinor Konowitz—Chairman of Cultural Committee.
Bunny Lieberman and Penny Mandel—Chairmen of Publicity Committee.
Edith Robbins—Chairman of House Committee.

These committee heads form the executive council.

Many U.V.M. Grads New O.C.S. Graduates

Thirteen former U. V. M. students graduated from Officers Candidate School at several localities in the country recently. Some of these graduates, Ensign Sr. Mary '44 and Lieut. W. Crane '44 and Lieut. Cross '44 spent part of their furlough in camping last week.

Wherever Vermonters are gathering were in the armed forces of the U. S. and there are reports that these students get together when they have the chance. Of the thirteen members in this class are Douglas Eccli '44, Frank Wallace '44, Art Power '44, Clifton Cross '44, Robert Haywood '44, Wade Cline '44, Robert Palmer '47, Franklin Pierce '48 and Caroline Prescott '44.

Waterman Cafeteria To Reopen June 12

New Soda Fountain Room Will Be Provided

Miss Underwood has announced that the cafeteria will reopen for use by student and townspeople in time for the summer session. The opening date will be June 12. None of the college dining rooms will be open during the summer. The cafeteria will be under the direction of Miss Florence Lee.

Soda Fountain

The administration will move the soda fountain from the hallway to what is the PX room. The dining room part will be closed off and the entire south end of the cafeteria will become the soda fountain. The juke box will be repaired and placed in that room. Miss Underwood said, "this soda fountain room will make a place where students can come, have a smoke or a coke and sit undisturbed from 9.00 a.m.-9.00 p.m. Mrs. Gratia Patterson will have the direction of the Soda Fountain room.

Hours

The cafeteria will be open during the following hours 7.00-9.00 a.m., 11.00-1.00 p.m., 5.30-7.30 p.m. There will be University students working as waitresses in the soda fountain room.

Third Floor Dining Rooms

These dining rooms of Waterman will cater to special parties. The catering supervisor will be Mrs. Marjorie Swift. Arrangements for these parties may be made through Miss Underwood in the director of food service office on the first floor.

FACULTY, STUDENTS DISCUSS FASCISM AT BULL SESSION

Faculty-student bull sessions were started this year to bring more current affairs to the attention of the students and to bring about a closer understanding between the faculty and student body.

The third bull session of the year was held in the third floor Waterman lounge at 7.30. The meeting was sponsored by Peggy Donnelly and Virginia Campbell. Professor Dykhuizen gave a preliminary discussion on the topic of the evening, "Fascists Tendencies in America." His first step was to define the word "fascist." The true fascist, he pointed out is a very high-minded, serious person. He believes in supreme authority of the government to the subjugation of the masses by the few. The whole discussion led not simply to a constructive plan of combatting this force but rather served to bring before the minds of everyone the true intent and spirit of the fascist and how it has leaked out into our country through such agencies as the papers, private concerns or race prejudices.

The whole atmosphere was one of informality. During the discussion period coffee was served. At least forty of the student body were represented. From the records there were Mr. and Mrs. [illegible], Doctor [illegible] and Professor Palmer. Although the meeting officially ended at 8.30 several people stayed on until 10.15 discussing with enthusiasm [illegible]. Next Tuesday at the same time Agnes Mulholland and Donna Mosher will speak in connection with Mother's Day plans. All the Mothers going to graduation at U. V. M.

A group and discussion among the [illegible] of Mississippi material. Invited [illegible] of the causes of conflict existed at [illegible] Continued on page 3, the First [illegible]

Tentative Cut System Is Adopted By Committee

If Passed, Plan Will Allow Unlimited Cuts To Upperclassmen and Those With 85 Average

The Faculty and Student Committee, appointed to consider regulations governing class attendance, met on May 11 in Dean Simpson's office. After a discussion it was finally agreed to propose to the Senate and to the student body the following regulation to govern class attendance:

"There shall be no compulsory attendance for juniors and seniors. The same regulation shall apply to freshmen and sophomores provided they have attained a Dean's List average."

Professor Marvin presided at the meeting and Constance Perkins represented the Student Committee which had presented the former proposal, outlined the cut system to the Faculty members. She pointed out that the students preferred a system of unlimited cuts except for hour tests and labs which should not be cut without a Dean's excuse. She stated that this proposal was rejected in committee because they had been led to believe that the faculty would not accept it.

Various opinions as to cutting were as follows: Lieutenant Thayer stated that in the Military Department no cuts are allowed and five absences mean dismissal. This is in accord with military practice where strict discipline is necessary to achieve the objectives of the department.

Doctor King stated that she had been told that there was no cut system here, that she had so informed her staff and that no absences except those made necessary by illness and for which a Dean's excuse were offered were recognized. She also pointed out, that in her judgment, the freshmen and sophomores needed some guidance and regulation but that unlimited cuts for upperclassmen were desirable.

Professor Millington of the Engineering College reported that the work of that college was cumulative and no student could cover the work unless he or she attended every class.

The following faculty members were present: Professor Marvin, chairman; Doctor King, Dean Simpson, Professor Doane, Professor Millington, and Lieutenant Thayer. Those students representing the student body were as follows: Virginia Campbell '46, Patricia Crowley '44, Constance Perkins '46, Virginia Eccli '45, and Robert Ward '46.

Band Entertains State Music Festival Visitors

The campus as a whole was the scene of much festivity last Saturday afternoon, during the entertainment given for the high school students attending the State Music Festival.

This entertainment was part of the recruiting program being sponsored by the University. Tours were conducted around campus and the students became acquainted with the Chapel, Morrill Hall, the Art Building, and the Waterman Building. The Senior Staff of the CYNIC edited a pamphlet—entitled "Wartime College." This was distributed to the prospective U. V. M.ers to advertise our college and to show them a little of the life here.

After the tours had been completed, there was a concert by the Co-ed Band in front of Waterman Building, under the direction of Dr. Joe Lechnyr. Mr. Slater, director of the Bennington High School Band, also led a few selections and the twirlers performed.

In the middle of the concert, a thunder shower broke over the group of around two hundred and fifty high school and college students. The whole contingent moved into the Student Lounge.

Cotton Babes was the tune to have the most enthusiastic reception. The student body showed its surprise at the debut of the girl Kake Walkers. Dot Loughery and Jeanne Phillips strutted to the applause of everyone present. Refreshments of punch and cookies were served and between band selections the college students sang their songs for the visitors.

The whole affair was planned and managed by the Social Committee of Student Government which included Mary Ashe, Marion Lewis, Shirley Parker, and Nancy Dockstader.

Student Paintings Shown at Middlebury

Francis Colburn's art classes will have another chance to exhibit their work in the forthcoming art show at Middlebury. Thirty student paintings, some of them reviewed by Arthur Heaton, while he was here at the art exhibit two weeks ago, have been sent to Middlebury. These paintings represent the best of the many and varied paintings completed by the U. V. M. art classes during the last year.

The exhibition at Middlebury will be dedicated solely to these paintings. This is the third time that U. V. M. work has gone on exhibition, the first occasion being the Vermont Artists' Exhibition at which U. V. M. students were represented by Doris Dole. For a week during April, Fleming Museum presented an exhibition of plant growth, student paintings.

Final Band Concert

The U. V. M. Concert Band will give its last concert of the year tonight at 7:45 p.m. Everyone will be let out at 10 sharp in the R. O. T. C. building by the orderly officer. The program is composed by the Band members, a Spanish Overture and will include a concert jazz.

The band in the last preparations of [illegible], Wednesday before the final examination period and the last one of the year for many members. Marshall Ward, President of U. V. M. Student [illegible] the band [illegible]

LIEUT. RICH, WAVES TO BE HERE MAY 19

Lieut. Frances Rich of the WAVES will be at U. V. M. Friday, May 19 during the afternoon and evening in connection with a recruiting drive in Massachusetts and Vermont. Lieutenant Rich is the daughter of the well known actress and [illegible] Jessie Bonstelle and is the [illegible] of the Detroit Municipal Theatre, head of the WAVES program.

[illegible] girls who have opportunities in the Navy after graduation with [illegible] Miss Rich will [illegible] the [illegible] at 4 o'clock after [illegible] Lieut. Rich is the [illegible]

Cut System

[illegible]

The proposed system [illegible] should a student be cut a specified number of times [illegible] he must appear before a committee [illegible] This committee will [illegible] and [illegible] the student's case. [illegible]

The most outstanding feature of the proposed system is that it places the responsibility of class attendance where it belongs—on the student himself and it places responsibility on conducting a stimulating class where it belongs—on the instructor.

The problem of a fair and systematic manner of dealing with absences have been studied and considered by many here now. It is generally agreed that the present method is unsatisfactory and that there should be a better system. Plans have been proposed, revised and rejected and the matter has been dragged out for a long time. It is time that final action be taken to help the students and the faculty. We urge that the Senate and the Men's and Women's Councils bring this matter to a vote before the end of this present semester so that the new system if accepted may be put into effect this summer or this fall.

"Orchid" of the Year

We would like to offer the "orchid" of the year to Marjorie Ruhm '45, President of U. V. M. Students. Quietly, yet forcefully she has contributed much to our campus and has guided Student Government with enthusiasm tempered by good judgment. As principal speaker on Founder's Day she acquitted herself and U. V. M. Students very well indeed. We have been proud of her as our president. Since she is accelerating her course she will not return to Vermont next semester. It is our loss.

Toptics

By Nancy Hall and Huddee Zweck Calhoun

One night we were walking along the street and thinking—we were just wondering.

Wondering when the first invasion of Europe would take place and speculating as to how far the Russians' war of nerves has eaten into the stamina of the enemy. And then we remembered that for the thousandth time there has really been a war on and so much has come to pass since the last month ago.

Noble Statements

Statements heard here and there, the many announcements made at the present time that as was the case in the last war—communities that respond to every emergency and challenge. Statements have come out recently as the Atlantic Charter through which America and Great Britain have agreed that they must not seek the aggrandizement territorial or otherwise of the countries. That we will respect the right of the people concerned to choose their own form of government and that there must be collaboration between all nations in the economic field with the object of securing for all improved labor standards, economic adjustment and social security. There are more of such noble statements.

Past Leaders

These words must not be uttered at as people have scoffed at words uttered twenty five years ago. Thomas Dewey tells us that the reason that the words were not lived into deeds a quarter of a century ago was because the leaders were weak, not. But we know that the war leaders in our country such as Wilson were given no chance to act. A reactionary set of Congressmen were voted in and a President that was the tool for the greediest men in America took office.

We look over the land and see the family farms disappearing and the larger industrial farms headed by such organizations as the Associated Farmers taking their place—we are wondering what the results will be in the Central Valley project and foresee these results if the limitation is not kept on individual holdings.

Montgomery Ward

We have followed the Montgomery-Ward conflict with the government and remember Avery the company president, as long being an anti-Semite, hater of labor, and a man who had prices posted in his catalogue above the ceiling limit.

Martial music was emanating from one of the houses along our walk. We wondered about the death of all Fascists and thought of a little item appearing in *The Nation* last month in which one of the responses to how one would punish Hitler was to put him in a black skin and let him walk around America for a few years.

Importance of Education

It didn't matter where we walked—we still wondered—we are still wondering and hoping and working it that every bit of book education we are now receiving shall not be a waste—for we and many others realize that while we learn we are learning far far more than ourselves. We look on current events, not as news items alone but as a large section of our very immediate environment in which every one has a great deal to accomplish.

ARIEL BANQUET

The Ariel Staff of 1945 held a final banquet on Wednesday evening, May 10 at Howard Johnson's on Shelburne Road. Among guests of the staff were Nancy McNamara '45 and Mary "Spike" Thornton '45, who will be editor-in-chief and business manager respectively of the 1946 Ariel.

Kent Perkins '45 editor was pleased to announce that the year book will be out on time this year before graduation. This will be the first time in several years that the students will have their books before graduation. The complete staff of the 1945 Ariel will consist of the following: Hutchinson '45, business manager, was in charge of the arrangements for the dinner.

Institutions of higher education in the United States had an increase in enrollment of 84 per cent immediately following World War I.

Prof. Leon Dean Discusses the Many Aspects of Journalism

By Irene Stevens

Prof. Leon Dean

Prof. Leon Dean is one of those individuals whose sterling characteristics and appealing sense of humor has made him one of the best loved professors on campus. Professor Dean was graduated from U. V. M. and returned to the campus as a professor. For years he has taught English and has directed his students in fields of journalism and writing. As he looks back over past classes he smilingly recalls students whose stories and articles now often appear in our leading magazines. Besides being Professor of English we know him as an author. In the past years he has written three books and a lot of "little stuff." He has used exclusive Vermont as a setting for his books and many of his articles are based on Vermont people, traditions and events. At the present he is writing two books.

Many Activities

Besides being a professor, and an author he is also director of the News Bureau of the University, and with the aid of Mrs. Laura Loudon he prepares the University and Alumni news for publication. Among his many activities, he is co-chairman of the Russian War Relief, and Cynic faculty advisor.

Yet even with his overcrowded schedule he lends a helping hand to college functions. You met him at the Sandwich Spread, at past Kake Walks, and at U. V. M. debates.

Professor Dean is convinced that any college student with average intelligence can learn to write if he really wants to. Writing isn't easy and you really have to work hard to become a successful writer. The main thing is to "keep everlastingly" writing, even if you do have to spend valuable time in so doing. Students in his journalism and short story writing classes are convinced that these courses are very interesting and worthwhile.

Where to Sell It

"Another important point in becoming a successful writer," Professor Dean says, "is knowing where to market your stuff." This is almost as important as knowing what to write. Each magazine on publication specializes in a certain type of writing and unless you know what is wanted it would be rather difficult to sell your material. However, there are market guides to help you once you get your "stuff" written.

The interviewer asked what were some of the questions that a beginning student asked when she or he first starts writing. "It seems that the greatest [illegible] want to know where to get ideas [illegible] about." Author Dean says he is convinced that the secret to this [illegible] activity accompanied by some [illegible] motion. "If you just get up and walk around it helps," he says. Or you can just walk around the room [illegible] intend to do your writing. Center your eyes and thoughts on one [illegible] wastebasket. Think of all the [illegible] might happen to that object and [illegible] think a story formulates in your mind. Jot down your ideas and you have the basis for a story.

Writing Is a Profession

He went on to say that "writing is just like any other profession. You get out of it what you put in to it. When you learn to play the piano, the amount of practice determines the quality of your playing. So it is in writing, the amount you write determines the quality of your writing. Your compensation is not only in the amount of the check you receive for your story, but also in the satisfaction you receive in knowing that you have created something that some one likes well enough to buy."

In summing up the points of writing that all add up to one main thing, are these "to keep everlastingly writing."

We are fortunate in having as a faculty professor who can give us the benefit of his practical experience in the field.

Campus Comment

★

To the Editor of the CYNIC:

I want to express to you and the entire staff of the CYNIC my appreciation and gratitude for the successful work you have done in printing the new booklet, "Wartime College." The booklet is in my judgment very well conceived and brilliantly executed.

May I also add my thanks for the excellent work done by the Student Government in connection with the Open House last Saturday held for the high school students attending the State Music Festival.

(Signed) JOHN S. MILLIS,
President.

To the Editor of the CYNIC:

I would like to thank the Student Government for the excellent way in which they made the open house during the Music Festival a success. I am sure that the high school students, teachers and parents throughout enjoyed the program and got much better acquainted with the University as a result.

I also like to thank the Senior Staff of the Vermont Cynic for the outstanding [illegible] they have recently [illegible] available for distribution. [illegible] and I realize it became necessary [illegible] student organization to support a [illegible] of this college. College Students Congregate at HOWARD JOHNSON'S Shelburne Road South End Bus Line

Miss Crowley Ends Recruiting Drive

Interviews Girls In New York Schools

Miss Crowley, Assistant Dean of Women, has just returned from an extensive two-week recruiting drive for students in upper New York State. This is Miss Crowley's second such trip, and it is the first time in the history of U. V. M. that members of the faculty have been sent out for this purpose.

High Schools in Albany, Schenectady, Glen Falls, Amsterdam, Fort Henry, Elizabethtown, Plattsburg, Lake Placid, Saranac Lake, and Malone, were all visited by Miss Crowley. She interviewed personally students who had inquired about the University and she also talked to senior classes as a whole. She told about the courses offered up here, the Vermont climate, the sports and social activities, the Vermont traditions. She also showed pictures of the campus, the college buildings and the students at work and play.

It is hoped that these recruiting drives will result in a large enrollment next year so that college activities will be able to continue much the same as they have in the past.

T.K.A. INITIATION

The honorary debating society of U. V. M., Tau Kappa Alpha, held its annual initiation and banquet on Thursday, May 11, at the Gate House of Oakledge Manor. The initiates were Frances Donahue, who was also elected president, Lloyd Spiegel, Lilla Blumberg, and Jacob Katz. Ruth Jordan, who was unable to be present, was nominated for vice-president pending her initiation. Prof. Leon Dean and Mr. Merrill Powers, director of debating, spoke briefly. Also present were Daan Zwick, Huddee Calhoun and Julius Cohen, all members of the society, and Shirley Harris, Eileen Pickett, Bill Cook, Doris Dwyer and Pearl Weissbard of the Debating Club.

Shirley Harris and Eileen Pickett were named as co-managers of debating for next year.

Goodrich Classical Club

The Goodrich Classical Club had its monthly meeting Thursday, May 11, at the home of Professor Prindle. After a short business meeting, a game of bingo was played with Latin names and pictures in the place of numbers. Then two members of the club, Louise Shutler and Pauline Kartalos enacted a take-off on Virgil's Aeneid. The play covered the last six books and was set in New York at the present time. After this Mrs. Prindle served refreshments of punch and cake. Before adjourning Latin songs were sung.

New House Presidents

The names of those people who have been chosen to be house presidents and house fellows next year are as follows:

Allen House—Elizabeth Naess, house president and Olga Schoelles, house fellow.

Delta Psi—Jeanette Nelson, house president, and Peg Donnelly, house fellow.

Dresser Cottage—Hester Heath, house president.

Elmwood—Patricia Van Ameringen, house president.

Grassmount—Betty Brown, house president; Helen Korpi, house fellow.

Kappa Sigma—Eleanor Konowitz, house president.

Sanders—Mary Boardman, house president; Martha Perry, house fellow.

Redstone—Barbara Anderson, house president; Mary Greene, house fellow.

Slade Hall—Peggy Lucas, house president, Gail Thompson house fellow.

Roberts House Charlotte Robinson, house president; Vesta Stevens, house fellow.

Robinson—Pearl Weissbard, house president; Georgia Swasey house fellow.

Mrs. Carlson's—Muriel McKee, house president.

Mrs. Congdon's—Charlotte Chaffee house president.

Mrs. Rooney's—Betty Walker, house president.

Mrs. Farnham's—Kathleen Haus, house president.

Mrs Griffin's—Gladys Levine, house president.

Alpha Chi Omega—Marie Boutin, house president.

Alpha Xi Delta—Anne Crocker, house president.

Delta Delta Delta—Ellen Davis, house president.

Pi Beta Phi—Virginia Rose, house president.

Kappa Alpha Theta—Elizabeth Dahlgren, house president.

McCormick's—Virginia St. Germain house president.

These girls will assume the duties of their new positions next October.

SOPHOMORE AIDES

The new officers of Sophomore Aides who were elected at their recent installation program are President Dorothy Frazer, Vice President Mary Brosnehan, Secretary Lenore Euchel, Treasurer Marion Lewis.

Poor cows eat almost as much as profit producers, according to figures compiled by specialists at Michigan State College.

Katharine Gibbs Opportunities

• A college girl with Gibbs training is prepared for a top secretarial position. Booklet "Gibbs Girls at Work," gives pertinent information about Katharine Gibbs opportunities. For a copy, address College Course Dean.

From Major General Miles to the women of The University of Vermont

In all America, there is probably no group of women better qualified to help us win this war than you young college women.

You have studied the origins of this war in your classrooms; you follow its daily progress in your newspapers. You realize how much is at stake, how much must be sacrificed to assure our victory. Your eager minds, your skillful hands, and your determined hearts can do much to assure our soldiers' victorious return.

When I tell you that the Army urgently needs the contribution you can make, I am confident that you will not hesitate to accept the responsibility.

Sherman Miles
Major General, U. S. Army
1st Service Command, Commanding.

Find out today about *your* place in the Women's Army Corps. Learn how you can use your background, your aptitude in one of 239 vital Army jobs.

Clip the coupon below, and mail it at once. You will be sent an interesting illustrated booklet explaining the opportunities the WAC offers you—the valuable experience the Army gives you, the deep satisfaction you'll feel in helping to speed America's victory.

Special deferment now offered college women!

If you want to finish your college semester before starting your Army career, you can enlist in the WAC now and arrange to be called to active duty later—any time within the next 4 months.

You must be at least 20 years old before joining the WAC.

THE ARMY NEEDS WACS...
THE WAC NEEDS YOU!
WOMEN'S ARMY CORPS

Home Ec. Dept. to Give Summer Course

The University of Vermont, through its Home Economics Department, is offering summer courses in institutional management, and quantity cooking, according to an announcement from Dr. Florance B. King, director of Home Economics.

These courses, which will be given in connection with the University's six weeks summer session which opens July 10 will be in charge of Miss Helen E. Underwood, assistant professor of Home Economics and director of the University's food service.

The courses says Doctor King, are primarily for former graduates in Home Economics or for other students interested in completing the academic requirements for membership in the American Dietetic Association, and in preparing themselves for internship in accredited hospitals or as army dietitians.

Organ Recital Presented in Chapel

Miss Mildred Moeller Marsden of the Music Department presented an organ recital Sunday, May 14 at 4:00 P.M. in the Ira Allen Chapel. The program was divided into three groups. The first group consisted classic works by Bach and his contemporaries Handel. These were Prelude and Fugue in F Minor by Handel; Concerto Gross Cantata God's Time is Best Adagio from Toccata and Fugue in C and Fugue in E flat all by Bach. The last movement of similar to St Anne's fugue, but it is not known whether the two were written by Bach or whether the similarity is coincidental.

The second group was made up of four modern preludes. My Inmost Heart Doth Pierce by Brahms and Sleepers Wake a Voice is Calling by Bach were familiar to the audience as well known hymns. Miss Marsden played All Praise To Thee My God This Night a chorale prelude written by Strube. Although he was born in England he is now living in America Strube played the dedication for the organ in the Ira Allen Chapel. Christ Thou Lamb of God by Karg Elert is a modern German composition.

The third group was composed of works written in our present day. The first of these was the Pastorale from Sonata Op. 30 by Dr. Richard Strebe who is Director of Music at St Michael's College in Winooski Vt. He was present at the recital. Similar Compositions by this Freed composers were In Paradisum by Mulet and the Finale from Vierne's Fourth Symphony. Miss Marsden's final rendition was Stewart's The Enchanted Isle from Scenes from Shakespeare's The Tempest.

W.A.A. Banquet

(Concluded from page 1)

Meisner, George Mary Jane Lottie, Ruth Schrupp, Barbara Tenney and Marjorie Martin all of class of '46. There were a number of freshmen who have an excellent start towards their emblems and received honorable mention they are Marjorie Cutter, Nan Islander, Ruth Bancroft, Nancy Ladd, Crystal Maione, Mary Peare, Jim Raymond, Marion Rossman and Pat Van Amringe.

Spike Receives Cups

Spike Thornton '46, was the recipient of many cups which shows her great activity and interest in W. A. A. She received the ping pong and badminton cups and also the basketball cup as Captain of the winning Green 37 team. The bowling cup was awarded to Allen House and Jean Dorchuck received the Archery cup.

Participation Cup

The participation cup goes to the house or campus with the highest per cent of activities in W. A. A. was awarded to Cutler's House. The cup is now on exhibition in the living room.

Next in line were Pratty, Lawrence and Converse.

Staff Receives Gifts

The present All Sports Club members Betsy Bowman, Dawn Perkins, Mary Quinn, Pat Palmer and Phyllis Taylor presented Miss Cummings with a book and Miss Butler and Miss Hoffman with U. V. M. bracelets. Miss Cummings gave Spike a book prize which will be displayed on the bowling alley this summer.

Installation

The new All Sports Club members, Lois Bumpus, Alice Rose, Barbara Bateman and Betty Ritchie were invested with the green V and 37 pendant, Phyllis Taylor.

Boston University recently awarded honorary law degrees to Lord Halifax, British ambassador to the United States and Gen. Dan W. Tooker of Ohio.

2 STUDENT NURSES RECEIVE THEIR CAPS

Among the nineteen pre-clinical nurses capped at the Mary Fletcher Hospital on May 9, were two girls from the University of Vermont. These girls Ruby Sanderson and Barbara Tenney, are sophomore students in the Five Year Nursing Program of the University. The ceremony took place in the Nurses Home and the Florence Nightingale Pledge was recited by all the girls who were capped. After the ceremony there were refreshments for the parents and friends of the girls.

Ruby Sanderson is also an officer of the new Nursing Education Club. This club, which has just been organized by the students of the department is under the guidance of Miss Dave Crabbe the director of the School of Nursing. At the first meeting of the Club the following officers were elected: President Patricia Brayton, Vice President, Ruby Sanderson, Secretary Nancy Caswell, Treasurer Roilanie Chesatre.

One of the duties of the club will be to choose the uniform and caps for the University School of Nursing. Also during the summer session there are going to be visiting speakers for the graduate nurses class. The Club with Miss Crabbe, is planning entertainment for these women.

Vermont School Publication Contest

Spaulding High and Brattleboro Winners

At the recent school publication contest held by the University of Vermont, *The Sentinel* of Spaulding High School, Barre, was judged the best large school newspaper in the State of Vermont. The prize was a $175 scholarship to U. V. M. which is awarded to the editor in chief. If, however, he refuses it the prize falls to the business manager. A similar scholarship was awarded to a member of the staff of the *Unit* of Brattleboro High School which was judged the best literary publication.

The editor in chief of *The Commentator* of Essex Junction High School was the recipient of a $150 scholarship the award for the best publication in competition with other schools of medium size. The *Union* of Wilmington High School achieved first place in the small school group and received a $150 scholarship for a member of its staff.

Other awards were given to the *Slate* of East Haven High School for general excellence of contents and appearance and quality of departments a $100 scholarship, to the *Mercury* of Bellows Falls Academy, a $100 scholarship to the St. Albans High School for showing the most improvement.

Judges in the contest were Prof. Leon W. Dean of the Department of English, Miss Irene Allen of the *Burlington Daily News* staff and Laura Leedon of the University news bureau.

ATTENTION!

It has been announced that opportunities for two or three girls to work some afternoons during the week taking care of children are open. Also any girl wishing to work for board and room may now find a place.

The Fashion Shop wants four or five girls to work Friday afternoon and all day Saturday, including evening.

Announcement has also been made of a position open to any girl to work at a small farm during the summer for maintenance and $75 a month salary. For additional information about any of these positions inquire at the Office of the Dean of Women.

. . . SOME FINALS TO BE ARMY EXAMS

This year army exams are being given as finals in colleges all over the country. The United States Armed Forces Institute is the educational division of the Army. It was established to provide off duty educational opportunities for service personnel. As part of its program, the Institute established an Examination Staff at the University of Chicago to prepare examinations for use in reporting the educational achievements and status of personnel to the educational institutions from which men and women may wish to secure credit. These examinations will also be valuable in seeing how students of one college compare with those of others.

The University of Vermont offered to give these examinations in any subject but the Armed Force Institute asked them to be given only in History 14, Chemistry 1, Physics 1, French 1, and in Engineering Drawing. They are to be two hours long with the exceptions of a three hour Physics exam and a two and one quarter hour French one.

The marks received will count on the final grade but it will be up to each professor to decide what each student deserves. These grades will be compared with those of other colleges in figuring and establishing national norms.

Prof. August C. Krey has been made chairman of the University of Minnesota Department of History, succeeding the late Dr. Lester B. Shippee.

The Vermont Cynic

VOL. 62 BURLINGTON, VERMONT, SATURDAY, MAY 27, 1944 NUMBER 32

1944 Commencement To Be On Monday

Customary Orations to Be Made Today By Senior Class Members

[illegible] Commencement Program for the [illegible]44 will officially open with the [illegible] Day Exercises on Saturday, May 27. The seniors outfitted in caps and gowns will assemble on the college green below the [illegible] to present the traditional program of guests, and undergraduates.

Colorful Spectacle

[illegible] sunny day with a blue sky [illegible] the invocation of seniors and [illegible] on the bright green campus [illegible] awe-inspiring spectacle and [illegible] forgotten. The audience and [illegible] will be seated in chairs arranged [illegible] a semicircle about the speaker's [illegible] with the college orchestra situated [illegible] side. The exercises take place [illegible] afternoon and this year will begin [illegible] at 3:30.

Program

The traditional program consists of [illegible] addresses and orations given by [illegible] speakers of the senior class, and [illegible] of music presented by the University orchestra.

President's Address

[illegible] W. Prior, of Springfield, Mass., will give the President's Address, which will embodies a few recollections of college days gone by and a look into the [illegible]. Frank was elected permanent class president in April, along with other [illegible].

Lafayette Oration

An oration honoring General Lafayette will be given by Patricia Crowley of [illegible]ngs-on-the-Hudson, N. Y. The University, in person of a senior speaker, pays glory every year to this brilliant French statesman who laid the corner-stone of the early college buildings of the University of Vermont. A statue of General Lafayette stands on the central [illegible] of the campus to give honor to this great patriot who loved America so well, [illegible] as the very symbol of Freedom [illegible] words inscribed on the Vermont state seal.

Class History

[illegible]ne L. McCormack, of West Rutland and member of Mortar Board, [illegible] the college history of the class of [illegible]44. This address will take the [illegible] on a happy tour through their [illegible] at the University of Vermont, [illegible] the opportunity to recapture [illegible] highlights of campus life in peace-[illegible] and to look with renewed [illegible] at the terrific changes brought [illegible].

Speech to Undergraduates

[illegible]acob Katz of New York will address the undergraduates. [illegible] in the accelerated program but has remained on the [illegible] as instructor. Because of [illegible] outstanding member of [illegible]44 his fellow classmates [illegible] him represent them on the [illegible]gram. This address to the [illegible] usually comprises a challenge [illegible] to carry on the [illegible] ideals of Vermont, encouragement to graduates and alumni to unfurl [illegible] and keeping.

Class Poem

[illegible] Proctor, Vt., will read [illegible] written by a committee

(Continued on page 6)

Statues Get Gowns For Commencement

"All Dressed Up and Not a Place to Go"

This year it was Robert Carpenter and Ione Lacy who shared the precarious task of gowning the bronze images of Lafayette and Ira Allen.

The ceremony is traditional at U. V. M. it dates way back to when Lafayette, the only statue we could then boast of was yearly honored as "the soldier, patriot and statesman who brought the ideals of Liberty, Equality and Fraternity over here, and helped us with our American Revolution."

In 1921 James Wilbur presented U. V. M. with a statue of its founder, Ira Allen. Lafayette was moved over to where it now stands in front of the Medical College Building and Ira Allen was plumped down in its place. From that time on both statues have always been gowned at commencement time.

Ira Allen at Dedication

A photograph at the unveiling of the Ira Allen statue shows the high officials all wearing boutonniers of evergreen. This was to revive the custom of earlier days when Vermonters wore sprigs of evergreen as a distinguishing badge at inter-state and national conventions.

According to the June 19, 1921, *Rutland Herald*, "Ira Allen was a type different from Ethan Allen. He was not only a daring pioneer but strong in counsel and resolute in purpose.

"Ethan Allen was the more dramatic figure. Ira was the steady, quiet counsellor, legislator, founder and leader in times of peace."

The *Burlington Free Press* also carried an article on Wilbur's gift.

"There is a human interest story involved in an explanation of Mr. Wilbur's interest in Ira Allen," it said. "He was making a collection of books and manu-

GOWNING IRA ALLEN

scripts relating to early Vermont. . . .

"The more he read the more impressed he was with the man's love of liberty and intense patriotism. He helped colonize Vermont. He mortgaged his own possessions in order to purchase 200,000 guns abroad for Vermont's militia. It is pathetic that he should have been thrown in jail in the state he had served in so manifold ways and forced to flee to Pennsylvania in order to live outside of jail."

It was the custom in those days to put a man in prison for not paying his bills. The story goes that Ira Allen used to say of himself that what he spent he lost — what he gave he had. The $20,000 which he gave to found this University proved to be his most valuable and enduring possession.

The gowning of the statue serves to remind us of all we owe to those who have gone before. It makes us think, too, of how we've grown since that day in 1800 when this University opened its doors to four students who received instruction from a one-man faculty.

Commencement Program

May 27-29, 1944

Alumni Day . . . . Saturday, May 27

9.00 A.M. Alumni Council Meeting, South Conference Room, Waterman Building
11.00 A.M. Phi Beta Kappa Meeting, Waterman Building
12.15 P.M. Alumni Luncheon, Waterman Building
3.30 P.M. Class Day Exercises
6.00 P.M. Dinner, College of Agriculture, Oakledge Manor
6.00 P.M. Reunion of Sororities and Fraternities
9.00 P.M. President's Reception

Baccalaureate Day . . . Sunday, May 28

12.30 P.M. Class Reunion Dinners
3.15 P.M. Academic Procession, University Place
4.00 P.M. Baccalaureate Service, Ira Allen Chapel
President John Schoff Millis
8.00 P.M. Alumni Sing, College Green

Commencement Day . . . Monday, May 29

9.15 A.M. Academic Procession, University Place
10.00 A.M. Commencement Exercises, Ira Allen Chapel—
Henry Merritt Wriston, President, Brown University
1.00 P.M. Luncheon for Trustees and Invited Guests, Waterman Building

Changes Made in Program; Alumni Dinner Is Today

Seniors Plan Post-Graduation Careers

Many Plan to Enter Some Branch of Service

Once again with another senior class graduating and leaving the University of Vermont comes the question "What are you going to do now?" With final exams studying and books things of the past, one would expect they would all take a nice quiet vacation. However by scouring around many interesting plans were disclosed.

There are always those few who just barely finish their college education before marriage. Dorothy Collins is to be married the day after graduation and Priscilla Perkins goes down to Maxwell Field for her wedding which is to be in June. Deane Moore is to be married sometime this summer.

The armed services is drawing many. Among whom are Frank Prior who is in hopes of joining the navy. Peggy Palmer and Sylvia Runnals, who are planning to join the WAVES, and Mary Perry Margaret Delano, Elinor Nolan and Agnes Mulholland who are going to Virginia to join the Signal Corps at the end of this summer. Penelope Easton is to be an Army Dietitian at Sam Houston Camp in Texas.

Many of the girls plan to teach in the fall. Barbara Lane is to be a cadet teacher in Burlington. Phyllis Taylor and Louise Johnson, will take positions somewhere in Vermont.

In the business world we find Patricia Crowley and Alma Gaylord who are to work in department stores in New York City. Helen Levesque is going into the Claim Adjustment Insurance Company in Boston. Nancy Fawcett is going to do personnel work in New York City.

Alison Carr and Shirley Buckingham are going to do social work in New York City.

These are only a few examples of the diversified careers of the graduating seniors, but it is safe to take it as a cross section.

Home Ec. Club Banquet Held at Final Meeting

The final meeting of the Bertha Terrill Home Economics Club was held on Tuesday evening, May 16, at the Home Management House. At 6:00 p.m. a buffet supper was served under the supervision of Miss Doolittle, and Miss Underwood in honor of the departing seniors.

During the evening Nancy Duckstader '46 sang "Trees" and "People Will Say We're In Love" with Norma Chatot at the piano. Hester Heath accompanied Esther Cook who played several violin selections and then they formed a trio with Phyllis Hardy, cellist, and offered two more selections.

After the entertainment the guests were initiated into the Vermont and the American Home Economics Associations by Miss Mills Newlander assisted by Doctor King.

The general chairmen of the banquet were Clara White '45 Francelia Lamb '45 and Ruth White '46, who also assisted with the food. The decorations were composed by Nancy McNamara '46 and serving by Claire Hughes '45. Muriel McKee '45 served as chairman of the Clean-up Committee.

The final year of the University of Vermont and the State Agricultural College will be climaxed on Monday, May 29, by the Commencement Exercises of the Class of 1944. The exercises will be held at ten o'clock in the morning on the Ira Allen Chapel.

The officers for the Day will be Chief Marshal Duncan Smith, Howard M.S. Marshal of the Faculties, James Aitken Pringle, Ph.D., Senior Class Marshal senior David Wright the speaker Henry Merritt Wriston, Ph.D., LL.D., Litt.D., L.H.D. the Chaplain, Rev. David Read, D.D., and Organist Miriam Natalie Martin, A.M.

There are going to be several changes in the exercises this year. The main change will be that all those receiving Bachelors degrees will have a diploma which is to look forward. This innovation is up to the minute idea and will replace the familiar sheepskin with a more convenient and familiar.

Another one of the changes is just a return to former traditions as opposed to those of last year. The Baccalaureate service and Graduation itself will be two separate occasions this year. Last year, however these were combined due to the tremendous acceleration and general strain of the time.

A change which affects the students no end, but is not in itself connected with Graduation Exercises is the fact that on Saturday noon, the Alumni dinner will be held in the large cafeteria. This is the first time that it has been used for the students since the Army came a year ago last March. It is a forerunner of its occupation by the students for some time to come. All members of the University family, and friends of the University may attend.

Approximately 155 Bachelors degrees will be given out, and also several Masters degrees.

The program for graduation is as follows:

Processional—"Pomp and Circumstance" *Elgar*

National Anthem

Invocation Reverend David Read, D.D.

Address to the Graduation Class
Henry Merritt Wriston, Ph.D., L.L.D., Litt.D., L.H.D.

Hymn, "O God, Beneath Thy Guiding Hand"

Conferring of Degrees

Awarding of Prizes

Hymn, "Olympians"

Benediction Clogham

Recessional "Toccata" from Gothic Suite *Boellmann*

SENIOR STAFF MAKES CYNIC PROMOTIONS

At the last meeting of the year the senior staff of the Cynic promoted four reporters to news editors and six scrubs to reporters for the summer term. Bill West has been promoted to Feature Editor for the summer term to replace Lloyd Spiegel who will enter Dental School in June. Those promoted were: News Editors Connie Brownell, Marge Wallin, Mary Thornton, and Barbara Morgan. Reporters, Deena Pord, Betsy Doolin, Margo Nelson, Janet Fickenscher, Mary Jane Little and "Jackie" McCormack. Robert Rosenberg has been appointed Business Manager for the summer.

Alumni

[illegible] a natural feeling of pride every [illegible] we announce [illegible] to the Commencement issue. There are the names of [illegible] who have brought the name and fame of Vermont to the ground. There are those [illegible] the years and have passed them by on the ground. There will be looking forward to the [illegible] and we must be proud. In spite of the many publications which have contributed to during our college years 1941 to 44 have been [illegible] the names of Vermont men [illegible] We have been a unique year [illegible] of us the students and administration [illegible] graduation. It may be said that Vermont has weathered [illegible] and has [illegible] to the generation. We combined with some [illegible] the dramatic and changes that prevailed last fall. Every [illegible] was grasping for something and we have learned to realize exactly what [illegible] the greatest of the men [illegible] the dramatic productions [illegible] the theatre. Every [illegible] and [illegible] Dramatic [illegible] we [illegible] Christmas and has continued to grow [illegible] Winter [illegible] and [illegible] We produced a War [illegible] Have Wings, Like Us?" and a Comedy, Hay. We have published [illegible] We have [illegible] and now we are in the [illegible] commencement [illegible] pre-war commencement [illegible] possible [illegible] we have not entered on the sports but we have [illegible] now [illegible] the campus [illegible] the smoking and [illegible] of preparedness [illegible] and to learn to take [illegible] We have watched our student government grow in prestige and power. With just a note of apprehension we watched the Air Corps depart but this was soon dispelled by the added [illegible] We have studied hard, we have worked hard and we have had fun. It has been a good year.

Seniors

[illegible] and goals are [illegible] graduating seniors. They are [illegible] college or [illegible] and they have worked tirelessly to preserve the traditions and spirit of Vermont. No one need tell these graduates what kind of a world awaits them for they are already aware of the [illegible] Many will receive [illegible] and [illegible] will [illegible] and a determination [illegible]

Sorority Notes

DELTA DELTA DELTA

Mary Lou Connell '46 [illegible] and Madeline Eddy '47 were initiated May 17 and entertained at dinner at the Ethan Allen.

We are sorry to see Mary Lou Gott [illegible] but we feel assured she will be welcomed the guests and will get to New Haven Conn. all right.

Some familiar faces that will be seen back at U. V. M. are graduates are those of Lois Bennett '42 Jane Young '42 Dottie Arnold '44 and Edith Newell '43.

The seniors and many of the underclassmen are remaining over May 30 for Dot Collins wedding to Dr. Robert Wilson in Essex Junction. The ceremony will take place in Colchester.

Edie Newell '45 is leaving for the WAVES on June 29.

Ann Remington Bowker ex '44 called at the house with Norris Jr. aged two months.

Dottie Geer returned to Vergennes on the 19th. Marie Raymond Templeton '42 and Sid Jeffers Haigh.

All the Tri Delts who were still in town Wednesday packed up bathing suits and picnic baskets and went out to Mrs. Rutledge's camp at Appletree Point. That's a wonderful way to throw off those post exam blues.

Best wishes to Kaye Herrick who has a job with Pan American Airlines at LaGuardia Field awaiting her and good luck to all those graduating.

ALPHA CHI OMEGA

Ivie spread, a tradition of former years will be revived this year on Saturday, May 27. Alumnae, actives, parents and friends are all invited. A picnic supper will be served outside weather permitting. Shirley Needham and Chris Hughes have charge of the food, aided by the other unfortunate underclassmen.

Two of our enterprising Yankees, Rosamond Hughes and "Doodie" White, have been making money on a sandwich route for poor, starved "crammers." From 9 to 11 they go the rounds of the dorms with a big basket of sandwiches of many varieties. They say sales are good and the basket is usually empty when they return.

Barbara Hall Howe has finally set that crown of graduate. Last Saturday she was in town long enough to take her examinations, then disappear again with Mark. Monday she appeared again after Mark had gone back to his station at Westover Field, Mass. The latest news on the subject is that Corporal Howe will be here to see Mrs. Howe get her degree.

With their degrees in sight the seniors are planning all kinds of things. The Army gets Rosamond Hughes, Marie Lanou, Erika Heininger, as dietitians and the Army Signal Corps gets Mary Perry and Jean Davison. Ramona Hathorn, Virginia Crocker, Barbara Howe, Barbara Clark, Janet Anderson, will be teaching. Ruth Gorham is to be a dietitian at Peter Bent Brigham. Eunice Watts is to be a dietitian at the "Hot Shoppes." Harriet Whitney is going South for her health. Sylvia Runnals is starting out on a bicycle trip and Louise Buccelo says she is going to retire. Good luck, Seniors.

PI BETA PHI

"Gussy's" mother came up Saturday. A big surprise to us all! She and her mother spent the week-end in Enosburg Falls.

Pussy is busy buying her trousseau and every time she comes through the door, the contents of her packages make the kids green with envy.

Mother "Rats" has become a virtual sanitarium for those afflicted with the familiar diseases. Years: Jitters.

Connie Barbie Powers and Phil are going to spend their summers at a Herald Square camp.

Jackie and Jo Garrity will put their vacation time in at B. U.

"We will keep a free press as long as we deserve it—no longer."—Roy Roberts, managing editor of the *Kansas City Star*, to the American Society of Newspaper Editors.

Prof. Rowell, Popular Among Students, Speaks of His Work

By Joan Garrity

I met a glaring example of what may happen to any student who goes to our [illegible]. This statement was made by Prof. Lyman Rowell, Assistant Professor of Zoology here at the University of Vermont. Professor Rowell then went on to explain this statement.

Green Freshman

A [illegible] green freshman to come to U. V. M. from Chicago, Ill. He gave his reasons for coming here was the high standing of our Medical College. At that time Professor Rowell had very definite ideas about going into the medical profession. However somewhere among the [illegible] mathematics took his fancy. So he put aside his sciences for the time being and graduated from Vermont as a math. major.

Although Mathematics was his field of concentration, Professor Rowell always took Zoology courses during his four years as an undergraduate student here.

"Zoology was a subject that never was hard, but rather always enjoyable because it was so interesting," he explained. "At the time I regarded it as an avocation."

However during the course of years it has come to be Professor Rowell's vocation rather than avocation. After graduation, he accepted an assistantship in Zoology at U. V. M. and since 1926 has been a faculty member.

Research Work

Summers found Professor Rowell doing research work at the Marine Biological Laboratory in Woods Hole, Mass. When asked for details about his work there, Professor Rowell replied, "That's something else again. Don't ever get anyone started on the subject of Woods Hole. Anyone who has ever worked there will never cease to sing its praises. It is an exceptionally fine place to meet scientists from all over the world and share their experiences and viewpoints. The atmosphere is excellent."

Professor Rowell has always been popular with students and faculty members alike. His outside activities give evidence of this fact. He is University Marshal, a member of the Arts and Sciences Curriculum Committee, Advisory Board, Personnel Committee and Senate Honors Committee. He was a member of the Vermont Wild Life Federation and secretary of that organization for three years before it suspended activities for the duration. He also acts as a faculty advisor for Key and Serpent, Men's Junior Honorary Society, and Mortar Board Sen[illegible] ary Society for women.

Gardening

Gardening, however, is Professor Rowell's main outside interest. "We [illegible] out doors during the spring, [illegible] mer months," he said with a [illegible] we won't call it a victory garden [illegible] always had it." The Rowell's [illegible] flowers and vegetables. Right [illegible] are cultivating a fruit orchard [illegible] different kinds of fruit. "Dea[illegible] has promised me that he will [illegible] for my overabundance," he said [illegible] acknowledged that the orchard [illegible] a traveling man's sample [illegible] amounts in close quarters.

Since Professor Rowell is [illegible] instructing pre-medical students [illegible] him what he thought about [illegible] tional system and the trend toward [illegible] tionalized training. He proceeded [illegible] plain his views on this trend.

"The Liberal Arts college has had [illegible] demands to include courses of a [illegible] nature and it has acceded to those [illegible] until there is some doubt as to [illegible] the college has been performing [illegible] nal function of giving a liberal [illegible] or has become a stepping stone to [illegible] tional training.

Opinion

"Most students view the course [illegible] in the light of, 'how can it be used [illegible] graduation'? They want specific [illegible] courses to fit them for a definite [illegible] is very difficult to convince an [illegible] freshman that a Liberal Arts degree [illegible] out vocational training carries [illegible] an excellent background for any [illegible] tion.

"Just as in my own case [illegible] change his mind several times. The Liberal Arts course provides a background for all of these changes, the specialized training comes later when we find [illegible] our special field.

"I am teaching pre-meds and [illegible] course is definitely pre-professional [illegible] of the hardest jobs as an adviser [illegible] convince these students that courses [illegible] ing a liberal education are as [illegible] to them as those required for [illegible] into medicine. The practicing [illegible] is an important member of a [illegible] and is in a position to contribute [illegible] to its culture and progress. To [illegible] him best, I believe a four year [illegible] Arts course followed by professional [illegible] ing the logical procedure."

Debating Still Flourishes At Vermont, Even During Wartime

By Bunny Lieberman

Although the Debating Club was slow getting underway this year, by November the membership consisted of: Shirley Harris; Eileen Picket; Pearl Weisbard; Fran Donahue; Ruth Jordan; Doris Dwyer; Lilla Blumberg; Lloyd Spiegel; Jake Katz; and Bill Cook. Plans were formulated for a full season of intercollegiate and intramural debates.

The first of the debates was held on December 9 at Middlebury. Lilla Blumberg and Lloyd Spiegel took the affirmative as opposed to Middlebury's negative on resolved that: "The United States should cooperate in establishing and maintaining an International Police Force upon the defeat of the axis." There was no decision.

On January 6 Shirley Harris and Lloyd Spiegel took the negative of the same question while Middlebury took the affirmative. This debate was held here and again there was no decision.

On March 24 our guests were speakers from McGill University. Lloyd Spiegel and Bill Cook opposed them with the negative on, resolved that "Medicine should be state controlled." Vermont won the decision.

On April 20 Fran Donahue and Lilla Blumberg defended the negative against New York University's affirmative in a radio debate broadcast over station WNYC. The question was, resolved that: "The United States should establish a system of compulsory military training after the war for *all* high school graduates or upon reaching the age of 18." All four speakers prepared manuscripts [illegible] utes in length, which were [illegible] reading of these scripts was [illegible] a discussion period. In preparation this latter, each side brought [illegible] which it could ask the opposition. There was no decision.

The following day Pearl [illegible] and Lloyd Spiegel visited Bro[illegible] lege where they upheld the negative [illegible] Brooklyn's affirmative on, resolved: "The colleges of the United States [illegible] continue on an accelerated basis [illegible] war." There was no decision.

On April 29, Eileen Pickett [illegible] Cook were guests of Dartmouth [illegible] mont took the negative vs. [illegible] mouth's affirmative on—resolved: "The United States should [illegible] establishing and maintaining [illegible] tional police force upon the [illegible] Axis." There was no decision.

On May 13, two debaters from Dartmouth in V-12 were [illegible] Vermont and supported the affirmative the question—resolved that the United States, in order to secure [illegible] tain world peace, should adopt a [illegible] ing plan upon the defeat of the [illegible] tions. . . ." The affirmative [illegible] Eileen Pickett and Doris Dwyer [illegible] state and make its plan clear [illegible] speech. The Dartmouth speakers [illegible] Robert H. Luerding, of St. [illegible] and Lionel S. Beck of New York.

Vermont has had a very successful debating season and remains undefeated.

Senior Class Officers

Frank Prior

[illegible] S. Prior a chemistry student, [illegible]field, Mass. After graduation he will go into the Navy. As class president he will head the class of 1944.

Sylvia Runnals

[illegible]ent in athletics is Sylvia Runnals of Montpelier. She was president of W.A.A. this past year and has won prizes in bowling, badminton, baseball and basketball, and the rifle team of which she is enrolled in the business course.

Elizabeth White

[illegible] secretary Elizabeth White of Pittsford, and is this year's president at the Alpha Chi Omega house. Her campus activities include W.S.G.A., Y.W.C.A., Classical Club, Outing Club and Student Government.

Barbara Hall

[illegible] Hall was president of Student Council, and has been a member of Cap and Dagger, Sundial, and Mortar Board. She has belonged to Y. W. C. A., Student Christian Council, Joint Conference, and Judiciary. She was manager of Badminton [illegible] years. Barbara, whose home is in East Randolph plans to teach [illegible] next year.

[illegible] have come to unite in support [illegible] policy of our government [illegible] to assure international freedom [illegible] relations."—Dean Carl W. [illegible] of Columbia University's [illegible] of Journalism, in his annual re-[illegible]

WSSF Aid Reaches Vermont Grad Who Is Prisoner of War

Students on the University of Vermont campus who have bent their energies to the raising of more than $1300 for the World Student Service Fund may not have realized that their contributions would have the immediate result of benefiting one of their own fellow students. That such is the case is proved by a letter received by Pres. John S. Millis from Miss Wilmina Rowland, executive secretary in the New York office of WSSF. Miss Rowland's letter mentions a cable from the European Student Relief Fund in Geneva which works in cooperation with War Prisoners' Aid of the YMCA, the International Red Cross and the Bureau of International Education.

The cable, says Miss Rowland, mentioned the needs of a former University of Vermont student, C. L. Nussbaum of the class of 1940, now a prisoner of war in Germany. As a result of this message, the New York office of World Student Relief has sent to Geneva a number of technical books dealing with business administration for which he asked. Additional books, as well as paper, pencils, microscopes, drawing materials etc., are supplied for the study program in Mr. Nussbaum's camp, from the European Student Relief Fund's Geneva warehouse, made possible by contributions from American colleges to the World Student Service Fund.

Co-eds Plan Tour of New Eng. Hostels

Exactly one week from graduation four brave U. V. M. co-eds will hit the road between Massachusetts and New Hampshire for a two-week hostel tour. The expedition will get under way at Montpelier from "Syl" Runnals' home. Under the burden of their sleeping bags, raincoats, frying pans "Ag" Mulholland, Deane Moore and Irene Fahey will meet "Syl," get their hostel bikes and head south.

The first point of interest in their journey will be a visit at Bellows Falls, where they will help "Phyl" Taylor celebrate a most important event—the birth of a colt to her trusty mare.

When asked about their route, the four stated that they of course would have to wheel up to the White Mountains of New Hampshire and of course from there to Massachusetts' Berkshire Hills—nothing too lofty for these adventurers.

They emphatically asserted that the purpose of this trip was not to lose weight since it is their purpose to visit every corner drug store. An added attraction will be the various country scenes. As they pass through the towns they expect to make their presence known by singing some of their college songs.

Through their correspondence with the authorities of hostels in New England they were informed of several regulations. They were rather disappointed to learn that they would be expected to leave the hostel camps by nine o'clock in the morning. However, this problem can easily be remedied. They will simply camp outside the cabin in grass and finish their beauty sleep.

To give a variation to their hard work of cycling up and down hills, the girls will stop at all available creeks and lakes for a short dip.

At the end of June the four will part ways and hobble home.

Rushing Rules for Sororities Are Announced for Fall

No Written Rules; Honor System Will Be Tried

Changes in the rushing rules to take effect next fall have been announced by the Pan-Hellenic Council.

Informal Rushing will start [illegible] October 9 and will continue through November 19. During the period the sorority rushing parties will be held. Sororities [illegible] afternoons as usual but other changes will be [illegible]

It was decided that subject [illegible] be drawn alphabetically the freshmen should be able to sign up with their friends in the sorority they wanted. They will then rotate among the sororities the first and second Sundays but on the third Sunday may visit ones of their own choosing.

Each sorority will send written invitations to the girls they wish to invite to their Saturday parties. The freshmen should answer all the invitations they receive so that the sororities may know how many to make arrangements for. These parties will last just three hours so that the freshmen may make their plans accordingly.

Formal rushing will be much the same as in other years and will last from November 20, through November 25. Signing up and pledging will be November 28. Thus the entire rushing program will last only a month.

There are to be no written rushing rules, but instead an honor system will be in effect. This is an experiment and every sorority woman will be on her honor to do what she thinks is consistent with fair rushing. The system will be in effect as soon as college opens in the fall.

There is to be an open meeting for all Greek letter women in addition to the usual meeting held for freshmen by Pan Hellenic. At the meeting for freshmen the council plans to have a sorority woman whose sorority is not represented on campus speak.

A definite sum will be allotted each sorority for the entire rushing season. The sororities may spend the money as they wish but must keep an itemized budget.

Pan-Hellenic is putting out a booklet to be sent out this summer to members of the entering class, so that they may know about sororities before they come to college and discuss the subject with their families. There will be enough copies for upperclasswomen.

TWO ENROLLMENT DATES SET FOR NEW ENGINEERS AT U.V.M.

Students wishing to enroll in the College of Engineering at the University of Vermont will be admitted at the beginning of the fall term which opens this year on October 2, as well as on June 12 when the summer term opens, according to an announcement today from President John Schoff Millis.

The original decision to admit engineering students only on June 12 was made in order to enable 17-year-olds to obtain the maximum amount of college training before entering the armed services. This new decision to start a second class on October 2, is to accommodate returning veterans who desire to enter engineering as well as 16-year-olds and others who may wish a summer's employment before entering college.

Mr. Powers Works Hard; He Is Cheerful And Efficent

By Jerry Margolis

[illegible] Mr. Powers the answer [illegible] the phone at the Lawrence at Vermont as a [illegible] from Vermonters that [illegible] back. He was born in Morris, Vt. in the "northern county" in which [illegible] and graduated. Then before [illegible] to the Southern [illegible] Mr. Powers [illegible] [illegible] and [illegible] [illegible] [illegible] [illegible]

He [illegible] taught school in Vermont, [illegible] the privilege of the Vermont Academy, [illegible] [illegible] U. V. M. [illegible] the Superior for Vermont colleges [illegible] [illegible] Mr. Powers [illegible] [illegible] the New England Teachers Placing Bureau [illegible] superintendent. [illegible] [illegible] [illegible]

He returned [illegible] to the Vermont PTA and [illegible] the many duties he performs so efficiently and efficiently. He provides the housing accomodations [illegible] and the Vermont Christian Association. **His highest interest is to help students to work and live together.**

When asked for criticisms he might have about the students and the campus he was very reticent and would offer none to this reporter. He did have strong praise for the "excellent group of young people" here. He praised those students who through the hard work gained initiative, background and training.

A most valuable suggestion of a better spirit of cooperation between students, faculty and administration as a vital part of any university, was offered. Mr. Powers' orchid goes to the administration for the good job they did gearing the University for the army. He regrets they had to leave us although it is good news to know that we will not need quite so many men in the future.

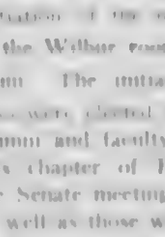
As a close to the interview Mr. Powers stressed the fact that all must work to preserve the University of Vermont in its plan of educating the young people both of Vermont and other states.

Our praise goes to you, sir, for the fine job you do in helping every and each one of us in the problems of college life and the adjustments necessary to a happy and successful college career.

Merritt D. Powers

Phi Beta Kappa To Hold Meeting

On Saturday morning, May 27, at 11:00 the Vermont Alpha chapter of Phi Beta Kappa will hold a meeting and a formal initiation of the newly elected members in the Wilbur room of the Fleming Museum. The initiates will include those who were elected by the members of the alumni and faculty who are members of this chapter of Phi Beta Kappa after the Senate meeting on Thursday evening as well as those who were elected earlier in the year, whose names were announced on Founder's Day. Miss Mary Jean Simpson, Dean of Women, president of the chapter, will preside at the meeting and initiation on Saturday morning.



The members whose names were announced on Founder's Day are: Saul Bovarsky, formerly in the class of 1944 now in Medical College, Rose Eisman '44 on the accelerated program, Ione Lacy '44, a Home Economics student, and Jacob Katz '44, who graduated in January.

Seven Distinguished Members of Faculty Retire This Semester

Prof. Frederick Tuttle

Dean Justin I. Miller

Dean Justin I. Miller of the College of Agriculture. Under his leadership the staff of the College of Agriculture has increased from 5 to 125. His support and enthusiasm were instrumental in securing the introduction of agricultural courses in the high schools. He holds honorary doctor of science degrees from Massachusetts State College and Rutgers University.

Prof. Richard C. Jaynes

Prof. Richard C. Jaynes who teaches geology and mineralogy, has been at U. V. M. for 45 years. He received his B.S. at the Massachusetts Institute of Technology in 1890 and his M.A. at Columbia in 1913.

Prof. Gordon P. Burns

Prof. George G. Grout

Miss Helen Shattuck

Miss Helen Shattuck is retiring after 34 years as Head Librarian of Billings Library, during which the library has more than doubled in size.

Prof. Arthur H. Stoddard

GRIFFIN'S HOUSE CELEBRATES AWARD

Seniors Tell What They Will Miss Most About The College

"Barbie" Hall said that she liked most of all the friendliness she found here. She said that Vermont is just something U. V. M. has. I will miss mostly my friends. I will miss Burlington as a city—my associations with Dean Simpson and working with groups representative on campus—the walk across campus to Science Mac Parker and Mrs. Adams with pass words [illegible] the little things one gets just from living and can't be explained.

Nancy Garland said "to the kids—how I will miss them! I'll never see again my pet mice or white rabbits as the case may be with the exception of the mice. That is what Vermont means to me. Evenings studying around a Professor Colburn and class with my little drawing board under my arm—the combination of waiting table and getting to class everyday that were waiting when an opportunity ever came should take advantage of it. Bartlett, the name Bartlett. Dorm management house to visit—the gentlemanly way girls get treated and the crazy times not having the opportunity of going back on Redstone Campus. One thing I will never forget are the old dusty, ragged class banners hanging in the library—they are the first thing that struck me when I first came on campus. I'll miss trotting over to the library to do my Home Ec. outside reading—but that is a good miss. I never realized that I will never again see the same people in the same surroundings, until the other day when the man brought my trunk into my room. What an empty feeling I have when I think of leaving Vermont, and going out in the not-so-cold, not-so-cruel world.

"Al" Mulholland said that "naturally I will miss most of all the friends I have made on the campus in the spring working in the kitchen—Miss Quinn and her inimitable chowders—Professor Colburn's [illegible] required on burning midnight oil for studying—the [illegible] the W. A. A. basketball banquet—[illegible] the darkness coming [illegible] kids in Cattle Congress—all lit up at night."

Meg Cross said "I will miss my friends. [illegible] Vermont campus in the winter with all the snow on the trees—the view of the lake from the Ira Allen Dorm and the view of the mountains from Redstone Campus—the long talks I had with [illegible] when I was supposed to be studying—[illegible] on the porch all the gay parties a senior has when she is about to graduate—good old Commons—our waitress—[illegible] my dairy maid people—we had a good time with them."

Thelma Mudge said "I'll miss my friends most of all—I'll miss exams and everything—but mostly the kids—going down street in the middle of the evening—meals at Jerome's and dinners at Kard's."

Let's All Fight—Buy War Bonds Regularly

Seven Girls Bound For Siestas, Spanish Caballeros in Mexico

Peg Donnelly

Last November seven U. V. M. co-eds had [illegible] a perfectly [illegible] plan. They, members of Senior Spanish classes all of course, studying—South America was the [illegible]. Then they realized that all highways are not safe passage boats and [illegible] was a long swim to Brazil. So it was arranged to travel down to Mexico—but with the summer only four months long this plan was put aside as impracticable—and the Mexico idea was not [illegible]. Ever since it has been the subject of the moment.

Whenever the word Mexico was mentioned in the hunger classes or the dining room, which parts it was picked up and a "gal" session was formed on the [illegible] the magical subject of Mexico. That knot of girls you have seen enthusiastically talking includes [illegible] Thornton, Connie Campbell, Edna Cutler, Gloria Kaiser, Alice Edwards, Peg Donnelly and Ag Mulholland—you remember Dead-eye, the marble champion. The last member of this expeditionary force is Pete Hart, U. V. M. '43. The purpose of the expeditionary force is to study Spanish as it is spoken, with a minor in caballeros. The passports will make no mention of the latter. The only drawback is that all the Spanish they know is "Si, Si." They expect to brush up on their Spanish conversation before leaving so that their vocabulary will be extended to "No, No."

Summer School

The girls will live in private houses and will take one or two courses in Spanish and Mexican art in the six weeks summer school of the National University of Mexico in Mexico City. Here they hope to learn something of the language, the country, the people, the customs, and the spirits. The seven have a deathly fear of losing their hair—not scalps—and so will take the necessary typhoid fever "shots" to prevent that. They say that the climate is approximately a constant 60 degrees temperature, so the seven are all taking light cotton dresses. The idea of a noon siesta is attractive to these people who haven't slept for eight long months.

The expeditionary force wishes the inquiring reporter to express its sincere gratitude to the Romance Language Department and, in particular to Dean Simpson, for their invaluable help in planning this adventure. Miss Simpson momentarially gasped when the seven walked in to her office, told her they wanted to go to Mexico, and asked for information. Since that time Miss Simpson has written volumes of correspondence to Mexico and the State Department, and has secured the desired information. Miss Simpson is really the director of the expedition. She is the one who has brought the pipe dream down to earth, and made it a practicable working plan.

Book

Connie and Peg have decided to write a book about their experiences this summer. Illustrations and cartoons will be done by "Spike" Thornton. The collaborators have just finished a course in the modern novel, and so feel well prepared to write this adventure story. It will be entitled "All They Could Say Was 'Si Si'."

The seven will leave by bus at the end of June. They plan to stop at San Antonio, Tex., to straighten out backs that by that time will be in pretzel form. Then on to Mexico City. They say that they are going to study Spanish—we wonder. The idea, crazy as it may seem, is really very practical, since all the girls are interested in Spanish. No doubt for the first few weeks they will walk around, each with a different section of a Spanish dictionary, so that they can collaborate on conversation. This reporter feels that they should be handcuffed so that they may not stray from the group and thereby lose a valuable chunk of their conversation. It would be fruitful if they lost the "A" section of the dictionary, and couldn't even ask for aqua—water to you.

Aviation Course Offered in Summer

Ground School Training To Include 90 Hours

A ground school course in aviation will be given at the University of Vermont Summer Session from July 10 to August 19. The course will consist of 90 hours of instruction with a minimum prerequisite of high school graduation. More comprehensive than the one formerly offered by the government to civilian pilot students, it will cover the study of the theory of navigation and maintenance of aircraft. While not "solo" pilot training, it will be accepted as an equivalent for the ground school training given by private flying schools.

The course will include 30 hours of instruction in civil air regulations and general servicing and operation of aircraft, air navigation and flight instruments, and theory of flight and aerodynamics. The instructors [illegible] Professors [illegible] Williams, J. A. Hillyard, and [illegible] Hammond, all of the College of Engineering, as the University.

The government, it is understood, holds that courses in aviation should be made available to students. What is becoming an essential part of engineering curriculum that [illegible] should be able to navigate aircraft, even [illegible] into their classes. This course is intended to train students of high school age in the basic principles of aeronautics, to give them a preliminary training in mathematics, mechanics, geography, physics, chemistry, [illegible] before entering college.

Honorary Society Has Long History On U.V.M. Campus

Founded in 1848; First Chapter to Allow Women

The local Chapter of Phi Beta Kappa was founded at Vermont on May [illegible] under a charter granted by the [illegible] Dartmouth and with the [illegible] consent of the chapters at Harvard, Yale, Union, Bowdoin, and Brown [illegible] other New England Chapters at [illegible] Four faculty members together [illegible] John Wheeler, President of the University became the charter members. It was actually founded in the Wheeler mansion on the corner of Prospect and Main [illegible] which has been recently purchased by the University for an infirmary. The Vermont chapter was the eleventh chapter of Phi Beta Kappa in the country and was under President Peabody in 1875 the first chapter to allow women to become members.

This organization was founded primarily for the encouragement of scholarship, and the members are elected on the basis of high scholastic record and good character. Normally a few outstanding members are elected at the end of the junior year, the announcements being made in the following fall. The annual banquet which is usually held for the new members in December was suspended this year so that the announcements made on Founder's Day, May 1. Three of the members, Sam Boyarsky, Rose Eisman, and Jane [illegible] were chosen on the basis of three years' work, the fourth member, Jacob Katz, was graduated in January was elected on the basis of four years' work.

Members of other chapters can become associated with the Vermont chapter even if they become affiliated with the University. The faculty and administration members who are now associated with the chapter either by initiation or later association number about seventy-five. One of its activities has been for a number of years the maintenance of a [illegible] for members of the senior class, presumably members of the chapter. Of especial concern this year was the [illegible] of a substantial amount towards the purchase of the Wheeler House.

The meaning of the Greek letters on the Phi Beta Kappa key is: *Philosophia Bion Kubernates*—Love of Learning the Guide of Life.

All Sports Club Holds Banquet

As a last fling before the approaching "Finals," the members of the Women's All-Sports Club honored the new members at a banquet at Howard Johnson's last Tuesday evening. Those present were Miss Cummings, Miss Hoffman, and Miss Euler of the Women's Physical Education Department; Mary Quinn, Priscilla Perkins, Sylvia Runnals and Phyllis Taylor of the old All-Sports Club and Barbara Burnham, Joyce Byington, Alice Rowe and Betty Ritchie, newly elected members to the All-Sports Club. Peggy Palmer, also a member of the outgoing members of the Club was unable to attend because of poison ivy. As part of the initiation, red roses were given to the old members and yellow to the new.

In the very informal atmosphre of Howard Johnson's, the members held their business meeting. Betty Ritchie will be next year's president and Joyce Byington the secretary-treasurer. Along with helpful suggestions from the retiring members, the new organization discussed tentative projects for the coming year.

In order that the occasion would not be forgotten, pictures were taken of the old and new members, and of the entire group.

Hillel Foundation Plans New Program

Jewish Library Is One Of Considered Projects

Rabbi Ende of the Hillel Foundation announces that the house will be open throughout the summer on the campus of the University of Vermont. Although no planned program has been arranged for the summer months, all students, relatives, and friends are most welcome at any time at the house.

Sonia Perkins, incoming president of Hillel at U. V. M., will attend a National Leadership Week Institute early in September. She is expected to return with many new ideas and plans of interest to everyone at the University.

"Among the plans now under consideration," states Rabbi Ende, "is the establishment of a Jewish library at Hillel House. We also expect to broaden our cultural program and to take part in an expanded program of the Committee on Religious life. Although we were unable to do so last summer because of no planning agency at Hillel, we are looking forward to bringing to the campus next year some nationally known speakers."

There will have been undoubtedly many changes at Hillel House upon the opening of the next autumn term. The foundation expects to carry on, continually expanding its program in the months to come.

Co-ed Band Concert Held on Campus

"Joe" Lechnyr Given Token of Appreciation

The mid-campus bandstand was the scene of a band concert given by the U V M co-ed band on Wednesday, May 17. This the first time in over a year that the bandstand complete with electric lights, has been used. In years past concerts by the R.O.T.C. band were well attended by the townspeople as well as the student body.

Under the baton of Dr. Joseph Lechnyr the band played marches, overtures and novelty pieces. Perhaps the most appropriate was the "Mesquito's Parade." The performance of the newly formed twirling contingent elicited many favorable comments for every side.

During an intermission Dean Simpson congratulated the band and told of the various activities that would either be revived or strengthened next year on the campus. Marjorie Rubin, president of Student Government, also said a few words about future plans. In behalf of the band Margaret and Frances Donahue co-organizers of the band, presented "Joe" with a briefcase in appreciation of his patience, good humor, and the unending work he has put into the building of the band.

Since raineloud were gathering overhead, a few Vermont songs were played including the ever-present "Cotton Babes." The program ended with "Champlain" and "The Star Spangled Banner" amid a deluge of rain.

The Co-ed Band ends its activity for the term this week-end, by giving two concerts for the Alumni of U. V. M. who are expected to return to campus for the Commencement festivities. The first performance will take place in the rotunda of the Waterman Cafeteria on Saturday noon at the annual Alumni Luncheon. The second appearance will be at the Alumni Sing on Sunday at 8.00 p.m. on the campus when they will play some of the songs that are familiar to the Alumni, plus some new songs. The program will consist of such numbers as Campus Memories (a medley of old college favorites), Trapelo Overture, Oklahoma, The Teddy Bear's Picnic, several marches, and Vermont songs. Harriet Cohen, leader of the twirlers, will head the majorettes in an exhibition of twirling.

Previous to this year, the music for these occasions has been furnished by either the Burlington Military Band or the R.O.T.C. Band, both of which were also under the direction of Dr. Joe Lechnyr. Margo Donahue, student manager and one of the organizers of the recently formed Co-ed Band, hopes that the Alumni will find it as worthy to carry on the U V M spirit as any former band.

A dime out of every dollar we earn
IS OUR QUOTA for VICTORY with U. S. WAR BONDS

Mary Fletcher Nurses Graduate at Chapel

Commencement exercises for the Mary Fletcher Hospital were held in the Ira Allen Chapel, May 17. The diplomas were presented to the twenty-one members of the class of 1944 by Lester E. Richwagen, hospital superintendent. Members of the class were presented by Mabel F. Huntley, director of the School of Nursing and Nursing Service.

Pres. John S. Millis gave the commencement address. "Your accomplishments are greater than [illegible] course ends," Dr. Millis said. "Still as you conduct yourselves proper will [illegible] the nursing profession." He also stated that the trend is toward public support of nursing education and that this adds to the graduates' responsibilities for future nursing students.

This is the first graduation of the Mary Fletcher Hospital to be held in the Ira Allen Chapel, and marks the [illegible] commencement of the hospital.

Seniors Tell What They Will Miss Most About The College

Seven Girls Bound For Siestas, Spanish Caballeros in Mexico

Peg Donnelly

Last November seven U. V. M. co-eds had a pipe dream—a beautiful pipe dream. They dreamed of seven Spanish caballeros—caballeros—South American caballeros. Then they realized that submarines are not safe passage boats, and that it was a long sweet to Brazil. So it was decided to head down to Mexico, but until last summer only four months ago this plan was just as impracticable as the Mexico idea was not considered. Ever since it has been the subject of the moment.

Whenever the word Mexico was mentioned by the Junior classes or the dining room, seven pairs of ears picked up and a "bull" session was formed on the spot, the topic—the magical subject of Mexico. That knot of girls you have seen enthusiastically talking includes Thurston Gunne Campbell, Edna Gale, Cleora Reed, Alice Edwards, Peg Donnelly and Ag Mulholland—you remember "Grad-eye" the marble champion. The last member of this expeditionary force is Pete Hart, U. V. M. '43. The purpose of the expeditionary force is to study Spanish as it is spoken, with a minor in caballeros. The passports will make no mention of the latter. The only drawback is that all the Spanish they know is "Si, Si." They expect to brush up on their Spanish conversation before leaving so that their vocabulary will be extended to "No, No."

Summer School

The girls will live in private houses and will take one or two courses in Spanish and Mexican art in the six weeks summer school of the National University of Mexico in Mexico City. Here they hope to learn something of the language, the country, the people, the customs, and the spirits. The seven have a deathly fear of losing their hair—not scalps—and so will take the necessary typhoid fever "shots" to prevent that. They say that the climate is approximately a constant 60 degrees temperature, so the seven are all taking light cotton dresses. The idea of a noon siesta is attractive to these people who haven't slept for eight long months.

The expeditionary force wishes the inquiring reporter to express its sincere gratitude to the Romance Language Department and, in particular to Dean Simpson, for their invaluable help in planning this adventure. Miss Simpson momentarily gasped when the seven walked in to her office, told her they wanted to go to Mexico, and asked for information. Since that time Miss Simpson has written volumes of correspondence to Mexico and the State Department, and has secured the desired information. Miss Simpson is really the director of the expedition. She is the one who has brought the pipe dream down to earth, and made it a practicable working plan.

Book

Gunne and Peg have decided to write a book about their experiences this summer. Illustrations and cartoons will be done by "Spike" Thornton. The collaborators have just finished a course in the modern novel, and so feel well prepared to write this adventure story. It will be entitled "All They Could Say Was 'Si Si'."

The seven will leave by bus at the end of June. They plan to stop at San Antonio, Tex., to straighten out backs that by that time will be in pretzel form. Then on to Mexico City. They say that they are going to study Spanish—we wonder. The idea, crazy as it may seem, is really very practical since all the girls are interested in Spanish. No doubt for the first few weeks they will walk around, each with a different section of a Spanish Dictionary so that they can collaborate on conversation. This reporter feels that they should be handcuffed so that they can not stray from the group and thereby lose a valuable chunk of their conversation. It would be fruitful if they lost the "A" section in the dictionary, and couldn't even ask for aqua—water to you.

Honorary Society Has Long History On U.V.M. Campus

Founded in 1848; First Chapter to Allow Women

The local Chapter of Phi Beta Kappa was founded at Vermont on May 1 [illegible] under a charter granted by the [illegible] Dartmouth and with the consent and consent of the chapters at Harvard, Union, Bowdoin, and Brown [illegible] other New England Chapters at [illegible]. Four faculty members together with [illegible] John Wheeler, President of the University became the charter members [illegible] actually founded in the Wheeler [illegible] on the corner of Prospect and Main Street which has been recently purchased by the University for an infirmary. All Sports Club Holds Banquet

As a last fling before the approaching "Finals," the members of the Women's All-Sports Club honored the new members at a banquet at Howard Johnson's last Tuesday evening. Those present were Miss Cummings, Miss Hoffman, and Miss Euler of the Women's Physical Education Department; Mary Quinn, Priscilla Perkins, Sylvia Runnals and Phyllis Taylor of the old All-Sports Club and Barbara Burnham, Joyce Byington, Alice Rowe and Betty Ritchie, newly elected members to the All-Sports Club. Peggy Palmer, also a member of the outgoing members of the Club was unable to attend because of poison ivy. As part of the initiation, red roses were given to the old members and yellow to the new.

In the very informal atmosphre of Howard Johnson's, the members held their business meeting. Betty Ritchie will be next year's president and Joyce Byington the secretary treasurer. Along with helpful suggestions from the returing members, the new organization discussed tentative projects for the coming year.

In order that the occasion would not be forgotten, pictures were taken of the old and new members, and of the entire group.

Hillel Foundation Plans New Program

Jewish Library Is One Of Considered Projects

Rabbi Ende of the Hillel Foundation announces that the house will be open throughout the summer on the campus of the University of Vermont. Although no planned program has been arranged for the summer months, all students, relatives, and friends are most welcome at any time at the house.

Sonia Perkins, incoming president of Hillel at U. V. M., will attend a National Leadership Week Institute early in September. She is expected to return with many new ideas and plans of interest to everyone at the University.

"Among the plans now under consideration," states Rabbi Ende, "is the establishment of a Jewish library at Hillel House. We also expect to broaden our cultural program and to take part in an expanded program of the Committee on Religious life. Although we were unable to do so last summer because of no planning agency at Hillel, we are looking forward to bringing to the campus next year some nationally known speakers."

There will have been undoubtedly many changes at Hillel House upon the opening of the next autumn term. The foundation expects to carry on, continually expanding its program in the months to come.

Co-ed Band Concert Held on Campus

"Joe" Lechnyr Given Token of Appreciation

The mid-campus handstand was the scene of a band concert given by the U.V.M. co-ed band on Wednesday, May 17. This the first time in over a year that the handstand, complete with electric lights, has been used. In years past concerts by the R.O.T.C. band were well attended by the townspeople as well as the student body.

Under the baton of Dr. Joseph Lechnyr the band played marches, overtures and novelty pieces. Perhaps the most appropriate was the "Mesquito's Parade." The performance of the newly formed twirling contingent elicited many favorable comments for every side.

During an intermission Dean Simpson congratulated the band and told of the various activities that would either be revived or strengthened next year on the campus. Marjorie Rubin, president of Student Government, also said a few words about future plans. In behalf of the band Margaret and Frances Donahue co-organizers of the band, presented "Joe" with a briefcase in appreciation of his patience, good humor, and the unending work he has put into the building of the band.

Since raineloud were gathering overhead, a few Vermont songs were played including the ever-present "Cotton Balles." The program ended with "Champlain" and "The Star Spangled Banner" amid a deluge of rain.

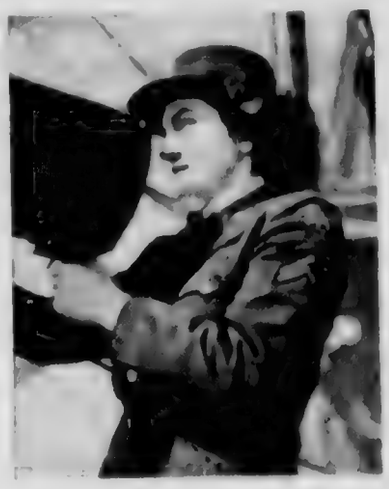
The Co-ed Band ends its activity for the term this week-end, by giving two concerts for the Alumni of U. V. M. who are expected to return to campus for the Commencement festivities. The first performance will take place in the rotunda of the Waterman Cafeteria on Saturday noon at the annual Alumni Luncheon. The second appearance will be at the Alumni Sing on Sunday at 8.00 p.m. on the campus when they will play some of the songs that are familiar to the Alumni, plus some new songs. The program will consist of such numbers as Campus Memories (a medley of old college favorites), Trapelo Overture, Oklahoma, The Teddy Bear's Picnic, several marches, and Vermont songs. Harriet Cohen, leader of the twirlers, will head the majorettes in an exhibition of twirling.

Previous to this year, the music for these occasions has been furnished by either the Burlington Military Band or the R.O.T.C. Band, both of which were also under the direction of Dr. Joe Lechnyr. Margo Donahue, student manager and one of the organizers of the recently formed Co-ed Band, hopes that the Alumni will find it as worthy to carry on the U. V. M. spirit as any former band.

A dime out of every dollar we earn
IS OUR QUOTA for VICTORY with U.S. WAR BONDS

Mary Fletcher Nurses Graduate at Chapel

Commencement exercises for the Mary Fletcher Hospital were held in the Ira Allen Chapel, May 17. The diplomas were presented to the twenty-one members of the class of 1944 by Lester E. Richwagen, hospital superintendent. Members of the class were presented by Mabel F. Huntley, director of the School of Nursing and Nursing Service.



Pres. John S. Millis gave the commencement address. "Your responsibilities are greatest then just beyond each of the exit," Dr. Millis said, "and as you conduct yourselves people will judge the nurses you represent." He also stated that the trend is toward public support of nursing education and that this adds to the graduates' responsibilities for future nursing students.

This is the first graduation of the Mary Fletcher Hospital to be held in the Ira Allen Chapel, and marks the 52nd commencement of the hospital.

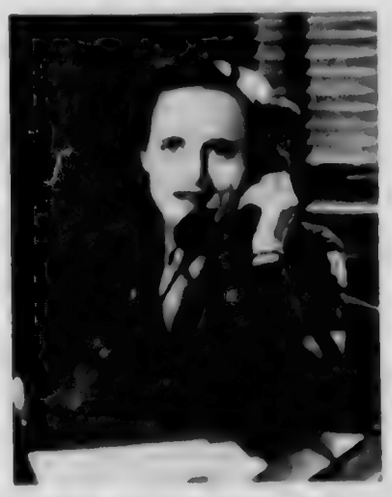
"Your help really counts when you're a WAC!"

say America's college girls



★ Corporal Margaret E. Wyant, University of California. "My family has three men in the Armed Forces, so I couldn't just *wait* for the war to end. In the Women's Army Corps, I'm *working* for victory—and I know it's work that'll help bring our boys home sooner."

★ Sergeant Anne MacIntosh, New York University. "My job is one that any college girl would be proud to do—intelligence work at an Army post! With 239 different jobs to choose from, every Wac has a chance to do work she's fitted for and enjoys."

★ Private Mary E. Murray, South West Missouri Teachers' College. "Being a Wac makes me feel I'm helping my country—while I help myself, too. I'm getting valuable training and experience for a post-war career. And I'm all set to go new places."

★ Major Cora W. Bass, Mississippi State College. "As a member of the General Staff of the Second Service Command, I see daily the urgent need for more and more Wacs. To every college girl it's a chance to serve her country in a truly important way."

New *WAC* opportunity for college girls

If you want to finish your college work before starting your Army career, you can enlist now and arrange to be called later—any time within the next 4 months.

The *ARMY* needs Wacs

...The *WAC* needs you!

Women Hold First Student Union Meeting of Term

Dot Loughery Elected Social Chairman; Pat Van Ameringen Recreation Chairman

"Dot" Loughery

[illegible] women of the class of 1948 [illegible] their first Student Union Mass meeting Wednesday afternoon, June 14, 4:00 p.m. The freshmen met with upperclassmen in Room 239 Waterman to hear Mary Jean Simpson, Dean of Women, Margaret Crowley, Asst. Dean, and several student leaders give words of welcome and a little information on college life in general. The meeting was called to acquaint the new students with a few of the more important Student Union rules, and to announce the sports and recreational programs.

Miss Simpson

Miss Simpson opened the meeting by welcoming all students to the University and wished all a pleasant summer here on the campus, and urged all to take the many advantages of a summer spent in Burlington. A few words of advice were offered on keeping close track of private property and keeping all doors locked, since thievery is a likely occurrence in the summer.

Girls to Usher

Miss Simpson announced that Senator Burton of Ohio is to be in Burlington July 14, under the sponsorship of the United Nations Organization which is conducting a nation-wide campaign to promote Allied cooperation. There is to be a big rally in the Memorial Auditorium, July 14, and the program will include a musical portion under the co-direction of Joe Lechnyr and Adrian Holmes who will direct two bands. Senator Burton, one of the most promising young members of the Senate, will speak in behalf of the United Nations Organization. The hall is to be decorated with the flags and colors of the 44 Allied Nations, and 44 girls from the University will usher dressed in the costumes of the 44 nations. Miss Simpson and Miss Crowley are co-chairmen of the Costume committee and as soon as the plans are started they will be open to suggestions and any original ideas for costuming. Girls who wish to usher may volunteer anytime now.

Dorothy Loughery

Miss Crowley introduced Dorothy Loughery, class of 1945 who explained the function of Student Union, and clarified some of the more ambiguous rules as listed in the *Handbook*. Dot is to be the only Student Union officer on the campus and she is one of the few seniors here this summer.

Pat Van Ameringen

The recreational and social programs are to be under the chairmanship of Pat Van Ameringer '47 and Dorothy Loughery '45 respectively. Pat has planned an extensive sports program for the summer, including riding under Bea Reymond '47, tennis under Laurel Hansen '47, and swimming lessons will be conducted for those interested.

Picnic

It was announced that the first get-together of the summer will be held Saturday night on the Redstone campus. The picnic will be open to the girls only, but next week something big will be held for the entire student body.

To Speak Saturday

Miss Jane Crabbe, Director of the School of Nursing at the University will speak over station WCAX Saturday morning, June 17 at 7.45 a.m. She plans to describe Nursing, a Career for Women, and to describe the nursing program [illegible] U. V. M.

Professor Aiken Names Essentials For World Planning

Professor Aiken of the English Department spoke to the Richmond High School graduating class on June 4. The subject of his speech was "Living."

Professor Aiken spoke on the kind of world we should like to live in after the war, and some things the individual can do about it. He pointed out that the material changes being produced by science are astounding in many fields and will transform everyday life; but that these are less important than the transformation necessary and hoped for in human relations—between nations, classes, special interests, and individuals. The immense step-up in production under stress of war necessity shows that enough for all can be produced. The problem is one of the cooperation of men with each other.

While the individual may feel that he can do little about world-planning, as a matter of fact the success of any plan rests on the individual, for collectively he determines the spirit of the world.

Better World

Professor Aiken names four essentials for the individual to aid in producing a better world.

(1) He must find something that he believes is of more value than himself, just as millions of our youth are now finding it in service of their country.

(2) He can serve the same purpose by honest work and fair exchanges; the successful cheater merely incurs a debt he never can pay.

(3) He can serve it by enjoying wholesome and pleasant things. Being happy confers benefits, a taste for anything, from classic music to an ice-cream soda, is one good reason for indulging in it.

(4) He can serve it especially by being sympathetic and tolerant. We do not know people well enough to condemn too readily.

Professor Aiken concluded: "Combine these things largely in individual living, and this remarkable world could be a pleasant and friendly world, and the individual in helping to make it so, would find happiness as a by-product."

4-H CLUB TEA

Honorary 4-H Club members from all over the state will be initiated into the Honorary 4-H Club at a ceremony in the Waterman Building on Saturday afternoon, June 17. After the initiation a tea will be served in the third floor dining hall in honor of Mr. E. L. Ingalls, retiring State Club Leader. Approximately two hundred and fifty 4-H Club members are expected. Merril Whitcomb of Springfield is the president of the Honorary 4-H Club.

U.V.M. Have 200 ASTRP Boys July 5

Seventeen Year Old's To Be Educated at Government Expense

The University of Vermont campus will once again re-echo to the tramp of marching feet when a contingent of two hundred members of the Army Specialized Training Program Reserve arrives on July 5. After undergoing a five day processing period the trainees will begin their studies on July 10.

The ranks of the ASTRP's are made up of seventeen year old boys who will be sent to college at government expense before they reach their eighteenth birthday and are ready for regular army service. While at the University they will follow a full and rigorous program. Their academic courses will include Physics, Mathematics, Chemistry, English and History. The average boy will probably receive twelve weeks of the college work while a special group may remain for twenty-four weeks.

Although they will be in uniform, the members of the ASTRP will not receive army pay but will be given subsistence and quarters by the army. Unlike their big brothers—the ASTP—they will not be sent to fraternity houses but will instead be quartered in Converse Hall, while the Waterman cafeteria will serve as a mess hall.

U.V.M. CAFETERIA AND SODA FOUNTAIN NOW OPEN TO PUBLIC

Once more the U. V. M. family has the use of its cafeteria and soda fountain. The cafeteria is under the direction of Miss Helen Underwood, and the soda fountain is managed by Mrs. Marjory Abel Swift.

There have been a few changes made since the closing of the cafeteria and soda fountain to U. V. M. students, faculty and guests on February of 1943. The cafeteria was after that date devoted to the use of the Army. The soda fountain has been moved to the opposite end of the corridor, and the south end of the cafeteria is given over to the patrons of the soda fountain.

The soda fountain is open from 9.00 a.m. to 9.00 p.m. seven days a week. The breakfast hours in the cafeteria are from 7.00 to 9.00 weekdays and from 8.00 to 9.00 Sundays. The lunch hours are between 11.00 a.m. and 1.00, and the dinner hours are between 5.00 and 7.00. Dinner on Sundays is from 12.00 to 2.00. There will be no supper served Sunday nights, but as previously stated the soda fountain will be open where sandwiches are served.

Throughout the summer term students will have to pay for each meal separately as ticket books are issued to House Directors only.

Millis to Take Middle West Trip

President Millis is leaving Friday for a nine-day trip to the Middle West in order to interview prospective new faculty members. He will visit Chicago, St. Louis and Cincinnati in an effort to find qualified men to fill recent vacancies in the economics and chemistry departments.

The president regrets having to leave at this early date without first greeting the incoming freshmen, but will address them at convocation soon after his return

Summer Semester Under Way; Large Enrollment

STUDENTS EXCEED NUMBER EXPECTED

The Registrar's office announces that when enrollment is completed, there will be between 135 and 150 students at U. V. M. this summer. This number does not include the summer session students who have not registered as yet.

The total enrollment for the summer semester exceeds the number expected by the administration. In fact, there are just as many students in the Arts College now as there were last summer. However, not more than ten students have enrolled in the College of Engineering as compared with the 35 students of last summer.

Freshmen Survey

A survey of the 50-odd freshmen attending the University of Vermont this summer as enrollees in its regular summer term shows that more of them came because of the courses offered than for any other reason. The next most potent factors in bringing them to the University were teachers and alumni. A number have had parents or other relatives at the University. Some were influenced by students. In the case of a few proximity was givin as the reason for attendance. Among other reasons offered were the high standing of the institution, scholarships, and the spirit and attractiveness of the place.

"I'm a Vermonter," declared one or two, and seemed to think that was sufficient to decide the matter.

(Continued on page 3)

Summer Session to Open on July 10

Courses Will Be Open To Summer Students

The summer session at the University of Vermont will be held from July 10 to August 19. Many types of students are reached by the summer session curriculum, from high school graduates wishing to complete their college entrance requirements to superintendents and principals desiring professional courses. The largest percentage of courses is in the field of education.

Students paying full tuition for the summer term may enroll in summer session courses without additional charge.

Aviation Course

A new feature of the 1944 summer session is the ground school course in aviation, intended to instruct elementary and secondary teachers as well as to prepare candidates for a private pilot's certificate.

The campus will be the scene of a parent-teacher institute, and of institutes of professional relations, guidance, and social work at times during the six week period.

Home Making

A course in home making education, to be taught by Miss Margaret E. Riegel of State College, Pa., will be a feature of the summer session program at the University of Vermont, according to an announcement by Prof. Bennett C. Douglass, director of the summer session.

This course, although designed primarily for retired teachers who plan a return to active service in the profession, will also, says Professor Douglass, be of benefit to teachers now employed who wish to improve their methods of instruction. Course materials will include the selection of educational experiences for individual pupils, the home project, home visiting, the discussion and laboratory methods of teaching, community programs in home making education, and evaluation.

Another summer session course, also under Miss Riegel, will be one in adult

(Continued on page 3)

"EXCELLENT" RATING GIVEN TO R.O.T.C.

An "excellent" rating has been accorded the R. O. T. C. unit at the University of Vermont following its annual inspection on May 3 and 4. Excellent is the highest rating permitted by the war department and has been held by the University for a quarter of a century. In charge of the R. O. T. C. at the University is First Lieut. Donald W. Thayer of the class of 1941. Lieutenant Thayer is considered to be one of the youngest professors of military science and tactics in the country.

Making the inspection this year was Lieut. Col. Newton W. Alexander of the Intantry. The rating of excellent which comes as the result of this inspection is announced by Maj. Gen. Sherman Miles of the first service command. The general's letter, addressed to President John S. Millis of the University, concludes as follows:

"I extend congratulations upon such high accomplishment by the institution under your charge."

Senator Burton to Deliver Address In Burlington

Senator Burton of Ohio will address citizens and students here in Burlington at the Memorial Auditorium on the evening of July 14. The topic of his address will be "America's Obligation to Leadership." The Vermont branch of the United Nations Association, whose slogan is "A Peace Worthy of the Price We are Paying," is presenting this program.

Another feature of the program will be the ushers who will be forty-four girl students at the University of Vermont attired in the native costumes of the 44 allied nations. At the opening of the program, the ushers will advance across the stage bearing the flags of the respective nations. Members of the national guard will follow them bearing the flag of the United States. The singing of the "Star Spangled Banner" by all those present will be led by a quartet. It is planned that a band concert will augment this part of the program through playing the music of the various allied nations.

Dorothy Canfield Fisher, chairman of the association, will open the program. Mayor Burns of Burlington will deliver the address of welcome. Following this, Governor Wills will introduce Senator Burton.

Senator Burton is co-author of the Hall-Burton Bill by which Congress upheld the decisions of the Teheran Conference. He has been and is prominent in the field of problems of the coming peace, and is recognized as being well informed on the subject.

The entire program is under the auspices of the Vermont branch of the United Nations Association, a non-partisan organization. The address will be irrelevant to the current political situation, and will be of interest to all who are concerned with the formation of a successful peace program.

The soda fountain is open from 9.00 a.m. to 9.00 p.m. seven days a week. The breakfast hours in the cafeteria are from 7.00 to 9.00 weekdays and from 8.00 to 9.00 Sundays. The lunch hours are between 11.00 a.m. and 1.00, and the dinner hours are between 5.00 and 7.00. Dinner on Sundays is from 12.00 to 2.00. There will be no supper served Sunday nights, but as previously stated the soda fountain will be open where sandwiches are served.

Throughout the summer term students will have to pay for each meal separately as ticket books are issued to House Directors only.

Millis to Take Middle West Trip

President Millis is leaving Friday for a nine-day trip to the Middle West in order to interview prospective new faculty members. He will visit Chicago, St. Louis and Cincinnati in an effort to find qualified men to fill recent vacancies in the economics and chemistry departments.

The president regrets having to leave at this early date without first greeting the incoming freshmen, but will address them at convocation soon after his return.

Summer Semester Under Way; Large Enrollment

STUDENTS EXCEED NUMBER EXPECTED

The Registrar's office announces that when enrollment is completed, there will be between 135 and 150 students at U. V. M. this summer. This number does not include the summer session students who have not registered as yet.

The total enrollment for the summer semester exceeds the number expected by the administration. In fact, there are just as many students in the Arts College now as there were last summer. However, not more than ten students have enrolled in the College of Engineering as compared with the 35 students of last summer.

Freshmen Survey

A survey of the 50 odd freshmen attending the University of Vermont this summer as enrollees in its regular summer term shows that more of them came because of the courses offered than for any other reason. The next most potent factors in bringing them to the University were teachers and alumni. A number have had parents or other relatives at the University. Some were influenced by students. In the case of a few proximity was given as the reason for attendance. Among other reasons offered were the high standing of the institution, scholarships, and the spirit and attractiveness of the place.

"I'm a Vermonter," declared one or two, and seemed to think that was sufficient to decide the matter.

(Continued on page 3)

Summer Session to Open on July 10

Courses Will Be Open To Summer Students

The summer session at the University of Vermont will be held from July 10 to August 18. Many types of students are reached by the summer session curriculum, from high school graduates wishing to complete their college entrance requirements to superintendents and principals desiring professional courses. The largest percentage of courses is in the field of education.

Students paying full tuition for the summer term may enroll in summer session courses without additional charge.

Aviation Course

A new feature of the 1944 summer session is the ground school course in aviation, intended to instruct elementary and secondary teachers as well as to prepare candidates for a private pilot's certificate.

The campus will be the scene of a parent-teacher institute, and of institutes of professional relations, guidance, and social work at times during the six week period.

Home Making

A course in home making education, to be taught by Miss Margaret E. Riegel of State College, Pa., will be a feature of the summer session program at the University of Vermont, according to an announcement by Prof. Bennett C. Douglass, director of the summer session.

This course, although designed primarily for retired teachers who plan a return to active service in the profession, will also, says Professor Douglass, be of benefit to teachers now employed who wish to improve their methods of instruction. Course materials will include the selection of educational experiences for individual pupils, the home project, home visiting, the discussion and laboratory methods of teaching, community programs in home making education, and evaluation.

Another summer session course, also under Miss Riegel, will be one in adult

(Continued on page 3)

"EXCELLENT" RATING GIVEN TO R.O.T.C.

An "excellent" rating has been accorded the R. O. T. C. unit at the University of Vermont following its annual inspection on May 3 and 4. Excellent is the highest rating permitted by the war department and has been held by the University for a quarter of a century. In charge of the R. O. T. C. at the University is First Lieut. Donald W. Thayer of the class of 1941. Lieutenant Thayer is considered to be one of the youngest professors of military science and tactics in the country.

Making the inspection this year was Lieut. Col. Newton W. Alexander of the Infantry. The rating of excellent which comes as the result of this inspection is announced by Maj. Gen. Sherman Miles of the first service command. The general's letter, addressed to President John S. Millis of the University, concludes as follow:

"I extend congratulations upon such high accomplishment by the institution under your charge."

Senator Burton to Deliver Address In Burlington

Senator Burton of Ohio will address citizens and students here in Burlington at the Memorial Auditorium on the evening of July 14. The topic of his address will be "America's Obligation to Leadership." The Vermont branch of the United Nations Association, whose slogan is "A Peace Worthy of the Price We are Paying," is presenting this program.

Another feature of the program will be the ushers who will be forty-four girl students at the University of Vermont attired in the native costumes of the 44 allied nations. At the opening of the program, the ushers will advance across the stage bearing the flags of the respective nations. Members of the national guard will follow them bearing the flag of the United States. The singing of the "Star Spangled Banner" by all those present will be led by a quartet. It is planned that a band concert will augment this part of the program through playing the music of the various allied nations.

Dorothy Canfield Fisher, chairman of the association, will open the program. Mayor Burns of Burlington will deliver the address of welcome. Following this, Governor Wills will introduce Senator Burton.

Senator Burton is co-author of the Hall-Burton Bill by which Congress upheld the decisions of the Teheran Conference. He has been and is prominent in the field of problems of the coming peace, and is recognized as being well informed on the subject.

The entire program is under the auspices of the Vermont branch of the United Nations Association, a non-partisan organization. The address will be irrelevant to the current political situation, and will be of interest to all who are concerned with the formation of a successful peace program.

Final examinations are September 22.

The second meeting of the newly formed Advisory Agricultural College Board which is composed of all the agricultural organizations of the state will be held Friday June 30.

BOWLING SCORES

After undergoing a considerable amount of renovating during the spring the Waterman bowling alleys have been put into shape for the summer season. They will be under the direction of Mr. Harland Allen who has managed the Y M C A alleys in downtown Burlington for the past two seasons. It is hoped that the Waterman alleys will be a center of activity this summer as they have been in the past.

The freshman medics bowling league and the U. V. M. Interfraternity Bowling League completed their spring season a short time ago and the final Interfraternity standings have been compiled and released as follows:

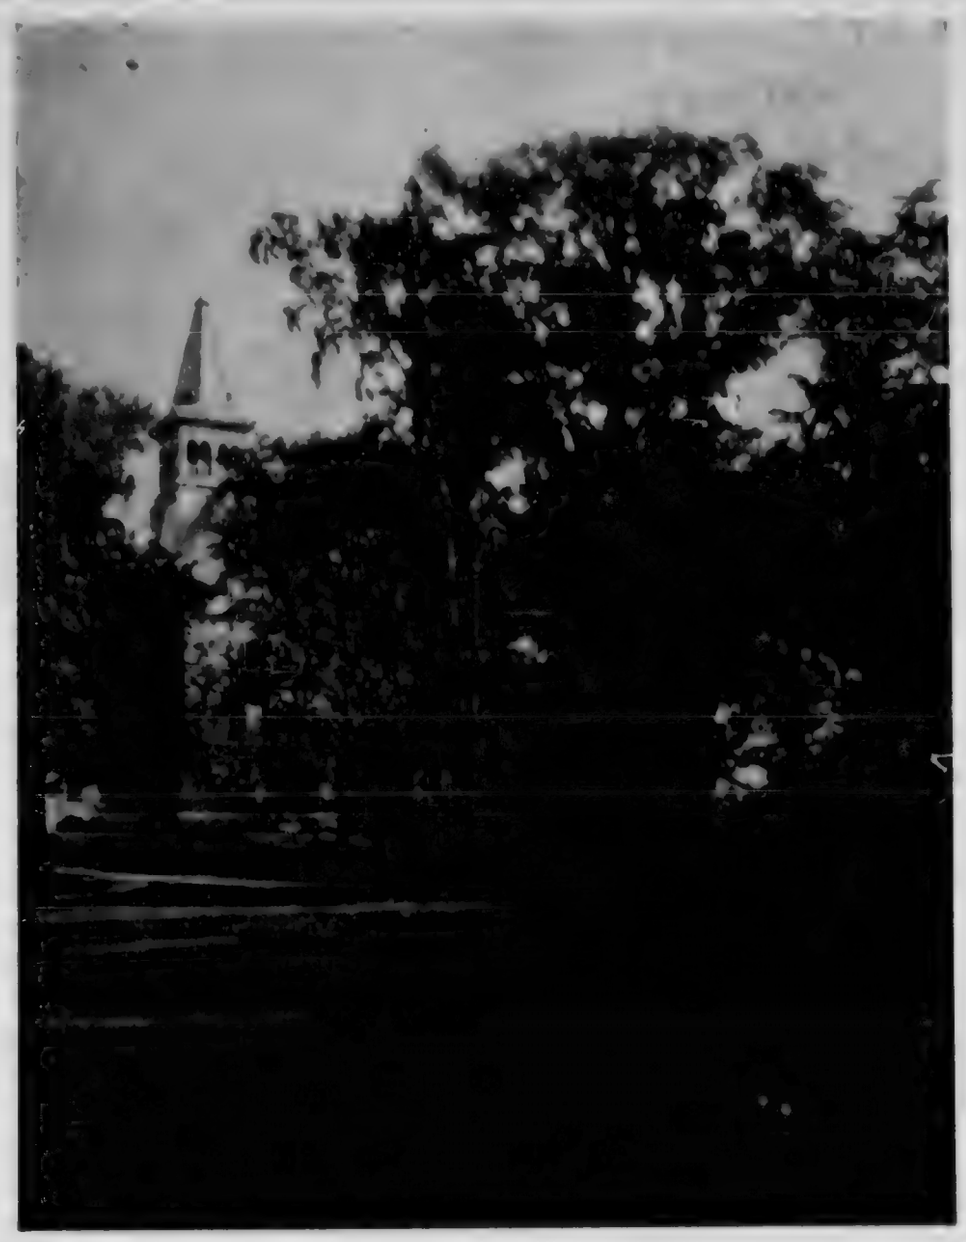
Summer Session

(Concluded from page 1)

education. This will include a general survey of problems in adult education in this country, with particular emphasis on the need and place for adult education for family living. Problems in determining local needs, organizing classes and methods of instruction will be taken up.



Quantity Cookery

At the same time Professor Douglass is announcing a summer session course in quantity cookery, with special emphasis on the preparation of the school lunch, and on purchasing and marketing for groups, which will be given by Miss Helen E. Underwood, assistant professor of economics and director of the University's food service. This course will include a study of large quantity food purchasing for institutions, and also a study of the floor plan, purchase, and care of equipment for quantity production. Actual participation in the program will be given by laboratory work in the cafeteria.

This last course is designed to meet the needs of teachers of home economics, teachers responsible for school lunch programs, and students who wish to meet the requirements for interning in hospital dietetics.

Social Program

Informal dances are scheduled for July 21 and 28, and August 11. Plans for a cultural program are being made. If traveling conditions permit, there will be an excursion to Ausable Chasm, Whiteface Mountain, and Lake Placid, July 22, and week-end trips to points in the Green Mountains.

College Green In Summer

Three Dormitories Open for Summer

There are three dormitories open this summer to house the girls who have returned to the campus for the summer term. Roberts House on the corner of Maple and South Willard Streets is open under the direction of Mrs. C. W. Richmond. Allen House is open under the direction of Mrs. C. Johnson, but is not being run as a cooperative. Dresser Cottage is being run as a cooperative, however.

House presidents will be elected by the girls in each dormitory on Sunday, June 18 at house meetings.

Freshman men are living at the Sigma Nu House on Williams Street.

Grassmount and Delta Psi will be opened to accommodate women summer session students, and also, if the enrollment is large enough, Kappa Sigma and Sanders.

MISS CROWLEY'S TRIP

The week before graduation Miss Margaret Crowley made a recruiting trip through Connecticut and Springfield, Mass. She covered Hartford, New Haven, New Britain, Stamford, and Bridgeport in this trip. The purpose of it was to acquaint high school seniors with the advantages of U. V. M. This is the last of many trips Miss Crowley made, the others being through New York, New Jersey, and other parts of Connecticut.

The Cynic will be published bi monthly during the summer term.

UVM Students' Treasurer To Be Frances Witham

U. V. M. Student Government will continue to function during the summer in a limited capacity. Frances Witham '46 will be acting treasurer in the place of Beryl Cheney who is not attending the summer term.

Its only activities will be to sponsor recreational programs and to allocate funds to the two organizations on campus to receive them this summer. They are YWCA and the Cynic.

At the present time U. V. M. students do not expect to hold any convocations during the summer term.

Girls—don't forget the picnic and sing on Redstone Campus tomorrow night—plenty of food, songs, and a snappy softball game.

ATTENTION

There will be a staff meeting of both the editorial and business staffs Tuesday, June 20 at 7:00 p.m. in room 165 Waterman. Attendance is required for all regular staff members.

Anyone interested in working on the Cynic this summer whether on the business or editorial staff is requested to attend this meeting.

Five High Schools Win Scholarships Offered by Vermont

Awards Made for Best Literary Works; Dean, Loudon Act as Judges

[illegible] awards [illegible] offered by the University of Vermont for the best literary work done in the high schools of the State this year were announced [illegible]. Forty excellent poems and stories were submitted [illegible] Dean Burton O. Loudon of the University [illegible] Mrs. Loudon [illegible] the judges.

[illegible] awarded a $100 scholarship to the University and a $75 scholarship goes to the second place entry. The new [illegible] scholarship is now valued at $75.

The judges in the contest said that there was an unusual number of outstanding short stories. The winning short story was written by Kathryn King of Richford High School.

The winner of first place in the essay was Randall Rich, a sitting party, Jamaica High School.

In the poetry division first place went to [illegible] a student at the Johnson State Academy for a [illegible] poem. A first [illegible] went to the [illegible] Academy student.

EDUCATION RESEARCH AWARD GIVEN TO MISS VERNA PARKER

Miss Verna Parker who has been on the [illegible] of the education department has been awarded the [illegible] Scholarship offered by the National Honorary Education Society, Delta Kappa Gamma. The scholarship is an annual award of the organization and offers some member an opportunity for a year of research study.

Miss Parker's plans for the year of research will take her to Pennsylvania State College where she will do research work in psychology for her doctorate degree. For her thesis she plans to write a text book on arts and crafts giving the subject treatment on a psychological and technique approach to correlated and creative treatment in mental and physical therapy.

Miss Underwood III

Miss Underwood, [illegible] of the Food Service and assistant professor of Home Economics, has been granted a four weeks' leave of absence because of illness. She [illegible] in her absence.

Only Ten Minutes to the Lake, Plenty of Sun and Cold Water

[illegible] that getting sun dowsed. Do you [illegible] sun tanned and [illegible] more than [illegible] back to the [illegible] cool and refreshing [illegible] the distance. Do you sigh and feel a longing to [illegible]?

Lake Close By

[illegible] need not be repressed. Co-eds [illegible] fortunate that one attend U. V. M. where it is possible to take that dive in Lake Champlain is not as [illegible] as it appears. Instead it is only a ten minute ride by bicycle to the Burlington bathing beach and those who do not [illegible] beach tans for themselves and those persevering who spend their leisure time [illegible] may take a bus out for a dime. Just head straight out North Avenue and you will be sure to find it.

Conscientious Students

[illegible], if you are at all conscientious there will be a temptation to stick a text book in your bike basket or bathing bag. For some people this is advisable for many college students are [illegible] believers in summer. For others, however, taking along a text book means an afternoon of getting-up-again for them, too, that they should get out the book and study while sunning themselves after their swim. These people had better just try and catch up on their correspondence while at the beach. Fortunately there are a few with enough will-power to carry on such activity successfully. If you are one of these go right ahead and bring your book to the beach and study, but make the whole process as inconspicuous as possible. By all means keep out of the way of the rest of the gang that evening when you are ready to retire and they are busy studying. In spite of this, thoughts of a pleasant afternoon at the lake are bound to stir them.

A great advantage to be found in trips like these is that they provide fun without requiring dates. The junior sophomore, and freshman girls should be especially interested in this. We are given to understand that the senior women will be taken care of by the freshman men.

Attention Medics

[illegible] medical students interested in [illegible] a [illegible] interest to the Medical College are requested to attend the special staff meeting on Tuesday, June 20 at room 105 Waterman. Otherwise contact Ted West, Feature Editor, at 1187.

Editor.

The Fleming Museum will have many interesting exhibits this summer. It is open daily from 9 a.m. until 5 p.m. and on Sunday afternoons from 2:00 until 5:00.

Masons Hold Banquet At Waterman Building

Tuesday night June 13 the Grand Lodge of Vermont celebrated their 150th anniversary with a dinner at the newly-opened Waterman Cafeteria. Highlight of the evening was the reading of a letter written by President Roosevelt in which he congratulated the order of Masons on their long and outstanding history.

CHAMPLAIN

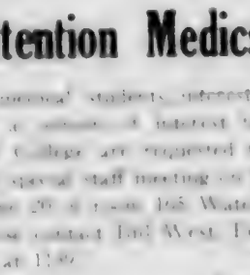
For the benefit of the freshmen and those upperclassmen who have not yet learned the words to the Vermont songs the Cynic will publish various selections.

Sing a song, a rich refrain
And let echo swell the strain
For our lake, our loved Champlain
Lovely Lake Champlain

Chorus

Sing a song, a rich refrain
And let echo swell the strain,
Lovely Lake Champlain

Mirrored mountain's craggy crest,
Waves before the storm-winds pressed,
Cannot rob thy beauteous breast
Of its charm, Champlain!



E'en the sunset's golden glow,
Given back from Mansfield's brow,
Makes thy face still fairer now,
Ever fair Champlain.

When we think of college days,
When we sing our college lays,
We will not forget thy praise,
Our loved Lake Champlain.

U'sed Garments, clean, in good repair, and preferably warm, are needed for Russian war aid. If you have anything it will help make up a University carton. See News Office, Room 111, Waterman Building.

Phi Beta Kappa Elects Fourteen

Announcement Made At Commencement

It was announced at [illegible] exercises last month that [illegible] students had been elected [illegible] Kappa in addition to the [illegible] elected in February. [illegible] war time and the size of the [illegible] has been greatly diminished [illegible] number of Phi Betes compare [illegible] with the elections of previous [illegible]

Those elected last month [illegible] lows:

Jean Davison of Providence [illegible] Margaret Fake of Dalton, Mass. [illegible] Charest of Wollaston, Mass. [illegible] Blodgett of St. Johnsbury [illegible] Delane of Shoreham, Rosemary [illegible] of Wrentham, Mass.; Gilbert M. [illegible] Bennington; Lester Frank of [illegible] Ruth True of Lyndon Center [illegible] Fienberg of Bennington, Carol [illegible] ling of Schenectady, N. Y. [illegible] Doane of Bakersfield; Rhoda [illegible] of Hinesburg; and Patricia M. [illegible] of West Rutland.

As was previously announced the [illegible] Betes elected in February are [illegible] Boyarsky and Ione Lacy of [illegible] Jacob Katz of New York City [illegible] Eisman of Jersey City, N. J.

LINCOLN'S VISION
is today's reality!

STEEL RAILS connecting coast with coast! That was Abraham Lincoln's vision, realized by the Driving of the Golden Spike. This historic event, in 1869, united the first transcontinental tracks, and initiated the *nation-wide* delivery by Express of commercial goods and personal packages at passenger train speed.

Today, Railway Express operates on 230,000 miles of track. Over them daily, 16,000 trains speed shipments of every kind to and from 23,000 offices. Included in this nation-wide network is almost every college town in America. Generations of students first learned about Express Service when they left home for college, then grew to depend upon it during their years on the campus.

When you do have packages to send, you can help us do our war job better by aiding in three ways: Pack your shipments securely—address them clearly—start them early. Our century of experience proves that "a shipment started right is half-way there!"

Summer Session Starts Next Week; Many Expected

On July 10 the University of Vermont Summer Session will commence with enrollment in the Student Lounge, Monday and Tuesday from 9.00 to 12.00 a.m. and 2.00 to 5.00 p.m.

The course is a six-week period ending August 18. It offers a wide program, varying from Aviation to Rural Education and Applied Economics. The subjects will be taught under the direction of a faculty consisting of sixty-four members.

Those enrolling come to Burlington from many States of the Union. Students are expected from Georgia, Virginia, Pennsylvania and New Jersey; however, the majority will be from the New England States and New York. A large number of those attending will be teachers wishing to renew their certificates, college students, and those who wish to further their education before being called into the armed forces. Although there are no figures available, the number attending is expected to be large.

During the course of the term numerous conferences and many entertainments are planned for the benefit of Summer Session students. Some of the conferences are: The Institute of Professional Relations, The Vermont Congress of Parents and Teachers, The Institute of Guidance, and The Institute of Social Work. The entertainments include informal dances, concerts, and several excursions.

Students paying full tuition at the U. V. M. Summer Term may elect subjects in the Summer Session at no additional charge.

Further information and the Summer Session Bulletin may be obtained from the office of Professor Douglass in the Waterman Building.

WORK PROBLEM AIDED

Wednesday morning 14 high school boys from Pennsylvania, all 14 or 15 years old, stopped for breakfast at the Waterman cafeteria. They came from Pittsburgh and Philadelphia, and were on their way to various farms in Chittenden County. Through the local Farm Bureau Office they have been assigned to these farms for the summer to help relieve the prevailing labor shortage. Several of them have had experience at farm work before, but for others it will be the first trip into the barns and hay fields.

SCHOLASTIC RECORD HIGHEST IN HISTORY

The scholastic average of 80.50 per student for the last term at the University of Vermont is the highest one on the University's records according to an announcement today from Director of Admissions Heath K. Riggs.

Special and post-graduate students led, with an average of 86.85. The senior class ran second with 84.71. Juniors rated 81.91, and Sophomores 79.06. The freshman average shows 76.82.

Senior, junior and freshman women outrated the men by a small margin, which is almost balanced by the slightly higher average of the men in the sophomore class and among the special and post-graduate students.

Newfoundlanders Study Dairying

Ease Labor Shortage On Farms In U. S.

Since May 8, there have been 3 groups of Newfoundlanders varying in age from 18-25 at the University taking short courses in dairying. These groups totaling 92 men and 3 women are only a part of our government's contract with Newfoundland which will by the middle of August involve 1,500 men. These men will be assigned to farms in 8 states.

Due to the acute farm labor shortage in this country, the War Food Administration has undertaken to train groups of men from Newfoundland in the fundamentals of dairy farming. In Vermont this training is given at the State Agricultural College of the University of Vermont under the supervision of the Vermont Extension Service. This agency is responsible for the housing and feeding of these men and for placing on suitable farms. To date 95 out of 150 men expected in Vermont have arrived in Burlington, been trained at the University and sent out to the farms of Vermont.

The Newfoundlanders, who have been sent here, are for the most part inhabitants of the Coastal Area. In the winter they formally turned to the sea for employment, but the war has now curtailed their fishing expeditions and given the Newfoundland government the problem of finding work for these large numbers of unemployed. In the summer some of the men grew potatoes and turnips, the only crops that thrive in the short growing season of Newfoundland. Others worked in the copper, iron, or coal mines of Newfoundland, many of which have been closed recently because of various reasons connected with the war. A few of the men have also seen service in the Merchant Marine and have had occasion to visit the United States, but for the majority of the men this is the first visit to the States.

Until 1933 Newfoundland was a Dominion of the British Empire much as Canada is today, but at tha time because of its failing financial status it appealed to the British government for aid and was reverted to a Crown Colony. Great Britian hopes that the training the Newfoundlanders will receive in farming here will help them in developing the agricultural resources of Newfoundland after the war. Meanwhile these men are of great assistance to both us and the other Allied counries in helping to relieve the labor shortage which has resulted on our farms because of the war.

While in Burlington the groups are roomed at the Phi Delta Theta House. The workers are expected to stay in Vermont for the duration of the war.

Student directories for the Summer Term are now available in the bookstore.

Classes To Be Suspended July 3rd By Student Vote

Convocation Held On Thursday to Decide

At the Student Government Convocation held on June 29 at 12:10 p.m., it was decided that July 3 be a holiday instead of Labor Day by a vote of 78 to 16. These results have been approved by the administration and there will be no classes on July 3 or July 4, the latter already having been declared a holiday. A ballot vote which was declared invalid after insufficient discussion, was 78 for the July 3 holiday and 29 for the Labor Day holiday.

Laurel Hanson, a member of the executive committee of Student Government, presided over the meeting. She introduced Virginia Donaldson who explained the situation at hand.

A petition had been circulated during the week preceding convocation requesting that classes be suspended on Monday July 3 due to the fact that this would be the students' only vacation in 16 weeks. One hundred and ten students signed this petition. Since it was impossible simply to suspend classes on July 3, it was decided that the students should vote on whether they preferred to have a holiday on July 3 or Labor Day.

In the course of the discussion the advantages and disadvantages of having a holiday on either of the two days was brought out. Having no classes on July 3 gives the students and faculty two days without classes following a weekend. However, the Labor Day holiday would have given the students a rest before exams in September.

The first ballot was declared invalid because votes were being cast while discussion was proceeding. The second vote was by show of hands, revealing nearly similar results. One of the members obtained the floor and attempted to filibuster, but was overruled on misconduct charges.

Shortly after the meeting was adjourned. The action was approved by the administration.

Extensive R.O.T.C. Program Outlined By Lieut. Thayer

Field Maneuvers and Marksmanship Included; Promotions Announced

The R. O. T. C. program for the summer semester has just been planned by Lt. Thayer. For both groups—freshmen and sophomores, classes in theory will be supplemented by outdoor classes in which military theory is practically applied.

The freshman course will include Infantry Drill, Military Customs and Ceremonies, Military Sanitation, Sex Hygiene, Individual Security, Scouting and Patrolling, Rifle Marksmanship, Tactics of Small Units and First Aid. It will probably be conducted by Sergeant Parker.

Sophomores will receive training in the building of field fortifications, Defense Against Mechanized Attack, Defense Against Air Attack, use of the bayonet and hand grenade and night operations.

Unfortunately the group will not be able to go on maneuvers at the Underhill artillery range as was done last summer, because with the arrival of the A. S. T. R. P. unit the military department will not have the necessary personnel for such an undertaking. However, in lieu of the above, there will be several long road marches with full pack.

Lieutenant Thayer announced that while the normal R. O. T. C. program at U. V. M. does not call for training in rifle marksmanship, he will supplement the curriculum with this necessary feature of military training. This will enable U. V. M. to enter a team next fall in the New England intercollegiate rifle contests to compete for the Hearst Trophy.

Lieutenant Thayer emphasized the fact that the main object of the Vermont R. O. T. C. training is to develop leadership ability and to help form character and punctuality in its members.

The course will stress the practical side of military science. An effort is being made to give the men a broad introduction and background to basic subject of infantry training so that if and when they enter the armed forces they will be as well prepared as is possible to perform their duties to the best of their ability.

Promotions

The following sophomore members of the two-year basic R. O. T. C. course have been promoted to the grade indicated.

Cadet 1st Lieutenant
Richard Schoenman, Platoon Leader.
Cadet Staff Sergeant
John Barker, Jr., Platoon Sergeant
Cadet Sergeant
Paul A. Prior, Guide.
Walter R. Stern, Squad Leader, 1st Squad
A. DeMarinis Squad Leader, 2nd Squad.
Cadet Corporal
Robt. Rosenberg
Asst. Squad Leader, 1st Squad.
D. Parizeau
Assist. Squad Leader, 2nd Squad.
Donald Conron
Asst. Squad Leader, 3rd Squad.

Because of the reduced size of the class this year, the ranks of cadet captain and cadet first sergeant have been dropped for the duration.

Although only a freshman, the leadership abilities and military bearing of Stanley Sorkin have already been noticed by the department and he has been rewarded with the rank of cadet buck private.

President Millis Is Back From West

Secures Services of New Chemistry Prof.

President John S. Millis has returned from his western trip in search of new members of the faculty to replace those who are no longer here. In the course of his travels, President Millis stopped in Toledo, Ohio; Chicago, Ill.; Milwaukee, Wis.; St. Louis, Mo.; Cincinnati, Ohio, and Washington, D. C.

President Millis interviewed eight chemists. Mr. Glen Dooley has accepted an invitation to become assistant professor of chemistry at the University of Vermont. Mr. Dooley received his doctorate at the University of Iowa. He has been a professor at Huron College, and an instructor and assistant professor at Texas A. and M. Mr. Dooley will assume his new position at U. V. M. on July 8.

Four economists were interviewed, two of whom have been invited to become members of the faculty at the University of Vermont.

Several people in the library field were interviewed in an effort to obtain a successor for Miss Shattuck, who is retiring shortly.

MEANING OF U.V.M.

U. V. M. by which the University is known are derived from the Latin words *Universitatis Viridi Montanae*, which means "University of the Green Mountains."

Let's Get Together

The summer social [illegible] are getting [illegible] started by a recent meeting held during the last week of school called a convocation, by some and a social [illegible].

It [illegible] social activities are going to be carried out successfully the cooperation of the men on campus will be necessary. However the men can not be expected to show interest in activities when they have no part in making them. Last fall a mistake was made when the men [illegible] considered by the women [illegible] representation in Student Government and as a result were in no way [illegible] background of campus affairs. They lost interest in student organizations and were almost completely ignored by the [illegible] element. Last fall's interest in the revival of Kake Walk brought the campus together once more. The departure of the Air Corps brought [illegible] and before summer's end the campus had almost returned to normal. We do not want to lose all that we had gained by last May.

This summer there are almost as many men on campus as there are women. According to the latest figures released by the Registrar's Office, of the one hundred and fifty students enrolled, there are eighty-six women and sixty-four men. Since the women have already elected their social chairman why don't the men get together and elect a chairman to work with the Daughters in planning college activities this summer? There are enough upperclassmen to call a meeting, and there is plenty of spirit among the men.

Let's have some pep this summer. Let's get together!

Convocation

Yesterday noon at a convocation U. V. M. students voted 78 to 16 to substitute July 3rd for the Labor Day holiday. It is a credit to student government and to the administration that we students should be able to democratically decide such questions of interest to the whole student body. However it is unfortunate to note that the meeting was conducted with such a lack of order. The efforts of either side to press the voting and to obstruct the meeting do not reflect too well upon the students as a whole. It might be well for all concerned to read a copy of *Roberts' Rules of Order* before another convocation is held.

Off Campus

By Bill West

[illegible] more news from off campus. It's only because of the splendid help received from various people that this column has been made possible, so please continue to send [illegible] about U. V. M. students and alumni who are doing interesting work or are helping in the war effort this summer.

Myron Munson '46 [illegible] in the Army Air Corps. Everett Page ex-'46 and Bob Stanley ex-'46 of the Navy, all paid a visit to the campus last week. Wally Hancock ex-'46 is in Burlington now on a leave and will leave for [illegible] Hospital Corps at Sampson N. Y. as a part of the training under the Navy's V-12 program.

Lucky McCormick '46 leaves for a six-week summer course at Columbia shortly, while another downtown St. Albans "habitant, Bob Ward '45, has already entered the University of Connecticut for the summer session of six weeks. . . . Understated "Doc" Merriam ex-'46 is now in a naval hospital in Philadelphia.

Bill Birchard '46 was another off campus-ite who was on campus last week, as was Paul Sutton '43. Anybody know where "The Gopher" is spending the summer? Sylvia Runnals '44, who has passed all her tests for entrance into the WAVES, Irene Fahey '46, Deane Moore '44, and Ag Mulholland '44 recently completed a two-week bike tour that carried them over three hundred and six miles of the New England countryside.

Lots of news from Middlebury. Most of the U. V. M. boys who have been studying there under the Navy V-12 program have completed their work and have received new assignments. Eddie Andrews ex-'46 is going to Chelsea, Mass., Naval Hospital for Hospital Corps duty. Eddie was one of the two highest ranking pre-meds in his unit and gained honors as commander of the winning company in competition during the V-12's June Week ceremonies.

Dick Lepper ex-'46, highest among the pre-dental students at Middlebury, is being sent to Chelsea Naval Hospital along with Eddie, while Noel Galen ex-'46 will go to the St. Albans, Long Island, Naval Hospital. Three midshipmen in the making are Ronnie Mershon ex-'45, who completed his pre-midshipman training down at Asbury Park and is now at Northwestern, Milt Kaufman '43, and Erenbach ex-'46, who is leaving Middlebury for Columbia Midshipman School, shortly.

Bill Pierce, who graduated a Phi Bete from U. V. M. and who taught math at Middlebury until early last May, is now at the Great Lakes Naval Training Station working for a petty officer's rating in Radar.

Martha Buttrick '45 is working in a Springfield, Mass., defense plant this summer. Earl Norem ex-'46 is in Denver, Colo., as a member of the army ski troops. . . . Milt Stone ex-'46, and Chris Gionnola ex-'46 are in the Marine pre-medical unit at Dartmouth. . . . Carl Proper ex-'47 has been promoted to seaman first class and is stationed at the Stillwater, Oklahoma, Naval Training Station. . . . Sid Davis ex-'46 is training with the Naval Air Corps in Glenview, Ill.

Brooklyn's own, S/Sgt. James E. Dwyer, who was an R. O. T. C. instructor last year at U. V. M., is now stationed at the Atlanta Ordinance Depot in Atlanta, Ga. Don't forget to drop him a line, fellows.

Doris Hall '46 is working for an insurance company in Newark, N. J., again this summer. . . . Tinker Toye ex-45 is now at the Solomans Naval Training Station in Maryland. . . . Andy Gallup returned to his duties as an Air Corps radio man in Rapid City, S. D., after a brief visit here in Burlington. . . . We hear that Jesse Edgerton '47 is being employed by the Fellows Gear Shapers Company in Springfield, Mass. . . . Mike Spaloss is planning to attend the University of New Hampshire for the summer session, while John Holden is working on the farm at Rock Point.

Mary Ashe, our associate editor, is working in a bank in Nashua, N. H.

Be on the lookout for Walt Brown '45 and Lieut. Ed. Irwin, former R. O. T. C. instructor at U. V. M., who may be up over the week-end or early next week. It is just possible that Lieutenant Irwin's stay may be for some time.

Well, that's about all for this issue. Keep sending on the news and we'll try to make this column a regular feature.

U. V. M. Botany Department is Undertaking Important Project

Fran Witham

The Botany Department of the University of Vermont Agricultural Experiment Station has been conducting a very interesting and serviceable project for the past year which has received far too little recognition and [illegible] up-to-date. Under the direction of James W. Marcus, Ph.D. and Fred H. Taylor, Ph.D. both professors in the University's Botany Department, an investigation [illegible] the factors influencing the growth and sugar yield of hard maple trees is being conducted. This scientific project, which will prove beneficial to both producer and consumer in the not too-far-distant future, has been under way for the past year, but with concentrated effort in the maple orchards these summer months.

Maple sugar research has been conducted many years previous to this most recent effort and a good many publications have been issued by the Experiment Station in that time. Dean Hills, Mr. C. H. Jones and their colleagues started way back in the vicinity of the 1890's. Since then, under their leadership, much progress has been made toward an understanding of maple problems from both practical and theoretical standpoints.

Nature of the New Project

This scientific project was undertaken by the Botany department in view of the fact that many of Vermont's maple trees have been cut for lumber and many lost by age. This depletion of trees in the State's maple orchards has caused some concern on the part of botanists, the people of the State, and the maple-sugar producers in particular with regard to future yield. Maple products are Vermont's pride and joy and it has always been the concern of the State to keep the maple orchards in the best possible condition and to have maximum yield each sugaring season.

Dr. Marvin and Dr. Taylor are setting out to find high-yielding trees which will serve as replacements in existing orchards now growing old and those eliminated entirely by wartime cutting for lumber. It is their purpose to propagate cuttings from these so-called "sweet trees" in order that high-yielding stock may be available for replanting purposes. High yielding trees are those which have maximum sugar content, up to 7%, along with an abundance of sap. There are many trees which vary in their yield according to soil, moisture, exposure, and difference in the trees themselves. However, it is the purpose of this research to locate high yielding stock which are better genetically and give a high yield regardless of certain environmental conditions under which they grow.

Several Varieties of Maple Trees

Of all the varieties of maple trees found in various parts of the world, and they number nearly seventy, Vermont produces seven. These are the sugar maple, the black maple, the silver maple, the red maple, the mountain maple, and the box-elder or ash-leaved maple. By far the best for sugar-making purposes are the sugar maple and the black maple. The Vermont environment seems to be peculiarly adapted to the sugar maple, and it is found at its best in this State.

Since the maple orchards of the State are natural forests, several other trees, such as birch and beech, are mixed in with the maples and oftentimes crowd the "sweet trees" and hinder the trees' healthy growth and nourishment. Thus the field work of Professors Taylor and Marvin this season has been to work in a selected orchard and thin out the less desirable trees and brush and also to test the effect of commercial fertilizer on sugar content. By locating the high yielding trees it will be possible to replant great maple orchards of the highest yielding trees, and thus insure a fine future for the maple-sugar industry in the next generation and countless years to come.

Student Help

The field work entails a lot of effort and time in working with farmers of the Underhill and Jericho region. [illegible] students are helping the faculty [illegible] in this stimulating outdoor work. Among them are Frances Donahue, [illegible] Humphreys, Daan Zwick and [illegible]. The latter two plus Carl Urie and [illegible] Stern have also been helping [illegible] statistical part of the project.

Vermont—The Maple Sugar State

Statistics show that Vermont [illegible] biggest producing state of maple products. From figures secured [illegible] 5,399,800 trees were tapped [illegible] duced 764,600 pounds of [illegible] 924,000 gallons of maple syrup. [illegible] northern counties plus Windsor [illegible] produce about three-fourths of the [illegible] entire output. Wherever maple [illegible] known, there the Vermont [illegible] recognized. The Vermont product [illegible] as a standard of comparison [illegible] worth of the Vermont name on [illegible] is fully appreciated by all dealers [illegible] maple syrup. A test of more than [illegible] hundred years has demonstrated that Vermont, above all others, is the [illegible] where the finest maple sugar and [illegible] are made. It is hoped that the [illegible] now being conducted by the Botany [illegible] partment of the University will [illegible] better maple groves for the State of Vermont and keep this State's reputation for the finest maple products in the country.

It was John Saxe, a famous poet of earlier day, who said that Vermont is famous for four things:

"Men, women, maple sugar, and [illegible]
The first are strong, the latter two
The second and third are exceedingly
sweet,
And all are uncommonly hard to beat."

U.V.M. and Fli-Rite Cooperate on Aviation Course

A complete Civil Aeronautics Administration course in aviation, [illegible] ground school subjects and flight [illegible] for a pilot's license, is being [illegible] operatively by the University of Vermont and the Fli-Rite School of Aviation located at the Burlington Airport. [illegible] credited C. A. A. Professors, V. D. Interfield, J. A. Bullard, R. G. [illegible] H. G. Millington will be the flight instructors, while the members of the [illegible] faculty will conduct the ground school courses.

The first of the two sections [illegible] ground school, which opened [illegible] 26, is being held in the evening [illegible] 9 o'clock, and will meet three [illegible] week. It is offered primarily [illegible] civilians who wish to acquire [illegible] The Civil Aeronautics Administration rules that in addition to the [illegible] of dual flying instruction, the [illegible] quires 50 hours of solo flight [illegible] examination for a private license. [illegible] certified ground course is [illegible] the course is taken, only three [illegible] hours are required.

The second section of the [illegible] ing on July 10 in conjunction [illegible] regular summer session of the [illegible] will hold classes five mornings [illegible] from 9 to 12 o'clock. This [illegible] to benefit high school teachers [illegible] be called upon to teach aviation [illegible] in their school, and is strongly recommended for them by those in charge. For these people the number of flights is entirely optional.

Subjects to be covered in the [illegible] school course include civil air [illegible] general servicing and operation of aircraft, navigation and aircraft engines, theory of flight, aircraft power plants, meteorology. The day course will continue through the six weeks summer session. The evening course [illegible] for nine weeks. All ground school [illegible] will be held at the University.

The Billings Library is open [illegible] a.m. until 9.00 p.m. Monday through Friday. It closes at 6.00 p.m. on Saturday and will be closed all day Sunday.

In closing we would like to compliment Artie Gillman on his name-it-and-it's-yours haircut. He no longer resembles Al Lowenfel's proverbial "shaggy dog." Says Art, "I just fell asleep in the barber's chair."

NEW DEPARTMENTAL HEADS RELEASED BY SENATE COMMITTEE

The University Senate has made the following appointments as departmental chairmen at the University of Vermont for the academic year 1944-45.

Botany—Mr. Marvin.
Chemistry—Mr. Dooley (Acting)
Classical—Mr. Prindle.
Economics—To be appointed
Education—Mr. Douglass.
English—Mr. Pope.
German—Mr. Carpenter.
History—Mr. Evans.
Mathematics—Mr. Bullard.
Music—Mr. Bennett.
Philosophy—Mr. Gifford.
Physics—Mr. Holmes.
Vice-Chairman—Mr. Walbridge. (In charge of War Service.)
Political Science—Mr. Carroll.
Psychology—Mr. Metcalf.
Romance Languages—Mr. Myrick.
Zoology—Mr. Perkins.
Vice-Chairman—Mr. Moody.
Civil Engineering—Mr. Puffer.
Electrical Engineering—Mr. McKee.
Mechanical Engineering—Mr. Chapman.
Agricultural Economics—Mr. Hitchcock.
Agricultural Education—Mr. Martin.
Agronomy—Mr. Miller.
Animal and Dairy Husbandry—Mr. Ellenberger.
Home Economics—Miss King.
Horticulture—Mr. Blasberg.
Poultry Husbandry—Mr. Henderson.
Anatomy—Dr. Newhall.
Bacteriology and Clinical Pathology—Dr. James.
Medicine—Dr. Amidon.
Obstetrics and Gynecology—Dr. Durfee.
Ophthalmology—Dr. E. G. Twitchell.
Pathology—Dr. Buttles.
Pharmacology and Physiology—Dr. Goodman.
Physiological Chemistry—Dr. Pierce.
Surgery—Dr. Mackay.
Physical Education (Men)—Mr. Post.
Physical Education (Women)—Miss Cummings.

Summer Sports Program To Keep Co-eds Busy

The women's summer sports program has lined up a variety of activities to keep one busy during leisure hours. Pat Van Ameringen '47 as recreation chairman has organized the schedule.

Each Tuesday at 7.00 p.m., under the leadership of Millie George '46, there is a a softball game at Centennial Field. The girls are scheduled to play the boys on campus. Tryouts for the girls' team will be Friday at 7.00 p.m.

Tennis enthusiasts will find a place in Lolly Hansen's tennis team. This group meets each Wednesday night and Friday afternoon. A few tennis rackets are available for those who do not have them.

Bea Raymond '47 is in charge of the Riding Club. Anyone interested can get in touch with her at Roberts House. The rate is one dollar per hour.

The big event that has been planned is the week-end bike trip to the Sand Dunes. All girls who have bicycles and can get them here should plan to do so soon. Now that the weather is a bit improved, plans will get underway for this trip.

U.V.M. Co-ed Band Will Continue

Fran Donahue Is Acting Manager

Under the sponsorship of the Student Government Pep Committee, the U. V. M. Co-ed Band will operate this summer according to an announcement made by Frances Donahue '45, acting manager of the band for the summer. The first rehearsal will be held on Friday, June 30, at 5.15 p.m., in the Band Room in the Art Building. At this time the members of the band will decide on the time for future rehearsals. Plans for the activities of the organization for the summer will also be discussed at this time.

The twenty-five piece band will again be under the direection of Dr. Joseph Lechnyr. The following people will be members of the new summertime band:

Drums: Al DeMarinis '47, Bea Raymond '47; trumpets: Bob Rosenberg '47, Brud Ogden '48, Eileen Chisholm '47, Frances Donahue '45, clarinets: Viva Sherover '47, Frances Lawliss '47, Lawrence Aherns '48; horns: Mary Kudlesy '45, Edith Colegrove '46; baritone: Wendy Millington '47; oboe: Bob Boyarsky '48; bassoon: Barbara Morgan '47; trombones: Jerry Greenberg '48, Wendy Parker '48; saxophones: Jean Carlton '47, Norma Prescott '47, James Shadyac '48; flutes and piccolo: Paul Carey '48, Art Gillman '48.

Softball Season Begins; Frosh Bow Twice to the Upperclass Supermen

The freshmen still are enlarging their interesting to the upperclassmen, had the audacity to engage them masters in two softball games played on June 17 and 26 respectively.

June 17

The upperclassmen were the first to arrive at the field on the afternoon of the 17th, and then promptly proceeded to have a pre-game workout, although the diamond was covered with mudholes and patches of high grass.

The frosh started off in high spirits and managed to squeeze a run through in the last. On the other hand the upperclassmen were unable to score in the same inning. The freshmen similarly went down in order in the top of the second against the pitching of "Stone-Arm" Sylbert. Then came the blitzkrieg! Determined to put the freshmen in their proper place, the superior team strode to the plate with a vengeance in the latter half of the second frame. When the smoke had cleared the veterans had batted completely around and had tallied nine times. This rally was highlighted by "Greasy" Greenfield's solid double with the bases loaded. The frosh promptly vanked "Tug" Lewis, and "Lanky" Lowentels went to the box.

Double Plays

The fourth inning was featured by a snappy double play by both teams this producing the only completely scoreless inning. The remainder of the game was uneventful save for a fruitless three-run rally by the "greenies" in the fifth. Numerous errors aided the upperclassmen to squelch their opponents, 14-6, behind Sylbert's pitching.

Although both teams made numerous errors, some fine fielding was done in center field by Greenfield, and first base was well covered by "Manchester" Meyers.

Second Game

The second official contest of the summer was played last Monday evening on a considerably drier field. This time, both teams were prepared with additional players, secured during the week through purchases and trades with other clubs.

The frosh quickly jumped on Sylbert for some solid hits, resulting in a score of 4-0 after the first of the fourth. Unloading their full power, the upperclassmen tallied twice in the last of the fourth and twice again in the next frame.

More Runs

Still fighting, the freshmen pushed across two more counters in the first of the sixth. With two outs, "Dimples" Divine reached first through an error. Then "Sap" Clapp poled the first long drive of the game, a mighty triple into deep left center. Divine scored on the blow, and Clapp followed on "Butter Fingers" Boyarsky's single through the infield before the side was retired.

The see-saw contest continued as the sophs and juniors scored three more runs in the last of the seventh. "Bugle" Bolduc started the rally with a single over third base. "Flashy" Fagan banged out a sharp double, Bolduc advancing to third. A pair of fly balls went for two outs, and then "Pop-Up" Prior came through with a long triple into deep center. He was singled home by Meyers before the rally was stopped.

Close Game

Defenses tightened, and the last two innings were scoreless, resulting in a close win for the upperclassmen, 7-6. The freshmen were more improved in the field, executing two double plays through the good fielding of "Winooski" at short stop.

The Line-Ups

June 17

Frosh		Upperclassmen

MANY CO-EDS ATTEND PICNIC AT REDSTONE

On Saturday, June 17, at 5.30, about 50 co-eds gathered at Redstone Campus for a picnic. This was the first time Redstone has been used since the Army took it over. Miss Simpson and Miss Crowley were present.

Around a fire made by Pat Van Amerigen, the girls roasted hot dogs and the rest of the menu consisted of cole slaw, potato chips, cake, and milk. All joined in group singing while eating. At the request of the upperclass girls the freshmen sang several songs.

At 7.00 the group assembled at the hockey field where a softball game was played between the Freshmen and the "Old Women's" team composed of upperclassmen. Professor Carpenter umpired the game and the Freshmen lost by a score of 11-6. The teams then adjourned to the Waterman soda fountain where the victorious upperclassmen treated their losers to cokes.

The picnic was under the direction of Pat Van Amerigen '47 who was assisted by Bea Raymond '47, Mary Lou Pierce '47 and Pat Bennett '47.

Make Up Exams June 8

Make up examinations for students receiving grade X in a course will be held Saturday afternoon, July 8, and also immediately prior to the opening of college in the fall.

Students may take the makeup at either period, but may not take more than one makeup in the same subject. Students here for the summer term may find it convenient to take these examinations July 8.

Former Editor of Cynic Visits U.V.M.

Bardossi Has Been With Air Corps In Alaska

Four Hardy Cyclists Go Over Obstacle Course To Mansfield

There were five days that the sun shone but there was a weekend between the first and second days when it rained. This was because several U. V. M. students rode bicycles to Mansfield. Last fall they accepted. The rain does unfortunately arrive. Some have been doubtful to ride, many hitched on the mountain. Arriving the load to the party was divided as best. However they went to spite of the weather, but as might kind of a comparable discomfort of the rain but because these had already saved in their weight on Essex. Included in the supply and a case of beer. It only goes to show how far people will go for a steak dinner dance.

The tour bicycle riders started out plentiful enough but the first downfall was [illegible] Just outside of Essex Junction occurred the first blowout. The victim was a girl forced to push her bicycle into the town. Here she was rescued by a considerate doctor and so rode off to Underhill Center in a shiny black car while the others plugged along in the rain. From Underhill Center she continued her journey on a bicycle belonging to the doctor's daughter.

At the farm house where they left their bicycles the girls bought a pint of milk for five cents. This was considered so amazing that they carefully brought the empty bottle down the mountain intact and returned it to the lady.

The hikers then waded up the mountain to the lodge. There they changed into less damp clothing, cooked and ate a part of their precious food supply, and then collapsed on their bunks for the night.

They arose early the next morning (the adjective bright is purposely omitted) and hiked along the top of the mountain where the wind lashed the rain against them. Oh how they enjoyed the five minutes spent in front of the open fire in the Mt. Mansfield oHtel! They also enjoyed all the attention they received from the bored guests.

After the long awaited steak dinner, the group slid over the wet rocks and through the slimy mud until they hit the bottom of Mansfield. There the victim of the first blowout joined the ranks of those who had to pay for their ride home. But she was more fortunate than another who was seen pushing her bicycle into Burlington from Essex Junction as the result of a blowout. As a painful anticlimax to the hike the first victim was obliged to do the same on Monday.

The hikers were: Dot Thornton, Peg Fake, Betty Paulson, Fran Donahue, Kit Perry (first blowout), Millie George (second blowout), Bea Thompson, and Mrs. Anna Hare (chaperone).

Appeal to Women To Roll Bandages

On Friday, June 23, a special [illegible] of all women was held in the [illegible] Lounge. The purpose was [illegible] appeal to all the girls to devote one hour a week to making dressings for the Red Cross. [illegible] son presided, and Laurel Hall [illegible] U. V. M. Chapter of the Y. W. [illegible] of the desperate need for surgical dressings with so many more [illegible] during latest activities in the [illegible] war.

Perhaps due to lack of publicity [illegible] were many girls absent from the meeting. Anyone interested in helping in this way, should call Mrs. Hanson, 26 University Terrace, 3272. Meetings will be held every Friday afternoon from 2:00 to [illegible] in 226 of the Waterman Building.

It was also announced that Miss Crowley would help any freshman who is having trouble with the course in History 14. Anyone interested should see Miss Crowley in the Dean's office.

SUMMER PING-PONG TOURNEY UNDER WAY

The U. V. M. Summer Ping-pong Tourney is under way at the bowling alleys. The following boys have already entered:

Phil Sylbert vs. Arn Colodny
Bob Pond vs. Bill West
Bob Boyarsky vs. Lawrence [illegible]
Ed Meyers vs. Mike Greenleaf
Karl Erwin vs. Doug Parizeau
Brud Ogden vs. Bob Rosenberg
Bob Francis vs. How Bloomenfeld
Mike Paulson vs. Stan Sorkin
Art Bolduc vs. Jim Burke

There is still time to enter. Those who wish to join may contact [illegible]. Three out of five 21-point games will decide the winners.

Correction Please!

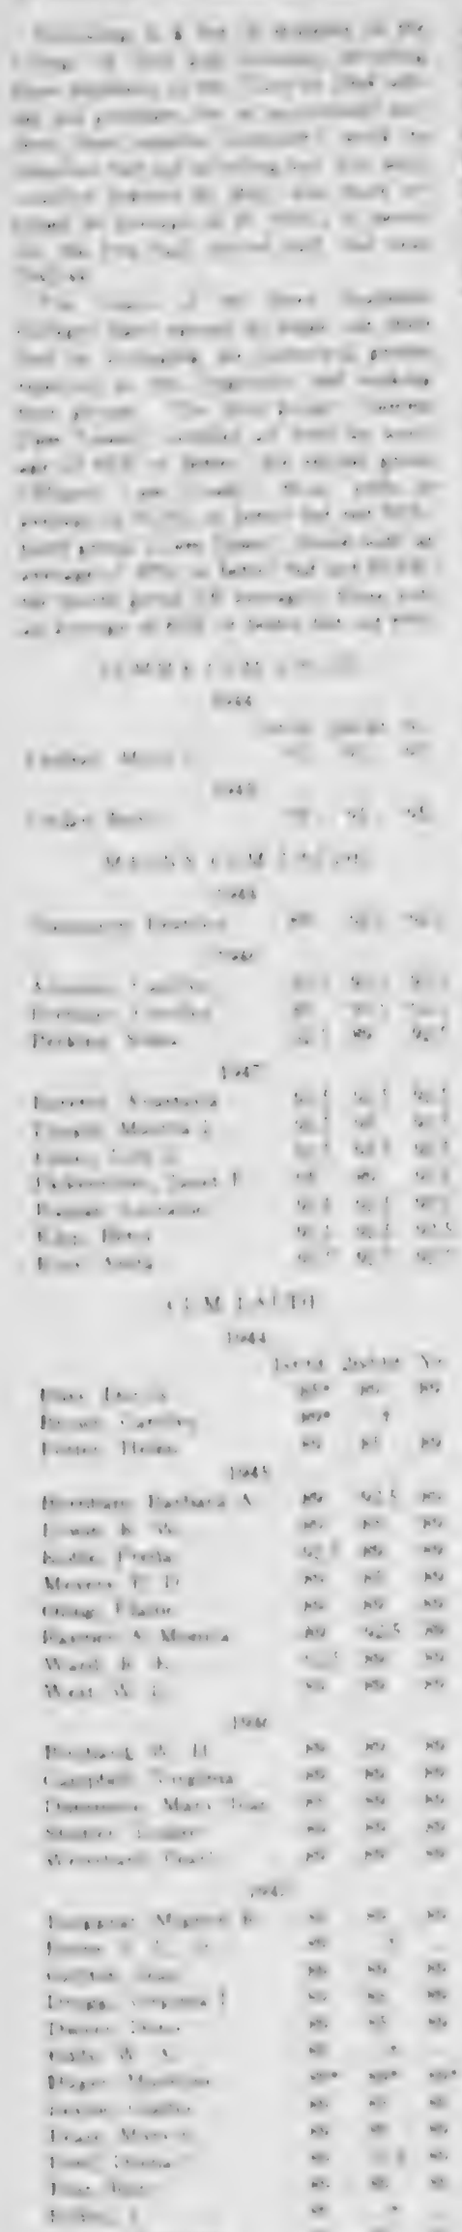
Miss Helen Underwood is not [illegible] the Food Service Department but Miss Florence Lee in charge of the Waterman Building cafeteria and soda fountain. Miss Mary Lavine is assistant to Miss [illegible] and Mrs. Marjorie Swift has charge of the catering department.

CAMPUS CAPERS

Bridge Clippings

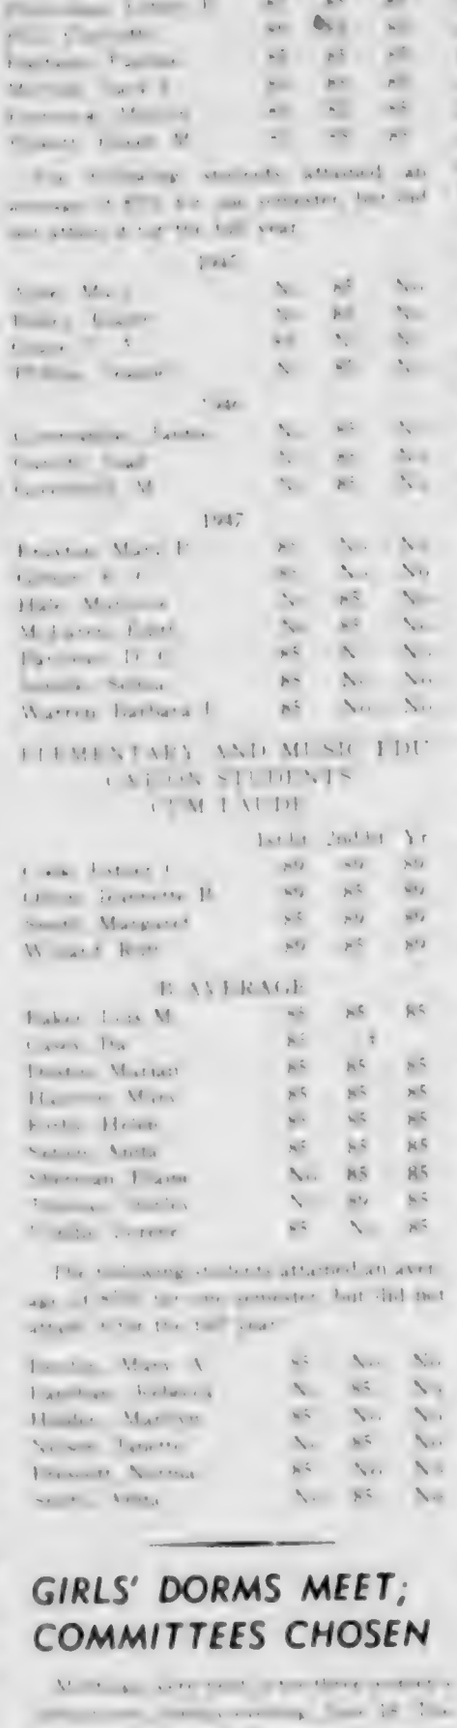
At almost any time of day one can see a cluster of eager students gathered around one of the card tables in the student lounge indulging in a game of bridge. The game usually starts about ten o'clock and lasts with frequent interruptions for classes, lunch, etc., until three.

Those who frequent the gaming tables are divided into two classes—players and kibitzers. Those who play the game often remark upon the beneficial relaxation given to the fevered brain. The parasitic kibitzers invariably come forth with a statement to the effect that "If Art had trumped dummy's ace on the second club lead he would have gotten into his hand and might have been able to make the rubber."



At this time we would like to thank Doris Bliss for her donation of two brand new decks of cards to the student lounge. It is a pleasure to once again be able to see the spots on the cards. It is our opinion that the previous decks were issued in 41 when the Waterman Building was erected.

Most unusual hand of the week—Bill Fagan holding eleven spades to the queen in his hand, led five spades and went down one. Quote Mr. Fagan, "Jees I ain't never seen anything like this before."



Chances are you'll never see one again, Bill.

Clement Ward Is Killed In Action; Bob Ward's Cousin

Class of '46 at U.V.M.; Believed That He Died In Outskirts of Rome

Clement Ward, U. V. M., class of '46, has been reported killed in action. Ward, or "Sonny" as he was affectionately called by his friends and family, entered U. V. M. in September, 1942, and had finished his first semester when he was called into the service in February, 1943. Previous to entering U. V. M. he attended St. Mary's High School in his home town, St. Albans.

The last letter that his parents received from "Sonny" was on June 1 in which he stated he was driving a jeep for his captain. It is believed that Ward lost his life as the victorious American Fifth Army reached the outskirts of Rome the day before the Eternal City fell into the hands of the Allies.

Just a year ago last June the Wards were at a southern camp visiting their son for he expected to go overseas very soon. He did and it was the last time that they saw him. He had been in the service for eighteen months and had not been granted a furlough.

Ward is a cousin of Bob Ward, U. V. M. '45, who is planning to enter U. V. M. Medical College in September.

Medics Down Undergrads, In Twilight Softball, 9-1; Rain Shortens Game

...of July 12, a fast Medic ... a mixed Undergraduate ...me of softball. Although ... for but six innings be... ...was obvious that most of ... runs were amassed on ...

... the undergrads were ... errors in the second ... several Medic hits ... among these, result... ...the second and three in... Medics could not be ...ed, and they scored at ... the remaining three ...over Greenfield's head in center field drove in two of the Medics' nine tallies in the top of the fifth. A brilliant diving catch by Clapp in left field helped to hold the Medics to a single run in the sixth frame.

Pearl Stars

Pearl pitched well for the Medics, holding the opposing batters to only a few scattered hits. Sylbert was the losing pitcher.

Further twilight games between the Medics and Undergraduates are being scheduled for the rest of the summer, the first of these to take place next week.

The line-ups and batting orders:

Medics	Undergraduates
Parmelee, 2b	Clapp, lf
Kaufman, ss	Sylbert, p
Griffin, c	Myers, 1b
Pearl, p	Pratt, 3b
Crane, 3b	Varnum, ss
Vreeland, 1b	Belden, 2b
Cope, rf	West, lf
Neal, cf	Greenfield, cf
Hale, cf	Lowentels, rf

The box score:

	1	2	3	4	5	6	x	x	x	x	r
Medics	0	2	3	1	2	1	x	x	x	x	9
Undergrads	1	0	0	0	0	0	x	x	x	x	1

DR. PERKINS FINDS MALARIA MOSQUITOS IN BURLINGTON

As a result of a study that he has been carrying on among the mosquitoes which unwittingly trap themselves in a device for that purpose, Dr. Henry F. Perkins of the Zoology Department has found a number of malaria bearing variety among the mosquito population of Burlington.

The trap, which is located in the Perkins back yard, is modeled after the trap used by the New Jersey mosquito extermination service, and was built by Mr. John Fagga, technician of the University staff. Recently two more cooperators have started traps in their yards. These are Mr. John Eldred and Mr. Kenneth Gurney who will work with Doctor Perkins in collecting and classifying the mosquitoes.

These traps are metal cylinders about ten inches in diameter and nearly a foot long, topped by a light which attracts the insects. At the top of the cylinder is coarse mesh wire planned to keep out large types of insects. In the cylinder is an electric fan which suck the mosquitoes down into a glass jar, screwed into the bottom of the funneled graduation of the cylinder. In the jar is some potassium cyanide, the fumes from which automatically execute the victims of the trap.

So far, five malarial mosquitoes, of two varieties, have been caught in Professor Perkins' trap. Three were of the variety common in Europe, Anopheles punctipennis, while the other two were Anopheles quadrimaculatus, the malarial variety commonly found in our own south and southeast.

Professor Perkins says that a country wide clean up campaign will rid us of the insect. He adds that there is no necessity for having mosquitoes of any kind, for they can be eliminated if taken in time.

Pat van Ameringen Announces New Sports Committee

Patricia van Ameringen has announced the formation of a new recreation committee composed of the following members: Laurel Hansen, Beatrice Reymond, Barbara McGreevey, Marjorie Hale, Marjorie Rumph, Virginia Donaldson, Norma Prescott, and Mildred George.

The committee announces that a softball game will be held on Saturday, July 22, between the men and women students. Anyone who can at least see the ball should turn out for the game, and those who can't play can form the cheering section.

There are many forms of sports available for those who are interested. The bowling alleys, under the supervision of Mr. Allen, are open every day except Sunday from 3 p.m. to 11 p.m. for bowling, pool, and ping-pong. The tennis courts situated near the weather bureau are open at any time. Laurel Hansen is in charge for those who would like to learn to play, or are interested in arranging a match. There is riding at any time but special classes are held on Monday and Thursday. Call Bea Reymond at 1804. For softball call Mildred George at 5080 ext. 216. There is good swimming at any of a number of places including Red Rock, Appletree Point, North Beach and the Sand Dunes. Directions can be obtained by calling the bus terminal or inquiring of any of the students.

A tobacco plant that grows to tree size has been brought back from pre-historic eras and is growing in the botanical gardens of the University of California.

Sen. Harold Burton Will Speak On Peace Tonight

Dorothy Canfield Fisher, Gov. Wills To Be Present; U. V. M. Girls To Be Ushers At Auditorium

Under the auspices of the Vermont Branch United Nations Association, the city of Burlington will be host tonight to Senator Harold H. Burton of Ohio. Senator Burton will speak at the Memorial Auditorium at 8 p.m. on the subject "America's Obligation to Leadership." In his speech the senator will express his opinions on a peace that is worth the price we are paying." Dorothy Canfield Fisher, well-known Vermont author will preside at the public meeting, and the senator will be introduced by Gov. William H. Wills. Admission is free to all and there will be a concert by the Burlington Military Band.

No Newcomer

Senator Burton is not a newcomer to New England as he was born in Massachusetts and received his education in this section of the country. He attended Bowdoin College where he received his A.B. in 1909 and his LL.D. in 1937, he obtained his LL.B. from Harvard in 1912 and another LL.D. from Oberlin in 1940.

The senator has long been active in political fields. Before serving as the Mayor of the city of Cleveland, Ohio, from 1935-1940, he was on the City Council and also acting Mayor of the city. He was elected to the U. S. Senate in 1941.

A staunch Republican, Burton is well known because of the Burton-Ball-Marsh-Hatch resolution which was passed in the senate shortly after the Moscow conference. The resolution states that the senate will back the agreements made at the Moscow conference.

Internationalist

As an strong internationalist, Senator Burton believes that after the war we must choose between two alternatives to keep world peace, either to raise and equip a large army here in the United States so that no one will dare attack us, or to cooperate with other nations in raising an army to which all will contribute men and equipment. The senator is in favor of the latter proposition because he believes that the former plan would bankrupt our country because of the great cost of armament, thereby lowering the standard of living in the U. S. Another fault with the first plan Senator Burton believes is that we must realize that the United States cannot isolate itself from the things that are going on in the world about it.

We have a championship team, Senator Burton says. "But we still have the big game to win, the game of world peace. For God's sake let us not disband our team before the game is won."

U.V.M. Girls to Usher

University of Vermont girls, attired in costumes of the various United Nations, will usher at the meeting. The girls are: Dorothy Chapman '47, Patricia Van Ameringen '47, Dorothy Hanna '47, Lorraine Bailey '47, Virginia Gerrish '46, Marjorie Alexander '47, Elaine Avery '47, Frances Leonard '46, Theresa Rossell '46, Barbara Spotsinger '48, Barbara Lefferts '47, Betty Dunn '47, Eve Ann Morgan '46, Norma Prescott '47, Laurel Hansen '46, Barbara McGreevey '47, Beverly Morris '48, Joyce Colby '48, Catherine Pontius '48, Betty Pierson '48, Alyse Hamilton '47, Beatrice Reymond '47, Betty Seiler '45, Marjorie Hale '47, Betty Ann Scott '47, Barbara Shaw '48, Marion Parker '48, Lee Johnson, Jean Witman, Selma Abe, Marjorie Barnes.

Retired Professors Plan for Future; They Won't be Idle

Dean Hills, Dr. Tupper, Miss Helen Shattuck Among Those Retired

Upon the time of the death of President Guy Bailey there was no allowance for a retirement pension to those members of the faculty who wished to leave the University after many years of service. The present board of trustees, however, has made such an allowance and now many professors may retire who had not considered themselves financially able to before.

The seven recently retired members of the University faculty have made varied plans in connection with their future.

Dean Hills

Joseph L. Hills, dean emeritus of the College of Agriculture, considers himself a very lucky man. After fifty-six and a half years of service to the University of Vermont, he has been retired at his own request. He has been at the University at its times of prosperity and through its times of depression and now he is leaving it well on its way toward the peak once more. Fifty-six years is a long time and Dean Hills remembers the days when there were only a half dozen co-eds at the University. Only three graduates of the College of Agriculture have not been under the wing one boy in 1892 and two in 1893. In fact at the ripe old age of eighty-four his memory takes him back to the Civil War, a time which few people can remember.

For the last two years Dean Hills has been partially engaged in writing a history of the land grant colleges, a task which he expects to keep him busy for the next few months.

Prof. Tupper

Prof. Frederick Tupper says that he has made no plans for the future but wishes merely to retire quietly to his own private life. He has served many years on the U. V. M. faculty and may now take a well-deserved rest.

Two of the other retiring men, Prof. Ethelbert C. Jacobs and Prof. Arthur D. Butterfield, intend to carry on work they have been doing. Professor Jacobs, state geologist, will continue his work as seismologist. Professor Butterfield is working on the U. S. Coast Geodetic Survey upon the completion of which he

(Continued on page 4)

Phi Sig Pledges

Phi Sigma Delta Fraternity is happy to announce the pledging of ten freshmen.

The new pledgees are Arnold Goldstein, Howard Rosenthal, Larry Morris, and Lt. Bernstein, all of Burlington; Ben Snyder of Dorchester, Mass.; Nat Gilleman of Woodmere, N. Y.; Jerry Green, boy of Bennington; Al Lazarus of White Plains, N. Y.; Dave Stoller of Mamaroneck; and Phil Adler of New Britain, Conn.

The pledging ceremony held on the evening of July 8, was followed by a banquet given at the Black Cat Cafe. Then, in honor of the birthday of Mike Greenfield '46, a beach party was held after the dinner.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 42 JULY 14, 1944 NO. 35

Senator Burton

Since the days when we were graduated from grammar school we have been constantly warned about the dangers and pitfalls of the world which we were about to enter. Long winded orators were all prone to dwell hours upon this theme until the mere suggestion of "the world before us" inspired a yawn. However, the problems which are confronting the world today are being thrust upon us and we are slowly realizing that they can not be ignored or laughed off. We are living in a world at war and no longer need to be warned of its dangers. We are conscious of them, and vitally concerned.

The problem of establishing a lasting peace is now before us. We must not ignore it, for we are the ones who must abide by that peace or fight the next war. Senator Burton is speaking on just that subject in the Memorial Auditorium tonight. It behooves us to go and listen, and to think seriously about what he has to say. Just because we are in college does not mean that we are exempt from such; on the contrary, we are the ones who will be responsible for their solutions in the future.

Many of the college girls will usher tonight in the costumes of the United Nations. To them is due much credit and especially to Miss Simpson and Miss Crowley who have arranged the costumes.

The meeting promises to be both interesting and valuable.

Cafeteria

The present situation in the Waterman Cafeteria cannot pass unnoticed. We realize that the staff is working at top speed to serve the two hundred and fifty ASTRP boys and to cater to the summer session students, summer term students and the public as well. However, it is deplorable that it should take a half hour or more to be served lunch or dinner. Time is valuable, and standing in line is not only a waste of time but tries the patience of even the most serene individual. Something should be done about it, and since criticism without a suggestion is of little value, we propose that another cash register be installed during the rush hours to take care of the many customers and move the line a little faster. The fact that each check has to be itemized takes time and a second cashier might speed things up considerably.

While we are standing in line, and perhaps griping a little, we might remember that the army must come first and we are very lucky to have the cafeteria back at all.

Toptics

by H. P. Blumenthal

The visit of the Continent aroused numerous questions concerning General De Gaulle and his French National Committee. The visit of the French General [illegible] United States and Canada has served to place these investigations on the front page of political news.

Pro De Gaulle

General De Gaulle has fought long and hard for the glory of France. When his homeland came under the boot of the Hun, he struggled on. While all of France was suppressed he made his voice heard loud and strong. He fought back when all appeared lost. When the little recognition he asked was denied him he still was not dismayed. He has accomplished much. He has fostered a modernized program for the administration of the French Empire and increased the power of the natives. He has assisted the cause of the United Nations by fitting that Empire into our global strategy. It was he who made the important base of New Caledonia part of our effort in the South Pacific, and he has been solely responsible for maintaining France as a world factor. When Vichy did nothing but shout the praises of the New Order for Europe, he stood by his native land.

Anti-De Gaulle

On the other side of the ledger he has several short comings. He seems to have a disagreeable personality about which there have been many rumors, one being that he and President Roosevelt did not "strike it off" when they met in Casablanca. De Gaulle's most distasteful acts were the ousting of another great French patriot, Henri Giraud, from the French national committee and then removing him from command of the Army. During the invasion of the continent he caused much displeasure by insisting that all commands to the French Underground Army be given by himself. This caused a great deal of friction on both sides of the Atlantic, and made it difficult for invasion Commander, Eisenhower. He has continued to press his demands at the most unopportune moments. He has demanded control over Syria while the British were still suppressing resistance in that country. He has gone ahead without consulting other nations, *e.g.*, the seizure of St. Pierre and Miquelon in the north Atlantic. Charles De Gaulle has been working for the recognition of his Committee while other countries have been busy with the prosecution of the War. This has caused increasing enmity between our Government and the provincial Government of France. This attitude of the head of the National Committee may be for the Welfare of that Committee, but it does not do the War any good. Many of the demands of the General are legitimate, particularly those in which he hoped to gain more French control over French possessions. (It is difficult to condemn a man for this.)

Roosevelt's Position

There is little basis on which a person may take sides in this controversy, for actually little is known of his plans for the future of France, information concerning the General's character is lacking.

The fact that De Gaulle is now in the United States is significant and the discussion carried on by the Fighting French leader with the Chief Executive during the past week will help measurably toward reaching a decision. The president has built up a respect for his decisions among the other member states of the United Nations Compact; it is, therefore, believed that the rest of the allied world will follow the lead of Mr Roosevelt. The subject of Committee recognition was not discussed at the meeting; however these talks should make it much easier to decide on De Gaulle's character and friendship. Releases concerning the results of these conferences have been scant. We may assume that the principles were in greater accord than they were thought to be a few months ago. This is pointed out by the descriptions of the cordiality with which General De Gaulle was greeted.

Friendship of France

France was one of the large, powerful nations of Europe and will be once again after this struggle. We have made mistakes in our dealings with other exiled states. In Yugoslavia we heard the name of Mikhailovich and ran into his arms, which is what the Nazis wanted us to go. At the same time we fell for the German inspired propaganda that Marshall Tito's Partisans were part of the Nazi horde. Most of our mistakes have so far been of a minor nature. Perhaps we should take a chance on the General, for we would thus receive the immediate support of a necessary ally. On the other hand France is of so great importance that, perhaps, it would be best to make sure that there were no slips at all this time. A little caution now may save many headaches in the future.

Dilemma

Surveying the situation we find ourselves in a difficult dilemma. Would it be wiser to support a man who seems to be pushing himself too rapidly to the fore and thus obtain the friendship of a people who have put their trust in him? Should we reject this man and perhaps save ourselves embarrassment arter the war?

Possible Solution

The best solution, as I see it, would be to grant this Frenchman recognition and control over his native land as long as he does not interfere with the military. He would have to guarantee that the French people would be given the opportunity to choose their own civil servants at the earliest possible moment. This would not mean that he would have to retire from public life, as did the king of Italy; but, rather, he would have to be the duly elected representative of the people if he wished to continue in office after the liberation of France.

Vive La France

Lt. E. S. Irwin, Former ROTC Officer, Returns For 30 Days

1st Lt. Edward S. Irwin, former ROTC officers and graduate of U. V. M. has returned to Burlington for thirty days, during which time he will help with the more than the 250 A. S. T. R. P. students now on the campus.

Lieutenant Irwin was enrolled at Vermont in the General Science course and received his B.S. degree in 1940, at which time he was commissioned as a 2nd Lieutenant in the Infantry. While an undergraduate at Vermont Irwin was a member of the University band and took part in some sports; his main interest while an undergraduate here centered about Military Science. He was a member of Sigma Nu Fraternity.

Returned to U.V.M.

In April, 1942, he returned to the campus as a member of the Military Department. He served in this capacity until September 27, 1943. During this period Lieutenant Irwin assisted with the training of sophomors enrolled in the R. O. T. C. In the fall of 1943 he was ordered to New Bedford, Mass., where he was placed in charge of a Junior R. O. T. C. organization in the New Bedford High School. The organization at New Bedford is one of four such units in New England. The junior corp offers in the three upper grades approximately the same course as given at a university. As there is no school during the summer, Lieutenant Irwin was transferred to the unit of A. S. T. R. P. at U. V. M. In a recent interview the Lieutenant stated that he was pleased to be assigned to his home town.

ASTRP Program

Commenting on the Army Specialized Training Reserve Program Irwin said, "I think the training fine. The men who volunteer for this service deserve a lot of credit."

He believes that when these boys go to basic they will have had a preparatory training.

As to the group on the Vermont Campus Irwin stated:

"They are good boys. They work hard. On the whole, I think, they are doing very well. I enjoy working with them."

After spending one month in Burlington the R. O. T. C. officer is to return to New Bedford where he will continue his work with the junior organization.

After the war Irwin stated that he would like to make a career of the army, as he likes the military and enjoys the work. As he said, "There is never a dull moment."

CAMPUS CAPERS

The Workings of Justice at Sigma Nu

On the night of July 8 two [illegible] members of Sigma Nu Dorm [illegible] upperclassmen gathered to [illegible] the trial of a freshman accused [illegible] unduly loud noises on the night of July 7.

Officers of the court were: Chief Magistrate, L. Lewis; Prosecuting [illegible] P. Adler; Defense Attorney, [illegible] Sheriff, J. Shadyac.

Parliamentary laws were [illegible] throughout the trial by Judge [illegible] S. S. Sorkin.

Jury consisted of six men.

Evidence went as follows: Witness S. S. Sorkin and J. (Cheese) [illegible] established the fact that accused [illegible] was vociferously awake at 12 [illegible] the night of July 7. Next Attorney Adler called the prisoner himself to the chair. Said prisoner attempted to plead insanity and was almost successful. After repeatedly denying all claims against him the prisoner was removed from the chair to which he had been securely tied.

Verdict—At this point His Honor Lewis pronounced the prisoner guilty of all the aforementioned crimes and instructed the jury to fix punishment.

Jury decided that a suitable punishment would be to dunk prisoner in fountain. Prisoner at this point made a daring escape from the courtroom which precipitated the greatest naval battle in the history of the dorm.

All this should prove that the "long arm" of justice is double jointed and can reach anywhere—even to UVM. We hope that the example of this prisoner will prevent any future nocturnal goings at Sigma Nu.

Bridge Clippings

Announcing!! The annual UVM Bridge Tournament for the school championship is about to get underway. Submit names of pairs to Al Lowrie or write them on bulletin board outside the student lounge. We plan to start the tournament sometime next week. All matches will be two out of three rubbers, with the finals three out of five. Time is to be arranged at the convenience of the players.

Hand of the Week: Art Bolte playing with his usual calm serenity in the student lounge, picked up a hand with seven hearts to the A K Q J 10 9, A 3 of clubs, the 2 7 of spades, and a singleton 4 of diamonds. Art managed to keep a straight face and landed a two heart contract. With a little (very little) help from dummy, and a great deal of help from the Great Powers, he succeeded in making his contract.

Attention! By popular request we are giving a beginners course in the theory and technique of bridge. Included in the syllabus will be honor count, bidding and the fundamentals of play. Lessons will be given Tuesdays and Thursdays at eleven o'clock; Saturdays at [illegible]. Let's have a big turn out!

Here's a little trick guaranteed to give you the complete respect of your opponents. A freak hand containing all [illegible] of the cards in a given suit is opened directly into slam and played [illegible] ing the opponents a chance to [illegible] their dumbfoundedness. If [illegible] hand is passed and not [illegible] second or third round (because of unusual distribution someone [illegible] surely have a bid) a slam contract can be reached which is almost sure [illegible] for extra points.

Notice

The University Council has voted that Commencement Day for those who complete requirements for graduation during the summer and for students graduating from the College of Medicine be held Wednesday, September 13, 1944.

E. Swift, *Secretary*

Cynic, Started in 1883, Has Had Long, Illustrious History

by H. P. Bloomenthal

[illegible] official school news [illegible] existence for more than [illegible] During these sixty years the [illegible] changed from a magazine of [illegible] compilation to a modern col[illegible]!

First Issue

[illegible] issue of the Cynic was put [illegible] 25, 1883. It bore almost no [illegible] to present day Cynic, and [illegible] pages and but two columns [illegible] W. P. Cantwell, Jr., wrote sub[illegible] rials about such subjects as [illegible] the tennis team, and school [illegible] first edition contained a few [illegible] about the "New Mill," comment[illegible] the modern architecture used [illegible]

[illegible] Cynics were characterized [illegible] things. For many years every [illegible] carried a masthead which stated that "The editor . . . will be pleased to receive essays on literary, social, religious and political topics."

The humour sprinkled throughout the issues would now be considered more fitting for a morgue than a college paper. The following is a typical gag to illustrate this point:

Professor: "You do not seem to have applied this very carefully."

Cynic (misunderstanding): "Yes sir, that is just what I am trying to prove."

No Ads

The early Cynics carried no advertising of any sort. They did, however, carry an abundance of poetry on many varied subjects such as love, dancing, school work and marriage.

For the first five years of its existence the Cynic carried a great many book reviews. They were rather stuffy and were probably read only by the professors and the high-type intellect.

The issues of the nineteen hundreds showed a definite change over the preceding one. Book reviews were out for good and a noticeable collegiate air surrounded the paper. The Cynic of forty years ago was only about half as large as we know now, contained sixteen pages with two columns per page. The major portion of the paper was devoted to short stories, some written by University students, others by world accredited writers. Poems still received a good deal of attention, but they had evolved into a style more witty and satirical than those first published.

Throughout the years the Cynic has had many famous editors. A few of these are Bob Tracy, Louis Lisman, Joseph Barton Burton Heath, and Jake Katz. Of these undoubtedly the most famous was Burton Heath. He worked diligently on the paper and succeeded in instigating many new reforms. Burton's flagrant editorials are remembered both here and on the Free Press. During the World War Burton became a free-lance reporter and found in a large amount of exciting work. Burton is now an independent reporter in New York. His greatest achievement was the exposure of a vicious New [illegible] racket chain.

Few Women Editors

[illegible] first sixty years of Cynic history [illegible] been less than a handful [illegible] editors. The very first feminine [illegible] was Dr. Katherine McCarthy was managing editor [illegible] work of the World War [illegible] editor-in-chief was drafted the [illegible] accepted her to fill his place. [illegible] reports she did an excellent job [illegible] was twenty years before another [illegible] installed as editor of the Cynic. [illegible]38 Maywood Metcalf was [illegible] and served a successful term [illegible] now we have Fran Donahue [illegible]

[illegible] of years the Cynic has [illegible] a few issues that have [illegible] furor on campus. One [illegible] the famous "Stormtrooper" [illegible] under the editorship of Jake [illegible]41. Instead of the normal "Vermont Cynic" appeared [illegible] "Stormtrooper" as the head. [illegible] contained a full account of how [illegible] been attacked and conquered [illegible] minute and Storm troops

The issue was put out shortly after Pearl Harbor and the shock was so severe that the Cynic office was flooded for three days with phone calls, letters, and telegrams.

Advertising

A history of the Cynic's advertisements affords one a good panorma of life in and around Burlington. The first issue to carry ads was put out on April 29, 1885. The Van Ness Hotel carried a prominent display ad featuring its "safety hydraulic passenger elevator and modern fire escapes." There were several other assorted ads—lactated baby food, roofing shingles, tonsorial artists, and London Trouser Stretchers (guaranteed to take bags out of the knees).

The early Cynics carried for many years an advertisement in which was stated that: "A made-to-order-two-pants-suit could be bought at Mercer's clothing store in Burlington for $13.75. Imported worsteds and tweeds ran somewhat in the $15.00 price field.

At the turn of the century the Cynic's advertising revenue came mainly from two sources—Green Mountain Renovator, and Boston Slice Tobacco. The Green Mountain Renovator was billed as "the body builder, promotes keen minds and healthy bodies." Boston Slice was "Guaranteed not to bite the tongue."

Cigarette Ads

In the 1930's the Cynic devoted most of its advertising space to gigantic cigarette ads. The inconsistency of this advertising was quite amazing. For a week U. V. M. students were advised to smoke Chesterfields. (They satisfy.) Then Old Golds would have a chance to lure new addicts with their "not a cough in a carload." Finally "Bull" Durham would try to prove that hand rolled cigarettes were unbeatable, both for flavor and price.

The Cynic has always tried to represent the thoughts and actions of the students. As such it has at times been an influential friend of the student. Among its more notable accomplishments was its support for the establishment of student government. The Cynic was one of the early promoters of this idea and worked industriously to put in across.

The chief purpose of the Cynic is to present accurately and clearly the events that go on around U. V. M. Everything from Kake Walk to bridge is dealt with in the Cynic. Along with news the Cynic gives its readers many feature columns which are all part of the Cynic makeup.

Modern Teaching

Part of the summer session school this summer will be the demonstration school, which opened last Monday under the direction of Prof. Mary B. Sullivan. Classes are being held at the Taft School. Most of the teachers attending come from Burlington.

Florence M. Fisher is the demonstration teacher for the first and second grades, Eleanor Sutcliffe for grades three and four, and Marie H. Wealock for grades five and six. The main work will be done in these grades, but there will also be some in the commercial department of the High School.

The main idea of the school is instruction in most modern methods of teaching. They are to be shown by practical demonstrations.

Party for Dr. Burns

On the evening of July 1, a party was held for Dr. George P. Burns in the Faculty Lounge. Doctor Burns, who has been head of the Botany Department at U. V. M. for thirty-four years, is retiring.

A dinner followed by an informal social gathering was attended by the Deans of the College of Agriculture and members of the Botany Department.

As a token of appreciation for his many years of service, Doctor Burns was presented with a bound volume of his scientific papers, written from 1900-1942.

ATTENTION!

Interested in bowling? Ping-pong? Pool? Even if you aren't, the U. V. M. Bowling Alleys are still the coolest spot on the campus. Cokes are available at all times.

The Alleys are open from 3 p.m. to 11 p.m. every day except Sunday.

Bowling 15c per string. Ping-pong 5c a half hour per person. Pool 15c a half hour.

Harland Allen in charge.

Graduate Nurses Given Scholarships

Dept. of Nursing Adds Three to Summer Staff

As the Department of Nursing at U. V. M. received the approval of the U. S. public health service, forty-five scholarships were made available for graduate nurses during the six weeks summer session.

Three additions have been made to the teaching staff of the Department of Nursing for the summer session. Miss Norma Joan Baritau, director of the Fifth Avenue Hospital School of Nursing Education will be assistant professor of nursing education and will conduct classes in the field of curriculum and teaching. She received her master's degree from Catholic University, Washington, D. C., and has taught graduate nurses there and at Indiana University.

Miss Helen Wood, director of the the Department of Nursing Education at Simmons College will teach the first unit of a course in current developments in nursing education.

Thirty of the graduate nurses will take one or more courses and 15 will give full time to study during the six weeks.

Softball Fans!

Don't forget the second tussle between the Medics and Undergrads!

When? Tuesday, July 18, 6.30 p.m.
Where? Back campus

Band Concert and Sing

It has been announced that a Band Concert and campus sing will be held Friday, July 21, at 7.15, on the College Green. Doctor Lechnyr will conduct the concert.

This event is to be the first of other such events to follow throughout the year. It is hoped that the entire campus family will be present, including summer session students, summer term students, and A. S. T. Ps.

It was also announced that the University Band will meet for rehearsal every Wednesday night at 6.30.

Danger that the war emergency will lead woodland owners to "slaughter" their timber lands has been pointed out by J. D. Pond, assistant extension forester at Cornell University.

Dorm Notes . . .

ALLEN HOUSE

Alice Fleming, Phyllis Butler, Connie Garvin and Irene Varga are back for the summer session. . . Eileen Chisholm was besieged by guests last week. . . Margie Rumph spent the week-end in Plattsburg at the home of a friend. . . Allen House points with pride to its hair stylist-in-residence, Miss Shirley Harris. Perhaps you have seen some of her walking advertisements. In her own words, she "missed her trade."

The weather seems to have encouraged the development of a faster and deadlier mosquito, and have turned it loose on the future world-builders of Allen House. One girl claims to have seen a four motored model.

Pat or Jiz may be seen in the kitchen around bedtime every night, cleaning their mousecage. The mice will be the victims of experiments in diet some time in the future.

DRESSER COTTAGE

Life at Dresser has settled down to routine. The freshman girls no longer struggle to get to the telephone first or, better still, run to answer it when the telephone next door rings. Life would be perfect if: Barb Snetsinger and Betty Ann Scott wouldn't burst into song at 11 p.m., Marion Parker wouldn't wander into the room at 6.30 a.m. with "Kenny's coming Saturday," and if Joyce Colby could remember where she left things.

The Cottage was deserted over the 4th. Everybody went home. Marion Briggs' mother visited her last week-end. Janice Hubbard went home Tuesday night to join her relatives in celebrating the 75th birthday of her grandmother.

There is now a special fund in Dresser Cottage that is made up of pennies for each choice expression the girls use. "Scotty" heads the list with a score of 37 cents, while Barbie Morgan has been able to save her pennies for the gum machine in Old Mill.

The girls trouped off to North Beach again last Saturday for a picnic supper and incidentally, to swim a little—no sunburns yet. Marion Parker was noticeably absent, that man Ken Warren was up from Montpelier again.

Norma "Bunny" Prescott has become the swimming instructor at Y. M. C. A.

Oh yes, and for that person who asked where Dresser Cottage was—it's on 49 Mansfield Avenue and has a total of eight girls within its comfortable walls.

ROBERTS HOUSE

All the Roberts' House girls came back very enthusiastic after their July 4th week-end, but the girl whose story was most plain to see was Mary Lou Pierce's. For a beautiful diamond ring is now reposing on her third finger, left hand.

Strains of "I Love You Truly" and "The Army Air Corps" float through the house now since the girls serenade Mary Lou every evening during "mossy hour."

Roberts House boasts of an exceptionally gifted pianist, Elizabeth "Pierce" Pierson, who tickles the ivories every evening at 10. The dance craze at present is the polka and Betty is going slightly mad continually playing "Beer Barrel Polka," the only music available. Has anyone any other suitable polka music? Call 1304 and ask for "Pierce."

We watched Barbara Shaw the other day play tennis and she plays a neat game. It looks as though Bev Murray will be Barb's chief female competitor in that sport this semester.

Visitors to the house this week included Kitty Perry's and Barb Shaw's parents, Fran Donahue's father, and Bev Murray's sister.

Barb Shaw, Kitty Perry, Betty Pierson, Fran Donahue, Anita Setien, and Bev Murray are all participating this evening in the United Nations program at the Memorial Auditorium.

Bea Raymond beat Mildred Trachtenberg's high score of 82 in bowling with a 94 and it looks as though there's going to be a race between these two for the high score of the month.

SIGMA NU

Over the week-end only five men remained at Ye Ole House. They were Dick Audette '48, Bill Dunn, Art Gillman '48, Tex Lewis '48, and Fred Rulfo '47.

"Sork" brought back from Boston a genuine Kosher salami three feet long.

Jim "Shadrac" has a cure for food grabbers—Syrian cheese and hot pickled peppers.

The Shaggy Dog (Al Lowenfels) plans to camp in the wilds of "unspoiled Vermont" this week-end.

We were honored by a visit from "Winooski Joe" last week. We put him up in the guest room.

Mrs. Loudon Honored

Mrs. Laura Loudon has been awarded one of three fellowships to the Bread Loaf Writers Conference by Middlebury College. Mrs. Loudon is the assistant director of publicity here at U. V. M.

[illegible] house is filled with sum[illegible]ts and the incident of [illegible] to have been forgotten

ATTENTION!

Students! Navy Band! The Social Committee has planned a real treat for tomorrow night! First a softball game at 7 pm on the back campus. Get out there and root for your team. Following that at 9 pm a "Sweater Swing" on the Campus. Come on, fellows and gals! Show your pep and school spirit by being at both events tomorrow night!

LIBRARY COLLECTS FIRST EDITIONS BY MRS. FISHER

Harold G. Rugg, assistant librarian of Dartmouth College and editor of *Contemporary Verse*, has suggested that the American Librarian Association request each library to collect and preserve the complete works of one leading living American author. This will create for future generations a national collection of American authors. In response to this communication Miss Helen B. Shattuck, head librarian of the Billings Library, has appealed for contributions to complete the Billings collection of the works of Dorothy Canfield Fisher, Vermont's best-known author, particularly in first editions.

The Billing's library already owns most of the works of Miss Fisher, but not all are first editions, and there are a few gaps to be filled.

Those publications which the library is lacking include *Corneille and Racine in England*, published in 1904; *English Rhetoric and Composition* in collaboration with G. R. Carpenter and published in 1906; *Fellow Captains* in 1916, with Sara L. Cleghorne, well-known Vermont poet; *Fables for Parents* in 1937, and *Tell Me a Story*, published in 1940.

The collection also lacks several translations of the famous author's works.

Anyone willing to contribute copies of these books will have the satisfaction of knowing that he is helping to complete a collection which will be of permanent benefit to future generations.

Band Plays First Summer Concert On College Green

View of first Summer Concert held on College Green. Community singing of old songs was also part of the program.

The College group was the scene of a lively band concert and campus sing last Tuesday night starting at 7:15 pm. The University band conducted by Dr. Harold Dunham played several selections. This was followed by community singing of old fashion and college songs. Cotton Fabes at metal was received with enthusiasm by all Vermont students, old and new. The many V. L. P. R. present added a great deal to the singing and rendered the records asked. I Want A Girl.

Prof. Bessey Field conducted the Community Sing at Vermont some four years ago, he got to the point in about two idea of community singing and how it grew at U. V. M.

He was the first conductor of the summer band and a few days later there was an impromptu sing on the campus. Many songs were requested. Many songs were sung at being played for the first time.

Dr. Holm Wins Surgery Fellowship

Dean C. H. Beecher of the College of Medicine of the University of Vermont announced today that the fellowship in surgery had been awarded to Benton Holm M.D. of Cadillac, Mich.

Doctor Holm received his baccalaureate degree from Augustana College, Rock Island, Ill., in 1927. Six years later he received his degree in medicine from Northwestern University Medical School. He interned at Cook County Hospital Chicago and was resident physician at Evanston General Hospital, Evanston, Ill. Doctor Holm has practiced medicine for two years and during that time he has taken various courses at the University of Michigan, Ann Arbor, and has also studied at the University of Pennsylvania.

They Fight and Die—You Buy and Buy

DEAN SIMPSON GIVEN A SURPRISE PARTY

Miss Mary Jean Simpson was given a surprise birthday party by Miss Margaret Cronin, Assistant Dean of Women, Miss Helen L. Everett, her secretary, Miss Edith Bristol, secretary to the dean of men in the secretarial office Tuesday afternoon, July 18, from three to four.

Miss Crabb and Miss Barrows of the Nursing Department and seven housemothers, Mrs. Andrew, Lundin, Mrs. C. W. Richard, Mrs. Lloyd Towne, Mrs. Lane France, Mrs. Musgrave, Miss Wait, Director, and Mrs. P. M. Decker helped to make the party a complete surprise.

Refreshments of ice cream and cake were served, and Miss Simpson received many gifts.

Students Spend Thursday Afternoons Making Red Cross Dressings

On Thursday afternoon in Room [illegible] Pomeroy there are to be found twenty students busily engaged in making surgical dressings. In the three weeks that the girls have been working they have made an average of 700 dressings in an afternoon or about 2,100 in all. Mrs. Jacobs who is in charge of Surgical Dressings for the Red Cross in Burlington, supervises the work with the assistance of Mrs. Bowen and Mrs. France.

With the exceptionally good job the girls have been doing the demand for these dressings is said very great. If any regular students or summer session students are interested the time is 1:30 to 4:30 Thursdays and the place is 226 Waterman Building. All assistance will be greatly appreciated.

36th Summer Session In Its Third Week; 361 Enrolled

Group Consists of Principals, Teachers And Undergraduates

[illegible] summer session of [illegible] at U. V. M. on the third week is under the direction of [illegible] Dunham. The total enrollment is 361 most of whom are teachers here to receive their certificates. The aim here is education, preparing the teacher, either summer sessions at best and a chance to keep their certificates. Other types of students who are attending the summer session are

1. Graduates of teachers who have completed a full college course and who desire to take work which will be credited toward the Master's Degree.

2. Undergraduates, principals, school executives who desire professional courses. Most of the summer session students fall in this category.

3. Students with adequate preparation who desire to take work for college credit or college credit.

There have been many lectures, the aim of which the summer session students have been encouraged to participate. On Monday, July 31 at the Fine Arts Building Annual Conference Institute will be held on the third floor of the Waterman Building in the Faculty Lounge. Meetings will be held at ten a.m. the morning and two of the afternoon. The subject will be "A Modern Program of Guidance for Elementary, Secondary, Vocational and Higher Education." This is a coming step on the enrollment of the summer and the director expects all who are interested [illegible]

[illegible] course is to be more popular [illegible] Dunham's Concert [illegible] Not just Dancing will be [illegible] The enrollment this year has increased nearly three per cent over that of last year but still it does not approach the figure which is expected next year.

Welding Foundation Presents Money to Engineering Library

Dean George F. Eckhard of the College of Engineering has announced recently that a gift of $100 was presented to the department by the James F. Lincoln Arc Welding Foundation of Cleveland, Ohio. The money was designated to be used for the purchase of a collection of books on arc welding. The collection will be known as "The James F. Lincoln Arc Welding Foundation Welding Library."

The foundation was established in 1936 for the purpose of encouraging scientific interest in the development of the arc welding industry through advances in the knowledge of design and practical application of the arc welding process. A part of their program is the donation to various universities, colleges, and technical school funds for books on the subject of welding. Students working toward degrees have access to these books and the collection is open to all who are interested.

Dean Eckhard has appointed Professors Lucas L. Bullard and Robert G. Chapman as a committee to select the books for the Vermont collection. These books will be chosen from a list submitted by the Foundation.

They're Fighting For Us—Let's Fight For Them

Co-eds Do Social Work Among Children At St. Joseph's Home

The Newman Club of the University of Vermont is doing its share in the Social work of the community by the volunteer work at St. Joseph's Orphanage, which was inaugurated in the latter part of June and which will continue through the summer term until the children at the Orphanage return to school in the fall. This new project is entirely new to those members who are working on it, and being amateurs in the field of Social work, many mistakes have been made and much has been learned.

The work is concerned with children from the age of two to six years who are cared for by the Sisters at the Orphanage on North Avenue. The Sister are few in number and their duties are overwhelming in making a home for the 150 or more children under their care. By having volunteer workers to help them their burdens are lightened somewhat and the experience gained by the girls who volunteer is invaluable. There are some forty two children under the age of seven, and children at that age are too young to be left alone in their play hours and it's necessary for someone to be with them constantly. Time to supervise the play hours for these children in the afternoons is the purpose and task of the project. The work isn't easy as some might imagine, and the girls are not paid for the hours they spend with the children five afternoons a week. The girls who make up this little group are not intent upon what they, themselves, get out of it. It's a charity work, and a smile or a tear of gratitude from one of those little tots is ample reward for time well spent.

The Program

Mrs. Zita Taylor who is associated with the Vermont Catholic Charities is the director of the program for these children and with her advice and long experience in working with children the work is made much easier for the "amateurs." A program has been worked out which will give these children a chance to show their initiative, individualities, and any creative instincts which they might have. For instance they are given coloring books, paper dolls, and once in a while they even make an attempt to draw a bird, a cat, or even one of their companions. Naturally, those that haven't been to kindergarten are very slow to catch on to these more complicated tasks. And then, there are the games which they all love. You know them: Farmer in the Dell, Pussy in the Corner, Hunt and Seek, Little Sally Sweet, Ring around the Rosey, etc. When the children learn their games well, they can play by themselves and don't need an older person around to show them how. These games too, bring out qualities of leadership, good sportsmanship and cooperation, qualities which must be imbued in the

Chatter

SOUTH WING NEWS

Nothing stood [illegible] out [illegible] for the South Wing this week. One white [illegible] around with [illegible] reporter jabbed [illegible] in [illegible] side and said:

"Look, Pat! Isn't [illegible] Compared [illegible] our "Scraggy Chest" Charley [illegible] is [illegible] proud [illegible] his new [illegible] [illegible] a report to Pat Dunleavy. By the way the [illegible] asked what [illegible] Mabel Ford" finally arrived. It was filled with [illegible] and [illegible] and get this. As [illegible] was [illegible] went [illegible] any [illegible] like better [illegible] another Bear Cub."

He will be [illegible] "Duke" [illegible] a [illegible] lovely [illegible] week-end. The Duke [illegible] highlight of the week-end was a [illegible] [illegible] over [illegible] which [illegible] [illegible] a [illegible] [illegible] at Saturday afternoon.

It looks like Tom Goudy and his little blond are going to hit it off O.K. Good work, Tom.

While on the subject of beautiful women who was that [illegible] Van Hise was out with Friday.

Jack "Lank" Gately [illegible] with a cute little trick Friday and Saturday. What ever happened to Kay, Lank.

Sunday a large group of the A S T R P could be found down by the lake taking in the finer things of life [illegible] like mountains, and water, etc. We saw: "Goose" Gouger, "Lank," "Duke" and Carl Long, together with some girls, also with women we noticed Mel, Tom and Jerry (always together) and Danny Connely. How was the hunting, boys.

"Walt" Lomac and "Bill" Conster both went home to see their women.

"Mel" Lubetsky and "Kermie" McGill were both fortunate enough to go home over the past week-end. But if you want to see your parents (and who doesn't) take a tip from Bob Murray and make them come up to see you!

"Mickey" Cohen and Raleigh Dutton both went home to spend the week-end in good old Massachusetts. Baked beans for supper Saturday, I'll bet.

CENTER CHATTER

A great concentration of our doubts, fears and expectancies rested upon the "shots." Upon arrival we asked, for the first week we asked . . . . But still no shots. We were finally told they were coming on Friday. That Friday was July 14, Bastille Day. One fellow, filled with "Shot" propaganda and horrified at the sight of the needle, reeled over. In spite of this and all the terrible tales, they weren't so bad. However, many were sick after the second "Shots" on July 21 and who knows what the third and last may bring?

In classes of Physical Education, we are told in a reverberating voice to be "Mentally Alert," but so far we have attained no large degree of perfection.

Company C is looking forward to the day when Captain Jerest changes the cadence less than three times.

Strange fruits have accompanied young men to bed these last nights: cornflakes, jam, shaving cream and berries.

Many of us have been well entertained in some of our spare time by Reggie Phillips Boogie Woogie. The remainder of our spare time consists largely of running up and down the stairs of Converse Hall.

A sign has been posted outside Converse Hall. (This is put there so that parents may not view their son's quarters within the Bastille.

A S T R P rumors have it that if the food becomes more greasy, we will become dukes at a product of "Crisco."

Stop in at the
STAR RESTAURANT

Phi Sigs To Owls In Interfrat Match

Lt. Herman Thomas '45 Makes High Total

In the first [illegible] bowling [illegible] at the summer, the Phi Sigs [illegible] the Owls by a score of 82[illegible] to [illegible] '0.

The match was [illegible] by Ellis Rosen[illegible] a high single score of 156 for the Phi Sigs. However his two game total of 318 was beaten by "Slim" Hooker's 320 total.

The star wheels for bowling were good and team averaging 100 not [illegible] strings. For Lambda Chi Del Andreis, Elmo Hooker, Art Dunbar and Mike Vargus were the bowlers. The Phi Sigma Delta team was [illegible] of Dick Rosenberg, Milt Greenfield, Stu Cooke and Phil Sylbert.

Several outstanding things were done in the Alley during the week end. Lt. Herman Thomas '45 [illegible] the high three string for the night, a 348 total, by Mike Vartuli's score of 138. Lt. Thomas has been the only man to [illegible] by Phil Sylbert's 138. But hardly had the latter's name been on the board when Lieut. Herman Thomas '45 went to bowl. [illegible] achieved the outstanding total of 156. This put him in a two way tie for the second highest single score bowled by a student at U. V. M. The top score, a 1165 set about two years ago still remains unbeaten by a student.

ELEVEN TEAMS ENTER BRIDGE TOURNEY

The U. V. M. bridge tournament [illegible] will swing. Eleven teams have entered the contest. Four matches have been going on all week in the Lounge and many a person has been seen creeping from the scene of battle with a [illegible] gun [illegible] shoot himself look on his face.

So far four teams have been eliminated: Lowenfels and Shaw, Stern and Bolduc, Rosenberg and Harris, Tractenburg and Bloomenthal.

The team of Falk and Bliss is already in the semi-finals. They defeated the teams of Stern-Bolduc, and Rosenberg-Harris to reach this stage.

More information on the bulletin board outside the Student Lounge.

TOPTICS . . .

(Continued from page 2)

Other Issues

There are several other pledges in which the two parties sound a discord. These, with the more important issues, will be argued back and forth through election day, at which time the people will decide the victor. Now and then we will hear the different sides to the New Deal plan for federal financial aid to education (to be administered by the States). The charge on behalf of the Republicans that the New Deal has failed to economize will be carried through their entire campaign like an undercurrent, as will the never ending fourth term issue with the Republican proposed two term constitutional amendment.

In General

In the final analysis the campaign will match "States rights" as opposed to the federal government.

Of a political party columnist Walter Lippmar says, "It must reconcile, compromise and accommodate the factions within it." This task is important however the Republican platform has [illegible] done it. It is therefore imperative that Tom Dewey immediately tell America where he stands and not stay locked in a glass room [illegible] [illegible] to keep his on the [illegible] [illegible].

Invest in Invasion—For Victory

Lee Emerson New Lieut. Governor

Favors UVM Remaining A Private Institution

Lee E. Emerson of Barton has succeeded in obtaining the Republican nomination for the office of Lieutenant Governor of the State of Vermont. His opponent for the nomination was Asa Bloomer.

During their campaigns for the office these men led different schools of thought on the subject of the future of the University of Vermont. Emerson believed that the University should not be made a state college. He stated in one of his speeches—"Although there may be other factors involved why the University did not use this money (the state appropriation) it would seem that the all prevailing reason was prudent, careful management of the University's affairs by a board of trustees in whose deliberation the counsel of good sound business men rather than self seeking politicians prevailed). This is all the more reason why it should not be taken over by the state and made a political football." He continued in this speech saying that the University will have some lean years ahead until prevailing conditions are once more normal. The government curtailment of military programs and decreased enrollment surely will affect the conditions at the University. Emerson claimed that all this irregularity was only temporary, once after the war returning service men will re-enter the University. Also many more people will strive for a college education as they did after the last war. In his conclusion he stated that if ever the University needs temporary relief from the legislature the request should be assessed to sympathetically and with proper appreciation of what the University has meant to and done for the state.

On the other hand Bloomer took an entirely different attitude toward the problem at the University. He suggested that the state take over the Institution and thereby reduce the tuition.

Bullet Misses Gillman In Sigma Nu Mystery

On Monday night August 7, a new difficulty was added to life at Sigma Nu. As Arthur Gillman and Al Lowenfels were studying in the room of the latter a bullet was fired into the room from outside the east window. It passed over Arthur's head by about a foot and imbedded itself in a volume of *Harper's* magazine. The boys continued plugging until Mr. Audett came home and suggested calling the police.

When the police arrived they carefully examined the ground outside the room for footprints or other helpful information. The only clue found was the twenty-two slug which Mr. Audett removed from the volume of *Harper's*. The police questioned Messers Bill Dunn, Arthur Gillman, James Shadyac, and Al Lowenfels. They also searched one of the upstairs rooms.

To date, the authorities have suspicions but no proof as to who considered it a joke to fire a rifle bullet into one of the student's rooms.

Summer Students From Many States Are Interviewed

This year the U. V. M. Summer Session has representatives from thirteen states, Canada, Hawaii, and the District of Columbia. Among the three hundred and sixty students attending the six week session are found many persons who come from unusual places or who have unusual positions.

Among the six representatives from the Dominion of Canada is Miss Ivola Arbour of Lachine Quebec who teaches primary grades in the city of Montreal Quebec. Although born in England Miss Arbour has spent all but three years of her life in Canada. She is a graduate of Macdonald College which is the branch of McGill University that leaves the Quebec Province College Agricultural College, and College of Household Sciences. Macdonald College is situated in St. Anne de Bellevue twenty miles from Montreal.

Ella is Miss Arbour's first visit to U. V. M. and she likes the school very much. When asked about the Canadian educational system Miss Arbour stated that it was very similar to the American system with a few differences. For instance all students must take French from the third grade on through high school. English is also required but where American schools require American History Canada requires students to take courses in English and Canadian history. Degrees comparable to our degrees are given from the high schools Arts, Science and Commercial.

From Miss Arbour's home in Alabama to the hills of Vermont came Miss Jane Gatuls to attend the Summer Session. Miss Gatuls, a graduate of State Teachers College in Montgomery, Ala., is at present employed at Council High School in Huntsville, Ala. Miss Gatuls says that she finds Vermont a delightful contrast to her home state of Alabama where temperatures such as we found in Vermont are few and far between. Miss Gatuls was working on her Master's degree at the university field past that Northerners are more friendly and hospitable than the Southern people.

A college librarian from Pennsylvania is also among us this summer. She is Miss Isabel Metcalf of Shippensburg, Pa. Shippensburg is a State Teachers College in Shippensburg, Pa. This college has a normal enrollment of about 750 students, but the war has changed that enrollment to approximately 300. Miss Metcalf, who is doing graduate work in Literature, reports on her first visit to Vermont and states that she is enjoying it very much.

(Continued on page 4)

Hallet Abend Speaks Here On Our Future In Far East

Large Audience Hears Noted Journalist Caution Us Against Too Much Optimism

Thursday night August third Mr. Hallet Abend of Hyde Park Vermont who was for the previous years prior to 1941 the New York Times correspondent in the Far East lectured in the Chapel on "America's Future in the Far East". This lecture was sponsored by the Summer Session as part of its effort to present a well rounded and stimulating program to summer students. The audience also included regular students, faculty, townspeople and the University's A S T R P unit. Mr. Abend was introduced by Dr. Bennett C. Douglass director of the Summer Session.

Immediate Future

As far as our immediate future is concerned said Mr. Abend the strategy in the Pacific now appears to have the purpose of cutting the Japanese Empire in two. MacArthur and Nimitz will meet on Mindanao in the Philippines, from which point the drive toward Tokyo will eventually push forward. With the South China Sea controlled by our airplanes and submarines we will be in a position to attack Japan itself. But we must not become too optimistic at the tendency has been since our successes in Normandy. Only thirty three hundred miles lie between Tokyo and Honolulu which is still our only complete Pacific base. Furthermore Japan's transportation has been increasing due to the forced labor of four hundred million subject people and the fact that we must now attack bases not 2 hundred miles in Japan each step that we have gained a hundred or two and a half years. With the possible exception of Truk Germany during her war with Russia has not been so far from her base. Japan because Okinawa is only 1500 miles from Tokyo. This does not take into account the possibility of Russia entering war in the Pacific.

Russia May Reach Tokyo First

Many considers the decline in importance of London and Washington because of the vast land Russia now has at its disposal he able to dictate the peace terms on Berlin may also dictate terms on Tokyo. Russia and France and Norway respect settlement. Pacific nations a conference becoming stronger because of confidence gained in Europe are not just mere figures. Economic considerations must be considered. Many islands in geographic Pacific such as the Philippines and the Japanese mandated islands are rich in natural resources. Japan is dependent on these islands for her existence. Russia could not be a factor in the Pacific if Japan and the Americans should wish not to. Russia does not now wish to have a long line stretching out in the Pacific with Japan on its flank and in a position to dictate peace and the American people would not be in favor with Russia if we should be forced to fight Japan to the finish. Russia is not interested in Pacific ports. Russia is interested in warm water ports. Russia is interested in Dairen and Port Arthur.

Imperialism

Japan's and Europe's imperialism are not the same. Britain and France have always been willing to grant independence to any colony as it became able to govern itself. Japan's imperialism is different. Japan wants to dominate the Pacific as Germany wants to dominate Europe. Japan is trying to force the Japanese way of living on the people of Asia. Japan does not want to be a member of the family of nations and the American people would not want to have Japan back in the family of nations unless Japan first gave up its imperialistic ambitions. Japan is trying to force the Japanese way of living on the people of Asia. Japan does not want to be a member of the family of nations and the American people would not want to have Japan back in the family of nations unless Japan first gave up its imperialistic ambitions. Japan is trying to force the Japanese way of living on the people of Asia. Japan does not want to be a member of the family of nations and the American people would not want to have Japan back in the family of nations unless Japan first gave up its imperialistic ambitions.

U.V.M. Has Three Nursing Programs

40 Girls Here Under Cadet Nurse Projects

The Department of Nursing is now carrying three distinct programs. One is the Basic Five Year Program under which the students have two years in the University two years in an affiliating hospital and a fifth year at the University. This leads to a Bachelor of Science degree and a degree in Nursing and seeks to prepare young women for first level positions in the profession of Nursing. The program for Graduate Nurses has been developed to prepare teachers of Sciences, Nursing Arts and Clinical Subjects, Supervisors and Head Nurses and leads to a degree in Bachelor of Science with a major in the area in which the nurse is especially interested. Related subjects have been selected in the degree program for Graduate Nurses and developed in one year modified programs for the purpose of preparing the nurses superintendent and teacher nurse about a year as possible in order to meet the very great need for nurses in these positions. The Cadet Program is sponsored by Federal and grants to the Barre and Montpelier Hospitals for the purpose of affording added professional instruction for the student [illegible] these schools.

Participating in the basic program are located at affiliations in Montreal and Burlington. Nursing at the Mary Fletcher Hospital [illegible] are graduates of the organization for carrying a basic and advance course in Lake Science and Orientation in Nursing.

Miss L[illegible] Brown U. V. M. 1940 M. N. Yale enlisted in January 1942 when her unit was activated and nursing. Now the the past two years at the Yale School of Nursing completed the graduate course in Nursing Art on August 1. The students will have their choice of public health nursing or the teaching service. Before graduating each student must do a thesis. Upon graduation students are given the opportunity to select several different institutions for field work. Miss Norma Jean Parkhurst is at the present for the six week summer session. Other participants are Miss Hazel Mead Director Graduate Division of Nursing, Miss Elizabeth Merry Vice Director of Nursing, Miss Clara Quesnel Instructor, assistant in the Instructing Coordinator at the "Cadet" campus at Nursing Education and Miss Elizabeth Burgess Professor of Nursing Education Teachers College Columbia University.

Miss Hazel Parker the assistant director of Cadet Program, in charge of the [illegible] here are enrolled. These students pay [illegible] of the program for their tuition and until [illegible] contract of Medical Psychology Physiology Microbiology [illegible] Sociology and Economics. At the present time the four months program they will complete the Nursing Education the students in the Barre and Hospitals.

Books for Teachers

For the benefit of the supervising and teaching students of the publications of Government Companies D. C. Heath and Company, and of John C. Winston Company have been held in the past three weeks in the main corridor on the second floor of the Waterman Building. The exhibit has proved valuable to the teachers

NORTH WING NEWS

[illegible] Pvt. Lenny Bilotti, Fort Devens, visited his friends in the North Wing on Saturday evening. Pvt. Bilotti is stationed with a Pvt. Pete Tsaltas and Pvt. Tsaltas had a [illegible] on the

Last call for Colonel Cranes [illegible] Hill for a Group 11 Call Board. What [illegible] Officers Reserve Corps Medical [illegible] needs a permit to enter it now.

Pvt. Lenny Gilbert, having a rather [illegible] Pvt. Pete Tsaltas, and Pvt. Bill [illegible] Pvt. Pat Hurley, recently called [illegible] Mary's Hospital, Troy, N. Y. Pat had [illegible] Lt. Col. Mt. Vernon Hospital [illegible] Pete and Bill.

Pete and Bill have the same [illegible] Sunday, in Pete's room. Pete [illegible] Pete Tsaltas, Pvt. Bill Frank [illegible] Pvt. Lenny Gilbert, Pvt. Pat Hurley [illegible] Pvt. Bill Frank Sinatra.

Pvt. Pat Hurley, Hospital Apprentice [illegible] the naval station at Great Lakes, Ill., [illegible] under the Navy's V-12 Program.

Cpl. Matt Lennon, and Pfc. Hal [illegible] are the 4 Corporals in the North Wing. Ask Woodworth what Corporals consists of.

Charlie Glover is the new face at the Bastille. If he [illegible] there to be, credit.

CENTER CHATTER

We are wondering why Sammie isn't standing to Colors since that band did [illegible] to record Summer on one [illegible] day's routine.

During study periods the Center wing is disturbed by silent [illegible] 250, "pass B, pay 21, come on, pay me!"

Our own Pvt. Lucky from the medical [illegible] in the U. S. has been getting letters from the fair sex, addressed "Cadillac [illegible] what say, Bob. Let's be what's [illegible] say about Dora.

Room 21 C has top honors as [illegible] the only room to do more flying out of the way and out of the ordinary in our ward.

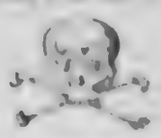
I. Hoffell and S. Pargakis of the local [illegible] kids of the Center Wing, why is it on every leave the girls in a certain drug-store go crazy? Could it be the upset glass, or is it?

Stretch, Peck's Bad Boy of the "Red Wing" doesn't mind working on saturdays says he, "It builds me up."

As we have been informed, Doolan has had several rendezvous with a certain girl from Springfield, Vt.

What certain Sergeant takes up a certain girls time on every time he get off. Ask a fellow on the 3rd floor Center.

SOUTH WING NEWS



Room 5-S has been awarded the honorable distinction of being called the U.S.O. of the South Wing. Its weary occupants—Bob Loring, John Hosmer, Russ Kalstrum, and Bill "Frank Sinatra" Larrabee can testify to this fact. GI Joe in the doze troop in and out during the course of the day, leaving the floor littered with paper and mud. Various physical contests are held of which Bob has proven himself head freak. Each night until a few seconds before "Taps," the rafters tremble to the strains (and I do mean strains) of "Take Down Your Service Flag, Mother." Casanova Charlie can always be found scrawling mushy love notes at the table. Maybe someday the "5-S" U.S.O. will even have hostesses.

Most of you that are downhearted over the results of the Physical Test should take a tip from rugged Tom (from the potato State) who scored Goody and Bob Van Ham nearly a hundred in every event.

The "Sigma Phi" is outstanding for its external architectural beauty. Last week end, after a brief survey of the inside, Bob Clark and George Grondin have become enthusiasts about the internal structural contours. Of course this has nothing to do with the fact that Flo and Georgette are quartered there.

Don McCobb really deserves credit for his amazing versatility at writing letters. He must have some woman!

VOL. 62 BURLINGTON, VERMONT, FRIDAY, AUGUST 25, 1944 NUMBER 38

Casualty Reports Add Four Names Of U.V.M. Alumni

Minor, '43; Blakely, '43; Marzari, '45; Aiken, '45; Die in Action

Four more U. V. M. alumni were reported missing or killed in action last week, bringing the total to 35 killed, 9 missing and 8 prisoners of war.

ROBERT MINOR '46

Pvt. Robert Minor, former St. Albans boy, has been missing in France since July 18. "Buddy" was a pre-medical student at U. V. M. and a Phi Delta pledge. Before volunteering, he was sent to Bland[illegible] and later to Bowdoin, Me. Soon after that he was sent overseas and participated in D-Day. The last word received by his parents was a letter on July 2.

EDDIE BLAKELY '43

First Lieut. Eddie Blakely, who has a commission from the A. A. F. advanced flying school in Marianna, has been missing in France since July 20. A letter was received from him on the 18th. Eddie was a member of the Sigma Phi fraternity and active in interfraternity athletics and interfraternity Council. He was active in the C. V. A. and the Key and Serpent and was at one time, Assistant Business Manager and Circulation Manager of the Cynic and managing editor of the *Ariel*. He was also on the Faculty-student Council and the Program Committee for the Junior Prom. He left college during his junior year to enter the Air Corps and received high honors in pre-flight at Maxwell Field.

ROBERT MARZARI '45

Robert Marzari is reported to have been killed in France, July 14, 1944. At U. V. M. Robert was a member of Sigma Nu active in Interfraternity athletics, R. O. T. C. Band, Aggie Club, and a student in Advanced Military. During his sophomore year he enlisted in the army service, hoping to finish his undergraduate work and receive a degree before entering active service. However, he became an active private in the infantry, 44th and was sent to Fort McClellan, Ala. Later he trained on the campus of the University of New Hampshire, and at officers' training at Fort Benning, Ga. Here he disqualified because of [illegible] and in March of this year he was reclassified as a Corporal and sent overseas. Before going to France, he spent some time in both Ireland and England.

NEILL AIKEN '45

Neill Aiken, of Georgetown, Mass., was killed June 8, 1944. He was a member of Sigma Nu and well-known for breaking the freshman cross-country record at U. V. M. After completing his second year of mechanical engineering, he entered the service in 1943 and after training at Camp Croft and Fort Meade, he was sent overseas. He was a rifle grenadier with the engineers, and was among the first in France ahead of the D-Day.

SUMMER SESSION ENDS WITH GRAD. CLUB BANQUET

Last Friday the 36th annual summer session at the University of Vermont under the direction of Professor Douglas came to an end. Examinations were held in the various courses throughout the final week and the last classes met on Friday, August 18.

The last week of the summer session contained many activities. On August 14, the graduate club banquet was held in the President's Dining Room on the 3rd floor of the Waterman Building. The 43 members who attended elected officers. Lieutenant Colonel Alexander who is stationed at the University was the guest speaker. His subject was "The Army Education Program."

The Graduate Club has as its members graduates from colleges and universities scattered over the entire United States. The Colleges and Universities represented at its last meeting are as follows:

New York University
Castleton Normal School, Vermont
Boston University
Mt. Holyoke College
University of Rochester
North Adams State Teachers College, Mass.
Manhattan College
University of Michigan
Fordham University
Norwich University
Boston College
Alabama State Teachers College
Middlebury College
Bishop's University, Montreal
Montclair State Teachers College, New Jersey
Clark University, Worcester, Mass.
Columbia University
Hunter's College
University of Illinois
Shippenburg State Teachers College, Penn.
Cedarville College, Ohio
Plymouth Teachers College
University of New Hampshire
Mass. Institute of Technology
University of Chicago
Howard University, Alabama
American International College, Springfield, Mass.

Art exhibits were held at the Fleming Museum Art Gallery and included drawings of Francis Colburn, art instructor at the Art College here, and the work of his pupils. The Sheldon Education Club held its last meeting on Tuesday, August 15 which included a picnic at the Home Management House.

The Summer Session Chorus and Orchestra gave its final concert of the season on Tuesday in the Ira Allen Chapel. The concert was under the direction of Professor Bennet and Mr. Pappoutsakis.

Positions Open in State Departments

The Public Welfare and Old Age Assistance Departments of the Vermont State Government have positions open in three classifications, those of junior social worker, social worker and senior social worker, on the basis of competitive examinations to which College seniors may be preferentially admitted. This announcement comes from Madeline D. Hastings, Acting Supervisor of the Merit System Council, from whom applications may be secured. These applications must be returned postmarked not later than September 16, 1944. Salaries in these jobs range from $1,320 to $1,620 in the junior social worker classifications, $1,320 to $1,920 for the social worker, and $1,620 to $1,920 for the senior social worker. Announcement will be made later of the date of the examinations which may be held at several centers throughout the state, depending upon the number of candidates applying.

Colonel Robinson, Air Force Cmdr. Visits Alma Mater

Visiting Burlington and the campus these days is Colonel Richard "Red" Robinson, formerly of Wilkinsburg, Pa., and more recently of the Southeast Pacific. He graduated in 1940 from U. V. M., where he was a prominent athlete as end and co-captain on the football team. The Colonel of the Fifth Air Force is now group commander of the "Red Raiders," who took their name from their leader, he has completed 70 missions, and wears four stars for participation in the Far East

Indies, New Guinea, Northern Solomons and Bismark Archipelago campaigns. In spite of his crew's history of seven Japzeros downed, with a crack-up and a crash landing involved, he has never been hurt. In two years he has risen from the rank of 2nd lieutenant to be made a full colonel at the age of 26 in May of this year.

During his service with the air force Robinson has witnessed the improvement of organization, including fighter protection for bombers, which has reduced the casualty ratio. He took part in the first daylight bombing raid on Palau. He has been awarded the presidential unit citation received after the Buna raid, the air medal, the DFC with oak leaf cluster, and ribbons designating the Pacific and American theaters and pre-Pearl Harbor enlistment.

While at U. V. M. he was enrolled in civil engineering, and was a member of Sigma Nu fraternity, Champlain Sabers and Boulder. He managed the University baseball team and, with Bob Peterson won the cup for Walkin' Fo' De Kake. After graduation he entered flying school, finished it in March of 1941, and spent a year in this country, for the most part at Langley Field, Virginia. Then he was assigned to duty in the South Pacific, to which theater he will return at the end of his 30-day leave.

3000 Attend Second Annual Field Day

The second annual Farmers' Field Day was held Saturday, August 19 on the grounds of the University Farm on Williston Road. A crowd of over 3,000 attended, and was welcomed by President Mullis, Dean Carrigan, Senator Aiken and Mayor Burns.

During the morning the visitors watched demonstrations of new hay equipment and went through the barns and exhibit halls which held movies on farming and exhibits of flower arrangement, food preservation and fertilizers as well as displays by the Vermont Sugar Makers' Association and the Vermont Department of Agriculture among others. Three cows and a heifer produced by artificial insemination made up one of the exhibits.

Music by the Burlington Military Band accompanied the free baked bean lunch which was served on the premises. It was reported that the entire crowd was fed in forty-five minutes. Following the lunch speeches were made and prizes distributed. Two lambs were auctioned off to the highest purchaser bidder.

The afternoon's activities included weed identification, land area, weight judging and cow calling contests, egg throwing contests, pie eating and other

Trustees Approve New Appointments in U.V.M. College

Recommendations of the advisory committee of the College of Agriculture were approved in principle at a meeting of the Board of Trustees of the University, in the Waterman Building on Saturday, August 19. These recommendations include plans for reducing materially the cost of students in the College of Agriculture and plans for obtaining a poultry plant for the College, appropriation for which will be requested at the next session of the Legislature.

At this meeting the trustees also approved the appointments of Dr. Rupert Cuttick of the State Hospital at Waterbury as visiting professor of psychiatry, Mrs. Stanley Mayberry as instructor of secretarial studies, Dr. Edgar Bloom as assistant professor of chemistry, and Miss Eleanor Dittig as assistant professor of nursing.

SUMMER SESSION CLOSES WITH MUSIC DEPT. CONCERT

Tuesday, August 15, 1944, at the Ira Allen Chapel a concert was presented by the Summer Session Chorus and the Summer Session Instrumental Ensemble. The director of the Chorus was Professor Bennett, head of the Department of Music. He was assisted by Miriam Natilee Marston, organist; and Ippocrates Pappoutsakis, conductor of the Ensemble. The program was as follows: Edwin Colodny played the violin solo, Jean Vogler and Theresa Williams the flute solos and Elizabeth Pierson and Mrs. Bennett accompanied the Brahms numbers on the piano.

Chorus

The Red Cross handles 26,000 messages a month for service men at war zones and for them families through a network of telephone, telegraph, cable and radio facilities.

Yesterday the latest report from the office of the Registrar, the incoming freshman class of 1948 at the University of Vermont numbers two hundred and thirty-one women and men applicants. As was expected, the women compose the [illegible] majority of the class as they number two hundred and thirteen. The future freshman women represent several states, a large number from the state of Vermont. New York, New Jersey, Maine, Connecticut, Massachusetts and Rhode Island make up the remaining localities sending their daughters to U. V. M.

The figure two hundred and thirteen represents those girls definitely coming, while twenty others who applied are still undecided.

Eighteen Men, So Far

Eighteen brave men have decided to attend U. V. M., and among them are veterans of World War II, honorably discharged from the services. These men are benefiting from the GI Bill of Rights, which opens up the college portals to many fellows, who otherwise would be deprived of the opportunity to receive a college education. The number of men will undoubtedly be increased by October 4, the date of fall enrollment. There are twelve men who have applied, but who are still undecided.

Upperclassmen

Seventeen girls will be added to the rostrum of the upperclassmen, while one applicant remains undecided. It must be remembered that the number of upperclassmen will increase, as many transfer at a quick, last-minute decision.

Dormitories Tobbe Open

Redstone campus will once again open its doors to University women, for the first time since March, 1943. Since that time, the women's campus served as barracks for aviation students of 61st College Training Detachment which took leave of the University in May of this year.

Southwick Memorial Building, which formerly was the center of women's activities, will not be reopened when the fall term begins. However, Redstone, Robinson and Slade will serve as women's dormitories and a dining room is to reopen in Robinson Hall. All of these buildings have been freshly redecorated and Slade Hall is the proud owner of brand-new maple furniture. Since Southwick is not to open, more studies and lounges are found in Robinson. Likewise a new modernized kitchen and dining room are other attractions in Robinson, whereby meals will be served three times a day to women of Redstone campus. Breakfast and lunch will be served informally in cafeteria style, while dinner will be formal. The direction of the kitchen and dining room will be under the supervision of Miss Helen Underwood.

Clapperly House and Phi Sigma Delta are to be considered as prospective houses, along with Main House, Sanders Hall, and Converse Cottage. Alpha Eta Omega will be used depending on the number of coeds desiring entry.

Since Phi Kappa Tau and Sigma Phi Epsilon are used as women's dormitories this year, along with Redstone campus. The fraternity houses of Delta Phi have moved and the sorority back to the dorms, thus permitting the furniture there now to be returned to its original home. Redstone

Freshman Orientation

Plans are underway to receive freshman women on the campus on September 20 to give them a few days of fun and association with upperclassmen. The period will take the place of freshman

Toptics

By H. P. Bloomstein

Dunbarton, Oaks already famous as the scene of last week's summit conference of Generalissimo Stalin, Prime Minister Churchill and President Roosevelt, is the name of a beautiful estate in Georgetown, District of Columbia, owned by Mr. and Mrs. Robert Woods Bliss. The conference, which was held in the strictest secrecy, was called to discuss the proposals for the establishment of a world organization to maintain peace and security after the war. Delegates from Great Britain, the United States and Russia met in the mansion's drawing room and library for a series of conferences which lasted for more than a week. Although no official announcement has been made, it is believed that the conference was successful in that it laid the groundwork for the establishment of a United Nations organization. The results of the conference will be presented to the United Nations at a conference in San Francisco on April 25, 1945.

Press Cog

The most painful incident at Dunbarton Oaks is the exclusion of the press from the gatherings. Sumner Welles claims that the main reason for the United States' refusal to accept the League of Nations was that the citizens were not informed previous to the others they did not have the opportunity to express themselves on the matter. Whether or not Mr. Welles is correct, it is the opinion of the enlightened that America is to be given the information sought because the people have the right to know.

It takes but thirty-three men to keep any future peace treaty from approval in the Senate. This number is very small when those who are opposed to any world organization and those who will hamper us the most in the global are considered in addition to those whose opposition stems from the court presented by our former Under Secretary of State.

Unconditional surrender is very difficult but in coming to accept Germany's unconditional surrender we are not to accept surrender under any terms. The war could be continued, abandoned if the cross were pushed aggressive by the Georgetown mentors and allowed to pulverize what remained of Germany and to offer

Basic Election Differences

The major differences by which the Democratic and Republican parties will campaign for the coming year are not many more than the number of books in a blind and dumb man's library. The importance of these issues, however, might be the small number of them. In some cases the two parties may not be at complete disagreement rather the Democrats may favor such legislation one way and the Republicans urging the other.

The greatest division exists between the Democrat's belief in the centralized federal government while the Republicans favor more states rights. Applying the same issues to the recent world, the Republicans favor isolationism, and Governor Dewey's group are inclined toward internationalism. In the contest which seems to be dominating the campaign the Democrats' argument that a new president not unfamiliar with international problems is necessary at this time, while the Republicans argue that a man who is not familiar with the international problems of the day is the most experienced and the best suited for the position. To this the Republican counters that more than two terms for one man could turn our country into a dictatorship. In a more general controversy the relevant authorities in power put the capitalist labor and the GOP's opposite would go to big business. Generally F D R. may be classed as liberal and Tom Dewey as a conservative.

Maine was considered the first month in the year in England until the adoption of the calendar in 1752.

CENTER CHATTER! —

One young fellow of the center wing, who was preparing to go to the dance two weeks ago, was hailed by a roommate, who told him that some good dates were in store for him if he would merely go down to Sigma Phi and pick one out. None of the choices we are told, were anything to shout about, but it seems our chap got the worst deal. You may often hear his name shouted out by members of his platoon when this "blind date" passes by on most any day around the campus.

Feet are hot from perspiration these days but not from the weather. We hear of one poor fellow, who had a hole burnt in his GI shoe as a result of a "hot foot."

Pvt. Theurer has dropped sharply from the ladder of rank and is now a private in the rearmost ranks. How does it seem to be taking orders now, PRIVATE?

There is more room in 35-C now that one of the men's family has left. Well Bob, how does it feel to be free again?

It C. stories: Bill a new job of hog calling at the Barn Dance last Saturday night.

One fellow in the Center Wing is often seen gazing contentedly out the window at the cows in the nearby pasture. Nice scenery, Norma?

We hear that Wadsworth receives a ten-page letter every day from his girl. How many today, Walt?

"Peck's Bad Boy" from the second floor hasn't been on fatigue duty for the past two Saturdays. Could it be that he is returned or is he lucky?

Phi Delta Upsilon Holds Initiation At Hotel Vermont

Fourteen New Members Initiated Presided Over by Nat. President

On August 19, 1944 the Vermont Chapter Theta Lambda of Phi Delta Epsilon medical fraternity inactive since 1941 was started up again by the initiation of fourteen new members. The initiation was held in the Roof Garden of the Hotel Vermont and the ceremonies were presided over by the National President of the fraternity Dr. Jerome Marks and Grand Scribe Dr. Ray Sonnet. On a previous occasion the following men had been elected to office: President Stanley Kappert, Vice-President Saul Boyarsky, Treasurer Charles Irwin, Secretary Lester Frank.

The banquet was held the same evening in the Arab Orchard at the Hotel Vermont. Dr. Arthur Gladstone, Asst. Professor of Surgery at U. V. M. local member of Phi Delta Epsilon and the Presidents and Vice Presidents of Nu Sigma Nu and Phi Chi medical fraternities were present at the occasion.

The new members are:

Seniors: William Muscant, Brooklyn, New York.

Juniors: Julius Cohen, Burlington, Vt.; Herman LeBow, Burlington, Vt.; Samuel Levan, Burlington, Vt.; Sanford Savan, Bridgeport, Conn.; Gerald Woodman, Burlington, Vt.

Sophomores: Saul Boyarsky, Burlington, Vt.; Lester Frank, Burlington, Vt.; Charles Irwin, New London, Conn.; Stanley Kemler, Medford, Mass.; H. Jack Machanic, Burlington, Vt.

Freshmen: Milton Kaufman, Mountaindale, N. Y.; Bernard Kaye, Brandon, Vt.; Stanley Kappert, New York City.

Mary Fletcher Buys Rand House for Cadet Nurse Home

The Mary Fletcher Hospital has acquired Rand House, 60 Colchester Ave. Rand House, formerly catered to college students, and will now be used as a nurses' home. The house will be occupied by student nurses and a few graduate nurses.

The building will be used as an annex to the hospital's present nurses' home. It has 22 rooms and reception room. The rooms can be occupied single or double and such occupancy will be determined by the number of students requiring quarters this fall.

Faced with the necessity for expansion of the facilities of its nurses' home and unable to build any addition to it during the war period, Mary Fletcher Hospital will occupy Rand House September 1.

The property was acquired of Robert Rand, who will continue to operate his restaurant at 64 Colchester Ave.

A telephone 1000 years old was discovered in the ruins of a Peruvian palace. It consisted of two grated rocks one end of each covered with hide. A cord attached to the hide and pulled sent out the sound of a human voice.

ASTRP Top Medics

The Medics bowled the ASTRP on the 17th and succumbed by a 3 to 2 score. The match was featured by Tom Holcomb's single score of 129 and high double score of 245. The total pinfall for the ASTRP's was 979 and the Medics 960. The Medic team consisted of Richard Hay, Lou Bozek, Larry Hazen, Tom Holcomb, and Jack Machanic. The ASTRP line up was the same one that bowled the Cadet Nurses.

The U. V. M. Boys lost to the Medics by a total of 1045 to 908 on August 21. Jack Machanic took high single while Tom Holcomb took the high doubles for the Medics. Dick Andretta substituted for Bill Eagar on the U. V. M. Boys' team.

Girls Down Medics

In a match against the Medics at the Waterman alley last night the U. V. M. girls caused a 5-0 defeat on the league leaders. The girls chances were greatly enhanced by the addition of Jule Dorsey who recently returned from her Mexican trip. Led by Ben Raymond and Dottie Bliss the girls sprung away to a 70 pin lead at the end of the first string. Early in the second string however, Eddie Crane started a rally for the medics and Medics with two spares and two strikes. Although the Medics won the second string by over 90 pins they were not able to close the gap. The girls received a spot of 75 pins per string.

The total pinfall was 1676-1604. The ...

ASTRP BOYS MAY ENTER SWIM MEET

Students at the University of Vermont including those in the ASTRP program are officially invited to enter the swimming meet to be held at North Beach Saturday, August 26, under the auspices of the *Burlington Daily News* and the Burlington Park Department.

Entries may be made individually or as a team. Teams must be entered to at least two events to be eligible for the team award, but individuals may enter and compete in a single event if they so desire.

There is no entry fee for the meet but entries must be registered with the AAU. This may be done either at the *Daily News* office where entries to the meet are received or directly with the AAU in Boston. Registration fee is 25 cents, but the card is good for one year. Entries must be made by mail.

There will be sixteen events in the meet and it is open to both men and women, so it is hoped that there will be at least one team of fellows and one of girls to represent U. V. M.

Barker and De Marinis Leave for Armed Forces

Uncle Sam claimed two civilian students for his fighting forces this week when John Barker, Jr., and Alfred De Marinis both of St. Albans left to enter the armed forces of the U. S.

"Skip" Barker was a member of the class of 1946 on the accelerated program. He entered U. V. M. on June 7, 1943 and was majoring in chemistry. An active member of the Owls, "Skip" was well-known about school as a hustler. At the end of his department Barker was first assigned to the K. O. P. C. platoon. Before coming to U. V. M. John attended pre-school in Washington, D. C., and in St. Albans graduating from Bellows Free Academy in St. Albans in June, 1943.

Al DeMarinis, another downtown St. Albans boy, also graduated from Bellows Free Academy in June, 1943 but did not enter U. V. M. until September 1943. A prominent student, "Al" was a member of the Owls and played the drums in the U. V. M. band. He was also a member of the K. O. P. C. platoon.

Both of these fellows were undecided on the plans they had in for doing around the campus after the war is over.

Endowed with the income of a fund of more than $1,000,000 the Charles Evenson Phelps Institute for Promotion of Human Greatness is now in operation at the University of Minnesota.

WAVE TO SPEAK

Lieut. Harriet Parker

Lieut. Parker to Talk to Vt. Girls

Lieutenant Parker of the WAVES is coming to the University on August 29 to talk with U. V. M. girls who are interested in learning more about the service. This will be Lieutenant Parker's second visit to the University. She will talk about the new and interesting billets in the WAVES and will be available for interviews any time during the day. Appointments should be made through Miss Simpson.

Lieutenant Parker was formerly on the administrative staff of Radcliffe College and is now head of WAVE procurement in New England.

Among the U. V. M. girls who have already joined the WAVES are Peggy Palmer '44, Sally Rome '42, Jean Blume 42, Sylvia Runnals '44, Barbara Webb 44, Catherine Grier '42, Harriet Pearl ex-45, Florence Cudworth ex-'45, and Anne Olmstead '42.

Social Committee Heads Lively Social Program

The Social Committee of the Student Government has been very active this summer by planning and carrying out a social function every week-end. There have been several dances, baseball games, and weinie roast. On August 12 a formal dance was held in the third floor, Waterman lounge and terrace. The committee sponsored a hayride on August 19, with swimming and dancing at Oak Ledge.

A new committee was chosen for the summer, including Beverly Murray, chairman, Bet Scott, Barb Snetsinger, Millie Tractenberg, Stan Sorkin and Mary Lou Pierce. Two new members of the committee are to be chosen from the two new classes of cadet nurses.

Motor Vehicle Department has announced examinations for driving licenses in the Burlington district will be given twice weekly, Thursdays and Fridays, from 9:00-12.00 a.m. and 1.00 to 4.00 p.m. Motor vehicle office is on Riverside Avenue.

Dorm Notes . . .

DRESSER COTTAGE

Dresser Cottage was [illegible] Barre on Tuesday. She spent the day in Burlington, and will return to her job near Boston next week.

The entire dorm, with a couple of exceptions, gathered up bathing suits, hot dogs and other requisites for a beach picnic, and spent Tuesday afternoon and evening at North Beach.

With the caustic reminder that exams begin in exactly one month, the dorm is full of resolutions to bring up averages and study like beavers for the next few weeks. The freshmen are deep in volumes of research material, getting ready to turn out the climax of English one, their first term paper. That reminds us, we have a paper to do too . . . there wasn't any more news, anyway.

ROBERTS HOUSE

On Saturday, August 12, from 4.30 to 6.00, the girls at Roberts House entertained about 50 guests at a tea. Miss Simpson, Mrs. Adams, Capt. and Mrs. Faulk, and the house directors on campus were present. Punch and cookies were served by Mary Lou Pierce and her committee and Betty Pierson played the piano and all joined in group singing. The tea was very successful and the girls hope to have another one in the near future.

Jane McNeill and Grace Malefyt enjoyed a week-end recently at Queen City Park. Jane must be "brown as a berry" by now.

Some of the girls were fortunate enough to go home within the past few week-ends. Among them were: Fran Donahue, Marje Pinsly, Mary-Lou Pierce, Barb Shaw and Millie Norrie.

Pargy Batchelder spent most of last week with her parents who have been camping at Malletts Bay.

Millie Trachtenberg's parents were up again last week for a short visit.

Millie Norrie's sister spent the day with her last Wednesday.

Last Friday morning, Rose Sullivan awoke with the singing of "Happy Birthday." We all hope you had an enjoyable birthday, Rose. Fortunately, her parents were up to help her celebrate.

Mrs. Richmond's [illegible] with us for a short visit [illegible] a vacation from her [illegible].

Pargy Batchelder and [illegible] are leaving us this week-end to start teaching shortly. [illegible] in South Royalton and [illegible] Mass.

ALLEN HOUSE

A general exodus took [illegible] corner of Main and [illegible] Streets this week-end. [illegible] Irene Varga and Janet [illegible] their stimulating six weeks returned home. Pat [illegible] down to Ludlow to take [illegible] Margie Rumph spent a [illegible] across the lake again. [illegible] under visited the great metropolis, Burlington, Vt., and also the Ethan Allen Furniture Factory in Winooski. [illegible] returned to Allen House with souvenirs of the week-end [illegible] jumping bean, and a new [illegible] which were successfully [illegible] second floor Sunday [illegible] "just loves fairs," so she [illegible] going to the one at Essex [illegible] week-end.

Bunny has safely returned to her homestead, and the "Wicker" [illegible] back to New York's torrid [illegible]. Greene has finally decided [illegible] for the rest of the summer [illegible] has been residing at the Y.W.C.A. [illegible] while working at Howard Johnson's [illegible] may now be found on the [illegible] Allen House, right next door to [illegible] habitual habitat of the past two summers.

"Professor" G. Austin has returned to take over her post as a chemistry instructor for the ASTRP boys. Gert [illegible] without a roommate since Ann [illegible] ming decided she had better not [illegible] more Rhode Island bound trains [illegible] Wednesday night. Besides she [illegible] have any more clean clothes.

Considering all things Allen House is comparatively quiet now. We [illegible] are sure of only three things [illegible] taxes, . . . and finals.

BAND CONCERT

On Friday night, August 18 at [illegible] other combination band concert and [illegible] pus sing was held, with an [illegible] students, ASTRP's, and Cadet Nurses. Dr. "Joe" Lechnyr directed the [illegible] and sing and seemed to enjoy it [illegible] as anyone. The co-ed band received loudest applause for "Put Your Arms Around Me, Honey" and "[illegible]

Bill West, Cynic Feature Editor, Leaves Staff in Fall; Will Enter Medical School

Bill West, versatile feature editor of the CYNIC, must resign. Sad as it may seem, he is now an "ex" and will soon enter the portals of the University of Vermont Medical School. Fran Donahue, Editor-in-Chief said the other day, "Bill has contributed much to the CYNIC since he started writing last January and has done an exceptionally nice job as Feature Editor this summer. We are sorry to lose him."

To those who don't know Bill a physical description is in order. No doubt you've all seen him around. He's "rather" short, "rather" stocky, with a brush cut and a pair of snappy black eyes. Bill hails Shelton, Conn., as home, and has the reputation of an incessant tease and practical joker around the Cynic office. Ask Fran Donahue about the mythical scrub "Rocco Furroni" whose intolerable writing bothered her for weeks, until she and the rest of the Staff proved their suspicions that it was one of West's inventions. You never knew what to expect from Bill West, but whatever happened he could always be counted on to provide a good laugh. No one ever got mad at him, except this reporter who tried, in vain to interview him. Bill is very reticent about interviews and his private life. He modestly states that his life at U. V. M. has been very uneventful. He had a few amusing remarks to make, but stated emphatically, "I won't be quoted."

Bill entered the University in the class of '46, but since he took advantage of the accelerated program, he is now on the threshold of Medical School. He doesn't plan to go into any special field, just wants to be a doctor. While a student in the Art's School, Bill didn't bother himself much about extra-curricular activities. That is, until January, 1944, when Lloyd Spiegel, former Feature Editor recruited Bill as a Feature writer. Thus, the career of West began. His first column was Sport's Stuff and with his willingness to work, and sense of humor he soon made himself a valuable asset to the Staff. When Lloyd Spiegel went into the Army, West took over the job of Feature Editor enthusiastically and wrote the "Off Campus" column which keeps tabs on wandering men and women of U. V. M.

The entire Staff regrets the departure of Bill West, and hopes that he may spend his next three years in the peace and quiet of the laboratories of Medical Science. He is a swell guy, and all wish him the best of luck.

Bill West

Dresser Cottage to Close This Month

New Economics Professor To Move In This Fall

On the 15th of this month the girls now living at Dresser Cottage will move out to make way for Doctor Hand who is to become Economics professor at the University of Vermont. Doctor Hand comes from Delaware, Ohio, and is bringing with him his wife and two children. Since some repair work is necessary and word has been received that furniture is already in the way everyone at Dresser is preparing to move. It is expected that the girls will go to Sanders to finish out the semester. Mrs. Dresser who is to be House Director at Sanders in the fall will move also with the girls.

Dresser Cottage has always been closely allied with the University. Years ago Professor Daniels lived there while teaching. Professor Daniels is remembered as a famed mathematician, a traditional "absent minded professor," and as having had his name in *Who's Who in America*. He died in 1918, and the following year the Dressers purchased the estate. Mr. Dresser was at that time a teacher in the Mechanical Engineering College. While the Dressers were living there they installed a kitchen upstairs where college girls could prepare meals. After Mr. Dresser died the Cottage was taken over by the University for a Cooperative House. That was five years ago this fall and ever since then it has existed as a small, homey, Co-op house, with Mrs. Dresser as House Mother.

This year Dresser Cottage has been open for the first time during the summer. Six freshman girls and two upperclassmen have lived there, with Norma Prescott as House President.

For some of the girls who are planning to live at Sanders this fall this will mean a grand chance to get settled before vacation; for others, it may mean moving twice. Whatever may be the case, they are having an experience they hadn't counted on—that is, moving before the semester is over. Although those people who had hoped to live at Dresser Cottage next fall will be sorry about the change they will welcome Doctor Hand as a new member of the staff, and hope that he and his family will enjoy life at the cottage.

Religious Conference Representatives Visit University of Vermont

On Sunday night, September third, Roberts House entertained overnight, two girls who are members of the State Congregational Conference Youth Cabinet. The meetings of this group were held to plan youth programs throughout the state for the coming year, under the direction of Rev. Max Webster of Burlington. The two who stayed at Roberts House were thus enabled to become acquainted with U. V. M. girls and to know our campus and some of our traditions. One of these girls, as well as several of the others who stayed elsewhere in town, are planning to enter the University this fall.

ZABRISKIE NAMED NEW ASTRP EDITOR

At a recent CYNIC meeting an ASTRP editor and associate editor were elected with the approval of the Senior staff to take charge of the Bastille news. The new editors are "Dutch" Zabriskie of Newburyport and Bob McKinstry of Framingham, Mass. The new Army staff will have two columns devoted to Army news in each issue of the CYNIC.

Annapolis Appointment

David E. Cotes, Ex '47, has been nominated by Senator Aiken for entrance to Annapolis on July 1, 1945. Dave was a freshman at U.V.M. last year and was well known for his trombone playing in the college band. His home is in Franklin, Vermont.

Freshman Orientation Is Planned For September 29

Freshman Camp to Be Held on Campus; Registration on 29th

... Freshman Camp ... is confirmed ... fall but will be quite different from ... those in previous years. The purpose ... of this issue of [illegible] ... to give ... what college life is like and the 1944 Freshman Camp has the distinction of being the first one ever to be held on Campus.

Freshman Orientation week will begin Friday, September 29 and last until Registration for the Upperclassmen which is on October 3. The various organizations on campus are cooperating to make this week a success. These organizations are: Freshman Orientation Committee consisting of Mary Thornton, chairman, Betty Farnsworth, Ronda Prouty, and Betty Rome; Y. W. C. A. with Ruth Jordan president, Barbara Powers, Nancy Hall, Betty Farnsworth, Laurel Hansen, Louise Shutler, Phyllis Edgerton, and Pat Van Amerongen; The Pep Committee of U. V. M. Student under Barbara Anderson; and the Social Committee of U. V. M. Students with Mary Adler as Chairman.

Schedule of Events

Registration will take place on Friday, September 29 [illegible] the Welcoming Committee will take the Freshmen to [illegible] will be served by the Women [illegible] during meals.

[illegible] September 30 will be spent [illegible] the rest will be taken up by the Women's Athletic Board in play games [illegible] but the events will be announced. [illegible]

On Sunday, October 1 there will be a College service in the morning. Dressed in [illegible]

The upperclassmen will register on Monday, October 2 and on Tuesday, October 3 [illegible] Freshmen will be [illegible] Y. W. C. A. Tea [illegible] and at 8 o'clock the President's Reception will be held.

The upperclassmen will register on Wednesday, October 4 and a Campus Sing and Band Concert is scheduled for the evening.

On Thursday, October 5 the Freshmen Picnic will be held under the direction of U. V. M. students. Games will also begin on this day.

The Dance Tea will be held on Saturday afternoon, October 7 and the Freshman Mixer under U. V. M. students and Y. W. will take place in the evening.

Gift of $45,000 Is Donated by Artist To Fleming Museum

New Wings to be Added; $75,000 Art Collection; Special Upkeep Fund

Pres. John S. Millis of the University of Vermont has announced a gift for new wings to the Fleming Museum, an art collection valued at $75,000 and a special maintenance fund.

The new wings to be erected at a cost of $45,000, will extend beyond the front of the museum.

Miss Katherine Woolcott, late Chicago artist who gave the money to found the U. V. M. Museum in the memory of her uncle Robert Hull Fleming, is the donor of these gifts.

It was originally reported that $25,000 was to be used for maintenance but it was later learned that the amount of only $5,000 which will be used to maintain the Fleming Room.

Another $20,000 to complete the $75,000 total was to go for maintenance purposes. The wings were built by the University. As the bid has been [illegible] that the entire sum of $45,000 [illegible] construction plans for the wings have been drawn up and Dr. Millis [illegible] concerning about their uses. It is [illegible] as yet at the writing [illegible] construction that the actual construction [illegible] will have to be postponed.

Dr. Harris F. Perkins, curator of the museum, said that the large art collection contained a host of magnificent items. Early Dutch, Flemish primitives and Italians are included. Doctor Perkins indicated that there are a number of Chinese bronzes, three tombs dating [illegible] the time of Christ.

Fall Commencement Plans Completed

The plans for the fall commencement have been completed. It is to be held Wednesday, September 27, 1944 in the Ira Allen Chapel. Students will be graduated from all of the colleges in the University. Military commissions as well as academic diplomas are to be awarded. The original plan had called for only a military graduation.

The main speaker for the occasion is to be Charles F. Branch, M.D. Doctor Branch is Dean of the Boston University Medical school and an alumnus of the University of Vermont School of Medicine.

[illegible] Pres. John S. Millis will confer the degrees to the graduates.

[illegible] meeting will be [illegible] Marshal Prof. Lyman G. Rowell, Faculty Marshal Prof. J. A. Bullard, Medical Faculty Marshal Prof. Henry Jordan, student Faculty Marshall [illegible] W. Marston, Prof. Raymond Hall, secretary on registrars staff at the University in the Chapter. The music will be in charge of Prof. Howard G. Bennett with Miss Miriam S. Marston as organist.

SOCIAL COMMITTEE PLANS FORMAL SOON

The Social Committee of the Student Government has been very active this summer. It has sponsored some function almost every week-end in the way of dances, baseball games, picnic roast and hayrides. The past two week-end dances have been given for the military contingent on our campus.

For the last week-end of the summer session the Social Committee has planned a large formal ball at the Burlington Country Club. The week of the Social Committee has been on the whole very successful this summer. I want to thank all those on the committee who have worked during the summer to put the social functions across."

Accumulation of scrap by the "Paper Troopers," school boys who have been commissioned for the summer, is proceeding at a satisfactory rate according to the latest collection reports.

A Thought

Bonne Chance

Last week Miss Margaret F. Crowley, Assistant to the Dean of Women, left Vermont and is waiting for a call to serve in the WAVES. She has been with us but a year, but in that year her influence on the U. V. M. campus has been widely felt. Young, enthusiastic, and always ready with sound advice Miss Crowley soon gained the confidence and respect of the women students. We are sorry to lose her as our Assistant Dean. Good luck, Miss Crowley.

Softball Successful This Summer; Undergrads Lose Many, But Have Fun

The University of Vermont civilians have completed their abbreviated baseball schedule against the soldiers and the A.S.T.R.P.'s. Their record is one win and five defeats. Showing flashes of real baseball ability throughout the season, they finally developed a winning brand of ball in the final games to close their last few games the powerful Medic outfit in several loose games in the opening half of the season, but the pressure of the season plus the long layoff the draft have prevented them from realizing their aspirations.

Freshmen Challenge

[illegible] to the upperclassmen [illegible] baseball team. The freshmen, not realizing their inexperience and the upperclassmen and the seasoned [illegible] were decidedly in favor of the game. [illegible] the upperclassmen were the favorites [illegible] game.

The upperclassmen won the toss and batted first. In the afternoon of the memorable day, they proceeded to show a pre-game workout of [illegible]. The freshmen were covered with confidence and grins.

The frosh started off in high spirits and managed to squeeze a run through in the first frame, while the upperclassmen were scoreless in the same inning. The second inning went down in order as the top of the second against the pitching of Phil Sylbert. Then came the blitzkrieg. Determined to put their opponents in their proper place, the upperclassmen went to the plate with a vengeance in the bottom of the second inning and when the smoke of battle had cleared, the veterans had batted completely around and had tallied nine runs. This rally was highlighted by Mike Greenfield's solid double with the bases loaded.

The fourth inning was highlighted by snappy double play by both teams. The rest of the game was uneventful except for a three run rally by the "greenies" in the fifth. Numerous errors aided the upperclassmen to squelch their opponents 14-6 behind Sylbert's pitching.

Frosh Lose Again

The second official contest of the summer was held on the evening of the twenty sixth of June on a considerably drier field. The frosh quickly jumped on Sylbert for some solid hits, resulting in a score of 4-0 after the first of the fourth. Unloading their full power, the upperclassmen tallied twice in the last of the fourth and twice in the next frame.

Still fighting, the freshmen pushed two more runs across in the top of the sixth. With two out, Det Divine reached first through an error. Then Stan Clapp poled a long triple into deep left. Divine scored on the blow and Clapp followed on Bob Boyarsky's infield single before the side was retired.

The see-saw contest continued as the sophs and juniors scored three more runs in the last of the seventh. Art Bolduc started the rally with a single over third base. Bill Fagan banged out a sharp double advancing Bolduc to third. Then Paul Prior tripled through deep center and was singled home by Eddie Meyers before the rally was stopped.

Defenses tightened and the last two innings were scoreless, resulting in a close win for the upperclassmen, 7-6. The freshmen were much improved in the field, executing two double plays through the fine fielding of "Sparky" Vartuli, at shortstop.

Medo Crush Undergrads

The undergrads underwent their first defeat on the eve of July 12 at the hands of a fast Medic team, to the tune of 9-1. The undergrads looked good in the first inning as they retired the Medics in order. They came to the plate in the bottom of the first and garnered their only run of the game. After Clapp and Sylbert had grounded out Meyers started the short rally with a single. Prior followed with a sharp double and Vartuli singled Meyers home.

A bit overconfident the undergrads were the victims of several errors in the second and third innings. Several Medic batters scampered home in getting three runs in the two innings in the second and three in the third. The Medics added one in the fourth after that and scored in each of the remaining three frames.

Although the game lacked [illegible] innings, it was obvious that most of the Medics' nine runs were amassed on undergrad errors.

Lose Close One

In the second Medic-Undergrad twilight softball game of the season on July 16, the Medics again triumphed this time by a score of 12-11.

The undergrads with an eye to avenging their defeat of the previous week came to the plate in the first inning determined to score early in the game. Two singles by Sylbert and Boyarsky followed by a double by Fagan and a single by Bolduc pushed over three runs for the Undergrads. They followed this by another run in the second which put them ahead of the Medics by a score of 4-0. However in the fourth and fifth the Medics went on a rampage which put them ahead of the Undergrads. The latter got a run in each inning and knotted the score at 11-11. The Medics went scoreless for two frames and then got three runs in the seventh to win it by one and pushed across the winning run in the ninth.

ASTRP's Win Twice

The Undergrads also played the ASTRP's. In the first game between these two groups the latter won by the narrow score of nine to seven. The Undergrads came back to win the second game by a score of 12-8 in an exciting twilight game which most of the student body witnessed one Saturday night. The A.S.T.R.P.'s snapped back to defeat the Undergrads in the last game of the season by a score of 13-5.

General Line-up

The following is the general lineup of the undergrad team for the summer season:

Sylbert	Pitcher
Bolduc	Catcher
Fagan	First Base
Prior	Third base
Meyers	Second base
Vartuli	Shortstop
West	Short center field
Clapp	Right field
Greenfield	Center field
Boyarsky	Left Field

Because of the other calls on their time, the undergrads went into their games with little or no practice, which, very naturally, made their team play spotty. Despite this raggedness of teamwork and lack of organization the fellows all had a lot of good clean fun even though they lost most of their games and are eagerly looking forward to a return engagement next summer.

School Bells Ring For UVM Teachers

Several of the girls who will receive degrees this fall have signed contracts to teach during this school year. These girls had enrolled in the Summer Term, June 12 to September 21, so that they could fill the requirements for their degrees and still teach this fall. They have been placed in the following areas: Nina Cram, A. Fern Souther, and Marie Hammond in Burlington, Karlene Russell in a Rural Demonstration School in Johnson, Shirley Thomas in a Rural Demonstration School in Williston, May Willard in Derby, Margaret Smith in Newport, Kathleen Little in Strafford, Margaret Batchelder in South Royalton, Elizabeth Doolin in Newport Center, Helen Potter in Essex Junction, Carol Burns in North Springfield, Mable Watson in Piermont, New Hampshire, and Mrs. Jeanette Olsen in Ridgewood, New Jersey. Constance Garvan who completed her requirements for her degree in the Summer Session is teaching in Manchester.

There are some girls still working for their degrees who have also been placed as teachers. They are: Mary Corcoran and Miss Lillian Grace who are teaching in Springfield, Emma Coates in Albany, Miss Hayes in Elementary Supervisor in Barre, Elinor Marshall in Waterbury Center, Miss Cecile Dumont in Morrisville and Dorothy Wheeler in Danville.

Off Campus

Another two weeks [illegible] the goldenrod tells us that [illegible] is just about over and the old U. V. M. ers drift back to campus. Every week we see a few "old guard" missing and [illegible] looking things over to see what changed and what remains. Pvt. Bob Soule '43, former figure with his P.A. system at dances was seen over at the Cage wondering how it had fared since he took over. He is now stationed at Bragg in South Carolina. Also from the land of cotton was Mrs. St. Mary—better known as Laura and Ernie. They were married after Laura's graduation.

The class of '43 was well represented with Daan Zwick and Dan Hall back for a visit. However, they spent most of their time on the golf course at Mt. Mansfield. Daan is employed by Eastman Kodak in Rochester and is doing research chemical engineering.

Among the other Vermonters on campus leave was Alfred Amee, also a member of the class of 1943. Alfred was one of the initiators of the campus sing which is now a campus and was largely responsible for its continued success. Bill Pritchard, also in the Navy V-12 unit at Dartmouth was also back last week-end. Wesley Black '43 is at home on furlough and was seen trying out the tennis court in front of the Weather Bureau. Mary Jane Hall '46 was also in town.

From the most recent reports Dick Nicols '45, Bob Ward '45, Wes Bryan '45, Al DeMarinis '47 and Lyle Young '46 all passed through Denver [illegible] "in the army now."

Big Expose of Behind Scenes Activities at UVM

BILL WEST

As the first cool days of September beckon to the tired student to enjoy the pleasures of the great outdoors we find him—in the library. Something rather drastic must be responsible for the strange set of circumstances. Crouched in some dark, dank, recess of the library or isolated among a bevy of books our hero is straining away over a [illegible] saga dealing with some enlightening topic like the methods of making pottery by the eighteenth century poets of Paris plan or some other equally enlightening and noteworthy topic. His face drawn and haggard, body [illegible] and weak, mind foggy from [illegible] sleep, but with an unquenchable spirit to get "the darned thing done," our fallen friend struggles on. Yes it is a term paper in the making! That bane of the freshmen who unwarily regard it as an easy bait for a good mark. Some man, who evidently has a big [illegible] others by beginning his task [illegible] week ahead of the deadline, [illegible] a group of cohorts about [illegible] his bastion of books joins in [illegible] ing of fellow sufferers and a [illegible] of questions such as "Where do you find the South African Journal?" "Is 157 mean volume or page?" "How do you spell antidisestablishmentarianism?"

The night before the paper is due can observe the writer, like [illegible] unwary freshman taking [illegible] his best. Back home now surrounded by reams of paper, [illegible] coffee, and a few last minute books; while overhead a [illegible] bulb pours the lethal light on his greying temples. After [illegible] several friends with muttered [illegible] rash incriminations, the writer has at last been able to settle down to his paper with but a few minutes interference, such as the [illegible] Lombardo from his own [illegible] the rumblings of an occasional [illegible] on the busy thoroughfare below.

Far into the night the writer continues his mighty task. [illegible] small hours of the morning [illegible] pen down, smiles rather wanly, breathes a sigh of relief and [illegible] his table, for his paper is [illegible] way. He only got up to [illegible]

(Continued on [illegible])

Victory Starts at Home—Sacrifice and Get More War Bonds!

SGT. ROSECILLI

When the A.S.T.R.P. boys arrived at the University of Vermont in July, they were greeted by the bright shining face of Sgt. Carmen Rosecilli. Now, only two months later, Sergeant Rosecilli seems like a life long acquaintance. Our Military Science classes with the Sergeant as our instructor have proved interesting and enlightening.

Sergeant Rosecilli's automobile had become more than a legend to those at the University until last Saturday. Its spasmodic chugging could be heard for miles when "Rosecilli rode again." But now all our dreams are ended. That magnificent carriage, rumored to be powered by a jet propulsion motor, broke down in Rutland, Vt., last Saturday.

"If I am elected,—" shouts Sergeant Rosecilli as he steps upon the "soapbox" after mail call. "Hurrah! Hurrah!" his loyal party members echo. The voice of our candidate rings to our ears in a thundering voice the immortal words "Military Classes today, 239 Waterman Bldg."

That big cigar of the Sgt.'s is reported to be one-third tobacco, one-third twisted hemp, and one-third knotted rubber bands. The pleased expression on his face as he strides along puffing on the glowing piece of matter is a sight to behold.

"Little Caesar," as he is known to the boys, always seems to have a witty remark or a joke handy when the occasion warrants. Without him, life for the A.S.T.R.P. boys would be dull, drab, and monotonous.

It is rumored that Sergeant Rosecilli purchased another car. Let's wish him all the luck possible with this one. We haven't as yet seen the "Flying Meteor's" equal.

BASTILLE NEWS

By S. N. Niles

Many Army comic stage plays were re-enacted in the "North Wing" during the issuing of the O. O.'s. For one example Charlie Ahern didn't have one piece of equipment that fitted and he looked something like a sausage with the winter underwear on. Bascio and LeBlanc looked pretty good with those two gals from Hollywood, Calif. The only story is that the Middlebury romeos had more on the ball than they did.

Why is it Wilson always picks Friday nights to take out his girl. His roommates get pretty tired telling the C.Q. to wait a few minutes before he makes bed-check.

Belanger and Hartford had a lovely time in Portsmouth last week-end.

Banks is getting jealous because Shaw is spending more of his time in front of the mirror. Don't quibble boys, beauty is only skin deep.

Woodworth does alright for himself. He's been in the Air Corps only 2 months and already he's an Aviation Cadet. You can do it too fellows, just buy the badges, he did.

C. J. Long and King have a happy time after bed-check; could it be the new inner spring mattresses, or is it the ...?

Our dear friend Kent, and those big black cigars he smokes, cause a sensation with his room-mates. Since he started smoking them, they haven't been bothered by moths, ants, flies or spiders.

Our one ambition is to see Creasey run the six miles without stopping 4 or 5 times for air.

Pop Issenburg and Sonny Arsenault made a cute couple on the train the other week-end. A WAC wanted to know if they had to bring their father when they joined up.

Haraden has all the cows bepped up in back of the Bastille, from 6.30 to 7.30, every night that he's playing his trumpet.

Limberakis has tamed down since his good pal S.N.S. took him under his wing. The results show they both make good non-coms.

Larry Allen, famous war correspondents a survivor of some of the world's greatest sea battles, and a recently released war prisoner in Germany, has made the statement that the Nazis will fall by Christmas.

Summer Sports for Girls Successful

Tennis, Riding, Softball Enjoyed

The summer sport program for coeds started with a mass meeting at which time the sport schedule was organized and leaders appointed. Pat Van Ameringen '47 was recreation chairman. Her assistants were Millie George '46 chairman of softball, Lolly Hanson '46, of tennis and Bea Raymond '47 of Riding.

Riding was scheduled for Mondays and Thursdays. Despite the weather they rode on Thursday for three successive weeks. The program was successfully carried out and the original program will continue for the remainder of the semester.

Tennis, with the assistance of Professor Carpenter who generously gave his time to the club was planned for Wednesday evening and Friday afternoon. Here again the weather interfered as the terrific heat made even the most ardent tennis fans seek recreation requiring a little less exertion.

Now that cooler weather has returned it is expected that tennis will experience a revival of enthusiasm.

One of the first sports events of the year was the softball game between the freshmen and the upperclassmen after the picnic at Redstone.

Both fellows and girls have participated in bowling and ping-pong. Bowling tournaments have been held among the A.S.T.P. students, the A.S.T.R.P. students, the U. S. N. C., the U. V. M. girls and the U. V. M. boys. Remaining matches are scheduled to take place in the near future. Individual competition has also been keen with the announcement of the high totals for each month.

CENTER CHATTER

One platoon leader of the Center Wing was about to give the command to march his platoon to the left, but forgot the order. Trying once and failing, he replied, "Well, what is it; what do you say anyway?"

On Wednesday, Sept. 6 the members of the Bastille are to go on a hike with rifles. We shall soon see the results at Doctor Harwood's office. Mr. Post will probably see less members at Physical Ed. the next day.

Many fellows have been moving to new quarters in the Center Wing. This has often been accompanied by debating and questioning as to who should move.

There was one certain cadet nurse we did not see at the dance last Saturday night in the Waterman Building. We *wonder why*.

We hear of a lot of fellows, who enjoyed themselves very much at the fair in Essex Junction. Well, the fair is going to be in Rutland this week-end. We bet a lot of fellows will do it all over again.

Why is it Riley has taken such a new interest in singing? Could it be Al Proctor's new crush, whom he often sees in the lounge at night?

We notice one young fellow in B-5 has built up such an acquaintance with his physics lab. teacher, that it is rumored she was going to get him free passes to the fair. What influence!

Our company bugler Eastman is seen every Saturday hurrying down town to meet his date at precisely four o'clock. Let's find out who she is.

LAST BAND CONCERT TO BE HELD TUESDAY

The last band concert and campus sing of the summer term is scheduled for next Tuesday evening at 7.15 on the college green. A program of marches and selections will be played under the direction of Dr. Joseph E. Lechnyr and many old favorites are to be included among the songs. This pre-commencement concert will also include the ever popular "Cotton Babes" without which no U. V. M. concert would be complete.

On Wednesday evening the band will also play for a dress parade of the A.S.T.R.P. unit on the back campus.

Dorm Notes . . .

ROBERTS HOUSE

Miss Simpson paid an unexpected visit to Roberts House last Saturday morning and as a result the girls were busy cleaning over the week-end. Rooms are once again tidy and Bev Murray's and Milly Trachtenberg's room has been voted the most attractive in the house because of the neat redecorating job they did.

Anita Setton received a very cute thank you card from two Middlebury sailors she entertained Saturday night. Anita is doing a swell job as a hostess at the weekly Saturday night dances for the A.S.T.R.P.

Sunday afternoon Bea, Anita, Bev and Milly hiked to Howard Johnson's for dinner and on the way back Bev and Anita had to walk their bicycles because they couldn't make the hill. When they arrived at the house they were serenaded with the song "Don't You Cry When I'm Gone." The girls blush every time they hear the song now.

Kit Perry and Fran Dunbar were off for the mountains over the week-end and Barb Shaw and Betty Pierson visited Barb's parents at Stowe. Milly Nero went home to Barre to visit her parents. Last week-end Fran visited with Lieut. Bob Leach's parents at their summer home in New Boston, New Hampshire.

There's a race on between Bea Raymond and Milly Trachtenberg to bowl a September high score. Bea beat Milly's 101 score with a high of 105 and Milly is determined to top it.

ALLEN HOUSE

Shirley Harris had as a guest last week her cousin, Miss Nina Gamo.

Ann Davis went home to Rutland for a long week-end, which was a privilege granted to would-be nurses.

Kay McFeeters went to the State Republican convention in Montpelier last Wednesday with her father . . . but returned far from Dewey-eyed.

Alyse Hamilton went to Bristol Monday night to visit Zelva Flower '44, who begins teaching there this week.

Mary Greene was visited by her parents on Monday.

Dot Dougherty is back on campus to help A.S.T.R.P.'s learn their chemistry.

Jo Kafalas has been the boss of the bowling alley for the past week, the heroine of the pin boys, and the terror of wayward pool-shooters.

Allen House was represented on the famous week-end hike to Bolton and Mansfield Mts., by Millie George, who returned on Monday with six slices of bologna the only reminder of three days' outdoor living.

The male situation has become so acute that Marge Hale and Bobby McGeever, among others, have become bus boys in the cafeteria . . . very impressive in white starched jackets.

Miss Crowley and Betsey Doolin were guests-of-honor at an impromptu but quite hilarious farewell party Thursday night in which the whole house participated to wish them good luck and eat ice cream. Miss Crowley is to become a WAVE; Betsey is already a teacher at Newport Center.

Mrs. Johnson Has Guests

Dr. Virgie Myers Thomasset who was repatriated on the last trip of the *Gripsholm* after forty-four years in China has been the guest of Mrs. Wm. C. Johnson at Allen House.

Doctor Thompson was the head of hospitals in Amoy and Shanghai for many years, and more recently she has been a teacher of the American School in Shanghai. She has lived at various times in Amoy, Foochow, Lientsan, Mukden, Harbin and many other places in China and Siberia. For the last eight months before her return to the United States she was a prisoner of the Japanese.

DRESSER COTTAGE

Dresser Cottage was upset by the news that we had to move to "modern" Hall September 15. We will regret their not being at the Waterman cafeteria until after Christmas. Secretary Evans reminds us that everyone is busy studying for them and working on their term papers.

Barbara Sweetser spent the week-end before last in Montpelier with her parents. Betty Ann Scott was in Bennington, Vt., this week-end.

Visitors at Dresser Cottage in the last two weeks have been: Frank Viatara, Bob Hamlin and Harold Waters from Norwich, "Chuck" Mead from Yale, Lawrence Pierce from the U. S. Navy, Mrs. Cecil Suetsinger and Mrs. B. Griggs from Montpelier, Mrs. C. A. Briggs and Mrs. Howard Wright of New Haven, and Mr. and Mrs. R. M. Hubbard from Jeffersonville.

Mrs. Dresser entertained her family of Rouses Point over the week-end.

Dresser Cottage was well represented at Champlain Valley Fair last week as all of its occupants were there sometime during the week.

MISS SIMPSON SPEAKS

Miss Mary Jean Simpson, was the guest speaker at a State Conference of Congregational Women held at Vermont Junior College in Montpelier on Wednesday afternoon. Her topic was "The Organization of a United Council of Church Women of Vermont." This was a part of an effort to organize such a group of Protestant women in this state as a branch of a national organization of the same name.

Rhud Winifred Moore, 23, and Rex her shepherd dog, received sheepskins together from Mississippi Southern College.

UVM Grad Instructs French Navy

Official U. S. Navy Photo

Ensign Catherine Shalucha, U.V.M. '40, Teaches Navigation and Aerology To Petty Officers of French Navy in Pensacola, Florida

Ensign Shalucha Has Responsible Billet in WAVES; Was Active at UVM

"To join or not to join." That is the question which is in the minds of so many young women today. In the way of a possible solution, here is the story of a girl who *did* join and has made her career in the WAVES a model of success. Ens. Catherine Shalucha of Springfield, Vt.

Ensign Shalucha was enrolled in the Literary Scientific course at this University several years ago and received the Bachelor of Philosophy degree in 1940. During her four years at college, she was named to the Dean's List two years in succession, was a member of the Press Club, International Relations Club, Women's Glee Club and University Orchestra, and participated in W. A. A. activities.

After leaving U. V. M. Miss Shalucha held the position of French teacher at the Mechanic Academy, Mechanic Falls, Me., from September, 1940 until February, 1943 when she became a Junior Engineer at the Sperry Gyroscope Company in New York, N. Y. In November of 1943 she entered the Naval Reserve Midshipmen School at Northampton, Mass. After less than a year in the service, Ensign Shalucha has been given the job of instructor in navigation and aerology to several Chief Petty Officers of the French Navy, who are receiving their flight training at the Naval Training Center in Pensacola, Fla.

Working with Ensign Shalucha is Lieut. Marie Dapples of the WAVES who acts as liaison officer and interpreter for the Frenchmen. Because the course of instruction and interpretation is a job is one of tact and diplomacy for they must establish the proper relation between the Frenchmen and the Americans with whom they will be working here.

Along with giving the necessary information, Ensign Shalucha has the occasion to comply with many requests such as, "How do you say 'garter' or 'stockings' in English" when the officers wanted to buy the articles for their wives. In order to avoid long explanations, traditional French handwork gifts accompany their students to the local bank and Postoffice.

Ensign Shalucha is enjoying her work, but is a little nervous over the fact that it is the only position being handled by women officers.

When They Come Back—Let Them Be Proud of YOU

Nursing Faculty Adds Miss Dittig To Staff

On September 20, Miss Olive Dittig R. N., M. A., will arrive at the University of Vermont to become a member of the faculty of the Department of Nursing Education. She will be assistant to Miss Lucy Crabbe director of Nursing Education.

Miss Dittig is a graduate of Mount Claire Hospital School of Nursing and Teachers College, Columbia.

Third 1944 Commencement Held Sept. 13

UVM Has Planned Many Events for Incoming Freshmen

President and Deans To Address Students Before Registration

[illegible] at Preliminary Freshman [illegible] will be from October 2 to 8 [illegible] completed. All freshmen have [illegible]ed to report at 9:00 o'clock [illegible] 2 at the Gymnasium. Many [illegible] sophomores will already be on the [illegible] for Freshmen Camp which is to [illegible] September 29. Monday, Tuesday [illegible] Wednesday will be devoted to meet[illegible] conferences. These preliminary [illegible] are designated to acquaint the new [illegible] with all the conditions under [illegible] will be working and to instruct [illegible] them in the privileges and [illegible]nes of a student at the Uni[illegible].

[illegible] these Freshman Preliminary [illegible] Deans of the several colleges [illegible]ated hours and questions re[illegible] Curricula, Course, and other [illegible] college adjustment may be [illegible] with the Deans. All women [illegible] will meet with Miss Bayley, the [illegible] Dean of Women, in charge of [illegible] marching at 11:00 a.m. on

Schedule of Events

[illegible] Mills and the president of [illegible]ton will give the Address of [illegible] at 9:00 o'clock in the men's [illegible] at Monday, October 2 after [illegible] Freshmen will register in the [illegible] A Campus Sing under Stu[illegible]gement is planned at 7:30 in [illegible] entrance of the Waterman.
